methodological considerations in study of etiology of delinquency, 36722
methodological issues in etiological & epidemiological studies of depression, children & adolescents, 8542
misleading suggestion of alcohol dependency as predisposing factor for major depression, elderly, commentary reply, 40070
model of antecedents, gregarious drinking patterns, alcoholic adults, 22832
models of prolactin involvement, depression, 22593
molecular & genetic & biochemical findings, pathogenesis of Alzheimer's disease, 37168
multidimensional systems approach to theoretical explanation of causes & problems of drug & alcohol abuse, implications for treatment of probationers, 12231
nervous tension habits & family relationships & psychological characteristics & interpersonal interaction, similarities in development of disease or cause of death, medical students, 40 yr study, 19031
neurochemical etiology & treatment, eating disorders, literature review, 2076
neurodevelopment models of congenital risk for schizophrenia, 36637
neurodevelopmental etiology of schizophrenia, implications for impact of social class & marriage & fertility, 33170
neurological & genetic factors & toxic reactions, etiology of attention deficit hyperactivity disorder, children, 8981
neuropathology & genetic features & etiology & treatment of Alzheimer's disease & clinical & neuropathological differences from Pick's disease, literature review, 22970
neuropsychosocial theory of persistent criminality, forensic patients, implications for assessment & treatment, 22773
newspaper reports, outbreak & relapse of mass hysteria, elementary & junior high school students, conference presentation, 5330
occurrence & etiology & neurological aspects, prognosis of learning disabilities, 33399
oligogenic/exorphin model of idiopathic schizophrenia, 29528
organization & programs & goals of interdisciplinary collaborative research on etiology & treatment of alcohol dependence, 5503
orthomolecular genetic family background of nutritional or allergic pathology, etiology & treatment & prevention of physical & mental disorders, 11896
overview of biological & psychological theories of etiology, Capgras syndrome, 24 & 47 yr old males, 5254
pathogenesis of disorder, 38 yr old female with exacerbation of systemic lupus erythematosus presenting as organic depressive disorder with psychotic features, case report, 33547
pathogenesis of "nocturnal" & "diurnal" cerebral ischemic strokes, 35–69 yr olds with atherosclerosis &/or hypertensive disease, 19601
pathogenetic role vs cognitive perception of stressors, conceptualization of cardiovascular reactivity in development of hypertension, conference presentation, 30072
pathological self containment of emotions & etiology of cancer, female patients, 33478
positive vs negative symptoms in schizophrenia, literature review, implications for etiological models, 33216
possible chronic infections process of CNS, etiology of schizophrenia, 15800
pregnancy or birth complications & cerebral ventricular enlargement, etiology of schizophrenia, 11968
prevalence & associated disorders & etiology of mental retardation, literature review, 5546
prevalence & etiology of depressive conditions, elderly, 40076
prevalence of schizophrenia & milder syndromes, biological vs adoptive relatives of adoptees with schizophrenia, Denmark, conference presentation, 1623
progress in understanding etiology & pathophysiology of psychiatric disorders, development of new psychotropic drugs, 1950 to present, 34113
psychodynamics & etiology & therapy, anorexia nervosa, 33605
psychological & biological & cultural aspects & etiology of incest taboo, implications for nursing interventions with incestuous families, 33252
psychological factors, etiology of nausea & vomiting, pregnant females, literature review, 33586

psychological models of social support in etiology of physical disease, 12359
psychosocial factors & role of life events, pathogenesis of depression, 70–75 yr old chronic poststroke outpatients, 33461
psychosomatic aspects in etiology, bronchial asthma or urticaria or angioedema, 12418
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, 1553
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, replication, 1735
reproductive suppression & kin selection & parental manipulation, anorexia nervosa as adaptive reproductive strategy, females, literature review, 40522
retrovirus transposon hypothesis of etiology through genetic rearrangement, patients with functional psychoses, conference presentation, 1575
role in etiology & perpetuation of psychosomatic disorders, family, 2111
role of alcohol dependence as predisposing factor for major depression, elderly, commentary, 40145
role of norepinephrine & drug withdrawal in exacerbation of symptoms, psychiatric patients with vs without tardive dyskinesia, 40106
SES & mental illness, implications for resource distribution & alternative service strategies & economic & mental health policy, 8615
site of lesion vs reaction to disability, poststroke depression, rehabilitation inpatients, 29918
sociocultural & familial etiological factors & treatment model, bulimia & anorexia nervosa, female college freshmen, 9416
sociocultural & genetic & physiological & psychological etiologic explanations of alcoholism & treatment approaches, 27337
sociocultural analysis of bulimia epidemic, female college students, 37033
sources & nonorthogonal nature of risk factor correlations & methodological & data analytic procedures, application to research on high risk etiology of psychopathology & maladjustment, 36711
species specific neurophysiological & biochemical adaptations for language, pathogenesis of sudden infant death syndrome, literature review, 9140
specific components in etiology & assessment & treatment of sexual dysfunctions, males, 9104
sporadic vs familial classification, detection of etiological heterogeneity in schizophrenia & major depression, families, 26109
strategic & structural models of family therapy, explanation of etiology of psychogenic pain, 6040
stressful life experiences & external locus of control & emotional repression, cancer etiology, 25–75 yr olds with cancer, England, 12517
T-cell lymphotropic retroviruses, etiology, schizophrenic 20–47 yr olds, 29532
taxonomy of causes & meaning of self mutilation, implications for therapeutic approach, 1587
theoretical model of psychosocial factors & biological rhythm disturbances, assessment of etiology of depression, 11946
theories & treatment, vaginismus, 23102
theory of age incidence & season of birth in etiology of schizophrenia, 33110
theory of language paleodigms as formulation of ancient folk wisdom with causal explanation influencing behavior, etiology of psychiatric syndromes, 22472
theory on etiology & cure of schizophrenia, implications for medical hypnoanalysis, 33163
threatening experiences, panic disorder, 22–38 yr olds, 1703
tolerance & etiology & impact of arginine research in study of mechanisms of alcoholism, 5524
utility of Millon Behavioral Health Inventory vs self report measures, assessment of etiology, erectile dysfunction, 33–74 yr old males, 28104
2-threshold multifactorial model of familial transmission of schizophrenia & related schizoid & paranoid & psychotic disorders, psychiatric patients, conference presentation, 8589
5-azacytidine treated lymphocyte cultures & human retrovirus, schizophrenic 20–47 yr olds, 34021

Etymology
ambivalence toward women in etymological development of Chinese characters, implications for feminism, 21844

Eugenics
euthanasia & policy making, mentally retarded, commentary reply, 33409
euthanasia & social policy, mentally retarded, commentary, 33407
euthanasia & social policy, mentally retarded, commentary, 33431

Euphoria
ECT, organic euphoric state vs mania side effects & their diagnosis, 22–57 yr olds with endogenous depression, case reports, 2178
phenylpropanolamine dosages, subjective stimulant or euphorigenic effects, 18–55 yr olds with varying degrees of obesity, 28928

Europe [See Also Austria, Belgium, Bulgaria, Czechoslovakia, East Germany, Eastern Europe, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Netherlands, Poland, Portugal, Romania, Scandinavia, Spain, Switzerland, Union of Soviet Socialist Republics, United Kingdom, West Germany, Western Europe, Yugoslavia]
activities of International Psychoanalytical Association during WWII, Europe, conference presentation, 24528
attitudes toward imported products from & marketing practices of US vs England vs France vs West Germany, consumers, Finland, 24459
classification of depression, Europe vs US, conference presentation, 19189
contraception methods & use, 15–44 yr old females, Italy vs France vs Great Britain vs Spain vs West Germany, 25817
cross cultural differences, symptomatology, schizophrenic 20-60 yr olds, Libya vs Malta, 22591
depiction of male homosexuality in court records & ideological writing, Renaissance & Enlightenment Europe, commentary, 29301
development of hospital play programs, Europe, 2793
diagnostic concepts & age of onset & change of symptoms & aging & treatment & study methodology, assessment of course & outcome of schizophrenia, Europe, literature review of followup studies, 29489
differences in educational & vocational guidance services, 14–25 yr olds, 10 European countries, 3342
economic instability & unemployment, health & social policy, Europe, 24299
European educational tradition of home & community, implications for American education, 38177
incidence of suicide, 70 member states of World Health Organization, 1972–84, 8767
psychological literature published in socialist countries, Europe, annotated bibliography, 28001
regional needs & sociocultural traditions, emergence of service model of guidance & counseling, Marxist-socialist Eastern European countries, 2730
Socratic love & Thomistic sodomy & homosexuality, 18th century, Europe, 29290
suicide & unemployment, male vs female adults, 1974–85, British Isles & European Economic Community, 8837
unemployment, mental health, US & Europe, 24288

Eustachian Tube [See Middle Ear]

Euthanasia
attitudes toward euthanasia for severely demented geriatric patients, health care professionals in acute & chronic institutional settings, Sweden, 13162
demographics & religious & social attitudes, attitudes toward euthanasia, Black vs White adults, conference presentation, 11840

ethical & legal considerations & proposed law allowing euthanasia in defined circumstances, AIDS patients, Netherlands, 26623
ethics of euthanasia for AIDS patients, 11671
euthanasia & policy making, mentally retarded, commentary reply, 33409
euthanasia & social policy, mentally retarded, 33410
euthanasia & social policy, mentally retarded, commentary, 33407
euthanasia & social policy, mentally retarded, commentary, 33431
historical basis & ethical constructs for battlefield euthanasia decision making, military physicians, conference presentation, 3056
introversion & depression & relation to presuicidal syndromes & euthanasia, elderly, 5382
passive euthanasia as form of aggressiveness in response to suicide attempt, relatives & friends of 18–81 yr old suicide attempters, Sweden, 40597
patient information & consent, euthanasia in palliative care, 33742
right to life sustaining medical care & treatment, mentally retarded children, 27084
role in care of dying patients & practice of euthanasia, health care professionals, 34497
theoretical & ethical perspectives on family caregiving & euthanasia, female with Alzheimer's disease & osteoporosis, 34154
Evaluation [See Also Course Evaluation, Educational Program Evaluation, Mental Health Program Evaluation, Needs Assessment, Peer Evaluation, Personnel Evaluation, Program Evaluation, Self Evaluation, Teacher Effectiveness Evaluation, Treatment Effectiveness Evaluation]
belief that outputs would be pooled or evaluated, performance, college students asked to generate as many vs most creative uses possible for object, 15417
changes & issues in vocational evaluation profession, 13208
coding system, assessment of level of personality development, gifted children & adults, 32513
community based forensic evaluation services, outpatients, 6 yr study, 37944
competency to stand trial, referred vs nonreferred 16–71 yr old criminal defendants, 33238
demographics & referral patterns & diagnoses, evaluation of hospital consultation–liaison psychiatry service, 14–88 yr old patients, 1984–85, 10 yr followup, 9762
development of comprehensive child custody evaluation protocol, 29278
development of numerical taxonomy of evaluation theory vs practice, evaluation theorists, 31542
evaluation & assessment of stress factors, stress management, patients at Maudsley Stress Clinic, 9729
evaluation & perceived recall of personality theories, 18–49 yr old college students in personality course, 6759
evaluation of computer program variations, speed & accuracy of word recognition, reading disabled 9.2–12.7 yr olds, 17253
evaluation of peer nomination technique, determination of social behavior & peer & self perceptions, sociometrically neglected vs rejected school age children, implications for at risk children, 29167
evaluation of quality & usefulness of longitudinal studies, 3529
evaluation of software packages for computer run experiments without programing requirements, conference presentation, 7027
evaluation of spatial allocation, elementary/middle schools, conference presentation, 20427
evaluation of use of inflatable fort, severely or profoundly mentally handicapped adults, 8929
expectations about grief, evaluation of functioning & interpersonal attractiveness of griever, college students, 25933
factorial validity of McCarron Dial Work Evaluation System, neuropsychologically disabled 16–54 yr olds, 10570
gap analysis of provider vs client perspectives on evaluation of professional service quality, primary care physicians & their patients, 34143
generation of knowledge & promotion of action intended to improve quality of life, postoccupancy evaluations of designed environments & participatory collaboration, 27978
group evaluation, social loafing, college students, theoretical implications, 32784
image size in interactive TV, evaluation of interaction, male college students, Netherlands, 11764
judgmental rating methods & competencies in vocational evaluation, southeastern region vs broader sample of vocational evaluation personnel, 16933
model of group problem solving behavior & evaluation of effectiveness of quality circle programs, 6888
monitoring of co-active learning, social group work students, 23868
perceived accuracy of personal vs general Mind Prober computer generated personality profile, college students, 5019
personality characteristics, evaluation of group leaders & experience, group leaders & members, 1366
physician patient interaction via audio vs typed transcript telephone communication, evaluation of physician's vocal & verbal behavior, male vs female college students, 20060
placebo trials as forensic evaluation procedure, differential diagnosis of malingering, males accused of committing sex crimes & assault & homicide, 32720
prediction of individual from group & group from individual evaluations, college students, 15413
prototypicality of leader's described behavior, rating of leader's behavior & traits, college students, 11738
retrospective evaluation of competency to stand trial, defendants & legal personnel, 11659
sampling artifact in University Grants Committee evaluation of research performance, England, 31711
schema congruity vs incongruity between products, product evaluations, adults, 41557
scientific tradition vs systems vs naturalistic methods for evaluation of corporate culture development, middle managers in global change training programs, UK, 10390
self awareness & evaluation apprehension, anxiety in counselor training process, college students in role of counselor trainees, 27417
shifts in human service intervention procedures, evaluation problems, social workers, 2744
systemic vs psychological evidence, vocational rehabilitation recommendations, 22–42 yr old vocational evaluators, 30781
team evaluation of Comprehensive Assessment Program: Achievement Series, counselors & curriculum specialists & special program staff & students, application for adoption vs rejection recommendations, 34829
time efficient ongoing reinforcer assessment package, maladaptive behaviors, autistic male 4–5.1 yr olds, 37441
training & evaluation of Gestalt therapy skills, 41132
use of Assessment of Occupational Functioning & standardized tests, occupational therapy patient evaluations, 28 yr old female with anxiety disorder, 35204
validation & utilization of resource utilization group classification system, assessment of long term nursing care needs, 30573
validity of role play as method of skill assessment, counselors, 37978
varied superstructure & substructure of value trees & weighting method, multiattribute evaluations of alternative waste disposal sites, college students, conference presentation, 31703
visual evaluation checklists, performance feedback, 3348
Evaluation (Treatment Effectiveness) [See Treatment Effectiveness Evaluation]
Evangelists
issues in family therapy, evangelical Christian families, 12736
Evoked Potentials [See Also Auditory Evoked Potentials, Cortical Evoked Potentials, Olfactory Evoked Potentials,

Somatosensory Evoked Potentials, Visual Evoked Potentials]
age & contingent negative variation & P300 component of late slow potentials, cognitive impairment, conference presentation, 40350
age & sex, EPs, schizophrenic vs major depressive vs nonpatient 16–57 yr olds, 5235
alternative context closure hypothesis of P3 EPs & working memory, commentaries & reply included, 21564
amoxapine vs imipramine, EP topographic mapping during continuous performance test, patients with major depressive disorder, 34001
basic statistical parameters in EPs, 18120
co-dergocrine mesylate therapy, latency of P-300 component of auditory EPs, 74–93 yr olds with senile dementia, 33998
computer framework for definition of EP paradigms, conference presentation, 35605
continuous digit discrimination task, P3 EPs & recovery time to targets vs nontargets & parietal lobe functioning, 22–60 yr old male psychopathic vs nonpsychopathic inmates, 5454
differentiation of behavioral & neural short vs long latency CRs, cats, 7663
digitally controlled low pass filter block, EEG & EMG & EP recording of biosignals, 21557
EKG & EEG measurement of heart & brain potentials in utero, fetus, reprint of D. B. Lindsley's 1942 article, 4563
EPs, tracking of decision making in sentence comprehension, college students, 35595
fenfluramine, EEG & brain stem EPs, autistic 69–181 mo olds, 9565
functional characteristics & evoked activity of taste neurons in nucleus tractus solitarii, chronic decerebrated rats, 4288
gustatory & tactile & thermal stimulation of oral cavity, extracellular action potentials in ventroposteromedial nucleus of thalamus, monkeys, 25070
hypotheses on information processing functions & endogenous & P300 components of EPs, commentaries & reply included, 21502
intrahippocampal injection, elimination of granular cells & EPs & deterioration of conditioned avoidance reflex, male rats, 35760
MAO activity & EP augmenting/reducing, risk of depression, male college students, 40110
measures of average EPs during visual inspection task, inspection time estimates, 15–47 yr olds, 35640
paradoxical sleep deprivation, neuronal excitability measured by EPs in CA1 region & fascia dentata, male rats, 25126
sensory EPs, assessment of neurotoxicity, rats, conference presentation, 21781
sex, pattern reversal EPs, 65–71 yr olds, 620
sleep deprivation & continuous wakefulness, EPs & performance on tracking task, 18–25 yr old college students, 35703
subliminal stimulus, long term memory & EPs, adults, conference presentation, 18196
threshold regulation, EEG synchronization & EP components, 11020
threshold regulation, EEG synchronization & EP components, commentary, 11016
threshold regulation, EEG synchronization & EP components, commentary, 11044
time estimation, crossover effect & EPs, schizophrenic or alcoholic patients, 1488
topographic EPs during backward masking task, patients with schizophrenia vs affective disorders, 26144
topographic wave components model of EP, 25062
transcutaneous nerve stimulation, threhsold & EPs & pain during dental treatment, adults, conference presentation, 20089
variability in EPs due to sex & age & other effects, implications for methodology in schizophrenia research, 33080
voltage vs current clamp recordings of taste cell receptor responses to sucrose vs sodium chloride, mice, 7688
Evolution (Theory of) [See Theory of Evolution]
Exceptional Children (Gifted) [See Gifted]
Exceptional Children (Handicapped) [See Handicapped]
Excretion [See Also Defecation, Urination]
estrone vs estradiol vs progesterone excretion in urine & defecation following injection, female cotton top tamarins, 35921
Executives [See Top Level Managers]
Exercise [See Also Aerobic Exercise, Yoga]
active arm exercise, peripheral vision & learning & physiological processes, 9–12 yr olds with spina bifida, 33570
aerobic exercise vs strength & flexibility training, cardiorespiratory fitness & mental health, Type A 31–59 yr old males, 16288
aerobic exercise vs strength & flexibility training, coronary prone behavior & cardiovascular responses, Type A males, 14749
aerobic vs nonaerobic exercise programs, patients with anxiety disorders, 37236
aerobic vs weight training vs cognitive behavioral stress management programs, heart rate & BP during mental task stress, 21–57 yr old Type A male managers, Canada, 3399
age & fitness level & aerobic vs anaerobic exercise training, RT in memory search task, 30–58 yr old males, 6989
anticipation of handgrip exercise in real vs sham handgrip test, circulatory reactions, 19–20 yr old males, conference presentation, 7734
anxiety vs nonanxiety words & relaxation vs exercise, memory & mood & heart rate & skin conductance, 22–58 yr olds with panic disorder, application of information processing theory of fear, 36652
arm ergometry training, physiological & perceptual responses at ventilatory threshold & peak exercise capacity, females, 35244
arousal from exercise, mathematics performance, college students, 25106
attitudes toward nutrition & exercise & physical fitness & relation to mental health recommendations to clients, psychologists practicing psychotherapy, 23819
attitudes toward weightlifting, interest in & adherence to weightlifting exercise program, college students, implications for subjective expected utility theory, 3488
body concepts & psychosomatic health & Type A behavior, adults who play squash vs those who do not exercise regularly, 38542
body satisfaction & disordered eating & exercise, heterosexual vs homosexual males, 40500
child & familial body weight, subjective ratings of sweetness & fatness & exercise workloads, 8–12 yr olds, 39617
contingent exercise program, overt hallucinatory behavior, 60 yr old male with chronic schizophrenia, case report, 12773
continuous dance exercise & sleep deprivation, RT task, 17–18 yr olds, 4265
cost effectiveness & benefits of exercise centered wellness initiatives, employees, 41476
counseling & fitness program with transpersonal emphasis, potential secondary school dropouts, 41359
depression & anxiety & mood, exercise tolerance, patients with angina, 1978
E & self monitoring, perceived exertion during exercise, male vs female college students, 17489
Eating Attitudes Test & Eating Disorders Inventory scores & exercise habits, menstrual dysfunction, adolescent & adult lean female marathon runners vs ballet dancers vs fashion models, 19605
emotional & cognitive factors, intention to exercise after giving birth, pregnant females, Canada, 1444
environmental cue enhancement, adherence to & benefit from relaxation & exercise gymnastics, adult females with acute neck & shoulder pain, 9281
epinephrine infusion vs bicycle exercise, myocardial oxygen consumption & ischemia, coronary artery disease patients, 16239
exercise & changes in mood, physiological responses, pregnant vs nonpregnant females, England, 35687
exercise & massage & positive mood enhancement, college students, 21624

exercise & physical fitness programs, benefits to employee & organization & stress management, business organizations, 10387
exercise & rest, state anxiety & BP, 25–60 yr olds, 7740
exercise & self perceived fitness & hardiness & stress, college students, 32898
exercise before vs after meal, energy expenditure, lean physically active adult females, implications for weight control, 39134
exercise, cardiac activity & self reported arousal, adult males, 14729
exercise, cardiovascular fitness & flexibility & strength, 64 yr old & older chronically ill veterans, 4 mo followup, 37241
exercise, coding performance, elderly vs younger adults, 32450
exercise, EEG changes accompanying CNS activation changes, 18–33 yr olds, conference presentation, 18175
exercise induced arousal, visual detection performance, 8 vs 11 yr olds vs adults, implications for feature integration theory, 15025
exercise induced physiological arousal, effect of endorser status on brand attitudes, college students, 20962
exercise, mediation of stress induced health deterioration, female 7th & 8th graders, 15019
exercise, menstrual disorders & PMS & menopausal symptoms, 30160
exercise, plasma norepinephrine, anorexic vs bulimic female patients, 33157
exercise program & diet & nutrition counseling, obese prepubertal children, 16491
exercise program, organizational attitudes & perceptions of job performance & stress & health & self esteem under shipboard conditions, male Navy & Marine Corps personnel, 3464
exercise programs, physiological & psychological & social benefits, elderly, 18733
exercise related cognitions & intentions & feelings & self schemata, self reported exercise behavior, college students, 11820
exercise training, smoking cessation after acute myocardial infarction, adult males, 23777
exercise with self vs external focus, physiological & psychological responses, male vs female college students, 7748
factors affecting participation in exercise program, health benefits, 55–84 yr olds, 39709
gender & physical power & involvement in physical activity or sports & social power, implications for social theory, 39960
group cohesion, individual adherence in fitness classes vs recreational vs elite team sports, former & present participants, 13977
health & sports participation, 16–65 yr olds & older, 27993
health locus of control, physical activity participation patterns, college students, 32847
high vs low physiological arousal via cycling exercise, illusory correlation effect on stereotypic description of people in different occupations, college students, 11095
historical perspective on social & physical expectations & exercise prescriptions for different life phases, females, 25820
hot vs cold environment & rest vs exercise, physiological & psychological responses to clothing fibers, adults, 35675
imaginal exposure treatment &/vs acute exercise, persons with public speaking anxiety, Canada, 2434
importance of knowledge of benefits & risks in prescribing exercise to clients & legal & ethical issues, psychologists, implications for individual therapists, 30872
injection site & massage & muscular exercise, fluphenazine absorption, chronic schizophrenic patients, 20013
insulin & exercise & diet, behavioral thermoregulation, albino rats, 35730
intensive & incremental exercise training, physical & mental health, adult patients with stenocardia, USSR, 26707
isometric handgrip & treadmill exercises, BP & heart rate, anorexic vs bulimic 14–25 yr old females, 5623
jogging & exercise sessions, talking out & out of seat behaviors, behaviorally disordered 7–10 yr old students, 6800
labeling as bodybuilder, perception of sex related characteristics & success in life & personality traits & physical attractiveness of females, college students, 17490
learning theory & initiation & maintenance of exercise, implications for clinical intervention, 3489
level of distraction, mood & perceived exertion & physical symptoms & timed riding tolerance during exercise, female college students, 39150
locus of control & fitness values & success expectations, performance in fitness class, 18–24 yr old female college students, 6727
long &/vs short term vs no specific goal, physical endurance performance, 4th–6th graders, 11361
M. Fishbein & I. Ajzen's vs Triandis's attitudinal models, prediction of intention to exercise & specific exercise selection, 22–65 yr olds, 21326
mental arithmetic vs video game vs upper vs lower body exercise tasks, heart rate & oxygen consumption & BP, 16–28 yr old males, Great Britain, 7745
methodological issues in attribution emotion research in sport & exercise, 41567
Minnesota Arthritis Training Program, self management through education & exercise, patients with rheumatoid arthritis, 13209
model of exercise, self esteem enhancement, 40588
music enhanced exercise programs, geriatric nursing home residents, 6462
mutual exacerbation of strenuous exercise & restricted caloric intake, anorexic persons, 12381
neuroendocrine responses to strenuous exercise, Type A vs Type B adults, 35676
noise &/vs physical exercise, temporary hearing threshold shifts & heart rate & blood pressure, smoking vs nonsmoking 16–20 yr old males, 704
participation in exercise & sports, 20 to over 75 yr old males vs females, 31498
personal incentives & self perception & goals, prediction of present & future exercise behavior, 50–81 yr olds, 8174
personal incentives for exercise & self perception & congruency between exercise program & self goals, prediction of life satisfaction, 50–81 yr olds, test of personal investment theory, 29428
phase of Tai Chi & experience & time of day, heart rate & urinary excretion of catecholamines & serotonin & cortisol concentration in saliva & mood states, 16–75 yr olds, Australia, 39154
physical activity & weight discrepancies & body cathexis & well being, female college students, 25112
physical activity level & chronic vs acute exercise, heart rate & cognitive & somatic state anxiety responses to psychosocial stressor, 18–27 yr old females, 21609
physical activity, mental health, elderly, 40575
physical activity program, psychological & physical fitness, 50–64 yr olds, 25110
physical activity program vs educational support group, smoking relapse, adult females who had completed smoking cessation program, 6552
physical activity while working, efficiency & well being, office workers, 13846
physical exercise, cognitive abilities, elderly, 32562
physical exercise, depression & anxiety & self concept & aerobic capacity, alcoholic adult inpatients, 16984
postural change with mental arithmetic & isometric handgrip tasks, BP & heart rate & skin conduction, adult males, implications for management of orthostatic hypotension, 7723
predictive validity of Commitment to Physical Activity Scale, assessment of commitment & actual participation relationship, college students, 21081
preoperative physical exercise, locomotor balance compensation after subsequent unilateral labyrinthectomy, squirrel monkeys, 35707
progressively increasing exercise levels with vs without po beta-adrenergic agonist pindolol, food intake & body

weight & urinary epinephrine & norepinephrine, male rats, 4375
propranolol &/vs exercise, lymphocyte beta adrenoceptor density & binding & heart rate & BP & catecholamines, male 26–52 yr olds with essential hypertension, conference presentation, 37544
range of motion dance program vs traditional home exercise & rest, self reports of compliance & body image & joint range, ambulatory adults with rheumatoid arthritis, 4 mo followup, 2235
repeated maximal & submaximal exercise & sleep deprivation, perceived exertion & fatigue & mood, Marine Corps volunteers, 35720
running or weightlifting, self concept, clinically depressed 18–35 yr old females, 1 & 7 & 12 mo followup, 26142
salience of exercise value & degree of attitude behavior inconsistency & dissatisfaction with current behavior, confrontation induced change in physical exercise behavior, college students, 10499
short term high vs low intensity physical exercise, mood, female medical students, replication, 28694
single vs added purpose jumping activities, perceived exertion & heart rate & activity level & duration, 18–31 yr old females, extension & replication of occupational therapy research, 24705
social factors & characteristics of intensity controlled dance exercise class, exercise adherence, moderately overweight 35–58 yr old females, 5864
stability of systolic BP reactivity to exercise, 3–4 yr olds, 1 wk & 6 mo followup, implications for hypertension research, 21907
structured exercise & recreation, nursing home patients with Alzheimer's disease with propensity to wander, 20192
systematic physical fitness programs, cardiovascular endurance & flexibility & body composition & muscular endurance & strength, mentally retarded 20–39 yr olds in sheltered workshops, 9851
team cohesion, group resistance to disruption, elite vs recreational sport vs fitness class participants, 13973
theories & process evaluation model of exercise adherence, elderly, 32568
training in controlled breathing, physical exercise & hyperventilation induced asthma attacks, 20 yr old male, case report, 26900
type & frequency & duration of leisure physical activity during 1st 20 wks of pregnancy, risk of hypertension, adult females with pre-eclampsia or gestational diabetes, 40457
Type A vs Type B behavior, psychophysiological responses to exercise stress, college students, 39153
whole body & eye exercises & massage, correction of adverse psychophysiological state due to constant & intensive visual work strain, female 18–34 yr old factory workers, 20854
5-HT agonist, physical exercise effects on food consumption, rats, 39261
Exhaustion [See Fatigue]
Exhibitionism
dream content, revelation of psychodynamics of exhibitionism, 1769
exhibitionistic perversion, 32 yr old male with spinal cord injury & complete paraplegia & erectile dysfunction & anorgasmia, case report, 33498
lack of concomitant exhibitionism or other sexually deviant behaviors, 23–29 yr old males charged with making obscene telephone calls, 8778
naturalistic behavior of male genital exposure, female victims of indecent exposure, 12110
response facilitation, test of theory of compulsive sexuality as function of interrupted or frustrated approach behavior, males with exhibitionism or peeping behavior, 26904
sex role identity & sexual & criminal history, male exhibitionists, Canada, 1812
treatment & client characteristics, exhibitionistic or voyeuristic clients, 30150
Existential Therapy
existential factors & psychotherapeutic techniques, patients with personality disorders, 9362
existential psychotherapeutic approach, patients with personality disorders, 23219
Existentialism
bad faith & existential psychoanalysis & psychopathology in J. P. Sartre's "Being and Nothingness", 35974
behaviorism & existentialism, 3527
biological explanations & medical cures vs cultural failure & existential malaise, cultural defense mechanisms in explanation & treatment of substance abuse, adolescents, 5510
contrasting views of consciousness held by existential vs cognitive psychology, 17529
current status & future challenges for daseinsanalysis, 16347
daseinsanalytic analysis of Freud's Irma dream, 16346
daseinsanalytic approach, patients with narcissistic neurosis, 16374
daseinsanalytic psychology & psychotherapy, annotated bibliography, 16349
existential & spiritual concerns expressed during funeral prearrangements including stigmatization & homophobia & fear & grief, homosexual males with AIDS, 26629
existential concepts as guidelines for cross cultural counseling, 9749
existential factors & psychotherapeutic techniques, patients with personality disorders, 9362
existential fundamentals of daseinsanalytic approach to psychology & psychoanalysis & psychotherapy, 16348
existential meaning in & current state of daseinsanalysis, 16335
existentialism & M. Heidegger's philosophy & daseinsanalytic psychotherapy, 16345
Freudian vs Jungian vs existential theories of unconscious processes that shape experience of dying, 35054
interpersonal diagnosis model & visions of reality underlying psychotherapeutic schools, 26755
phenomenological/existential concepts of prejudice & personal project in adult development & creativity & giftedness, 966
phenomenology & existentialism, Alcoholics Anonymous, 30824
religious intrinsicness vs interactional orientation, confrontation of existential problems, college students, commentary included, 22441
representation of humanistic or existential or phenomenological psychology in introductory textbooks, 27539
significance of life history in orthodox psychoanalysis vs daseinsanalysis, patients, 16363
Skinnerian vs Piagetian vs existential phenomenological approaches to poetic or artistic or aesthetic experience & behavior, 28022
training & research programs at Daseinsanalytic Institute for Psychotherapy & Psychosomatics, Switzerland, 17027
translated selections from M. Heidegger's notes & commentary by M. Boss on daseinsanalysis, 16362
typology of existential humanistic psychologies, 35050
Exogamous Marriage [See Also Interfaith Marriage, Interracial Marriage]
communication in dual culture marriages, implications for need for intercultural terminology, 22210
judgments of causes & stability of interethnic vs intraethnic marriage, 18–70 yr olds, Israel, 22168
marriage to Jews vs non-Jews & role of family psychodynamics & Jewish identity, adult offspring of Holocaust survivors, 22201
parental consanguinity, intelligence, 6–8 yr olds, 7992
Expectant Fathers
anxiety & depression, expectant mothers vs fathers who had experienced perinatal loss during previous 2 yrs, conference presentation, 12074
exposure to fetal imaging, state anxiety & stress, expectant fathers, 23488
fetal attachment at 24–34 wks gestation, low risk vs hospitalized high risk females vs their mates, 5725
locus of control, expectant wives vs husbands, 29236

nursing research on expectant fatherhood, literature review, 2620
pregnancy & postpartum periods, perception of general health status, 19–67 yr old fathers, 39764
psychoanalytic interpretation of dreams, expectant fathers, 18810
psychological aspects of ultrasound imaging during pregnancy, expectant mothers & fathers, 20097
Expectant Mothers
anxiety & depression, expectant mothers vs fathers who had experienced perinatal loss during previous 2 yrs, conference presentation, 12074
cigarette smoking & alcohol consumption during pregnancy, fetal morbidity, 17–41 yr old females & their spouses, Denmark, 15958
fetal attachment at 24–34 wks gestation, low risk vs hospitalized high risk females vs their mates, 5725
hospital or community based antenatal classes, knowledge & anxiety & confidence, primiparous females, 37631
locus of control, expectant wives vs husbands, 29236
psychological aspects of ultrasound imaging during pregnancy, expectant mothers & fathers, 20097
self reported alcohol consumption & abuse prior to recognition of pregnancy, spontaneous abortion & lowered birth weight & other adverse pregnancy outcomes, obstetric patients & their infants, 26355
self reported reasons for delayed care, prenatal patients seeking care in 3rd trimester of pregnancy, 40877
social impact & cultural meaning of amniocentesis, genetic technicians & counselors & patients, 20081
stage of pregnancy, concern for learning infant care, 18–35 yr old primiparas, 4824
Expectant Parents [See Also Expectant Fathers, Expectant Mothers]
attitudes & knowledge, dissatisfaction with medical communications & noncompliance with advice & instructions, 1st time expectant parents, England, 34183
development & reliability & validity of Transition to Parenthood Concerns Scale, assessment of learning needs & concerns, expectant parents in last trimester, 24602
knowledge of fetal sex & fetal attachment, expectant couples, 22220
perceived importance & expectations of antepartum & partum & postpartum care, expectant parents, Canada, 37652
pregnancy, emotional & physical symptoms, expectant females vs their spouses, 32632
psychological aspects of pregnancy & technology & role of health professional, expectant parents, 37603
Expectations [See Also Experimenter Expectations, Role Expectations, Teacher Expectations]
achievement motives, causal attributions & affects & expectancy for success or failure, male vs female college students in competitive situation, Japan, 32828
aerobic exercise program & expectations, mood, adults, 13996
affective expectations of cartoon, perceived stimulus value & humor, female college students, 25969
age & work experience, expectations of effective male vs female leadership, 19–53 yr old females, 8308
age, expectancies & desire for control over health, 18–91 yr old healthy residents & patients, 2126
alcohol & expectancy & state trait self focus, complex RT, social drinking males, 4933
alcohol conditioning & expectancy, visuomotor integration task performance, adult males, 920
alcohol consumption, expectancy of satisfactory alternative behaviors to drinking, college students, 39888
alcohol expectancies, drinking behavior, adults, 4923
alcohol expectancy, drinking habits & frequency of physical aggression, male college students, 39889
alcohol expectations, prediction of drinking patterns, theoretical & methodological implications, 29330
alcohol related expectancies & personality, prediction of habitual alcohol consumption, college students, Great Britain, 15932
alcohol related expectancies for social assertion, prediction of alcohol drinking patterns, high vs low assertive male vs female college students, 39890
alcohol related expectations for affective states, college students, 11718
anticipated interaction instructions, memory for & organization of social information, college students, 25869
anticipation of future encounter, question asking of same vs opposite sex partner on first meeting, college students, 1353
anticipation of handgrip exercise in real vs sham handgrip test, circulatory reactions, 19–20 yr old males, conference presentation, 7734
anticipation of immediate vs final consequences of positive vs negative vs ambiguous affiliation vs achievement life events, depressed vs nondepressed college students, 8619
application of subjectively expected utility model, transgressive decision making & inaction, commentary, 35347
attitudes toward & expectations about & intentions of breast feeding before birth & subsequent experience following birth, 19–38 yr old 1st time mothers, France, longitudinal study, 32669
attribution of academic failure of target to low ability vs effort & outcome expectations, perceived willingness of target's peer to help, college students, India, 18922
audiotaped examples of successful vs unsuccessful public speaking performance, reduction of anticipatory public speaking anxiety, college students, 23962
aurally presented violation vs fulfillment of melodic expectancy, melodic perception, college trained musicians, 10770
behavioral descriptions of college fraternities with vs without additional behavioral presentation, formation of expectancy congruent impressions, college students, 25888
beverage temperature & expectations, liking ratings of various beverages, college students, 21208
bronchodilation vs bronchoconstriction suggestion, respiratory resistance, nonasthmatic female college students, 28700
catch trial occurrence & foreperiod variation to minimize expectancy, RT & movement time, 1st–5th graders, 39557
category based & target based expectancy information & actor's behavioral freedom, behavior attributions, college students, 36434
causal attributions & expectancies & affect & past frequency of occurrence of important vs unimportant negative social situations, male vs female 5th graders, 39673
causal attributions & success expectancies & sex, level of persistence in premed programs, college students, 27643
causal orientation & perceived competence, expectation & persistence & performance of balancing task & attribution of causal dimension, college students, 35405
character expectations, formation of interpersonal impressions, college students, 1410
client expectations about counseling, 17–79 yr olds, Mexico, implications for cross cultural research, 37752
clinical competence expectations, residents in psychiatry & faculty, 13400
clinical utility of alcohol expectancies, alcohol patients, implications for assessment & intervention, 15915
collaborative development of contract defining expectations, organizational development consultants & their clients, 20880
communication apprehension & anticipated interaction, recall of lecture material, college students, 20538
conceptions of trust in context of social expectations, 1st vs 3rd vs 5th graders, 8114
conjoint expected risk function, measurement & prediction of perceived riskiness of choice alternatives using individual difference parameters, college students & high school teachers, 35372
conjoint measurement approach, assessment of expectancy theory based models, college students, 1345
contextual expectancies & behavioral cues for perceived stress state of communicator, deception detection, college students, Japan, 29366

desired level of intimacy & actual level of intimacy & marital adjustment, 20–71 yr old spouses, 29219
discrimination conditioning using flavor cues & consequences, acquisition of flavor-consequence expectancy & conditioned preference, male rats, 7528
drinking outcome expectancies, alcoholic males during relapse situations, 12220
economic news release reports by "CBS Evening News" vs "The Wall Street Journal" vs "Washington Post", economic expectations, college students, 25336
educational & curriculum expectations & program planning preferences, parents of gifted preschoolers, 34721
enhancement expectancy, performance aspirations & minimal goals statements, college students, 29387
ethnicity & foreignness & language used & religiosity, family values & transition to adulthood & independent living expectations, high school students, 29029
expectancies, prediction of self reported drinking onset & drinking behavior, 7th–8th graders, 1 yr followup, prevention implications, 25569
expectancy & alcohol doses, blood alcohol level & attention RT & self rated intoxication, social drinkers, 11304
expectancy & gratification seeking orientations, intention & exposure levels in TV news viewing, college students, 4517
expectancy & task value ratings, achievement behavior in physical education skills classes, college students, 31118
expectancy inductions, acceptance by unfamiliar peers, rejected vs popular Black male 3rd graders, 29165
expectancy valence model & motivation, group task performance, college students, 8355
expectancy vs experience constructs, measurement of perceived control, college students, 1446
expectations & evaluation of helpline services, callers 15 yrs old & older, 23617
expectations & intent in supervision process, students in field of communication disorders & their supervisors, 13395
expectations & pain & anxiety & distress during participation in psychobiological research, depressed vs normal 6–18 yr olds, 1724
expectations about child & adolescent development, Greek vs Anglo families, Australia, 4565
expectations about effects of psychological states, ESP, college students, 1
expectations about grief, evaluation of functioning & interpersonal attractiveness of griever, college students, 25933
expectations about job related difficulties, preservice teachers, implications for teacher education, 6668
expectations, effectiveness of telephone crisis line, callers & counselors, Yugoslavia, implications for suicide prevention, 2716
expectations, midterm & final evaluations of introductory psychology class, college students, 10311
expectations of clinical supervision, undergraduate social work students & faculty & field instructors, 37982
expectations of competency evaluations, trial judges, 1284
expectations of consequences & knowledge of illness, patients with myocardial infarction, rehabilitation implications, 9077
expectations of cooperation vs competition, skin conductance & heart rate & EMG & vicarious emotional responses to facial expressions, college students, 25934
expectations of interaction with actors, psychological descriptions of actors & affective vs instrumental goals in selection of partners for games, 5–6 vs 9–10 yr olds, 11471
expectations of psychosocial level & school adjustment of male primary school students from father absent vs intact families, 18–20 yr old Indian student teachers, South Africa, 23942
expectations regarding 1st job, college graduates, implications for college level career counseling, 17308
expectations, rural vs urban parents applying for children's services at community mental health centers, 30659
expected consequences of alcohol drinking, alcoholic males, Canada vs Ireland, 29783
expected effects of moderate alcohol intoxication for self vs other, female college students, Sweden, 21745
experiences & assertion training & social competence self ratings, alcoholism treatment, alcoholic veterans, 41058
factor analysis of alcohol expectancy scales, college students, 38636
false feedback about effectiveness of subliminal noise, misattribution of speech anxiety & errors, college students, 11785
female vs male dominated occupation, personal performance expectations in private vs public conditions, female vs male college students, 6862
fertility motivation & desires & expectations, 18–27 yr old just married vs just mothered females, 32651
FR with operant contingency vs fixed time noncontingent schedule of intermittent access to water, anticipatory water intake prior to water disruption, female rats, 3923
game standing, vulnerability to psychological crisis during competition, male basketball players, 35014
gender & ethnicity & personality, age related expectations for adolescent autonomy, early adolescents & parents of early adolescent sons, 29124
gender, expectations of starting salaries & perceptions of equity in pay, college business students, 10337
group structure & member expectations, attraction to & satisfaction with group, college & graduate students in group counseling course, 33888
hypnotic vs waking analgesia & efficacy expectations, pain tolerance, college students, 3890
identification vs nonidentification of defendant in eyewitness testimony, expectations & judgment of guilt, college students on mock jury, 22239
impression formation goals, impact of perceiver expectations on social interactions, college students, 18927
induced elation vs depression & outcome expectations & perceived energy, behavioral & activities interests, college students, 24899
induction defined as hypnosis vs relaxation & Ss' expectations & motivation, hypnotic response, patients with anxiety disorders, 16674
informed consent & expectations & participation, volunteer experimental Ss, 28198
intentions vs expectations, prediction of academic performance, college students, 31123
interaction goals & target characteristics of negative expectancies, expectancy confirmation process, male college students, 4993
intergenerational communication & expectations, education improvement, adults & children, 41186
irrational vs rational belief & having jilted vs been jilted & knowing vs not knowing people at party, inferences about enjoyment, college students, implications for rational emotive therapy, 36436
locus of control & anticipated interaction with target, recognition of emotional facial expressions, male vs female college students, 15472
locus of control & expectation of success vs failure, problem solving & inductive reasoning, male vs female 5th graders, 36102
locus of control, summer work aspirations & expectations & information preferences, college students, 13568
methodological issues in use of I. Ajzen & M. Fishbein's expectancy value model of attitudes, college students, UK & Europe, 25924
monaurally vs dichotically presented CV syllables with valid vs invalid precued location information, role of attention & expectancy in auditory processing RT, college students, Canada, 17823
mothers' background & educational expectations & achievement related behaviors, academic achievement, male 1st graders, 13552
multiple story surface representations of same deep structure, risk aversion in decision making, college students, test of subjectively expected utility theory, 14412

noise, inhibition of covert sustained attention & orienting & alertness in spatial task measured by expected vs unexpected visual target RT, adults, 35309
occupational sex role models & stereotypes & perceptions of own masculinity or femininity & math confidence, career self efficacy expectations, male vs female college students, Japan, 41400
organizational directives, managerial decision making & compliance decisions, employees, development of cognitive expectancy model, 17362
orgasmic or nonorgasmic coital outcomes, expectations & causal attributions, 19–59 yr old females, 36352
Os expectations, correspondence bias in attitude attribution, college students, 29372
outcome feedback & hindsight bias, perception of predictive accuracy of information, graduate students, 31845
parent & student expectations & communication, college students, 17214
parent child closeness, expectations of projected life course, rural 13–17 yr old females, 29116
parental expectations, development of locus of control, 2nd–3rd graders, 39679
parental power bases & processes, conformity to expectations, junior & senior high school students, 29220
perceived performance norm, effect of assigned goals on personnel goals & task performance, college students, 1402
performance attribution & causal ascriptions of success, White vs Black college students rating White vs Black child, 4818
personal expectations, prediction of retirement date, 50 yr old & older male employees, 31339
planning & place liking, affective response to task, college students, implications for environmental design, 13942
positive vs negative expectancy of distraction vs imagery strategy, reduction of cold pressor pain, 17–23 yr old college students, 38740
positive vs negative feedback on test performance & affective valence & subjective probability, causal attributions, college students, 22361
positive vs negative relaxation & auditory frontal EMG biofeedback delay, frontal activity & subjective relaxation, college students, 23338
pre-lactate infusion expectations of anxiety vs pleasant excitement, alveolar pCO2 & respiration rate, adult males, 14948
presentation method for incomplete data on dichotomous variable co-occurrence & prior expectations, estimated relationship between variables, college students, 14354
prior reproductive attitudes & expectations for counseling, understanding & interpretation of genetic counseling about child's birth defects, mothers, 40874
provoked vs unprovoked aggression toward male vs female peers, expectation of rewards & guilt & parental & peer disapproval, male vs female 9.4–12 yr olds, 22048
psychological differentiation & unrealistic self expectations & field dependence, male alcoholic 26–65 yr old inpatients vs outpatients, 33392
psychometric properties of Test-Taking Expectations Scale, assessment of unrealistic test taking expectations & relations with test anxiety, college students, 24208
pygmalion & goal setting & need for achievement approaches, expectancy & work motivation & productivity, 13847
race & sex, drinking motivation & expected alcohol effects & perceived usefulness, college students, 18854
reliability & factor validity of danger & anxiety expectancy scales, identification of fear of flying & heights & public speaking, college students, 92
revision of Multidimensional Academic Specific Locus of Control Scale, measurement of expectancy of internal vs external control of reinforcement, 10629
role characteristics of female behavior, stereotypic expectations, college students, 25804
role of J. F. Muth's rational expectations & price movements theory in economics, 4895
salience of stimulus word pairs preceded vs followed by comparative, congruity effect in comparative judgments, college students, implications for expectancy hypothesis, 24848
schema expectation of real world setting, reliability of consistency effect of recall, college students, 31890
self efficacy & outcome expectancies, maintenance of new vs relapse to problem behavior after self management training, 28–59 yr olds, 9443
self efficacy & outcome expectancy beliefs & reading & writing achievement, college students, 31137
self efficacy & pain response expectancies, movement limitations & functioning, adults with low back pain, 29899
self verification & expectancy confirmation processes, social & self perception after interaction, college students, 15467
sense of personal entitlement in work & pay & marital & life satisfaction arenas, females vs males, 1314
sex & age & locus of control, career aspirations & expectations agreement in occupational field, 8th–12th graders, Canada, 10160
sex & differential mathematics achievement, perceived competence & self descriptive characteristics & expectations on mathematics test, 7th–9th graders, 20536
sex & drinking experience, dose related alcohol expectancies for self vs other, college students, 8320
sex & presentation of motor RT task with instructions to indicate sex association, success estimations & performance, 3rd vs 7th graders, 15031
simultaneous vs successive presentation of task difficulty levels, success or failure expectations, 3–6 yr olds, 18616
situational insensitivity hypothesis & theory of alcohol related expectancies, prediction of problem drinking, adolescents & adults, 40308
smoking behavior & expectations & self image, 7th–8th graders, West Germany, 1 & 2 yr followup, 22059
social comparison mediation of relationship between ability grouping practices & achievement expectancies in mathematics, 6th graders, 34658
social comparison process, judgments of outcome entitlement & satisfaction, college students, 29343
social expectancies & situational demands, hidden O responding under hypnosis with negative visual hallucination suggestions, college students, commentary & commentary reply included, 388
sport involvement, friendship expectation, 9–12 yr olds, 39602
stereotyped expectations of children with vs without learning problems, educable mentally retarded 9–14 yr olds vs nonretarded 6–13 yr olds, 22858
subjective expected utility, externable variables & onset of alcohol drinking & cigarette smoking, 7th & 9th graders, 39596
success vs failure expectancy with vs without self focused attention, achievement task performance, low vs high test anxious college students, 25950
success vs failure feedback, expectancies of & performance on word construction, high vs low irrational college students, 38850
task success vs failure & certainty vs uncertainty of ability, emotional responses, Type A vs Type B college students, test of self appraisal model, 25956
thematic role assignment & content based expectations, individual word reading time in processing prepositional phrases, college students, 21854
theoretical assumptions underlying expectation states & status characteristics, social cognition & status generalization models, 22370
theoretical framework of Organizational Culture Inventory, measurement of shared norms & expectations, organizational personnel, 13838
time & recall & mode & memory expectancies, memory for conversation, college students, 361
type of test expected & received, contextual information effects in text processing, college students, 10828
uncertainty & predictive accuracy of inflationary expectations, economics & business students, Sweden, 36218

unexpected outcome in competitive motor task, causal attributions & affective consequences, college students participating in bicycle ergometer task, 38719
unwritten contract regarding expectations, organizational development consultation, consultants & clients, 20825
validity of expectancy value model, explanations of decisions to quit smoking, 16–66 yr old smokers, UK, 6 mo follow-up, 10655
validity of Sulliman Scale of Social Interest, correlation with problem severity & history & expectancy for success, psychotherapy outpatients, 17579
ventromedial hypothalamic lesion, gastric acid secretion elicited by anticipated eating, rats, 14801
viewing vs not viewing object & subsequent hiding from view before lifting, rated heaviness, college students, 17728
violation of independence condition, expected utility maximization for decision making under risk & information aversion, 31870
vocabulary test taking, confidence in answers & expectations & predictions of future test performance, male vs female 1st–8th graders, implications for teaching self monitoring of test performance, 34695
Experience (Practice) [See Practice]
Experience Level [See Also Job Experience Level]
ability & experience & supervisor support, self vs supervisor vs peer rated performance & work sample training success, Air Force jet engine mechanics, test of covariance structure model, 34996
academic curriculum & field experience in EAP training program & quality assurance & effectiveness, EAP professionals, 20867
age & experience level & perceptions of own & others' driving ability & risk assessment, male vs female adult drivers, 31331
age & experiential deprivation & color encoding/decoding, development of color competence, 4–8 yr olds, 11433
age & music training, figural & metric understanding & rhythm, 7–12 yr olds, 11443
age & social experience & exposure to washed vs nestmate coated dead Ss, recognition measured by induced aggression, red carpenter ant workers, 7605
age vs experience level, language skill acquisition, 3rd vs 5th graders vs illiterate adults, 4646
analysis of 1st experience with microcomputer, novice users, training implications, 34974
background training & experience & judgment accuracy, clinical neuropsychologists, 9945
Barron-Welsh Art Scale scores indicating openness to perceptual experience, 17–46 yr old art vs nonart students vs dancers with various training experiences, 5069
clinical experience with dying patients, fear of death & dying, medical students, England, 3022
comprehension of theory & clinical training experience, beginning social work students, 13320
computer bug location, debugging performance, professional vs college student computer programers, US & Australia, test of model of M. E. Atwood & H. R. Ramsey, 20903
computer program background knowledge, strategies & work methods during COBOL program inspection, computer students & programers vs COBOL experts, 28317
computer program plan structure perceptual cues, plan related or unrelated task performance in BASIC vs Pascal, experienced college students, England, 14376
computer programing experience, network representation of abstract programming concepts, adults, 10783
dichotic presentation of melodies varying in tonality & melodiousness paired with noise, laterality in recognition of transposed melody, trained vs untrained adults, 35628
differential memory structure & interpretations of medical case histories, 1st & 3rd yr medical students & senior house officers & registrars & consultant physicians, 13341
domain familiarity & motivation & information ambiguity, experimental learning in product consumption, consumers, implications for marketing, 35005
early literacy experiences & comprehension of grammatical vs ungrammatical speech utterances, 3 vs 4 yr olds, 18606
estrogens & progesterone & testosterone, induction of copulatory behavior, castrated sexually experienced Arctic foxes, 25189
expectancy vs experience constructs, measurement of perceived control, college students, 1446
experience level, attitudes toward serving as qualified examiner in involuntary hospitalization cases, social workers, 30726
experience vs prereading instruction, factual & inferential comprehension of narrative text describing soccer game, 5th & 9th graders, 17161
experimental learning, psychophysical functions for comparisons of saltiness relative to personal ideal, 20–63 yr olds, implications for effect of perceptual characteristics on food acceptability, 3691
expertise & generation vs reading of words in relevant vs irrelevant area, generation effect, psychology department faculty & graduate vs college students, 356
expertise, contour map reading & recall, skilled vs unskilled college students, 3852
expertise in interpretation of scientific diagrams, mental representation & search strategies of diagrams, meteorologist vs nonmeteorologists, Australia, 38840
financial experience & planning, well being, 60–98 yr old widows, 36207
framing views about teaching & construction of semantic ordered trees before vs after college course, experienced vs novice teachers, 31011
generation of computer command name aliases for novice use, discrimination of actual vs bogus aliases for known command functions, novice vs expert computer users, 13923
gestational age measuring biological maturity vs duration of extrauterine experience, motor development, preterm infants, 4 mo study, 29087
global overview &/vs detailed step by step documentation, word processing, college students with low vs medium vs high computer experience, 38476
heterosexual experience & cue availability, preference for estrous vs diestrous females, male prairie voles, 4045
high &/vs low expert audience members & audience size, auditory task performance anxiety, college students, test of impact averaging vs summation hypotheses, 25886
hockey experience level, self attributions of success at predicting sequences of videotaped hockey game, male vs female college students, 14000
identification of children's aggressive behavior across various situations, 17–39 yr old novices vs clinical practitioners, 36435
incidence & severity of space motion sickness during 1st vs 2nd Space Shuttle mission & crew position, male vs female astronauts, 17449
individual power bases & expertise & buying center characteristics, influence in buying center, purchasing agents, 41547
interrater reliability & convergent & discriminant validity of ratings in Olympic figure skating competition, world class judges, 1984, implications for performance appraisal design, 27999
jury experience, legal socialization & law abidingness, jurors, 22253
knowledge & experience of S. Richardson's characters Pamela & Clarissa & Freud's failed analysis, 15009
marihuana smoking, cerebral blood flow, experienced vs inexperienced marihuana smokers, 32239
menu selection &/vs command entry methods of computer control, operation performance & preferences, novice vs experienced computer design system users, 10422
minimum standards in clinical training experience for type & number of patients evaluated or treated, psychiatrists, 17090
musical experience & interval size & sensory consonance, adjustment of successive vs simultaneous intervals of complex tones, college students, 271
musical expertise, use & judgment of mouthpiece force in trumpet performance, trumpet players, 35247

perception of timbre & rhythm, 18–49 yr old expert musicians vs nonmusicians, 17825
perceptual determination of cross court vs down-the-line destination arm strokes in simulated badminton display, 15–40 yr old expert vs novice players, 35013
phase of Tai Chi & experience & time of day, heart rate & urinary excretion of catecholamines & serotonin & cortisol concentration in saliva & mood states, 16–75 yr olds, Australia, 39154
positive social feedback processes, formation of expertise & knowledge, extension of modeling theory, 29337
positive/negative & true/false conditions & loop taxonomy & task learning, program readability performance, programers vs programing students, 3810
predatory experience & age, characteristics & area of body damage to crickets during attack, mice species, 512
pretraining on Morris water task & novel environment, latent place learning, rats, commentary & reply included, 38970
previous flight experience as crew, interpersonal speech communication openness & information exchange & validation & roles during simulation, flight crews, 31332
previous intercultural experience, perceptions of intercultural competence, college student sojourners, 24102
prior computing experience, prediction of computer programing course performance, male vs female college students, 17190
prior exposure to material, recall, female 20–25 yr olds, 10831
problems & usability of menus vs SQL computer language, computerized database query performance, new system users, 31454
professional experience & construction of explanation for event, judgment of event probability in financial auditing context, college students vs novice vs experienced auditors, 3793
professional role & travel experience, perceptions of professional travel situations, male vs female university employees with travel responsibilities, 6931
psychological characteristics & strategies, expert decision makers, conference presentation, 34962
reading experience, use of graphemic or orthographic cues or grapheme phoneme correspondence rules in word recognition, 4–10 yr olds, England, 15105
recall of random vs meaningful chess positions, strong vs weak male chess players, 348
recognition of photographs of own newborns, primiparous vs multiparous mothers, 25736
rich agenda & consistent flexible lesson structures & clarification of concepts & procedures, expert vs student mathematics teachers, 3.5 mo study, 27502
rules about importance of types of information, reading times & recall for science text, experts vs novices, 14426
school musical experiences, pitch discrimination ability, deaf 6–9 vs 11–12 yr olds, 9055
self involvement & intention certainty, consistency between attitudes & norms & direct experience & behavioral intentions, biotechnological researchers, Netherlands, 39933
sex & prior computer exposure, attitudes toward computers, 8–10th graders, Israel, 31168
sex & sexual attitudes & experience & guilt, sexual fantasy patterns, college students, 18840
sex guilt & sexual experience & religiosity, content & explicitness of written sexual fantasies, male vs female college students, 29289
sexual experience level & number of partners, sexual satisfaction, female nurses, 11680
shoal size & presence of experienced shoal members, foraging on novel food, naive minnows, 7606
source attractiveness & expertise & strength of argument, agreement with persuasive message, high vs low monitoring male college students, 4952
speed of target detection & player recall in structured vs unstructured basketball situations, experienced vs novice female basketball players, 352
stroboscopic frequency in raster vs tachistoscope display, individual differences in perception of apparent motion, college students vs experienced Os, 7321
subject retrieval & source expertise & likability, opinions & recall of beliefs & behaviors about message position & arguments, college students, 7486
tactual experience with Optacon reading aid, identification of tactual patterns, sighted vs blind college students, 29901
teaching mathematical functions through example vs direct instruction, learning & transfer to abstract problems & other functions, college students in introductory Pascal class, 20494
theories of expertise & problem solving strategies & categorizing & memory, mathematics instruction, 38110
training & visual distance, speechreading performance, female college students, 7302
training level & verbal response type, self efficacy & outcome expectations in using counseling skills, 1st–4th yr graduate counseling students, 5983
trustworthiness & expertise & dynamism as credibility factors, leadership practices, subordinates of senior managers, 27897
types of cross cultural experiences, knowledge & understanding of ethnic minority group, graduate students in counseling psychology program, 27438
understanding & education of & preparation for client & initial interview length, engagement for more than 1 session, male vs female trainee vs experienced psychologists & patients, 23243
use of contextual factors in diagnosis, medical students vs physicians, 30903
visual field restriction & distance evaluation & speed & time variations, estimation of time to collision, 18–40 yr old experienced vs beginner drivers, 38761
vocabulary test taking, confidence in answers & expectations & predictions of future test performance, male vs female 1st–8th graders, implications for teaching self monitoring of test performance, 34695

Experience Level (Job) [See Job Experience Level]

Experiences (Events) [See Also Early Experience, Life Experiences, Vicarious Experiences]
affects associated with drug usage, adults with drug use histories, implications for drug abuse & addiction, 1902
age & familiar vs novel events, immediate & delayed recall for temporal order of events, 16 & 31 mo olds, 21925
annual alcohol intake, positive vs negative consequences of drinking, 15–69 yr olds, Finland, 8324
appraisals of stressful situations & state anxiety responses, employed adults, 25907
behavioral theory of social structure as commitment to behaviorism vs basic needs & their explanation by event regularities, commentary, 36229
causes & knowledge of & prior experience with suicide, high school students, 5448
cautionary note on use of forensic hypnosis to refresh memory for specific past events, conference presentation, 39796
college experiences, sex role development, freshman vs senior female college students, 6758
combat experience in WWII & alcohol abuse, veterans, implications for PTSD, 40300
concretization of subjective experience of certain future, female 32 & 42 yr old analysands, 30315
coronary prone behavior, occurrence of life events, 35–54 yr old males, 25927
dedication of Vietnam Memorial, exacerbation of PTSD related symptoms, 30–50 yr old Vietnam veterans using outreach program, 22615
defensive repression, intensity of dominant & nondominant negative emotions evoked by remembered events, college students, 7492
depression & life events, somatic symptoms, elderly, Italy, 8714
development of Real Events Attributional Style Questionnaire, college students, implications for depression & learned helplessness theory, 24631

direct experience & critical incidents, professional development, counselors, 10002
early event representation development, 11–21 mo olds, 29082
emotional & factual content of memory of child related life threatening events, fathers vs mothers, 1207
evaluation of consistency of experience vs nonexperience based oral passages, preschoolers & 1st graders, 25508
events as environmental demands vs self initiated desires, physical & mental well being, college students, 22427
evidence for flashbulb memory for events surrounding shocking news, commentary reply, 335
experience & knowledge & perception of environment measured using model analysis of knowledge systems, 4th graders in urban area, Spain, implications for urban education & planning, 39635
experiences in move from Southeast Asia to US, social adjustment & identity formation, unaccompanied refugee minors, 4664
experiences of forgetting & remembering, 40–52 yr old male engineering professors, India, 35375
experiential themes in descriptions of experiencing emotions, college students, 8470
exposure to bushfire disaster, distress & adversity & mental disorder, firefighters, 5281
grief reactions to 1st anniversary of bereavement, widows & widowers studied 13 mo after death of spouse, 5048
hassles & physical/psychological distress symptoms, 31–61 yr olds, Japan, implications for adaptation, 22419
hassles & positive experiences & life events, psychological health, freshmen medical students, 23911
hormonal & sensory & experiential factors, onset & maintenance of maternal behavior, humans, application of rat model, literature review, 7698
incidence of positive & negative life events in year prior to onset, patients with obsessive compulsive disorder, India, 26110
inhibition or suspension of experience of threatening event, defense against PTSD, 21 yr old male & 31 yr old female, 36650
investigation of flashbulb memory hypothesis, memory for events surrounding shocking news, commentary, 359
Jung's concept of synchronicity in critical incidents in development, counselors, commentary, 9995
learning vs judgment of temporal order for new vs historical stimuli or events, 39 yr old male with left retrosplenial damage & amnesia, case report, 16040
life events stress, psychopathology severity, 15–55 yr old never hospitalized outpatients vs 1st admission psychiatric inpatients with functional disorder, 29446
memory for past experiences & personal adjustment, college students vs 45–55 vs 61–73 yr olds, 4612
mental simulation of alternatives to real events & their outcomes, attribution of causality to event, college students, 18933
mental simulation of past & future & hypothetical events, coping behavior, 39985
misleading postevent information, misinformation acceptance & memory interference for original event, college students, 24859
narrative accounts of aesthetic performance experiences, low vs high communication apprehensive college students in literature performance studies, 20557
nonrank paired comparison analysis of relative proportion of occupations, junior high school students vs their parents, Japan, 7265
orientation to large vs small events, representation of real-world events in memory & recognition vs recall, college students, 31878
participation in novel hierarchically structured event, event & free recall, 18–35 vs 61–75 yr olds, 1162
past or current mental health treatment, treatment fearfulness & avoidance, college students, 40631
perceptions of stressful events, 4th–6th graders, 29131
personal experiences & perceptions of & emotional reactions to disease, homosexual & iv drug using males with AIDS, 26676
personally relevant life events, course of illness, sociotropic vs autonomous adults with unipolar or bipolar disorder, 6 mo study, 29550
phenomenal characteristics of perceived vs imagined recent vs childhood life event memories, reality monitoring, adults, 14448
prestructured diary of everyday life experiences, assessment of relationship happiness, 20–35 yr old spouses & couples living together, 32646
primed word recognition & emotional experiences & situational knowledge, organization of emotional concepts in memory, 19–60 yr olds, 35395
prolonged experience with victory vs defeat, formation & manipulation of aggressive & submissive behavior, male CBA/Lac vs C57BL/6J mice, 21475
psychological studies of behavior & experience, tourists, 3493
psychometric properties of inventory of conflictive situations, 62–89 yr olds, 21084
qualitative characteristics of memories for perceived vs imagined events, 14447
ratings of stresses & pleasures & coping strategies, graduating medical students, implications for development of health & wellness program, 17089
recall of emotional events while awake vs under hypnosis, EEG density & hemispheric asymmetry, low vs high hypnotizable adult females, 31904
recall of personal episodes from date 19 mo earlier, college students, implications for "flashbulb" memory & eyewitness testimony, 358
recognition & recall of nondeliberate memories for novel activities, 3 vs 4.5 yr olds, 1018
reflective phenomenology approach, assessment of experiences & assimilation, Greek immigrants, Canada, 18758
rehearsal & passage of time, qualitative changes in remembering perceived vs imagined complex events, college students, reality monitoring implications, 14478
review of clinical applications of visual analog scales, assessment of subjective experience, clinical & research populations, 24621
self report of high risk events or situations or experiences associated with abuse, substance abusing vs binge eating hospitalized patients, 5099
self vs external focused negative vs positive daily life events, depression, college students, 18964
speed of memory for positive & negative personal events & specificity of memories, patients with major depression, 19259
strength & frequency of reported pleasant events, prediction of depression, college students, 15768
stressful life events, health & distress, middle class Hindu 22–65 yr olds, India, 36548
stressful life events in yr following diagnosis, psychiatric symptoms, 18–75 yr old cancer patients, 26505
stressfulness ratings of life events, 1st vs 3rd vs 6th graders, 18706
structured diary approach, assessment of everyday experiences & marital relations, spouses & couples living together, commentary, 32634
subjective importance of nonnormative events & experiences, female vs male 19–90 yr olds, 1097
temporal perspective & uncertainty, explanations of events, college students, 38843
themes & patterns in personal accounts of critical incidents, counselors, commentary, 9936
threatening experiences, panic disorder, 22–38 yr olds, 1703
trait anxiety, perception of conflict in everyday situations & recall of decisions made on prior day, college students, Israel, 11852
transpersonal psychology & interpretation of objective & subjective experiences, drug dependent clients, implications for treatment & model of recovery, 33373
underemployment experiences, 25–48 yr old males, Canada, 24285

validity of self schema construct & assessment of assertion schema effects, assertion schematic vs aschematic college students, 25898
visual information following suggestion of hypnotic blindness, behavioral responses & experiential reactions during decision task, hypnotizable vs unhypnotizable college students, 17927
word recognition & intuitive similarity & cognitive structure & experiences of mood & emotions & action readiness & situational knowledge, mental representation of emotion, commentary, 35406
work experiences & organizational commitment, newly hired college graduates assessed at 6 & 11 mo, longitudinal study, 13878
2 wk &/vs 3 mo repeat intervals vs single play experience, event reenactment, 24 & 28 mo olds, 25453
Experiences (Life) [See Life Experiences]
Experiential Psychotherapy
experiential geneogram, 26–43 yr old family therapy trainees, Great Britain, 9950
history of cognitive approaches to psychotherapy & principles of constructivist vs experiential therapy, commentary, 12660
integrated experiential individual therapy & emotionally focused marital therapy, 35 yr old female incest survivor with marital problems, case report, 23122
selection guidelines for experiential techniques in family therapy, 16464
therapeutic change processes in client centered vs rational emotive vs experiential psychotherapies, 12684
training in experiential therapy, therapist trainees, 9954
Experiment Controls
choice of comparison group, estimate of lateral ventricle enlargement in schizophrenia, 16–36 yr old normal volunteers vs medical vs schizophrenic patients, 26179
development & operating environments for network of experiment controllers on Macintosh computer, conference presentation, 7522
experimental design of control groups with attention to social influences in psychotherapeutic efficacy studies, 26780
makeup of control group, results of family study on risk of psychoses, relatives of surgical patients serving as controls vs psychiatric patients, 15804
multiplist strategy & threats to internal validity & nonequivalent control group design, evaluation of state lottery sales campaign, 3479
scientific & ethical perspectives on suitability of types of control groups in clinical trials research, depressed patients, 28040
use of retrospective pretest & control group, response shift bias vs S bias, literature review, 24544
Experiment Volunteers
characteristics & receipt of informational article, willingness to volunteer for clinical drug research, 55 yr olds & older, 21776
demographic & personal characteristics & incidence of physical & mental illness, urban vs rural females who refused vs responded to survey of psychiatric disorders, 5126
information about clinical drug trial as part of informed consent procedure, decision making, 16–60 yr old consenting vs nonconsenting patients, 26989
informed consent & expectations & participation, volunteer experimental Ss, 28198
similarities & differences, 18–40 yr old female bulimic patients vs symptomatic volunteers recruited through newspaper advertisements for bulimia research, 23005
Experimental Apparatus [See Apparatus]
Experimental Design [See Also Cohort Analysis, Followup Studies, Hypothesis Testing, Longitudinal Studies, Null Hypothesis Testing, Repeated Measures]
age & complexity phenomenon, commentary, 14406
alternating vs simultaneous treatments single S design in evaluation of 2 or more independent variables, 30167
animal rights controversy & decision making model for ethical research with animals, ethologists & psychologists, 24925
attrition in clinical research, literature review, 7031
autocorrelation of baseline vs intervention experimental data, single S or single case or small sample or interrupted time series research, 21152
characteristics of graphs of single S data, visual analysis of interrater agreement in evaluation of client performance change, rehabilitation therapists, 14120
clinical vs research paradox in psychopharmacological research on antidepressant drugs, 16535
cognitive psychology principles & statistical methods, sample survey design to reduce sources of variability, 31536
cold pressor pain apparatus, experimental design, 6–12 yr olds, implications for experimental ethics, 39542
computational procedures to control individual differences in 3 by 3 factorial experiment run in balanced incomplete blocks, 7039
computer program using intraclass correlation coefficient, determination of reliability of dimensionally scaled variables when number & set of judges vary, 7213
computer use in education, growth in cognitive skills & research methodology & curriculum problems, literature review, 10069
conceptual & methodological issues in comparative studies of psychotherapy & pharmacotherapy, 2180
conceptual & methodological practices in study of long term postdivorce adjustment, children & adolescents, commentary on literature review, 25610
conditioning model of pharmacotherapy, implications for double-blind crossover experimental design, 37467
contribution of chronometric research paradigm to cognitive psychophysiology & use of EPs, knowledge of human information processing, 25060
cooperative enquiry paradigm, applications to educational psychology, 31284
critique of experimental designs & key elements of realistic job previews, employee turnover, 20826
DATASIM software for simulated data in experimental & multivariate & contingency table designs, conference presentation, 35213
delay of follow up assessment, retrospective preratings in educational training context, college students, 6841
design considerations & methodology in sport psychology case study research, 20995
design considerations for linkage studies using recombinant DNA markers, patients with affective or other psychiatric disorders, conference presentation, 1625
design of observational study of seat belt use, 3530
E demand in balanced placebo design, commentary, 10532
E demand in balanced placebo design, commentary reply, 10535
effect & value of therapeutic intervention against control, nonparametric methods for analyzing survival time data, 40559
erroneous labeling of correlational studies as experiments, commentary, 31532
erroneous labeling of correlational studies as experiments, commentary, 31533
experimental design & field methods, assessment of psychiatric disorders, community residents, Canada, 8522
experimental design & methods, assessment of rehabilitation outcome, patients with traumatic head injury, 27275
experimental design & other factors, effects of antihistamines & hypnotics & other drugs on work performance, 11280
experimental design, assessment of effects of psychotropic drugs on car handling ability, patients & volunteers, England, 11236
experimental design in studies of repetition of parasuicide, commentary & commentary reply, 40260
experimental design of control groups with attention to social influences in psychotherapeutic efficacy studies, 26780
experimental design of song studies, birds, 35519
experimental sampling procedure using electronic time, analysis of meanings of personal identities in particular social situations, female college students, 18914
exteroceptive contextual cues, confounding of conditioned taste aversion & other data, rats, commentary, 7537

exteroceptive contextual cues, confounding of conditioned taste aversion & other data, rats, commentary reply, 7552
feasibility of single S design, study of continuous discourse teaching skills with vs without assistive listening device, normal hearing 20–30 yr old females, 35072
generalizability of research in human factors & ergonomics, experimental design, 3449
group vs single case studies of disordered populations, theories of normal cognition & neuropsychology & pathophysiology, commentary, 25975
hierarchical model fitting procedure, detection of response shift bias in pretest/posttest design for estimates of treatment effects, 174
high load information processing task for stress research, 3801
historical development of experimental paradigm in psychic research, 3506
home sleep monitoring using Oxford Medilog system & automatic sleep stage analysis, first night effect, 21–34 yr olds, 21596
HyperCard program for psychological research, conference presentation, 35069
hypnotic induction & suggestions with vs without E present, behavior, high vs low hypnotizable college students, implications for degree of compliance with experimental demand, 28363
inconsistency of operational definitions & methods of true score development & utility of accuracy measures, performance rating research, 3379
induced compliance vs choice among alternatives experimental designs, cognitive dissonance, college students vs older church members, 4944
informed consent procedure regarding aversive stimuli, psychophysiological correlates & self report of anxiety, college students, 35667
interindividual vs intraindividual variance in 24 hr dietary recall measures, 62 yr olds & older, 24556
joint design of participation & goal setting experiment, resolution of conflicting results between Es, adult business students, 10539
lateral ventriculomegaly, schizophrenia, meta analysis, implications for choice of controls in research design, 8702
length of baseline in biofeedback &/or relaxation training research & clinical practice, 18–67 yr olds with tension &/ vs migraine headaches, 16476
low speed off-road driving tasks, evaluation of effects of tranquilizers or antihypertensive or antidepressant or hypnotic or antihistamine or antiemetic drugs, adults, England, 11183
makeup of control group, results of family study on risk of psychoses, relatives of surgical patients serving as controls vs psychiatric patients, 15804
mathematical model of single case design, treatment evaluation in social work research, 34266
meaning of social environment & experimental context, psychological experiment design, 17539
meta analysis methods based on standardized mean change measures, assessment of data from pretest-posttest designs, applications to motor skill development studies, 14191
metabolic demands & order of tasks, intertask consistency of heart rate response to pairs of active psychological challenges, 7744
methodological problems, single-S research, 17538
methodology & design criteria for genetics research, patients with bipolar affective illness, conference presentation, 1591
Monte Carlo evaluation of ordinal interaction technique vs ANOVA & population main effects, power & type I error rate in 2 factor design analysis, homogeneous vs heterogeneous populations, 24692
mood checklist pretesting, experimental mood induction procedures, female college students, 7495
multiplist strategy & threats to internal validity & nonequivalent control group design, evaluation of state lottery sales campaign, 3479
nonparametric test for ordered alternatives in randomized block design, 10668
operationalization of rurality, demographics of samples & designation of homogeneous rural areas, implications for research in rural psychology & sociology, 6960
organizational innovation research design, 38419
package of routines to support experiment control FORTRAN programs, 38569
pharmacologic challenge strategy in panic disorders research, literature review, 5360
placebos with suggestions of hunger vs fullness effects, eating behavior, unrestrained vs restrained female college students, 17920
pretest in family therapy research design, 19836
problems of design & methodology in long term followup studies of schizophrenia, literature review, 29598
problems with experimental control in social work effectiveness research, conference presentation, 2738
prospective followup studies & therapeutic trials & family studies & twin research, clinical validation of psychiatric disorders, conference presentation, 36529
psychophysical methods in experimental design, multimodal signal detection studies, 21204
random assignment, design analysis of field experiment of intervention for spouse abuse, police personnel, 22682
research design & methodological issues in alcoholism treatment outcome research, 20299
research design & methods, psychopharmacological alcoholism research, literature review, 27329
research design & systematic desensitization & hypnosis, performance, 18 yr old amateur boxer, case report, 19690
research design flaws & alternative meta analytic techniques, human communications research, commentary reply, 21839
research design flaws & meta analytic techniques as alternative, human communication research, commentary, 21842
research design for psychiatric hospitals, assessment of patient status & treatment & hospital characteristics & aftercare settings, literature review, 28036
research methodology, assessment of utilization of health & social services, community based elderly, 20129
sampling methodology & design & data collection, Skid Row homeless adults, 7026
selection & analysis of appropriate dependent error measure & use of trial profiles, short term motor memory research, 21197
self statement vs manipulated success laboratory mood induction procedure, strength & durability of induced mood, college students, 35394
signal intensity & quality & blocked vs mixed choice presentation method & stimulus response compatibility, 2 choice reaction task, college students, implications for experimental design, 35371
single case design methodology for non-analogue clinical populations, 24543
single case vs group data, determination of structure of normal cognition, brain damaged patients, commentary, 26590
single patient studies of acquired cognitive disorders, validity of inferences about normal cognitive processing structure & neuropsychology, 25976
single patient studies vs bootstrapping model, formation of normal cognitive processes models from disordered population research, commentary, 25974
single patient vs group methodology, inferences about normal cognition from brain damage research, commentary reply, 26579
single S ABAB & multiple baseline research designs for group psychotherapy outcome studies, 40705
single S design, evaluation of sport psychology interventions, 20973
single S research design in public school occupational therapy programs, 24130
software development systems for Macintosh, precision timing in experiments, conference presentation, 35071
specific & nonspecific treatment effects in behavior therapy, meta analysis, 16477

specific retroactive interference in modified recognition tests, college students, implications for response bias & demand characteristics, 24866
standardized pulse code modulated data files for complex programs, sampled data in speech research, conference presentation, 35073
statistical procedures for combining data from multiple baseline AB & replicated ABAB designs across independent Ss, 10682
statistical test procedure for study of contrasts in research designs, 7231
statistical Type II errors of equivalence of 2 regression models, leisure research & management policies that disenfranchise recreationists, 3665
strategic research design dealing with cognitive vs behavioral data & network boundaries & complexity & data adequacy, analysis of politicized interorganizational network, Nigeria, 1172
strategies for instruction of controlling variables in experiment designs, students, meta analysis, 38120
structural equation models vs MANOVA or MANCOVA in experimental designs, 38689
study room used during 1 vs 2 list word learning, word recognition in original vs other room, college students, Australia, 7455
teaching alternate research paradigms in graduate counseling psychology, 27425
theoretical & design validity analysis of modeling & imitation & observational learning procedures in remediation studies, autistic or learning disabled or mentally retarded children, 1979–88, 41342
time series methodology for evaluation of terminal care programs, 27056
topics & guidelines & priorities, community based prevention research, mental health & public health & policy investigators, 33712
traditional vs modified version of balanced placebo design at clinically significant blood alcohol levels, self report of subjective intoxication level, male 18–38 yr old social drinkers, 28958
type of neutral sentence context, facilitation vs inhibition effects in word recognition, college students, 328
use of residue in psychological classification analyses, 10 & 13 yr olds, 3659
use of retrospective pretest & control group, response shift bias vs S bias, literature review, 24544
use of secondary data sets in leisure research, 1980–84, 35022
use of secondary task paradigm in developmental studies of age differences in resource requirements for cognitive tasks, literature review, 32404
utility of longitudinal vs cross sectional vs mixed methodology, developmental research, 7020
utility of single case design, assessment of influences on school performance, 13555
validity of telephone interview vs mail questionnaire on prescription drug use, 66–84 yr olds, 19973
violation of multisample sphericity & unbalanced design, power & Type I error rates of repeated measures multiple comparison procedures, 7238
within session delay of 5–10 min vs between session delay of 1 yr, constancy of individual exponents for category production of inspired lung volume, 19–40 yr olds, 4182
4 fold situation with 2 dichotomous variables & biserial phi correlation coefficient, 21150

Experimental Epilepsy

amygdaloid kindling, EEG & behavioral evolution of experimental epilepsy & enkephalin regional levels in brain, male rats, 35742
electrical kindling, EEG hippocampal interictal spikes, rats, animal model of epilepsy, 25158

Experimental Ethics

Animal Protection Law, use of animals in scientific research, Switzerland, 14069
animal rights controversy & decision making model for ethical research with animals, ethologists & psychologists, 24925
animal welfare movement, regulations on animal experimentation, Finland, 14505
definition & assessment of psychological well being & prototypical laboratory environments, primates in captivity, 7518
environmental conditions in research setting, psychological well being, primates, literature review, implications for welfare regulations, 31909
establishment & activities of Canadian Council on Animal Care, regulation of use of animals in scientific research, Canada, 14063
ethical conduct of dementia research & need for consent auditor, aged nursing home patients, 6580
ethical considerations & risks in HIV antibody screening, Ss in pharmaceutical research, 5728
ethical issues in development & evaluation & clinical trials of vaccines, AIDS virus, 2037
ethical principles for human subject committees & protection of rights of Ss & sexual scientists, 13387
ethical research issues of informed consent & competence & confidentiality & conflict of interest in long term care situations, 13096
ethics & morality of & attitudes toward deception, psychological research, 24501
excuses vs justifications vs denial of unethical research practices, evaluation of act & perpetrator, psychologists, 20397
issues & guidelines for research & instruction related testing for student training purposes, children in campus based child care facilities, 31278
issues in research on incest trauma, adult incest survivors, 22687
methodological & ethical considerations in participant observation of illicit drug abuse research, 19385
organizational & interorganizational relationships & marketing research ethics, 24473
perception of role & review of research, institutional vs unaffiliated or nonscientist members of institutional review board, 3041
policies & requirements & educational value & compliance with APA ethical guidelines, undergraduate & graduate psychology departments with S pools, 34617
roles & rights & responsibilities, college students serving as Ss in psychological research, 10073
scientific & ethical perspectives on suitability of types of control groups in clinical trials research, depressed patients, 28040
scientific value & ethical requirements for research involving humans, 3008
use of disguised alcohol questionnaire, attitudes toward informed consent & deception, alcoholic vs nonalcoholic adults, 40280

Experimental Instructions

age & implicit vs explicit task instructions, taxonomic sorting response, middle vs lower class school age children, 39498
attention instructions, preparedness phenomena in electrodermal & cardiovascular responses to phobia relevant stimuli in trace conditioning, college students, 21616
biased instruction, false identification of perpetrator after witnessing theft, college students, US vs West Germany, 1271
biasing of attitude scale instructions vs statements, acquiescence vs reactance to issue, college students, 7098
brainstorming vs criteria-cued vs standard instructions, creative production, college students, 3795
cultural factors & instructional content, responses to ambiguous questionnaire, college students, Netherlands, replication, 21033
different instructions, memory for temporal order, college students, 38865
E vs self paced intertrial & retention interval, estimation of auditory time lengths, college students, 205

emotional vs rational experimental instructions, actual vs perceived vs ideal size of waist & hips & thighs, normal weight female 17–35 yr olds, 32907
fairness instructions & introduction of 2nd E, conservation task, 4–6 yr olds, 11409
hypnotic instructions, P300 component of cortical EP amplitudes, adults, research & clinical implications, 14704
hypnotic vs waking instruction preceding exposure to misleading vs nonmisleading information, memory distortion, adults with high vs low hypnotic susceptibility, 28378
identification instructions, eyewitness identification evidence evaluation, law students, 39823
incidental vs intentional vs nonspecific instructions, memory for word frequency during vigilance task, male Air Force personnel, 7446
instruction & S type, social trap games, adults, 11754
instruction to integrate noun & verb pairs, cued recall test, college students, commentary on replication, 38882
instruction to integrate noun & verb pairs, cued recall test, college students, replication, 38896
instructional & probability manipulations of bias, multiletter matching RT, college students, 24762
instructions, performance on FI reinforcement schedule, college students, 7282
instructions to attend to both vs 1 ear & stimulus intensity, identification of dichotically presented consonant vowel syllables, male college students, 28272
instructions to memorize objects in room for intentional vs incidental learning, frame usage & object encoding in recognition memory, college students, Belgium, 21319
instructions to read quickly & correctly vs remember story & number of times read, correct word reading rate & memory for story propositions, learning disabled 11.3–13.6 yr olds, 12304
length of noncontingency training, task performance & learned helplessness, college students, model of noncontingency motivation, 38866
paired associate cue & memory instructions, word stem completion & cued recall, alcoholic 54–66 yr olds with Korsakoff's psychosis, 12218
passively vs actively worded analgesia suggestions delivered during hypnosis vs normal consciousness state, pain perception, college students, 17935
prior impeachment evidence & limiting instructions, individual & group verdicts following videotaped trial, 18–88 yr olds, 15367
psychodiagnostic label & assessment instructions, assessment of normal vs abnormal behavior in videotaped interview with dysthymic vs depressed client, clinical & counseling psychologists, 8613
reassurance that all market research survey questions need not be answered, rate of uninformed responding, managers, 20935
relevant vs irrelevant anxiety evoking instructions, pressure pain ratings, male college students, 21190
reward vs penalty directions & anxiety level, guessing behavior on multiple choice tests, 5th graders, 31259
suggestion with vs without instruction to resist, motor reactions, high school students, 25463

Experimental Laboratories
definition & assessment of psychological well being & prototypical laboratory environments, primates in captivity, 7518
enhanced Micro Experimental Laboratory software for advanced psychological experimentation, conference presentation, 35075
MacLab software program for psychology laboratories, conference presentation, 7029
Micro Experimental Laboratory software for psychological research, conference presentation, 7048
operant responding for iv cocaine & marihuana self administration in residential laboratory, adults, 15922
personality correlates & reverse first night effect in sleep laboratory, insomniac adults, 37047
polysomnographic telemetry sleep recording in home vs laboratory environment, 21–42 yr olds, 28664
use of Micro Experimental Laboratory & network software in computer assisted psychology course, conference presentation, 38130
use of Micro Experimental Laboratory library in undergraduate psychology research methods course, conference presentation, 38126

Experimental Methods [See Also Stimulus Presentation Methods]
ambulant transcutaneous carbon dioxide monitoring during hyperventilation, patients with panic attacks, 11977
apparatus & methodology for assessment of behavioral & electrophysiological measures of shelter seeking motivational & emotional mechanisms, male rats, 641
Apple-Psych hardware & software solutions, control of frequency & duration & location of auditory signals in attention research, conference presentation, 7504
assumption of consistency in psychotherapy, treatment methodology & outcome of psychotherapeutic experiments, 2313
assumptions & interpretations of contexts of justification vs discovery in phenomenologically based research, 17536
ASYST computer program, waveform moment analysis, 21026
attention to hand movements vs their effects displayed on video screen, adverse effects of stimulus response spatial discontiguity in discrimination learning, monkeys, 21389
attitudes toward classical experimental & correlational methods vs nontraditional dissertation research, directors of clinical psychology training, 34524
attrition in clinical research, literature review, 7031
behavioral research in planning process & followup evaluation, environmental design projects, 27979
biasing pretrial publicity & length of trial, strength of experimental manipulations, college students as mock jurors, implications for actual juror behavior, 25787
C language functions, millisecond timing on IBM PC, 21027
communication issues, researchers interviewing severely retarded, 19403
communicative approach as research strategy in psychoanalysis & psychoanalytic psychotherapy, 33811
community systems approach to alcohol research in multicultural setting, Inupiat 15 yr olds & older, 1979, Alaska, commentary, 36881
compatibility of phenomenological analysis & experimental methods in psychology, 10512
computer automated social psychology research tasks, 22316
conceptual & methodological practices in study of long term postdivorce adjustment, children & adolescents, commentary on literature review, 25610
conceptualization of cultural indentification process, problems in alcohol usage survey, Inupiat 15 yr olds & older, 1979, Alaska, commentary, 36815
construct validity & efficacy of generalized bogus pipeline with vs without assured anonymity, enhanced self reports, college students, 7036
contamination sensitivity to disgusting substances, shift from food acceptance to rejection, college students, implications for psychology education, 34614
contributions of qualitative research methodology to adult education, 38042
design considerations & methodology in sport psychology case study research, 20995
distortions of CRT displays in psychophysiological research, 11092
EEG alpha contingent visual stimulation, assessment of cerebral lateralization of function, college students, 18097
electronic experiment control board, interface between S & microcomputer, conference presentation, 7030
emic theory derived steady state approach for personality & clinical & social psychological research, Blacks, 29198
erroneous labeling of correlational studies as experiments, commentary, 31532
erroneous labeling of correlational studies as experiments, commentary, 31533
ethical dilemmas in alcohol usage survey, Inupiat 15 yr olds & older, 1979, Alaska, commentary, 36838

ethical dilemmas of alcohol usage survey, Inupiat 15 yr olds & older, 1979, Alaska, commentary, 36814
ethoexperimental approach to biological bases of aggression & anxiety & fear & emotion, animals, 1872–1987, literature review, implications for human behavior, 11002
evaluation of software packages for computer run experiments without programing requirements, conference presentation, 7027
experimental approaches, age related cognitive deficits, rats, literature review, 21505
experimental design & field methods, assessment of psychiatric disorders, community residents, Canada, 8522
experimental procedures, valuation & choice behavior under 4 different gambling structures, participants, Great Britain, 14387
experimental vs nonexperimental partial correlation methods, control for causal order & spuriousness in assessment of psychotherapeutic effects, 2311
experimentation set up for computer control of psychoacoustic experiments, 35316
explicit demand characteristics & music mood induction, behavior & self reported mood, college students, 3535
external validity of applied studies & generalizability of laboratory research, students vs nonstudents, commentary reply & rebuttal, 7049
factor analytic methodology, measurement of affect change during stressful vs nonstressful situations, graduate students, 24907
factors & methods affecting response rates to mailed questionnaires, literature review, 7034
feminist critique of phallocratic model of sex therapy & research methodology, males with erectile dysfunction, 26650
genetic linkage analysis using minisatellite mapping procedure, patients with manic depression, conference presentation, 1609
grounded theory approach to theory creation & research in psychology, 7046
hardware & software system, direct to disc quantization of musical bandwidth signals for psychomusical research, conference presentation, 7378
hardware interrupts, presentation & timing of visual displays & controlling RT keys, 38
hierarchical log linear technique, analysis of interaction, distressed vs nondistressed 23–57 yr old spouses, 32656
implementation & objectives & advantages of 1986 Animals Act, use of live animals in scientific research, UK, 21352
information vs situation context of cues, decision making & judgment experimental methods, college students, 31864
instructions for identification & 2 way analysis of referential interaction in 2 person conversation, 11 yr old females, 15147
intervention trials & behavioral epidemiology, development of effective public health smoking cessation methods, 34406
introductory psychology laboratory using computerized research tools, conference presentation, 10048
intrusive investigation on vaginal eroticism, retrospective reactions, coitally experienced adult females, 36331
item desirability & procedural & statistical problems & response set, social compliance gaining behavior research, commentary reply, implications for social desirability theory, 22309
item desirability & procedural & statistical problems & response set, social compliance gaining behavior research, commentary, implications for social desirability theory, 22312
item desirability & procedural & statistical problems, social compliance gaining behavior research, commentary, 22315
Macintosh program, comprehension monitoring of text, 17858
mail survey techniques, response rate, meta analysis, 28038
marker variables, applied behavior analysis research, students with behavior disorders, 19901
method for digitalizing videotaped positions of moving points, conference presentation, 35242
method of triangulation, dependency between successive word recognition & cued recall or word fragment completion tests, college students, 24817
methodological & assessment issues in research on observation of conjugal violence, children, literature review, 35068
methodological & biochemical considerations in pharmacological development of memory enhancing drugs, implications for memory disorders, conference presentation, 39242
methodological & conceptual flaws in dispositional effects in organizational behavior research, 38402
methodological advances in & applications of molecular genetic linkage research, psychiatric patients, conference presentation, 1592
methodological aspects concerning sweetness & calories & internal validity of studies on appetite control, conference presentation, 19666
methodological issues in attribution emotion research in sport & exercise, 41567
methodological issues in cross cultural comparative studies using instrument for assessing memories of parental child-rearing practices, conference presentation, 22165
methodological issues in use of catalepsy test, animals, literature review, 7519
methodological problems in analysis of model of human occupation in psychosocial occupational therapy, adult & adolescent psychiatric patients, commentary, 6489
methodological problems, single-S research, 17538
methodology & design criteria for genetics research, patients with bipolar affective illness, conference presentation, 1591
methodology, evaluation of relationship between cerebral lateralization & cognitive ability, 25054
methodology of decision making in economic management game, deterministic chaos, college students, application of economic long wave vs production distribution system models, 24352
microcomputer controlled measurement, spontaneous & diurnal activity rhythms, small animals, 21666
microcomputer controlled system, measurement of startle response to acoustic stimuli, animals, 18075
microcomputer measurement of responses in operant conditioning experiments, 339
microcomputer video digitizers, monitoring of spontaneous locomotion & moving appendages, animals, 17941
model for drawing causal inference from retrospective studies, 14204
model of early human vision, method for reducing blocking effect in block coded images, 21227
model of multiple case life history research, assessment of individual perspectives & social life, 4940
model of scientific inquiry in nursing, 6230
need for inclusion of consent & debriefing procedures & incentives & demographics of research participants in method section of APA journal articles, 14059
new class of visual stimuli, study of stroboscopic motion perception along multiple attributes, 21232
online visual memory laboratory, picture perception & memory, 21184
orthogonal patterns generated by Fourier descriptor method, threshold tuning curves & frequency specific adaptation, adults, 17745
parsimony & coherence principles & scientific methods, scientific value of parapsychology, 24508
participatory model & parameters for cross cultural community based research, Inupiat 15 yr olds & older, 1979, Alaska, commentary, 36866
passive vs active methods, obtaining consent for child participation in experiment, parents of 7th graders, 31534
personality paradigms to personality in action, personality theory & research, 25911
phenomenological method of free eidetic variations in empirical studies of experimental & nonexperimental psychology, 17534
phenomenology vs natural science model, understanding of caring & interpersonal interaction, children & child care workers, 2583

photoresistive Polaroid transistor & ball joint coupler, measurement of nictitating membrane response, rabbits, 396
physical & psychological correlation technique, psychokinesis, adults, 7006
physical hypotheses & evaluation methods & data reduction procedures, multivariate psychokinetic experiment, 7005
political & ethical dilemmas of alcohol usage survey, Inupiat 15 yr olds & older, 1979, Alaska, commentary, 36833
political & ethical issues of alcohol usage survey, Inupiat 15 yr olds & older, 1979, Alaska, commentary, 36849
postselection delays, acquisition of radial maze performance & response to scopolamine, male rats, 4452
pretreatment characteristics & marital adjustment & alcohol treatment outcomes, couples recruited through radio advertisements vs traditional clinic sources, 41078
problems in use of significance test in studies of nonrandomly assigned subjects, 7267
procedural variables, magnitude of reinforcement effect, animals, literature review, 10896
procedural variations, RT & movement time, college students, implications for practice vs intelligence effects, 38753
process tracing methods, research in decision making, 1964–88, meta analysis, 21262
psychophysiology & experimental methods, quantifying acceleration induced loss of consciousness, implications for aerospace medicine, 39166
qualitative research approach, understanding of complexity of ethnicity, high school students, 24106
qualitative research methods for studies in counselor education & supervision, 9976
questionnaire vs experimental data, evaluation of replicability of aggregate data, college students, West Germany, 35076
random assignment, design analysis of field experiment of intervention for spouse abuse, police personnel, 22682
random sampling & randomization & equivalence of contrasted groups in psychotherapy outcome research, 26784
ratio scaled version of scenic beauty estimation method, assessment of positive & negative landscapes, conference presentation, 20916
rational & empirical epistemologies, theory development & evaluation & research methods & application, commentary, 10520
recording system based on video system & memory card & personal computer, tracking of movements, isolated microorganisms, 3895
requirements & capabilities of Apple-Psych system for real time psychological experimentation, conference presentation, 7022
research approaches, cross cultural study of childbirth, 22199
research design & methods, psychopharmacological alcoholism research, literature review, 27329
research methodology in organizational research, 3403
research methodology of investigations of suicidal behavior, preadolescent & adolescent psychiatric inpatients, literature review, 36790
research methods, estimation of prevalence & consequences of child sexual abuse, college students, 36758
research methods for analysis of neural substrates of anxiety, 12044
research methods instruction, college students majoring in communications, 20462
research strategies & techniques in cognitive neuroscience, 21499
retrospective method in study of recalled parenting & personality development, commentary, 15518
retrospective method in study of recalled parenting & personality development, commentary reply, 15532
revision of Freud's tally argument, 33766
S assignment in experiments measuring effects of prenatal X-rays on open field behavior, fluctuation in results, rats, 18244
sampling issues & use of multipoint mapping in genetic linkage studies, patients with psychiatric disorders, conference presentation, 1710
scientific methodology of psychoanalysis, 33754
selection vs construction procedure, social desirability bias in assessment of use of message strategies in compliance gaining research, college students, 15421
sex & area of science achievement, attitudes toward scientific research, gifted high school students, 10235
simple IBM AT C language timer, 21028
social psychology methodology for research on feminism, 22269
strategy for effective use of soft data in randomized controlled clinical trials, 24684
stress interview vs mathematical vs cold pressor tasks as techniques for stress induction, BP, normotensive vs hypertensive adult males, conference presentation, 678
task comparison methodology for memory measures, 1911–87, literature review, 10845
teaching importance of accuracy in research, experimental psychology, graduate students, 30876
technique for recording intracellular electrical activity from spinal motoneurons during treadmill walking, cats, 4101
theory & methodology for studies on executive leadership & organizational performance, top level personnel, 13801
theory testing vs result centered research, confirmation bias & scientific progress, commentary, 10513
theory testing vs result centered research, confirmatory bias & scientific progress, commentary reply, 10514
theory testing vs result centered research, confirmatory bias & scientific progress, commentary, 10523
training & supervision, interviewers, 6589
transcultural alcoholism research issues, Inupiat 15 yr olds & older, 1979, Alaska, commentary, 36855
transcultural alcoholism research issues, Inupiat 15 yr olds & older, 1979, Alaska, commentary, 36859
transcultural research problems in alcohol usage survey, Inupiat 15 yr olds & older, 1979, Alaska, commentary, implications for alcoholism prevention, 36839
trends in & validity of social psychology research methodologies, 8331
types of constant routine or control days & mathematical modeling techniques to minimize masking & sleep wake cycle, circadian rhythms of body temperature & urinary excretion, 28658
unitizing vs interpretive reliability in category coding systems, rating of nurse physician interactions, implications for nursing research, 6601
use & informativeness for linkage studies of protein polymorphic loci detectable through 2 dimensional electrophoresis, humans & mice, conference presentation, 591
use of Micro Experimental Laboratory library in undergraduate psychology research methods course, conference presentation, 38126
use of psychopharmacological agents, assessment of neurological bases of behavioral deficits following exposure to teratogenic agents, animals, 11232
utility of preaveraging vs postaveraging data in research on rhythms of activity, inbred strains of mice, 4172
variability in EPs due to sex & age & other effects, implications for methodology in schizophrenia research, 33080
visual analog vs verbal descriptor scales, measurement of intensity or unpleasantness of painful & near painful heat stimuli, 21–26 yr olds, 38729
yoga as framework in psychological research methods, 10543

Experimental Neurosis
serotonin in anterior limbic cortex, resistance to experimental neurosis, dogs, 32164

Experimental Psychology
beginnings of experimental psychology, Hungary, 28024
current convergence of behavioristic & functional & cognitive perspectives in experimental psychology, 14028
goals & interaction of experimental & clinical neuropsychology, implications for diagnosis & treatment of mental disorders, 40040
lack of systems perspective in training & research, psychologist university professors, 1890–1935, 31520
online computers in experimental psychology course, conference presentation, 38121

philosophical & psychological constructs, A. Michotte's experimental investigation of perceived causality, 28196
software package for cognitive psychology & perception research methods laboratory, conference presentation, 38117
teaching laboratory psychology, reprint of E. C. Sanford's 1891 article, 6645
Experimental Replication
component oriented approach to replicability in social & mental health program evaluation, 37626
joint design of participation & goal setting experiment, resolution of conflicting results between Es, adult business students, 10539
meta analytic methodology using ANOVA for comparison of interaction effects in 2 or more experiments, depression & outcome frequency & judgment of control research, college students, 35392
questionnaire vs experimental data, evaluation of replicability of aggregate data, college students, West Germany, 35076
Experimental Subjects [See Also Experiment Volunteers]
attrition & testability of Ss in research & methodology, Alzheimer's disease patients, followup study, 7024
ethical considerations & risks in HIV antibody screening, Ss in pharmaceutical research, 5728
ethical principles for human subject committees & protection of rights of Ss & sexual scientists, 13387
ethics of use of experimental Ss in parapsychological research, 7004
informed consent procedure regarding aversive stimuli, psychophysiological correlates & self report of anxiety, college students, 35667
intellectual & personality functioning, 43–84 yr old continuing vs experimental dropouts, longitudinal study, 1430
issues & guidelines for research & instruction related testing for student training purposes, children in campus based child care facilities, 31278
medical & demographic characteristics & agreement to participate in & actual return of research questionnaire, mothers & their high risk neonates discharged from intensive care, 40501
method for tracking mobile experimental Ss, containment of attrition in school based research, junior high school students, 20423
participation in experiment assessing effects of access & holding own obstetric records, feelings of involvement, females, 30579
participation in longitudinal study, perception of caregiving & coping strategies, 25–84 yr old family caregivers, 40832
policies & requirements & educational value & compliance with APA ethical guidelines, undergraduate & graduate psychology departments with S pools, 34617
problems in use of significance test in studies of nonrandomly assigned subjects, 7267
religious affiliations, patients in mental health research samples, 1978–82, 22582
roles & rights & responsibilities, college students serving as Ss in psychological research, 10073
S assignment in experiments measuring effects of prenatal X-rays on open field behavior, fluctuation in results, rats, 18244
scientific value & ethical requirements for research involving humans, 3008
SES, recruitment bias in research participation, 25–40 yr old White vs Black female professionals or managers or administrators, 27919
sociometric peer rating procedure, peer interactions with preferred & nonpreferred peers & mood & loneliness, 5th graders, 22000
Experimentation [See Also Related Terms]
absolutist vs relativist vs universalist approach to cross cultural psychology, Piagetian research, 18509
accomplishments & difficulties & potentials for social network research using new interactive communication technologies, conference presentation, 4974
action research for social problems, 1980s, implications for community psychology, 4788
action research, problem specification & action plan effectiveness monitoring in personnel training & organizational development & management, 24275
activities of Alcohol Research Group, Scotland, 8909
addictive behaviors research group, modification of addictive behavior & development & evaluation of intervention methods & alcohol education programs, Scotland, 2918
alcohol, brain function & neurotransmitters & birth defects & role of genetics, animals, implications for treatment & prevention, 18399
alpha beta gamma change typology & organizational development research, commentary, 38393
alpha beta gamma change typology & organizational development research, commentary, 38410
analysis of research on attitudes & behavior prediction, adults, 17925
Animal Protection Law, use of animals in scientific research, Switzerland, 14069
animal welfare movement, regulations on animal experimentation, Finland, 14505
anthropological ethnographic methodology, organization development research, 27950
anthropological research bias & shamanism, 36249
anxiety concerning scientific research, college students, 10146
apparatus for controlling puff volume & consistent tar & nicotine values in cigarette smoking research, 38574
apparatus for delivery of square wave odor pulse in olfactory research, 37
applicability of motivation research model to occupational stress studies, 13832
application of leisure behavior constraint research, 17491
application of social psychological & evaluation research to energy information dissemination programs, 6958
applications of psychological treatment in hospice & palliative & psychosocial oncology, implications for research & practice, 16709
applications of visual & perception research to design of traffic environments, conference presentation, 6965
approaches to & functions of substance abuse treatment research centers, 16982
APT PC & APT II systems for creating & running psychology experiments without programing, conference presentation, 7045
assessment of quality of life & health status & functional status in clinical research, conference presentation, 36510
assessment of school health & health concerns & utilization of health services & lifestyle, 13–17 yr olds & parents & teachers & counselors & clergy, implications for school nursing, 8125
attitudes & cognitions in death education & research, 40873
attitudes about informing new patients of experimental results of study comparing methods of monitoring fetal heart during labor, doctors & midwives, 30584
attrition rate in study of health consequences of company closedown, 16–72 yr old employed vs unemployed shipyard workers, Denmark, 1983 vs 1984 vs 1985, 27942
avoidance of rituals of experimentation & superfluous statistics, scientific research, 28
background factors & biological variables in research on genetic liability for schizophrenia, conference presentation, 1585
basic research & therapies in Alzheimer's disease, 5610
behavioral science research on normal thinking & emotional expression & motor functioning in schizophrenia, 22557
beliefs about nature & epistemology of discourse, research style & methods, 4 authors from different disciplines, 21855
bias in RT & mental processing research, non-White adults, commentary, 306
brain neuroimaging & neuropathology, schizophrenia research, 22666
causal laws vs scientific explanation of human actions, application to free will, 10521
characteristics & functioning, cocaine abusing adults accepted for research vs outpatient treatment, 41085

characteristics & receipt of informational article, willingness to volunteer for clinical drug research, 55 yr olds & older, 21776
characteristics & reliability & validity of health measures in nursing research, 10641
characteristics of noncompliance & dropouts from epidemiological child psychiatry research, 8 & 13 yr olds, West Germany, longitudinal studies, 8537
client studies, social services organizational & administrative decision making, conference presentation, 2746
clinical & research facilities & goals of National Institute on Alcohol Abuse & Alcohol Abuse & Alcoholism Intramural Research Program, 12270
clinical implications of recent alcoholism research, literature review, 23769
clinical situation & epistemiological problems in psychoanalysis, commentary, 9329
cognitive & emotional factors & illness state & type of approach & instrumentation, research on psychosocial behavior, hospitalized adolescents, 20172
cognitive strategy instruction research in laboratory & classroom, normal & learning disabled students, 24179
color video monitor with touch sensing system & microcomputer interface, experimentation with nonhuman primates, 24926
communication gap between mass media & interpersonal communication research, implications for collaborative influence of cognitive focus, 25329
community & group processes, impact on personal & social development, implications for psychological research, conference presentation, 36407
comprehensive national research & education effort, hypertension, conference presentation, 37058
concepts & methodologies used in stress response research, 32906
concepts of alcohol dependence in research & treatment, 12215
conceptual & methodological problems with use of retrospective self report in act frequency approach to personality research, 18940
conceptual confusion of terms stress vs strain, health literature, methodological implications, 8437
conceptual systems framework & methodological criteria for family therapy process research, 26863
conceptual validity & reliability in nontheoretical human science, 17693
conceptualization of framework of memory research & functionalism & distributed storage, college students, Sweden, 3864
consensus & controversy in psychotherapy research, 19808
construct validity in instrument development & modification for studies on nursing practice & research & theory associations, 10640
construct validity in social science research, 35106
construction & testing of microcomputer controlled bicycle ergometer apparatus, heart rate maintenance for psychophysiological research, male 30–35 yr olds, 35674
content analysis of sample characteristics & methodology of racial or ethnic minority focused research in "Journal of Counseling Psychology", 1976–1986, 6367
contextual factors & other issues in research on continuity of child development, 35996
contextualism as emerging model of psychological inquiry, 3520
contribution of nursing research & practice to spiritual care research in hospice, 23483
contribution of sociology to social movement & organizational & psychosocial aspects of hospice care, 23497
contribution of visual & auditory EP research to selective attention theories, humans, 25064
contributions to literature on personnel & management issues, organizational psychologists, Canada, 6851
coping concepts, biographical stress & coping research, commentary, 32874
core article approach to devising laboratory projects, psychology education, college students, 31033
courtroom use of research on rape trauma syndrome to corroborate prior nonconsensual sexual intercourse accusations, 39817
covert reliability checks & interrater reliability for videotape child development observational data, literature review, implications for research methodology, 4566
critique of partialling approach to control for family variables in sexual abuse effects research, 8773
cross cultural examination of acts & dispositions & personality, commentary, 32846
cross cultural perspective on meaning & applicability of infant development studies, 4567
cultural bias in research literature, philosophical approaches & theoretical frameworks & sampling & instrumentation & data analysis, Black adolescents, 35993
cultural differences in therapy & research in psychosomatic medicine, conference presentation, 16769
cultural dimension in epidemiological research on eating disorders, 16184
culturally sensitive mental health research in studies of minorities, 26000
current knowledge & future needs in schizophrenia research, 22505
current research in attachment theory, female clients in brief psychotherapy, 40672
current state of foundations as funding mechanisms for psychiatric research, 33714
definition & characteristics of norm-of-reaction vs reaction range terms, description of phenotype expression of genotype in animal research, 399
design & construction of automatic pellet dispenser for research with birds, 26
design & implementation of mailed questionnaires in survey research, applications to psychoanalysis studies, conference presentation, 14058
design research, development & refinement & communication of facility standards & design, US Postal Service, 20911
development & evolution of psychological & psychiatric & sociological approaches to suicide research, conference presentation, 8810
development & testing of manipulations of involvement in advertising research, 41548
development of computerized database of patient history & related information, schizophrenia research, conference presentation, 8627
development of typology & attitudes toward enrollment of patients & participation in randomized clinical trials, physicians specializing in treating breast cancer, 3059
development of work stress research, 1960 to present, Italy, literature review, 13849
developmental psychobiology & child development research initiatives, drug abuse treatment, adolescents, 16974
developments & need & potential of research into schizophrenia, 33045
diagnostic validity & reliability & specificity, schizophrenia research, 11974
dimensions of discrimination among psychosocial factors & research purpose in chemotherapy research applied to psychotherapy phenomena, 37364
doctoral dissertation research in rehabilitation counseling, 1984–85, bibliography, 41034
doctoral research & management development, 41432
dream description with transpersonal or transcendental experience, impossibility of objective experimentation & verification, 10873
E. E. Lawler's vs other motivation theories, model for guiding occupational therapy practice & research, 34353
educational research, role of content of learning & teaching, 30974
emotional reactions & psychological experimentation, infants, reprint of J. B. Watson's & J. B. Morgan's 1917 article, 4743
empirical statistical method for cross level & multilevel analysis in organizational research, 24697

English translation of T. Mayer's pioneering experimental work on visual acuity, 10748
epistemological & ontological issues & validity, methodology for cooperative experiential inquiry in human sciences, 24541
establishing interrater reliability for instruments in nursing research, 7190
establishment & activities of Canadian Council on Animal Care, regulation of use of animals in scientific research, Canada, 14063
ethical & practical issues & informed consent in conduct of family therapy research, 33907
ethics & AIDS vaccine testing, 40581
ethics & morality of & attitudes toward deception, psychological research, 24501
ethics & professional social responsibility in parapsychological research & publication, 14008
ethogenic research on client self instruction in counseling, 16839
evidence & skepticism regarding spontaneous & experimental poltergeist reports, 1977–78, England, 21007
expansion of scientific ideology in marital research & therapy, females, 40707
expansion of scientific ideology in marital research & therapy, females, commentary, 40704
expectations & pain & anxiety & distress during participation in psychobiological research, depressed vs normal 6–18 yr olds, 1724
experiences teaching & conducting research under Fulbright Act, counseling psychologist, Sweden, 13347
experimental LSD, creativity, artists, 7 yr study, 35832
experimental method & causality concepts in introductory psychology textbooks by R. S. Woodworth, 7019
experimental research & criticism of psi phenomena, literature review, 44 comments & author's reply included, 10507
extent of & factors influencing state funding for mental health research, 37727
external validity of applied studies & generalizability of laboratory research, students vs nonstudents, commentary reply & rebuttal, 7049
factors affecting decision to leave abusive relationship, limitations of research methodology & theoretical models, 1841
factors in development of genetic & epidemiological & prospective research, mental disorders, Denmark, 5339
factors in psychometric & qualitative reliability in psychological research, 17708
false dichotomy of interpersonal vs mass media communication research, intellectual costs, 25337
family violence research on female battering, 33234
FORTRAN callable subroutines for running laboratory experiments, conference presentation, 35067
frameworks for research on & assessment of biofeedback, 18195
francophone research in social gerontology, 1975–86, Canada, literature review, 39696
Fulbright Act, freedom to teach & perform research in other countries, counseling psychologists, US, 13381
functional research on deviance, literature review, 5416
fundamentals of clinical research in psychiatric training, 37979
funding & program development for Research Institute on Alcoholism, 1859
G-force induced hypoxia, taxonomy for description of unconsciousness states & safety limits in aerospace environments & experiments, 38330
generalizability of research in human factors & ergonomics, experimental design, 3449
goals of theoretical research in psychology, conference presentation, 3536
guide to peer counseling research issues & dilemmas, practitioners, educational implications, 30877
guidelines for parapsychological research, 7
historical changes in & cross cultural research on depression, 5324
historical overview of psychology's linkage with military structure in research in personnel selection & classification & training & human factors, 17450
historical perspective & current developments in bereavement research, 18980
history & cultural boundaries of & other research issues in social sciences, 35023
history & research & specialized fields of psychology, Mexico, conference presentation, 14002
history of computer applications, psychophysiological research, 14738
history of development of & research in client centered group psychotherapy, 26867
history of research on clinical psychology, China, 2239
history of space station program for investigation of long term microgravity, human physiology & countermeasures to physiological deconditioning, USSR, 38488
hospital based consultation liaison psychiatry research program, Canada, 13145
humanistic psychology & effective functioning, curriculum development & research & establishment of newsletter, 31528
hypothesis formulation & confirmation, qualitative vs quantitative studies, 36
hypothesis testing vs discovery oriented psychotherapy research, 5965
impact of family violence research on criminal justice policy concerning wife assault, 22700
impact of prevention/intervention research, parents of infants at risk for developmental problems, commentary, 20116
implementation & evaluation of theory based student development intervention programs, college students, 1973–87, literature review, 34838
implementation & evaluation of university computer workstation network systems for academic & research purposes, 41231
implementation of social work effectiveness research, implications for social work education, conference presentation, 2747
implicit assumptions underlying contemporary psychological theory & practice & research, 24502
implicit learning independent of awareness & methodological problems in experimentation, commentary reply, 38921
inappropriateness of "highly significant" term in empirical research, commentary, 31713
inclusion in NASA space research programs, behavioral scientists, 41525
increased quantity & quality of research on racial & ethnic issues & minority researchers & participation in Gerontological Society of America, theories on psychology of aging, 29180
individual difference vs structuralism approaches to study of thought & eidetic imagery, 28374
influences on social psychology research, 32764
information processing paradigm, public opinion research taking into account individual information processing & mass communication & social organization, 39722
informed consent & expectations & participation, volunteer experimental Ss, 28198
instrumentation issues in measurement of violence, psychiatric inpatients, literature review, 3611
integration of investigation & clinical care in psychiatry, implications for treatment & mental health personnel training, 41120
integration of morale & professional standards & research development for future of psychoanalysis, 20406
integration of psycholinguistic & neurological & psychological approaches, research in syntactic processing, 35340
interaction between E & S, cognitive performance in conservation experiment, children, 4594
interactive research in social psychology, 32766
interdisciplinary approaches to stress research, literature review, 5132
interpretation & methodological issues in E. C. Trautman's research on suicidal fit, Puerto Rican adolescents & adults,

US, implications for mental health programs & research, 22774
issues & findings from cross cultural research on severe mental disorders, conference presentation, 22590
issues & guidelines for research & instruction related testing for student training purposes, children in campus based child care facilities, 31278
issues in & need for biofeedback research on prevention of cardiovascular disease through BP control, at risk persons, 12812
issues in learning disabilities research in G. S. Coles's "The Learning Mystique", commentary, 29811
issues in research on incest trauma, adult incest survivors, 22687
issues in research on nature & meaning of leisure, Blacks & Native Americans & Hispanics & other ethnic minorities, 27985
issues in research on stress management & coping behavior in health care setting, 30560
issues in social psychology research, 36388
issues of & suggestions for research on school age child care, latchkey children, 36273
issues of practice & research liability following Tarasoff case, psychotherapists & researchers, 34443
joint research program based on written agreement & explicit student learning tasks, gerontological research, college faculty & graduate level social work students, 13388
KEKADA computer program, modeling of heuristics used by H. Krebs applied to scientific experimentation, 14060
lack of conceptual & operational clarity about stress & strain & coping behavior & style, problems in coping & occupational stress research, 34955
legal & political controversy surrounding report of Attorney General's Commission on Pornography, implications for psychologists, commentary, 29305
legal issues in sexology, 36326
life satisfaction research on gerontology, implications for service providers, 34166
limitations & appropriateness in construction & interpretation of psychiatric research scales, 3582
limitations & assumptions of research on perceived reality in TV, 4521
limitations of scientific research, communication disorders, commentary, 33445
limitations of scientific research, communication disorders, commentary, 33444
logic of research involving law of effect, scientific status of behavioral psychology, 7014
lumbar puncture for research, objective & subjective side effects, 6.5–19.8 yr olds with disruptive behavior disorders, 16729
mainstream vs peripheral topics of social psychology research, 32763
major research themes including psychometrics & acculturation & language issus, Hispanic Journal of Behavioral Sciences, 1979–88, 30866
manuscript preparation, published psychological research, 10542
marker variables, applied behavior analysis research, students with behavior disorders, 19901
measurement issues in Type A research, 1481
medical or coping strategies paradigms, research on response to nuclear threat, adolescents, 32539
mental health research in Federal Bureau of Prisons, 23804
method for tracking mobile experimental Ss, containment of attrition in school based research, junior high school students, 20423
methodological critique of research on healthy family functioning, literature review, implications for family therapy, 36290
methodological issues in Black racial identity counseling psychology research, 37750
methodological issues in Black racial identity counseling psychology research, commentary, 37754
methodological issues in research on & efficacy of interventions to modify Type A behavior, literature review, 9280
methodological issues in social support & social support network & health status research, literature review, 8455
methodological issues, therapist interpretation research in brief psychotherapy, 19825
methodological problems, study of psychosocial influences in AIDS onset & course, 40435
methodological problems with aptitude treatment interaction research, identification of characteristics related to treatment outcomes, therapy clients, 2254
methodological strategies for research in rehabilitation counseling, practitioners, 2864
methodology for etiological causal inference in psychiatric research, 1502
methods for estimating change in dispersion due to experimental treatments, 3674
microcomputer experiment building software & Excel worksheet, support for undergraduate psychology research apprenticeship, conference presentation, 38091
microlevel vs macrolevel brain research & magnetoencephalography of cerebral magnetic fields, 35598
middle school counseling interventions & techniques research, literature review, 31315
model of reciprocal relationships between basic & applied psychology research, conference presentation, 6854
models, empirical research & theories, 10524
models of false alarm rate calculation in signal detectability studies using method of constant stimuli, 38722
modification of coding scheme of M. M. Gill & T. Z. Hoffman, experience of analytic relationship, patients, conference presentation, 19773
motor behavior research types, special populations, 25998
multicultural perspectives & risk of researcher bias in socially sensitive research, commentary reply, 25707
mutual interest between psychiatry & cardiology in hypertension & Type A behavior & sudden death & physiology of emotional arousal research, 8496
narrative vs research case studies in art therapy graduate education, 38020
narrative vs research case studies in art therapy graduate education, commentary with reply included, 37988
nature & prevalence of identification criteria used in educational & psychological & medical research, school age children with behavioral disorders &/or emotional disturbance, 8807
necessity of & utility to scientific progress of reporting sex differences in psychological literature, commentary, 14054
necessity of & utility to scientific progress of reporting sex differences in psychological literature, commentary, 14062
need for & goals of national center for health professional education research, physicians & other health professionals, 41172
need for assessment of physical attractiveness, research on ratings of social skills & anxiety, 11720
need for attention to scientific standards in clinical neuropsychological research, 8975
need for consistent criteria & definition, research on personality correlates of bulimia, 2120
need for coordinated program of longitudinal & experimental studies, knowledge of causes & development of delinquency & crime, 15844
need for educational & professional practices designed to create positive attitudes toward clinical research, occupational therapists, 9989
need for research on generalizability & evaluation of critical thinking ability in education, 17098
need for research on nature & treatment of psychiatric disorders in psychiatric units & hospitals, children & adolescents, 27237
need to supplement clinical with experimental normal studies of laterality, 9237
objectivity of methodology in developmental psychology, childhood research, 21899
options for improved communications between alcoholism research & treatment, 16983
organizational & social psychological factors, cross cultural collaboration in social sciences, India & US, 11592

organizational case studies as natural experiments, methodology of objectivist research, 27947
organizational characteristics, state supported psychiatric research institutes, 37713
organizational innovation research overview, literature review, 38463
origin & influence of alpha beta gamma change typology & organizational development research, commentary, 38459
overview of current research on PTSD, 33083
overview of psychiatric research, Italy, 5245
overview of research on client characteristics & rehabilitation & treatment delivery at drug dependence clinical research & treatment unit of general hospital, drug addicted inpatients, England, 20315
overview of research on comparative visual psychophysics & neurophysiology, Brazil, 38762
P. J. Lang's theory of & research on emotional imagery, commentary, 35408
P. J. Lang's theory of & research on emotional imagery, commentary reply, 35400
parapsychological research into existance of psi phenomena, 44 comments & author's reply included, 10501
participation in drinking experiments, alcohol consumption & social & psychological adjustment, male alcoholics, 1 yr followup, 19370
participatory action research vs action science, commentary, 38389
pattern matching approach with multitrait-multimethod matrix framework, establishment of construct validity between theory & operationalization in research, 28161
pattern of marihuana smoking in experimental setting, 32–34 yr old males, 39293
perceptions of research papers & position papers/research reviews & books in special education field, professionals working with learning disabilities & mental retardation & behavior disorders, 34768
person organization fit model, interactional organizational research, 38396
personal trust, marketing & advertising research, managers & researchers, 17487
pharmacotherapy, violent & aggressive behavior, humans & animals, 2469
phenomenological approach to research on consciousness, 7502
physical characteristics of marihuana cigarettes of different potencies, 28826
physical limitations & consent forms & availability of test instruments & other methodological issues, gerontological nursing research, 37627
placebos in psychotherapy research, literature review, 2276
power to detect differences between alternative treatments in comparative psychotherapy outcome research, 1984–86, 26789
predictions of research publishing productivity, 30–74 yr old psychiatrists, 1978–84, New Zealand & Australia, 27442
pressure control device using compressed air, quantitative analysis of hollow organ sensations & pain, 674
prevalence of research & publications in Rorschach testing, 1950 & before to 1980, India, 36543
print oriented archival data sets as solution to page limitations in scientific psychological journals, 27462
problem solving processes in basic vs applied research in psychology, conference presentation, 6858
problems in conducting AIDS research & impact of sociocultural setting & methodology, developing countries, 40348
problems in diagnosis of somatization disorder from historical perspective, progress in research & clinical practice, 12451
problems of epidemiologic research in endemic war, Lebanon, implications for health professionals & public health, 32591
problems with distinction between functional & mechanistic models of foraging behavior, laboratory research, animals, 14623
problems with experimental control in social work effectiveness research, conference presentation, 2738
problems with grounded theory as research paradigm, teachers, 41179
procedure for research on veridical perception during near death out-of-body experiences in hospital setting, 30738
process product research, teaching, literature review, 31049
progress in understanding etiology & pathophysiology of psychiatric disorders, development of new psychotropic drugs, 1950 to present, 34113
promotion & development of experimental analysis of human behavior through interdisciplinary research, implications for operant psychology, 10509
proper vs improper usage of statistical comparisons between racial groups in research, Blacks vs Whites, 14053
psychiatric genetics & diagnostic classification of experimental data, family members & twins with schizophrenia vs affective disorders, conference presentation, 1748
psychoanalytic theory, implications for research methodology, 31515
psychodrama outcome research, 1952–85, 2280
psychological research in music & music education, 954
psychological research, prevention & etiology & treatment of AIDS & HIV infection, 12332
psychological research productivity & quality of university departments assessed by number of articles published in APA journals, commentary, 27440
psychological studies of behavior & experience, tourists, 3493
psychometric model of quality of life in psychosomatic research vs traditional medical model, 5842
PTSD research, treatment implications, 40071
qualitative approach vs scientific method, speech pathology research, commentary, 12318
qualitative educational research traditions, Great Britain & US, commentary, 23915
qualitative research, assessment of needs of consumers of community mental health services, chronically mentally ill, Canada, 6321
qualitative research methods in university campus child development laboratory schools, child development research & training of early childhood teachers, 30975
qualitative structured interview, description of role of leisure, 66–73 yr olds in exercise program, 36197
quality of dialogic vs empirical data in construction of social reality in behavioral & social sciences, 14036
race & ethnicity & social class differences in leisure time & recreation research, 10490
random sampling & randomization & equivalence of contrasted groups in psychotherapy outcome research, 26784
realism, conceptual & methodological foundations of social psychology research, 1342
reasons for & factors affecting attrition rates in bereavement research, widowed males & females, West Germany, experimental sampling implications, 39982
reasons for decline in public debates & scientific work on cannabis, 8900
recent research in physiological psychology, animals, German speaking countries, literature review, 11005
recommendation to consider "undetermined deaths" as probable suicides in research, former psychiatric patients, 15672
recruitment for investigation of sleep/EEG measures as biological markers for early stage Alzheimer's disease, healthy 55 yr olds & older, 9236
reduction in funding to universities & Research Councils, psychiatric research, Great Britain, 5112
relevance of psychiatric research to clinical assessment & treatment, psychiatric inpatients, 2833
relevance of psychotherapy research to practice, conference presentation, 26817
relevance of research teaching in postgraduate psychiatric education, developing countries, conference presentation, 27475
relevance of voice identification research to legal criteria for evaluating reliability of earwitness identification, 39808
requested degree of symmetry, construction of dot pattern matrices for use as pattern set stimuli in research, college & graduate students, Japan, 35294

research & characteristics of public organizations & managers, literature review, 41444
research & models of teacher thinking, conference presentation, 41199
research activities & resources related to traumatic brain injury, 9095
research considerations in study of development, visually impaired children, conference presentation, 30042
research design & methodological issues in alcoholism treatment outcome research, 20299
research design for psychiatric hospitals, assessment of patient status & treatment & hospital characteristics & aftercare settings, literature review, 28036
research emphasis & status of organizational psychology, Canada, 6853
research findings, prediction of delinquency, 15892
research in alcohol use & abuse epidemiology, Latin America, 36820
research in classical conditioning processes, commentaries & reply included, 31897
research in factors of & responses to bereavement, literature review, 5072
research in genetics & virology & immunology related to schizophrenia, 22528
research in neurochemistry & neuropharmacology, neurobiology of schizophrenia, 22541
research in social support networks, nurses, 1978–86, literature review, 41158
research issues & problems in studying noncompliance with prescription drug regimens, elderly minority females, 37529
research issues in counseling psychology, 17037
research limitations & public policy making, sexually abused children, 33285
research method innovations & role of humanistic psychologists, study of humans as self determining active agents, 24523
research of World Health Organization on mental disorders & their treatment, 36684
research on characteristics & treatment of arterial hypertension, USSR, conference presentation, 37149
research on cognitive mediation, impact on counseling & psychotherapy, 26798
research on counseling as social influence process, literature review, 37307
research on development of giftedness, 25387
research on impact of psychotherapy on health care utilization & costs, Medicaid users, Hawaii, conference presentation, 5938
research on infant mother relations, reinterpretation of attachment theory & Ainsworth Strange Situation, Japan, 15151
research on quality of life & psychosomatic change in biomedical research & clinical practice, 23496
research on writing process & competence, children with learning disabilities, 1984–88, literature review, 33416
research opportunities in treatment & services, schizophrenia, 23097
research paradigm utilizing endogeneous components of EPs, study of cognitive processing, 25038
research perspectives on human resource management & development in public sector, literature review, 38378
research practice & content analyses of research reports, development of research relationship in community psychology, psychologists, 3062
research priorities for assessment of alcohol treatment outcomes, 41073
research priorities in transition from hospital to community settings, 14–21 yr olds with head trauma, 2677
research productivity of graduate psychology departments based on number of articles published in APA journals & reputational ratings, commentary, 27435
research productivity of graduate psychology programs based on number of articles published in APA journals & reputational ratings, commentary, 27400
research productivity of graduate psychology programs based on number of articles in APA journals & reputational ratings, commentary reply, 27426
research productivity of graduate psychology programs based on number of articles published in APA journals & reputational ratings, commentary, 27463
research questions on gender roles & educational status & experiences, Native American female college & graduate students & professionals, 11591
research trends & psychosocial assessment issues in hospice care & death & dying theory, 23495
research vs practice in mental health counseling field, commentary, 30683
researcher vs practitioner perspective of research, prison crowding & policy making, 6575
resources in schizophrenia resources, 22507
review & evaluation of research studies published in Theory & Research in Social Education, 1979–86, 20492
revised research strategy, Type A behavior & stress, 28681
role ambiguity between teaching & research, social psychologists, 34585
role of culture & race & sex in socially sensitive research & risk of researcher bias, commentary, 25689
role of culture & race & sex in socially sensitive research, commentary, 25694
role of E. M. Jellinek in alcohol studies, 19382
role of science & theory in methodology of social psychology research, 1341
role of theory in cognitive psychophysiology research, 702
role of theory in research & psychotherapeutic treatment, 37270
roles & rights & responsibilities, college students serving as Ss in psychological research, 10073
sampling artifact in University Grants Committee evaluation of research performance, England, 31711
schizophrenia research at National Institute of Mental Health, 1954–87, 15744
school psychology research, Australia, 41185
school psychology research, China, 41182
school psychology research, Israel, 41184
scientific & practical value of participatory action research in social sciences, 38467
scientific method vs qualitative approach, speech pathology research, 12321
scoring & administration & clinical utility of studies involving Family Concept Assessment Method, measurement of family relations, implications for family therapy, 29206
self actualization in study of human development, elderly, 18521
sex, research & publication experiences, 23–67 yr old members of American College Personnel Association, 23946
skills & experience needed in marketing research & experimentation, 10470
Skinner's behavior analytic theory as scientific explanation & role of B. L. Whorf's linguistic relativity, 7009
smokeless tobacco research, US, literature review, implications for drug education, 36375
social & political & economic factors & major issues in school psychology research, South Africa, 31255
social cognition theory & research on stress & coping, 39949
social context & scientific orientation, empirical study of creativity, 36463
social structural & contextual bases of human experience as new direction for theory & research in sociological social psychology, 36387
sources & nonorthogonal nature of risk factor correlations & methodological & data analytic procedures, application to research on high risk etiology of psychopathology & maladjustment, 36711
special education research methodology, conference presentation, 20637
specificity vs nonspecificity & individualized vs normative weightings of stress, life event research, 32910
sport psychology research, India, 20982
statistic for summarizing ranked item survey questions, implications for leisure research, 31724

statistical accuracy of microcomputer vs mainframe computer programs used by doctoral students, 31539
statistical analysis & interpretation & reporting of results, published psychological research, 10541
statistical selection errors, alpha errors in parapsychological research, conference presentation, 24513
statistical significance criterion in management research, implications for experimental design, 38710
status of & needs for research in learning disabilities as reported by & recommendations of Interagency Committee on Learning Disabilities, policy implications, 19455
status of research in mental health counseling field, 30689
status of research in mental health counseling field, commentary, 30690
stepwise regression in social & psychological research, 31718
strategies in adaptation & assimilation of educational field research, teachers, 10012
strategy for effective use of soft data in randomized controlled clinical trials, 24684
stress & limitations of field work research on police corruption, police department, 1974–80, Netherlands, 41419
structural multivariate practice model & questionnaire for health care social work, implications for service delivery & research, 6356
subroutine calls for simplification of upgrading computer hardware used for psychological experimentation, conference presentation, 7044
summary of conference on research findings in interpersonal violence, 29721
teratogenic effects of methylmercuric chloride vs d-amphetamine sulfate, pregnant rats, reanalysis of data to study reproductivity of treatment effects, 32292
themes & difficulties in contemporary psychotherapy research, 12715
theoretical & design validity analysis of modeling & imitation & observational learning procedures in remediation studies, autistic or learning disabled or mentally retarded children, 1979–88, 41342
theoretical & methodological considerations in study of stress & coping & health, 5032
theoretical & methodological developments in coping research, West Germany, 5052
theoretical & practical issues in learning disabilities research in G. S. Coles's book "The Learning Mystique: A Critical Look at 'Learning Disabilities'", 29796
theoretical perspectives & empirical research on pedagogical interaction & communication & social intercourse, Czechoslovakia, 6644
theoretical problems in research on role taking competence & performance, social structure, 25681
theories & research in managerial leadership, literature review, 41446
theories for intergenerational programing & research, 40884
theory & research & application, thanatology, 9634
theory & research on & therapy of communication disorders, commentary, 33434
theory & research on & therapy of communication disorders, commentary reply, 33441
topics & design & findings of research on bereavement, Israel, literature review, 5016
traditional vs modern synthetic theory of evolution, research in behavior & learning & gender differences & adaptation & interaction with environment, humans, 21011
training & research & textbooks in educational psychology, 1910–25, 17024
transactional analysis & outcome & process research in social psychology, applied vs basic research, commentary, 22310
transactional analysis & outcome & process research in social psychology, implications for applied & basic research, 22306
transactional approach, basic & applied research in social psychology, commentary, 22313
traumatic stress research, 33068
trends & findings & directions in sport research, physically handicapped, 5615
trends & research & future directions for study of careers in organizations, literature review, 41454
trends in research of humor development, children, 35991
trends in research topics & animals studied, behavioral endocrinologists publishing in journal 'Hormones & Behavior', 1970–86, 4194
types of funding for mental health or substance abuse research, 37214
underreporting of psychoactive drug regimens in research & special education journals, mentally retarded, 19919
understanding of communication process & nature of knowledge & research as intervention vs observation of communication vs social processes, 25335
university & government collaboration in intervention research & programs, runaway & homeless youths, 34239
use of meta analysis, empirical educational data, normal vs hearing impaired students, 3305
use of nonparticipants in data collection & research design, organizational researchers, 31541
use of secondary data sets in leisure research, 1980–84, 35022
validity issues in sport behavior research, 21000
validity of claimed statistical or clinical significance in psychological research using MMPI, 31719
validity of empirical evidence in parapsychology, 28005
validity of qualitative research interview, 21030
value of cross cultural comparison studies with Eysenck Personality Questionnaire assessed by analysis of factor scores, 14071
vulnerability & risk perception & behavior & social psychological effects of natural vs technological disasters, literature review, implications for research, 10436
W. J. Crawford's research in psychokinesis & comparison with work of K. Batcheldor & C. Brookes-Smith, 21002
Work Load Point System for balancing teaching & research, college teachers, 34577
World Health Organization mental health programs & ethical issues in cross cultural collaborative research, conference presentation, 23595
5 step method for analyzing videotaped human actions, 14055

Experimenter Bias

acquaintanceship & analyst identity, idea quality & quantity, focus groups of acquaintances vs couples vs strangers, 15442
bias in observation of marital & family interactions, raters, 32687
characteristics of examiner, validity of research literature on self reported drug use, elementary & high school & college students, 1972–82, 4926
cognitive functioning of evaluator, assessment of knowledge acquisition, 10779
compensation techniques for selectivity bias in analysis of survey network data, 3670
computerized instruction & researcher intervention, conceptions of variables in mathematics, 13 yr old students, 31069
E & group gender composition, evaluation of article written by male vs female job applicant, college students, 11770
E demand in balanced placebo design, commentary, 10532
E demand in balanced placebo design, commentary reply, 10535
E presence, anxiety & anagram performance, college students, 7399
E support & informed advice during followup study, mother child interactions, 3 yr olds & their adolescent &/or unmarried mothers, 3 yr followup, 22198
estimation of smaller of 2 true mean or median RTs & alternative estimation procedures, bias in testing RT race models, 21170
examiner familiarity, test performance, White vs Black vs Hispanic students, meta analysis, 17306
interaction between E & S, cognitive performance in conservation experiment, children, 4594
liberal ideological bias in reporting results for research into authoritarianism & conservatism, 32895

responses to sex questionnaire administered by psychologist vs priest vs rabbi, students at nondenominational university vs Catholic college, 11706
sex of E, female body size estimations, college females, 18982
Experimenter Expectations
E demand in balanced placebo design, commentary, 10532
E demand in balanced placebo design, commentary reply, 10535
Es' expectancy of sex differences, performance on field dependence tests, male vs female college students, 36489
Experimenters
concept mapping, structured conceptualization of nursing care, nurses vs patients vs nurse researchers, implications for caring theory development, 30622
dynamics & problematics of "member validation procedures" & corroboration of accounts, psychiatric emergency team members vs researchers, social science research implications, 17535
E & self monitoring, perceived exertion during exercise, male vs female college students, 17489
E provenance & ingroup indentification, ingroup bias in describing Belgian vs North African students, 17–24 yr old college students, Belgium, 25848
ethical principles for human subject committees & protection of rights of Ss & sexual scientists, 13387
fairness instructions & introduction of 2nd E, conservation task, 4–6 yr olds, 11409
fieldwork relationships on hospital AIDS ward, researcher & staff nurses & patients, 16880
formation of ambivalent attitudes toward animal killing in experimentation, Es, 21340
multiple Es, preferences for broods of 3 vs 6 vs 9 ducklings, mallard ducklings, 7598
Expert Testimony
admission of expert testimony on rape trauma syndrome, Supreme Court of Kansas, 1982, 4868
Bayesian decision theory framework, assessment of social scientists as expert courtroom witnesses, 15370
bias & expert testimony in adversarial proceedings, clinical psychology graduate students retained by plaintiff vs defendant in hypothetical case, implications for mental health professionals, 39838
case law concerning admissibility of testimony about neurological status of personal injury litigants, clinical neuropsychologists, 1291
courtroom experiences & opinions on eyewitness testimony issues, eyewitness testimony experts, 39825
DSM-III classification & expert testimony in "cult" litigation, psychologists & psychiatrists, 1277
educational expert testimony regarding misconceptions about rape & rape victim behavior in rape jury trials, compensation for or alleviation of societal bias against complainant, 39849
ethical issues & exceeding limits of expertise in forensic practice, psychologists, 13409
ethical standards for serving as expert witness or consultant in court, psychologists, 1257
expert psychological assessment of eyewitness testimony, judicial decision making, 11660
expert psychological testimony, decision making in eyewitness identification cases, experienced jurors vs college student mock jurors, 39806
expert testimony in child delinquency & custody & visitation & abuse or neglect issues, family therapists, 36329
expert testimony, reliability of eyewitness memory in criminal cases, 8279
forensic use of hypnosis for testimony & treatment, witnesses & crime victims, 22252
frontal lobe impairment, criminal behavior, implications for forensic neuropsychological testimony, 1265
general standing of computer assisted psychological evaluations as legal evidence in courtroom criteria, 36306
history of & basis for mental health expert testimony, 39845
impressions of cross examination tactics against expert witness, college student mock jurors, 39814
legal & ethical issues of role as consultant vs advocate in expert testimony, psychiatrists, 1248
legal background of social framework testimony in employment discrimination cases, social psychologists, 39815
legal principles applied in assessment of personal injury litigants, psychiatrists, 25783
malpractice insurance & ethical principles & standards & role as defendant or expert witness, licensed professional counselors, 36327
medical testimony on PMS & dysmenorrhea & temporary insanity, not guilty verdict in murder trial of M. Harris, 1865, case report, 18833
multidimensional role of expert witness in compulsive gambling cases, 25788
opinion testimony & "ultimate legal issue" issue, mental health professionals, 39844
perceptions of medical vs psychological expert witnesses, experimental & clinical psychologists & psychiatrists & attorneys, Canada, 11670
problematic & often premature expert evidence, psychologists, 39855
problems with expert testimony in child abuse cases, educational psychologists, England, 22225
problems with hypnosis in forensic context & evidence law of admissibility, conference presentation, 29268
psychological evaluation of battered females accused of homicide or assault, mental health professionals as expert witnesses, 9953
psychological expertise, creation & modification & adjudication of responsibilities & excuses, 25791
psychological knowledge base, civil class action suits, 25773
purpose & effectiveness & influence of expert testimony, 18th & 19th century, 39840
reliability & validity of clinical judgment & legal standards for expertise, psychologists testifying as expert witnesses, 11643
role & function in child custody disputes & issues of privileged communication & confidentiality, mental health personnel, 39801
role in testifying & decision making in insanity defense cases, psychiatrists, 2994
rules of testimony & evidence, social workers as expert witnesses, 39816
scientific evidence &/vs history of legal & medical myths concerning intoxication, criminal offenders, implications for medical testimony bias, 8822
Supreme Court decisions regarding role of expert testimony & privilege against self incrimination & competence for execution, mentally ill criminal defendants, conference presentation, 1285
type & timing of expert testimony, judgment, college students as jurors in simulated rape trial, 1250
use of DSM in judicial contexts, implications for introductory statements in DSM-III & DSM-III-R, conference presentation, 36322
usefulness of expert testimony in courtroom, psychiatrists & psychologists, 32729
Expertise [See Experience Level]
Exploratory Behavior [See Also Animal Exploratory Behavior]
development of exploratory behavior, infants, 1896–1987, literature review, 11391
exploration, divergent & convergent problem solving ability, preschool players vs nonplayers, 11394
individual differences in exploratory responses to novel stimuli, 3–6 yr olds, replication, 18573
intensity & novelty of toys & temperament, latency to approach & grasp toys, infants observed between 6.5 & 13.5 mo old, 11519
irregular mouthing & nonnutritive sucking & oral exploration & familiarization, visual preference & recognization of nubby vs plain rubber nipple, 1 & 2 mo olds, 4633
nonintrusive adult support involving immediacy cues or modeling, exploratory behavior, learning disabled children, 19897
software tools for exploratory learning, 10–16 yr olds, 31031

theories of attachment to caregiver & wariness of strangers & exploratory competence, applied & public policy, infants, 39608
Exposure Time (Stimulus) [See Stimulus Duration]
Expressions (Facial) [See Facial Expressions]
Expressive Psychotherapy
alexithymia concept in & social class & cultural problems with expressive verbal psychotherapies, late 19th century, 2305
climatic expression in Bio Psychotherapy, reversal of dysfunctional moods & enhanced self esteem, psychotherapy clients, 40654
dynamic & expressive approach to brief inpatient group psychotherapy, schizophrenic inpatients, implications for therapist recognition of appropriate techniques, 16458
Expulsion (School) [See School Expulsion]
Extended Family
applications of circumplex model to integration of nuclear & extended family systems, extended ethnic families, implications for family therapy, 32688
factors influencing extended family formation & child & family development, Black families, 25758
support group, adjustment, grandparents & extended family of children with delayed development or mental retardation, 19842
External Ear
auditory stimulation in ear canal, reliability of spontaneous otoacoustic emission suppression tuning curve measurements, female 23–38 yr olds, 14352
external ear stimulus resonance characteristics, 3–13 yr olds, 32375
movement of jaw relative to skull, sound in ear canal, adults, 17819
vertical vs horizontal wires, obstacle localization & avoidance performance in flight, greater horseshoe bats with pinnae immobilized by nerve & muscle lesions, 21701
External Rewards
concurrent schedules & extrinsic vs intrinsic rewards, intrinsic motivation, male college students, 28355
extrinsic reward valences, motivation & research productivity, business faculty members, 34559
importance of extrinsic vs intrinsic rewards of running, blue vs white collar marathon runners, 10485
intrinsic motivation training, negative effects of reward on motivation & creativity, 3rd–5th graders, 36047
preference for strategies promoting intrinsic vs extrinsic motivation in elementary school students, college students & parents, 17131
Externalization
videotape as externalizing object in drama therapy, 14 yr old male with dysthymic disorder, case report, 37245
Extinction (Learning)
acquisition & partial reinforcement extinction, heart rate & skin conductance, college students, 39160
acquisition & retention & reversal & extinction of spatial discrimination in radial maze, cholinergic uptake in hippocampus vs magnocellular forebrain, mice, 18169
acquistion & performance & extinction of conditioned forelimb movement, Purkinje cell spike activity, decerebrated ferrets, 4123
ACTH, long lasting recovery of partially extinguished active avoidance response, male rats, 25184
alpha flupentixol, response latency & extinction of pretrained place or cue spatial navigation swimming tasks, decorticate vs hippocampectomized female rats, 35915
amphetamine, multitrial partial reinforcement extinction effect in operant chamber, rats, 35807
amphetamine, multitrial partial reinforcement extinction effect, rats, 35806
baseline conditional emotional response procedure, detection of delay conditioning & incubation & extinction & spontaneous recovery, rats, 3930
behavior disruption with novel stimulus vs signal nonreinforcement in discrimination training, signal generated partial reinforcement extinction, rats, 28419
benzodiazepine antagonist RO 15-1788, food rewarded alley running on continuous vs partial reinforcement schedule, rats, implications for partial reinforcement extinction effects, 4376
change after reinforcement vs elapsed time, pecking rate under VI component of multiple VI extinction schedule, male pigeons, 38989
chronic aluminum sulfate, cognitive consolidation & extinction of passive avoidance task & hippocampal muscarinic receptor quantity, male rats, 28833
chronic prenatal ethanol induced hippocampus damage, single patterned alternation vs partial reinforcement extinction effect, rat pups, implications for role of hippocampus, 11130
chronological account of Pavlovian conceptualization of reinforcement & extinction & formulation of generalization & differentiation of conditioned reflexes, 38996
combined continuous & partial reinforcement schedules, response persistence during extinction, mentally retarded 5 & 6 yr old males, 6107
context & encoding & retrieval, reacquisition following extinction, rats, 14510
contextual stimuli, conditioning & extinction & reinstatement in appetitive conditioning, female rats, 35441
continuous food reinforcement & FR responding & extinction, rate of yawning, adult male macaques, 17945
continuous reinforcement, extinction of problem behavior previously maintained on variable reinforcement schedule, dog, 3909
cue stimulus to forget, transfer to unfamiliar stimuli, pigeons, 7536
diazepam & extinction & open field exposure, retention of shuttle avoidance task, rats, 4455
diazepam, effect of additional training & extinction on retention of active avoidance learning, rats, 21798
diazepam vs pentylenetetrazol, response to time dependent extinction trials following discrimination acquisition, male rats, 18286
dose level of mephenytoin & multiple VI extinction schedule, response rate, pigeons, 14934
duration of exposure to drug related cues, extinction of craving, opiate or solvent abusing clients, 6510
epinephrine vs ACTH-(1-24) vs lysine vasopressin, extinction blocking & retroactive interference in inhibitory avoidance task, female rats, 25246
exposure therapy & conditioning procedures, neuroendocrine effects response prevention, animals & phobic humans, 30397
extinction & counterconditioning, acquired evaluative value, college students, replication, implications for behavioral treatment, 31872
extinction of differential heart rate classical conditioning to tone, rabbits with bilateral auditory vs visual cortex lesions, 28785
extinction procedure, reassurance seeking behavior, 11 yr old male with obsessive compulsive disorder, case report, 23325
fixed time & FI reinforcement & extinction, superstitious behavior, pigeons, 14527
haloperidol, partial reinforcement extinction effect, rats, implications for neuroleptic action on reinforcement, 14847
haloperidol vs phenoxybenzamine vs propranolol vs atropine, ACTH induced delay of extinction of active avoidance, rats, 32149
hemidecortication vs unilteral lesions of parietal cortex, simultaneous extinction of bracelet removal from ipsilateral vs contralateral paw, male rats, 18261
hypocapnia, delayed extinction to classical conditioned anxiety, 19–34 yr olds, 19644
interpolated VR vs continuous reinforcement prior to extinction, inappropriate behavior, severely mentally retarded male 8–10 yr olds, 6101
molecular analysis of reinforced vs nonreinforced response specific inhibition & extinction, animals, 155
multiple FI extinction schedule, response rate of extinction induced aggressive behavior, 4.2–5 yr olds, implications for

comparison with animal extinction induced behavior, 32455
periaqueductal gray lesions or preexposure or extinction, long term habituation of acoustic startle response, rats, 14782
pimozide pretreatment, VI operant response rate & free feeding & extinction, rats, 14954
prefrontal cortex or hippocampal lesions, avoidance conditioning & reversal training acquisition & extinction, adult vs weanling male rats, 28757
presession handling cues, spontaneous key pecking recovery after extinction, pigeons, 38993
pretrial vs intertrial food rewards, runway extinction, rats, 14555
reinforcement probability using 1 vs 2 schedules, persistence of learned behavior & generalization of persistence & extinction in dual task performance, college students, 28338
reinforcement schedule changes & criterion response, persistence of learned responses, college students, 14470
response contingent vs noncontingent vs en masse food pellet delivery with vs without blocked acquisition of new response, interference effect in learning & extinction, male rats, 35460
response variation vs spatial strategies, extinction of operant vs instrumental learning, male rats with fornix transections, 7813
return of fear after partial or complete extinction, humans, literature review, implications for behavioral treatment of fear, 28358
sensory extinction & overcorrection, suppression & generalization of self stimulation, autistic 7.2 & 12.8 yr olds, 19896
sensory extinction vs response contingent physical immobilization or distasteful solution, self injurious arm biting, male multiply handicapped 6 yr old, 19895
sex & early gonadal steroids & postpubertal gonadectomy, acquisition & extinction of single alternation response in discrete trials lever pressing, rats, 18205
shock escape training & trials of regular vs punished extinction, alley segment preshock vs shock cue & resulting fear & self punitive behavior, male rats, 28434
short term in utero ethanol exposure at 7–9 vs 14–16 days gestation, partial reinforcement extinction effect & physical & reflex development, rat pups, 11320
simultaneous vs separate presentation of CS signaling food & water, rate of extinction, rats, 14530
successive presentation of nonreinforcements, counting & discriminative responding by numerical difference in runway task, male rats, implications for extinction & learning, 21361
UCS reactivation treatment following extinction training, autoshaped responding, pigeons, 433
VR reinforcement vs concurrent extinction, transition state choice behavior, pigeons, 3945
6-OHDA induced lesions of dorsal noradrenergic bundle, plasma corticosterone & spatial alternation learning & extinction & habituation to novelty, male rats, 18269
6-OHDA lesions of dorsal noradrenergic bundle, disinhibition by propranolol vs chlordiazepoxide of nonrewarded leverpressing, male rats, 35721
Extracurricular Activities [See Also Fraternity Membership, Sorority Membership]
assignment by school & organization & promotion of student participation in curricular & extracurricular activities, male vs female secondary school teachers, India, 3083
choice of college majors & extracurricular plans & desires for service, academically talented high school juniors & seniors, 13579
classroom sessions with vs without structured after school activities, gang membership, at risk 8th graders, 24264
development of leadership potential through cocurricular activities & organizations, female college students, 24094
extracurricular activity participation in secondary school, development, adolescents, literature review, 10152
extracurricular career awareness program in psychology, high school students, 24259
goal setting & content for out-of-school learning activities, 9th–12th graders, 31146
high school size & demographic factors & extracurricular activities, extracurricular participation, college seniors, 38161
lifestyle & activity patterns & leisure time use, delinquency & criminal offenses, 14–15 yr olds, England, 1833
membership in student organizations, school involvement & perceptions & satisfaction, college students, 13557
nonacademic activities, learning disabled or mildly retarded vs regular education 10th–12th graders, 24172
participation & interest in leisure activities assessed by questionnaire, male vs female high school students, Australia, 1084
school size, participation in school based extracurricular activities, high school students, 17235
student characteristics, attitudes toward & participation in school & school activities, 11th–12th graders, 41297
utility of Piers Harris Self Concept Scale, prediction of nonverbal self confidence & participation in small group discussion & extracurricular activities, high school students, 17564
Extramarital Intercourse
age, attitudes toward adultery, female vs male 22–83 yr olds, 18844
attitudes toward adultery & social conventions governing sexual behavior, Hong Kong, 8298
coping & helping & treatment aspects of sudden death of extramarital partners, survivors, implications for social workers, 27178
husband's marital infidelity & "gaslighting" by lying & distorting reality so wife doubts own perceptions, wife's emotional reactions, implications for individual & marital therapy, 4840
including "other woman" in treatment of marital infidelity, couple who believed trio was close in previous lifetimes, 33903
liaisons with married males, exploration of sexuality & gender norms, unmarried female adults, 22279
psychoanalytic interpretation of "two woman phenomenon" as manifestation of narcissistic pathology & role of analyst bias in treatment, 37290
Extrapyramidal Tracts
apomorphine dosage with vs without cesium chloride withdrawal, climbing as index of pre- & postsynaptic extrapyramidal dopaminergic function, mice, 28952
chronic haloperidol vs SCH 23390, role of D1 vs D2 receptors in extrapyramidal syndrome, male monkeys, 39266
extrapyramidal side effects of neuroleptic therapy, differential diagnosis & treatment, patients with AIDS, 40805
Extrasensory Perception [See Also Clairvoyance, Precognition, Psychokinesis]
attitudes & personality traits, ESP performance, 19–30 yr old college students, India, 17504
background stimuli, displacement in ESP or clairvoyance, college students, 2
blindness, ESP & imagery, 1891–1933, 19475
causes & nature of displacement effect in ESP, literature review, 21003
classroom vs examination situation, ESP, 16–20 yr old high school & college students, India, replication, 5
cognitive style & type of target, ESP displacement, college students, 3503
displacement & psi missing effect, scoring on intended target, literature review, 14006
ESP performance during dreaming, adults, literature review, 21004
expectations about effects of psychological states, ESP, college students, 1
ganzfeld stimulation in general ESP task, 17–63 yr olds, 21005
geomagnetic activity, ESP experiences, 4
geomagnetic field activity & general ESP, commentary, 38556
mind body dualism & religiosity & belief in ESP, college students, 28029

precognition & real time ESP performance in computer task, male with history of success in laboratory tasks, 10506
real time audiovisual feedback, psi effect in computer games, 13–58 yr olds, conference presentation, 14004
temporal lobe lability & personality traits, persons reporting visitor experiences or contact with extraterrestrial or religious entities, 31510
use of sum of ranks & direct hits in free response psi experiments, 10505

Extraversion

additive model of genetic dominance, assessment of sibling correlation for extraversion, dizygotic vs monozygotic twins, 590
age & extraversion, arousal & performance on sustained attention task, 32–91 yr old males, 8429
age, changes in psychoticism & extraversion & neuroticism, humans across life span, 29122
arousal & structural task properties, recall of incidentally learned text, introvert vs extravert college students, 32838
attitudes toward Christianity & neuroticism & extraversion & lie scores on Eysenck Personality Questionnaire, 11–16 yr old males vs females, implications for correlation between religiosity & maturity, 15167
correlation of love styles with neuroticism & extraversion scores on Eysenck Personality Inventory, college students, 11828
dextroamphetamine vs phenobarbital, RT, male vs female introverted vs extraverted college students, India, 888
endogenous diurnal rhythms of energic arousal, cognitive & social & mood functions & extraversion, 20–55 yr olds, 4211
extraversion & neuroticism & individual differences, EP responses to tone pips elicited during meaningful vs meaningless speech passages, adults, 8425
extraversion & neuroticism & Type A behavior, self monitoring, adults, 25915
extraversion & neuroticism, alcoholic males 20–50 yrs old & older, India, 36845
extraversion & neuroticism, experimental & clinical pain & illness behavior, adults with myofascial pain dysfunction, 29963
extraversion & neuroticism, life satisfaction, 16–18 yr olds, Australia, 36136
extraversion & neuroticism, math factual recall & computation & understanding & application, female vs male 10–11 yr olds, 38157
extraversion & psychoticism & neuroticism & time of day, lemon juice induced salivation, 21–23 yr olds, Scotland, 18151
extraversion & social relationships & neuroticism, subjective well being, college students, 39964
extraversion & trait anxiety & self esteem & locus of control, social participation, college students, Canada, 8338
extraversion, decoding of nonverbal communication, college students, 22317
extraversion vs introversion & exposure duration, error detection in visually presented words, adults, 17792
extraversion vs introversion, nervous system properties, literature review, 18201
extraversion vs morningness, individual phase differences in circadian rhythms, college students, Yugoslavia, 4216
extraversion vs neuroticism vs emotional control, heart rate recovery following stress, college students, 11100
extraversion vs neuroticism vs psychoticism, CRs to weak vs strong appetitive vs aversive stimuli, 18–36 yr old males, 5063
extraversion vs psychoticism vs neuroticism, pupil size response to light & dark as measure of autonomic system balance, college students, 32878
extreme scores on Extraversion-Introversion & Neuroticism-Stability scales of Eysenck Personality Inventory, college students, 8421
fluoxetine vs ritanserin & extraversion vs introversion & level of sensation seeking, motor response time, male 20–32 yr olds, 28940
genetic & environmental factors, neuroticism & extraversion & impulsivity & monotony avoidance, monozygotic or dizygotic twins reared apart vs together, 15203
impulsivity & anxiety & extraversion & neuroticism, Type A behavior pattern, college students, Spain, 8442
individual differences in disinhibition vs extraversion, reflex amplitude recovery & spinal motoneuronal excitability, male vs female 18–30 yr olds, 4204
introversion vs extraversion & knowledge of results, reduction of Mueller Lyer illusion, 12–15 yr olds, 11505
introversion vs extraversion, circadian rhythms in body temperature, shift workers in chemical plant, 14714
introversion/extraversion & astrological sun sign, 19–61 yr olds, 11856
links between Eysenck Personality Inventory neuroticism & extroversion & lie scale scores & expressed emotion, mothers & fathers of schizophrenic children, 15755
locus of control & self esteem & alienation & extroversion, adults with neurotic depression, India, 33134
maze learning & anagram solving, extraverted vs introverted female vs male college students, India, 36483
motivation to believe that introversion or extraversion is related to academic success, perceptions of self as introverted vs extraverted, college students, 36411
neuroticism & extraversion & level of aspiration, science vs arts college students, 13594
neuroticism & extraversion & other personality characteristics & sexual behavior, 16–45 yr old married neurotic males vs females, India, 36630
neuroticism & extraversion, 41–60 yr olds with acute myocardial infarction, India, 37074
nonverbal expressiveness & self monitoring & extraversion, ratings of likability & physical attractiveness, college students, 8428
parental divorce & remarriage, extraversion & anxiety & tough poise & independence, male vs female college students, 8477
preparatory interval duration, RT, introverted vs extraverted college students, 10710
R. D. Laing's concept of ontological insecurity, extraversion & neuroticism scores on Eysenck Personality Inventory, college students, 11829
repeated visits to psychophysical laboratory, physiological & self report & behavioral measures of arousal, extraverted vs introverted college students, 4197
rewarding & punishing verbal reinforcers, verbal operant conditioning, female college student extraverts vs introverts vs ambiverts, India, 28324
scores on hardiness measure, Eysenck Personality Inventory extraversion & neuroticism scores, adults, 11836
sex & creativity & introversion vs extraversion, anagram problem solving, college students, 22409
sex & extraversion & neuroticism & body & facial self image, ability to correct distorted mirror image of own face, 15–55 yr olds, 22424
susceptibility to distraction & personality, 25–45 yr old neurotic introverts or stable extroverts, 32854
time of day & extraversion & self report arousal, attentional task performance, adults, 25941
time of day & extraversion & self reported arousal, executive vs automatic levels of control of sustained attention, college students, 38954
time pressure, performance on Eysenck Personality Questionnaire extraversion scale & WAIS subtests, 15–27 yr olds, 36492

Extrinsic Motivation

extrinsic reward valences, motivation & research productivity, business faculty members, 34559
intrinsic vs extrinsic control, reentrainment rate & circadian rhythmicity & light dark cycle adaptation, aggressive vs nonaggressive male mice, 11064
intrinsic vs extrinsic motivation & assessment of success, college students, tutors at disadvantaged elementary schools, Israel, 20437
intrinsic vs extrinsic motivational orientation, high vs low achieving 5th–6th graders, Puerto Rico, 20526

intrinsic vs extrinsic rewards & need for security vs need for self expression & higher vs lower level needs, career change, 22–65 yr old managers vs former managers, Canada, 38418
intrinsically vs extrinsically motivated tasks, emotional experiences, college students, 24902
job & personal characteristics, attractiveness of & interest in sacrifice for promotion, federal agency employees & 1st line supervisors, 17382
knowledge of results vs performance oriented tennis instruction, performance, 12–15 yr olds with intrinsic or extrinsic mastery motivation, 29072
numerical vs descriptive academic evaluation system, intrinsic vs extrinsic academic motivation, male vs female 4th graders, Yugoslavia, 1 yr followup, 34664
perceived freedom of choice & intrinsic vs extrinsic motivation of activities, flow experiences & leisure states, 55–88 yr old retirees, 36204
preference for strategies promoting intrinsic vs extrinsic motivation in elementary school students, college students & parents, 17131
running endurance test & verbal encouragement with vs without pacer prompter, heart rate, moderately mentally retarded 10–12 vs 13 yr olds & older, 12314
self esteem & perceived competence & parental pressure & motivational orientation, enjoyment & competitive anxiety, 9–13 yr olds in basketball league, 15021
task involving or ego involving feedback orientation, intrinsic & extrinsic academic achievement motivation, commentary, 34660
Extrinsic Rewards [See External Rewards]
Eye (Anatomy) [See Also Cones (Eye), Cornea, Fovea, Iris (Eye), Pupil (Eye), Retina, Rods (Eye)]
adaptive neural model, representation of target positions in brain invariant to retinal registration & eye posture, 11031
anatomical & physiological & psychophysical aging of eye, visual functioning, 8186
dark adapted thresholds with preferential looking method, ocular media densities, 10 wk olds vs 19–29 yr olds, 39533
development of graded index taper optical element in visual system, explanation of distinctive measurements vs theory predictions, butterfly & other insect eyes, 25023
development of W & Y cells in C layer of lateral geniculate nucleus, monocularly deprived cats, 25145
eye color & sex, accuracy in archery, 7th–8th graders vs adults, 36015
eye color, ball throwing accuracy, 1st–6th graders, 32373
eye color, basketball set shot performance, 5th & 6th graders, 4577
eye color, success at horseshoe pitching, adult males, 31753
eye elevation & viewing distance, maximal horizontal eye position, college students, 17777
eye transplant from host of another species, optically activated skin camouflage reaction, species of bilaterally enucleated salamanders, 28726
Fourier transform of temporally sampled impulse response of eye, band of high contrast perceived when viewing rotating striped pattern under stroboscopic illumination, 14711
hand & foot & eye preferences, 16–43 yr old male naval recruits, 4080
handedness & eye & hair color & sex, disfluency severity, 7–57 yr old stutterers, implications for hypopigmentation & testosterone etiological factors, 29828
high precision dynamic accommodation measurement system, assessment of CRT induced eyestrain & visual fatigue, 18–46 yr olds, 17541
lesion of superior colliculus, acquisition & retention of previously acquired black white discrimination, rats with monocular enucleation at birth vs 3 mo of age, 14787
light vs dark eye color, typing speed & class grade, female vs male high school students, 6723
number of visual fixations & eye color of live vs videotaped model, accuracy & interrater agreement in observation of direction & duration of fixation, college students, 38773
positive vs negative defocusing lenses, posterior nodal distance & refractive error & eye growth, chickens, 7777
rotating striped pattern & impulse response of eye, band of high contrast seen obliquely across pattern, 14712
sex & eye color & age, jumping rope performance, 1st–4th graders, 11370
signaled avoidance classical conditioning, eye withdrawal reflex, green crabs, 24932
visual target movement with different head or size motion, compensation in motion perception, Os, 7351
Eye Contact
eye & physical contact with & sex of interviewer, compliance with & attitudes toward interview, adult shoppers, 1363
eye contact &/vs physical immediacy, short term word & number recall, college students, 21300
eye contact during conversation with mother vs stranger, males vs females observed at 2 vs 4 yrs olds, 4637
eye contact with males, proceptivity, female ovariectomized estradiol treated marmosets, 39172
gaze & touch techniques in mall intercept interview, compliance & response bias & rate & quality & volunteer bias, adult shoppers & male vs female interviewers, 31489
gaze avoidance in social greeting behavior, mildly to severely mentally retarded male 12 yr olds & older with fragile X vs Down's syndrome vs nonspecific mental retardation, 22869
importance of eye contact & relation to transference & countertransference in analysis, patient & analyst, 23194
mutual eye contact, self & other accepting conduct in small groups, college students, 22333
mutual gaze vs gazing at other's hands or eyes vs counting other's eye blinks, liking vs dispositional vs passionate love, pairs of unacquainted opposite sex college students, 39906
speaker eye contact, perceptions of personality, college students, implications for stuttering & therapy, 26414
spoken commands using "motherese" vs conversational vocal tones, responsiveness & eye gaze, autistic & severely behaviorally disordered 7–16 yr olds, 15595
Eye Convergence
base in prism or plano lens induced accommodative convergence stress, reading comprehension, optometry students, implications for effect of visual problems, 10734
monocular view of drawings & paintings with fixation alternated between points at different implied distances from O, covered eye vergence movements, 10–43 yr olds, 15065
object movement along cyclopean & visual axis of each eye, development of vergence eye movements, 4–33 wk olds vs adults, 32419
sinusoidal size change with vs without blur vs disparity change, accommodation & convergence responses, 19–38 yr olds, 14295
vergence state & direction of monocularity induced afterimage or intermittently illuminated object, cyclopean illusion, 14270
Eye Disorders [See Also Amblyopia, Cataracts, Color Blindness, Hemianopia, Myopia, Nystagmus, Refraction Errors, Strabismus]
familial syndrome of infantile optic atrophy & movement disorder & spastic paraplegia, children & adolescents & adults, 2–19 yr followup, 37002
hypnotherapy, 44 yr old female with nocturnal lagophthalmos, case report, 37584
long term phenothiazine, ocular pigmentation, psychiatric patients, Malaysia, 6175
pan-retinal photocoagulation, adaptation ability in center of vision, diabetic adult males with retinopathy, 2643
psychological & social issues & role of vision care professionals, patients with diabetic retinopathy, 23047
single midbrain glioma revealed postmortem, supranuclear downward gaze & bilateral ptosis, female 73 yr old, case report, 33483
supranuclear disturbances in eye & lid motility & intellectual & motor deficits, Chamorro 53–90 yr olds with amyotrophic lateral sclerosis & parkinsonism dementia complex, Guam & Rota, 22983

visual & aeromedical prognosis from single vs multiple episodes of idiopathic central serous chorioretinopathy, Air Force pilots & aviators, 16094
Eye Dominance [See Ocular Dominance]
Eye Fixation
age, heterophoria & associated heterophoria & fixation disparity & stereopsis for near vision & other binocular vision anomalies, 10–65 yr olds, Iran, 40532
attention during familiarization & novelty preferences & fixation shifts in paired comparison paradigm, visual recognition memory, 4 mo olds observed weekly & longitudinally from 4 to 7 mo, 11381
contrast level of black & white checkerboard pattern, fixation & visual attention, 4 mo olds, 15086
cue for internal attention shift while maintaining central fixation, visual form discrimination, female Os, 244
cyclical estrogen fluctuations, magnitude of perceived stimulus changes induced by prolonged fixation, female college students, 681
eye fixation & visual attention in double vision, visual capture & felt position of finger, adults, implications for intersensory integration & sensory motor coordination, 216
eye fixation control laterality experiment, 20–50 yr olds, Japan, 25080
eye fixation position, recall in binaural selective listening, college students, replication, 28225
eye movement & fixation locations during reading, college students, 17779
eyes directed to stimulated area vs same vs other hemispace, expected lateral cutaneous stimulation RT measuring spatial attention, 18–35 yr olds, 31765
fixation distance & nose protrusion, rationale for adaptive location of optic discs in retina, 7635
fixation on spot of light, visual & auditory responses of caudate nucleus neurons, monkeys, 35599
focused vs divided vs distributed attention to horizontal vs diagonal vs vertical target letter positions surrounding fixation, vocal RTs, college students, 28382
grid width & fixation preferences, color aftereffects, adults, 7332
habituation & familiarization process & reactions to novelty, infants, commentary, 32377
habituation & information processing & attention, infants, commentary, 32442
habituation & information processing, infants, commentary, 32387
habituation & operant visual fixation, infants, commentary reply, 32415
habituation & visual fixation & cognitive ability & development of information processing ability, infants, commentary, 29100
habituation of visual fixation, infants, commentary, 32438
habituation rate & visual fixation variations & cognitive abilities, infants, 32414
imagery of vertical line near visual fixation, perceived fixation offset in vertical line display measuring vernier acuity, college students, 7318
information processing & habituation & fixation times, infants, commentary, 32437
information processing during habituation & visual fixation as operant conditioning, infants, commentary, 32428
left eye fixation accuracy, perceptual asymmetries in viewing tachistoscopic stimuli, adults, 7311
lexical ambiguity, gaze duration in reading, adults, 14367
location of stimulus in visual field, perception of fading under maintained fixation, adults, implications for sensory dominance, 14314
modified visual preference procedure with varying & complex TV patterns, fixation & subsequent attention termination, 14 vs 20 vs 26 wk olds, 25430
nontarget vs target form's global shape & parafoveal presentation & spatial attention & eye fixation, gap detection accuracy, college students, 28230
number of visual fixations & eye color of live vs videotaped model, accuracy & interrater agreement in observation of direction & duration of fixation, college students, 38773
ocular fixation & sequential scanning dysfunction, visual reading symptoms, 9–23 yr olds with dyslexia or learning disabilities, 33414
ocular fixation vs pursuit conditions, contrast sensitivity for oscillating sine wave gratings, adults, 14272
optokinetic & perceptual span parameters & cerebellar vestibular dysfunction, 17–50 yr olds with anxiety disorders, 36635
passive gazing & sinusoidally oscillating optokinetic stimulus & eccentricity of target moving relative to background, suppression of optokinesis, 20–45 yr olds, 17805
rearing conditions, development of visual fixation & habituation, 3 mo olds, 5 mo study, 36072
reliability & validity of visual fixation & habituation & later cognitive ability, infants, commentary, 32420
sentences with display change during fixation on target word, eye movements, college students, test of focused attention vs parafoveal semantic preprocessing reading models, 3760
simultaneous objective measures of retinal sensory compensation during horizontal & vertical responses, adults, 3739
spatial distribution of inhibitory effect of peripheral noninformative cues, RT to nonfixated visual targets, 20–44 yr old males, 31778
static or slow or fast moving stimuli, frontal & lateral gaze & head movements, chickens vs pigeons, 14654
static vs operator controlled visual stimuli, distribution of visual fixation durations & saccades, infants vs college students, 4607
stationary fixations vs pursuit eye movements in computer generated optical flow displays, perception of direction of self motion, adults, 21237
stimuli dance to eye fixation locus, spatial distribution of visual attention field measured by target detection & EPs, 18–30 yr olds, 21532
target acceleration vs deceleration, smooth pursuit eye movements vs fixation, adults, implications for transition of neurological system, 14683
topographic & directional organization of visual inputs, horizontal & vertical smooth pursuit eye movements, male monkeys, 25055
visual & oculomotor trigeminal brain stem transection, orienting fixation reflex, cats, 28790
visual fixation & attention & saccadic eye movements during visual pursuit, monkeys with parietooccipital cortex lesions, 25173
word information distribution, eye fixations during sentence comprehension, adults, 17799
Eye Movements [See Also Eye Convergence, Nystagmus, Rapid Eye Movement]
acute psychotic episode, subjective cognitive dysfunction & eye tracking & slow brain potentials, schizophrenic & schizoaffective 18–50 yr olds, 22660
algorithm using 2 dimensional cluster generalization, prediction of cognitively driven eye movements during visual numeric monitoring task, pilots vs nonpilots, 14252
auditory brain stem responses & audiometry & oculomotor test abnormalities, asymptomatic male 19–52 yr olds with HIV infection, 26624
automated Modified Binary Search procedure, measurement of resting states of eyes & other psychophysiological threshhold phenomena, conference presentation, 7358
bilateral occipital strokes, saccadic nuclei & smooth pursuit eye movements, blind 28 yr old male, case report, 33627
bisensory visual & auditory target tracking, saccadic eye movements, 20–36 yr olds, 38730
bromazepam doses, visual attention task & digit symbol substitution test performance & smooth pursuit eye movements, young adult males, 39330
central fatigue, attention change as measured by eye movement capacity to track optokinetic stimuli, neurotic adults, conference presentation, 19264
chlorpromazine, dichotic listening performance & lateral eye movements, lateralized facial expression, 18–55 yr old college students, 14859
congruous vs incongruous final words in proverbs, saccade related brain potentials, adults, 18117

contrast & background luminance of isoluminant vs isochromatic stimuli, latency & amplitude of saccadic eye movements, adults, implications for oculomotor control models, 14311
correlations of slow eye movement activity & EEG sleep stages vs behavioral measures, prediction of sleep onset, sleep deprived 20–46 yr olds, 4134
CSF GABA levels & GABA antagonist treatment & oculomotor control in saccade & antisaccade paradigm, psychiatric patients with vs without tardive dyskinesia, 40156
delayed bihemifield dual targets stimuli, saccadic response preferences & latencies, 21–33 yr olds, 17807
descriptions vs EOG & other recording methods, research in development of conjugate eye movements, infants vs adults, 8058
device for partial stabilization of retinal image & head-eye movement size, postural sway, 25–36 yr olds, implications for oscillopsia treatment, 32051
difficulty of verbal vs spatial question, individual styles in lateral or vertical or bidirectional eye movements, college students, 14363
duration of stimuli precluding eye movements, color identification, female carriers of color blindness vs males with normal color vision, 29892
electrical pulses to neurons in frontal visual field inducing saccadic eye movements, electrical activity at stimulation site measuring motor responses, macaques, 4270
erratic eye tracking, schizophrenic patients, 19207
eye elevation & viewing distance, maximal horizontal eye position, college students, 17777
eye fixations & movements, memory comparisons, college students, 3719
eye movement & fixation locations during reading, college students, 17779
eye movement abnormalities, prediction of AIDS dementia complex, males with AIDS or positive HIV antibodies vs adults with familial Alzheimer's disease, 9020
eye movement desensitization procedure with cognitive component, traumatic memories & stress related symptoms, 11–53 yr olds, 40656
eye movement in different visual environments, neuronal responses from lateral terminal nucleus, rhesus monkeys, 39109
eye movements & masking, monocular rivalry, adults, 17751
eye movements assessed through corneal reflection-pupil center measurement, schizophrenic outpatients on neuroleptic medication, Germany, 8594
eye movements in neurolinguistic programing, nonfluent aphasic adults, 26475
eye movements while reading sentences & answering questions with pronominal or noun anaphor, good vs poor reading 10–11.2 yr olds, 21973
eye tracking dysfunctions, schizophrenic offspring of discordant twins, 1611
features of benign ocular motor syndrome, 7–20 mo olds, conference presentation, 16192
feeding cycle, eye behavior, healthy full term infants during 1st 26 wks of life, conference presentation, 4589
finger pressure on eye's outer canthus with vs without occlusion of other eye, oculomotor behavior, male adults, 35604
horizontal or vertical eye movement contextual cues, perceptual processing & episodic recognition in retrieval, college students, 17881
hypogravity vs hypergravity & upright vs tilted body position, ocular torsion & counterrolling & motion sickness, males considered motion sickness resistant, 14753
informativeness of word halves, eye movements in reading long words embedded in sentences, adults, Finland, 17847
item quantity & frequency in male vs female name classification task, saccade related EPs, adults, 32039
latencies of visually elicited saccadic eye movements, schizophrenic patients, 5204
lateral eye movement & emergence of speech, 13–22 mo olds, longitudinal study, 36067
lateral eye movements during verbal & spatial questions in dark, adults, 21547
lateralized peripheral visual stimuli during oculomotor task, simple RT measuring cerebral dominance in programing oculomotion, college students, Italy, 4149
lesions in dorsolateral pontine nucleus, smooth pursuit eye movements, monkeys, 4290
methylphenidate & background illumination, smooth pursuit eye movements, 8–12 yr olds with attention deficit disorder with hyperactivity, 26456
microcomputer based software package, collection of eye behavior data, conference presentation, 7334
motion perception, anticipatory slow eye movements, male 25–40 yr olds, 17750
movement of visual target with vs without coupling to arm movement intention, smooth pursuit eye movement latency, monkeys vs adults, 28598
moving random dot pattern, eye & head & body movements & slow phase gaze velocity, unrestrained cats, 25091
muscimol microinjection to substantia nigra pars reticulata, eye movements & neck muscle activity, male rats, 28962
neuroleptics & tardive dyskinesia, smooth pursuit eye movement, schizophrenic adults, conference presentation, 9582
neuronal components of vestibulo-ocular reflex learning, monkeys, 21526
neuronal projection between optic tectum & motor pattern generating circuitry, orienting behaviors & saccade control, frogs & mammals, 627
ocular motility & specific cognitive processes, college students, 3718
oculomotor control measured by saccadic eye movements & fixation & smooth pursuit, 8–15 yr olds with Gilles de la Tourette syndrome, Netherlands, 16031
oculomotor RT & motor performance & injuries & rehabilitation, members of professional football vs college vs high school football vs basketball teams, 41576
optical flow speed & displayed dot density, perception of translational heading, college students, 10754
optically induced retinal image slip, postsaccadic ocular drift, 18–61 yr olds, 39103
physical rotation with fixed head vs body, phase & gain of vestibulo-ocular vs cervico-ocular reflexes, 2 vs 4 mo olds, 36078
positive vs negative auditory vs visual vs tactile emotional images, lateral eye movements measuring cerebral dominance, left vs right eyed college students, 4076
posterior parietal lobe, visual & eye movement functions, literature review, 28585
predictive strategies in eye head coordination during text scanning & checking, female 20–37 yr old skilled touch typists, 17425
procedures & software for visual presentation & cluster analysis of eye movement data, 18112
pursuit eye movements during tracking target with 2 sine waves of different speeds, college students & staff, Japan, 24773
quantitative assessment of smooth pursuit eye movements, patients with schizophrenia or affective disorders, 22500
RT & distance & eye movements & visual perceptual style, similarity ratings of rectangle pairs, 19–27 yr olds, West Germany, 21233
saccade velocity & latency, patients with Huntington's disease with age of onset before vs after age 30 yrs, 5705
saccades from fixation point to visual periphery stimuli, activity of periprincipal prefrontal cortex neurons, rhesus monkeys, 39079
saccades to line target with right vs left peripheral retinal location, oculocentric visual direction, adults, 3748
search coil quantitative measurement of smooth pursuit eye movements, schizophrenic 22–52 yr olds, 19156
sensory inattention & directional motor deficits & suppression of inappropriate eye movements to visual stimuli, 63 yr old male with left side visual neglect following right frontal infarct, case report, 9001
sentences with biased vs nonbiased lexically ambiguous words, eye movements during reading, college students, 38849

sentences with display change during fixation on target word, eye movements, college students, test of focused attention vs parafoveal semantic preprocessing reading models, 3760
single cell activity in caudate nucleus related to saccadic eye movements during visuomotor tasks, monkeys, 35600
single vs double target step size, saccade amplitude & latency & overshoot or undershoot, adults vs macaques, 35269
smooth pursuit eye movement accuracy & personality & social characteristics associated with schizophrenia & task RT & errors & EEG, male college students, 40177
spatially transformed text, eye movements & attention during reading, college students, 38830
speed &/vs accuracy objective in visually directed pointing tasks, limb & eye movement, left vs right handed college students, 35248
stabilized retinal image & moving target in dark vs light, motion perception & tracking with smooth pursuit eye movements measuring retinal &/vs extraretinal signal influences, adults, 35302
static vs operator controlled visual stimuli, distribution of visual fixation durations & saccades, infants vs college students, 4607
stationary fixations vs pursuit eye movements in computer generated optical flow displays, perception of direction of self motion, adults, 21237
stimulus luminance, latencies of anti vs foveating eye movements, adults, 14268
stimulus probability, late components of saccade related brain potentials during cognitive tasks, adults, 4157
sugar & carbohydrates in diet & sublingual provocative testing, eye movements, dyslexic 7–28 yr olds, 26383
supranuclear disturbances in eye & lid motility & intellectual & motor deficits, Chamorro 53–90 yr olds with amyotrophic lateral sclerosis & parkinsonism dementia complex, Guam & Rota, 22983
target acceleration vs deceleration, smooth pursuit eye movements vs fixation, adults, implications for transition of neurological system, 14683
target elicited saccadic eye movements, parallel computation in neural networks & coding of spatial position, 14671
target luminance & wavelength & retinal eccentricity & adaptation conditions, rod vs cone inputs determining foveating eye movement latency, adults, 14267
target step amplitude & initial eye position, maximum velocity of centripetal saccadic eye movements, human males & females, 655
topographic & directional organization of visual inputs, horizontal & vertical smooth pursuit eye movements, male monkeys, 25055
TRH, abnormal ocular movements, spinocerebellar degeneration patients, 2569
trials with vs without vertical eye movements, EPs & event related heart rate & psychophysical judgments, college students, implications for biasing effect, 18199
underregistration of pursuit eye movements & adjacency of pursued fixation point & background stimulus, illusory motion of background objects during smooth pursuit eye movements, 20–33 yr olds, 7319
upward & downward saccadic gaze palsy & vertical pursuit & vestibulo-ocular reflex & neuropathology, 64 yr old male with unilateral midbrain infarct, 2101
vehicle size, gaze movements while driving through intersection, 25–51 yr old professional truck drivers, 34847
verbal synonym vs spatial orientation task, preferred lateral eye movements & contralateral EEG, male 18–30 yr olds, 11040
vestibulo-ocular reflex learning, activity of brain stem neurons in modified pathways, monkeys, 21527
vestibuloocular reflex saccade interactions in goal directed gaze responses in oculomotor range, adults, 4190
visual & oculomotor development, 2 wk to 6 mo olds, 25498
visual &/vs auditory targets, eye & head movements, adults, 3716
visual asymmetry, right vs left directionality of eye movements, college age adults, 24730
visual fixation & attention & saccadic eye movements during visual pursuit, monkeys with parietooccipital cortex lesions, 25173
visual masking & integration across saccadic eye movements, adults, 237
visual stimuli flashed during prior primary saccade, perceptual localization, college students & staff member, 28243
visual stimulus forcing postsaccadic error, short term saccadic adaptation, 16–44 yr olds, 31802
visual vestibular interaction & role of vestibular system in oculomotor control & spatial orientation, implications for occupational therapy, 35646
visuooculomotor tasks involving head vs smooth pursuit eye vs retinal image movements, target velocity related Purkinje cell activity in posterior vermis of cerebellum, monkeys, 4155
visuospatial information processing, amplitude transition function in rapid manual & oculomotor movements in double step target tracking, 10694
volitional control of finger temperature, horizontal eyeball movements, healthy 25–46 yr olds, implications for role of right hemisphere, 35682
word information distribution, eye fixations during sentence comprehension, adults, 17799

Eyeblink Reflex
acoustic & cutaneous stimuli, temporal integration in blink reflex, 18–32 yr olds, 28218
age, classically conditioned eyeblink response, 18–83 yr olds, 4568
ambient illumination intensity, eyelid opening & arousal state, premature neonates, implications for visual development, 21972
attention, acoustically evoked blink response, 19–42 yr olds, conference presentation, 17933
auditory prepulses, modulation of blink & cardiac components of acoustic startle reflex, 15 mo olds, 29023
autokinetic movement & inverted visual world through prisms, eyeblinking, adult male, 10707
blink rates on EEGs, psychiatric disorder, adults, 19060
electrical stimulation of medial vs lateral septal nuclei as CS, acquisition of classically conditioned eyeblink response, rabbits, 21679
facial vs neutral stimuli, eyeblink rate & skin conductance responses, 8–31 yr olds with social phobias, 33129
heart rate vs eyeblink conditioning model systems of associative learning, acquisition functions, rabbits, 24957
LSD-25, classical trace conditioning of eyeblink response as function of interstimulus interval, male rabbits, 18441
photic stimuli with fixed interstimulus duration, habituation patterns of optically evoked blink reflexes, mentally retarded 22–43 yr olds, 22845
phototherapy, eyeblink rate, female 21–33 yr olds with seasonal affective disorder, 16286
prognostic value of blink response, neonates with neurologic abnormalities, 30103
repetitive acoustic stimulation, latency & amplitude of blink EMG acoustic startle response measuring habituation & sensitization, 18–24 yr olds, 35322
warning signal prior to response signal, blink reflex RT, adults, 675

Eyelid Conditioning
acquisition of conditioned eyeblink response, reduction of after hyperpolarization response in hippocampal neurons following intracellular electrical stimulation, male rabbits, 18086
age, classical conditioning of eyeblink response to tone CS & air puff UCS, 18–85 yr olds, 25527
cerebellar nucleus or cortex lesions, eyelid alpha & classical conditioning & responses, male rabbits, 11167
classical eyeblink conditioning & extinction & discrimination & reversal learning, 22 & 30 & 63 yr olds with temporal lobe lesions & severe memory problems, 29904
classical eyeblink conditioning model, age related changes in learning & memory, patients with Alzheimer's disease vs rabbits, literature review, 23053

development of data correction procedures for removal of voluntary responding from eyelid classical conditioning, 1951–80, 10697
eyeblink eliciting taps to glabella, habituation & response amplitude, 1 day vs 18–35 yr olds, 15057
lesions of cerebellar cortex, retention of classically conditioned eyeblink response to stimulation of lateral reticular nucleus, male rabbits, 7764
lidocaine in pontine nuclei, classically conditioned eyelid response, male rabbits, 18364
nimodipine, associative eyeblink learning, aging rabbits, 28840
parasagittal knife cuts lateral to thalamic nucleus severing prefrontal cortex afferents & efferents, classical conditioning of eyeblink & heart rate, female rabbits, 25164
stimulation of red nucleus or cerebellar nuclei as UCS, classical conditioning of nictitating membrane eyeblink response, rabbits, 4085
strictly simultaneous vs forward vs backward vs pseudo eyelid conditioning, adults, conference presentation, 17897
Eyewitnesses [See Witnesses]
Eysenck Personality Inventory
age, intercorrelation of altruism & aggression scales with Eysenck Personality Questionnaire, 19–61 yr old pairs of twins, 25953
correlation of Psychoticism scale scores on original vs revised Eysenck Personality Questionnaire, female occupational therapy college students, 28122
correlation of scores on Eysenck Personality Questionnaire dimensions & Bem's Masculinity & Femininity scales of revised Sex Role Inventory, male vs female college students, 11822
development & validity of short form of Junior Eysenck Personality Questionnaire & relationship to religious attitudes, 15–16 yr olds, 17581
Eysenck Personality Questionnaire assessment, neurotic vs psychotic vs depressive inpatients, Bangladesh, 8699
Eysenck Personality Questionnaire, college students, New Zealand, 10620
factor analysis of Arabic version of Junior Eysenck Personality Questionnaire, male vs female 14 yr olds, Egypt vs England, 38614
factor structure of Eysenck Personality Inventory, college students, 70
factor structure of German language version of Eysenck Personality Inventory, college students & 18–22 yr old soldiers, 10659
factor structure of Sensation Seeking Scale Form V vs Eysenck Personality Questionnaire vs Impulsiveness Questionnaire, males vs females, 7086
instructions for taking 16PF & Eysenck Personality Questionnaire, social desirability indexed by Lie scale, adult male applicants for public vehicle driving license, Israel, 31564
item factor analysis & structure of Eysenck Personality Questionnaire, nursing & independent study students, 10619
item genetic analysis of Eysenck Personality Questionnaire measuring genetic structure of personality, 18 yr old & older monozygotic vs dizygotic male vs female twins, Australia, 31715
phenotypic factor structure of Eysenck Personality Questionnaire, adult twins, Australia, 3585
prediction & acceptance of scores & feedback on Eysenck Personality Inventory, adults, 11809
psychometric properties & common factorial space of Millon Clinical Multiaxial Inventory vs Eysenck General Personality Scales, measurement of psychopathology, 17–72 yr olds with psychiatric disorders, 7227
reliability of Eysenck Personality Questionnaire vs Sensation Seeking Scale vs Strelau Temperament Inventory, 16–55 yr olds, 24584
Rust Inventory of Schizotypal Cognitions vs Eysenck Personality Questionnaire P Scale, measurement of multiple schizophrenic/normal personality dimensions, college students, Venezuela, 11849
scores on hardiness measure, Eysenck Personality Inventory extraversion & neuroticism scores, adults, 11836
test-retest reliability of Form A of Eysenck Personality Inventory, Indian high school students, South Africa, 10558
Toronto Alexithymia Scale & Eysenck Personality Questionnaire & self reported somatic complaints, college students, implications for research, 31550
validity & reliability & Eysenck Personality Questionnaire-Revised & relationship with religiosity, 15–16 yr olds, 10588
value of cross cultural comparison studies with Eysenck Personality Questionnaire assessed by analysis of factor scores, 14071
3 factor solution for 16PF & extraversion & psychoticism & neuroticism assessed by Eysenck Personality Questionnaire, college students, 17685
Face (Anatomy)
aesthetic facial massage vs autogenic training, spontaneous EEG & anxiety & tension, female college students, 37229
diagnosis & clinical aspects of facial dyskinesias, literature review, 40436
extraversion & neuroticism, experimental & clinical pain & illness behavior, adults with myofascial pain dysfunction, 29963
facial tardive dyskinesic lateral asymmetries, schizophrenic patients, 5139
hemifacial flushing during unilateral ECT, 16 yr old right handed female with catatonia, case report, 2194
poses of positive vs negative facial expressions by verbal command or visual imitation, facial asymmetry ratings, adult males, test of right hemisphere emotionality dominance, 14664
Face Perception
ability to judge facial emotion, depressive vs acute vs chronic schizophrenic adults vs those in remission, 29541
arbitrary arrangement of facial features vs picture of face, face detection, college students, 3758
assumptions of hemispheric equipotentiality & asymmetrical neural development in brain in S. de Schoen & E. Mathivet's model of hemispheric lateralization of face recognition, infants, commentary, 36084
asymmetrical neural maturation in brain, mechanisms & hemispheric lateralization of face recognition, infants, commentary, 36069
asynchronous development of brain regions & hemispheric specialization in face recognition, infants, commentary, 36041
auditory prosodic information &/vs visual vs inverted visual information from speaker's face, estimation of speaking rated, college students, 274
backward masking methodology, lateral asymmetries in face perception, commentary, 10722
backward masking methodology, lateral asymmetries in face perception, commentary reply, 10742
bias in judgment of similarity of right vs left side to full face, college students, 25041
cerebral injury in infancy, inability to recognize faces, 8.8 yr old female, case report, 30139
communication difficulties & deficits in ability to decode facial expressions, parents of schizophrenic patients, 33123
construction of facial representation & face vs nonface decision making & awareness of familiarity & spatial contrast sensitivity, male military personnel with left vs right brain damage, UK, 37112
covert vs overt memory access for face recognition & recall of associated semantic information, adult male with severe closed head injury & resulting prosopagnosia, 12539
cross domain semantic priming, name & face recognition, normal adults & brain injured male adult, 16266
defective recognition of familiar people as semantic memory impairment following herpes simplex encephalitis, adult male, 40414
deficits in facial affect recognition, schizophrenic patients, literature review, 8673
differential growth rates of cerebral hemispheres, lateralization of face recognition, infants, commentary, 36025

differential neural maturation rates in brains & hemispheric specialization in face recognition, infants, commentary, 36066
distinction between "facedness" & "physiognomy" & hemispheric lateralization of face recognition, infants, commentary, 36104
distinctiveness & familiarity, face recognition memory, college students, 17800
ecological factors, visual perception of people & faces, commentary, 22359
exposure to facial composite presenting correct vs incorrect information after viewing videotaped event with male target, cued recall of target with vs without context reinstatement, 17–55 yr olds, 3806
eye vs contour vs eyebrow vs mouth shape in diagrammatic face pairs, cue saliency in perception of similarity, college & graduate students, Japan, 35292
face & affect matching, comprehension & expression of affect terms, 7–15 yr olds with infantile autism or atypical pervasive developmental disorder, 39998
face familiarity, electrodermal recognition, 59 yr old female with prosopagnosia, 22887
face photograph viewing in bright vs dim light, face recognition, college students, 38878
facial affect recognition & self esteem, schizophrenic 18–40 yr olds, 11957
facial affect recognition, 5.2–11.3 yr olds with right vs left hemisphere lesions, conference presentation, 23072
facial decoding skill & level of antisociality, sexually stimulating effect of viewing photographs of distressed females in bondage, male college students, 11686
facial expression & identity, independent encoding of face responsive neurons, macaque monkeys, 39097
facial features in inverted vs upright diagrammatic face pairs, cue saliency & feature interaction in perception of similarity, college students, 35293
facial recognition & reading of emotional expressions, visually impaired 7–11 yr olds, 1996
facial stereotypes of criminal deviants & ratings of physical attractiveness, college students, implications for forensic psychology & eyewitnesses, 12182
famous face photographs vs caricatures presented to left vs right visual field, RT & errors in name-face verification task measuring cerebral laterality, adults, 28624
feature displacement, perception of well known faces, college students, 31790
features of successively presented face drawings to fixation point then left &/vs right visual field, RT & errors in judgment of similarity, college students, 635
full face vs profile displays of targets & pairs, lateral differences in stimulus vs face recognition, right handed adults, 14358
functional brain asymmetry & affective auditory subliminal stimuli, affective rating of self & blurred neutral face, 8–12 yr olds, 29099
functional properties of visual cortical areas & neural maturation, hemispheric specialization of face recognition, infants, commentary, 36037
handedness, perceptual asymmetries for cartoon vs real faces, college students, 21515
hemispheric asymmetries, perception of happy or sad vs neutral faces, college students, 25059
hemispheric specialization & face recognition & perception of facial expressions of affect, infants, commentary, 36068
identification of target faces using traditional album vs computerized mug shot search, college students, implications for police investigations & witness descriptions, 29255
innate preference for facelike patterns & plasticity of cortical functions, development of face recognition, infants, commentary, 36035
intensity of & intermodel differences in facial expression, categorical discrimination of happiness vs fear vs surprise, 7 mo olds, 1102
interhemispheric disconnection, dichotic listening & name & face learning, adults with multiple sclerosis, 22987
intraspecies conflict, breathing & defensive behavior, male rats isolated vs paired with females, conference presentation, 4030
inverted faces, recognition & matching & hemispheric asymmetries, brain injured vs normal adults, 23063
likability of target faces present vs absent in arrays, face memory & spontaneous personality processing, college students, 28335
locus of control & anticipated interaction with target, recognition of emotional facial expressions, male vs female college students, 15472
longterm recognition of faces, mildly retarded high school students, 6 mo followup, 5545
masking & salience of facial features, judgment of sex & recognition of faces, college students, 31799
misinterpretation of facial expressions of emotion, male delinquents, 29723
modularity & development of face processing, neonates, commentary, 36024
neural development & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36064
neural development & visual perception & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36046
neural maturation & early experience, hemispheric lateralization in face recogntion, infants, commentary, 36087
neural maturation & experiences & other factors, hemispheric lateralization of face recognition & other functions, infants, reply to 20 commentaries, 36030
neural maturation & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36023
neural maturation & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36022
neural maturation & parent child interaction, hemispheric lateralization of face recognition, infants, commentary, 36070
nonconscious face recognition as assessed by electrodermal skin conductance, 20–71 yr olds with face agnosia, 19639
onset asynchronies for successive spatially overlapping faces or visual & auditory stimuli in proximity, perception of 1st vs 2nd face & stimulus temporal order, judgment, 25–30 yr olds, 35241
orientation, face recognition, high school & college students, England, 18625
perception of emotion & identity in photographed faces, autistic vs nonautistic retarded 12.5–25.8 yr olds, 22555
physiological activity in eyebrow frown, appraisal of expressed emotion, college students, 17926
prediction of relative vs absolute right hemisphere superiority, recognition of faces & geometrical figures, 22–28 yr old right handed females, 21495
prenatal influences on development of hemispheric specialization, face recognition, infants, commentary, 36098
pretreatment with oral tryptophan dietary supplement, alcohol induced impairment of face recognition & verbal recall, 21–29 yr old males, 14953
qualitative & quantitative hemispheric asymmetries & cerebral lateraliztion of face recognition, infants, commentary, 36029
race, face recognition accuracy, Blacks vs Whites, meta analysis, 31755
ratings of target absent vs present faces as honest vs dishonest, confidence judgments & recognition of faces, college students, 8399
receptive vs expressive emotional vs linguistic prosody & emotional facial stimuli & musical pitch & tonal memory processing, patients with left vs right hemiparkinsonism, 29869
recognition & coordination of vocal & facial expressions of emotion vs nonemotional events & objects, mildly mentally retarded 12.5–25.8 yr olds & nonretarded 4.8–11.6 yr olds, 22849
recognition & posing of emotional expressions, abused vs nonabused 3–7 yr olds & their mothers, 8775
recognition memory for female vs male faces with vs without spectacles, female vs male college students, Canada, 5005

recognition of facial expression vs gender vs age, 20–62 yr old patients with impaired recognition of face identity, 9215
recognition of newborn's photographs during early postpartum period, mothers vs fathers, 1219
recognition of photographs of own newborns, primiparous vs multiparous mothers, 25736
retrieval cues, recall of names of famous faces, college students, England, 17890
role of "gating" principles of intrinsic motivation in genesis & self regulation of cerebral asymmetry, hemispheric lateralization of face recognition, infants, commentary, 36096
role of right hemisphere in face recognition, right handed college students, 25053
saliency of laterally displayed facial features, face recognition, adults, 226
same vs different judgment of familiar vs unfamiliar sequentially presented face pairs, left vs right hemisphere EPs, male 18–30 yr olds, 4074
schematic face encoding difficulty & concurrent tapping rate, face recognition measuring asymmetrical interference effects, male college students, 39123
semantic priming, visual recognition of faces & names, male patient with prosopagnosia, 33604
sex & Black vs White race of photo & hemispheric specialization, facial recognition, male vs female college students, 4084
sex & extraversion & neuroticism & body & facial self image, ability to correct distorted mirror image of own face, 15–55 yr olds, 22424
sex discriminability & familiarity in face perception, college students, 225
sex, ratings of typicality & familiarity of & recognition for faces, college students, 21235
side view smiling faces with varying left eye vs mouth curvatures, perceived intensity of smiling, college students, 3733
spatial location, association of face & name, teachers & college students, 365
spatial perception disturbances measured by rod & line orientation & facial recognition tests, 7.7–15.6 yr olds with localized left vs right hemisphere damage, 26582
still photographs, recognition of actor's pure & blended facial expressions of emotions, 7th graders vs high school vs college students, 18524
studies of prosopagnosia in brain damaged patients as support for S. de Schonen & E. Mathivet's theory of hemispheric specialization in face recognition, infants, commentary, 37041
target-present vs target-absent photo identification, developmental differences & reliability of eyewitness identification, elementary school vs college students, 39558
temporal relationship between neuronal maturation & experiential factors, hemispheric specialization in face recognition, infants, 36031
training in face perception & discrimination & naming, 11.6 yr old female with acquired prosopagnosia, 3 yr study, 23712
upright vs horizontal vs inverted facial configurations, single unit neural responses & RT & hemispheric asymmetry, adults vs monkeys, conference presentation, 14691
upright vs inverted composites of top & bottom vs internal & external features of familiar vs unfamiliar faces, identification of constituent parts, college students, Great Britain, 14318
upright vs inverted facial stimuli, duration perception, 35–40 yr olds, 24724
view of familiar vs unfamiliar face & intervening item requiring response, serial choice RT measuring repetition priming of face recognition, college students, 38923
visual vs olfactory cues, discrimination of mother's vs stranger's face, neonates, 25429
vividness of visual imagery, memory for facial features, college students & faculty, 357
1 vs 3 sec exposure time & 10 min vs 7 day delay, recognition of photographs of bespectacled faces, college students, replication & extension, implications for eyewitness identification, 7464
1st & 2nd order features in mental representations of unfamiliar faces, similarity judgments, college students, 14304
Face Recognition [See Face Perception]
Facial Expressions [See Also Smiles]
ability to detect maskings & inhibitions & simulations of like vs dislike & intensity of facial expressions, 6.11–12.11 yr olds vs college students, 39676
ability to judge facial emotion, depressive vs acute vs chronic schizophrenic adults vs those in remission, 29541
angry or happy stimuli, facial EMG reactions & experience of emotions, college students, 28675
approach by mother vs stranger & cardiac vagal tone measured by heart rate variability, facial emotional expressivity, male vs female 5 vs 10 mo olds, 39677
chlorpromazine, dichotic listening performance & lateral eye movements, lateralized facial expression, 18–55 yr old college students, 14859
claim of 1st empirical support for pancultural facial expression of contempt, commentary, 4805
communication difficulties & deficits in ability to decode facial expressions, parents of schizophrenic patients, 33123
concurrent validity & reliability of Monadic Phases Coding System vs Maximally Discriminative Facial Movement Coding System, assessment of affective behavior, 4 mo olds, 35157
congruent vs conflicting vs single presentation of facial & situational cues, perceived type & intensity of emotion, preschool through 5th grade children, 22027
contingency learning, facial emotional expression patterns, 4 vs 6 mo olds, implications for interdependent processes model of emotion & cognition, 36093
cry pitch & facial activity, judgments of intensity & discomfort experienced by newborns subjected to heel lancing, mothers vs fathers of other young children, 15024
cultural influences, perception of facial emotions, meta analysis, 32817
deficits in facial affect recognition, schizophrenic patients, literature review, 8673
disappointing prize, spontaneous control of facial & verbal emotional expressions, congenitally blind 6–13 yr olds, 33493
display of emotional expressions in response to infant's expressions, mothers & their 5 mo olds, Japan vs US, 36280
exaggerated vs contradictory facial expressions during mood induction, perception of mood, female college students, 35404
face scale, pediatric pain assessment, children, 40445
facial & emotional expressions during contingency learning, 1 yr olds, 15122
facial affect recognition & self esteem, schizophrenic 18–40 yr olds, 11957
facial efference & experience of emotion, literature review, 25893
facial expression & identity, independent encoding of face responsive neurons, macaque monkeys, 39097
facial expression in mirror vs camera image, ratings of self vs other likeness, college students, 1389
facial expression of emotional reactions to card sorting, patients with focal cerebral lesions of anterior vs posterior right vs left hemisphere, 5828
facial expressions during political discussion with healthy partner, schizophrenic males, 29574
facial expressions of emotions in drawing, schizophrenic 18–34 yr olds, 29490
facial expressions of pain & emotion, 23–40 yr old female patients with chronic temporomandibular disorder pain, 22984
facial expressions or postures characteristic of specific emotions, experience of same emotion, college students, 31901
facial reactions, emotional experiences, college students, 368
facial recognition & reading of emotional expressions, visually impaired 7–11 yr olds, 1996
facial responses to sucrose vs sodium chloride vs citric acid vs quinine hydrochloride, newborns, 25512

facial vs neutral stimuli, eyeblink rate & skin conductance responses, 8–31 yr olds with social phobias, 33129
featureless vs smiling vs yawning faces, evoked yawning, college students, 38743
hemisphere asymmetries in pictures of emotional expressions, emotional ratings by college students, 7–13 mo olds, 22002
hemispheric asymmetries, perception of happy or sad vs neutral faces, college students, 25059
hemispheric specialization & face recognition & perception of facial expressions of affect, infants, commentary, 36068
identification of posed vs spontaneous facial expressions of emotion during conversation, college students, 5008
imitation of facial expressions, neonates during 1st postpartum hr, Nepal, 1036
intensity of & intermodel differences in facial expression, categorical discrimination of happiness vs fear vs surprise, 7 mo olds, 1102
judgment of contempt expression on Japanese vs American faces, college students, West Sumatra, replication, 18949
judgment of facial expression & appropriateness of protagonist emotional displays & perceptions of other story characters, 4 vs 6 yr olds, 18653
lateralization of expressive & discriminative facial emotion performance, college students, conference presentation, 25026
linguistic vs affective facial expressions presented to left vs right visual field, expression recognition measuring cerebral laterality, congenitally deaf adults, 29896
male vs female actors communicating emotion via facial expression, recognition of joy vs sadness vs fear vs anger, primary school students, 39689
misinterpretation of facial expressions of emotion, male delinquents, 29723
mothers' facial expressions & behavior, organization of behavior, 3 mo olds, 32388
pancultural facial expression of contempt, commentary reply, 4800
perception of others' emotional reactions & expressions, assertive vs unassertive female college students, 39926
physical attractiveness & facial expression of female target, impression formation, adults, 1392
poses of positive vs negative facial expressions by verbal command or visual imitation, facial asymmetry ratings, adult males, test of right hemisphere emotionality dominance, 14664
premenses vs postmenses perception of nonverbal facial cues, 22–31 yr old females with PMS, 29947
recognition & posing of emotional expressions, abused vs nonabused 3–7 yr olds & their mothers, 8775
recognition of facial expression vs gender vs age, 20–62 yr old patients with impaired recognition of face identity, 9215
recognition of negative facial emotions, male vs female college students, 39935
responsivity & appropriateness & intensity of emotional facial expressions, adult males with left vs right brain damage, 12343
sensitivity to interracial facial expressions of emotions, Canadian vs Latin American vs Ethiopian vs Israeli adults, Canada vs Israel, 22161
slides of infant facial expressions of sadness vs anger vs distress, predicted specific caregiving & socializing interventions & affective reactions, 21–38 yr old mothers, 29221
smiling & distress, facial asymmetries, infants studied at 6.5 & 10 & 13.5 mo, 35998
social meaning of eyebrow raising, members of Eipo vs Trobriand vs Yanomami culture, West New Guinea vs Papua New Guinea vs Venezuela, 11580
social skills, ability to make posed vs spontaneous facial expressions of emotions, college students, 39987
spontaneous facial expressions, right vs left brain damaged patients, 26572
still photographs, recognition of actor's pure & blended facial expressions of emotions, 7th graders vs high school vs college students, 18524
viewing video of emotion arousing situation &/vs facial reaction of actor, emotional attributions, college students, 25890
voluntary control of unilateral vs bilateral emotional facial expressions measuring lateral dominance, left vs right handed 14–52 yr olds, 18131

Facial Features

arbitrary arrangement of facial features vs picture of face, face detection, college students, 3758
eye vs contour vs eyebrow vs mouth shape in diagrammatic face pairs, cue saliency in perception of similarity, college & graduate students, Japan, 35292
facial features in inverted vs upright diagrammatic face pairs, cue saliency & feature interaction in perception of similarity, college students, 35293
facial maturity, attribution of legal responsibility, college students, 8378
facial prominence in popular magazines, male vs female adults, 1970–74 vs 1980–84, 11345
feature displacement, perception of well known faces, college students, 31790
featureless vs smiling vs yawning faces, evoked yawning, college students, 38743
features of successively presented face drawings to fixation point then left &/vs right visual field, RT & errors in judgment of similarity, college students, 635
hemisphere asymmetries in pictures of emotional expressions, emotional ratings by college students, 7–13 mo olds, 22002
masking & salience of facial features, judgment of sex & recognition of faces, college students, 31799
pictures of males with vs without beards, perceived masculinity, college students, 39917
psychology of appearance & prevention principles, facially disfigured children, 19703
saliency of laterally displayed facial features, face recognition, adults, 226
side view smiling faces with varying left eye vs mouth curvatures, perceived intensity of smiling, college students, 3733
vividness of visual imagery, memory for facial features, college students & faculty, 357
1 vs 3 sec exposure time & 10 min vs 7 day delay, recognition of photographs of bespectacled faces, college students, replication & extension, implications for eyewitness identification, 7464
1st & 2nd order features in mental representations of unfamiliar faces, similarity judgments, college students, 14304

Facial Muscles

biofeedback with vs without psychotherapy, adult patients with myofascial pain dysfunction syndrome, 2215
elation vs depression inducing imagery, facial muscle activity & growth & carryover of mood states, adult females, 720
EMG assessed facial tension, respiratory resistance, male college students, 18156
EMG assessment of jaw & lip & neck muscles during disfluency, 20–50 yr old stutterers, 33448
facial muscular movements & intervening physiological processes, alteration of emotional states, test of vascular theory of emotion, 35688
frequency analysis of EMG activity during silent phoneme reading, right handed school age children, 29026
motor control deficits of orofacial muscles, adults with cerebral palsy, 9228
neuromuscular speech patterns in processing of specific phonemes, right handed school age children, 29039
reliability & validity of facial EMG, assessment of specific facial actions, female college & graduate students, 28137

Facial Nerve

bilateral chorda tympani nerve sections vs extirpation of submaxillary & sublingual salivary glands, eating & drinking patterns, rats, conference presentation, 25182

facial expression & identity, independent encoding of face responsive neurons, macaque monkeys, 39097
Facilitation (Social) [See Social Facilitation]
Facility Admission [See Also Hospital Admission]
density & degree & intensity & reciprocity of networks, health care utilization & severity of health when entering adult congregate living facilities, frail elderly, 23636
medical model vs societal reaction theory, criteria for admission to detoxification center, adults, 1979–80, 23743
perception of benefit from patient's admission to geriatric assessment & rehabilitation unit, medical & nursing staff vs patients & caregivers, New Zealand, 27257
Facility Discharge [See Also Hospital Discharge]
discharge status, iatrogenesis, "temporary" residents discharged from nursing home, conference presentation, 2834
Facility Environment [See Also Hospital Environment]
age & perceived prison environment, anxiety & anger & curiosity, 20–80 yr old inmates, 20336
clinic environment & administrative style, psychotherapeutic process & premature termination, difficult clients, 20142
conceptual clarification of dimensions in treatment environment of residential unit & staff & client interactions, 14–17 yr old offenders & facility staff, 27372
development of guidelines to promote therapeutic environment in lodging homes, disabled elderly & deinstitutionalized psychiatric outpatients, Canada, 27103
environment, quality of life, blind in community living program, New Zealand, 40928
environmental dimensions of community group home programs, adolescent offenders, 23789
facility characteristics, social adjustment, mentally ill residents of board & care homes, 16889
familial & institutional dimensions, emotionally disturbed 5–14 yr old males in residential program, 40982
ideologies vs organizational age, prediction of shelters' organizational structure, directors & personnel of battered women's shelters, 13023
institutional & client characteristics, psychotropic drug administration patterns, 45–74 yr old nursing home residents, 12832
model for balancing security & treatment concerns in psychiatric forensic facility, 41103
perceptions of social climates of peer group & non peer group residential treatment programs, 13–18 yr old students & staff members, 16900
prison environmental factors, frequency of health service demands or sick call attendance, 50–80 yr old male prisoners, 37954
program orientation & complexity & control over residents & peer support & medical orientation, operators of community based sheltered care facilities for mentally ill adults, 9719
reaction to institutional closure & relocation to new facility, families with institutionalized mentally retarded relatives, 2796
relocation to new facility, physical & cognitive & psychosocial functioning, 48–98 yr old nursing home residents, 40952
unconscious motivations & penitentiary environment, prisonization & recidivism, offenders, 20325
validity & reliability of person environment fit scales, assessment of congruence with activities & physical setting & interpersonal interactions in nursing home, 65–100 yr old residents, 21070
Facility Readmission [See Facility Admission]
Factitious Disorders
amytal interview, 23 yr old female with feigned deaf mutism & self damaging behavior, 22589
child abuse perspective on Munchausen syndrome by proxy, 13 mo old & 6 yr old females, 19048
covert child abuse perspective on Munchausen syndrome by proxy, 20 day to 15 yr olds, 15728
development of Munchausen syndrome, male 35 yr old who killed 6 yr old pedestrian in automobile accident, case report, 29516
distress & self directed harm, 37 yr old female with Munchausen syndrome, case report, 5224
epileptic Munchausen's syndrome, commentary with reply included, 36673
factitious AIDS, 28 yr old female with depression, case report, 33178
factitious AIDS, 33 yr old homosexual male, case report, 40157
family systems of Munchausen Syndrome by Proxy, families, treatment implications, 26083
Ganser symptoms with psychogenic amnesia & dysprosody, 23 yr old female, case report, 16074
identification & psychodynamics & management of Munchausen syndrome by proxy, implications for social workers & health care team, 23046
knowledge of Munchausen syndrome by proxy, professional personnel in medical & social service & law enforcement fields, 36621
mental disease patterns, cutaneous self mutilating 17–64 yr olds, Denmark, 15846
Munchausen Syndrome by proxy, female 2 wk & 6 mo olds, case reports, implications for sleep disorder assessment, 36595
Munchausen syndrome by proxy, mothers, literature review, 1835
Munchausen syndrome presenting with chronic pain, 35 yr old female, case report, 22921
Munchausen syndrome, 32 yr old male with fallacious claim of AIDS induced depression, case report, 32961
nonpunitive confrontation without demand for abandonment of patient role, management of factitious gastrointestinal bleeding, 28 yr old female, case report, 9629
pseudoseizures & other cultural clinical manifestations, female 27 yr old with epileptic Munchausen's syndrome, case report, 19609
sociocultural factors, hysterical behavior or psychosis with Ganser-like symptoms, immigrant 17–28 yr old female Cypriots, England, 8747
suspected case of Munchausen's syndrome by proxy in hospitalized infant, emotional reactions & attitudes toward parents of other patients, pediatric hospital nurses, 27392
systems oriented treatment, 14 yr old female with factitious lip crusting, case report, 12592
treatment of Munchausen-by-proxy syndrome, 12 yr old female & her mother, 37762
underlying pathology, 18–28 yr old patients with Munchausen's syndrome, England, 11917
41 yr old male with factitious alcohol abuse, case report, 5163
Factor Analysis [See Also Cluster Analysis, Item Analysis (Statistical), Oblique Rotation, Orthogonal Rotation, Statistical Rotation]
application of information criterion AIC, problem of number of factors in model selection for maximum likelihood factor analysis, 35221
application of model selection criteria to cluster & factor analysis & other multivariate assessments, 17697
approaches & computer programs for determination of common factors, 7219
assessment of goodness of fit for factor analysis models, 14194
categorization, apparent dimensionality inferred from principal components vs exploratory maximum likelihood vs LISREL factor analysis, 28154
components analysis vs multidimensional scaling of self report items from attitude measures, college students, 24676
confirmatory factor analysis, assessment of exploratory power of 2 vs 4 factor structure of Union Commitment scale, blue collar workers, replication, 24657
confirmatory factor analysis of method variance in multitrait multimethod studies of self reported affect & perceptions at work, 31744
confirmatory factor analysis of 4 vs 2 or 3 factor models of Stanford Binet Intelligence Scale 4th Edition, goodness of fit to subtest intercorrelations for standardized age groups, 2–23 yr olds, 35224

confirmatory maximum likelihood factor analysis of long vs short versions of Bem Sex Role Inventory, male vs female college students, 7245
construct validity & factor analysis of acculturation index & self concept component, 17–93 yr old Mexican Americans, 35155
construction & factor analysis of Constructive Thinking Inventory, self report of automatic constructive & destructive thinking, college students, 38613
construction & reliability & validity & factor analysis of Occupational Identity Scale, occupational dimension of J. E. Marcia's ego identity development model, high school & college students, 120
convergent & discriminant validity of grouped vs randomized questionnaire items measured by LISREL factor analysis, job characteristics & life satisfaction measurememt, college students, 31739
correlation matrices based on product moment coefficients, factor analysis of measurement scale subinterval data, 10667
determination of Associate Learning subtest as accurate measure & factor analysis of Wechsler Memory Scale, adults referred for psychiatric testing, 83
development & factor analysis of Rehabilitation Profession Job Task Inventory & Rehabilitation Profession Knowledge Competency Inventory, rehabilitation service providers, 21062
dimensionality & construct validity of Chicago Mimimum Proficiency Skills Test, 8th graders, 31310
dimensions of adaptive behavior & factor analysis of Adaptive Behavior Scale, 14–30 yr olds with behavior disorders, 8842
EEG factor analytic approach, localization of mental functions in brain, adults, 21521
equivalence between item response theory & factor analysis models, assessment of ordered & unordered categorical data, 17705
examination of constructs underlying assessment center ratings, commentary reply, 27872
factor & path analysis of selection & subsequent performance, internal medicine residents, 7089
factor analysis & degree of fit of model of M. R. Hammen et al of effective functioning in foreign culture, North American 19–57 yr olds who lived in foreign country, replication & extension, 21091
factor analysis & factor structure models of WAIS-R, 16–74 yr olds, 7166
factor analysis & internal consistency of Bulimia Test, female college students & other adult females with bulimia or other eating problems, 35207
factor analysis & item response theory analysis of London House Personnel Selection Inventory, measurement of employee honesty, applicants for retail sales jobs, 167
factor analysis & stability of 2 factor model of self reported mood, college students, Israel vs US, 22384
factor analysis & structural validity of Index of Organizational Reactions, measurement of job satisfaction, financial institution employees, 7107
factor analysis & unidimensionality & generalizability of Rotter's Internal External Locus of Control vs Children's Locus of Control vs B. E. Collins' internal external scale, 3568
factor analysis & validity & cross age usefulness of Profile of Mood States, 65 yr olds & older, 28101
factor analysis & validity & reliability of filial anxiety instrument, assessment of anxiety regarding anticipated care of elderly parents, adult offspring, 10572
factor analysis & validity of Body Image Questionnaire, female vs male 10–40 yr olds, France, 3560
factor analysis & validity, professional commitment measure of N. Aranya et al, professional & scientific university employees, 24627
factor analysis, assessment of cognitive abilities & processes, 14359
factor analysis, interpretation of personality questionnaires & relation to theory, 35223
factor analysis of alcohol expectancy scales, college students, 38636
factor analysis of Attitudes Toward Condoms scale, differentiation of condom users & AIDS prevention attitudes, sexually active 16–60 yr old homosexual males, 14165
factor analysis of brief pain inventory, assessment of pain severity & pain interference items, cancer patients, US vs Vietnam, 3566
factor analysis of Clinical Analysis Questionnaire, assessment of higher order mood states & relation to psychopathology, college students, 28156
factor analysis of dichotomous data, scaling social life feelings, adults, 3669
factor analysis of direct vs indirect measures of ESL writing ability, foreign college students, 20699
factor analysis of Dyadic Adjustment Scale, assessment of marital satisfaction, husbands vs wives, replication, 17603
factor analysis of Dyadic Adjustment Scale, assessment of marital satisfaction, husbands vs wives, commentary reply, 17604
factor analysis of Dyadic Adjustment Scale, assessment of marital satisfaction, husbands vs wives, commentary, 17637
factor analysis of Dyadic Adjustment Scale, assessment of marital satisfaction, husbands vs wives, commentary, 17646
factor analysis of English translation of J. Merz's Psychological Reactance Scale, college students, implications for test reliability, 145
factor analysis of English vs French language forms of measure of attitudes toward convicts & ex-convicts, cadet vs civilian students vs francophone cadets vs students, Canada, 35170
factor analysis of Halstead Category Test & other measures in Halstead Reitan Neuropsychological Test Battery, paraplegic vs brain damaged 16–68 yr olds, 7073
factor analysis of Halstead Reitan Neuropsychological Test Battery & relation to cognitive status & psychiatric diagnosis, adult patients referred for evaluation, 14117
factor analysis of individual item responses from subtests of WAIS-R, psychiatric patients, 28153
factor analysis of linear analog self assessment scales, validity of factors representing physical & emotional & social health & disease related quality of life, breast cancer patients, 26462
factor analysis of meaning of word "reliance" including concepts of expectancy & dependence & feeling, college students, Japan, 10805
factor analysis of measure of social support, low income single young mothers, 14160
factor analysis of National Adult Reading Test as measure of intelligence, 16–88 yr olds, 35111
factor analysis of neuropsychological tests & construction of dementia battery, assessment deficit patterns & disease characteristics, patients with Alzheimer's or multi-infarct or other dementias, 14150
factor analysis of Pain Behavior Questionnaire & headache activity & psychopathology, patients with chronic migraine vs tension vs combined headaches, replication, 5575
factor analysis of perceived caregiving burden & satisfaction & impact & mastery & ideology, primary caregivers of elderly with Alzheimer's disease or chronic brain disorder, 40849
factor analysis of physiological bases for individual differences in color matching, Os, 17801
factor analysis of questionnaire responses & psychometric test performance, determination of vividness & spatial manipulation & spontaneous elaboration factors of imagery, commentary, 14219
factor analysis of R. W. Hood's mysticism scale, college students, Australia, 3561
factor analysis of Reid Report, assessment of honesty, job applicants, 17573
factor analysis of Response to Childhood Incest Questionnaire, assessment of symptoms, 17–54 yr old female survivors of incest, 35119

factor analysis of revised Conners' Teacher Behavior Rating Scale, learning disabled vs conduct disordered vs neurotic &/or attention deficit disordered 6–16 yr olds, replications, 10663
factor analysis of scaled ratings by psychiatrists of DSM-III personality disorder clusters, 16–74 yr olds, replication, 7118
factor analysis of School Motivation Analysis Test, variance in conscious & unconscious primary drives & acquired interests, high school students, Australia, 24214
factor analysis of Schoolchildren's Authoritarianism Scale, assessment of relation between sexism & directiveness & attitude toward authority, adolescents, Australia, 25635
factor analysis of science attitude survey, gifted 6th–10th graders, 20716
factor analysis of scores on College Self Expression Scale, measurement of assertion, college students, US vs Spain, 24576
factor analysis of Self-Report Trust Scale, assessment of interpersonal trust, adults, 28172
factor analysis of Severity of Opiate Dependence Questionnaire, opiate addicts, replication, 14176
factor analysis of social support scales, assessment of quantity & type of social relationships, elderly & their adult children, 32564
factor analysis of spontaneous speech measures & naming test performance, adults with aphasia, 30119
factor analysis of St. Mary's Hospital Sleep Questionnaire, hospitalized adult rheumatic patients, 24615
factor analysis of state trait curiosity & state anxiety scales, high school students, Australia, 24569
factor analysis of symptoms & client characteristics, hospitalized patients with major depression, Yugoslavia, implications for subclassification of depressive disorders, 33011
factor analysis of syndromes derived from Child Behavior Checklist, 6–11 vs 12–16 yr old females with behavioral or emotional disturbances, US vs Netherlands, 15603
factor analysis of types & timing of agitated behaviors, 70–99 yr old nursing home residents, 40959
factor analysis of unidimensionality vs multidimensionality of UCLA Loneliness Scale & social skills training, prediction & levels of loneliness, female 18–19 yr olds, 14086
factor analysis of University Residence Environment Scale, college students, 58
factor analysis of WISC-R & Adaptive Behavior Inventory for Children, assessment of relation between social system behavior & intelligence, 6–11 yr old special education students, 31317
factor analysis of Woodcock-Johnson Tests of Cognitive Ability, K–12th graders, 7146
factor analysis of work & leisure & psychophysical & social value systems & relation to A. H. Maslow's hierarchy of needs, delinquent 14–18 yr old males, 33235
factor analytic methods & statistical packages & gratification constructs in media content & use, heads of households, 14200
factor analytic methods of scale development in personality & social & clinical psychology research, 7084
FACTOREP, factor structure of WAIS-R, 14223
higher order factor analysis of Profile of Mood States & Eight State Questionnaire, identification of central mood states, female college students, Australia, implications for test construction, 24570
information criterion approach to Bayesian structure of factor analysis model, 17660
internal consistency & factor analysis of new scales for Devereux Adolescent Behavior Rating Scale, assessment of psychopathology, 12–17 yr olds, 24567
intra-individual variability in factor analysis, Work Values Inventory administered daily, college students, implications for vocational personality traits, 7176
item factor analysis & structure of Eysenck Personality Questionnaire, nursing & independent study students, 10619
joint factor analysis of K-ABC & McCarthy Scales of Children's Abilities, assessment of cognitive abilities, 4–8.5 yr olds, 3609
LISREL confirmatory factor analytic model, partially invariant measurement parameters & equivalence of factor covariance & mean structures, 28159
Minres interactive least square factor analytic procedure, factor analysis with minimization of sum of squares of off diagonal residuals in correlation matrix, 7240
multiple group factor analysis of multitrait multimethod matrices, 14210
multiplicative vs restricted factor analysis models, analysis of multitrait-multimethod matrix covariance matrices, 3663
nature & varieties of factor indeterminacy, 14221
psychometric & dimensionality & adjustment correlates of Chinese version of J. B. Rotter's Internal External Locus of Control Scale, college students, Hong Kong, 21073
psychometric properties & factor analysis of Wechsler Memory Scale Form 1 vs Form 2 Paired Associate Learning subtests, 20–79 yr old medical patients, 7093
Q type factor vs hierarchical cluster analysis, predictive validity of conventional conjoint analysis of attributes & likelihood of renting ratings, college & graduate students, 38697
quartic rotation criteria & algorithms for simple structure in factor loadings, 3662
regression equation, prediction of parallel analysis values for selection & retention of principal components or factors & eigenvalues, 31725
reliability & factor analysis & norms of Milton Life Stress Questionnaire, assessment of Type A behaviors, adults, New Zealand, 28071
reliability & factor analysis & other properties of Center for Epidemiologic Studies Depression scale, 16–84 yr olds with cancer vs progressive vs end stage renal disease vs other illnesses, 28080
reliability & factor analysis of Anxiety Sensitivity Index, measurement of unitary personality trait vs domain specific appraisals, college students, 28138
sample size, goodness of fit indicators in confirmatory factor analysis, 14212
statistical methods for full information item factor analysis, 7207
structural equation model, factor analysis & maximum likelihood estimation of data not missing completely at random, 17687
structure of act-report data vs 5-factor models of trait rating data, college student dating couples, 32844
tableau algorithms, analysis of instrumental variable & 2 stage regression factor loadings & corresponding least squares estimates, 17677
validity & factor structure of revision of Self Consciousness Scale, empirical separation of private vs public self consciousness vs social anxiety personality factors, college students, 14133
2 step structural equation modeling, confirmatory factor analysis, 14190
3 levels of population factor pattern loadings, component vs common factor analysis, 35232
3 mode principal component & perfect congruence ANCOVA matrices, factor structure of Self Description Questionnaire, 2nd–5th graders, Australia, 31624

Factor Structure

age & educational level, factor structure of Wechsler Memory Scale-Revised, adult neuropsychological patients, 28155
age, factor structure of reading attitudes, 3–5 yr olds, 18613
classificatory accuracy & factor structure of Self Administered Alcoholism Screening Test, alcoholic vs nonalcoholic adults, US vs Mexico, 35115
comparability of 7 sets of factor structures on Bem Sex Role Inventory's androgyny scale, meta analysis, 28190
concurrent validity & factor structure of Cognitive Coping Strategy Inventory, assessment of coping strategies in acute pain settings, 15–75 yr old postsurgical patients, 24575
confirmatory analysis of factor structure of Wechsler Memory Scale, normal & clinical Ss, 10688
confirmatory factor analysis, assessment of exploratory power of 2 vs 4 factor structure of Union Commitment scale, blue collar workers, replication, 24657

construct comparability & factor structure of emotional functioning & eating problems & self image & reflection & mastery & adjustment, female 10.5–18.5 yr olds, 14195
construct validity & factor structure of State-Trait Anxiety Inventory, male vs female Black 18–83 yr olds, 3558
construct validity & reliability & factor analysis of 33 teacher belief scales, assessment of beliefs about parents & school administrators & perceptions of parent beliefs about teachers, teachers, 14113
construct validity of K-ABC & joint factor structure with WISC-R, 6–12.5 yr olds referred for psychoeducational evaluation, 3321
construction & factor structure of & score distributors for Spanish version of Rotter Internal External Locus of Control Scale, male vs female college students, Puerto Rico, 14180
construction & factor structure of Cooperative/Competitive Strategy Scale, 17–66 yr olds, 7178
construction & factor structure of Marihuana Perception Inventory, assessment of psychosocial factors & onset of marihuana usage, college students, 87
construction & factor structure of multidimensional questionnaire obtained from Anglo-American & German samples, assessment of assertiveness, nurses & 17–68 yr old psychiatric patients, 24649
construction & factor structure of Preschool Characteristics Questionnaire from modified Child Characteristics Questionnaire, temperament measurement, mothers rating their 4 yr olds, 38617
construction & factor structure of set of tests, measurement of simultaneous & successive cognitive coding & development, K–2nd graders, 14175
construction & factor structure of Teacher Efficiency Attitude Scale, evaluation of attitudes toward teaching & interaction with students, high school teachers, India, 7128
cross cultural validity & factor structure of Kirton Adaption-Innovation Inventory, assessment of personality in creative problem solving, adults, US vs England, replication, 7068
cross cultural validity of Comrey Personality Scales factor structure, measurement of personality traits, 16–65 yr olds, Australia, 7160
development & factor structure of psychosocial behavior scale, assessment of disturbed & hysterical behaviors, mentally handicapped adults, 10581
differential diagnostic utility of several WISC-R factor structures distinguishing verbal & performance abilities, 6–16 yr old males with learning disabilities or emotional disturbances, Israel, 10615
differential item structure of Life Satisfaction Index, Mexican American young adults vs middle aged vs elderly, 110
dimensional structure & goodness of fit of factor models of WAIS-R, Anglo vs Mexican Americans, 17671
dimensionality & stability of Organizational Commitment Questionnaire, Navy personnel, longitudinal study, 7185
dimensionality of adaptive behavior concept in mental retardation, literature review, 26395
ego resources & motivation factors on P. Sifneos's evaluation form, selection for short term anxiety provoking psychotherapy, 19–56 yr olds with anxiety or dysthymic or personality disorders, 31560
FACSTRAP program, computation of bookstrap estimates of factor structure from correlation or variance-covariance matrices, 7269
factor analysis & factor structure models of WAIS-R, 16–74 yr olds, 7166
factor analysis & structure of Interest Checklist, occupational assessment, 18–60 yr old psychiatric patients, Israel, 21042
factor analysis of Arabic version of Junior Eysenck Personality Questionnaire, male vs female 14 yr olds, Egypt vs England, 38614
factor analysis of Cognitive Somatic Anxiety Questionnaire, adult psychiatric patients, 31598
factor analysis of computerized tests that simulate everyday learning & memory tasks, 50–75 yr olds with age associated memory impairment, 35150
factor analysis of Conners Teacher Rating Scale, assessment of prevalence of attention deficit disorder with hyperactivity, recently immigrated Chinese American 1st–6th graders & their teachers, 14185
factor analysis of perceptual motor attributes, school children, 32424
factor analysis of Verbalizer Visualizer Questionnaire, assessment of style of cognitive processing, college students, 35161
factor stability of Ways of Coping Questionnaire, college students, 10648
factor structure & construct validity of Career Decision Scale & My Vocational Situation & Vocational Rating Scales & Decisional Rating Scale, college students, 17648
factor structure & construct validity of Masculinity & Femininity scales of Personal Attributes Questionnaire, college students, 28074
factor structure & internal consistency of Gregorc Style Delineator & relationship to M. J. Kirton's adaptive-innovative distinction, college students, 17597
factor structure & invariance across gender & validity of Self Description Questionnaire III, general vs school vs English vs mathematical self concept, 11th–12th graders, 7077
factor structure & item composition of Interpersonal Reactivity Index, assessment of individual differences in empathy, dieticians & dietetic interns, 17568
factor structure & item content agreement of Hopkins Symptom Checklist-58, patients with eating disorders, 21078
factor structure & personality correlates of measure of Protestant work ethic, female adults, 25921
factor structure & reliability & validity of Self Directed Learning Readiness Scale, vocational teaching & training students, Australia, 38260
factor structure & reliability & validity of Swedish measure EMBU, assessment of parental rearing practices, 19–64 yr old psychiatric patients, Netherlands, replication, 35090
factor structure & reliability & validity of 25 item version of Alcohol Dependence Scale, 18–54 yr old male prisoners, Canada, treatment implications, 35138
factor structure & reliability of Devereux Elementary School Behavior Rating Scale, 3rd–6th graders, 34806
factor structure & reliability of Hamilton Rating Scale for Depression, 18–65 yr old moderately depressed outpatients, implications for clinical drug trials, 17621
factor structure & reliability of Reasons for Limiting Drinking scale & subscales, assessment of cognitions & self regulation of alcohol consumption, college students, 31601
factor structure & test retest reliability & construct & concurrent validity of Brief Sexual Function Questionnaire for Men, depressed vs impotent males, 14162
factor structure & utility of original vs revised Job Diagnostic Survey, measurement of job characteristics & prediction of satisfaction & internal motivation & productivity, dairy workers, 107
factor structure & validity of Attitudes About Reality Scale, assessment of personal epistemology, college students, 31614
factor structure & validity of Fear Survey Schedule, 16–75 yr olds with agoraphobia & panic attacks vs other anxiety disorders or phobias, Australia, 123
factor structure including cognitive & affective & positive & negative dimensions of subjective well being, 29388
factor structure of Adjective Checklist, cross measure validity of 5 factor model of personality, human service providers, 24618
factor structure of Approaches to Studying Inventory, college students, Australia, 41371
factor structure of Attitudes Toward Computer Usage Scale, elderly, 7076
factor structure of Barrett-Lennard Relationship Inventory, assessment of empathy & regard & congruence & unconditionality in marriage, 25–40 yr old wives, implications for family systems research, 28165
factor structure of Benton Visual Retention Test & tests for visual construction & discrimination & Rey Auditory Ver-

bal Learning Test & Digit Span subtest of WAIS-R, psychiatric vs neurologic patients, 28177
factor structure of binge eating & bulimic behavior, female college students, 9223
factor structure of brief self report symptom checklist, acute psychiatric inpatients, 21112
factor structure of Bulimia Test, female junior vs senior high school vs college students, 28188
factor structure of Center for Epidemiologic Studies Depression Scale, assessment of depressive symptomatology, 20–74 yr old Mexican Americans, 31599
factor structure of child & adult versions of Asthma Symptoms Checklist, assessment of physical symptoms & anxiety, asthmatic 6–18 yr olds & their parents, 38618
factor structure of Child Behavior Checklist scores, male 6–11 yr olds, 21158
factor structure of cigarette smoking motives assessed from survey data, males vs females, longitudinal study, 18860
factor structure of Combat Scale Revised & Vietnam Experience Scale, assessment of war zone stress factors, male Vietnam veterans, 35125
factor structure of Connors Teacher Rating Scale, assessment of behavioral & emotional disturbance, 3–17 yr olds with brain damage or learning disabilities, 28174
factor structure of Conservatism Scale of Wilson-Patterson Attitude Inventory, nurses & college students, 17585
factor structure of Defense Style Questionnaire items relabeled with DSM-III-R glossary of defense mechanisms, 18–65 yr old psychiatric vs family practitioner patients, 31558
factor structure of Differential Emotions Scale & 8 State Questionnaire, assessment of typological mood state dimensions, college students, Australia, 31567
factor structure of Differential Emotions Scale, college students, 61
factor structure of Eating Inventory & relationship of emotional eating to dietary restraint & disinhibition & perceived hunger, adult females, implications for obesity research, 17583
factor structure of Edwards Social Desirability Scale vs Marlowe-Crowne Social Desirability Scale vs Personality Research Form, college students, 38628
factor structure of Eysenck Personality Inventory, college students, 70
factor structure of Family Environment Scale, adolescents & adults, 7255
factor structure of Fear Survey Schedule-III, male vs female college students, 7075
factor structure of General Health Questionnaire, assessment of psychopathology, community residents, Spain, 3646
factor structure of German language version of Eysenck Personality Inventory, college students & 18–22 yr old soldiers, 10659
factor structure of GRE, visually impaired vs physically handicapped vs nonhandicapped college students, 3333
factor structure of Halstead Reitan Neuropsychological Test Battery including WAIS vs WAIS-R, neuropsychiatric patients, 84
factor structure of Hamilton Rating Scale for Depression, depressed 60 yr olds & older, Finland, 28168
factor structure of Hopkins Symptom Check List-58 & item context agreement, college students with binge eating patterns, 17574
factor structure of individual variation of Chinese Value Survey & Rokeach Value Survey scores, college students, 30 countries, 14099
factor structure of Interpersonal Support Evaluation List, college students, 3557
factor structure of Intrinsic vs Extrinsic Orientation Scale, measurement of motivational & cognitive development, advantaged vs disadvantaged 3rd–9th graders, Israel, 38309
factor structure of J. S. Wiggins's interpersonal circumplex vs 5 factor model, assessment of personality, adults, 24689
factor structure of Jalowiec Coping Scale, 29–70 yr old spouses of cardiac surgery patients, 38682
factor structure of Job Element Inventory, worker oriented job analysis, Coast Guard incumbents, 10595
factor structure of language use characteristics of written compositions, college students with vs without learning disabilities, 17669
factor structure of leader characteristics questionnaire, counseling group leaders, 17649
factor structure of lethal behaviors scale, female vs male adolescents & adults, 48
factor structure of McGill Pain Questionnaire, discrimination of psychological disorders, chronic pain patients, 62
factor structure of Mental Health Inventory vs Psychiatric Epidemiology Research Interview Demoralization Composite, physically disabled or recently bereaved 60–80 yr olds, 3655
factor structure of Multidimensional Observation Scale for Elderly Subjects, elderly, 21126
factor structure of My Education scale, identification of home environment index of motivation, 6th–7th graders, 13752
factor structure of newly designed verbal tests, 13–15 yr olds, Jamaica, 24636
factor structure of Pediatric Anger Expression Scale, 4th–5th graders, 24605
factor structure of personality correlates of modernity vs traditionality, female college students, India, 1475
factor structure of personality trait based behavior ratings of elementary school students, 1st & 6th grade teachers, 10246
factor structure of Problem Solving Inventory, assessment of perceptions of personal problem solving, 9th graders, 24671
factor structure of Protestant Work Ethic scale, Anglo vs Chicano vs Mexican American college students, 7119
factor structure of psychometric measures of love, unmarried college students, 24552
factor structure of Psychopathy Checklist, male prison inmates, Canada vs US vs England, 7113
factor structure of public vs private self consciousness scales, blood donors, US vs Poland, 21125
factor structure of Purpose in Life test & Life Regard Index & Sense of Coherence scale, unemployed adult females with at least 1 child under age 5 yrs, 10569
factor structure of R. Zemore's Depression Proneness Rating Scale, college students, 98
factor structure of S. Harter's self report scale of intrinsic vs extrinsic classroom motivation, 4th graders receiving numerical vs descriptive academic evaluation, Yugoslavia, 34822
factor structure of schizoid personality scales, 18–45 yr olds, 28181
factor structure of schizotypal personality scale, normal adults, implications for DSM-III criteria for schizotypal personality disorder, 31608
factor structure of self reported depression, clinic referred 8–11 vs 12–16 yr olds, 12082
factor structure of Sensation Seeking Scale Form V vs Eysenck Personality Questionnaire vs Impulsiveness Questionnaire, males vs females, 7086
factor structure of short form of Children's Reports of Parental Behavior Inventory, assessment of perceived control & discipline, male vs female 5th–6th vs 9th–10th graders, 8116
factor structure of short version of Job Descriptive Index, assessment of job satisfaction, accountants, 91
factor structure of Smilansky-Parten matrix of play behavior, 2.2–5.6 yr olds, 17691
factor structure of Social Psychopathy Scale, measurement of psychopathic characteristics, normal college students & nurses, UK, 10579
factor structure of Social Support Inventory, college students, 3559
factor structure of Spheres of Control Scale, measurement of personal & interpersonal & sociopolitical locus of control, adult males, 10633

factor structure of standardized psychometric vs Piagetian tests, assessment of intelligence at formal operations level, 15 yr olds, Singapore, 14211
factor structure of Stanford Binet Intelligence Scale Fourth Edition, 2–23 yr olds, 14161
factor structure of State-Trait Anger Scale, male draftees, Netherlands, 28192
factor structure of statistics attitude measures, college students, 20717
factor structure of study skills & motivation & creativity as assessed by International Study Skills Inventory, male vs female Indian vs Anglo college students, Canada, 24229
factor structure of Teacher Efficacy Scale & factor correlates of teaching behaviors, student teachers, 27517
factor structure of Threat Index, measurement of death anxiety, 13–75 yr olds, 10684
factor structure of WAIS-R, adults with borderline mental retardation, 10556
factor structure of Wechsler Memory Scale vs WAIS-R, low IQ neurological or psychiatric patients, 124
factor structure of Wechsler Memory Scale, patients referred to neuropsychology lab, 10670
factor structure of WISC-R, Anglo vs Mexican American school age children, 17584
factor structure of WISC-R, children, 31646
factor structure of WISC-R, learning disabled children, 7187
factor structure of WISC-R vs Hong Kong-WISC, 7–13 yr olds, 17683
factor structure of Woodcock-Johnson cognitive subtests, 3–80 yr olds & older, 3667
factor structure of 17 psychometric tests, assessment of age differences in cognitive abilities, 22–95 yr olds, 35188
factor structure of 2 thought sampling rating scales, college students, 10638
factor structure of 30 item version of General Health Questionnaire, mothers of preschool age children, Great Britain, comparison with US data, 35193
factor structure of 4th edition of Stanford Binet Intelligence Scale, gifted 4th–6th graders, 7145
factor structure of 4th edition of Stanford Binet Intelligence Scale, 2–10 yr olds, 24633
factoral structure of intercorrelation matrix of Hebrew versions of 16PF & Clinical Analysis Questionnaire & MMPI, adult males, Israel, 14142
FACTOREP, factor structure of WAIS-R, 14223
factorial composition of SCL-90-Revised, psychiatric inpatients vs industrially injured workers, 28077
factorial construct overlap of WISC-R vs Halstead Reitan Neuropsychological Battery, diagnosis of learning problems, 8–16 yr olds, 7090
factorial validity of R. P. Snaith's self assessment irritability scale, college students, 17611
factors on Characteristics of Lifelong Learners in Professions Survey, differentiation of lifelong learners vs low participants in learning, human service professionals, 9974
fear of success as multidimensional construct, college students, implications for achievement motivation, 36475
hierarchical structural model of intelligence as demonstrated by Cattelian psychometric research, 14074
intergenerational differences in factor analysis & factor structure of Center for Epidemiologic Studies Depression Scale, Mexican Americans, 38704
internal consistency & reliability & factor structure of Survey of Personal Beliefs, assessment of irrational thinking, 22–80 yr olds, 31583
internal consistency & test retest reliability & factor structure of assertion measures, chronic alcoholic males, 28054
internal consistency & test retest reliability & factor structure of psychopathology measure, influence of demographic characteristics on test scores, mentally retarded 18–67 yr olds, 17654
internal structure of modified Gross Cohesiveness Scale, measurement of group cohesion, college students, 7122
item & factor analysis, dimensionality & utility of Achievement Anxiety Test & correlation with other variables related to academic achievement, college students, 17325
item analysis & factorial validity & reliability of English version of Psychological Reactance Scale, college students, Australia, 38630
item factor analysis & structure of Eysenck Personality Questionnaire, nursing & independent study students, 10619
item overlap, factor invariance of Millon Clinical Multiaxial Inventory, inpatients of Air Force alcohol rehabilitation unit & Air Force trainees referred for mental health evaluation, 7105
measurement equivalence & factor analysis of revised Job Diagnostic Survey, nursing & engineering & dairy & printing plant employees, 10601
method for estimation of factor means & covariances in groups selected on observed scores, factor structure of Graduate Management Admissions Test, applicants, conference presentation, 31734
method for orthogonal rotation of principal components, maximization of factor construct validity for NEO Personality Inventory, 19–93 yr olds, 31729
number of factors needed for validity of personality theory, 5056
orthogonal procrustes rotation procedure, best least squares fit with hypothesized target factor matrix, commentary, 31741
orthogonal vs oblique rotation in rating scales, analysis of teacher effectiveness, college students, 27777
phenotypic factor structure of Eysenck Personality Questionnaire, adult twins, Australia, 3585
predictive validity & internal consistency & factor structure of drug dependence syndrome, alcohol or opiate dependent patients, England & France & US & Canada, conference presentation, 12208
premenstrual negative feelings & activation & stress pain & follicular distress & anxiety in factor structure of symptom self reports of PMS, treatment seeking females, 12467
principal component structure of General Health Questionnaire, 15 yr old females, England vs Greece vs Turkey vs West Germany, 3575
psychometric properties & common factorial space of Millon Clinical Multiaxial Inventory vs Eysenck General Personality Scales, measurement of psychopathology, 17–72 yr olds with psychiatric disorders, 7227
quiet wakefulness vs verbal vs numerical tasks, spatial distribution & factor structure of regional EEG parameters, adults, 18114
reliability & factor structure of Achievement Motivation in Physical Education Test, elementary & junior high & high school students, Japan, 24249
reliability & factor structure of Alcohol Evaluation Instrument, male alcoholic patients, 119
reliability & factor structure of German version of Junior Eysenck Personality Questionnaire, school age children, Austria, comparison with English norms, 31592
reliability & factor structure of handedness inventory, adults, 111
reliability & factor structure of Italian version of Strelau Temperament Inventory, college students, Italy, 24646
reliability & factorial structure of State Trait Anxiety Inventory, 13–20 yr olds, Hong Kong, 31665
reliability & validity & factor structure of Self Consciousness Scale, 11 vs 13 vs 17 yr olds vs college students, 31555
reliability of factor structure of WAIS-R, head injured adult males vs previously tested disordered adults, 21058
religious beliefs & difficulty & apathy & boredom & satisfaction & social conscience, Mennonite vs Presbyterian vs Roman Catholic 20–95 yr olds, support for multidimensional model of religion, 11581
sample & temporal invariance & factor structure stability of Inpatient Multidimensional Psychiatric Scale, 15–60 yr olds with various mental disorders, 31640
scaling & factor structure, concrete operational task performance data, 6–12 yr olds, England vs Greece vs Australia vs Pakistan, 11432
stability of WISC-R & Wide Range Achievement Test factor stuctures, educable mentally handicapped & mentally retarded 9–16.9 yr olds, 193

structure & membership of core ability profiles of WAIS-R standardization sample, 16–74 yr olds, 35160
test retest scores & factor structure stability of WISC-R scores, learning disabled Black vs White male vs female 7.1–13.6 yr old students, 3 yr study, 17312
utility & factor structure of MMPI Gender Dysphoria scale, primary gender dysphoric males who were scheduled for or had completed gender reassignment surgery vs secondary gender dysphoric patients, 21130
validity & factor structure of inventory, assessment of demographic & societal & familial factors & onset of marihuana usage, 15–19 yr olds, 28090
validity & factor structure of Kirton Adaptation Inventory, assessment of cognitive components of problem solving, alcoholic males, 7172
validity & factor structure of Multidimensional Health Locus of Control scales, 18–67 yr old psychiatric patients, 21142
validity & internal consistency & factor structure & utility of stress inventory of D. Goleman, identification of physical vs mental stress response style, college students, 17610
validity & reliability & factor structure of professional orientation inventory, measurement of attitudes toward inmates, correctional vs probation & parole officers, 148
validity of family history & personality & substance use/abuse correlates & factor structure of Hyperactivity/Minimal Brain Dysfunction questionnaire, social drinking college students, replication, 7177
value of cross cultural comparison studies with Eysenck Personality Questionnaire assessed by analysis of factor scores, 14071
WAIS-R factor structure, injured 19–58 yr olds seeking vocational rehabilitation, 28046
Zung Self Rating Depression Scale, factor structure & item correlations, males vs females 60 yrs old & older, Finland, 103
3 factor solution for 16PF & extraversion & psychoticism & neuroticism assessed by Eysenck Personality Questionnaire, college students, 17685
3 factor structure of Maslach Burnout Inventory, teachers & nurses, US vs New Zealand, 7110

Factorial Validity

correctional analysis of Wechsler Memory Scale & California Verbal Learning Test, clinical assessment, patients with Alzheimer's or Huntington's or Korsakoff's disease or multiple sclerosis, 10673
cross cultural generalizability & factorial validity, Revised Dimensions of Temperament Survey, preschoolers, Japan vs US, 21145
cross cultural validity of Comrey Personality Scales factor structure, measurement of personality traits, 16–65 yr olds, Australia, 7160
factor & item analysis & cross cultural & cross language validity of Inventory of Learning Research, college students, Israel, 7131
factor analysis & canonical correlation of WISC-R & Wide Range Achievement Test & SRA Achievement series, 9–12 yr olds, 7195
factor structure & invariance across gender & validity of Self Description Questionnaire III, general vs school vs English vs mathematical self concept, 11th–12th graders, 7077
factor structure & validity of Fear Survey Schedule, 16–75 yr olds with agoraphobia & panic attacks vs other anxiety disorders or phobias, Australia, 123
factorial & concurrent validity of Study Attitudes and Methods Survey revised form, 10th graders, 20695
factorial validity of A. Jones & R. Crandall's Short Index of Self-Actualization, college students, 21139
factorial validity of Lovestyles Questionnaire, college students, 7087
factorial validity of McCarron Dial Work Evaluation System, neuropsychologically disabled 16–54 yr olds, 10570
factorial validity of O'Brien Multiphasic Narcissism Inventory, outpatients with narcissistic personality disorder, 10627
factorial validity of revised Gudjonsson Blame Attribution Inventory, convicted criminals, 24596
factorial validity of Study Attitudes & Methods Survey, 10th & 11th graders vs college students, 20660
factorial validity of United States Employment Service Interest Inventory, 16–58 yr old vocational rehabilitation patients, 28064
reliability & factor validity of danger & anxiety expectancy scales, identification of fear of flying & heights & public speaking, college students, 92
reliability & factorial validity, Junior Eysenck Personality Questionnaire, male vs female 9–15 yr old students, Zimbabwe, 21144
validity of 3 dimensional model of religious orientation, assessment of moral judgment & religiosity, graduate students, 21132
1st & 2nd order factor analyses of Emotional Empathy Scale vs Self Consciousness Scales vs Self Monitoring Scale, college students, 35116

Factory Environments [See Working Conditions]

Faculty [See Educational Personnel]

Fading (Conditioning)

bell & pad vs dry bed method vs tangible rewards with fading nocturnal enuresis treatments, outpatients over 6 yrs old at enuresis clinic, 33966
cigarette fading & self recording & contracting in smoking cessation program, adult smokers, 2945
fading & feedback &/vs incentives, visual performance & search & facial expression identification, myopic adults, 16515
fading & feedback training, visual acuity, myopic vs emmetropic college students, 16481
food satiation & fading, habitual rumination, 17.5 yr old profoundly mentally retarded male, case report, 37464
prompt fading on reinforced vs unreinforced stimulus vs trial & error learning, acquisition of complex vs simple visual discrimination task, severely mentally retarded 7.9–16.2 yr olds, 40735
response prevention & fading, nocturnal thumbsucking, 5 yr old female, 1 yr followup, replication, 16499

Fads and Fashions [See Also Clothing Fashions]

characteristics & factors inducing incidents of streaking on college & university campuses, support for emergent norm framework of collective behavior of fads, 18911
self monitoring, facial cosmetic use, female college students, 8419

Failure [See Also Academic Failure]

age & learned helplessness or egotism, postfailure performance, 3rd vs 7th vs 11th grade females, 36135
brief vs extended exposure to uncontrollable failure, hostile vs depressive self schemata responding & content recall, Type A vs Type B college students, 39975
confessions vs apologies vs excuses vs justifications to obtain deadline extension, definition of failure & attitude toward person committing failure, college students, 4998
correlation of scores on Cognitive Failures Questionnaire & Self Consciousness Scales, determination of relationship between cognitive failure & self focused attention, college students, 28298
factor structure of model of preferred causal attributions for success & failure, female college students, Netherlands, 8383
failure in psychotherapy, clients, 19745
fear of failure & career reevaluation & counseling, 29 yr old White male, commentary, 34863
field placement process & reasons for placement disruption or displacement, social work students & field instruction directors, 30906
gender & achievement domain, locus of standards & conceptual focus & initial expectations for success or failure, college students, 29429
impression management & self esteem perspectives, explanations for failures at work, college students, 41472
induced success vs failure on mental flexibility test, attribution of ability & effort & causal sources to outcome, Type A vs Type B college students, 25961
internal or external attribution for failure, performance following unsolvable problems, college students, 36442

internal vs external & competing vs action related causes, conjunctive explanations of success vs failure, college students, 15530
noncontingent feedback training with vs without repeated failure, learned helplessness on discrimination problems, female high school students, test of egotism model, 24900
off task cognitions, performance effects of global vs specific failure attributions, college students, learned helplessness implications, 1403
previously experienced failure, perceived freedom as self protective device, 18–37 yr old college students, Israel, 29408
psychodynamics of fear of failure vs fear of success, female college students, 3226
psychotherapy, habitual failure as adaptation to early childhood experiences & fear of abandonment, male in mid 40s unable to keep job, 37312
slump dynamics & slumpbusting strategies, athletes in performance declines, 20997
sociopsychological & intrapsychic & clinical aspects, fear of failure, females, 2334
success & failure attributions, disadvantaged or deprived persons, 18926
success vs failure experience, use of denial & projection & identification, 7.3–12.3 yr olds, 25571
task vs outcome attribution & failure tolerance, responses to failure, Navy recruits in training, 18915
therapeutic management, fear of success or fear of failure, female clients, 2316
unsuccessful in vitro fertilization, depression & marital relationship & sexual functioning & lifestyle, husbands & wives, implications for counseling needs, 30562

Failure To Thrive
comprehensive behavioral & psychological & intellectual assessment, differential diagnosis of organic vs nonorganic failure to thrive, 6 mo olds, 22912
E. Berne's concept of strokes & their biological correlates & relationship to failure to thrive & depression, 29435
family demographic & clinical characteristics & type of early intervention, cognitive development, 3–3.3 yr olds hospitalized as infants for nonorganic failure to thrive, follow-up studies, 5621
focused intervention, feeding practices, 20–29 yr old mothers & their 11–18 mo olds with failure to thrive, 33707
hospitalization, physical growth & psychosocial development, nonorganic failure to thrive children, meta analysis, 16861
multidisciplinary treatment, weight gain, organic vs nonorganic failure to thrive 3 mo to 6 yr olds, 23092
nasogastric feeding & interactive behavioral approach, feeding behavior & social responsiveness & maternal involvement, hospitalized failure to thrive 5–9 mo olds, 13000
parent practitioner communication, treatment, nonorganic failure to thrive infants, 23103
parental influences, development & feeding & attachment disturbances, nonorganic failure to thrive infants & their fathers, implications for psychosocial management, 5620
social casework, failure to thrive & attachment disorder, 37749
stimulation, affective behavior & weight gain vs loss, hospitalized failure to thrive 3–16 mo olds, 2789
stress & hostility in family environment, families of nonorganic failure to thrive infants, 5608
therapeutic processes, 2.5 yr old male with failure to thrive syndrome & 23 yr old mother & family medicine resident, case report, conference presentation, 40870

Fainting [See Syncope]

Faith Healing
analysis & discussion of wizardry paradigm & diagnosis & curing of illness & misfortunes allegedly caused by wizardry, Mutumwa Nchimi practitioners, Zambia, 12564
cross cultural typologies of trance practitioners engaged in healing, 36260
cultural concepts of & elements in healing, Navajo Indians, 15272
differential sociocultural & interpersonal patterns of action & influence, adults in Christian Pentecostal or neo-Pentecostal or charismatic or metaphysical spiritual healing groups, 15263
healing strategies, personal misfortunes, shaman, Korea, 18750
indigenous healing practices as alternative to substance abuse intervention, Native Americans, 8 yr study, 41094
life history & cultural boundaries, motivation for healing practices, Rabbi Y. Wazana, Morocco, 4796
mind brain & brain body & cellular genetic levels of response in body healing, 15271
Pentocostal church faith healing as shamanic environment, relief of psychosocial stress & prevention of psychosomatic illness, 11583
personality & sociodemographic factors, success of suggestion therapy by faith healer, nicotine withdrawal, heavy smokers, Switzerland, 12 yr followup, 2913
psychiatric practice of tantrik healer vs psychiatrist at mental hospital outpatient clinic, psychiatric patients, Nepal, 26742
psychoactive drug usage & shamanistic-mystical & psychospiritual strategies, 63 yr old male shamanistic healer, Peru, 37492
restraints to protect from sorcery accusations & persecution, supernaturalist curers, Thailand, 18748
semiotics of ritual healing in Muslim shrine, adult females, India, 18757

Faking
computer interpretation program vs clinical judgment, detection of faking on Rorschach test, psychiatric patients & college students, 1620
detection of faking on MMPI & 16PF during pretrial mental health exam, schizophrenic vs alcoholic vs antisocial personality disordered vs normal adult males, legal implications, 11641
development & cross validation of motivational distortion scales for Children's Personality Questionnaire, 12 yr olds, 35102
fakeability of personality profiles on standard personality inventory, college students, 35082
faking believable deficits on neuropsychological tests, 9–12 yr olds, implications for forensic assessment, 5633
faking detection & incremental validity of response latencies to MMPI items, college students, 31613
faking on Mississippi Scale for Combat Related Posttraumatic Stress Disorder, veteran medical center patients with substance abuse or anxiety disorder, implications for differential diagnosis, 26054
faking psychophysiological assessment, 29–43 yr old male Vietnam War veterans with vs without PTSD, 33049
psychophysiological correlates, simulated vs real hypnosis, college students, 18181
skill training with vs without faking, hypnotizability, 18–32 yr olds, 35421
validity of MMPI, detection of fabricated symptoms, Vietnam veterans with vs without PTSD, replication, 21108
2-stage model using signal detection theory, invalid response pattern detection for California Psychological Inventory, college students, 31627

False Pregnancy [See Pseudocyesis]

Fame
one sided vs two sided celebrity endorsement, advertising effectiveness & credibility, owners or executive officers of small to medium sized businesses, 41543
time since first presentation of nonfamous names, subsequent judgment of names as famous, college students, 17848

Familiarity
acquaintanceship & analyst identity, idea quality & quantity, focus groups of acquaintances vs couples vs strangers, 15442
age & presence of anesthetized lactating dam, fear response measured by heart rate in unfamiliar environment, 16–60 day old rats, 25003
age & previous exposure to literature, awareness of narrative themes, K–4th graders, 11408

age & previous maternal experience, care of pups, normal virgin vs androgenized female rats, 35841
attentiveness & familiarity of social object, smile production in nonsocial situation with mother vs stranger vs toys, 17 vs 19 mo olds, 39639
attitudes toward advertisements, effect of emotional responses vs exposure level on TV advertisement effectiveness, college students, 20964
attitudes toward known vs generalized elderly targets, high school & college students, 1163
bias toward earlier presented item &/vs improved perceptual sensitivity, facilitation of memory for earlier word, college students, 24884
book familiarity & child's age, interactions during reading, mothers & their 2–5 yr olds, 18567
caste & education & urban contact, perception of familiar vs unfamiliar pictorial symbols, rural adults, India, 17781
contact experience, attitude change toward parents of chronically mentally ill patients, social work graduate students, 9973
difficulty & familiarity of task content, performance on word problems requiring proportional reasoning vs computations, 9th graders, implications for teaching, 3204
distinctiveness & familiarity, face recognition memory, college students, 17800
divided attention, familiarity with vs conscious recollection of names, college students, 31906
duration & masking & orientation of familiar alphanumeric characters & offset duration, detection of change, college students, 17785
duration of prior exposure to CS, olfactory aversion conditioning, preweanling rats, 28422
ectopic pituitary isografts, response to novel vs familiar environments, Dwarf mice, 790
escape pretraining, avoidance conditioning, rats, 24936
estimation of emotions felt &/vs displayed by self vs close friend vs acquaintance, college students, 22366
experience & auditory environment, recognition of starling alarm calls, infant vervet monkeys, 14532
experience, orientation at magnetic anomalies, homing pigeons, 514
experience, use of visual & pheromonal orientation cues, giant tropical ants, 39025
exposure frequency, familiarity & likability of popular music, college students, 952
eye contact during conversation with mother vs stranger, males vs females observed at 2 vs 4 yrs olds, 4637
face familiarity, electrodermal recognition, 59 yr old female with prosopagnosia, 22887
familiar vs anomalous & novel metaphors, lexicalization of metaphorical sense, college students, 294
familiar vs unfamiliar intact vs disrupted passages, oral reading miscue pattern & postreading comprehension performance, 7th graders, implications for psycholinguistic & interactive models, 18599
familiar vs unfamiliar mathematical statement, correctness judgment of inductive vs deductive verifications, college elementary education majors, 27505
familiar vs unfamiliar music, listening time & ratings of liking & quality & familiarity, 14–73 yr olds, 14328
familiarity & frequency of words, generation effect in verbal memory, college students, 14464
familiarity & lateralization of imagery processes, word recognition under intentional vs incidental memory instructions, college students, dual coding & discrete vs continuous processing implications, 24861
familiarity & number of elements & representation, recall of locations & names in maps & diagrams & encoding strategies, high school students, 28348
familiarity & sex, kinship recognition & mate selection, mice, 14560
familiarity of & causal vs enabling vs arbitrary relations among items, immediate vs delayed recall of event sequences, 17.5–23 mo olds, 978
familiarity of E & setting, object recall, 4–5 yr olds, 25503
familiarity of food associated pattern, mirror image ambiguity in pattern matching, honey bees, 3926
familiarity of target person, estimations of subjectively experienced vs displayed emotion, college students, 1397
familiarity signaled by odors, social interactions & aggressive behavior, same vs different sex meadow vole dyads in laboratory vs field, 24979
familiarity vs kin relatedness, social interactions, crab eating monkeys, 21469
familiarity with peer, perceived segmentation of peer's behavior stream, 2nd vs 4th graders, 1086
familiarity with school settings through preschool experience, expectations for & adjustment to school, K–1st graders, Israel, 24099
familiarity with stimulus color & shape, preference for paired novel stimulus with same vs different color &/vs shape measuring categorization, 16–24 wk olds, 32383
familiarization, development of sibling recognition, muroid rodents, literature review, 18034
familiarization with complex visual patterns, shifts in visual field advantage, right handed 20–49 yr old females, 35606
familiarization with photographs of individuals, choice of potential mate, college students, 32683
familiarization with transparent occluders apparatus, errors in Piagetian Stage IV search task, 9 mo olds, 32465
fighting ability &/vs habituation, incidence of fighting & tendency to initiate fights, pigs in pairs of same vs different weight, 10983
frequency of use & familiarity with literal vs figurative idioms, college & graduate students, 29008
habituation & familiarization process & reactions to novelty, infants, commentary, 32377
habituation & information processing, infants, commentary, 32387
habituation & responses to new vs familiar stimuli, infants, commentary, 32417
halo vs summary construct model, country image & product familiarity & evaluation of Japanese vs Korean vs American TV sets & automobiles, consumers, US, 35004
imagery of familiar vs unfamiliar objects with vs without picture prompts, vividness of imagery, college students, 28386
imagery of familiar vs unfamiliar scenes, heart rate reactivity, female college athletes, test of bioinformational theory, 24485
immediacy & expectancy violations, communication outcomes, friend vs stranger dyads, 4949
inhibited vs uninhibited behavior at 21 mo old, behavior & physiological arousal in unfamiliar play vs test sessions, children assessed at 5.5 vs 7.5 yrs old, 25602
interactional vs separate imagery instructions & familiarity of word pairs, cued recall, college students, 21314
intrusion by stranger vs neighbor, territorial response, 3 species of animals, application of game theory, 4057
item familiarity & listener expectations & syntactic context & semantic plausibility of phonetic ambiguities, perception of fluent speech, college students, 17811
lexicalization & degree of familiarity of phrase, preference for idiomatic interpretations, native vs nonnative English speaking college students, 18496
memory for affect eliciting stimuli, familiarity & recognition judgments, college students, 28343
mother vs teacher vs stranger present situations, curiosity toward familiar vs novel objects & adult behaviors, abused preschoolers of low SES, 8772
motivation & familiarity & interpersonal vs group vs public speaking context, anxiety & avoidance behavior, college students with high vs low communication apprehension, 23964
name agreement & familiarity & visual complexity ratings of line drawings from PPVT & J. Snodgrass & M. Vanderwart's picture set, 2nd–4th graders vs college students, implications for research, 39489
neutral texture disparity & familiarity cues, binocular depth reversal & pseudoscopic perception of familiar shapes of objects, adults, 38798

new noun for objects with familiar names, incorporation of word meaning & semantic relations & formation of language hierarchies, 1.6–2.7 yr olds, 32453
novel & familiar elements, interests in informational communication or stimuli, college students, Norway, 3831
novelty vs familiarity of stimulus, recognition memory, pigeons, 35466
number of related birds & frequency of & similarity among bird species, typicality ratings & classification, college students, 7389
odor naming with label training vs assignment of adjective attributes or odor familiarity, odor learning & discrimination, college students & 20–30 yr olds, 21198
orientation of familiar vs unfamiliar common object pictures, mental rotation & naming & identification of top, college students, 3816
perception of sensation seeking in self vs familiar vs unfamiliar person, heterosexual college student couples, 8401
physical attractiveness & acquaintance & subject gender, perceptions of rape victims & assailants, adults, 22702
physical resistance, injury during rape by stranger vs known attacker, 14–98 yr old female victims, 15881
preexposure to pups, parachlorophenylalanine induced filicide, rats, 35791
preference & familiarity & complexity of artworks & experimental aesthetics, college students, 25375
pretraining on Morris water task & novel environment, latent place learning, rats, 10912
previous experience, d-amphetamine induced diving stereotypy, male rats, 35879
prior contact with physically disabled, attitudes toward interaction with disabled peers, ablebodied college students, 29845
prior experience, nest site selection, pinyon jays, 524
prior information about other Ss vs group singing prior to task to alleviate uncertainty, primary tension, college students in small groups, 36392
product level of familiarity & attributes, consumer choice behavior for noodle soup, college students, West Germany, application of information processing approach, 17483
rape by stranger vs acquaintance vs family member, offender's aggression & victim's resistance & help seeking & current psychological symptoms, female college students, 5423
rated imagery & concreteness & goodness & familiarity of dictionary words, normative data for research on historical word entry date & psychological variables, college students, Canada, 28285
rattlesnakes vs nonvenomous bullsnakes, antisnake behavior, snake experienced vs naive black tailed prairie dogs, 520
relationship to offender, long term emotional effects, sexually abused females in therapy, 29705
repeated sham feeding & latent inhibition, increased consumption & association between food's taste & postingestive consequences, male rats, 35481
responses to recorded songs of socially familiar &/or related groups, male vs female cooperatively breeding splendid fairy wrens, 18033
same vs different judgment of familiar vs unfamiliar sequentially presented face pairs, left vs right hemisphere EPs, male 18–30 yr olds, 4074
sex & familiarity with therapy, ratings of male vs female psychologists, college students, 30270
sex discriminability & familiarity in face perception, college students, 225
sex, ratings of typicality & familiarity of & recognition for faces, college students, 21235
situation familiarity & financial incentives, anchoring & adjustment for probability assessment, business school students, 35373
spacial density & familiarity with stimulus person, personal physical space needs, female college students, India, 18885
spatial structure of Hebb-Williams mazes & experience, errors, male rats, 10898
spelling to sound irregularity & stimulus familiarity, pronunciation latency, college students, 14399
stimulus familiarity, relational learning in oddity task, developmentally delayed low functioning 2.9–4.3 yr olds, 26371
time since first presentation of nonfamous names, subsequent judgment of names as famous, college students, 17848
unfamiliar music during concurrent finger tapping, cerebral lateralization, left handed college students, 32037
urine odor of cage mate vs unfamiliar same sex gerbil, investigative behavior & ultrasonic vocalization & scent marking, male vs female gerbils with male vs female cage mate, 3984
view of familiar vs unfamiliar face & intervening item requiring response, serial choice RT measuring repetition priming of face recognition, college students, 38923
weight & color & numerosity of imagined vs perceived objects & familiarity, mental manipulation, college students, 24822
word familiarity, long term recency, college students, 28342
writer familiarity with recommendee, attributional framework of recommendation letter, urban business managers, implications for personnel selection, 31353

Family Background [See Also Family Socioeconomic Level, Parent Educational Background, Parental Occupation]
age & body weight & height & family background, quality & quantity of circulating lymphocytes, 60–90 yr olds, 39713
age & grade & parental educational & occupational-level, Wide Range Achievement Test score & WISC-R IQ & Gates MacGinitie reading tests performance, 10.6–17 yr old middle school students, 20531
age of onset & severity, bulimic patients with vs without family history of drug abuse, 12463
age of parents at birth of child as risk factor, patients with Alzheimer's type vs multi-infarct dementia, Japan, 5816
background & demographic characteristics & prediction of alcohol consumption during 1st mo of pledgeship, male college fraternity pledges, 22289
background factors & biological variables in research on genetic liability for schizophrenia, conference presentation, 1585
beer vs placebo, EEG & perceived intoxication & desire to drink more, 20–28 yr old nonalcoholic males with vs without family history of alcoholism, 22803
caffeine & arithmetic stress, BP & heart rate, Chinese 19–52 yr old males with vs without family history of hypertension, replication, 854
career development & attitudes & family characteristics, willingness to accept mobility opportunities, adult employees, 6872
cerebral ventricular enlargement & family history & obstetrical complications, monozygotic twins with schizophrenia, conference presentation, 1685
characteristics of family subtypes of pure vs sporadic depression vs depressive spectrum, clinical course & additional diagnoses & social maladjustment, depressed adult females, 11 yr followup, 5331
child & family sociodemographic variables, Metro Manila Development Screening Test performance, 1 mo–6.5 yr old chronically ill children, Philippines, conference presentation, 40059
clinical characteristics & response to treatment & personality profiles after recovery & family history, 21–65 yr old unipolar vs bipolar II outpatients, 8636
color coded genograms in family therapy, 37400
consanguinity of parents & birth order & perinatal complications & age of onset, children with early infantile autism, India, 1636
criminogenic background, satisfactory social adjustment, 8–10 yr old males, England, 22–24 yr study, 12122
demographic & childhood backgrounds, teenage mothers vs nonmothers, 22046
demographic & family background factors & religious beliefs, sexual attitudes & behavior, 15–18 yr olds, 11503
demography & psychiatric morbidity & motor consequences of long term neuroleptics, siblings born to father with family history of schizophrenia & mother with affective disorder resulting in suicide, 19254

drinking behavior & alcohol related problems, male college students with alcoholic fathers vs 2nd degree relatives vs no alcoholic relatives, replication, 19340
DSM-III diagnoses & sociodemographic & family history characteristics, alcoholic vs nonalcoholic drug abusing hospitalized patients, 22834
easy vs hard auditory tasks, P300 amplitude & latency, male vs female college students with vs without history of parental alcoholism, 8911
educational & family background, educational & social & emotional & addiction problems, adult students in higher education, Sweden, 24255
epidemiology & familial patterns & risks & diagnosis of anxiety disorders, literature review, conference presentation, 15810
epidemiology & family & personal correlates of psychiatric disorders, 1st yr medical students, Yugoslavia, 17033
EPs, males with vs without paternal family history of alcoholism, replication, 12261
familial & developmental antecedents, social phobia, literature review, 19065
familial alcoholism, abstracting ability & childhood conduct disorder, alcoholic male inpatients, 22822
familial personality disorder or alcoholism, clinical features of depression, patients, 12077
family & medical history & morbidity risk, 1st vs 2nd degree relatives of 54–91 yr old patients with dementia of Alzheimer type, conference presentation, 12452
family autobiography, personal growth, counselor trainees, 23862
family background & developmental history, 23 yr old transsexual male, case report, 33284
family background & friendship systems & age & absence of conflict & disruption & loss in social development, psychotherapy & family therapy clients, 37261
family background & motivational factors, career choice & nontraditional careers, high achieving female college students, 34681
family background & parental loss, psychiatric diagnosis & physical health, 13–18 yr old psychiatric inpatients, 32963
family background & personal history & psychological factors & mental health, female offenders, 1834
family demographics & maternal childrearing practices, relative weight, male vs female 7–11 yr olds, Canada, longitudinal study, 15026
family demographics & parental literacy & expectations & teaching practices & home environment, reading & mathematics achievement, 6–12 yr olds & their parents, Peru, 20501
family disruption & mothers' drug use & abuse & emotional distress & somatic complaints, children's drug use & abuse & deviant attitudes & distress, mothers & their 7th–9th graders, 3 yr followup, 8903
family environment & perceived personality stress, classroom cognitive & social climate, college teachers & their students, 6646
family history & HLA-DR antigens, possible genetic link between multiple sclerosis & affective disorders, multiple sclerosis patients with vs without bipolar vs unipolar disorder, 23042
family history & incidence of primary vs secondary depression, patients with neurotic depression, conference presentation, 1742
family history & obstetrical complications & neonatal health & increased cerebral ventricular size in infancy & adulthood, schizophrenic 16–49 yr olds, conference presentation, 1641
family history of alcohol abuse, sources of social support, alcohol abusing vs nonabusing 12–19 yr olds, 26338
family history of alcoholism & affective symptomatology, alcohol consumption & neuropsychological test performance, alcoholic males vs females, 36890
family history of developmental communication disorders, developmental language impairments, 4 yr olds, 33450
family history of developmental language disorders, 7–9 yr olds with vs without language impairment, 33451
family history of paternal alcoholism, alcohol abusing male violent offenders vs impulsive arsonists, 40245
family history of psychiatric disorders, patients with social phobia vs panic disorder, 5310
genetic & environmental factors, susceptibility for subtypes of alcohol abuse, adoptees of alcoholic vs nonalcoholic biological vs adoptive parents, conference presentation, 1860
genetic factors, music ability, conference presentation, 32899
history of aggressive behavior & paternal alcoholism, P3 voltages, alcoholic males with disorders in mood & aggression control, 15901
history of paternal alcoholism, alcohol consumption & depressive symptoms, nursing students, 12230
incidence of parental deprivation & family history & birth order & sociodemographic factors, patients with paranoid schizophrenia, India, 1680
incidence of psychiatric illness among parents & siblings & number of older siblings, patients with monopolar vs bipolar depressions, 8642
individual & family & psychosocial & educational factors, plans for professional career, Black high school students graduating in 1972, 7 yr study, 36118
knowledge of E's interest in handedness & familial sinistrality, dichotic syllable perception & bilateral object naming task performance, college students, implications for experimental design, 11055
life events & proband characteristics & familial aggregation of depression, 1st degree relatives of probands with recent onset depression, conference presentation, 1656
limitations of format of standard genogram & alternative that highlights temporal aspects of family history, 16436
manifest psychopathology & life events & family history & personality traits, 17–47 yr olds with reactive psychosis, India, 26043
maternal characteristics & family resources & neonatal morbidity, mothers who did vs did not receive prenatal care, 20052
maternal characteristics & family resources & parenting behavior in neonatal intensive care unit, mothers who did vs did not receive prenatal care, 20053
menstrual phase, mental stress induced changes in BP & heart rate, adult females with vs without parental history of hypertension, 2096
mental & physical problems, children from families with 2 or more generations of child abuse & current abuse of 2 or more children, UK, 19310
mode of inheritance via family history, 18–55 yr olds with manic depressive psychosis, India, 26118
multigenerational family dynamics & family requirements & educational mobility, 1st generation college students, 38172
parental drinking patterns, prediction of alcohol & drug consumption problems, adolescents, 40299
parental rearing practices & personality traits, influence of biological vs cultural heredity in development of alcoholism, alcoholic males with vs without family history of alcoholism, 22833
patient & family characteristics, completion of day care treatment, multiple drug abusing adolescents, conference presentation, 2909
patient characteristics & family background & velocity of DSM-III criteria, outpatients with primary early onset dysthymia vs primary nonbipolar nonchronic major depression, 6 mo followup, 11993
perceptions of primary activities of parents & own interests & abilities & family dynamics, attitudes toward career & family, 4.5–5.5 yr olds, 4724
personal values & birth order & addictive or compulsive behavior in family of origin, choice of helping career, social work vs business students, 9975
platelet 3H-imipramine binding & family history of affective illness, patients with bipolar vs unipolar affective disorder, implications for genetic markers, 5149
positive family history for alcoholism, alcohol consumption & related problems & dependence, adults, 19356

presenting symptoms & family history & personal characteristics, 2.5–14 yr old psychiatric clinic patients, India, 6 mo longitudinal study, 19194
prevalence & family history & age of onset, 1st degree relatives & spouses of patients with primary major depressive disorder, conference presentation, 1684
psychopathological symptoms, manic depressive patients with family history of manic depression with vs without suicide, Austria, 8670
psychosocial characteristics & symptomatology & parental pathologies, depressed 7–12 vs 13–17 yr olds, conference presentation, 12022
relation of features to familial illness, cocaine abuse, national hotline callers, 19388
schizophrenic 1st degree relative & age of onset, schizophrenic 17–73 yr olds, Japan, 26172
self & family demographic characteristics & educational treatment parameters, prediction of speech production performance, hearing impaired 7–16 yr olds, Israel, 27745
sex & alcohol abuse & family history of alcoholism, familial & behavioral & psychological & sociocultural factors, detoxified alcoholic adults, 33372
sex & family history of suicide, suicide prevalence, depressed 18–86 yr olds, 22726
sex role typing & family background, sexual behavior, 15–17 yr olds, 32492
social drinking models, alcohol consumption, 19–21 yr olds with vs without family histories of problem drinking, 12219
social functioning & adjustment & family history & continuity of major depression, adolescents, 8 yr followup, 11956
socialization in family, tendency toward resocialization, incarcerated 13–21 yr old male delinquents & criminals, Turkey, implications for community based treatment, 37955
sociocultural family origin & educational level, ratings of pain & pain behavior during childbirth, 19–38 yr old females with mothers born in Western vs Middle Eastern countries, Israel, 39750
sociodemographic family patterns & media exposure & access, parental mediation of TV & video cassette recorder use, 7th & 10th graders, 36149
socioeconomic background & race & demographic & employment characteristics, males in female vs male concentrated occupations, 38339
structural brain damage & obstetric complications, schizophrenic inpatients with vs without family history of disorder, 15749
subjective life expectancy & family life expectancy & chronological age, female college students, 8465
training in family therapy, information sought in psychotic patient histories regarding families, mental hospital psychiatric registrars, England, 37774
verbal & nonverbal abstracting & problem solving abilities, adult alcoholic vs nonalcoholic females with vs without family history of alcoholism, 8919
violence in family of origin, spousal aggression in response to work & life stress, couples at 6 & 18 mos following marriage, Canada, social learning theory, 12152
Family Counseling [See Family Therapy]
Family Crises
challenging established patterns to precipitate crisis in family therapy, 26857
cognitive factors, choices of coping strategies for home & career stress, female 25–40 yr olds, 41464
family & personal coping strategies, financial & family crisis adjustment, 25–60 yr old female displaced homemakers, 4834
family victimization theory, 29687
perception of self & familial behavior during intrafamilial conflict resolution, depressed 14–16 yr olds, 11985
residential treatment as crisis intervention, adolescents from families in crisis, 23693
role in working with children from farm families in economic crises, school counselors, 34828
stressful & hostile family environment, disruptive behavior, demented 79 yr old male & 89 yr old female, case reports, 12501
24 hr crisis nursery, children up to 6 yrs old from families in crisis, 23550
Family Life [See Family Relations]
Family Medicine
brief developmental counseling, medical residents in family practice, 30911
construction & reliability & validity & factor analysis of self rating Functional Social Support Questionnaire, family medicine patients, 10565
development & validity of multidimensional measure of patient satisfaction with pharmacy services, clients of family practice clinics, 38641
development of & psychometric data for Q sort instrument to measure perceptions of clinical teaching, faculty members in family medicine residency programs, 17622
development of training manual for geriatric education in family practice program, medical residents & geriatric patients, 6606
family systems consultation, teaching family medicine, 34502
medical illness & somatic symptoms, treatment received in family medicine practice, depressed primary care patients, 1 yr study, 37599
postpartum telephone program in family practice, reassurance & guidance & early intervention, mothers & newborns through 1 mo old, 2650
PROQSY computerized psychiatric assessment techniques, screening for psychiatric morbidity in general practice, 15–69 yr old patients, 32992
psychological & educational & research consultation, development of family medicine, school psychologists, 2645
social support, medical care use, adult family practice patients, 37600
training for & involvement in counseling, family physicians, 34540

neurocognitive profile, high vs low vs possible risk sons & their alcoholic vs nonalcoholic fathers with vs without alcoholic relatives, 8925
parental personal adjustment, perception of children's behavior, mothers vs fathers vs teachers of 3–8 yr olds with conduct problems, 12204
parenting stress & dysphoria & perceived social support, mothers vs fathers of 4.5–19.5 yr olds with autism vs Down's syndrome, 32994
paternal job & income loss, family relations & father child interactions & child development, families, 25742
perceived child temperament & definition of easiness vs difficultness, mothers vs fathers of male vs female 6 vs 24 mo olds, 39638
perception of family structure & maternal distance & paternal alcohol consumption & marital power, father daughter incest, family therapists, 33257
perceptions of family climate patterns & satisfaction & coherence, 30–62 yr old kibbutz fathers of disabled children, Israel, 25993
personal characteristics & mental impairments, filicidal males, 5380
personality psychodynamics & parenting behavior, fathers of withdrawn vs expectation evading vs rebellious deviant students, India, 18782
prediction of 12 yr old son's performance on easy vs average vs difficult exams, 30–50 yr old mothers vs fathers, India, 24257
pregnancy & postpartum periods, perception of general health status, 19–67 yr old fathers, 39764
problem solving efficiency & family relationships & behavioral interactions & cognitions, fathers of aggressive vs well behaved male 2nd–6th graders, 39782
psychoanalytic interpretation of father imagery in P. Shaffer's play "Amadeus", 7976
psychological characteristics & life history, stepfathers vs biological fathers who committed incest vs males who abused unrelated children, 1778
psychological distress & social support & adjustment, 24–49 yr old mothers vs fathers of 1–13 yr olds with acute lymphocytic leukemia, 16157
quality & severity of bereavement reactions, kibbutz 1–10 yr olds who lost fathers in war of October 1973, Israel, treatment implications, 4693
recognition of newborn's photographs during early postpartum period, mothers vs fathers, 1219
role of father/husband figure & mothering/parenting experience, development of narcissism, 29154
sex, division of parenting & child household tasks, families with 9–11 yr olds, Australia, 36335
social & marital functioning & psychiatric morbidity, spouses of females admitted to psychiatric mother & baby unit, 8608
social class & perceived adjustment of child, perceptions of father's role competence, husbands vs wives before vs after birth of 1st child, 8245
speed & numbers read aloud in mother's vs father's vs stranger's voice, voice discrimination measured by heart rate, 0–5 day olds, 21974
stress & family environment, families in which daughter was sexually abused by natal father vs stepfather, 36754
transition to parenthood & length of marriage, marital relations & strength & satisfaction, 20–34 yr old 1st time mothers vs fathers, 1 yr study, 32653
type of father figure, collusion in sexual abuse of own children, mothers of children abused by fathers, 1978–86, 15843
victim's age & duration & seriousness of abuse & self disclosure of father daughter incest, female 18 yr olds & younger, 19283

Fatigue

adjective checklist, measurement of fatigue & correlation with Eysenck Personality Questionnaire, fatigued male Army personnel, England, 13952
assessment of role of sleepiness & circadian dysrhythmia & fatigue in transportation accidents, police policy implications, conference presentation, 24280
central fatigue, attention change as measured by eye movement capacity to track optokinetic stimuli, neurotic adults, conference presentation, 19264
central fatigue, optokinetic response limit, healthy vs neurotic adults, conference presentation, 5367
Coxsackie B viral infection, 5–12 yr olds with prolonged fatigue & physical & psychological symptomatology, Scotland, 23079
delirium after heat exhaustion, 30 yr old male long distance runner, case report, 22538
depression & fatigue & malaise induced by consumption of neurotoxin ciguatera in tropical water fish, 52 yr old male, case report, 30007
effectiveness of screening for somatization disorder, adults with chronic fatigue, 40456
fatigue & depressive symptomatology & daily living activities, patients with multiple sclerosis, 5698
fatigue & emotional reactions during postpartum period, parents offered hospital discharge 24–48 hrs vs 6 days after birth, 9822
gas mask vs full chemical protective suit for 4 vs 12 hrs, mood & fatigue, military personnel, 10448
high carbohydrate low protein vs low carbohydrate high protein vs balanced meal, plasma glucose & insulin & amino acid levels & feelings of fatigue, 18–29 yr old females, conference presentation, 39164
high precision dynamic accommodation measurement system, assessment of CRT induced eyestrain & visual fatigue, 18–46 yr olds, 17541
lifestyle & Type A behavior & vital exhaustion vs sleep complaints prior to myocardial infarction, 35–69 yr olds vs other hospitalized patients, 29930
lifetime prevalence of preceding psychiatric disorders, patients with chronic fatigue syndrome, 29997
lifetime prevalence of preceding psychiatric disorders, patients with chronic fatigue syndrome, erratum, 37083
mental fatigue at work, pain perception, female computer operators, 13875
muscle fatigue, hyperventilation syndrome patients, 12391
overview of fatigue & its role in physical disorders, 12424
periodic awakening vs required movement vs EEG change, sleep restoration, 18–28 yr old males, implications for sleep apnea patients, 22892
physical & psychological causes & cognitive behavioral treatment, chronic fatigue, 2163
psychological status, 26–70 yr olds with serological profile & clinical symptomatology indicative of chronic fatigue syndrome, 40466
questionnaire response time, measurement of mood & fatigue in sleep loss & workshift studies, Marines, implications for scale validity, 14171
repeated maximal & submaximal exercise & sleep deprivation, perceived exertion & fatigue & mood, Marine Corps volunteers, 35720
rest vs long workday of computer data entry, assessment of fatigue & alertness & diurnal variations using performance battery, 18–25 yr old males, 3375
self reported disturbances & dream quantity & emotionality & tiredness & mental activity, females with clinical vs nonclinical PMS, 16166
sleep deprivation induced fatigue, cognitive performance on ability tests, Army soldiers, Great Britain, 7416
training program for recognition & management of battle fatigue, knowledge & attitudes, Army combat medics, implications for training in psychiatric patient differential diagnosis, 3009

underlying circadian rhythms, subjective sleepiness ratings, 19–25 yr old males, 21589
video display character spacing & control & format & scrolling speed, reading fatigue & speed & comprehension, college students, Taiwan, implications for Chinese language office automation, 6941
3–4 day 12 hr rotating shift schedule vs 5–7 day 8 hr schedules, sleep patterns & fatigue & alertness, plant control room operators, 38443
72 hr sleep deprivation & time of day, perceived sleepiness & affect & motivation & cognitive difficulties & waking dreams, 22–32 yr olds, Israel, 39186
Fatty Acids [See Also Phosphatides]
age & essential fatty acid supplements, problem solving & perceptual motor speed & recovery, alcoholic 20–39 vs 40–59 yr olds, 37926
arachidonic acid incorporation into platelet phospholipids, patients with schizophreniform or schizoaffective disorder, 1580
dextroamphetamine vs evening primrose oil containing gamma linolenic acid, 6–12 yr old males with attention deficit hyperactivity disorder, 26929
essential acids in plasma phospholipids, schizophrenic 20–71 yr olds, conference presentation, 29558
essential fatty acid supplementation, adult patients with schizophrenia or bipolar affective disorder or personality disorder & tardive dyskinesia & history of exposure to neuroleptic drugs, 37572
evening primrose oil with multivitamin, depression & anxiety symptoms, females referred to PMS clinic, 2454
high fat & cholesterol diet & restraint stress, serum triglycerides & nonsterified fatty acids & total cholesterol, male rats, 39177
inhibition of fatty acid oxidation by methyl palmoxirate, food intake, hamsters, 14935
portable insulin infusion pump & family therapy, free fatty acid response & emotional adjustment, 16 yr old female with ketosis prone insulin dependent diabetes mellitus, case report, 33727
sport term capsaicin, perceptual response on hairy skin, 21–33 yr olds, 28209
2-deoxy-D-glucose & methyl palmoxirate, hunger motivation & food intake, Syrian hamsters, 21767
Fear [See Also Panic, Social Anxiety]
age & fear of crime, constrained social behavior, city residents 16 yrs old & older, 4939
age & sex & education & marital status & community size & living arrangements, fear of crime, 14 yr old & older Black vs White community residents, 19312
age & sex & length of course, types & levels of situational fears, Outward Bound students & their instructors, 24479
age & sex & place of residence & exposure to political hardship, fear & coping behavior, 8–14 yr old Palestinians before vs after 1982 war, Lebanon & Israel, 29164
age & specificity of response, dental fears, Black 3–11 yr old patients from low SES families, 20080
attention instructions, preparedness phenomena in electrodermal & cardiovascular responses to phobia relevant stimuli in trace conditioning, college students, 21616
behavioral & self report & psychophysiological measures, assessment of fear reaction to detoxification, opioid addicts in methadone maintenance program, 6550
behavioral treatment, fear of being at home alone & adaptive responding, female 8 yr old, 2426
bioinformational imagery fear scripts, physiological responses & self report, adult agoraphobics with panic attacks, 5366
birth order & level of education & race & fear, males vs females, 1432
chlordiazepoxide & controllable vs uncontrollable shock, nociception & contextual fear, rats, 7784
cognitive clarity vs social comparison & fear reduction motivation for affiliation, college students, implications for stress & coping perspective, 25875
cognitive factors & fear, effects of fear arousing health threat communications, adult cigarette smokers, 13006
cognitive vs noncognitive techniques, alleviation or prevention of fright responses to TV programs, children, literature review, 19883
conceptual meaning & utility of sociological model, identification of correlates & behavioral impact of fear of AIDS, 9198
conditioned fear interpretation of self punitive behavior, rats, 21365
conditioned signal for shock, respiration amplitude & rate & heart rate, cats & kittens, implications for fear research, 7799
confounded assessment method & reactions, 3 systems model of fear & anxiety in social performance, commentary, 40189
consequences & functional value of overprediction of fear, 1468
construct & discriminant validity & reliability of Fear Questionnaire, adults with agoraphobia or social or simple phobia, commentary & commentary reply, 38585
cross cultural views of fear, Navajo vs Anglo 3rd graders, 25646
culture, type & degree of fear, Navajo vs Anglo 3rd graders, 25647
delusional fear of AIDS, 32 yr old heterosexual male with probable major depression treated with antidepressants, case report, 15611
demographic & neighborhood physical & social & crime characteristics & security measures & management effectiveness & previous victimization, fear of crime, residents of public housing project, 15877
demographic variables & homophobia, fear & knowledge of AIDS & behavior change, college students, 40366
development & quantity & types of fears including nuclear war, 4–19 yr olds, Australia, 36177
differentiation of normal fears from abnormal anxiety & assessment of suicide risk, patients, conference presentation, 22677
direct & vicarious experiences with crime, production of fear of crime, adults, Canada, 5405
dread & anxiety in everyday life as prerequisite to love, 39963
elaborative vs behavioral rehearsal, acquisition of fire emergency skills & reduction of fear of fire, 3rd graders, 23329
exploration of novel object & fear tests & maze learning, Wistar-Kyoto normotensive vs spontaneously hypertensive rats, 3898
fear & anxiety, low vision & blind 6–16 yr olds, 26681
fear & greed, cooperation in Prisoner's Dilemma game, college students, 36396
fear of aging & subjective well being, 55–89 yr olds, 22086
fear of commission of "unforgivable sin", male adults with various psychiatric disorders, 15765
fear of contracting or belief of having contracted AIDS, heterosexual patients with wide range of psychopathology, case reports, 29478
fear of crime & victimization & occupational factors, job satisfaction, public school teachers, 31022
fear of failure & exams & future & loss of expertise & identity & powerlessness during retraining, college professor as student in graduate program, 13585
fear of failure & growth need, preferences for job characteristics, college students, 41450
fear of failure motivation, recall of interrupted vs completed tasks, male college students, replication, 24905
fear of fear hypothesis vs hyperventilation theory of panic disorder & agoraphobia, 1642
fear of fear, outpatients & clients with agoraphobia with panic attacks vs panic disorder vs generalized anxiety disorder vs social phobia vs obsessive compulsive disorder vs depression, 26042
fear of reprisal, failure to report personal crime, crime victims, 1974–75, 22757
fear of venereal disease or pregnancy, restraint of premarital coitus, college students, 36347
fear related behaviors, hearing vs deaf nervous pointer dogs, animal model of pathological anxiety, 10964

fear relevance of stimuli, facial EMG responses & experience, college students, 21608
fearlessness & courage & overconfidence, parachute regiment recruits, 10445
fears & avoidance behaviors, adults with panic disorder with agoraphobia, 19201
fears & concerns & emotions, 4–10 yr olds, 18644
fears & pastoral interventions in hospital setting, patients with AIDS & AIDS Related Complex, 2094
fears of pain & mutilation & social contact & being closed-in, prediction of dental fear, college students, 34171
feasibility of psychic entropy measurement, male vs female 7th–12th graders, implications for developmental aspect of unacknowledged fears, 38579
feedback stimulus duration, contextual fear & conditioned inhibition, male rats, 21388
future hopes & fears, 10–11 vs 14–15 yr olds, 1982 vs 1987, Finland, 4 yr study, 39653
guidelines for helping clients cope with AIDS fear, counselors, 26762
history & theory & practice of play interview therapy, 5 & 7 yr old females & 13 yr old male with fears & personality disorders, conference presentation, 40611
icv alpha helical corticotropin releasing hormone 20 vs 40 min before footshock, stress-induced freezing, male rats, implications for fear, 14761
identification of & strategies to use with myths & fears about group counseling, 40681
imagery promoting anger vs fear vs relaxation, strength performance, male college students, 17494
individual & group intervention, fear of nuclear war, children, 19837
inescapable vs escapable shock with vs without feedback, fear conditioned to shock context, rats, 14524
intensity of shock UCS & number of CS UCS pairings, changes in magnitude of conditioned fear following 24 hr posttraining interval, male rats, 780
intracranial EEG recordings, clarification of limbic seizure & etiology of fear episodes, 13 yr old female, case report, 19503
intrathecal vs intraventricular buspirone vs gepirone, fear enhanced acoustic startle reflex, male rats, 28881
kesambet disorder caused by fright vs soul loss in context of cultural conceptions, child mortality & adult illness, North Bali, 40058
learned behaviors associated with & methods for reducing fear of water, children, 18532
mirror range technique, self recognition & expression of fear & embarrassment, 9–24 mo olds, 22036
model of fear as physiological response to perceived danger, 687
nature experiences, fear & anxiety levels, hospitalized 4–17 yr olds, 6415
novel rod & tonic immobility tests, fear rank, individually housed 26 wk old laying hens, 10911
olfactory & thermotactile home stimuli, fear in response to unfamiliar environment, rat pups, 18239
panel consultation on course of psychotherapy, 44 yr old entrepreneurial male chemist with dread of dying, case report, 12704
parental perception of children 's fears, 5th graders & their parents, 29141
past or current mental health treatment, treatment fearfulness & avoidance, college students, 40631
Pavlovian conditioning of heart rate responses, female college students, test of H. J. Eysenck's incubation theory of phobic fear/anxiety, 19214
phylogenetic vs ontogenetic fear conditioning & preparedness, 19–41 yr olds, 33076
physical abuse by male intimates, fear of violent crime, 18–65 yr old females, Canada, test of feminist hypothesis, 12189
powerlessness & fear of social change & social integration, fear of crime & victimization, 60 yr olds & older, 5393
pregnancy induced depression & exacerbation of fear of rat germs & ritualistic cleansing, 26 yr old female with obsessive compulsive disorder, case report, 1559
premenstrual phase of menstrual cycle, susceptibility to classically conditioned fear, 18–28 yr old females, 14747
prenatal or perinatal exposure to diazepam or RO 15-1788, anxiety & fearlessness, felines & rodents, conference presentation, 21777
preparedness & dangerousness & spatiotemporal unpredictability & survival relevance, fearfulness of stimuli, college students vs biologists, 32884
preparedness ratings & severity & age of onset of fear & treatment outcome, 16–77 yr old obsessional or phobic patients, 15741
presentation of live snake at 50 min vs 24 hr vs 7 day intervals with vs without exposure therapy, fear responses, female college students, implications for memory & state dependent interference, 16495
progressive relaxation therapy, induced anxiety & relation to locus of control & fear of becoming anxious & losing control, 17–50 yr olds, replication, 23314
psychoanalysis, fear of AIDS, 56 yr old homosexual male, case report, 12692
psychodynamics of fear of failure vs fear of success, female college students, 3226
psychodynamics of risk of falling, 65–84 yr olds with history of multiple falls, 33656
psychopathology of test anxiety & incidence of fears & worries, 8–12 yr olds, 1551
publicity & public anxiety, fear of AIDS & emotional disorders, 12–13 yr old males, case reports, 26122
recent victimization & individual characteristics & perceived likelihood of victimization, worry about crime, 60 yr olds & older, 5402
reliability & factor validity of danger & anxiety expectancy scales, identification of fear of flying & heights & public speaking, college students, 92
reliability & generalizability of Fear Survey Schedule for Children, male vs female 7–16 yr olds, US vs Australia, 17623
REM sleep deprivation, fear conditioned freezing behavior, rats, 737
return of fear after partial or complete extinction, humans, literature review, implications for behavioral treatment of fear, 28358
self instruction, response maintenance & fire-related fear reduction, 2nd & 3rd graders, 33986
self instructional training, dental fear, 8–12 yr olds, 16511
self reported fears, college students, UK vs Netherlands vs US, 15490
sex & age & rural vs urban environment, content & intensity of self reported fears, 4th & 6th graders, 25575
sex, intimacy motivation & fear of intimacy assessed by TAT, college students, 1315
sex, nature & intensity & popularity of expressed fears, elderly vs working adults vs college students, 4759
sexual harassment experiences, fear of crime & victimization, 16–55 yr old females, 1805
shock aversive conditioning vs conditioned fear, regional cerebral glucose utilization, male rats, 4082
shock escape training & trials of regular vs punished extinction, alley segment preshock vs shock cue & resulting fear & self punitive behavior, male rats, 28434
social referencing & fearful reactions & attachment classifications in M. D. Ainsworth's strange situation, 12 mo olds & their mothers, Japan, 36162
social stigma & fear & prognosis, amplification of symptoms & potentially harmful treatment & need for aggressive symptom control, AIDS patients, 26569
sociopsychological & intrapsychic & clinical aspects, fear of failure, females, 2334
stability of ratings of their 8–11 yr olds' fears, mothers, 1 yr followup, 29237
stimuli inhibiting aversion & electrical stimulation & lesions of septal region, aversive states & fear, cats & rats, 4160

stress sources & coping with stage fright in musical performances, professional orchestra musicians & advanced music students, 35975
sudden fright, culture based explanatory models of illness experiences, highland Yemen, 29477
symbolic modeling using positive stories about coping with dark, self reported fear & expressions of coping, kindergartners, Israel, 5877
systematic desensitization with vs without cognitive coping treatment, fearful & extremely anxious 21–50 yr old dental patients, 40720
tapes of identity vs visual cues intervention strategies, fear of "The Incredible Hulk", 3–5 vs 6–7 vs 9–10 yr olds, 16480
temperamental fear vs context specific distress, social interactive & attachment behavior, infants observed at 12.5 vs 19.5 mo old, 4734
types & frequency of fears, 12–15 yr olds, Barbados, 4716
visual stimuli with pictures of snakes vs ropes, block letter imagery task, snake fearful vs non-snake fearful female college students, 7425
worry as negative cognitive component of anxiety, females vs males, implications for females & treatment, 1713
Fear of Public Speaking [See Speech Anxiety]
Fear of Strangers [See Stranger Reactions]
Fear of Success
developmental & psychodynamic framework & clinical manifestations, achievement inhibition & success phobia, females, conference presentation, 29576
fear of success as multidimensional construct, college students, implications for achievement motivation, 36475
get acquainted exercise with mixed vs neutral vs success feedback allegedly from partner, mood & attitudes & attribution, high vs low fear of success college students in opposite sex dyads, 15416
interactional model of achievement motivation & fear of success, male vs female college students, 29413
psychodynamics of fear of failure vs fear of success, female college students, 3226
sex & year in college & major, fear of success, college students, 34697
therapeutic management, fear of success or fear of failure, female clients, 2316
Fear Survey Schedule
factor structure of Fear Survey Schedule-III, male vs female college students, 7075
reliability & generalizability of Fear Survey Schedule for Children, male vs female 7–16 yr olds, US vs Australia, 17623
reliability of Arabic translation of Fear Survey Schedule, college students, Egypt, 14085
use of Willoughby Personality Questionnaire & Fear Survey Schedule as diagnostic aids for neurosis, clinical psychologists, implications for behavior therapy, 12087
Fecal Incontinence
behavioral analysis of labor cost, management of independent vs dependent continent vs incontinent nursing home patients aged 65 yrs old & older, nursing staff, 16893
behavioral techniques & family systems theory in family therapy, dysfunctional families with encopretic children, 37372
biofeedback & behavior therapy, 62 yr old female with urinary stress incontinence & 46 yr old female with fecal incontinence secondary to multiple sclerosis, case reports, 9469
biofeedback training, fecal incontinence & anorectal functions, 7–21 yr olds with myelomeningocele, 30382
development & implementation of behavior management toilet training program, encopresis, autistic 16 yr old female, case report, 9441
eclectic treatment approach, 22 yr old male with Prader-Willi Syndrome & secondary functional encopresis & mental retardation & aggressive behavior, case report, 33686
individual & family treatment, 5 yr old encopretic male in violent family setting, 23279
nonpsychiatric medical treatment, 14 yr old male with encopresis & individual & familial psychopathology, case report, 20093
Feedback [See Also Auditory Feedback, Biofeedback, Biofeedback Training, Delayed Auditory Feedback, Delayed Feedback, Knowledge of Results, Sensory Feedback, Visual Feedback]
administrative vs developmental feedback, data entry task speed & accuracy & attributions & affect & motivation, female college students simulating clerical job, 27874
anticipated consequences of communicating corrective feedback in group counseling, college students, 23286
anxiety & task competence & feedback expense, requests for feedback type during complex task series measuring self assessment vs affect optimization, college students & adults, 3875
anxiety producing noise followed by innocuous visual stimulus, & skin nonductance level feedback, electrodermal responses, college students, 14739
assigned vs participative production standards & feedback, task satisfaction, college students, 20837
auditory vs written feedback, identification & correction of written errors in grammar & syntax, learning disabled 6th–8th graders, 10189
back channel listener responses to messages & collaborative feedback from listener & speaker, 7.5–11.9 yr olds, 25386
behavior patterns & interpersonal interaction assessed by behavioral mapping, feedback to staff, spinal cord injured patients in rehabilitation hospital, 9846
behavioral management system of nonmonetary rewards & feedback, productivity, city government employees, 3394
blood alcohol level feedback, prevention of DUI, bar patrons, implications for alcohol-serving establishments, 40304
characteristics of feedback & culture, job performance, adult workers, England vs US, 38356
clarification requests, utterance repair strategies, language impaired 52–64 mo old males, clinical implications, 26425
clear & meaningful feedback during sustained physical & sensory involvement, wilderness experience programs, 17495
cognitive modeling vs direct instruction & self efficacy vs task oriented feedback, self efficacy beliefs & persistence levels, college teacher education students, 6655
competitive vs cooperative vs mastery goals with vs without feedback, basketball shooting & skill performance, male college recreational basketball players, 24480
computerized practice tests with separate vs combined feedback, multiple choice exam performance, psychology college students, conference presentation, 38283
concurrent visual feedback, acquisition of weightlifting skill, male college students, 31506
conservation goal setting & daily electronic & monthly external feedback, natural gas energy use, single family household members, Netherlands, 41513
construction & validity of documentation questionnaire, assessment of subjective evaluation of application software, high level management information systems managers, 31604
corrective feedback during oral reading, reading comprehension & word recognition, 3rd graders with learning disabilities, 13656
curriculum based measurement with enhanced vs unenhanced feedback, spelling achievement of learning disabled or emotionally disturbed or educable mentally retarded students, special education teachers, 27778
direct training with feedback, base rate utilization in probability estimation, college students, 24828
effort or ability attributions for poor subordinate work performance, manager subordinate feedback communication patterns, college students, 27860
empathy training game based on learning by feedback, college students, 1383
explicit vs implicit vs false feedback, deletion or expansion or repetition or revision of descriptive statement, aphasic 32–61 yr olds, 26617

exposure to taped conversations with simulated normal vs impaired hearing & positive vs negative personal feedback, anxiety & paranoid reactions & trust/attribution, female college students, 16048
false feedback about effectiveness of subliminal noise, misattribution of speech anxiety & errors, college students, 11785
false physiological feedback & E demand & stimulus salience, attractiveness ratings of slides, college students, implications for attribution search, 18938
feedback & behavior of decision makers, simulated macroorganizational economy dynamics, college & graduate management & engineering students, conference presentation, 34966
feedback & feedforward, emotions & bodily changes, conference presentation, 18197
feedback & role of trainer, learning, managers, 38373
feedback & target response of 5 vs 10 kg peak force, prediction of force time curve & time to peak force, female college students, 3715
feedback, attitudes about & suggestions for program evaluation, community mental health center staff, 20139
feedback conditions, 1-dimensional tracking task, adults, conference presentation, 3720
feedback effectiveness & efficiency, learning & retention in memory & transfer tasks, college students, 38116
feedback, estimates of visual contrast sensitivity, 10–40 yr olds, 29047
feedback following motor performance, self confidence, high vs low confidence college females, sports implications, 13990
feedback in psychotherapy & training & supervision, psychotherapists & trainees, 3057
feedback model for optimal control of psychotherapeutic processes, 26 yr old male psychotherapy client, 2297
feedback, performance & positive attitudes, organizational members, 3370
feedback, preferences for multi-outcome lotteries varying in risk, college students, 11827
feedback processing & motor output variability & cerebral dominance, task superiority of preferred hand, 35583
feedback sequence, guessing task response tendencies, college students, 7418
feedback stimulus duration, contextual fear & conditioned inhibition, male rats, 21388
feedback timing & verbal learning, students, meta analysis, 10075
feedback training, estimation of food portion sizes, diabetic 55 & 58 & 65 yr old male outpatients on special diets, 1 mo followup, 16310
feedback vs external cues procedure, blood glucose estimation, insulin dependent diabetic patients, 2430
feedback vs grading purpose & participant preconception & rating level, acceptance of peer evaluations, college students, implications for management, 38357
feedback vs no feedback & choice vs forced looping, performance on computer assisted instructional modules, college students, 13507
focused sampling & feedback, learning, adults, 28318
general vs specific verbal feedback, acoustic phonetic characteristics in speech production, dysarthric 35–66 yr olds, 16690
get acquainted exercise with mixed vs neutral vs success feedback allegedly from partner, mood & attitudes & attribution, high vs low fear of success college students in opposite sex dyads, 15416
goal setting & feedback, discrimination learning, mentally retarded vs nonretarded 3–5.5 yr olds, 5537
graphic feedback in spelling drill program, learning motivation, 4th & 5th graders, 13510
high vs low self esteem, self enhancement behavior in response to private vs public feedback, college students, 32771
immediate vs delayed vs no information feedback, delayed retention, college students, 7453
induced positive vs neutral vs negative mood & success vs failure feedback on aptitude test, self serving bias in causal attribution, college students, 28350
inescapable vs escapable shock with vs without feedback, fear conditioned to shock context, rats, 14524
initial belief discrepancy, acceptance of favorable vs unfavorable self relevant statements, college students with high vs low self confidence, 25957
interpersonal evaluative feedback, self esteem & control of evaluation reaction & task valuation, college students, 39905
model of behavioral need & positive feedback & motivation, animals, 10908
mood & pleasant vs unpleasant information feedback, performance on rotary pursuit task, female college students, 7488
noncontingent feedback training with vs without repeated failure, learned helplessness on discrimination problems, female high school students, test of egotism model, 24900
organizational feedback environment, job performance, 21–67 yr old manufacturing employees, 34882
outcome feedback & hindsight bias, perception of predictive accuracy of information, graduate students, 31845
overall reinforcer rate feedback function & schedule preference, control of responding in concurrent VI schedules, pigeons, 31915
partial vs complete feedback for reading correction errors, learning in computer assisted instruction program, 7 yr old students, Netherlands, 17169
peer group feedback model of classroom supervision, acquisition of questioning skills, teachers, 27490
performance feedback, calibration & resolution of confidence judgments, college students, 10815
performance feedback with vs without goal setting using behavior observation vs graphic rating appraisal instruments, work satisfaction & organizational commitment, airport employees, Israel, 31357
peripheral autonomic feedback & cognition, emotional intensity, 367
personal characteristics, EPs during processing of task feedback, adults, conference presentation, 18184
personal vs competitive self efficacy & expectations & differential outcome feedback, subsequent self efficacy & physical endurance performance, male college students, 25962
positive feedback & stress inoculation training, cold pressor pain tolerance, female college students, 28202
positive incentives & feedback, occupational safety & accident prevention, industrial employees, literature review, 24281
positive social feedback processes, formation of expertise & knowledge, extension of modeling theory, 29337
positive vs mild negative feedback & environmental cues signaling self determination, intrinsic motivation on computerized problem solving task, college students, 29361
positive vs negative feedback & involved vs uninvolved O vs actor role, internal vs external causal attributions & consensus vs distinctiveness vs consistency information estimates, college students, 22324
positive vs negative feedback, attributions to ability & effort & task difficulty & luck in private vs public evaluations of self vs others, college students, 15482
positive vs negative feedback sign & credibility, goal setting & performance of listing task, college students, 35387
positive vs negative verbal feedback, intrinsic motivation, male vs female college students, replication, 11791
prediction & acceptance of scores & feedback on Eysenck Personality Inventory, adults, 11809
preparation & stimulus processing & response execution & feedback about accuracy, spatial synchronization of EPs during bimanual visuomotor task, right handed males, 35596
processing of teacher feedback, achievement in computer programing class, high school students, 6733
productivity measurement & enhancement system with group feedback & goal setting & incentives, productivity, employees, 27871

program comprehension using feedback with vs without translation from English, transfer learning of BASIC programing language, college students, 31042
publicly posted performance feedback, incidence of positive & constructive interactions & improvement in unreinforced response classes, residential institution staff, 2777
question preparation & feedback from quiz game, social role perception, college students, Hong Kong, 36439
real time audiovisual feedback, psi effect in computer games, 13–58 yr olds, conference presentation, 14004
recall of positive vs negative feedback in learning task, anxious &/vs depressed female college students, 5050
reconstruction of scrambled passages with vs without feedback, recall of idea units & recognition of original passages, college students, 35384
right vs left visual field stimulation & feedback, temporal microintervals differentiation & EP, right handed adults, 21523
self esteem & causal feedback & task success vs failure, perceived appraisal fairness & accuracy & satisfaction, college students in employee simulation, 13797
self feedback about physical symptoms & external situational cues, estimation of systolic BP, adults, 700
self monitoring & feedback techniques, acquisition of emotional adjectives, hearing impaired 16.8–22.3 yr olds, 2432
self monitoring with vs without assigned goal setting & feedback, productivity, 24–62 yr old clinicians in rural mental health center, 17022
self set vs assigned goal & feedback, goal commitment & subsequent goal setting & task performance prediction, college students, 3879
sensory tactile & force feedback, control & operation of mechanical manipulators in teleoperator systems, 31457
sex & age, task interest following informational vs controlling feedback, 3rd–8th graders, 21956
signaling & feedback by sentences, reconstructed text comprehension, college students, 3857
social skill training with vs without instructions or experiential feedback, 19–70 yr olds with social skills deficits, 33979
special education emphasizing generalizable skills with specific feedback & contingent based instruction, analogical reasoning, 1–8 yr olds with learning or behavior disorders, 27716
success vs failure feedback, expectancies of & performance on word construction, high vs low irrational college students, 38850
success vs failure task feedback, estimated percentage of other Ss performing similarly measuring false consensus effect, college students, 25868
supervisor delivery of performance appraisal, feedback seeking strategies, employees, implications for management, 35754
task clarification & performance posting, cleaning behavior, college student employees of university bar, 17351
task involving or ego involving feedback orientation, intrinsic & extrinsic academic achievement motivation, commentary, 34660
teaching level & feedback practices, attributions of students' academic success vs failure, 1st year teachers, 38052
technological sources of & involvement in feedback, utilization of performance feedback, business students, 35357
therapeutic feedback band device, control of rocking &/or head movement, visually impaired 10 yr old male, 19915
time &/vs system feedback messages during delay for text retrieval, annoyance, adults, 10431
trait anxiety & communication apprehension, interpretation & attribution of self generated feedback for public speaking task, college students, 38139
unilateral vs participative feedback vs self appraisal with vs without explicit discussion, perceived feedback accuracy & satisfaction, college students in job simulation, 20759
use of performance consequences & monitors & focus on team coordination, effective supervision, skippers of sailboat crews in regatta, application of operant model, 34903
valence & structure & replication of feedback, reception of information & personality change & group cohesion, college students participating in personal growth groups, conference presentation, 9433
verbal comments & ideas & feedback & self assessment during small group discussions, teacher trainees, 22329
videofeedback vs behavior modification program, weight loss & body image, obese females, 16501
videotape recorded playback in psychiatric treatment, adult psychiatric inpatients, 13091
visual feedback, decision task performance, 33 yr old male with monocular visual conversion disorder, case report, 40372
visual verbal vs verbal quantitative vs qualitative feedback, ability to match speaking rates, 65–80 yr olds, 4764
VR vs VI-plus-linear-feedback schedules, responding, 31–41 yr olds, 38912
win vs loss feedback in competition with male vs female confederate, RT, female college students with internal vs external locus of control, 8410
Feeding Behavior (Animal) [See Animal Feeding Behavior]
Feeding Practices [See Also Bottle Feeding, Breast Feeding, Weaning]
feedback training, estimation of food portion sizes, diabetic 55 & 58 & 65 yr old male outpatients on special diets, 1 mo followup, 16310
feeding issues & feeding practices & infant age, use & type of help, 17 yr old & older mothers, 32663
feeding techniques & sucking opportunity during infancy, childhood behavior, 46–75 mo olds, 32535
focused intervention, feeding practices, 20–29 yr old mothers & their 11–18 mo olds with failure to thrive, 33707
infant feeding & fertility, Yucatec parents & infants, Mexico, 15290
infant feeding decisions & experiences, 16–24 yr old Cambodian & Chinese & Vietnamese mothers, 11472
motivation for & interaction during & consequences of hand feeding of mountain sheep, tourists, 20984
nutritional support methods, development of oral feeding skills & satisfaction & parental bonding, 4 mo old female with dysphagia & infantile cortical hyperostosis, case report, 5784
Feelings [See Emotions]
Feet (Anatomy)
covert aversive conditioning & psychotherapy foot fetishism, 27 yr old male, case report, 23330
foot laterality, 4 yr olds, 4600
hand & foot & eye preferences, 16–43 yr old male naval recruits, 4080
ischemic nerve block applied to feet, stabilization of standing posture during voluntary & vibration induced body sway, healthy 21–31 yr old males, 685
lateral foot preferences & motor skill competence, 4 yr olds, 36039
pathological asymmetry of hands & feet, 8.5–12 yr olds with developmental apraxia, 29975
Felonies [See Crime]
Female Animals
adrenergic mechanism, steroid dependent lordosis response, female guinea pigs, 28849
age & sexual attractiveness & receptivity, cuticular hydrocarbon composition, female diptera, 18048
aggression among females, spacing of nests & mating behavior & male polyterritoriality, female pied flycatchers, 3982
aggression, matrilineal inheritance of dominance rank, female macaques, 14566
aggression toward related vs neighbor vs stranger conspecifics, nesting female cicada killer wasps, 28529
animal social organization & behavior, ewes, 31992
bethanechol, modulation of estrogen binding sites & lordosis behavior, female rats, 14882
chemical cue exposure from cage vacated by familiar vs unfamiliar vs castrated male vs female, sexual receptivity & mounting, female musk shrews, 25004
choice of already paired vs unpaired males, reproductive success, female polyterritorial wood warblers, 35554

cholinesterase inhibitor eserine or acetylcholine, lordosis, female rats pretreated with atropine, implications for cholinergic regulation of feminine sexual behavior, 35788
cohabitation with sterile male, aggression toward female intruder, female rats with vs without ovariectomy, 35745
competition & physical traits, male choice & mating success, female pinyon jays, 14600
competition for egg laying sites, female marine iguanas, 25002
concentration of estradiol with cholesterol & progesterone, aggression & sexual behavior, isolated vs group housed ovariectomized female & male hamsters, 25267
constant stimuli & footshock, jump thresholds during sexual receptivity vs nonreceptivity, female rats, 7790
discrimination between resident vs nonresident male surrounded by own vs other male's odor, mate selection, female rabbits, 14616
diurnal activity budgets, female Canada geese & their broods, 39014
dominance in aggressive encounters, female red winged blackbirds, 556
dominance rank of mate vs other male, extra pair copulations, female black capped chickadees, 25009
dual progesterone in medial preoptic area or ventromedial hypothalamus or central gray, sexual receptivity, estrogen-primed female hamsters, 28979
early exposure to testosterone, aggressive behaviors in adulthood, inbred strains of female mice, 886
ectopic pituitary grafts & capsules filled with progesterone & estradiol, secretion of growth hormone & prolactin & maternal behavior, nulliparous ovariectomized female rats, 7752
electrical stimulation of ventromedial hypothalamic nucleus vs medial preoptic area, proceptivity, female monkeys, 7787
endogenous late components of cortical EPs in response to ultrasonic signals, estrous female rats, 11025
energy search costs, mate choice, female pied flycatcher, 443
environmental & dietary & hormonal factors, timing of seasonal breeding, free living female parakeets, India, 25141
environmental & genetic factors, preference for odors of male mice with +/+ t-complex genotype, female house mice, 18073
estradiol vs testosterone & mating experience, male vs female sexual partner preference, ovariectomized rats, 908
experimentally induced infanticide, aggressiveness & sexual selection, female wattled jacanas, 28473
exposure to & preference for bedding soiled by strange vs stud males following mating, successful pregnancy, female mice, 35495
exposure to odor of urine from estrous females, mounting of receptive females, ovariectomized female rats with silastic testosterone implants, 14750
exposure to socially dominant female, progesterone levels & implantation failure & fetal resorption, female golden hamsters, 21583
exposure to unrelated sexually experienced males, reproductive activation, virgin female prairie voles living in family groups, 14592
female transfer & inbreeding avoidance, polygynous mammals, 24971
fertility advertisement, male-male competition, female red junglefowl & Lapland longspurs, 35531
frequency & pulse rate of synthetic male call, preferences, female Woodhouse's toads, 571
intruder female bluebird vs cowbird models, female-female breeding season aggression & threat of intraspecific egg dumping, eastern bluebirds, 17996
kainic acid lesions in lateral septal area, duration of lordosis, female golden hamsters, 807
kinship & dominance & mating season, allogrooming time & distribution, 3–12 yr old female macaques, 10968
living with family vs paired with male vs in isolation, fertility & sociosexual behavior & scent marking & hormone levels & ovulation, female tamarins, 7621
lordosis inducing flank stimuli, 2 deoxyglucose uptake reflecting neural responses, female hamsters, 39090
male body size & age, sexual cannibalism & fecundity & body size, female garden spiders, 17987
male competition & female dominance, male selection & mating behavior during artificial menstrual cycle, rhesus monkeys, 39070
male social status, mate selection, female cockroaches, 535
male vs female dispersion, male selection of lek sites & female selection of nesting sites, sage grouse, 28453
mating frequency & timing during lifespan, female monandrous vs polyandrous insects, 35543
mating frequency, lifespan, Dahomey virgin female fruitflies, 35500
molding with body & feet vs manipulating with beak in building nest & preference for preformed nest, hens, 28471
neonatal testosterone & in utero development adjacent to males vs females, male copulatory behavior, adult female mice, 4362
nest building behavior in preformed nest, domestic hens, 28497
nursing behavior & dominance relationships, juvenile & adult female monkeys nursing from other adult females, 24997
ovarian estrogens, effects on psychotropic substances & higher nervous activity & psychopathology, female humans & animals, literature review, 35769
oviposition site selection & spatial predictability, female white faced dragonflies, 18060
patterns of sexual receptivity, nonpregnant vs pregnant vs lactating female musk shrews, 7617
pineal gland & gonads & photoperiod, intrasex agonistic behavior, female golden hamsters, 21639
pinealectomy, photoperiodic modulation of hormone induced sexual receptivity & aggressive behavior, female hamsters, 28753
plasma dihydrotesterone before vs during vs after lordosis response, female rats tested during estrus cycle, 680
playback of female ultrasonic vocalizations & devocalization, sexual behavior, rats, 35761
postpartum amenorrhea & birth intervals & reproductive potential, captive female chimpanzees, 677
predator exposure in 1st trimester, litter production, female mice, 17938
preference for urine odor of castrated &/or preputialectomized males, female mice, 28776
prenatal &/vs neonatal exposure to oil vs testosterone propionate, lordotic behavior & estrous patterns, female rats, 11239
presence of male & vocal stimulation, copulation solicitation displays, female indigo & lazuli buntings, 17962
preweaning stimulation with urinary chemosignals, age of sexual maturation, female mice, 393
prey consumption & type of intruder, territorial defenses, female harriers, 35553
progesterone, open field behavior, food deprived ovariectomized female rats, 18217
progesterone vs estrogen injections into ventromedial nucleus of hypothalamus, sexual receptivity, female rats, 7904
proximity to males in utero, rate of sexual development, female Mongolian gerbils & their daughters, 392
rank maintenance & stability in matrilinear dominance system, genealogically dominant vs subordinate female monkeys, Canada, implications for social dependency, 7574
recognition of mates' approach calls, female breeding pinyon jays, 525
removal from cold room, timing of vaginal estrus & mating behavior, captive female squirrels, implications for hibernation, 25131
roaring by harem holding male played through loudspeaker vs by vasectomized male exposure, estrus & calving in females, red deer, 528
RU 38486, neural progestin receptor levels & progesterone facilitation & inhibition of estrous behavior, female rats, 28983

selective D1 & D2 dopaminergic agents, sexual behavior & receptivity, female rats, 855
settlement pattern & costs of search for mate, female pied flycatchers, 4039
sex of conspecific intruder, biting attack patterns & body area, resident lactating female mice, implications for litter protection, 538
sexual & nonsexual interaction with conspecifics & plasma estradiol & progesterone, gonadally intact vs ovariectomized female musk shrews, 21595
sexual behavior, conception, female primates, with 7 commentaries & reply, implications for evolution of human female sexual behavior, 4040
sexual coloration, aggressive behavior & rejection of male courtship, female keeled earless lizards, 10939
size & prior residence, outcome of contests, female prawns, 3994
social & hormonal influences, sexual behavior, male vs female vs female pseudohermaphroditic rhesus monkeys, 7612
social dominance & interaction, reproductive success & role of food hoarding, female golden hamsters in seminatural environment, 21430
social interactions, female stumptail macaques before vs after parturition, 10931
suckling stimulation, male directed postpartum aggression, female mice, 21425
synthetic androgen vs dihydrotestosterone vs testosterone, development of lordotic behavior, female hamsters, 7900
tactile vaginal stimulation during mating, sexual reflexes, female hamsters, 7607
time between matings, sexual receptivity to familiar vs novel males, female hamsters with vs without ovariectomy & hormone replacement, 7766
types of vocalizations of young male cowbirds, copulatory responses, female cowbirds, 14640
unfamiliar intruders, aggressive displays & attacks vs indifference, breeding pairs of lion tamarins, 31971
vaginal bacteria, sexual attractiveness, female rats, 21587

Female Criminals
content analysis of erotic imagery, male & female offenders vs male sex offenders, 19320
criminal careers, 9–19 yr old females committed to youth authority, followup in adulthood, 5470
demographic & psychiatric characteristics, violent behavior, 15–58 yr old female offenders, 1981–85, Canada, 36738
demographic & social characteristics & relationship to victim, 19–45 yr old females arrested for killing other females, conference presentation, 15848
evaluation of intensive short term group treatment program, self esteem & locus of control & trust & alienation, sexually or physically abused female inmates, 27377
family background & personal history & psychological factors & mental health, female offenders, 1834
gender schema & institutional career phase, incarcerated female offenders, 23791
incidence of lesbianism & characteristics of participants, adult female inmates, 2971
length of sentence & incarceration, characteristics & anxiety & adjustment & coping, female offenders, 41102
peer support program, women in prison for murder of child, 34427
psychiatric & criminal history & length of hospitalization or imprisonment, females acquitted by reason of insanity vs convicted vs involuntarily hospitalized without criminal involvement, 5409
retributive vs rehabilitative penal system, affective responses, 17–55 yr old female prisoners, Ireland vs Sweden, 27367
socialization & empathy & autonomy & locus of control, moral reasoning & development, incarcerated male vs female felons, 15833
testosterone concentration in saliva, criminal violence, female inmates vs college students, 8777
validity of Megargee-Bohn MMPI typology, prediction of prison behaviors, 16–48 yr old females in state prisons, 3635
women's movement, severity of crime & presence of antisocial personality disorder, adult females committing crimes in 1965–71 vs 1980–85, 5408

Female Delinquents
criminal careers, 9–19 yr old females committed to youth authority, followup in adulthood, 5470
problems & characteristics & programs & differential treatment, female juvenile offenders, 33239
structured craft group activities, delinquent 16–18 yr old females, 34350
suggestibility, 12–14 yr old delinquent vs nondelinquent females, 8857

Female Genitalia [See Also Cervix, Ovaries, Uterus, Vagina]
adaptionist vs nonadaptive evolutionary view of human female genitalia, commentary, 35568
congenital anomaly of genitalia, 15 mo old female, 33456
early vs late prenatal exposure to testosterone, social behavioral & genital masculinization, androgenized female rhesus macaques, 25229
estradiol & olfactory cues & genital stimulation, maternal responsiveness & mother young relationship & licking & acceptance of neonate, female ewes, literature review, 7707
evolutionary view of human female genitalia, commentary reply, 35574
knowledge of genitalia as sex defining attribute, conservation of gender across perceptual transformation, male vs female 3–5.4 yr olds, 32374
pituitary gland ip injection, ovulation & sexual receptivity, oviductectomized female frogs, 4233
psychiatric symptoms of Behcet's syndrome, 33 yr old female, case report, 12476
representation of genital inner space assessed by drawings & identity development, female 11–18 yr olds, Italy, 39594
sexual attitudes, sexual vs nonsexual anatomical features & length & width measurements in nude human figures drawing, college students, 5071
swelling of external genitalia & possible sexual selection advantages, adult female pigtailed langur monkeys in 1 male groups, 21463
words used in private conversation with spouse or lover for genitalia & act of copulation, male vs female college students in human sexuality course, 32734

Female Orgasm
bibliotherapy, anorgasmia & couple sexual interaction & satisfaction, 18–50 yr old females & their partners, 30317
coital alignment technique, female & mutual orgasmic response, males & females, 12569
fluoxetine, yawning & clitoral engorgement & multiple orgasm side effects, 30 yr old female with major depression, case report, 30481
heterocyclic antidepressants & MAO inhibitors & benzodiazepines & neuroleptics, inhibited orgasms, females, implications for possible mechanisms of action, 6192
logical & factual sex bias, diagnosis of primary orgasmic disorders by DSM-III & W. H. Masters & V. E. Johnson, females, commentary, 33521
Masters & Johnson's vs DSM-III-R, diagnostic criterion for & incidence of primary orgasmic dysfunction, females, 12528
orgasmic or nonorgasmic coital outcomes, expectations & causal attributions, 19–59 yr old females, 36352
self reported central sexual arousal without objective vaginal arousal, 19 yr old female, 36351
sex bias, diagnosis of primary orgasmic dysfunction by DSM-III vs W. H. Masters & V. E. Johnson, commentary, 16178
sex bias, diagnosis of primary orgasmic dysfunction by DSM-III vs W. H. Masters & V. E. Johnson, commentary reply, 16255
sexual fantasy & counseling & communication & sensate focus home assignments in therapy, secondary orgasmic dysfunction, 29 yr old female & husband, case report, 30329
trazodone induced anorgasmia, 60 yr old female, case report, 30460

Females (Human) [See Human Females]

Femininity
age & sex role traits & anxiety & self concept, emotional & external overeating, 20–32 yr old females, Netherlands, 1322
androgyny vs masculinity vs femininity, reasons for living, college students, implications for suicide prevention, 15838
construct validity & reliability of Sexual Identity Scale, measurement of self perception as masculine vs feminine, adults, 140
convergent & discriminant validity of trait & behavioral measures of masculinity/femininity & self esteem, female vs male college students, 15558
decisions about gender appropriateness of sport, sex-typed vs androgynous vs undifferentiated female vs male college students, 4913
factor structure & construct validity of Masculinity & Femininity scales of Personal Attributes Questionnaire, college students, 28074
feminine vs masculine test items, assessment of ability to design controlled experiments, male vs female 5th graders, Canada, 27806
femininity, empathy & attitude toward doctor patient relations & professional psychological help, medical students, 3 yr study, 30971
femininity vs masculinity, willingness to help in unambiguous nonemergency situation, college students, 39903
gender schema & institutional career phase, incarcerated female offenders, 23791
impression formation set & description of student with conventional vs liberated attitudes, memory for masculine vs feminine vs specific adjectives used in description, female college students, 32830
masculine vs feminine attributions to concept of death, 19–41 yr old Jewish Israeli college students, 25967
masculinity vs femininity & self esteem & social desirability, college students, 1464
masculinity vs femininity of candidate, perceived effectiveness, college students, implications for future female politicians, conference presentation, 36360
masculinity vs femininity, social satisfaction & depression, 68–97 yr old females, 36200
Outward Bound program, bipolar & androgyny perspectives of masculinity & femininity, 16–37 yr olds, Australia, 35018
perceived effectiveness on & importance of masculine vs feminine duties for male vs female presidential candidate, male vs female college students, 29271
sex role attributes & perceived competence, depression, male vs female 10 yr olds & younger vs 11–16 yr olds, 15815
sex role orientation, homosexual & heterosexual 25–40 yr olds, 11685
sex role vs gender identity, concepts of masculinity & femininity, 29425
sex typing, attitudes toward cultural gender rules for behavior & sex discrimination, male vs female college students, 15382
statistical & content item analysis of Personality Research Form ANDRO masculinity & femininity subscales, assessment of sex role attitudes, college students, 21128
stereotypically feminine vs masculine traits & participation in space related activities, prediction of spatial performance, college students, 15547
validity of behavioral correlates of MMPI Masculinity-Femininity scale, college students, 144

Feminism
application of contemporary feminist theories to social psychology & conceptual division between individual & society, 22275
attitudes toward pornography control, feminist vs fundamentalist females, 36337
attitudes toward surrogate motherhood & related legislation, feminists, 18769
cognitive/behavioral theories, understanding & description vs definition of depression in females using social context & feminist perspective, commentary, 29584
cognitive/behavioral vs feminist theories, explanation for prevalence of depression, females, 29654
concept of Christian maturity in contemporary feminist theory, 11601
dating behaviors & level of feminist identity, female college students, behavioral validation of Feminist Identity Scale, 38656
development & validity & reliability of Feminist Family Therapist Behavior Checklist, identification of feminist family therapy skills & behaviors, family therapists, 28070
differences in knowledge or class or sexuality, personal & interpersonal struggles, faculty & students in feminist classrooms, 31157
evolution of feminine character in archetypal & rhetorical forms & changing frontier myth in films "Alien" & "Aliens", 29014
family therapy's attitude toward female domestic activity, roles in family relations, 2355
fear of success & androgyny & moral development & other issues in feminist psychology, 39876
feminism & professional status, service options for battered females, social workers & volunteers from domestic violence agencies, 9608
feminism & sociocultural & community psychology factors, development of 1st Women's Center, Hong Kong, 37695
feminist analysis, family systems therapy concepts of fusion & enmeshment, 9381
feminist analysis of reproductive decision making, 8240
feminist apprenticeship model of family therapy supervision, female students & supervisors, 9924
feminist approach, child centered assessment & treatment of child sexual abuse, 23142
feminist approach to career counseling, females, 20734
feminist critique of phallocratic model of sex therapy & research methodology, males with erectile dysfunction, 26650
feminist critiques of narcissistic personality of post industrial Western culture & psychoanalysis, commentary, 25679
feminist jurisprudence approach to surrogacy issues, 18826
feminist perspective of family therapy, 33929
feminist perspective of power & equality, marriage & family counseling, 19840
feminist perspective on etiology of bulimia, female college students, 37189
feminist perspective on family oriented social service delivery system, 6033
feminist perspective on parent child & therapist client covert incest, females, implications for healing, 5414
feminist perspective on psychological reactions & role of helping professionals in treatment, mothers who surrendered their babies for adoption, 23608
feminist perspective on role of psychiatry in social oppression, females, 5890
feminist perspective on social context & origins of mental illness & labeling, 26034
feminist perspective on suicide attempts, rejected females, treatment & prevention implications, 22707
feminist perspectives & power & equality in marital & family counseling, commentary, 33919
feminist perspectives on gender consciousness, modification of male breadwinner norm, male steelworkers & their spouses, Canada, 39872
feminist psychology & issues in psychotherapy related to violence against females, conference presentation, 26311
feminist psychotherapy training program, awareness of & attitudes toward feminist issues, 22–40 yr old & older mental health students & professionals, 23843
feminist scholarship & patriarchical family structure & power control theory of gender & delinquency, 19289
feminist sexual ectasy model of sexuality for sex research & therapy, females, 26730
feminist social psychology approach, analysis of components in & perceptions of gender differences, 22276
feminist sociocultural model of sexual assault & addiction, male sex offenders, treatment implications, 15852

feminist theory & power of language & psychoanalysis, stuttering female, 19772
feminist theory & power of language & psychoanalytic theory, females, commentary, 19763
feminist theory & sociocultural factors, illness behavior, females, 22481
feminist theory & sociocultural sex role attitudes, family systems theory & therapy, 9406
feminist theory of patriarchal social structure, 8205
feminist thinking & community psychology, 2703
gender bias in language & adoption of use of gender-neutral pronoun, 21–66 yr old members of National Organization of Women vs psychology vs English & medical graduate students vs faculty, 22273
gender blind vs materialist & feminist approach, organizational analysis & culture, 24390
ideology of oppression in writings of radical feminists, 39863
importance of understanding "herstory" in feminist psychotherapy, adult females, 23220
incorporation of feminist perspectives into college social psychology curricula, 23999
M. McIntosh's 5 interactive phases of feminist revision in psychology of personality, teaching applications, 24031
membership in feminist group & perceived poor test performance relative to other feminists, attitudinal persistence on feminist issues & score induced subjective threat, college students, Canada, 15381
organizational dynamics of feminist Family Crisis Shelter for victims of battering, nonprofessional formerly abused female staff members, Hawaii, 16812
orientation toward feminism, female autoworkers, 27935
overview of feminist issues in family therapy, annotated bibliography & literature review, 9379
parent child relations & childhood & adolescent deprivation vs fantasy, psychoanalytic & feminist perspective on treatment of anorexia, 30296
parental feminist attitudes, sex role attitudes & behaviors & self esteem, 4–6 yr olds, 15149
political context of feminism & sex role attitudes, college students, 1985–86, Israel, 25807
reliability & validity of feminism scale & relationship to quality of life, female college students & 21–77 yr old members of organization for advancement of women, Canada, 17627
sex role egalitarianism & sexual identity, female 19–90 yr olds who did vs did not identify with feminist beliefs, 22281
social psychology methodology for research on feminism, 22269
social reconstruction of assault in traditional vs feminist therapy & self help groups, female victims of sexual assault or incest, 5953
sociocultural factors, feminist therapy, 28 & 30 yr old Hispanic females, 2251
structured conceptualization, framework for understanding concept of feminism, self defined feminists, 29296
theories of feminism & epistemology, 36344
Femoral Nerve [See Spinal Nerves]
Fenfluramine
adrenalectomy & fenfluramine, food intake & body weight & guanosine binding to brown adipose tissue, female rats, 35689
animal model of self administration of fenfluramine isomers vs amphetamine, male rats, implications for drug therapy of obesity, 39273
chronic clorgyline & fenfluramine challenge, food intake & body weight gain & locomotor activity, rats, 14805
d-fenfluramine, saccharin intake & preference & food & water intake, rats, 28851
desipramine vs fenfluramine, bulimic adults, 16541
dexfenfluramine administered after ingestion of distinctively flavored liquid or solid diet, taste aversion, rats, 14826
dextro-fenfluramine, self stimulation at feeding site in lateral hypothalamus, rats, 39185
dextroamphetamine vs fenfluramine, food intake, male baboons, 32197
dextrofenfluramine & fat or carbohydrate supplemented hyperphagia inducing diet, fat or carbohydrate intake & body weight, female rats, 32161
dextrofenfluramine, neuroleptic induced obesity, schizophrenic 20–65 yr olds, 16570
discrimination of norfenfluramine & generalization to fenfluramine & serotonergic & dopaminergic agents & mediation by 5-HT receptor subtypes, male rats, 28810
dl-fenfluramine, prolactin & growth hormone & cortisol, adults with depressive disorders, conference presentation, 40137
fenfluramine, discrimination learning, autistic 2.5–6.6 yr olds, 2456
fenfluramine, EEG & brain stem EPs, autistic 69–181 mo olds, 9565
fenfluramine following dietary tryptophan & pyridoxine, serotonin mediated behavior, male weanling rats, 4248
fenfluramine, neuroendocrine & mood responses, schizophrenic adults, 34061
fenfluramine, neuroendocrine response, depressed outpatients, 5146
fenfluramine or amphetamine, monoamine transmitter activity & dietary intake & learned preferences for protein or carbohydrate cues, male rats, 11229
fenfluramine, post consumption resting behavior & impact on satiety, rats, 4436
fenfluramine preceding CS & volume of solutions, development of conditioned taste aversion, rats, 39248
fenfluramine, psychosocial & adaptive & motor behaviors & learning rate & blood serotonin & side effects, autistic 7–20 yr olds, 26958
fenfluramine, serotonin & dopamine metabolism, 3–10 yr olds with autistic behavior, France, 40750
fenfluramine, serotonin levels & cognitive & communicative abilities, autistic children, 9 mo study, 9500
fenfluramine side effects, schizophrenic 24–52 yr olds with limited response to neuroleptics, 34068
fenfluramine, social interactions, autistic 5–10 yr olds, 16621
fenfluramine vs dextroamphetamine, hyperactivity, male 6–12 yr olds with attention deficit disorder, 26950
fenfluramine, 35–43 yr old treatment resistant chronic schizophrenic inpatients, 26976
imipramine, plasma prolactin response to fenfluramine, depressed patients, 27011
ip metergoline vs ritanserin, anorectic activity of fenfluramine, male rats, 39387
m-chlorophenylpiperazine vs fenfluramine vs clonidine, exacerbation of symptoms, 19–46 yr old obsessive compulsive male patients, conference presentation, 2481
metergoline, dextrofenfluramine induced reduction of food intake, male 18–37 yr olds, 28859
prolactin responses to fenfluramine, suicidal & impulsive aggressive behavior, males with personality or major affective disorder, 40083
reinforcing properties of morphine vs novel ethanol vs fenfluramine, conditioned taste aversion & taste reactivity test responses, male rats, 14918
repeated fenfluramine, central 5-HT depletion & tolerance to neurochemical & anorectic effects of acute fenfluramine, male rats, 18361
serotonin reuptake blocker CGS 10686B, nutrient selection & food intake, rats, 4394
short vs long term imipramine, fenfluramine induced food intake & weight gain & locomotor activity, male rats, 25187
5-HT agonists m-CPP vs 8-OHDPAT vs fenfluramine, sensitivity to food intake suppression, male rats of different strains, 4507
5-HT receptor antagonists, d-fenfluramine induced anorexia, male rats, 32258
Fentanyl
fentanyl, neuroendocrine & behavioral responses & plasma cortisol level, healthy males, 21757
fentanyl, prolactin response, female inpatients with major depression, implications for identification of patients at risk for suicide, 33043

fentanyl with vs without conditioned environmental stimuli, dopamine & metabolite concentrations, male rats, 25216
menstrual cycle, growth hormone & prolactin & cortisol & noradrenaline & mood & behavioral responses to opiate receptor agonist fentanyl, female 21–36 yr olds, 18352
morphine vs fentanyl vs U-69593, tolerance & cross tolerance effects assessed by place preference conditioning, male rats, 18438
Fertility
childrearing goals & fertility attitudes & behavior, parents, Turkey vs Indonesia vs Phillipines vs Korea vs Taiwan vs Singapore vs US, 15288
economic & social & cultural factors, fertility & reproduction, ever-married females, 15300
excision of bulbospongiosus muscles or midthoracic spinal transection, copulatory behavior & fertility & penile reflexes, male mice, 21689
fertility awareness & natural family planning multisite program, sexual activity & decision making, female 15–17 yr olds & their parents, Guatemala & US, 9635
fertility patterns & level of agreement on value of children, once married couples, 1206
historical overview of motherhood & fertility, females, US, 32745
historical review of racial differences in fertility & childlessness, Blacks vs Whites, 1800s to present, 39754
infant feeding & fertility, Yucatec parents & infants, Mexico, 15290
intentional actions vs biological limitations, explanation of polygynous fertility behavior, Mormons, 19th century, 25799
IQ & fertility, high school graduates, 18 yr study, 25748
level of ethanol in long term diet, sexual behavior & fertility & offspring characteristics & activity level, male rats & their pups, 817
living with family vs paired with male vs in isolation, fertility & sociosexual behavior & scent marking & hormone levels & ovulation, female tamarins, 7621
male body size & age, sexual cannibalism & fecundity & body size, female garden spiders, 17987
management of reproduction through knowledge of medicinal plants, regulation of fertility & social autonomy, male vs female adults, Mexico, 4902
modernization & demographic changes, fertility, Inuit, Northern Labrador, 1770s through 1970s, 22151
rates of sexual intercourse & pregnancy & live birth & abortion, Mexican American vs White 13–19 yr old females, 36108
Fertilization
acceptance of adoption vs alternative fertilization techniques, Black vs White female vs male college students, 12566
factors in egg fertilization advantage, male golden orb weaving spiders, 14569
Fetal Alcohol Syndrome
characterization & diagnosis & prognosis of fetal alcohol syndrome & fetal alcohol effect, fetuses, 29763
diagnosis & mental health & health needs, infants & children with fetal alcohol syndrome, 22830
methodological issues, interpretation of research on alcohol consumption during pregnancy & fetal alcohol syndrome in infants & children, conference presentation, 12263
opportunities & need for research on alcohol related birth defects, 1910
prenatal ethanol exposure, walking gait, 55 day old rats, animal model of ataxia & motoric dysfunction in fetal alcohol syndrome, 28866
Fetishism
application of own fetishism to clinical practice, psychotherapist, 30295
buspirone, 46 yr old male with generalized anxiety disorder & transvestic fetishism, case report, 23379
covert aversive conditioning & psychotherapy foot fetishism, 27 yr old male, case report, 23330
fetishism, 22 yr old female analysand, 40647
fetishistic use of speech, 23 yr old male analysand with obscene telephone perversion, 36809
summation model of classical conditioning, assessment of sexual arousal in partial fetishism, 26 yr old male outpatient, case report, 33295
Fetus
characterization & diagnosis & prognosis of fetal alcohol syndrome & fetal alcohol effect, fetuses, 29763
chemical or tactile stimulation, orienting reflex & habituation, rat fetuses, 11128
development of synchronous movement during last 3rd of gestation, rat fetuses observed in vs ex utero, 694
fetal attachment at 24–34 wks gestation, low risk vs hospitalized high risk females vs their mates, 5725
fetal gender, aggressive behavior, pregnant female stumptail monkeys, 4026
fetal movement & ultrasound scans & amniocentesis, attachment to fetus, expectant mothers, 34155
fetal neglect & abuse, 33339
frequency & intensity of octave band noises & high vs low heart rate variability, accelerative vs decelerative cardiac responses & leg movements, 37–40 wk old fetuses, 29035
heart rate & movement, 38–39 wk old fetuses of nulliparous vs multiparous females, 39478
hypoxia due to acute umbilical cord occlusion, activity level & heart rate, rat fetuses, 21667
induced maternal emotion via film of normal delivery, fetal heart rate & behavior & eye movement, 19–31 yr old near term pregnant females, 39790
intraoral infusion of lemon, ontogeny of facial wiping, rat fetuses & pups, 28733
knowledge of fetal sex & fetal attachment, expectant couples, 22220
levels of testosterone & FSH in midgestation amniotic fluid, sexual differentiation of brain, fetuses of female 35–40 yr olds, implications for study of postnatal development, 25385
maternal fetal attachment, 17–37 yr old pregnant females followed from onset of prenatal care until delivery, 39768
maternal stress, fetal motor activity, pregnant females awaiting amniocentesis, 39471
murine trisomy 16 & abnormal cytoskeletal interactions, mice fetus, animal model of Down's syndrome, 35629
perception of painful stimuli, neonates & fetuses, implications for use of anesthesia, reprint, 29020
pilocarpine with vs without atropine sulfate vs methylatropine, sleep wake patterns & breathing movements, fetal lambs, 21755
thiopental induced anesthesia, fetal movements, pregnant 17–36 yr olds in 1st trimester, 12975
transplantation of fetal cortical tissue, locomotor activity, male rats with frontal cortex focal suction lesions, 39225
ultrasonographic observation of in utero behavior vs behavior after birth, infants assessed from 14th–18th prenatal week to 1 yr of age, 15038
use of alcohol & other drugs during pregnancy, fetal abnormalities, females, 11719
Fever [See Hyperthermia]
Fiction [See Literature]
Field Dependence
age & sex & field dependence, perceived self consistency, 12–23 yr olds, 18662
analytic vs global strategies on WAIS-R, field dependent vs independent college students, 5021
anxiety & field dependence, individual differences in frequency of body focused irrelevant hand movements during tasks, 5th graders, implications for information processing, 39464
cognitive style & field independence, proportional reasoning, college students, Venezuela, 32888
complex cognitive task performance, flexible vs rigid vs field dependent vs independent college students, 3799
computerized algorithmic vs discovery teaching programs, mathematics achievement & computer attitudes, field dependent vs independent college students in algebra course, Puerto Rico, 17135
conventionality & psychotism & intelligence, field dependence & figural creativity, 19–28 yr old females, 22439

distribution characteristics & sex & reliability & internal consistency of Group Embedded Figures Test, college business students, Canada, 24623
educational level, field dependence in perceptual style, male adults, France, 8466
Es' expectancy of sex differences, performance on field dependence tests, male vs female college students, 36489
field dependence & independence & MA & linguistic & sociocultural variables, reading recognition & comprehension, Mexican American 7–8 & 10–11 yr olds, 27621
field dependence & Myers Briggs Type Indicator personality dimensions, college & graduate students, 29420
field dependence & skeletal vs detailed instructor provided vs personal notes, factual learning & higher order cognitive processing of lecture material, college students, 10125
field dependence vs independence & spatial orientation in cognitive style, young children, implications for education, 18612
field dependence vs independence, letter detection during reading, female college students, 3800
field dependence, water pouring & balance beam task performance, college students, Venezuela, 8452
field dependence/independence & adaptation vs innovation, male alcoholic 19–60 yr olds, implications for treatment planning, 5517
field dependent visual perceptual cognitive ability & concentration, male 23–34 yr old national level vs amateur vs nonathletic basketball players, 13992
field independence & job analysis format & sex of rater, accuracy of job evaluation ratings, college students, 31395
field independence, language achievement & proficiency, college students studying Spanish, 6726
field independence, simultaneous processing, 3–5.9 yr olds, 11398
field independence with vs without ability to function in field dependent manner, chemistry & mathematics & biology achievement, college students, Venezuela, 6737
functional M capacity & field dependence & formal reasoning ability & information processing demand of chemistry problem, problem solving performance, college students, Venezuela, 21274
historical & social factors, bias in work of H. A. Witkin on sex differences in field dependence & independence in visual perception, 1448
instruction using psychomotor activities, music tempo & rhythm & meter learning, field dependent vs independent 4th graders, 3161
intelligence & field dependence & sex roles, mathematics achievement, college students, 10135
participation in ice hockey training, field dependence, 8–12 yr old males, 4604
provison of criterion knowledge in form of immediate post lecture test, performance on delayed test of learning from videotaped lecture, field dependent vs independent college students, 20516
psychological differentiation & unrealistic self expectations & field dependence, male alcoholic 26–65 yr old inpatients vs outpatients, 33392
reliability & validity of Finding Embedded Figures Test, assessment of field independence & dependence, college students, 21114
sedative or hypnotic abuse, neuropsychological impairment & field dependence & clinical course, 25–67 yr olds, 4–6 yr followup, 40271
sensation seeking, field independence, adults, 22386
serial & spatial structure of test items & field dependence, performance on Stroop Test, adults, 14078
sex & age, strategy use on Embedded Figures Test as measure of field dependence, 5–7 yr olds, 15036
sex & urban vs rural background & demographic characteristics, field independence, Birom 16–20 yr olds, Nigeria, 8161
sex, Children's Embedded Figures Test scores, 8 yr olds, 29083
sex, field dependence on sex role appropriate vs inappropriate task, college students, 32834
sex hormone levels in blood & saliva, spatial & verbal abilities & field dependence, 20–30 yr old males, West Germany, 676
sleep deprivation, oral temperature & field dependence, adults, 14771
socialization practices, psychological differentiation, rural vs urban male vs female 8 vs 11 vs 14 yr olds, Pakistan, 1095
susceptibility to seeing suggested movement in autokinetic effect, field dependent vs independent college students, implications for psychology education, 3742
Field Instruction [See Curricular Field Experience]
Field Trips (Educational) [See Educational Field Trips]
Field Work (Educational) [See Curricular Field Experience]
Fighting [See Aggressive Behavior]
Figurative Language [See Also Metaphor]
age, interpretation of idioms presented in context vs in isolation, 14–17 yr olds, 25504
analogy & simile & metaphor in science texts, learning & attitudes, 9th–10th graders, 38084
changes in lexical items in idioms, perception of figurative meaning, college students, 25352
comprehension of & discrimination between metaphor & irony vs lies & mistakes & recognition of speaker attitude & intention, 1st & 3rd graders, 4576
comprehension of metaphor vs irony, 6–10 yr olds, 25547
comprehension problems in interpretation of figurative language, college students, 17900
deliberate parapraxes & E. Gibbon's "The History of the Decline and Fall of the Roman Empire", 4543
figurative vs literal meaning, comprehension & production of idioms, 7–10 yr olds, Italy, 39496
frequency of use & familiarity with literal vs figurative idioms, college & graduate students, 29008
judgments of syntactic flexibility of idioms, literal meaning, college students, 18487
lexical access of idiomatic expressions, college students, 21251
lexicalization & degree of familiarity of phrase, preference for idiomatic interpretations, native vs nonnative English speaking college students, 18496
sentences with figurative vs literal idiom, recall & comprehension, college students, 14473
Figure Ground Discrimination
concave cusp feature, figure ground perception, graduate students, 14307
critical variables including figure ground relationship & stimulation variety, perceptual modal completion, naive college students, 14278
estimation of distribution of background noise & object detected, 38781
horizontal resolution & pixel & display width & alternative locations, vertical line detection in visual noise, Ss, 7335
masking by high spatial frequency pictorial noise, low spatial frequency target detection thresholds, adults, 7360
repeated visual images, noise limited visual detection & discrimination & inconsistency, Os, application of internal noise component model, 3721
response time & head & eye movement restrictions & satiation, perception of ambiguous figures, informed vs uninformed college students, 38782
retinal eccentricity, identification & localization of target letters presented in isolation vs embedded in arrays similar to target vs alternate response, 19–32 vs 56–69 yr olds, 11560
size of stabilized background in photopic & scotopic vision & role of retinal cell spatial filtering, spatial pattern sensitivity & saturating effect & rod & cone interactions, adults, 35282
stereoscopic viewing & 0 vs equal noise patch vs signal disparity, detection of apertured grating, adults, implications for model of visual analog to binaural unmasking, 31801
temporal frequency, figure ground organization of spatial frequencies, college students, 35289
texture gradiant theory & perception of visual surfaces, reprint of J. J. Gibson's 1950 article, 3729

visual onset vs offset transients, allocation of visual attention, college students, 38786
visual phantoms in figure & ground physical regions, visibility of briefly flashed line segments, adults, 224
white & low pass noise vs digital background images, localization of embedded signal, 227
young adult norms for Southern California Figure Ground Visual Perception Test, 17–38 yr old college students, 53
Figures of Speech [See Figurative Language]
Filtered Noise
frequency dependent vs nondependent interaural phase differences, calculation of auditory filter shape & binaural masking thresholds, adults, 14336
frequency of broadband & filtered noise signals, modulation & temporal gap detection, female college students, 14324
induction of pattern reversal visual EPs using digital filters, 3–13 & 21–50 yr olds with vs without neurological disorder, implications for assessment of patients with attentional problems, 5647
peaks & troughs in low vs high frequency comb filtered noise spectrum, frequency resolving acuity, 30–44 yr olds, 17826
Filtered Speech
reverberation & masking & filtering & intensity fluctuation, spoken nonsense syllable recognition, young adults, 14337
Financial Assistance (Educational) [See Educational Financial Assistance]
Fine Motor Skill Learning
bimanual visuomotor judgment task, event related covariances, right handed adult males, 25039
linguistic abilities, fine motor skills, language & speech impaired 5–9 yr olds, 26427
perceptual style strength, acquisition of novel motor task, 14–15 yr olds, 4581
Finger Tapping
advance vs distributed planning of rapid finger tapping sequences & RT, adults, 21191
caffeine, vigilance & finger tapping & other performance tests, 18–40 yr olds, 21734
cerebral hemispheric involvement, Mueller Lyer illusion & finger tapping task performance, male vs female college students, 10705
competing left hand task, sequence initiation in right hand finger tapping to visual display, stuttering 20–40 yr olds, implications for interhemispheric communication, 29839
heartbeat, left vs right handed keytapping, right handed males, 3711
instructional set &/vs receptive vs alternating movement &/vs task emphasis & hand used, effects of oral reading on concurrent unimanual finger tapping, right handed college students, 39098
interresponse intervals during rapid repetitive finger tapping with right vs left hand, right handed males, 10701
sequential finger tapping, laterality differences in speed & control, right handed adults, conference presentation, 28622
silent rehearsal vs imaging of sentences, left vs right handed finger tapping, college students, 35613
simple vs careful oral reading of Hindi text, manual left vs right fingertapping performance with vs without reading, 8–12 yr olds, 11434
synchronization of finger tapping with irregular acoustic patterns, 18–20 yr olds, 17723
tone pitch difference, integrated vs parallel motor organization measured by polyrhythmic finger tapping intervals using both hands, musically trained college students, 28211
uni- vs bimanual finger tapping task performance, 12–58 yr olds with unilateral frontal vs temporal cortex damage, 5708
Fingers (Anatomy) [See Also Thumb]
body vs device centered vibratory stimuli to fingers of left vs right hand, RT for spontaneous coding of tactile motor space using anatomical reference frame, adults, 21193
closing of finger & thumb in object grasping behavior, acollosal right handed 22 yr old female, 5677
cognitive tasks, finger temperature in left vs right hand, right handed adults, support for Law of Initial Values, 710
coordinated hand & finger movements, electrical activity of neurons in magnocellular red nucleus forelimb zone, monkeys, conference presentation, 4109
cortico- vs rubromotoneuronal postspike facilitation in wrist & finger movement, neuronal encoding of motor velocity & torque change rate, monkeys, conference presentation, 4086
relaxation vs mathematical calculations vs acoustic stimuli, electrodermal reactivity of forefingers vs middle vs little fingers of right vs left hand, 19–22 yr olds, 14725
same & different hand finger pairings, 2 choice RT, college students, 21200
tactual scanning mode & finger locus, braille pattern recognition, adults, implications for braille reading & education, 28210
visual feedback vs subjective feedback from past performances, repetition precision of force generation between index finger & thumb, 20–35 yr olds, 17739
Finland
adolescent pregnancy, Sweden & Finland, implications for US & for family life education & family planning services, 36184
age & region of residence, suicide mortality, females vs males 10–90 yrs old & older, Finland, 26265
animal welfare movement, regulations on animal experimentation, Finland, 14505
cognitive skills & mastery of language inflectional forms, 2.6–4.3 yr olds, Finland, 8034
demographic characteristics & health knowledge & health status & behavior as measure of health education needs, 65–74 yr olds, Finland, 4777
development of special education in school system, Finland, 17263
differential diagnosis of symptomatology of major depression vs dysthymic disorder, depressed 60 yr olds & older, Finland, 33092
environmental psychology, Finland, literature review, 17444
epidemiology & mortality of Creutzfeldt-Jakob disease, 46–73 yr olds, 1974–84, Finland, 16135
family guidance program, prevention of mental disturbances in children, parents & infants, Finland, 5 yr followup, 9378
family relations & social competence & attitudes toward social issues, male vs female 16 yr olds who were unwanted pregnancies, Finland, 14 yr followup, 4713
frequency of psychiatric evaluation at treatment facilities, 13–18 yr olds, 1981–82, Finland, 9692
functions & use of alcohol, 14 vs 17 yr olds & their parents, Finland vs USSR, 22051
health behavior, 65–74 yr olds, Finland, 18727
history & developmental phases & plans for services in response to recent legislation, school psychology, Finland, 31286
living in nuclear age, development, 15–16 yr old females, Finland, 2 yr followup, 32534
paternalism & anti-smoking policy, Finland, 29326
perceived stress & personality characteristics & coping strategies, 25–59 yr old primary & secondary school teachers, Finland, 30997
personality traits & anxiety & arousal & success, Finland, 25931
prevalence of psychiatric disorders & need for treatment, school age children, Finland, 30182
preventive adoption vs psychotherapy, development of schizophrenia, children of schizophrenic mothers, Finland, implications for psychoanalytic factors in etiology, conference presentation, 37267
research phase of national suicide prevention project, Finland, 27131
revised & extended Finnish version of A. R. Luria's clinical investigation, assessment of neural processes underlying cognitive & perceptual abilities, 4–8 yr olds, Finland, 28102
scores on Eysenck Personality Questionnaire factors, male vs female adults, Finland vs England, 25909
sex & age & prevalence of depressive symptoms, 60 yr old & older rural community residents, Finland, 5249

sex, occupational aspirations, 9th vs 12th graders, Finland, 1111
sexual behaviors & attitudes & provision of social welfare services, 13 & 15 & 17 yr olds, Finland, 30675
sociodemographic characteristics & health habits & perceived health & coffee drinking, 12–18 yr olds, 1977–85, Finland, 4689
sporting behavior, disabled or chronically ill or elderly adults, Finland, 33576
symptom type & incidence, depressed males vs females 60 yrs old & older, Finland, 26112
Fire Prevention
self instruction, response maintenance & fire-related fear reduction, 2nd & 3rd graders, 33986
Firearms [See Weapons]
Firesetting [See Arson]
FIRO-B [See Fund Interper Rela Orientat Beh Ques]
Fixed Interval Reinforcement
adaptation to generator schedule, rate of acquisition of FI schedule induced polydipsia, rats, 28438
apomorphine, punished responding on multiple FI-FI schedule of food presentation, male rats, 14899
buspirone vs gepirone vs 8-hydroxy-2-(di-n-propylamino)tetralin, responding under multiple FI & FR schedule of food presentation, male pigeons, 14810
chronic cocaine, response rates & behavior, squirrel monkeys trained under FI schedule of stimulus shock termination, 28871
cocaine vs pentobarbital, FI & random interval performance, male monkeys, 7863
concurrent short & long FI reinforcement, proactive & retroactive response interference, pigeons, 3910
conjunctive FI-FR money reinforced schedules, matching to sample task behavior, 20–27 yr old female college students, West Germany, 10837
dosage of histamine antagonists, response rates under FI schedules accomplished by shock, squirrel monkeys, 11182
duration of FI food schedule & acute vs chronic cocaine, key pecking measuring tolerance, male pigeons, 35891
FI schedules of reinforcement, validation of animal model of adjunctive ethanol drinking, 21–31 yr olds, 29324
fixed time & FI reinforcement & extinction, superstitious behavior, pigeons, 14527
fixed time schedule drug intake induction using cocaine vs ethanol vs chlordiazepoxide vs flurazepam solutions, fluid intake per food pellet, male rats, 35804
food deprivation, drinking patterns under 1 vs 4 min FI food reinforcement, male rats, 28712
initial link duration, preference for concurrent chain reinforcement schedules with FI vs fixed delay terminal links, pigeons, 412
instructions, performance on FI reinforcement schedule, college students, 7282
interval length in FI positive reinforcement of adaptive behavior, stereotypic behavior, institutionalized profoundly mentally retarded 35–44 yr olds, 20269
mephenytoin, responding under multiple FR 50 FI 90 sec schedule, pigeons, 25285
methylphenidate dosages, response rate in FI schedule of reinforcement & delay of reinforcement gradient, rats, 14931
naltrexone, responding under shock postponement vs FI shock vs FR food vs FR stimulus-shock termination measuring environmental influenced drug sensitivity, male monkeys, 28986
nicotine stereoisomer type, FI & FR responding & physiological effects, male dogs, implications for tobacco smoking, 4466
pyrazoloquinoline CGS 8216 vs diazepam dosages, rate of FI responding, squirrel monkeys, 28990
stimulus change & interreinforcer interval or time out in fixed time FI schedule, spatial retreat from reinforcer, pigeons, 28406
sublethal doses of ionizing radiation, FI vs FR schedule controlled responding, male rats, 18225
tandem response requirement, established low vs high response rate under FI schedule, male rats, implications for behavioral pharmacology, 21353
training history using FR 50 vs DRL schedules with food reinforcement, FI 90 schedule responding with methadone reinforcement, male pigeons, 39365
transitivity in choices between VI & FI schedules, pigeons, 38983
white noise & cocaine, response rate on FI schedule, squirrel monkeys, 39323
30 vs 60 second response independent FI vs VI reinforcement schedules with inconsistent color signals, superstitious behavioral responses, college students, 38956
Fixed Ratio Reinforcement
buspirone vs gepirone vs 8-hydroxy-2-(di-n-propylamino)tetralin, responding under multiple FI & FR schedule of food presentation, male pigeons, 14810
chronic morphine induced tolerance, differential cross tolerance to mu & kappa opioid agonists measured by response to FR food presentation schedule, female pigeons, 39272
conjunctive FI-FR money reinforced schedules, matching to sample task behavior, 20–27 yr old female college students, West Germany, 10837
continuous food reinforcement & FR responding & extinction, rate of yawning, adult male macaques, 17945
continuous food reinforcement with continuous vs FR-4 secondary reinforcement, leverpressing response to secondary stimulus, male rats, 7555
ethanol &/vs Ro 15-1788 &/vs CGS-8216 &/vs Ro 15-4513, responding under DRL vs FR-10 schedules, male rats, 28997
FR schedule & intensity of microwave radiation reinforcement, conditioned behavior, albino rats, 3968
FR schedule of ethanol self administration, maintenance of response rate, inbred mouse strains, 25212
FR schedule related procurement costs, food intake in operant task, baboons, 14528
FR size, ethanol reinforced behavior rates, ALKO alcohol accepting rats, 39379
FR vs VI reinforcement, nicotine vs amphetamine discrimination, male rats, 28975
FRs of access to food, feeding behavior & randomness in meal occurrence, hens, implications for investigations of physiological correlates of hunger & satiety, 35546
im cocaine hydrochloride pretreatment, responses to small vs medium vs large FR food reinforcement values & drug tolerance, pigeons, 39321
interpolation of single FR component into baseline of FR schedules, postreinforcement pauses, pigeons, 31934
mephenytoin, responding under multiple FR 50 FI 90 sec schedule, pigeons, 25285
multiple components in FR schedule, choice responding, pigeons, 31918
naltrexone, responding under shock postponement vs FI shock vs FR food vs FR stimulus-shock termination measuring environmental influenced drug sensitivity, male monkeys, 28986
nicotine stereoisomer type, FI & FR responding & physiological effects, male dogs, implications for tobacco smoking, 4466
oxotremorine, physostigmine induced response rate suppression on FR extinction schedule & drug cross tolerance, male rats, 11226
pentobarbital concentrations under concurrent FR schedule, response rates & pentobarbital consumption, monkeys with history of oral drug self administration, 14901
ratio size & reinforcement magnitude in FR schedules, choice of schedule, college students, 196
ratio size using FR reinforcement schedule & reinforcement magnitude, response rate & persistence, male rats, 424
reset contingency, choice of FR vs progressive ratio diminishing return schedules, pigeons, implications for optimal foraging theory, 25016
response effort, relative frequency of short interresponse time responding under FR 5 vs continuous reinforcement schedules, male rats, 403

response requirement during FR administration of physostigmine, development of tolerance, male rats, 25224
size of FR reinforcement & dose, number of self administered PCP injections, female rats, 32238
sublethal doses of ionizing radiation, FI vs FR schedule controlled responding, male rats, 18225
training history using FR 50 vs DRL schedules with food reinforcement, FI 90 schedule responding with methadone reinforcement, male pigeons, 39365
Flashbacks [See Hallucinations]
Flexibility (Personality) [See Adaptability (Personality)]
Flexion Reflex
habituation & dishabituation & retention of flexion reflex, small vs normal birth weight 55–65 day olds, 29977
intensity of electrical stimulation, flexion reflex in ipsilateral biceps femoris vs subjective pain sensation, female 23–30 yr olds, 25156
late flexion reflexes & locomotion, rats with noradrenergic grafted spinal cord, 35763
microinjection of diazepam into subcerebellar nuclei vs lateral vestibular vs red nucleus vs substantia nigra, depression of crossed extensor reflex, male rats, 18358
pilocarpine dosage, presence & intensity of transport response, 23 day old rats, 28994
tone CS with footshock UCS in conditioning vs pseudoconditioning, right foreleg flexion at different interstimulus intervals, 12 vs 28 mo old rats, model of age effects on associative learning, 35471
Flextime [See Work Scheduling]
Flicker Fusion Frequency [See Critical Flicker Fusion Threshold]
Flight Attendants [See Aerospace Personnel]
Flight Instrumentation
aircraft head up display for simultaneous viewing of flight information & outside environment, eye focusing at optical infinity, enlisted Os, implications for system design, 18103
attention & physiology of visual system, military aircraft instrumentation head up display symbology & design, 41524
coded voice warning & linguistic redundancy, system RT, college students performing computer flight simulation, 41484
status reporting of visual & peripheral displays, concurrent tracking performance in aircraft environment, adults, 31333
Flight Simulation
background parameters in visual space conditions, judgment of space vehicle approach velocity, adults, 21220
coded voice warning & linguistic redundancy, system RT, college students performing computer flight simulation, 41484
flight simulation training, subsequent weapon training course performance, student aviators in US Navy, 24754
flight simulator platform motion, performance & skill acquisition, air transport pilots with vs without prior experience, 24383
flight simulator training, adverse symptoms & possible flight risk 24 hrs or longer after session, Coast Guard pilots, 24450
ground texture, visually guided control of simulated altitude, 17–35 yr olds, 21224
high vs low difficulty scenarios in motion base trainer with vs without concurrent secondary tasks, workload assessed through choice RT & time production, pilots, 24361
low blood alcohol concentration, performance on flight simulation usng multiattribute modeling, 19–39 yr old male pilots, 901
multidimensional scaling analysis of simulated air combat maneuvering performance data, expert vs novice Air Force pilots, 24447
training in pilot judgment skills & simulated cross country flights vs classroom instrument flight instruction & simulation, judgment & decision making skills, student pilots, 20458
visual perception & aircraft control in high speed low altitude flight simulation, college students, 13761
visual scene detail & field of view & dynamic seat cuing design feature in vertical takeoff & landing simulator, helicopter shipboard landing performance, Navy pilots, 31486
3 dimensional object detail vs density, visual perceptual judgments & altitude control in simulated low level flight, male Air Force pilots, 41521
Flooding Therapy [See Implosive Therapy]
Fluency [See Verbal Fluency]
Fluid Intake [See Also Water Intake]
adaptation to generator schedule, rate of acquisition of FI schedule induced polydipsia, rats, 28438
age & early alcohol exposure, ethanol susceptibility & metabolism & intake & preference, male mice, 14960
age, effect of intermittent ethanol injection on neurochemical parameters & voluntary ethanol intake, male rats, 14950
alcohol vs other bitter solution, fluid intake & preferences in limited access drinking paradigm, male rats, 18375
alcoholic content, beer intake, male rats, 14872
angiotensin converting enzyme inhibitor enalapril, fluoxetine induced decrease in alcohol intake, male rats, 18342
angiotensin converting enzyme inhibitors, reduction of voluntary alcohol drinking, rats, implications for drug therapy in humans, 4489
angiotensin II, alcohol intake, male rats, 4374
biopsychosocial approach to psychotherapeutic treatment, fluid noncompliance, 45 & 52 yr old male hemodialysis patients, 12714
blood catalase activity, subsequent ethanol consumption, rats naive to ethanol, implications for biological marker for alcohol intake, 14646
bombesin & self administered vs peripherally injected ethanol, feeding & ethanol drinking & satiation & blood levels & activity level, rats, 18338
brief daily pairing of saccharin followed by sucrose solution & intersolution interval & chlordiazepoxide & amphetamine, anticipatory contrast & saccharin intake suppression, rats, 4356
buspirone & tetrahydropapaveroline injected in brain monoaminergic pathways, chronic ethyl alcohol drinking, male rats, 7906
captopril vs enalapril vs naloxone, food & water intake following food vs water deprivation vs 2-deoxyglucose, male rats, 4343
carbohydrate & protein & fat & water intake before vs after forced or voluntary ethanol consumption, low vs high alcohol consumption rat strains, 7759
cerebellar cortex lesions, taste preferences & fluid intake, male rats, 28780
concentration presentation order & intraoral delivery, sucrose intake, rats, 28852
constant morphine infusion, ethanol intake, rats, implications for role of opioidergic ligand in alcohol potentiation, 25239
delay in administration of toxin following saccharin consumption, subsequent saccharin intake in 2 bottle testing procedure, rats, 28955
dopamine receptor agonists & role of dopamine D-1 & D-2 receptor subtypes, food & fluid intake, male rats, 21779
dose of clonidine & food deprivation, sucrose or water intake, male rats, 39291
ethanol dosage with vs without sucrose, aversion to alcohol consumption, infant rats, 35865
ethanol intake, selectively bred withdrawal seizure prone vs resistant vs neutral mice, 4063
excess of thyroid hormone administration, sodium & water intake & preference, thyroidectomized vs nonthyroidectomized rats, 11106
fluid intake & urinary excretion patterns & creatinine concentration, polyuric vs nonpolyuric patients with chronic psychosis, 33207
food satiation vs deprivation, oral self administration of PCP, monkeys, 39259
formaldehyde, voluntary ethanol intake, male rats, 28827
hydration, sham drinking of glucose solutions, rats with esophageal fistulas & gastric cannulas, 7770

icv eledoisin vs substance P vs kassinin, icv angiotensin II induced drinking, cats, 28800
inescapable shock, finickiness about drinking quinine adulterated water, male rats, 21366
intermittent ethanol, voluntary intake & muscarinic binding sites in striatum, male rats, 21825
intermittent vs continuous access to drinking spout, patterns of saccharin solution lapping, food deprived female rats, 21447
intracranial renin, milk intake & anorexia & ontogeny of thirst, 35–45 day old vs adult rats, 25255
intragastric water preload, glucose sham drinking, rats with esophageal fistulas, 7769
ip vs icv opioid antagonist MR2266, pain sensitivity & conditioned freezing response & saccharin glucose solution intake, rats, 39288
isoprenaline & propranolol vs imipramine vs other atypical antidepressants, drinking, rats, 18281
kassinin, water & milk intake, neonatal rats, 35878
lateral neglect in head movement water seeking task, water deprived male rats with unilateral vs bilateral superior colliculus lesions, 4302
levotryptophan vs phenylthiocarbamide vs dextrotryptophan vs saccharin vs water, differential intake, serotonin-deficient Fawnhooded vs Wistar rats, 11311
Lieber-De Carli liquid diet model for chronic ethanol consumption, assessment of skeletal myopathy, rats, commentary, 7773
low dose naltrexone & intragastric glucose load, allesthesia & sucrose solution preference & ingestion & hunger, 20–25 yr olds, 35858
methadone, intake of sodium & sucrose solutions, water deprived rats, 818
midazolam vs Ro 15-3505 vs carboline inverse agonist FG 7142, real & sham sucrose solution intake, rats, 4337
milk consumption & sucking behavior, newborns who developed hyperbilirubinemia, 5573
models of renovascular hypertension, renin angiotensin system & voluntary alcohol intake, male rats, 7700
morphine, intake of ethanol vs water, water deprived male rats, 930
morphine, water vs sodium chloride intake, male rats, 4320
naloxone vs Tyr-MIF-1, ethanol intake, high vs low ethanol preferring rats, 25289
neuropeptide Y, food & fluid intake & resting & other behavior, female hamsters, 32226
no prior home cage access to alcohol, acquisition of ethanol reinforced response, naive male rats, 35830
nonlethal food poisoning with actinomycin D, alcohol preference, male mice, 11237
nonnutritive fluid preload during conditioning, carbohydrate conditioned flavor preference, male rats, implications for association of internal cues & diet, 28416
opiate antagonist MR2266, water & saline intake, male mice, 18463
opioid antagonists vs morphine, intake of sweetened alcoholic beverage, male rats, 7864
pairing of palatable fluid & lithium chloride in novel context vs home cage, fluid consumption, rats, 14549
PCP or delta-9-tetrahydrocannabinol or ethanol or morphine, intake of water or sweet or salty solutions, rats, 32254
pimozide vs clozapine vs sulpiride, fluid intake & salt preference, male vs female rats, 4363
postnatal depletion of brain dopamine by icv 6-OHDA, fluid intake & motor function, rat pups, 28988
putative 5-HT agonists 8-OH-DPAT vs gepirone, hypertonic saline consumption, rats, 14830
restricted feeding schedules, free running circadian rhythms of motor activity & leverpressing for food & drinking & body temperature, male squirrel monkeys, 35694
saccharin &/vs differential concentrations of glucose & sucrose & maltose, lick rate as measure of feedback effects & utility of rate vs volume as measure of ingestive behavior, male rats, 28409
saccharin solution concentration shifts & drinking interruptions, taste induced drinking, male rats, 21349
salt intake & plasma angiotensin & aldosterone during vs after long term recovery from sodium depletion, male vs female rats, 21662
sc angiotensin II with vs without angiotensin antagonist Sar-1 Thr-8 angiotensin II, alcohol consumption, male rats, 32209
sc naloxone, fluid intake & consumption of & preference for ethanol, male rats, 4473
schedule of access & ethanol concentration & proximity & ad lib vs food deprivation, ethanol consumption, male rats, conference presentation, 28903
sertraline dosage with vs without pretreatment by metergoline vs methysergide vs ketanserin vs xylamidine, food & water & milk intake, food deprived male rats, 21773
sertraline, ethanol & food & water intake, male rats, 25226
sertraline, voluntary ethanol & saccharin intake, male rats, 25225
sodium valproate, fluid consumption previously suppressed by shock vs neophobia vs satiation vs amphetamine, male rats, 14937
spontaneous fluid intake & relation to eating, 19–49 yr olds, 18152
sucrose & sodium chloride, intraoral intake & oral motor taste reactivity, decerebrate rats, 28765
sulpiride into lateral hypothalamus, amphetamine induced anorexia & spontaneous feeding & drinking, food deprived vs satiated male rats, 18411
tone shock pairing in conditioned emotional response paradigm, suppression of ethanol intake following sucrose fading initiation, rats, implications for anxiolytic action of ethanol, 32296
training with 32 percent sucrose solution shifted occassionally to 4 percent vs 4 percent solution only, negative incentive contrast in consummatory responding, red vs white eared opposums, 3948
water & saline intake with vs without food deprivation, Fischer 344 vs Sprague Dawley rats, conference prsentation, 25024
water deprivation & clonazepam, taste palatability & preferred saccharin solution ingestion, rats, 14752
zero calorie drink breaks, appetite & food intake & weight control, humans & animals, conference presentation, 19667
5-HT agonist 8-hydroxy-2-(di-n-propylamino)tetralin, consumption of range of liquid diets, male rats, 28925
6–7 hr laboratory time isolation, ad lib food & beverage consumption levels & patterns, male vs female 19–44 yr olds, 4180

Fluphenazine

alprazolam & fluphenazine, schizophrenic patients, 2568
chronic haloperidol vs fluphenzine followed by withdrawal, oral movements, rats, animal model of tardive dyskinesia, 4481
dopamine vs fluphenazine vs haloperidol, neuronal activity in prefrontal cortex during spatial short term memory task, monkeys, 11297
D1 agonist SK&F 38393 vs D2 agonist LY171555 with vs without chronic haloperidol or fluphenazine pretreatment, oral movements, female rats, 18324
fluphenazine, CSF somatostatin & HVA, schizophrenic patients, 30429
fluphenazine decanoate dosage, severity of depression & neuroleptic plasma levels, patients with schizophrenia or schizoaffective disorder & stable postpsychotic depressions, 34105
fluphenazine dose & familial expressed emotion environment, treatment outcomes, schizophrenic 17–55 yr olds, 2 yr study, 9523
fluphenazine, original vs reversal of discrimination in spatial learning task, monkeys, 35844
fluphenazine plasma levels after decanoate withdrawal, schizophrenic or schizoaffective inpatients, 12858
fluphenazine, positive & negative symptoms, schizophrenic adult inpatients, 12898
fluphenazine, steady state serum levels between 2 wk injection interval, adults with vs without tardive dyskinesia, 34032

imipramine & fluphenazine decanoate dosage, metabolic inhibition potential & plasma imipramine & desipramine, 23–53 yr olds with postpsychotic depression, 2535
information processing ability, response to low vs conventional fluphenazine doses, male schizophrenic outpatients, 9483
injection site & massage & muscular exercise, fluphenazine absorption, chronic schizophrenic patients, 20013
iv fluphenazine decanoate & chlorpromazine dosage, schizophrenic patients, 19958
low dose fluphenazine decanoate, behavioral disturbances, elderly patients with Alzheimer's disease, conference presentation, 12864
pharmacodynamic analysis of high doses of fluphenazine, 27–59 yr old schizophrenic patients, 30426
serum neuroleptic levels, relapse rate, 19–63 yr olds with schizophrenia or schizoaffective disorder treated with fluphenazine with vs without other neuroleptics or antiparkinson agents, 4 yr followup, 12831
single dose of fluphenazine, pharmacokinetic parameters, Black vs White 20–41 yr old male psychiatric patients, 19988
transition from oral to depot fluphenazine, schizophrenic patients, 20023
Flurazepam
fixed time schedule drug intake induction using cocaine vs ethanol vs chlordiazepoxide vs flurazepam solutions, fluid intake per food pellet, male rats, 35804
flurazepam, arousal threshold & quality & perception of sleep, adults with subjective insomnia, 12885
flurazepam vs muscimol in substantia nigra pars reticulata, rotational behavior measuring benzodiazepine tolerance & GABAergic sensitivity, male rats, 921
flurazepam vs temazepam vs triazolam, plasma concentration & sedative intensity & performance impairment & memory, healthy 20–45 yr olds, 28861
long term flurazepam, brain GABA metabolism, male rats, 14865
nightly flurazepam or temazepam, sleep stages & latency & performance on vigilance & RT tasks, normal sleeping 21–35 yr olds, 28956
Focusing (Visual) [See Ocular Accommodation]
Folic Acid
folic acid, negative & psychotic behavior, mentally retarded 6.6 yr old female & 3 yr old male, case reports, 9541
levels of folate & vitamins C & B12, depressed 65–99 yr olds, 40124
onset & duration & severity of depression & serum folate & vitamin B12, depressed outpatients, 36636
plasma folic acid & cognitive impairment, depressed 63–82 yr olds, commentary included, 36685
red blood cell folic acid levels, cognitive function, 51–93 yr olds consulting memory clinics, 12510
serum vitamin B12 & folic acid, patients with obsessive compulsive disorder vs chronic schizophrenia, implications for pathophysiology, 15697
tetrahydrobiopterin & pterin folate plasma levels, depressed males, 40125
total biopterin & neopterin & creatinine urine & plasma folate levels, depressed 26–83 yr olds on lithium, implications for pathogenesis of affective disorders, 36570
Folie A Deux
cultural & familial & acculturative stresses & treatment, depressed 31 yr old male Hmong refugee with koro & his depressed wife with folie a deux, case report, 40194
diagnosis & treatment of folie a deux & role reversal, married couple, Canada, case report, 8544
folie a deux, family of 43 yr old female with actual delusional symptoms, 8716
folie a deux, 30 yr old mother & her 6 & 8 & 9 yr olds, case report, 29603
shared delusions of existence of doubles, mother & 10 yr old son, England, 36601
simulated folie a deux, husband & wife sharing bizarre beliefs, case report, 33027
Folk Medicine
absence of official integration policy & Western medicine, role adaptation, traditional practitioners, Nigeria, 40856
analysis & discussion of wizardry paradigm & diagnosis & curing of illness & misfortunes allegedly caused by wizardry, Mutumwa Nchimi practitioners, Zambia, 12564
attitudes toward knowledge claims of diviners, 20 yr old & older civil servants, Nigeria, implications for social change, 32618
folk medicine practices, Hispanic females, 18760
folk remedies & modern medicine, elderly Mexican American females, 37648
healing functions of drug rituals involving ayahuasca, traditional tribes, Amazonia, 37470
integration of traditional & Western healing practices, establishment os mental health care programs & school psychology, Blacks, South Africa, 24216
naturalistic & personalistic medical knowledge paradigms, treatment & explanation of somatic & mental illness using local medicine, Creoles, Trinidad, 16301
psychoactive drug usage & shamanistic-mystical & psychospiritual strategies, 63 yr old male shamanistic healer, Peru, 37492
restraints to protect from sorcery accusations & persecution, supernaturalist curers, Thailand, 18748
role of family as alternative healing system & medical pluralism, 2658
role of kinship & folk medicine, intrafamily help patterns, Native American vs Appalachian vs Afro American vs Mexican American families, 2657
sudden fright, culture based explanatory models of illness experiences, highland Yemen, 29477
symbolic analysis of herb & botanic medicine therapeutic properties & relation to religious beliefs, 19th century Shakers, 39739
symbolic structure of "baladi" curing practices, child illness & fertility problems, Egypt, 5853
theory of language paleodigms as formulation of ancient folk wisdom with causal explanation influencing behavior, etiology of psychiatric syndromes, 22472
use of traditional & modern or Western mental health practices, Yoruba, Nigeria, 13031
Folklore [See Myths]
Folktales [See Myths]
Followup (Posttreatment) [See Posttreatment Followup]
Followup Studies
changes in attitudes toward adolescence & diagnosis & treatment outcome in followup research, adolescent psychiatric inpatients, literature review, 34342
methodology in outcome & followup of residential treatment & psychiatric hospitalization, 3–21 yr olds, 27230
Food
calorie restricted diet, emotional states & cognitions about food & eating, adults, 7783
concurrent vs multiple VI schedules reinforced by food &/vs alcohol, behavioral contrast, rats, model of alcohol consumption, 24953
conflicting emotions & availability of favorite snack, persistence, 6 vs 10 yr olds, 1135
cultural & collective dimensions of food, identity formation, 15166
depression & fatigue & malaise induced by consumption of neurotoxin ciguatera in tropical water fish, 52 yr old male, case report, 30007
distribution of food resources, group association patterns, free ranging vervets, 17978
emotive vs food vs neutral stimuli, GSR & EMG & heart rate, obese adults, 5642
familiarity of food associated pattern, mirror image ambiguity in pattern matching, honey bees, 3926
food & body size words in Stroop task, color naming RT & recognition memory, patients with anorexia nervosa, 9007
food availability & competition, feeding & defense time & territory size, breeding male Willow Flycatchers, 546

food, brain function & cognitive performance & mood & hyperactivity related behavior & effects of dietary fiber, children, 15575
food density, area copying in group foraging behavior, shoaling goldfish, 542
food pellet size, eating or hoarding behavior, infant to adult rats, 25018
food related stimuli & eating, arousal, obese 19–63 yr olds, 29942
food vs electrical self stimulation of lateral hypothalamus vs amphetamine or cocaine reward, extracellular dopamine in nucleus accumbens, male rats, 4241
fruit & vegetable metaphors for physical & personality characteristics, psychology students, 25960
graded in vivo exposure with verbal reinforcement & modeling, modification of food aversions, adults, 23320
haloperidol, response reinstating effects of food reward during extinction, rats, 32213
high inflation, attitudes & behaviors toward food & lifestyles, consumers, 31490
introductory nutrition course, changes in food habits including meal patterns & cooking experience & food buying & vitamin/mineral supplementation, male vs female college students, 41229
labeling by percentage of lean vs fat, perceived quality of ground beef before vs after tasting product, college students, implications for attribute framing in marketing, 20953
look vs taste exposure to novel fruits, preferences, 2–5 yr olds, 980
malnutrition & adverse effects of foods & food additives, behavior & cognitive function, children, 22491
model of food as having both fixed & variable excitatory & inhibitory effects on consumption as alternative to systemic model of multiple satieties, commentary, 18155
nutrition concerns & attitudes toward eating & food, 14–16 yr olds, implications for education, 32346
olfactory food stimuli, salivation, anorexic vs bulimic 16–26 yr old females, 19555
oligogenic/exorphin model of idiopathic schizophrenia, 29528
oral character development & attitudes toward & behavior related to food & eating, 17–36 yr olds, 22417
preference for greater weight &/vs number of units of food reward, rats, 14517
reinforcement schedule of food with vs without cocaine or diazepam, adjunctive drinking, rhesus monkeys, 4371
repertory grid method & Procrustes analysis, evaluation of consumer food perceptions & attributes, college students, 17484
reward value of stroking vs milk infusions in classical conditioning paradigm, 6 day old rats, 3965
role of food & social dining & group discussion, psychotherapeutic processes, adolescents in residential therapeutic community, reprint, 34323
self administered reinforcement by food & cocaine in multiple component schedule, SCH 23390 vs pimozide dosage induced leverpressing, monkeys, 39424
validity of Forbidden Food Survey, assessment of food related fears, 15–46 yr old obese vs bulimic binge-purger vs binge eater females, 10645
visual discrimination of food vs nonfood, neuronal responses in inferotemporal cortical & amygdalar & lateral hypothalamic areas, monkeys, 35626

Food Additives

diet rich in vs free from artificial additives, motor restlessness & disorganized behavior & misbehavior, 11–17 yr olds with learning disorders or hyperkinesis, 5102

Food Deprivation

acute vs chronic administration of antidepressants, novelty suppressed feeding, food deprived rats, animal model of anxiety, 32162
artificially induced food shortage, sibling aggression, blue-footed booby chicks, 39173
chlordiazepoxide, eating behavior, food deprived rats, 11284
chronic chlordiazepoxide, ingestion of edible vs nonedible substances, food deprived vs satiated male rats, 4258
closed vs open food access & reinforcement delay reduction in concurrent chain schedule, CRs, pigeons, 38981
consistent feeding time vs ad lib food vs food deprivation, meal associated activity level, Sminthopsis macroura frogatti housed in 12 hr light/dark cycle, 35698
contingent vs noncontingent food & sucrose solution availability, instrumental performance, male rats, 35446
dietary restriction until midlife, late life presbyacusis & life span, CBA/J mice, 21672
feed restriction, pecking & threatening behavior, male broiler chicks from brown vs white egg laying strain, 25136
food &/vs water deprivation, radial maze performance, male rats, 742
food deprivation & concomitant antidepressants, behavioral actions of drugs in learned helplessness model of depression, male rats, implications for drug therapy, 32118
food deprivation & insulin injections, appetite for sucrose & polycose, female rats, 28717
food deprivation & sweetness vs tone, perception of food quantity, rats, 3939
food deprivation, brain levels of monoamines & their metabolites, lean vs genetically obese rats, conference presentation, 25148
food deprivation, chlordiazepoxide induced consumption of saccharin flavored food, male rats, 728
food deprivation, circulating glucose levels & paraventricular nucleus alpha 2 noradrenergic receptor sites, rats, conference presentation, 25127
food deprivation, drinking patterns under 1 vs 4 min FI food reinforcement, male rats, 28712
food deprivation, glucose utilization in central amygdala & hypothalamus, lean vs fatty male rats, 25149
food deprivation, salivation in absence of food related stimuli, college students, 7760
food restriction induced body weight reduction, subsequent macronutrient selection during & adiposity & plasma insulin following refeeding, female rats, 4260
food satiation vs deprivation, oral self administration of PCP, monkeys, 39259
food vs water maze performance & plasma corticosterone & prolactin, free feeding vs food deprived male rats, 28427
intermittent vs continuous access to drinking spout, patterns of saccharin solution lapping, food deprived female rats, 21447
isoamylacetate & cineole & isovaleric acid odors, lateral hypothalamus neuronal responses, food deprived rats, conference presentation, 25144
kappa opioid receptor agonist, food intake, food deprived spontaneously hypertensive male rats, 28805
length of short food deprivation period, eating rate, female fowls, 760
missing 1 meal & protein & carbohydrate variation, intraday feeding patterns, infant monkeys, 28729
naloxone, food deprivation induced hyperphagia, broiler chicks, 11295
oral pentobarbital concentration, schedule maintained drug self administration measuring reinforcement effect, food deprived vs satiated male rhesus monkeys, 35838
phentolamine, insulin & glucose release & food intake, fasting rats, conference presentation, 25188
progesterone, open field behavior, food deprived ovariectomized female rats, 18217
stress induced reduction of maternal food & water intake during pregnancy, neurobehavioral defects, mouse pups, 28745
time of day of food deprivation termination, body weight loss & plasma corticosterone & glucose, male mice, 21597
undernutrition & crowding, offspring sex ratio & weight, mice, 24931
unrestricted vs restricted food availability, food hoarding, male vs female rats, 21417
24 vs 48 hrs of food deprivation, activity of dopaminergic neurons in prefrontal cortex & amphetamine induced rotational behavior, rats, 11108

Food Intake [See Also Diets, Eating]
access to heated environment vs food, body temperature & weight & food intake, lean vs genetically obese mice, 4173
accessibility to fresh pasture, rate of food intake, Angus cows, 39013
acute vs chronic administration of antidepressants, novelty suppressed feeding, food deprived rats, animal model of anxiety, 32162
adrenalectomy & fenfluramine, food intake & body weight & guanosine binding to brown adipose tissue, female rats, 35689
age & sex & type of job & evening or morning type, meal times, 17–60 yr olds, Italy, 5027
alpha-2-adrenoceptor blockaders, feeding induced by neuropeptide Y vs epinephrine, male rats, 14828
ammonia released by tumor tissue, development of anorexia & neurochemical correlates, male rats with experimentally induced cancer, 35697
amphetamine, unconditional vs conditional responses to alimentary vs social rewards, male dogs, 4398
amphetamines & dosage, eating induced by lateral hypothalamic electrical stimulation, male rats, 18307
anorectic drugs, topography of feeding behavior & food intake, male baboons, 35811
antihistamines vs histidine, food intake, male rats, 25280
aspartame & phenylalanine, meal time food intake, adults, conference presentation, 18202
aspartame, body weight set point hypothesis assessed through energy intake, obese vs nonobese adults, conference presentation, 18247
atropine before vs after feeding session, real vs sham feeding of sucrose & meal size, female rats, 4441
behavior & family therapy, food refusal after choking incident, 8–11 yr olds, case reports, 12558
bilateral lesions of basolateral amygdala, sham feeding response to sucrose, food deprived rats, 4300
body mass index vs cognitive factors, cumulative food intake, obese vs normal weight females, 26678
brain enhanced chemical delivery system of estradiol, body weight & food intake, lean vs obese rats, conference presentation, 25310
cafeteria diet, energy intake & body weight, male vs female rats, 35659
caloric dilution, compensation in caloric intake, male adults with unrestricted food access, 682
caloric intake & duration & style of eating, 18 mo olds vs their mothers vs fathers, 11346
calorie & nutrient intake, 19–35 vs 65–94 yr olds, 22113
captopril vs enalapril vs naloxone, food & water intake following food vs water deprivation vs 2-deoxyglucose, male rats, 4343
carbohydrate type & form, food intake & weight gain, female rats, 4192
catecholamine receptor antagonists, feeding related neuronal activity in central amygdaloid nucleus, monkeys, 14868
cerebellar cortex lesions, food intake & body weight, male rats, 28779
changes in eating behavior & body weight, patients with dementia, professional criticism, 1998
changes of intake of solids, milk intake & sucking time, breast fed infants, 32349
chlordiazepoxide, hunger mimetic model of benzodiazepine induced hyperphagia assessed through food preference & intake, food deprived vs nondeprived male rats, 18218
cholecystokinin, food intake & inhibition of sham-feeding & feeding, fasted cats, 28798
cholecystokinin-octapeptide, food intake & gastric emptying, nonobese males, conference presentation, 25274
cholecystokinin, real vs sham feeding, rats with gastric vagotomy, 25133
cholecystokinin receptor antagonist levo-364,718, cholecystokinin induced food intake & exploratory activity level, male mice, 871
cholecystokinin, regulation of food intake & potential therapeutic efficacy for schizophrenia & other psychiatric disorders, literature review, 37468
cholecystokinin, suppression of feeding, male rats, 18316
chronic chlordiazepoxide, ingestion of edible vs nonedible substances, food deprived vs satiated male rats, 4258
chronic clorgyline & fenfluramine challenge, food intake & body weight gain & locomotor activity, rats, 14805
chronic desmethylimipramine or clorgyline, food & water intake, male rats, implications for chronic stress, 18322
chronic icv cholecystokinin octapeptide, food & water intake, rats, 11299
chronic icv morphine, body weight & food & water intake & blood glucose, male rats, 14840
chronic infusion of E. coli lipopolysaccharide, food intake & body weight & temperature, male rats, 4449
chronic insulin infusion, food intake & body weight & amount of & mitochondrial guanosine diphoshate binding in white & brown adipose tissue, male rats, 21766
circadian rhythms & composition of meals & sleep activity patterns, 50–92 yr olds, 39144
clonidine into paraventricular hypothalamus, food intake & carbohydrate preference, male rats with vs without 6-OHDA paraventricular hypothalamus lesions, 18238
cognitive regulation of food intake, dieters, implications for eating disorders, conference presentation, 30126
consumption of sweetened drinks vs water, types & amounts of food consumed, 2–5 yr olds, 35982
continuous feeding through catheter, 24 hr sleep state distribution, 6 wk to 14 mo olds with severe medical or gastrointestinal disorders, 29928
continuous icv neuropeptide Y with vs without cholecystokinin, episodic food intake, satiated female rats with vs without adrenalectomy, 18221
corpulence category, daily energy consumption & distribution of food intake, obese vs nonobese 7–12 yr olds, France, 26443
corticotropin releasing factor & somatostatin, restraint stress induced anorexia & reversion, rats, implications for role of neuropeptides in anorexia nervosa, 14938
corticotropin releasing factor in periventricular hypothalamic nucleus, movement & grooming & norepinephrine induced feeding, male rats, 4399
d-fenfluramine, saccharin intake & preference & food & water intake, rats, 28851
d-fenfluramine vs quipazine vs fluoxetine vs 8-hydroxy-2(di-n-propylamino)tetralin, sucrose sham intake, gastric fistulated rats, conference presentation, 25138
D-2 dopamine receptor agonist N-0437, palatability & deprivation induced food intake & operant responding for food, male rats & mice, conference presentation, 25296
daily occupational therapy, nutritive & nonnutritive sucking behaviors, high risk premature 3–35 wk olds, 34345
day vs night 2-deoxy-D-glucose injection, food intake, rats, 32295
delay duration, preferences for food reinforcement schedule with constant vs variable-equiprobable delay, rats, 7563
dextroamphetamine vs fenfluramine, food intake, male baboons, 32197
dextrofenfluramine & fat or carbohydrate supplemented hyperphagia inducing diet, fat or carbohydrate intake & body weight, female rats, 32161
diazepam, food intake, male baboons, 35812
diazepam vs benzodiazepine inverse agonist FG-7142 vs antagonist RO 15-1788, latency to feed in home cage vs novel environment with vs without environment preexposure, food deprived rats, 21716
dietary carbohydrate vs protein content, brain serotonin activity & food intake, rats, conference presentation, 18249
dietary intake dilution, selection of fats vs protein & total calorie intake, diabetic rats, 32122
dietary restraint & obesity, dietary intake, female college students, 2156
dietary restraint coded as continuous vs categorical variable, college students, 17641
dietary restriction, radial maze learning & lipofuscin pigment deposition in hippocampus & frontal cortex, mice, 741
dietary tryptophan, nutrient selection, male rats, 11319

dopamine D-1 & D-2 receptor antagonists SCH 23390 & levo-raclopride, corn oil sham feeding intake, rats, conference presentation, 25152
dopamine receptor agonists & role of dopamine D-1 & D-2 receptor subtypes, food & fluid intake, male rats, 21779
dose of peptide cholecystokinin, high vs normal fat vs fat fortified intake of chow, obese rats, 14890
dynorphin A (1–13) dosage to preoptic area with vs without naloxone, water & food intake, male rats, 39393
eating behavior & biochemical indices of nutritional state, female 18–26 yr old restrained vs unrestrained eaters, 39141
efficacy of electric feeder, mealtimes & percentage of food eaten, 24–48 yr old quadriplegic cerebral palsy patients, 34347
electrical stimulation of lateral hypothalamus & ventral tegmentum, conduction velocity of medial forebrain bundle fibers mediating brain stimulation reward & stimulation induced feeding, male rats, 777
estradiol & progesterone, food intake & taste preferences & body weight & glucoregulation, intact vs ovariectomized rhesus monkeys, 39227
estradiol benzoate & restraint, food intake & body weight, ovariectomized rats, 32121
estradiol, BP & pressor responses to norepinephrine & food & water intake & body weight, guinea pigs, 35853
ethanolamine-O-sulfate dosage & hyperosmotic & hypoglycemic challenges, food & water intake & body weight, female rats with bilateral lateral hypothalamus lesions, 35699
ethanolamine-o-sulfate or gamma vinyl GABA, brain GABA & food & water intake & open field behavior & catalepsy & pain sensitivity & temperature, male rats, 25278
excitatory amino acid antagonists into median raphe nucleus, food & water intake, male rats, 18472
exercise before vs after meal, energy expenditure, lean physically active adult females, implications for weight control, 39134
feeding induced brown adipose tissue thermogenesis or glycogen, feeding behavior, male rats, 35651
fluid restriction at mealtimes & food intake, adult males, 7757
fluoxetine, meal frequency & feeding rate & rebound feeding after anorexia & development of tolerance, male free-feeding vs schedule-fed rats, 28831
fluoxetine R- & S-enantiomers with vs without serotonin antagonists, food intake & serotonin uptake, hyperphagic male rats, 28995
food & ambient temperature during meal, food intake, rats, 11082
food before vs after morning observation period, CSF tryptophan & 5-HIAA & social & individual behaviors, monkeys, 4222
food consumption preferences, cohabitating vs single male vs female adults, Australia, 39794
food palatability, overeating & weight gain, rats, 14615
food vs water reinforcer, form of keypecks vs ingestive responses, pigeons, 14539
FR magnitude & lever weight & reinforcement size & probability, nocturnal vs daytime feeding behavior & hypothermia, pigeons, implications for thermoregulation in energy conservation, 25001
FR schedule related procurement costs, food intake in operant task, baboons, 14528
gastric control & cholecystokinin & fenfluramine, satiety & food intake, patients with anorexia nervosa or bulimia, conference presentation, 30068
gastric distension by balloon & gastric capacity, food intake, lean & obese 19–49 yr olds, implications for obesity treatment, conference presentation, 26494
gastrointestinal peptides, food intake, food deprived vs nondeprived 8 vs 25 mo old male mice, 4484
genetic obesity, circadian patterns of feeding & drinking, male mice, 14652
glycolic acid vs glycine vs tryptophan, feed intake & hypothalamic 5-HT & 5-HIAA, chicks, 35880
group size & individual vs group housing, activity level & aggression & food intake & weight gain, weanling pigs, 4043
hemolymph dosage from conditioned donors, learning of food refusal CR, snails, 21669
hepatic portal cholecystokinin-8, food intake, male rats, conference presentation, 25231
high protein vs fat vs chow diet, food intake & weight loss maintenance, obese rats, 7702
high starch vs protein vs fat vs sucrose vs mixed content preloads, hunger & satiety & food preferences, normal weight nondieting females, 11084
high vs low calorie snack, food intake & hunger ratings after 1 hour, male 15–17 yr olds, implications for weight control, 39644
histamine infusion in suprachiasmatic nucleus, food intake during dark vs light period, male rats, 21761
human handling & flock size & E. coli challenge, body weight & food intake, female chicks, 4227
human satietin, food intake & development of tolerance, male rats, 25268
icv & iv bombesin, food intake, adult hen turkeys, 39277
icv beta endorphin, feeding & water intake & thermoregulatory responses, Rock-Cornish vs white leghorn chickens, 18388
icv cholecystokinin octapeptide, food intake & insulin & pancreatic polypeptide release, dogs, 25244
icv corticotropin releasing factor, food intake & guanosine binding to brown adipose tissue, genetically obese vs lean rats, 35767
icv histamine H1 vs H2 antagonists, hypothalamic histamine & feeding, rats, conference presentation, 25299
icv histidyl-proline diketopiperazine & its stereoisomers, food intake, male rats, implications for anorexia nervosa, 4324
icv hypothalamic growth hormone releasing factor, food intake, male rats, conference presentation, 14945
icv rat satietin, food consumption & body weight & activity, male rats, conference presentation, 25190
increased adiposity, food intake, male weanling rats, 35650
increasing ethanol concentration, food & water intake & body weight & wheel running, male rats, 28801
inhibition of fatty acid oxidation by methyl palmoxirate, food intake, hamsters, 14935
injection dosage of hemolymph from trained animal, specific & nonspecific components of CS eliciting food refusal CR, snails, 21670
insulin levels in plasma & CSF during 24 hour fast & refeeding, male rats during glucose infusion, 21600
insulin vs 2-deoxy-D-glucose, food intake & plasma glucose, male mice, 18315
intake of protein vs carbohydrate vs ethanol consumption & elimination, female rats of alcohol preferring AA line vs alcohol avoiding ANA line, 14757
intermittent vs baseline vs massed reinforcement vs extinction of electrical brain stimulation, eating behavior, rats, 39209
interpellet delay, meal patterns & food & water intake, female rats, 11117
ip metergoline vs ritanserin, anorectic activity of fenfluramine, male rats, 39387
iv neuropeptide Y in hypothalamic paraventricular nucleus & peripheral cholecystokinin, feeding & satiation, male rats, 25295
kainic acid selective damage of neurons in medial septum of forebrain, body weight & food & water intake & urine output, male rats, 21694
kappa opioid receptor agonist, food intake, food deprived spontaneously hypertensive male rats, 28805
ketocyclazocine, diurnal pattern & regulation of food intake, mice treated neonatally with monosodium glutamate, 4418
knowledge of high vs low carbohydrate preload meal, desire for & consumption of later meal, female college students, implications for prevention of eating disorders, conference presentation, 14736

large vs extra large vs no preload, ad libitum eating response, dieters vs nondieters, 686
lateral hypothalamic electrical stimulation to pure reward vs reward escape sites with vs without diazepam, feeding thresholds & barpressing rates for self stimulation vs escape, male rats, 32097
lead acetate exposure, nesting behavior & food & fluid intake induced by environmental temperature change, 60–365 day old male mice, 35797
learning and/or reinforcing sensory properties of saccharin solution, food intake & preference, male rats, 35725
length of short food deprivation period, eating rate, female fowls, 760
lesions of vagal afferent terminals at area postrema & subsequent nucleus of solitary tract, glucagon induced suppression of feeding, 14800
lesions to medial hypothalamus vs paraventricular nucleus with vs without cuts to ventrolateral pons & medulla, food intake & hyperphagia & body weight, female rats, 7811
levels of sugar acids in blood, neuronal activity in lateral hypothalamic area & ventromedial hypothalamic nucleus & hunger & satiation & feeding behavior, rats, conference presentation, 25090
liking & consumption of milk & cheese & ice cream & chocolate vs foods labeled high fat, female 16–31 yr olds, 24727
lithium chloride injection to bilateral suprachiasmatic nuclei, circadian rhythm of food intake, rats, 39377
long acting cholecystokinin agonist, food intake in naturalistic free feeding conditions, male baboons, 39294
long term regulation of energy intake & expenditure, obesity, conference presentation, 29943
low vs high fat diet & peritoneal vs 4th ventricular 5-thio-d-glucose with vs without methyl palmoxirate, food intake, male rats, 7927
marihuana, food intake & body weight, 19–30 yr old males, 18331
maternal dietary sodium restriction, taste responses of chorda tympani nerve to sodium, rat offspring, 18350
maternal periodic feeding & suprachiasmatic nuclei lesions during pregnancy, circadian rhythms, rat pups, 39196
meal feeding schedule followed by free access to food, food intake & body weight & hepatic glycogen & plasma free fatty acids & glycemia, male rats, 35649
medial hypothalamic lesions or icv 6-OHDA, food intake & obesity & self stimulation, rats, 28769
metergoline, dextrofenfluramine induced reduction of food intake, male 18–37 yr olds, 28859
methysergide vs metergoline vs ritanserin, food intake, satiated male rats, 18329
MIF-1, tailpinch stress induced eating, rats, animal model of hyperphagia, 39374
milkshake vs no preload, disinhibitive cognitions & self talk during ice cream intake, female restrained vs unrestrained eaters, 5049
missing 1 meal & protein & carbohydrate variation, intraday feeding patterns, infant monkeys, 28729
model of food as having both fixed & variable excitatory & inhibitory effects on consumption as alternative to systemic model of multiple satieties, commentary, 18155
morphine, delayed suppression of feeding & anorexic effect & reversal by naloxone, rats, implications for anorexia nervosa, 28894
muscimol injections in median raphe nucleus, feeding & drinking & gnawing behavior, nondeprived rats, 35839
muscimol microinjections into median vs dorsal raphe nuclei vs ventral tegmental area, food & water intake, male rats, 873
naloxone & sucrose concentration, sucrose sham feeding, gastric fistulated rats, implications for role of oropharyngeal stimulation, conference presentation, 25129
naloxone, food deprivation induced hyperphagia, broiler chicks, 11295
naloxone vs naloxonazine, food intake & body weight, rats, 7884
naltrexone, food choice & bingeing, females with bulimia nervosa, 34107
neonatal dose of monosodium L-glutamate, adult food intake, male rats, 39274
neurochemical & pharmacological mechanisms of satietins & other endogenous anorectic agents, implications for obesity treatment, literature review, 7662
neuropeptide Y & epinephrine & norepinephrine in paraventricular nucleus, stimulation of feeding & release of corticosterone & vasopressin & glucose, male rats, 28891
neuropeptide Y, feeding & drinking, rabbits, 28951
neuropeptide Y, food & fluid intake & resting & other behavior, female hamsters, 32226
neuropeptide Y, latency to onset of feeding & cumulative food intake, rats with bilateral neural transections in mesencephalon, 32114
nicotine, body weight & eating behavior in presence of sweet & salty foods, rats, 4239
nocturnal cholecystokinin octapeptide, sleep wake cycle & motor activity & brain temperature & EEG & food intake, male rats, 866
norepinephrine & circulating hormones & nutrients, food intake & medication by neural receptors in hypothalamus & energy homeostasis, rats, literature review, 14884
norepinephrine vs carbachol, feeding response prior to vs following development of anorexia, methylcholanthrene sarcoma bearing male rats, 25199
nutrient intake & food sensitivities, behavior problems, preschool age hyperactive males, 33557
nutritive vs nonnutritive sweeteners, food intake & body weight, rats, conference presentation, 18222
operant control of access to patch of future food, time horizon of response suppression in progressive ratio schedule, implications for foraging behavior, 25013
paired pulse electrical stimulation of lateral hypothalamic medial forebrain bundle, fiber refractory period distributions for brain stimulation reward & stimulation induced feeding, male rats, 778
palatable food, extracellular serotonin in lateral hypothalamus, male rats, 25142
patch residence time & variance in intake time, foraging shrews, 31942
perceptivity & paraceptivity, gastric emptying & reported hunger & satiety, anorexic vs bulimic 18–40 yr olds, 33630
phentolamine, insulin & glucose release & food intake, fasting rats, conference presentation, 25188
phenylpropanolamine hydrochloride vs dextroamphetamine sulfate, feeding latency & food intake, male rats, 35912
physiological & environmental & subjective determinants of self reported hunger & food intake, adults, conference presentation, 25084
pimozide & thioridazine, amphetamine induced anorexia & interaction with apomorphine, male rats, 14944
pimozide pretreatment, VI operant response rate & free feeding & extinction, rats, 14954
prefeeding ammonium acetate, food intake & metabolic adaptation, male rats fed high protein diet, 4482
preload, regulation of food intake, restrained vs emotional vs external female eaters, 32866
presence vs absence of pecking requirement for food delivery, reinforcement of observing behavior, pigeons, 3919
price of food in variety of procedural manipulations, food consumption, 14550
progressively increasing exercise levels with vs without po beta-adrenergic agonist pindolol, food intake & body weight & urinary epinephrine & norepinephrine, male rats, 4375
prompting & social reinforcement & food preference & environment design, 91–96 yr old female patients with multiple medical problems and severe cognitive impairment in nursing homes, 40727
pyrazole, ethanol & water & food intake, genetically low vs high ethanol consumer rats, 25204
random electric shock, frequency & size of meals in operant chamber, rats, simulation of predation risk impact on foraging behavior, 24977

reinforcement ratio requirements, rates of key pecking or pressing for food, pigeons, 414
removal of punishment threat, errors in learned eating patterns, rats, implications for moral development theories, 21362
removal vs neutralization of pylorus, gastric outflow & food intake & eating & ruminating, ewes, 35755
repeated fenfluramine, central 5-HT depletion & tolerance to neurochemical & anorectic effects of acute fenfluramine, male rats, 18361
repeated sham feeding & latent inhibition, increased consumption & association between food's taste & postingestive consequences, male rats, 35481
restricted feeding schedules, free running circadian rhythms of motor activity & leverpressing for food & drinking & body temperature, male squirrel monkeys, 35694
saccharin & other nonnutritive sweeteners, food intake, rats, conference presentation, 18246
saccharin solution & food delay, food intake & preference, male rats with sham surgery vs celiac vs hepatic vagotomy vs streptozotocin induced diabetes, 35726
saccharin solution & overhydration & food intake preference, male rats, 35728
saccharin vs almond vs glucose solution, food intake & preference, male rats, 35727
saccharin vs aspartame vs acesulfame-K vs glucose, hunger & desire to eat & food & nutrient intake, 19–25 yr olds, 14928
sc vs icv prolactin vs growth hormone, food & water intake & body weight, ring doves, 32167
selective dopamine D_2 receptor agonist N-0437 vs dextroamphetamine vs cocaine, sucrose sham feeding, rats, 39270
selective kappa agonist PD-117302, hyperphagia & food intake, obese vs lean male rats, implications for endogenous kappa opioid system, 28893
sensory stimulation of high vs low caloric food, sensory-specific satiety & food intake, 18–35 yr old females, 28730
serotonin agonists 8-hydroxy-2-(di-n-propylamine)tetralin vs buspirone vs m-chlorophenylpiperazine, feeding & locomotor activity, Wistar vs Sprague Dawley vs Fawn Hooded rats, 32148
serotonin reuptake blocker CGS 10686B, nutrient selection & food intake, rats, 4394
sertraline dosage with vs without pretreatment by metergoline vs methysergide vs ketanserin vs xylamidine, food & water & milk intake, food deprived male rats, 21773
sertraline, ethanol & food & water intake, male rats, 25226
sex differences in food motivation, behavior on appetitively motivated operant learning task, food deprived rats, 440
short vs long term imipramine, fenfluramine induced food intake & weight gain & locomotor activity, male rats, 25187
smoking cessation, food intake & activity level, adult smokers, 26 wk followup, implications for weight gain, 25824
somatostatin, anorexia induced by corticotropin releasing factor, food deprived male rats, 906
streptozotocin induced diabetes & mu vs delta vs kappa opioid receptor agonists, food intake, male rats, 39306
sucrose vs aspartame, appetite & food intake, adults, conference presentation, 18235
sulpiride into lateral hypothalamus, amphetamine induced anorexia & spontaneous feeding & drinking, food deprived vs satiated male rats, 18411
systematic vs direct administration of apomorphine into nucleus accumbens/ventral striatum, feeding, male rats, 18459
systemic vs intrahypothalamic noradrenaline vs clonidine, food intake & eating time with vs without propranolol pretreatment, male rats, 35905
T-2 toxin contamination, saccharin aversion & food intake & body weight gain, male rats, 35913
tail pinch, food vs water intake, hamsters vs rats, 14765
taste & postingestive factors, carbohydrate appetite & intake, rats, conference presentation, 18236
tolbutamide, insulin levels & plasma glucose & satiety & food intake, rats, conference presentation, 25319
type & amount & frequency of seasonal food intake, 24–61 yr old females with seasonal affective disorder, Switzerland, 19145
Type A behavior & eating patterns & nutrient intake, male 45–59 yr olds, Great Britain, implications for ischemic heart disease risk, 26493
unilateral opioid peptide injections into amygdala central nucleus vs medial hypothalamus, opioid receptor involvement in food intake, male rats, 4370
ventral tegmental area microinjections of dynorphin vs morphine, food intake, food satiated rats, 14858
ventromedial hypothalamic lesion, gastric acid secretion elicited by anticipated eating, rats, 14801
ventromedial hypothalamus lesions & reinforcement schedules & response effort in cost benefit analysis of demand for food, male rats, 25169
water & ethanol & food intake in continuous access conditions, male rats, 25301
water treated vs orange oil treated mash, food neophobia & olfaction, domestic chicks, 7539
wheel running & deprivation, food intake & body weight, male rats, 35656
whole vs chopped fruits & vegetables, feeding behavior & food intake, group living captive lion tailed macaques, 35549
winter thermal conditions, foraging intake responses, pregnant free ranging beef cows, 38999
zimeldine vs cyproheptadine, food & water consumption, pigeons, 39312
zinc deficiency vs replenishment, intake of zinc deficient diet, rats, implications for conditioned aversion interpretation of decreased food intake, 4225
2-deoxy-D-glucose & methyl palmoxirate, hunger motivation & food intake, Syrian hamsters, 21767
5-HT agonist, deprivation induced feeding, rats, 4478
5-HT agonist, physical exercise effects on food consumption, rats, 39261
5-HT agonist 8-hydroxy-2-(di-n-propylamino) tetralin, intake of liquid & wet mash, male rats, 28841
5-HT agonist 8-hydroxy-2-(di-n-propylamino)tetralin, consumption of range of liquid diets, male rats, 28925
5-HT agonists & antagonists vs benzodiazepine anxiolytics vs tricyclic antidepressants, restraint stress induced anorexia, rats, 4344
5-HT agonists m-CPP vs 8-OHDPAT vs fenfluramine, sensitivity to food intake suppression, male rats of different strains, 4507
5-HT antagonists, food intake, male rats, 28842
5-HT receptor antagonists, d-fenfluramine induced anorexia, male rats, 32258
5-HT with vs without methysergide, protein vs fat vs carbohydrate intake, male rats, 25249
5 meals per day, postprandial vs preprandial regulation of intake, rats, 18211
6-OHDA lesions of nucleus accumbens, iv morphine self administration & food & water intake, male rats, 18262
6–7 hr laboratory time isolation, ad lib food & beverage consumption levels & patterns, male vs female 19–44 yr olds, 4180
8-hydroxy-2(di-n-propylamino) tetralin vs buspirone vs gepirone vs ipsaprione, food intake or plasma ACTH levels, male rats, 35819

Food Preferences

age & body weight, preferred sweetness of lime drink & sweet food preference & sugaring habits, male vs female 6–65 yr olds, 201
age & sex, food preferences, high school students & their parents & siblings, 15186
benzodiazepines, taste perception & food preferences & appetite, literature review, 39269
bilateral hypothalamus lesions induced by ibotenic acid, gustatory preference aversion thresholds for saccharin vs quinine solutions, water deprived male rats, 794
carbohydrate & protein & fat & water intake before vs after forced or voluntary ethanol consumption, low vs high alcohol consumption rat strains, 7759

chlordiazepoxide, hunger mimetic model of benzodiazepine induced hyperphagia assessed through food preference & intake, food deprived vs nondeprived male rats, 18218
clonidine into paraventricular hypothalamus, food intake & carbohydrate preference, male rats with vs without 6-OHDA paraventricular hypothalamus lesions, 18238
contamination sensitivity to disgusting substances, shift from food acceptance to rejection, college students, implications for psychology education, 34614
d-fenfluramine, saccharin intake & preference & food & water intake, rats, 28851
dexfenfluramine administered after ingestion of distinctively flavored liquid or solid diet, taste aversion, rats, 14826
dietary carbon disulfide & carbonyl sulfide, food preference, female rats, 734
dietary intake dilution, selection of fats vs protein & total calorie intake, diabetic rats, 32122
discriminative classical conditioning task, food preferences, carnivorous leeches, 21379
duration of foraging bout, frequency of attacking low vs high preference moth prey, blue jays, test of theory of J. R. Lucas, 585
early under nutrition, dietary self selection & carbohydrate vs protein conditioned odor preferences, rats, 14526
fenfluramine or amphetamine, monoamine transmitter activity & dietary intake & learned preferences for protein or carbohydrate cues, male rats, 11229
food choice & protein intake, pregnant or lactating rats, 39006
food consumption preferences, cohabitating vs single male vs female adults, Australia, 39794
food deprivation, chlordiazepoxide induced consumption of saccharin flavored food, male rats, 728
food palatability, overeating & weight gain, rats, 14615
food related attitudes & preferences, 16–21 yr old females with anorexia nervosa &/vs bulimia, 9035
fruit species & color & size, preferences in field vs laboratory feeding behavior, cedar waxwings, 14606
genetic preference, foraging behavior for high protein vs high energy content of food, Drosophila melanogaster larvae, 581
hedonic values of isocaloric solutions & saccharin, learned sucrose flavor preferences, male rats, 21348
high starch vs protein vs fat vs sucrose vs mixed content preloads, hunger & satiety & food preferences, normal weight nondieting females, 11084
imagining different emotions, physical characteristics & taste qualities of foods preferred, 18–55 yr olds, Canada, 38948
imipramine, preference for sweets, depressed patients, 9510
learning and/or reinforcing sensory properties of saccharin solution, food intake & preference, male rats, 35725
lesions of dorsal & ventral noradrenergic ascending bundle, consumption of novel or familiar foods & neophobia, male rats, 28758
liking & consumption of milk & cheese & ice cream & chocolate vs foods labeled high fat, female 16–31 yr olds, 24727
look vs taste exposure to novel fruits, preferences, 2–5 yr olds, 980
low dose naltrexone & intragastric glucose load, allesthesia & sucrose solution preference & ingestion & hunger, 20–25 yr olds, 35858
maternal feeding behavior, food preferences of offspring, ground squirrels, 10974
morphine & etonitazene taste preferences, male vs female C57BL/6J vs DBA/2J mice, 11221
naltrexone, food choice & bingeing, females with bulimia nervosa, 34107
naltrexone, preference for water vs saccharin solution, opioid receptor deficient CXBK vs C57BL/6BY-C57 female mice, 933
nonnutritive fluid preload during conditioning, carbohydrate conditioned flavor preference, male rats, implications for association of internal cues & diet, 28416
nose to head & mouth transmission of food preferences, spiny mouse mothers & weanlings, 28513
paraventricular nucleus galanin, feeding behavior & macronutrient selection, male rats, 4494
perception of & preferences for sweetness & creaminess & fat content of liquid vs solid dairy products, college students, 31762
phenylpropanolamine, dietary selection of carbohydrates & fats & proteins, female rats, 32280
po glucose, plasma hormone & metabolite levels & attitudes toward sweets, female bulimia patients, 19492
preference for salted food, spontaneously hypertensive vs normotensive strains of male rats, implications for animal model of human salt intake, 21575
preferences for sweetened substances, male rats, 35426
prior dietary experience of high sodium foods, preference for salt in familiar food, 6 mo olds, 6 mo followup, 25469
psychometric evaluation of food attributes & preferences, male vs female 21–59 yr olds, India, 22393
reversal flavor glucose pairings, enhanced preference for flavor, hungry male rats, 3906
saccharin solution & overhydration & food intake preference, male rats, 35728
saccharin vs almond vs glucose solution, food intake & preference, male rats, 35727
satiety, rated pleasantness of food appearance & smell & texture & taste, 18–35 yr old females, 35704
sc naloxone, fluid intake & consumption of & preference for ethanol, male rats, 4473
sensation seeking, preference ratings for food items, college students, Japan, 5083
sensory perceptions & preferences for sweetness & fat content, normal weight females with bulimia, 1994
social dynamics & food consumption & nutrition, elderly, 22099
social influences, selection of protein sufficient diet, Norway rats, 31944
sucrose solution concentration, licking patterns & preferences, young vs aged squirrel monkeys, 533
taste & postingestive factors, carbohydrate appetite & intake, rats, conference presentation, 18236
training with 32 percent sucrose solution shifted occassionally to 4 percent vs 4 percent solution only, negative incentive contrast in consummatory responding, red vs white eared opposums, 3948
type & amount & frequency of seasonal food intake, 24–61 yr old females with seasonal affective disorder, Switzerland, 19145
5-HT agonists 8-OH-DPAT vs gepirone, diet choice & feeding behavior & consumption of liquid diet, male rats, 11208

Football
content analysis, values communicated during televised Super Bowl football game, sportscasters, 20969
deviation from expected game outcome & ranking of teams, frequency of cliches used in 4th quarter of college football games, sports announcers, implications for cognitive processing under stress, 21283
emotional reactions to Super Bowl XX, recall of advertisements broadcast during game, viewers in winning vs losing vs neutral city, 20959
imagery training performance enhancement program, college football team, 20976
personality profiles, Southeastern Conference football officials, 20981

Foraging (Animal) [See Animal Foraging Behavior]

Forced Choice (Testing Method)
artifactual reliability of forced choice multiple scales, assessment of construct validity, 10657
misleading postevent information, memory for original event assessed by reanalysis of yes-no vs forced choice test data, commentary, 24896
postevent misleading information, memory for original event assessed by yes-no vs forced choice test, college students, commentary, implications for eyewitness testimony, 24890
sensation seeking, feelings about forced choice questionnaires, 18–44 yr olds, 32857

Forebrain [See Also Diencephalon, Telencephalon]
basal forebrain cholinergic system, memory, animals & humans, literature review, 21522
basal forebrain lesions, tactile discrimination & working memory, male rats, 35762
central auditory system lesions, mating call phonotaxis, female American toads, 18270
choline acetyltransferase activity & acquisition & retention of maze task, male rats assessed 1 mo after ethylcholine aziridinium ion induced basal forebrain lesions, 11157
chronic physostigmine vs oxotremorine, water maze performance & motor habituation & learning & retention, male rats with basal forebrain lesions, 28922
combined cholinergic & serotonergic denervation of forebrain, spatial learning, female rats, 28775
electrical stimulation of forebrain & midbrain, feeding behavior, collared lizards, 785
excitability properties of medial forebrain bundle axons of A9 & A10 dopamine cells, rats, 11060
forebrain lesions, sexual preferences & imprinting, female chicks, 28755
ibotenic acid induced basal forebrain lesions, learning & reversal of T-maze 2 choice spatial discrimination, male rats, 4296
injection of carbachol into basal forebrain, acetylcholine turnover rate in cerebral cortex & working memory in radial maze, rats, 4468
intermediate & medial part of hyperstriatum ventrale, memory, chicks, 28609
ipsilateral forebrain lesions to neural projections between medial septum & lateral preoptic area to midbrain, lateral hypothalamus self stimulation, male rats, 816
isolation time & motor activity & arousal induced changes in forebrain deoxyglucose uptake, male zebra finches, 7639
lesions of nucleus basalis magnocellularis, cortical choline acetyltransferase activity & passive avoidance performance, male rats, 4281
muscimol & enkephalin analog into nucleus basalis magnocellularis, locomotor activity, rats, implications for role of cholinergic neurons, 11179
neonatal depletions of forebrain dopamine, lateral hypothalamic stimulation reward, male rats, 18241
substance P vs muscimol injected into basal forebrain, inhibitory avoidance learning, male rats, 7897
transient forebrain ischemia, hippocampal functioning & working memory in maze task, male rats, 11135
transplantation of embryonic ventral forebrain grafts to neocortex, spatial memory deficits induced by bilateral lesions of nucleus basalis magnocellularis, male rats, 18274
Foreign Language Education
early vs late immersion, attitudes & French language skills, 7th graders, Canada, 31038
educational technology & audio & visual aids & use of radio & TV, multi media language learning, 38123
English language instruction, English vs Bemba reading & writing & comprehension, Bemba speaking 5th–6th graders in privileged vs underprivileged schools, Zambia, 41249
French language immersion & linguistic skills & bilingualism, bilingual education students, Canada, literature review, 31077
French vs English passages, oral reading, 1st & 2nd graders in French immersion program, Canada, 31062
inducing & correcting overgeneralization errors in foreign language teaching method, learning exceptions to grammatical rules, college students in French course, 13513
limited English proficiency, individualized education plans & use of native language or ESL instruction, Hispanic 2nd–5th graders with learning disabilities, 34766
textbook independent vs standardized interview vs cloze test, assessment of achievement in English language, 8th grade technical school students, Germany, 6844
Foreign Language Learning
attitudes & motivation & French proficiency, skill losses after summer vacation, 12th graders enrolled in French as 2nd language, Canada, 3184
auditory discrimination & oral production of Spanish words, monolingual English speaking 1st vs 12th graders, implications for early 2nd language learning facility, 4640
career choice & cognitive style & personality, foreign language learning strategies, male vs female adult language students, 17885
communicative & supportive computer assisted 2nd language tutoring program, 7–15 yr olds, 38073
comprehension based listening skills Spanish language course, ability to comprehend & synthesize disconnected discourse, college students, 27592
copying span, reading & dictation & spelling ability, ESL college students, Japan, 7467
critical period for acquisition of ESL, Korean or Chinese speaking adults first exposed to English at 3–39 yrs old, 18581
cultural background, Finnish language acquisition, Swedish-speaking 3rd graders, Finland, 13539
cultural medium & language & sequence of cultural vs foreign & 1st vs 2nd language presentation, literal & interpretative comprehension, bilingual 10–13 yr olds, Nigeria, 10076
English & mathematics achievement intercorrelations, Chinese speaking male secondary students, Macao, 6 yr study, 20534
exposure to English as child vs adult & length of time in US, perceived accent in English sentences spoken by native speakers of Mandarin vs Taiwanese vs English, Taiwanese vs native English speakers, 11330
factor analysis of direct vs indirect measures of ESL writing ability, foreign college students, 20699
field independence, language achievement & proficiency, college students studying Spanish, 6726
foreign language experience & prior history, diagnosis of foreign language learning disabilities, college students, commentary, 6816
hemispheric language processing, right handed bilingual 15.5–17.4 yr old males in French immersion programs, 4107
impact of foreign language requirement & possible solutions, learning disabled college students, 20463
individual vs group administration & pacing conditions, foreign vocabulary learning with keyword method vs own strategies, college students, 17144
inducing & correcting overgeneralization errors in foreign language teaching method, learning exceptions to grammatical rules, college students in French course, 13513
intelligence & language ability, Asian ESL students vs native English speakers, conference presentation, 21848
intensive French language course, dream content during REM periods collected verbally vs in writing measuring language integration, English-speaking 18–28 yr olds, conference presentation, 10867
Italian grammatical morphology impairment, female congenitally deaf 32 yr old, Italy, 40523
language & culture acquisition, adolescent & adult Iranian immigrants or exiles, US, 39736
language attitudes & stereotypes, acquisition of outgroup language, Yoruba vs Ibo 16–60 yr olds, Nigeria, 14985
learning ability for foreign language vs other verbal stimuli, 47 yr old female with anterograde amnesia, case report, 16105
linguistic variables vs nonverbal features of discourse, foreign language learning performance, female college students in English program, Jordan, 14416
modified mnemonic keyword method, learning of German noun meaning & grammatical gender, French speaking college students, Canada, 31039
Myers Briggs Type Indicator personality traits, foreign language majors vs other college students, 27620
own words as written input to be read, reading ability, 4th–6th graders with limited English, 3145
phonetic category formation, physically outputting English "t" with appropriate voice onset time values, 8–10 yr old or adult native English vs Spanish speakers, 11386

prototype vs perceptual fading technique, identification of nonnative speech contrasts, 17–23 yr old francophone listeners, Canada, 28275
rating scale using phonology & syntax & vocabulary & oral communication & fluency, evaluation of language competence in interpersonal interaction, adolescent 2nd language learners, India, 38264
real vs perceived effectiveness of problem solving text vs word level strategies, 2nd language comprehension, college students enrolled in French course, 10775
seriousness of error, severity of judgment, native French- vs English-speaking teachers of French- vs English-speaking college students taking advanced vs beginning French, 6746
sex & achievement level, cognitive & affective ability assessed by Stroop Color & Word Test, 2nd vs 3rd graders in schools teaching English vs Oriya, India, 6729
sex & career choice & cognitive style & personality, language learning strategies, Foreign Service language students & instructors & professional language trainers, 32311
sex & personality & learning style, French & German language learning, secondary school students, Great Britain, 17203
sex, English language acculturation & learning strategies, Vietnamese 40–92 yr olds, 36095
speech therapy, relearning of English & Greek, 45 yr old professor with aphasia after stroke, case report, 27040
temporal & spectral cues for /r/-/l/ contrast, phonetic trading relations in discrimination of consonants, 15–39 yr old native Japanese speakers learning English, 11338
text vs reader schema & language competency, interactive processing of 2nd language text, readers, 10816
word vs concept mediated inhibition in part set cuing, associations between related words in English vs Turkish, college students, Turkey, 3866
world knowledge & script-based listening comprehension & 2nd language acquisition, foreign language learners, 32322
1st language orthographic structure, phonological coding strategies in 2nd language cognitive processing, educated adult Arabic vs English vs Japanese vs Spanish speakers, 38836

Foreign Language Translation

availability of Japanese version of McGill Pain Questionnaire & pentagon profile of pain, medical patients, 35187
clinical interviewing of non-English speakers through interpreters, social workers, 16832
clinical utility of Hindi version of WAIS-R, differential diagnosis, patients with schizophrenia vs organic brain syndrome, India, 32977
concurrent validity of Spanish versions of Woodcock-Johnson Achievement Battery & WISC-R & Columbia Mental Maturity Scale, 1st graders, Puerto Rico, 38651
construct validity & personality correlates of German version of Strelau Temperament Inventory Strength of Excitation Scale, male 20–32 yr olds, West Germany, 31580
construct validity of German version of UCLA Loneliness Scale in relation to Freiburg Personality Inventory, college students, West Germany, 31675
construction & factor structure of & score distributors for Spanish version of Rotter Internal External Locus of Control Scale, male vs female college students, Puerto Rico, 14180
cross cultural generalizability & factorial validity, Revised Dimensions of Temperament Survey, preschoolers, Japan vs US, 21145
cross cultural validity of French version of client satisfaction questionnaire, 18–60 yr old mental health clinic outpatients, Canada, 10646
development & unidimensionality of German vs English versions of social life feeling scales, adults, West Germany vs US, 35148
development & validation of Arabic version of State Trait Anxiety Inventory, adults, Egypt, 31554
differential validity & item response theory analysis, assessment of nonequivalence of items & external variables in Spanish version of Job Descriptive Index, bilingual & monolingual Hispanic adults, 28044
factor analysis of Arabic version of Junior Eysenck Personality Questionnaire, male vs female 14 yr olds, Egypt vs England, 38614
factor analysis of English translation of J. Merz's Psychological Reactance Scale, college students, implications for test reliability, 145
factor analysis of English vs French language forms of measure of attitudes toward convicts & ex-convicts, cadet vs civilian students vs francophone cadets vs students, Canada, 35170
factor norms & scoring keys for Swedish translation of Junior Eysenck Personality Questionnaire, male vs female 10–16 yr olds, Sweden vs England, 28086
factor structure & reliability & internal consistency of Swedish translation of Self Consciousness Scale, high school & college students, 31645
factor structure of German language version of Eysenck Personality Inventory, college students & 18–22 yr old soldiers, 10659
factor structure of WISC-R vs Hong Kong-WISC, 7–13 yr olds, 17683
factoral structure of intercorrelation matrix of Hebrew versions of 16PF & Clinical Analysis Questionnaire & MMPI, adult males, Israel, 14142
German version vs shorter version of Self Monitoring Scale, college students, 31644
German vs English vs Japanese versions of Jung's autobiography, 19
idiomatic English, factors affecting difficulty of translation of computer programs & applicability on other countries as human factors problems, 31468
instrumental & terminal value preferences & validity of Rokeach Value Survey, male vs female college students, Hong Kong, 21101
interrater reliability of Italian version of Present State Examination, psychiatric patients, Italy, 7152
item analysis & factorial validity & reliability of English version of Psychological Reactance Scale, college students, Australia, 38630
MMPI administration in Spanish vs English & age & sex, test scores, Mexican American vs Anglo adults, 15559
nonnative language proficiency & age, oral reading & picture naming & word translation, proficient vs beginning adults vs beginning 2nd & 4th graders, implications for lexical access, 25432
normalization & standardization & reliability of Polish version of MMPI, college students, Poland, 10630
normative data for Spanish version of Test for Auditory Comprehension of Language, monolingual vs bilingual Mexican American 4–8.9 yr olds, US, 7192
normative data from Hebrew language version of Stroop Color & Word Test, college educated 24–36 yr olds, Israel, 24553
onomatopoetic expressions in comics & children's literature, translation from Hindi to English, India, 7965
performance on Spanish versions of Woodcock Johnson Psycho-Educational Battery & WISC-R, 5th graders, Mexico, 38261
psychometric & dimensionality & adjustment correlates of Chinese version of J. B. Rotter's Internal External Locus of Control Scale, college students, Hong Kong, 21073
psychometric equivalence of Urdu vs English version of California Psychological Inventory, bilingual college students, Pakistan, 49
readability of Spanish language instructions provided with condoms, implications for AIDS prevention among Hispanics, 23529
reliability & concurrent validity of Spanish version of State Trait Anxiety Inventory, high school students, Uruguay, 28128
reliability & factor structure of Italian version of Strelau Temperament Inventory, college students, Italy, 24646
reliability & factorial structure of State Trait Anxiety Inventory, 13–20 yr olds, Hong Kong, 31665

reliability & validity & internal consistency of Hebrew version of Child Behavior Checklist & Child Behavior Profile, 12–16 yr old psychiatric patients, Israel, 14089
reliability & validity & Israeli norms & cross cultural equivalence of Hebrew version of D. Kolb's Learning Style Inventory, college students, Israel, 17600
reliability & validity & sex & age & intergroup differences in Bulgarian translation of Marlowe-Crowne Social Desirability Scale, college students, 35172
reliability & validity of Chinese version of Hamilton Rating Scale for Depression, patients 16 yrs old & older, China, 7197
reliability & validity of Dutch translation of Defense Mechanism Inventory, adults with migraine & tension headaches, Netherlands, 21122
reliability & validity of Raven Progressive Matrices, college students, Egypt, 3544
reliability & validity of Spanish version of Behavioral Attributes Psychosocial Competence & relation to cultural values, college students, Puerto Rico, 14151
reliability & validity of Spanish version of Hamilton Rating Scale for Depression, depressed patients, 7169
reliability of Arabic translation of Fear Survey Schedule, college students, Egypt, 14085
revised & extended Finnish version of A. R. Luria's clinical investigation, assessment of neural processes underlying cognitive & perceptual abilities, 4–8 yr olds, Finland, 28102
Spanish language translation & validation of professional certification test, lactation consultants for facilitation of breast feeding, 31603
standardization & reliability & validity of Arabic translation of Psychological Screening Inventory, 16–50 yr old college students & prisoners & psychiatric patients, Kuwait, 31557
standardization & validity & reliability of Italian versions of General Health Questionnaire & Clinical Interview Schedule, estimation of psychiatric morbidity, 14 yr olds & older, Italy, 21100
translation & interpretation of Freud's works & in psychoanalytic treatment, conference presentation, 37308
translation of Aphasia Screening Test & modification method for use with illiterate patients, dysphasia diagnosis, Panjabi-English bilingual speakers, UK, 21117
translation technique for matching equivalent infant cry terms from English & German & Japanese, native speaking raters, New Zealand & Germany & Japan, 15089
translations of PPVT-R into Castillian Spanish & noun process, Puerto Rican & Mexican American children, commentary, 21045
validity & reliability of Dutch translation of Fear Questionnaire, 18–65 yr old phobic outpatients, Netherlands, 24662
validity of Arabic translation of McGill Pain Questionnaire, adults, Kuwait, 94
validity of Chinese translation of Rutter Parent Scale A2 & Rutter Teacher Scale B2, bilingual teaching hospital staff, Hong Kong, 14183
validity of Chinese translation of Rutter Parent Scale A2 & Teacher Scale B2, discrimination of disorders, school age children with emotional vs conduct disorders, Hong Kong, 14184
validity of English versions of new Likert scale, measurement of attitudes toward violence, college students, replication, 35104
validity of French version of General Health Questionnaire & psychic distress measure, 20 yr olds, Switzerland, 38592
validity of German version of McGill Pain Questionnaire, adults, West Germany, 139
validity of German version of Revised UCLA Loneliness scale, college students, West Germany, 7133
validity of Hindi version of Psychoticism & Extraversion & Neuroticism Inventory, psychotic vs nonpsychotic psychiatric inpatients, India, 28145
validity of Older Americans Resources & Services Multidimensional Functional Assessment Questionnaire, screening for psychiatric disorders, 65–94 yr olds, Brazil, conference presentation, 54
validity of Polish version of MMPI using protocol of C. McAndrew, differential diagnosis, drug addicted or suicidal or criminal 18–40 yr olds, Poland, 10589
validity of shortened Afrikaans version of E. M. Berger's scales of self acceptance & acceptance of others, college students, 14096
validity of Spanish version of Social Desirability Scales of Bem Sex Role Inventory, male vs female college students, Mexico, 7135

Foreign Languages
acquisition of later-appearing English word initial sound, children acquiring Swedish vs Estonian vs Bulgarian, 18578
auditory reception of second language, cerebral lateralization in simultaneous tasks requiring time sharing, Chinese-English bilingual college students, 35602
Cyrillic vs Roman letters in name letter preference, 19–31 yr old students who learned Cyrillic alphabet 1st, Bulgaria, implications for attachment to self, 21850
demographic characteristics, preference for Spanish language radio vs TV, Mexican Americans, 21834
discrimination of utterances from native vs foreign languages, 4 day vs 2–3 mo olds, France vs US, 15092
knowledge of roman letter based Japanese script, ability to read English words, 12–13 yr olds, Japan, implications for teaching ESL, 17207
language, relationships & therapy, Japanese family members, 6034
orthogonal variations in temporal & spectral information, identification & category rating of French vowel sounds, native French vs American English college students who had vs had not studied French, 17818
recognition memory for topic vs detail vs extraneous statements during lecture presented in English, Dutch speaking college students, Netherlands, 14446

Foreign Nationals [See Also Foreign Students, Foreign Workers]
cognitive ability & personality characteristics, Yugoslavian 11–15 yr olds living in West Germany vs Yugoslavia, 21885
contact with family & friends & expressed lonelinesss, elderly Canadians who seasonally reside in Florida, 32580
factor analysis & degree of fit of model of M. R. Hammen et al of effective functioning in foreign culture, North American 19–57 yr olds who lived in foreign country, replication & extension, 21091
social service needs assessment, families residing in US military housing project, South Korea, 32681
social support systems, overseas relocation, implications for intercultural training, 22133
uses of TV, foreign vs American 6–12 yr olds, US, 4751

Foreign Policy Making
content analysis of public statements, assessment of continuity & change in foreign policy beliefs, political leaders in office during J. Carter administration, 22247
history & Cuban missile crisis, implications for foreign affair security policy & decision making, 36219
national role conception & cultural norms, foreign policy & diplomacy, China, 29273
social identity theory, analysis of intergroup relations before vs after signing of Sino-British accord, British vs Chinese 15–16 yr olds, Hong Kong, 22128

Foreign Students
academic & career needs, international college students, 31167
cross cultural training with psychotherapeutic techniques, culture shock, 21–58 yr old North American students, Costa Rica, 26757
culture general assimilator training, cross cultural interactions & adjustment & interpersonal skills, English speaking high school students from 14 countries in international exchange program, New Zealand, 41217
long term goal preference & nontraditional learning style & ability to deal with racism, prediction of counseling service usage, foreign college students, 27754

needs & perceptions in adjustment to school, incoming international college students, US, 3236
noncognitive predictors, academic achievement & persistence, international college students, longitudinal study, 13524
peer counseling, adjustment to overseas school, high school students, 20700
perceptions of displays of interpersonal communication, American vs Arab vs Asian vs Hispanic college students, US, 29360
predictors of alienation from university life, foreign college students, US, 13603
previous intercultural experience, perceptions of intercultural competence, college student sojourners, 24102
reentry adjustment, 19–41 yr old American college students who lived at least 6 mo abroad vs domestic travelers, 22157
similarity of gender stereotypes & orientation to gender roles, functioning & adjustment, Latin American & West German high school exchange students, US, 1 yr study, 34694
social & psychological & political factors, decision to study in UK, foreign students, implications for psychiatry, conference presentation, 24086
special needs & strengths, counseling practices, international students & Indochinese refugees, US, 2750
stress related diagnoses & obstacles to health care, foreign college students, 10265
validity of free response self description personality assessment, prediction of success vs failure in educational exchange program, high school students from Belgium or Netherlands or Luxembourg, US, 34841

Foreign Study

study abroad, attitudes toward other cultures, college students, 24083
study abroad program, self esteem & self efficacy, college students, 38094

Foreign Workers

geographic mobility, psychiatric disturbances & mental health, children of professional & executive level migrants, literature review, 29551
logistic regression analysis of factors in migration & job satisfaction, Filipino contract workers & domestic servants, Hong Kong, 6911
role in colleges & universities, foreign educators, time of Quing dynasty to 1980s, China, 23947

Forensic Psychiatry

central risk management problem & prevention of legal action predicated on professional negligence in forensic facilities, 37947
clinical & legal issues in forensic psychiatry private practice, 38009
clinical factors in evaluation, transfer to adult court, juvenile delinquents, 1754
clinical model for determination of malingering in forensic psychiatric contexts, 19–41 yr old clients, 22450
community based forensic evaluation services, outpatients, 6 yr study, 37944
community evaluation & treatment program for incompetent & mentally ill forensic clients, community mental health center & state hospital administrators & staff, 13056
concentrations of female staff members, ward atmosphere, patients in secure wards in forensic hospitals, 27359
criminal & clinical & sociodemographic characteristics, fitness to stand trial evaluations, mentally ill offenders, 8840
discussion of forensic evaluations with defendants prior to trial, courtroom behavior & fantasies & fears, male defendants in competency evaluation trials, 36316
ethical guidelines for confidentiality & consent & objectivity & qualifications, forensic psychiatrists, 13406
forensic assessment of treatability, mentally ill offenders, 22710
forensic mental health care system, prison inmates, 37946
issues & goals in community treatment due to patient's status, mentally disordered offenders, 37957
mental illness & violence, criminals referred for forensic evaluation, 2 yr followup, conference presentation, 22470
model for balancing security & treatment concerns in psychiatric forensic facility, 41103
occupational therapy program in hospital forensic psychiatry unit, 9792
organization & funding of forensic mental health services, persons accused or convicted of criminal offenses, Canada, 37949
organizational characteristics of forensic psychiatric hospitals & predictions of dangerous behavior, male mentally disturbed offenders, Netherlands, 37940
portrayal of mothers in forensic psychiatry narratives, male offenders, 26303
pretrial psychiatric recommendations for treatment, criminal defendants, 22733
prevalence of health law & mental health law curriculum, medical schools, US, conference presentation, 3004
prison forensic unit as training ground, forensic psychiatric residents, 23851
problems with organization & function of forensic psychiatry, mentally disturbed offenders, Scandinavia, 37950
recording of forensic clinical examinations & psychotherapy sessions for protection of client rights, diagnostic validity, 8278
report on forensic mental health services at large urban public psychiatric hospital, 6373
role in determination of competency to stand trial, psychiatrists, 22241
selection of defendants for psychiatric examination in hospitals vs clinics, cases of homicide, 1959–83 Denmark, 1788
surreptitious surveillance of forensic psychiatric examination, 32 yr old female patient assessed for competency to stand trial, 22232
treatment recommendations for mentally ill offenders, psychiatrists, 22751

Forensic Psychology

cautionary note on use of forensic hypnosis to refresh memory for specific past events, conference presentation, 39796
cognitive & legal psychology framework, analysis of recompense as stimulus & response, 11651
diagnostic & therapeutic & forensic uses of hypnosis, commentaries included, 37585
effects on recall by & guidelines for & ethical concerns in hypnotically obtained evidence, 29277
ethical issues & exceeding limits of expertise in forensic practice, psychologists, 13409
expert psychological assessment of eyewitness testimony, judicial decision making, 11660
forensic hypnosis misuse of suggestive interrogative technique, apparent secondary personality with false confession to shooting children & disallowance in court, adult female charged with crime, 1251
forensic interview & psychologists' evaluations, confessed murderer & rapist, case report, 25763
frontal lobe impairment, criminal behavior, implications for forensic neuropsychological testimony, 1265
history of & policy on & limitations on utility of hypnosis in police investigations, Great Britain, 1260
hypnotic memory & forensic use of hypnosis, conference presentation, 29265
hypnotic regression & memory recall in forensic settings, female 17 & 19 & 22 yr olds, 22238
issues in legal psychology, literature review, 22237
law governing forensic evaluations for criminal cases, determination of competency & responsibility & treatment, defendants, conference presentation, 15321
legal issues in & utility of forensic use of hypnosis to enhance recall, crime witnesses & victims, 1283
legislative status of practice of hypnosis in legal system & admissibility of hypnotic testimony, Australia, conference presentation, 29272
mental health evaluator's role in juvenile court, 9 mo & 17 yr olds & their parents, implications for juveniles & courts & lawyers, conference presentation, 15373
migration of reliability/validity of psychological assessment to courtroom & need for understanding of clinical neuro-

psychology, psychologists testifying as expert witnesses, conference presentation, 45
patient characteristics & forensic assessment & treatment & release process, male mentally ill offenders, Canada, 6570
placebo trials as forensic evaluation procedure, differential diagnosis of malingering, males accused of committing sex crimes & assault & homicide, 32720
scientific validity of & legal issues in use of forensic hypnosis, commentary, 1296
semantic & psychological & forensic aspects of assassination threats against president, 22256
validity of forensic hypnosis, implications for British legal policy, 1266

Forgetting
active avoidance training & drugs activating noradrenergic & dopaminergic & serotonergic systems, forgetting, mice, 7907
behavioral assessment & peripheral sympathetic function, forgetting, aged rodents, literature review, 21533
categories of daily instances of forgetting, college students, 3869
chlorpromazine dose, forgetting & performance in delayed matching to sample task, pigeons, 39416
contextual change effects as flexible responses vs memory failure, rats, 35445
cue stimulus to forget, transfer to unfamiliar stimuli, pigeons, 7536
delayed match vs nonmatch to sample vs yes-no assessment, picture recognition after 6 mo, patient with amnesia due to temporal lobe resection, 29939
experiences of forgetting & remembering, 40–52 yr old male engineering professors, India, 35375
forgetting & perceived attention, outpatients with brain injuries with vs without coma & their family members, 26576
forgetting in very long term memory, 22–70 yr olds, 9 yr study, 24889
hypnotic susceptibility directed forgetting during hypnosis vs normal consciousness state vs posthypnotic amnesia suggestion, adults, 17930
inhibition & forgetting of conditioned suppression followed by dextroamphetamine sulfate, memory retrieval, mice, 11288
initial skill level & age & other variables, cardiopulmonary resuscitation skill decay, male vs female shop floor & office workers, 10830
instructions to remember vs forget word, word recognition & lexical decision, college students, 17896
learning & recall of name-number pairs, repairing induced forgetting & individual differences in retention & relearning of original pairs, military recruits, 28329
length of word list & inhibition, rate of forgetting in primed fragment completion, adults, 7481
line drawings of common objects learned to criterion, forgetting rate, adults with mild Alzheimer's type dementia, 2019
model of interference & forgetting based on search of associative memory theory of long term memory, 10841
picture learning & recognition & forgetting & selective attention, identification of disorder subtype related to locus ceruleus neuropathology, patients with Alzheimer's disease, 33523
prior recall test, rate of normal forgetting of verbal lists, college students, 14474
radiofrequency lesions of median mammillary nucleus, T-maze spatial memory performance & acquisition &/vs retention context, male mice, 4304
rate of forgetting in picture recognition task, 3 vs 4 vs 6 yr olds, 18593
recognition memory, head injured 15–50 yr olds during vs recovery from posttraumatic amnesia, 2051
savings for apparently forgotten words or simple line drawing pictures or complex photographs & retention interval, recall after relearning & long term memory, college students, 7460
slippage in thought or perception or memory & content elements of dreams, college students, 21331
spatial & temporal memory & rate of forgetting & attention demand, type I adult schizophrenic males, Jordan, 26173
word list studying & immediate vs 10 min vs 2 day delay in interpolation of cued recall test, forgetting rate in word recall, adults, 17904

Forgiveness
age & sex & religiosity, forgiveness & justice development, predominantly Catholic 9–36 yr olds, 32488
approach of personality theories & Christianity to need for forgiveness, 1472
guilt & redemption rituals at Vietnam Veteran's Memorial, 17448
healing of shame through forgiveness, alcoholic families, 2911
theological vs psychological viewpoint of forgiveness, psychotherapeutic processes, 37337

Form and Shape Perception
ability to use word shape information in reading task, 5th & 7th graders with varying reading ability, 15068
age differences, oral form discrimination, 5–8 yr olds, implications for eating assessment, 15074
age, processing & short term memory of color & contour & patterns of computer digitized pictures, 1st–5th graders, 25492
age, strategy use on figural fluency test, 1st–8th graders, 15130
age, use of contour lines in drawings of complexly shaped statues, 4–9 yr olds, Switzerland, 11424
agnosia of visual object recognition & shape discrimination, male 60–69 yr olds with unilateral right hemisphere lesions, 26673
ambiguity & structure of reversible figure & viewing duration, alternate perceptions, college students, 38784
analysis into simple segments vs dynamic tracing of printed script, letter recognition, 3.1–6.3 yr olds, 36027
apparent rotational movement in depth of 3 dimensional subjective figures, 262
assimilation & contrast of large squares, Baldwin illusion, college students, 3775
attending to location & color & shape, selective visual processing of targets, college students, 7356
attentional condition, perception of slant-in-depth of irregularly contoured shapes, college students, implications for model of visual processes, 24739
attributes of stimulus surfaces, reconstruction of static visual forms from stereoscopic dotted samples, adults, 261
bimanual coordination & symmetry vs asymmetry of movement in manipulation of objects, 7–24 mo olds, 39518
body tilt & inattention vs divided attention, recognition of figures upright in environment vs retinal image, college students, test of visual correction stage hypothesis, 31800
categorization width preferences & judgment of ambiguous picture as representation of definite object, heart rate & vasomotor reactions, adults, 32079
champagne glass visual illusion, 3768
chewing behavior & oral form discrimination, 5–8 yr olds, 15075
chromatic difference & line separation & width & luminance contrast of isoluminant chromatic patterns, illusory contour perception, adults, 28234
color & form classification, children, literature review, 39521
color & texture & shape & other visual requirements, perception of depth & 3-dimensional shape in shadow regions, adults, 17755
color vs shape words prior to presentation, interpretation of lateralized Rorschach inkblots, right handed male college students, 28617
complexity of tactually &/vs visually presented form & hand used, form recognition, 6.8–13.5 yr olds, 15129
computational mechanisms of shape perception from shadow, 255
configuration of subjective figures & favoring of short vs long range process, apparent movement, college students, 253

continuous figure recognition, detection of short term memory disorders, 15–88 yr olds with dementia or cerebral infarction with vs without aphasia or with brain lesion with or without memory deficit, 37088
critical review of A. Treisman's feature integration theory & phenomenon of illusory conjunctions, commentary, 31807
cue for internal attention shift while maintaining central fixation, visual form discrimination, female Os, 244
delayed cues, line length & shape discrimination, adults, 252
discrete Fourier transform vs discrete rectangular wave transform algorithms, shape & image recognition, 3726
displacement errors in stereo TV pictures, binocular depth perception & subjective picture quality, adults, 17803
dynamic occlusion & motion parallax, perception of 3 dimensional structures, adults, 17783
dynamic occlusion by computer simulated forms, object form recognition, 31805
exploration of rod with crossed fingers, perception of 2 illusory rods moving relative to each other, adults, 14233
familiarity of fitting shapes, perception of subjective contours, college students, 3771
familiarity with stimulus color & shape, preference for paired novel stimulus with same vs different color &/vs shape measuring categorization, 16–24 wk olds, 32383
flow patterns as 2 dimensional orientation structures, detection of orientation changes corresponding to corners or edges of creases, 14289
form discrimination by feature analysis or behaviorally relevant invariant patterns, 17–40 yr olds, 24721
formal description schemata models of human resemblance perception & pattern recognition, real time capture of experiential knowledge, 17854
hand laterality, similarity perception in tactile shape recognition, college students, 25065
hidden surface removal & multiple light sources & shading, speed & accuracy of object mental rotation & perceived realism of computer generated 3 dimensional image, adults, 17422
hypothesis using relative velocity differences, prediction of perceived rotating stereokinetic cone height, 24774
illusion magnitude for real vs subjective contour Poggendorff figures, dark vs light eyed college students, 17748
illusory brightness & depth vs contrast & size, apparent rarefaction of subjective figures, 223
illusory contour clarity, apparent differences in brightness & depth in Kanizsa square, college students, 31808
information types theory, form perception in mental rotation & visual search tasks, college students, 17869
lateral tachistoscopic word-picture vs nonverbal shape matching performance, 50–74 yr olds with left vs right hemisphere stroke, 12481
likelihood vs minimum principle, explanation of visual form perception, 10733
manipulation of perspective lines & stimulus shading, perception of Necker cube, 15–56 yr olds, catastrophe theory implications, 10752
mathematical modeling & algorithms of early vision computations, 38756
meaning of pictorial stimuli, ability to copy lines, 4–14 yr olds, England, 29068
meaning of "pragnanz" in Gestalt psychology, visual perceptual organization, 21226
meaning of "pragnanz" in Gestalt theory, description of perceptual organization for forms, 21209
memory for stationary vs moving visual color shape compounds, 4–10 mo olds, 11377
mental rotation of familiar vs mirror image shapes at different orientations, college students, 28313
method for studying color-form responses in visual perception, adults, 3724
nontarget vs target form's global shape & parafoveal presentation & spatial attention & eye fixation, gap detection accuracy, college students, 28230
orientation & texture of hemi ellipsoid stereograms, characteristics influencing speed & accuracy of visual interpretation, 21231
orosensory perception & articulation, hearing impaired adults with articulation disorders, 30003
orthogonal patterns generated by Fourier descriptor method, threshold tuning curves & frequency specific adaptation, adults, 17745
parallel vs serial visual search for targets defined by single vs conjunctive features, adults, 3746
perceived rigidity of moving 2 dimensional figures with limited range of contour orientations, Os, test of E. C. Hildreth's velocity perception algorithm, 14298
peripheral visual stimuli & additional visual contour, amount & direction of autokinesis, adults, 3743
perspective images presented by CRT, 3-dimensional perception during visual fixation & grouping based on similarity & parallelism, adults, 35286
physiognomically evocative shapes, apparent size & distance, college students, 7330
preference for locally simple completion vs mosaic interpretation vs visual pattern completion in tracing contours of overlapping figures, college students, 7312
preferences for geometric forms, 8–11 vs 18–35 vs 60–95 yr olds, 36088
probability & frequency of presentation of abstract nouns vs random forms, differential hemispheric activation, college students, 18129
real & subjective lines & edges, Bourdon illusion & unbending effect, college students, implications for cognitive & feature detection models of contour displacement effects, 7364
recognition of random shapes with pictorial cue vs dotted outline, left hemisphere damaged patients with aphasia vs left or right hemisphere damaged patients without aphasia, 2012
residual motion vector magnitude & other motion variables, prediction of rigidity vs nonrigidity in perceived 3 dimensional pattern rotation, 21–28 yr olds, 35306
scene based vs viewer centered orientations, judgment of shapes on tabletop as identical vs mirror images, college students, 21194
scoring criteria revision of Rey Osterrieth Complex Figure Test, right hemisphere recall, patients with partial complex seizures from temporal lobe & subsequent unilateral temporal lobectomy, 14136
sensitivity to kinetic information for 3 dimensional object & novel stimulus, 4 mo olds, 7994
sequential object tracings varying in number & velocity & size & local vs global features, spatial & temporal integration in shape recognition, 6 vs 12 mo olds, 11427
shape & color disparities, determining 2 or 3 dimensional perceptual rotation & apparent motion, college students, 3752
shape or color of visual targets, parallel processing RT for target location, adults, 7308
shape similarity & distance disparity as correspondence cues, apparent motion, adults, 17793
shape vs size vs texture of stimuli, word extension in lexical learning, 2 vs 3 yr olds vs college students, 29066
shapes of line termini, subjective contours, 35287
simple curved vs high vs low frequency bandpass filtered contours, curvature discrimination measured by increment thresholds, Os, 24772
size judgments for 1 vs 2 dimensional objects, college students, India, 7346
size of moving target & uniform vs contour background pattern moving in same vs opposite direction, perceived direction during visual tracking, college students, 7341
slow circular motion of ellipses & circles with eccentric dot, stereokinetic illusion of 3 dimensional cone with defined height, implications for Gestalt theory minimum principle, 21238
spiral or rectangle shape & Fibonacci vs Mid vs Equi spatial divisions, visual preferences & spatial discrimination, 4th vs 6th vs 8th graders, 8043
stimuli that result in strong vs weak single phenomenal wholes, fast same vs slow different responses & overall

performance, college students, implications for Muller-Lyer illusion, 7327
stimulus complexity & visual tactual vs tactual visual direction, cross modal transfer of form learning, 9 vs 11 vs 14 yr olds, 25479
stimulus duration & surrounding contours, tilt illusion, college students, implications for processing in striate cortex vs parvocellular color-form pathway, 18143
strategies used in shape manipulation & recognition tasks, 6–13 yr olds, 25420
Stroop-like interference in color & shape naming task, college students, 7414
subjective comparison of geometrical figures, adults, conference presentation, 3763
subjective contour discrimination in increasingly complex displays, cats, 14496
subjective contours, capture of stereopsis, commentary, 28249
subjective vs real contours & luminance contrast, edge displacement in Bourdon illusion, college students, 7363
support structures or parallel lines between objects, perceived object shape in context, college students, 7315
symmetry axis & orientation of 2 < >ts moving in plane, perception & persistence of elastic structure of traced object, college students, 17771
tachistoscopic line identification & same different accuracy & ratings of 3 dimensionality & dissimilarity, college students, 14269
technology for measuring oral sensation & oral form discrimination, 5–8 yr olds, commentary, 15055
texture & edge orientation information to multiple finger locations, disjunction & conjunction search task processes, adults, 14243
theory of selective attention, identification of visual shape in cluttered display, 14287
training in same vs different shapes & different colors, knowledge of names & uses of tableware, 36–67 mo olds, 29085
training to discriminate circles vs ellipses, generalization to more difficult tasks, 2.0–2.2 yr olds, 25529
unexpected dissimilar vs similar size circles, RT for same vs different responses, college students, extention of research by D. L. King, 24752
unexpected size or shape of visual stimuli, RT, college students, 31781
velocity gradients & segmentation boundaries, perception of 3 dimensional structures from motion of dot patterns, Os, 17786
visible persistence of illusory contours, adults, 21229
visual haptic perceptual nonequivalence for shape information, crossmodal performance, college students, 10698
visual inhomogeneity, perceived pointing of equilateral triangles, 24740
visual parsing & priority effects, temporal order judgments of line drawn patterns, 17–56 yr olds, 31785
visually inspected vs noninspected real vs subjective contour Poggendorff figure, illusion magnitude & decrement transfer, college students, 38758
width & disparity direction & magnitude & orientation of dynamic random element stereograms, stereoscopic orientation discrimination, adults, implications for oblique effect, 28256
2 dimensional pattern vs 3 dimensional object visual discrimination, hemispherectomized adults, 2098
2 forward facing eyes with binocular disparity, stereopsis & solid object perception with shape constancy & hand eye coordination, humans, 38787
2 vs 3 dimensions, reference frame effects on shape perception, college students, 17784
2nd spatial derivative of disparity-disparity curvature invariant with viewing distance, perception & discrimination of 3 dimensional curved surfaces, adults, 38790
3 dimensional object detail vs density, visual perceptual judgments & altitude control in simulated low level flight, male Air Force pilots, 41521

Form Classes (Language) [See Also Adjectives, Adverbs, Nouns, Pronouns, Verbs]
age, use of connective word "and" in conversation, 4–9 yr olds, 18602
computational models using connectionist algorithm by D. Rumelhart, cue vs rule based learning of gender & number & case paradigm for German definite article, 39548
early spontaneous use of 'from' & 'by' & 'with' to mark oblique agents, 2–6 yr olds, followup study, 39501
foveal stimulus presentation, recognition of open vs closed class words, college students, 220
French preposition acquisition & need for parallel studies of adult language, 39580
grammatical category shifts of lambic vs trochaic nouns vs verbs, college students, 14981
grammatical class & contextual factors, naming task performance, 69 yr old male with pure anomia, case report, 16270
subject vs object 1st vs neutral context, pragmatic strategy in expression of locative relationship "on", 36–48 mo olds, India, 18594
type of conjunction, recall for composite sentences, adults, West Germany vs France, 10778
wh-question acquisition order & form & function in mother child interaction, Korean female 1 yr olds, 1 yr study, 39500
word frequency & word class, memory span & rehearsal speed, college students, test of articulatory loop explanation, 10849
Form Perception [See Form and Shape Perception]
Fornix
amphetamine vs physostigmine, maze performance, female rats with lesions of medial fimbria vs dorsal fornix & with vs without intrahippocampal fetal septal cell transplants, 18206
fibria fornix transection, neurofilament phosphorylation & choline acetyltransferase in medial septal nucleus, male rats, implications for development of Alzheimer's disease, 32134
fimbria-fornix lesions, shock motivated T maze acquisition, 3 mo old rats, 18259
fornix lesions, performance on win stay/lose shift vs win shift/lose stay operant tasks, male rats, 25180
intracerebral grafts &/vs enriched environment, maze learning, rats with fimbria fornix lesions, 11146
lesions to fimbria fornix, effects of dextroamphetamine on memory, male rats, 7767
memory deficits characteristic of unilateral hippocampus lesions, 25 yr old female with left fornix lesion, case report, 19640
response variation vs spatial strategies, extinction of operant vs instrumental learning, male rats with fornix transections, 7813
selective damage to fornix fimbria or subcortical structures with major connection to hippocampal formation, place learning & memory in maze task, rats, 39235
vestibular stimulation by rotation with vs without cues, water finding in spatial discrimination maze, fornix lesioned male rats, 11153
visuomotor conditional discrimination vs 2-choice visual discrimination learning, male monkeys with fornix & unilateral inferotemporal & anterior corpus callosum lesions, 25167
FORTRAN [See Computer Programing Languages]
Forward Masking [See Masking]
Foster Care
adult foster care, prevention of homelessness after discharge from state hospital, chronic mentally ill, 2667
aftercare services, 16–21 yr olds discharged from foster care, 23572
behavioral intervention, behavior problems, cognitively impaired or incompetent 73–76 yr old foster care clients, 2422
Catholicism & early adult foster care, 40909
characteristics of successful foster care, caregivers of geriatric patients, 2588

child welfare programs & provision of independent living skills, adolescents, Canada, 23584
closure & movement of foster homes & smaller group homes, mentally retarded residents, 27125
community based multiagency & multidisciplinary clinic, diagnosis & identification of treatment needs, 1 mo to 6 yr olds in foster care, 37733
demographic factors & economics of health care, need for increased availability of foster care, elderly, 2672
determinants of frequency of visits to children placed in foster or adoptive care, parents, implications for treatment planning & visiting policies, 15287
development of Foster Placement Evaluation Scale, assessment of success of individual placements, foster care workers & their supervisors, 24587
dimensions of foster vs residential home care, 12 yr olds & older, England, 16854
epidemiology & effects of foster care, adults, 32671
evaluation & efficacy of foster care programs, exceptional & special needs children, 6310
evaluation of home based family centered foster care prevention program, families where child abuse or neglect has occurred, 9383
experience of uncertainty about parental love & examination of parental reasons for placement, adolescents in foster care, 16798
family relations & service & resource utilization & intervention outcomes, placement of child in foster care vs continuance of parental care, families in crisis, 2708
foster care & case management, quality of life, chronic mentally ill patients, literature review, 9744
foster care programs & continuum of treatment, long term psychiatric patients, 16815
foster care, protective intervention from abuse & neglect & exploitation, 65 yr old White female & other elderly, 9739
frequency of participation in leisure activities, severely retarded adults residing in group vs foster homes, 9670
group process model for services & training, natural parents of adolescents in out of home placement, 37391
importance in foster care independent living programs, volunteers, 23583
involvement in community based activities & health & social services, severely mentally retarded adult residents of community foster group homes, 16779
issues in federally vs state vs city vs privately administered foster care programs, elderly, 2713
issues surrounding role in foster care & protective service system & therapeutic relationship, therapists, 13386
learned helplessness/attribution model of depression, children, implications for foster care placement, 2722
length of stay in foster care, Black vs White foster children, longitudinal study, 1201
need for specialized investigation units as response to abuse & neglect in foster or residential care, children, 30661
need for vocational education component in foster care program, adolescents, 23587
organizational & administrative factors, degree to which stated goals are realized in adult foster care licensing program, 2678
patient demographics & psychosocial factors & health & development, infants & children with HIV or AIDS in 1st foster boarding home program, conference presentation, 37726
perceptions of fostering experience, biological 6–12 yr olds vs their mothers, 25737
perceptions of roles & responsibilities & availability as placement resources for foster care, Hispanic godparents, 18808
permanency planning in out of home placement decision, developmentally disabled children & youth, 27147
preventive interventions & agency policies, psychological & social adjustment, children in foster care, 20144
quality of care & cost of foster care program, frail elderly patients, 13046
self help groups, parents & relatives of children in foster care, UK, 30674
social & family relationships, 16 yr olds raised in institutions until at least 2 yrs of age then adopted or restored to biological parent, 22025
social work & legal approaches to separation in foster care, siblings in families of child welfare clients, 2736
therapist training model, home based interventions with families at risk for foster placement of children, 6640
transference in foster care placement, disruptive behavior, 13 & 14 yr old males, case reports, conference presentation, 6322

Foster Children
aftercare services, 16–21 yr olds discharged from foster care, 23572
federal legislative activities for establishment of independent living service delivery, adolescents in foster care, 23549
group forum, exploration of thoughts & feelings, 5–20 yr old foster children & foster parents & caseworkers, 9414
importance in foster care independent living programs, volunteers, 23583
IQ & behavioral adjustment, 16 yr olds raised in institutions until at least 2 yrs of age then adopted or restored to biological parent, 12 yr study, 22026
length of stay in foster care, Black vs White foster children, longitudinal study, 1201
summary & analysis of Foster Care Research Project, children & their foster parents & siblings, Canada, 20161
trends & needs in independent living services, adolescents in foster care, 23557

Foster Homes [See Foster Care]

Foster Parents
group forum, exploration of thoughts & feelings, 5–20 yr old foster children & foster parents & caseworkers, 9414
inservice training on bonding & attachment, mental health professionals & foster/adoptive parents, 20404
post placement support & counseling & intervention, parenting skills & family relations, foster & adoptive parents of special needs children, UK, 30666
role in development of independent living skills & preparation for emancipation, foster parents of adolescents in care, 23592
summary & analysis of Foster Care Research Project, children & their foster parents & siblings, Canada, 20161

Fovea
growth & migration of fovea cones & cortical inhibition, developmental model of spatiotemporal visual mechanisms, infants, 8066
output of visual filters of fovea & parafovea, blur discrimination task, adults, 28242
psychophysical technique for topographical mapping of foveal cone mosaic, Os, application of cone sampling model, 3774
retinal image motion toward vs away from fovea during ocular pursuit vs fixation, perception of light flash location, 22–25 yr olds, 14293
spatial & temporal parameters of 2 color threshold visual stimulation, foveal vs parafoveal isolation of pi-4 mechanism & spectral sensitivity & cone interaction, Os, 3731

Foveal Vision
age & retinal illumination, foveal flicker sensitivity, 18–42 vs 65–86 yr olds, 25494
aperture size & intervening objects, monocular target detection & visual accommodation, 17–35 yr olds, 24735
central vs extrafoveal vision, judgment of line segment serial position in briefly flashed array, adults, 28260
central vs peripheral retinal contrast sensitivity for low vs high spatial frequencies, prediction of performance on other visual tasks, 19–74 yr olds, implications for models of vision loss, 17756
centrally vs peripherally presented dots, detection of mirror symmetry in pattern, experienced Ss, 14305
figures presented at retinal midline & 2.5 degrees from midline in same vs opposite visual field, similarity judgment measuring foveal splitting, 33 yr old female with commissurotomy, 33518

foveal cone thresholds & L/M cone ratio modeled with hypothetical retinal mosaic, adults, conference presentation, 28619
foveal stimulus presentation, recognition of open vs closed class words, college students, 220
foveal task difficulty, EPs during & performance on visual spatial attention task, 20–26 yr old graduate students, 18108
harmonic visual stimuli, spatial phase sensitivity & discrimination in central & peripheral vision, adults, 35296
long vs middle wavelength sensitive cones, light detection, adults, 28594
motivation by hunger vs satiation, foveal vs parafoveal word recognition RT, college students, 7758
nontarget vs target form's global shape & parafoveal presentation & spatial attention & eye fixation, gap detection accuracy, college students, 28230
order of letter analysis, parafoveal identification asymmetry, college students, 21214
output of visual filters of fovea & parafovea, blur discrimination task, adults, 28242
reading videotext vs print, foveal vs peripheral 2 pulse resolution, 20–32 yr olds, 13922
sensitivity of foveal color mechanisms, 10–84 yr olds, 25545
stimulus luminance, latencies of anti vs foveating eye movements, adults, 14268
target luminance & wavelength & retinal eccentricity & adaptation conditions, rod vs cone inputs determining foveating eye movement latency, adults, 14267
Frail [See Health Impaired]
France
alcohol production & consumption & morbidity & mortality & preventive & educational measures & social dynamics, France, 30 yr study, 33369
behavior in foot-in-the-door compliance induction procedure, adults, France vs West Germany vs Netherlands, implications for self perception theory, 32869
concept of negation & Freud's work on negative, development of psychoanalysis, France, 35035
cultural analysis of rhetoric of F. Mitterrand, 1952–85, France, 22245
diagnostic criteria for depression, psychiatrists, France, 5308
discrimination of utterances from native vs foreign languages, 4 day vs 2–3 mo olds, France vs US, 15092
functional illiteracy & global vs analytical assessment of reading skills & application of reading models, France, conference presentation, 27747
historical development of special education & school psychology, France, 3253
history of career education & vocational counseling, France, 38337
home language behavior, bilingual Alsacian preschoolers, France, 21934
homosexual relationship of P. de France & P. de Lorraine, 17th century, France, 29304
individual differences & stability & developmental change in ontogeny of visual habituation, lower vs middle to upper class 3–7 mo olds, France vs US, 18551
medical & social factors in historical development of nosology of depression, France, 5329
nosological categorization of & diagnostic criteria for depression, psychiatrists, France, 19196
perceptions of their students' parents & related factors, urban elementary school teachers, France, 41187
personality & political behavior & career of F. Chateaubriand, France, 4877
prevalence of remission rate of alcohol consumption & significance of early onset, 16–18 yr olds, France, 33367
professional contributions to studies focusng on social image & economic aspects of aging & retirement, elderly females, France, 4780
rehabilitation program, mental hospital, France, conference presentation, 20184
role of police & church & evolution of punishment, males arrested for sodomy, 18th century, France, 29308
seasonal patterns of completed suicides & deaths related to traffic accidents, France, 9 yr study, 12192
SES & rural vs urban environment, household alcohol consumption, adults, 1965–79, France, 18864
social & psychological & therapeutic effects of rural witchcraft, 1968–71, France, 29201
spread of AIDS, iv drug addicts, France, 1898
teaching behavioral assessment & therapy, psychiatric students, France, 13284
work related values, leader member exchange development, college students, US vs France, 27965
Frankness [See Honesty]
Fraternity Membership
background & demographic characteristics & prediction of alcohol consumption during 1st mo of pledgeship, male college fraternity pledges, 22289
Free Recall
age & isolation of stimulus by color, free recall of lists of words, 8–14 yr olds, 39589
aneurysm site, free recall measuring diffuse cerebral damage, 20–67 yr olds with aneurysmal subarachnoid hemorrhage, England, 30064
anticholinergic side effects of benztropine vs amantadine, free recall & time perception, 18–53 yr olds, 32200
auditory vs visual presentation & serial position & interpair interval of words, free recall vs order judgments, college students, 14440
classification of unrelated words into subjective categories & selection of cue, cued vs free word recall, college students, 10843
desglycinamide arginine vasopressin, verbal memory, 21–30 yr old males, 32266
effortful free recall vs automatic judgment of relative frequency of nouns, 21–37 yr olds with severe closed head injury, implications for cognitive strategies, 12437
elaboration of encoding, retention assessed by recognition vs free recall, male graduate students, India, 21301
emotion laden materials, selective free recall memory, nonclinical panicking vs nonpanicking college students, Canada, 10859
fingerspelling & signing & articulation rehearsal strategies, immediate free recall & visually presented word list, deaf 15–20 yr olds, Japan, 33644
flunitrazepam & reversal by benzodiazepine antagonists Ro 15-1788 & Ro 15-3505, sleep & encoding & recall, healthy 20–32 yr old males, 32201
hypnotic susceptibility & question format & hypermnesia suggestions, free recall of short movie, college students, replication, 24915
importance of text content structure with vs without instructional objectives, thinking aloud & rehearsal & free recall & reading time, college students, 3146
loci mnemonics & retroactive interference, free recall of paired items, college students, 24867
misleading vs objective interrogation under hypnosis, free recall, college students, 10880
orthographic complexity & frequency & radical intercharacter frequency, short term memory for Chinese radicals & characters in free recall task, Taiwanese college students, US, 7454
part set cuing, free recall & category names & examples, high school students, 7461
participation in novel hierarchically structured event, event & free recall, 18–35 vs 61–75 yr olds, 1162
phobic vs neutral prose vs words, free recall, female agoraphobia vs anxiety patients, replication, 8694
reading vs difficulty of generation task in between lists designs, free & cued recall of word pairs, college students, 38929
reading vs listening to passage & activated schema perspective at time of encoding vs testing, free recall vs sentence verification test performance, college students, 344
recognition & free recall failures, relation between recall & recognition, college students, failure to support generate-recognize theory, 14436

recognition vs cued vs free recall encoding instructions & retrieval test sequence, recognition failure of recallable words using free vs cued recall test, 17–21 yr olds, Sweden, 28341
rehearsal elimination or equation or serial position, recency vs primacy effect in single trial free recall, college students, 31898
spread of category level feature encoding, free recall of words & memory development, 2nd vs 6th vs 11th graders, Canada, 18553
story schema, level & organization of free recall, college students, 7487
study processing, free recall of picture names & generalization in picture identification, college students, implications for concept formation & memory systems theories, 24878
suggestive implications & rapid action in witnesses incident, errors in unstructured recall, college students, implications for legal testimony, 17865
visual images & bizarre contexts & retention interval, recall of lists of words, college students, 38943
Free Will [See Volition]
Freedom
failure vs no feedback on unsolvable problems with vs without freedom of choice in task strategies, performance, college students, Israel, implications for learned helplessness, 24835
freedom of resources consumption choice & equality of consumption outcomes in common dilemma simulation, amount of harvest & perceived fairness & control, college students, 15456
perceived freedom of choice & intrinsic vs extrinsic motivation of activities, flow experiences & leisure states, 55–88 yr old retirees, 36204
previously experienced failure, perceived freedom as self protective device, 18–37 yr old college students, Israel, 29408
role of liberty & justice principles in organizational governance theories, literature review, 3398
semantic similarity of privacy & culture bound concepts of private life vs secrecy vs solitude vs freedom, college students, Japan, conference presentation, 32611
social emancipation theory & phenomenology of desire & narcissism, 15522
Frequency (Pitch) [See Pitch (Frequency)]
Frequency (Response) [See Response Frequency]
Frequency (Stimulus) [See Stimulus Frequency]
Frequency Distribution [See Also Normal Distribution, Skewed Distribution]
bimodality in distribution of hypnotizability scores & relation to hypnotic types & factor analysis, 28359
computation of estimated probabilities of transitions, 31728
empirical distributions of range restricted standard deviations, test validity generalization analyses, 24562
large vs small N examples, teaching concept of sampling distributions & hypothesis testing, community college vs graduate vs postdoctoral students, 31100
models, accuracy & distribution of item p-values in prediction of personality test item responding using Personality Research Form-Form E, high school & college students, 31717
shape of parent distribution, computer simulation of mu-2 weak monotone relationship of 2 metric variables & Pearson's r, 186
Freud (Sigmund)
analysis of Freud's reference to himself as "Pegasus yoked to the plough", implications for rejection of seduction theory, 14038
biographical & historical context of Freud's work on analysis terminable & interminable, conference presentation, 16387
Buddhism, philosophies of F. Nietzsche & Freud, 14020
comparison of A. L. Lavoisier's epistemological ideal of chemistry to Freud's use of hypnosis & scientific technique in psychoanalysis, 16341
context of Freud & W. C. Bullitt's psychoanalytic study of US President W. Wilson, 15554
criticisms of Freud & psychoanalytic theory & impact on personality theory, 21023
daseinsanalytic analysis of Freud's Irma dream, 16346
day residue & screen memory in Freud's dream of botanical monograph, conference presentation, 14493
development of Freud's theories of displacement & condensation in dream analysis, 16420
development of Freud's work against background of late 19th century Austrian & German political & cultural & social history, 35053
dialectical approach to Freud's concepts of self & wish & object & need, 14033
early work of Freud & goals of neurophysiology of mind & sociobiology, commentary, 599
early work of Freud & goals of neurophysiology of mind & sociobiology, commentary reply, 594
early work of Freud & goals of neurophysiology of mind & sociobiology, commentary, 600
Freud as designer of new paradigm of interpretation & application of hermeneutic circle in interplay of subject & object, 24516
Freudian concepts of analogical structure in delusions & psychoanalytic interpretation, 3522
Freudian psychoanalytic theory & psychodynamic framework, transference, commentary, 26818
Freud's & W. Niederland's & P. E. Flechsig's & G. Weber's interpretations of neurotic patient D. P. Schreber, 40637
Freud's attitude toward his Germanic background during Nazi period, Germany, 9935
Freud's concept of ego & id & superego & conflicts between internal & external worlds, 38560
Freud's concept of narcissism of minor differences in psychoanalytic organizations & treatment, 14051
Freud's metaphysical opinions & psychoanalysis, 24521
Freud's "On Aphasia" as attempt to understand patients' speech patterns, 26619
Freud's retraction of seduction theory & Schreber case as reflection of denial of sexual abuse by father, 40204
Freud's 3 theories of love, 7489
guidelines for psychobiographical research in Freud's "Leonardo da Vinci and Memory of His Childhood", 4545
heightened consciousness of victimization as result of Holocaust, critics' reproach of Freud's repudiation of seduction theory of hysteria, 7015
historical evidence of sexual abuse of children & Freud's case study of D. Schreber & actuality of seduction by his father, commentary, 1775
influences of Freud's dreams on psychoanalytic theory formation, 3517
intergenerational & family relationships & influences, creative discoveries & theories, Freud, 24532
J. M. Masson's view of impact of Freud's "cover up" of seduction theory on psychoanalysis, 35056
Jung's vs Freud's concepts of introversion, 14011
language translation & use by psychotherapy organizations & in annual Rugby Conferences & Freud vs Jung, professional unification in psychotherapy, 34448
loss & character structure in Freud's metapsychology, 24529
Moses as Egyptian in Freud's psychoanalytic theory of Jews, 31512
origin of Freud's father conflict, 14022
overview of P. Ricoeur's philosophical examination of Freud's work, 3512
personal & professional impact of Jewish traditions on Freud, 14009
political & historical interpretation of Freud's work on analysis terminable & interminable, conference presentation, 16385
previously untranslated lecture by Freud on mechanisms of obsessional ideas & phobias, 33184
psychoanalytic interpretation of shift from Palestinian Judaism to Hellenistic Christianity & early Christian mythology in Freud's "Moses & Monotheism", 8213
psychoanalytic technique & countertransference in Freud's analysis of Rat Man, 19768
psychohistory of manifest dream characteristics measuring mental health & evolution of psychoanalytic dream theory, Freud & his patients & colleagues, 40674

revision of Freud's tally argument, 33766
rhetoric of Freud's Clark conference lectures, dissemination of knowledge of psychoanalysis, 21010
sexual symbolism in language of Freud & W. Shakespeare, 15005
tertiary consciousness in Freud's conception of psychical apparatus, 21019
theories of M. Klein & Freud on anxiety, 14015
theory of prophecy of Maimonides as precurser to Freudian dream interpretation, 13th century, 31511
theory of psychoanalysis, reprint of Freud's original 1910 article, 5943
translation & interpretation of Freud's works & in psychoanalytic treatment, conference presentation, 37308
trauma in Freud's life & evolution of psychoanalytic theories, 17531
unconscious conflict revealed in Freud's slip in translation of letter, 7008
unconscious mental functioning theories of J. F. Herbart vs Freud, 14039
V. Woolf's feelings & thoughts about Freud & psychoanalysis & psychoanalysts, 35972
views of W. H. Gantt vs Pavlov vs Freud on materialistic determinism & aggression & neurosis & heredity of behavior, 21
words & images in H. D.'s account of psychoanalytic process in "Tribute to Freud", 31513

Freudian Psychoanalytic School

covert seduction theory, integration of overt seduction theory & oedipal complexes with intentional psychological seduction of child, parents, 10519
influence of Freudian theory of childhood experience & adult consciousness on works of C. Aiken, 15007
reception of Freud & popularization of psychoanalysis by press in general interest & literary magazines, 1920–25, Great Britain, 4522

Friendship

age, preference for same vs cross sex friends & social interaction & skill level, early vs late toddlers vs preschoolers, 8108
conceptions of trust in context of social expectations, 1st vs 3rd vs 5th graders, 8114
conflict occurrence & resolution with mutual friends vs unilateral vs neutral associates, 3.3–5.3 yr olds, 25595
conformity to wrong responses in visual & auditory perception tasks, college students grouped with friends vs strangers, 11749
culture & type of relationship, perceptions of partner & relationship & strategies to deal with surprising event & intimacy, Japanese & American college students in intercultural relationships, US, 18932
development & functional significance of social relationships & competence with parents & friends, children, conference presentation, 25594
developmental sequences & individual differences in social competence & friendship with peers, 1–6 yr olds in full time child care centers, 2–3 yr study, 18660
discussion & friendship & peer relations in socialization process, 3–6 yr olds, Italy, 22010
ethnography of friendship in poker group, 26–45 yr old females, 29358
family background & friendship systems & age & absence of conflict & disruption & loss in social development, psychotherapy & family therapy clients, 37261
female friendships, psychological growth during adolescence, adult females, clinical implications, 39599
freedom of movement, distance maintained from male vs female friend vs stranger in approach situation, male vs female college students, 15418
friendliness vs unfriendliness assessed by high vs low SACRAL score, satisfaction with self & friends & differential response to script statements, college students, 22428
friendship & love & sexuality in relationship, gay males, 22264
friendship & popularity attitudes & concerns about trust, high school juniors, 8152
friendship activity & psychological well being, 62–85 yr old & older females, 3 yr followup, 22073
friendship network during 1st yr of single parenthood, Mexican American vs Anglo mothers, 15313
friendship patterns & interactional skills, female noninstitutionalized elderly, 36202
friendship, patterns of interaction in same sex triadic peer groups, 4–5 yr olds, 8094
friendship quality prior to disorder onset, emotionally disturbed 7–16 yr olds with anxious vs depressive dominant disorders, 36592
group social status & nature & number of friendships & peer acceptance & sociometric differences, 37–66 mo olds, 22056
individual & dyadic & group & classroom variables, cross race friendship choices, Black & White 4th–7th graders, 38168
individual & school factors, choice of interracial friendships, Black vs White 10th & 12th graders, 31161
interactions during cooperative academic learning task, 3rd & 7th graders paired with friends vs other classmates, 17208
internalization & peer culture & friendship development, preschool & school age children, 4722
life task appraisals & social stress & performance & satisfaction, college students assessed during transition from high school to college, 4 yr study, 25847
marital separation & divorce, maintenance & development of casual & intimate relationships, males vs females, 22183
meaning & maintenance of friend relationships in later life, 60 yr olds & older, 25667
nonverbal cues to deception in intimate relationship vs friendship vs with strangers, college students, 25348
organizations with many vs few external friendship links, effectiveness in responding to crises in organization game, college & graduate business students, 13867
patterns of friendship within mainstreamed play groups, 4 yr olds with mild developmental delays &/vs nonhandicapped 3–4 yr olds, 1934
peer relations & friendships, socialization & development, children, implications for practitioners, 1096
perceived goodness & enjoyableness & utility in same vs opposite sex friendships, male vs female college students, 1424
perceived right of coresident friend to use & permit entry of friend vs repairperson vs housing inspector vs police person into common vs exclusive use areas, college students, 18825
perceptions of reciprocal & nonreciprocal social support within network of family & friends, 50–95 yr olds, 8178
personal attributes & friendship variables, prediction of loneliness, male vs female college students, implications for student intervention services, 13596
phenomenological study & structural description of friendship, female college students, implications for generalizability to older females & males, 8334
popularity & intimacy, self esteem & sex role orientation & psychological adjustment in friendships, 13.7–15.7 yr olds, 29176
prior friendship vs exposure to catastrophic school bus accident related stressors, stress reactions, 7th graders assessed at 1 wk vs 9 mo following trauma, Israel, disaster intervention implications, 33131
problem-solving & conversational skills training, initiation & maintenance of friendships, partial hospitalization after care clients with schizophrenia vs bipolar disorder vs major depression, 2769
qualities of daughters vs same sex friend relationships, life satisfaction, married vs widowed female 62–80 yr olds, 36210
rating & perception of friend's popularity & personality & social behavior in fall & spring, change of friendship between seasons, 4th & 8th graders, 4663
ratings of female's vocal qualities & psychological traits while talking to intimate vs casual male friends, female college students, 8398

reciprocity & sex & race, friendship proximity, 7th–8th graders, 11464
relationships with intimates & confidants, 65 yr old & older widows vs married females, 25659
role of separation individuation & attachment & empathy in friendship vs psychoanalysis, 37363
self esteem & unconditional acceptance & empathy & congruence in parents & friends, 16–18 yr olds, 29115
self esteem, perception of closest friend's expression of empathy & congruence & unconditional positive regard, male vs female 15–31 yr olds, replications, 25840
sex & expectations about appropriate contexts for alcohol drinking, college students & their best friends & parents, 18866
sex & race & personal characteristics & dyadic vs triadic friendship, tolerance for & resolution of intransitive social networks, 4th–5th graders, 11483
sex & racial homophily, friendship, 3rd–12th graders, 18692
sex & sex role aspects & social anxiety, willingness to self disclose to friends, college students, 32795
sex, levels of self disclosure & intensity of friendship, college students, India vs US, 11726
sex of target, self disclosure about instrumental vs expressive vs masculine vs feminine aspects of self to therapists & friends, college students, 16417
sex, same & opposite sex friendship patterns, college students, New Zealand, 22320
sex, same sex friendships, androgynous vs sex typed college students, 25800
similiarity in physical attractiveness, romantic couples & same sex friends, meta analysis, 1355
size of request made by friend vs stranger, expectations of compliance to foot in door technique, friends vs strangers, 4961
social intelligence test & questionnaire measuring friendship & self & peer perception, junior high school students, Italy, 4671
social interaction & attitudes toward handicapped persons, high school student tutors & special friends of autistic or mentally retarded or deaf & blind 17–21 yr olds, 3273
social interaction with friends or neighbors vs family, loneliness & emotional well being, adults 55 yrs old & over, 1158
social network size & prevalence of strangers & density of close relationships, expressions of happiness, 18 yr olds & older, 4950
social provisions & social & emotional support networks & personal characteristics, social interaction & social & emotional loneliness & relationship development, college students, 25862
social support & mood, caregivers vs noncaregivers for Alzheimer's disease patients, 26543
social support patterns, suicide attempters, 26310
social supports, social problem solving & perceptual stress, female college students, 25846
sociocultural bases of friendship, college students, 8342
sport involvement, friendship expectation, 9–12 yr olds, 39602
value of friendship, married vs unmarried male members of college graduating class of 1930 evaluated in 1955 vs 1980, 11557
variation in construct subsystems, client & acquaintance construal, 24–64 yr old psychotherapists, 41156

Frontal Lobe [See Also Gyrus Cinguli, Motor Cortex]
ablations of midline frontolimbic cortex, production of isolation call, squirrel monkeys, 11152
abstract visual designs, stimulus recognition & recall of presentation frequency, 10–67 yr olds with unilateral frontal vs temporal lobectomy, Canada, 5790
age differences, assessment of frontally mediated executive functions, children, literature review, 17552
amphetamine dosage & reticular formation electrical stimulation, EPs measuring cortical-neostriatal interactions, male rats with vs without thalamic lesions, 32113
anodal vs cathodal polarization of occipital vs frontal cortex, flash brightness discrimination, adults, 17774
antipsychotic drugs, frontal cortex dopamine metabolism, male rats, 25265
attention measured by temporal discrimination of discrete vs simultaneous stimuli, male rats with frontal cortex vs hippocampal system brain lesions, 4295
behavior changes & cognitive deficits, 13 yr old female with frontal syndrome secondary to partial complex seizures, case report, 8996
benzodiazepine receptor densities, postmortem brains from alcoholic patients, 19348
beta adrenergic receptor density & binding characteristics in homogenates of prefrontal cortex, suicide victims, 5377
bicuculline injection to principal prefrontal cortex, delayed response task performance & neuronal activity, monkeys, 25303
bilateral cortical ablations in principal sulcus vs fornix transection, spatial vs visual discrimination learning, monkeys, 28766
callosotomy, reinstatement & potentiation of behavioral deficits from left vs right lesions of parietal vs medial frontal vs motor cortex, male rats, 11137
chronic haloperidol, density of D2 dopamine receptors in medial prefrontal cortex, rats, implications for schizophrenia, 11267
cognitive deterioration vs concept formation & maintenance & shifting, measurement of selective frontal function deficit, patients with demented vs nondemented idiopathic Parkinson's disease, 33486
complex rearing environment following neonatal frontal decortication, motor performance & cortical development, adult rats, 801
delayed response reactions during motor performance program, activity of medial wall neurons in frontal cortex, rats, 21539
delayed response task performance as measure of frontal cortex maturation, 6–12 mo olds, longitudinal study, 32394
delayed visual matching & conditional position discrimination, single unit neuron activity & distribution in dorsolateral cortex, male monkeys, 21546
dietary restriction, radial maze learning & lipofuscin pigment deposition in hippocampus & frontal cortex, mice, 741
directional cue, visual target localization by finger tapping measuring choice RT, epileptic 14–55 yr olds with left vs right frontal vs temporal lobectomy, 36965
dopamine activity in nucleus accumbens & prefrontal cortex & amphetamine induced changes in motor activity, rats with bilateral lesions of dopamine innervation of amygdala, 7779
EEG recorded frontal brain asymmetry, prediction of response to maternal separation, 10 mo olds, implications for individual differences in temperament, 29117
efficacy of external cuing system, initiation & range of affect, 39 yr old right handed male with severe frontal lobe damage, 16935
environmental stress, behavior indicating emotional responses & prefrontal cortex extracellular DOPAC, high vs low avoidance male rats, 11015
evidence for frontal lobe dysfunction, obsessive compulsive disorder, literature review, 11990
flash brightness discrimination, errors & time course of slow electrical activity in occipital vs frontal lobe, adults, 18104
frontal cortex & hippocampal norepinephrine depletion, acquisition & reversal of taste & tactile discrimination, rats, 28771
frontal cortex & nucleus basalis magnocellularis lesions, temporal discrimination & short & long term memory, rats, 28777
frontal cortex tissue implants, immediate vs delayed recovery assessed through water maze task performance & forepaw use & grooming, male rats, 18265
frontal cortical &/vs nucleus accumbens lesions, motor activity & dopaminergic turnover, male rats, 25183
frontal lobe & limbic system dysfunction & temporal lobe epilepsy, atypical rape, adolescent & adult males, 29730
frontal lobe brain damage from tumor or infarct, transient compulsions, 43–62 yr olds, case report, 5824

frontal lobe deficits, primary vs secondary psychopathy, psychiatric inpatients with psychopathic disorder vs mental illness, 8495
frontal lobe dysfunction & antisocial behavior, literature review, 33296
frontal lobe dysfunction measured by test performance, 7 yr olds & older with attention deficit hyperactivity disorder, 36974
frontal lobe lesions & eating disorders, 65 yr old female with multi-infarct dementia & bulimia, 26481
frontal lobe pathology, memory & cognitive impairment, amnesic patients with vs without Korsakoff's syndrome vs frontal lobe lesions, 40026
frontal lobe seizures, self injury, mentally retarded 16–50 yr olds, 36919
frontal lobes & spatial vs temporal components of memory, commentary, 32038
frontal vs central contingent negative variation & frontal function & negative symptoms, psychotic vs nonpsychotic adult patients, 5350
haloperidol dosage, HVA in prefrontal cortex & striatum, rats, implications for treating schizophrenic patients, 18304
handgrip strength, 12–58 yr olds with unilateral frontal or temporal lobe excisions, 9126
in utero ethanol, density of synaptic formation in frontal cortex, neonatal rats, implications for fetal alcohol syndrome, 861
injection of 12 antipsychotic drugs, dose response curves of HVA in prefrontal cortex & caudate, rats, 14827
injury to left frontoparietal area, early onset schizophrenia, 14 yr old male, case report, 19590
intragastric infusion of low dose ethanol, frontocortical & hippocampal EEG, alcohol preferring vs nonpreferring rats, 14906
learning task performance, 15–74 yr old patients with Parkinson's disease vs frontal or temporal lobe lesions, 33487
lesions of nucleus basalis magnocellularis vs medial septum & diagonal band of Broca, place navigation, male rats, implications for role of cholinergic neurons in spatial learning, 796
lithium & carbamazepine & surgical resection, 16 yr old female with right frontal arteriovenous malformation induced maniclike disorder, case report, 5866
medial prefrontal cortex electrical stimulation, pure reward vs reward escape site mapping, female rats, implications for similarity to hypothalamic reward systems, 32128
memory & metamemory, patients with frontal lobe lesions vs Korsakoff's syndrome vs non-Korsakoff amnesia, 32950
memory deficits, 42 yr old amnesic male with bilateral frontal damage & dysexecutive syndrome, case report, 12328
multiple unit activity in agranular medical prefrontal cortex during classical conditioning of bradycardia, rabbits, 4100
musical hallucinations following removal of right frontal meningioma, 43 yr old male, case report, 23508
neuroleptics, dysfunction in prefrontal cortex metabolism during performance of auditory discrimination, schizophrenic inpatients, 16549
neuronal RNA in frontal & occipital areas, postmortem patients with Pick's vs Alzheimer's disease, 29913
neuropsychological assessment, patients with frontal lobe damage, 16027
oculomotor delayed response task, spatial memory functions of neurons in dorsolateral prefrontal cortex, rhesus monkeys, 28601
parasagittal knife cuts lateral to thalamic nucleus severing prefrontal cortex afferents & efferents, classical conditioning of eyeblink & heart rate, female rabbits, 25164
pathologic left handed mirror writing & movements during bimanual coordination, 59 yr old male with extensive right anterior ischemic infarction, case report, 1977
prefrontal cortex dysfunction, cognitive deficits & social role performance & impaired judgment & emotional flattening in schizophrenia, literature review, 12081
prefrontal cortex glucose metabolism, 20–74 yr olds with unipolar vs bipolar vs bipolar manic depression vs obsessive compulsive disorder with vs without depression, 26021
prefrontal cortex lesions, cocaine reinforced conditioned place preference & conditioned taste aversion, male rats, 28770
prefrontal cortical blood flow during cognitive tasks vs rest, 25–61 yr olds with Huntington's disease, 2157
principle of frontal lobe function, perception & memory & sensory phenomena sharing processing characteristics, 21554
reduced deficit vs serial recovery hypothesis, behavioral effects of single vs multiple staged lesions of medial frontal cortex, rats, 28759
reduplicative paramnesia, 72 yr old right handed male with vascular lesion in right frontal region, case report, 9094
regional cerebral glucose metabolism in parietal & frontal lobes & cognitive ability & memory, mildly to severely demented Alzheimer's disease patients, 22946
remote & autobiographical & temporal context memory & frontal atrophy or dysfunction, 38–76 yr olds with Korsakoff's psychosis vs Alzheimer's disease, England, 36530
removal of AGm region on dorsomedial shoulder of frontal cortex, visual conditioned motor performance & spatial delayed alternation, male rats, 11158
removal of right frontal meningioma, motor & visuospatial neglect, 60 yr old female, case report, 12996
reward for medial prefrontal cortex self stimulation, nucleus reticularis gigantocellularis stimulation induced escape measuring hedonic interactions, female rats, 32127
self inflicted left frontal lobe damage, 19 yr old obsessive male, case report, 1709
self stimulation from substantia nigra electrode sites, male rats with medial & sulcal prefrontal cortex lesions, implications for reinforcement, 28784
sensory inputs & effector channels & integration principles, role of hypothalamus & amygdaloid complex & orbital prefrontal cortex in aggressive behavior, literature review, 11058
stimulus significance in visual discrimination task with color response cues, neuronal unit activity in prefrontal cortex, male monkeys, 21573
stress, D2 dopamine receptor density & binding in medial prefrontal cortex vs striatum vs nucleus accumbens, male rats, 25056
synthesis of fragmented visual information, brain damaged 19–39 yr olds with frontal or temporal lobe excisions, India, 37037
temporal lobe symmetry & frontosylvian cortical anomalies, developmental disorders including dyslexia, children, 36914
transplantation of fetal cortical tissue, locomotor activity, male rats with frontal cortex focal suction lesions, 39225
type & severity of injury & psychosocial outcome & experience of burden to family, patients with frontal lobe injuries, India, 37142
uni- vs bimanual finger tapping task performance, 12–58 yr olds with unilateral frontal vs temporal cortex damage, 5708
unilateral frontoparietal lesions, stability & tremor in fingers, 29–78 yr olds, 22903
ventricular brain ratio & structural changes & prefrontal cortical markings & atrophy & CSF HVA, adult schizophrenic vs medical patients, 33039
visual RT task, depth distribution of neurons in dorsolateral prefrontal cortex, macaque monkeys, 28625
24 vs 48 hrs of food deprivation, activity of dopaminergic neurons in prefrontal cortex & amphetamine induced rotational behavior, rats, 11108
3 note pattern played successively vs simultaneously, detection of note change, adults with unilateral temporal vs frontal vs frontotemporal lobectomy for epilepsy, 13003
5-HT-2 binding sites in frontal cortex, 20–87 yr olds who committed violent vs nonviolent suicide, 33237

Frustration

amount of helplessness training & information on probability of success, frustration & hostility & motivational involve-

ment & task performance on unsolvable problems, college students, 28356
beer intoxication & frustration, physical aggression, 18–31 yr old males, 18856
conglomerate continuous noise stress & dependence proneness, attention & subsequent frustration tolerance during insolvable puzzle task, college students, 18934
controllable vs uncontrollable noise, time on insoluble puzzles & frustration tolerance, high vs low dependency college students, India, 39942
establishment of spatial awareness & other problems in starting school, frustration & emotional reactions, visually impaired children, England, conference presentation, 31210
frustration & inequity, displacement of aggression & delivery of praise vs criticism vs shocks during reversed role confederate learning tasks, 14–17 yr olds, India, 1133
frustration & sedative vs stimulative music, performance & mood, college students, Israel, 28351
genetics & frustration-aggression, group propensity for violence, commentary, 36225
gratification or frustration, well being or distress, 58–87 yr old female caregivers of spouse with dementia, 37109
levels of frustration, aggression, male 21–34 yr olds, 32862
modification of frustration aggression hypothesis, 7490
reactions to frustration in home vs school environments & interpersonal relationships, 10th graders, India, 36115
subjective levels of frustration, successful vs unsuccessful aggression, male college students, application of Berkowitz's completion hypothesis, 36471
theoretical issues of frustration aggression hypothesis, 36458
Fulfillment [See Satisfaction]
Functionalism
connectionist & parallel systems of cognitive modeling & functionalism, commentary, 38848
current convergence of behavioristic & functional & cognitive perspectives in experimental psychology, 14028
Fund Interper Rela Orientat Beh Ques
caste, FIRO-B scores, college students, India, 8207
construct validity of FIRO-B correlated with living group questionnaire, assessment of interpersonal preferences, male vs female college students, 10586
FIRO-B, understanding & treating difficult nursing home patients, 56 yr old with end stage liver disease, case report, 34336
reliability & social desirability bias in FIRO-B questionnaire, measurement of interpersonal needs, college students, 24645
Fundamentalism
attitudes toward pornography control, feminist vs fundamentalist females, 36337
attitudinal correlates of opposition to abortion, Catholics vs nonfundamentalist vs fundamentalist Protestants, 1977–85, 11584
attributional style, college students committed to Christian fundamentalism or authoritarian beliefs, 18752
marital quality & satisfaction, conservative fundamentalist or evangelical or charismatic Protestant or Catholic wives, 32675
Pentocostal church faith healing as shamanic environment, relief of psychosocial stress & prevention of psychosomatic illness, 11583
psychological characteristics of Pentecostals, literature review, 22135
type of religious group & alcohol & drug education programs, perception & prevention of youth substance use, church pastors, 6534
Funding
capitation financing & case management, treatment & provision & continuity of mental health care services, chronic mentally ill, 2685
capitation, funding of case management, 23576
changing nature of funding for mental health services, need for revenue management & planning, 9732
characteristics of successful public psychiatry training grant applications, 1984, 30950
current state of foundations as funding mechanisms for psychiatric research, 33714
expenditures & revenues, state mental health agencies, 1981–85, 13041
extent of & factors influencing state funding for mental health research, 37727
external dependence on & uncertainty about funding, publication productivity, academic & nonacademic scientists, Israel, conference presentation, 34583
federal & state cutbacks on human service funding & organizational conditions, job satisfaction, Black vs White county welfare workers, 9979
federal policy & role in provision & financing of mental health services & research funding & training, children, 9682
funding for postgraduate training programs in education for developmentally disabled, 27402
funding of community support services for mentally ill, 30676
funding of psychological health care services & payment delivery & systems, Canada, 9716
government funding for special education at state & local levels, 13649
grant process for funding microcomputer psychology lab for teaching research skills, conference presentation, 38103
lack of policies & funding for comprehensive system of day care, infants & children, Canada vs US vs Europe, 36294
mental health funding policy, implications for mental health professionals, 34206
public policy & funding, psychiatric research, 12570
ramifications of eligibility reviews on Social Security Disability Insurance, mentally disabled beneficiaries, 1980, 8604
reduction in funding to universities & Research Councils, psychiatric research, Great Britain, 5112
resources in schizophrenia resources, 22507
scientific & financial & moral support of Pavlov by Rockefeller Foundation & Institute for Medical Research, 1920s & 1930s, 17959
service & staff & funding changes in community mental health centers, 2693
solicitation of funding for educational programs, small institutions of higher education, 27488
types of funding for mental health or substance abuse research, 37214
2 yr limit on public funding of methadone maintenance treatment, erosionary therapeutic relationship & client adaptation & risk of AIDS, methadone maintenance clients, 27336
Funerals [See Death Rites]
Galvanic Skin Response
acquisition & partial reinforcement extinction, heart rate & skin conductance, college students, 39160
alcohol, experience & administration of noise to competitor & mood & cardiac & electrodermal activity, male vs female adults, 7827
amplitude of psychogalvanic reflex, migraine & tension headache patients, 22905
anxiety provoking vs novel verbal stimuli, short latency cardiac & electrodermal responses, 18–45 yr old obsessional patients with cognitive rituals, 33040
auditory stimuli of constant & varying intensity, skin conductance responsivity & heart rate orienting, schizophrenic 20–65 yr olds vs healthy 21–70 yr olds, Sweden, 29610
cerebral laterality in auditory & somatosensory & pain thresholds & agoraphobic fear & depression, electrodermally stabile vs labile patients with anxiety disorders, 33099
computer program for online scoring of electrodermal activity, 7747
DST serum cortisol & electrodermal lability & habituation, 19–50 yr olds with pain disorder vs agoraphobia & panic attacks, 33098
electrodermal activity & smooth pursuit eye movement, prediction of delinquent behavior & schizophrenia & criminality, 3 yr olds, Mauritius, 7 yr followup, 32985

electrodermal activity, depressed patients medicated vs unmedicated with antidepressants, 2550
electrodermal activity, depressive patients during illness vs remission, Sweden, 3–37 mo followup, 19241
electrodermal activity, diagnostic subgroups of depressed patients, 1719
electrodermal activity during REM sleep, psychological activity & dream content, 17–23 yr olds, 28652
electrodermal lability & tasks requiring fast responding only vs additional discrimination & selection, errors & RT, college students, implications for motor impulsivity hypothesis, 4217
electrodermal lability, performance on dichotic listening task & skin conductance response levels & habituation & EEG responses to auditory stimuli, college students, 18122
electrodermal responsiveness, schizophrenic patients with enlarged 3rd ventricle, 8563
face familiarity, electrodermal recognition, 59 yr old female with prosopagnosia, 22887
genetic vs environmental factors in GSR & heart rate & auditory EP, orienting reaction, monozygotic vs dizygotic twins, 4064
GSR & morning plasma cortisol & DST & nocturnal urinary cortisol, depressed inpatients who had vs had not attempted suicide, Sweden, 26193
L. J. Kamin's blocking procedure, conditioned electrodermal response, college students, 18178
latency of electrodermal orienting responses to visual stimuli vs stimulus omission, college students, Australia, 18079
levels of auditory sexual & violent stimuli, electrodermal activity & memory task performance, college students who are high vs low sensation seekers, 32901
neuroleptic anticholinergic effect & positive vs negative symptoms, electrodermal responses to mild vs task relevant tones vs loud white noise, hospitalized schizophrenic patients, 36594
noise stimuli, GSR, male college students with high vs medium vs low socialization, 21611
phobic stimulation, maintenance of within session habituation of cardiac response & electrodermal activity, 16–49 yr olds with phobia, 1695
propranolol vs methylscopolamine during exposure to phobic slides, habituation of GSR & heart rate, adults with phobia, 846
reassurring vs stressful instructions & emotional vs neutral slide, GSR asymmetry & vigilance, 17–41 yr olds with high vs low trait anxiety, 18191
relaxation vs mathematical calculations vs acoustic stimuli, electrodermal reactivity of forefingers vs middle vs little fingers of right vs left hand, 19–22 yr olds, 14725
sensorimotor activation, lateralized electrodermal activity & cortical EPs, male college students, West Germany, 7680
sensory preconditioning & UCS inflation, differential aversive electrodermal CR, 18–35 yr olds, 24892
signal value vs vigilance, electrodermal & heart rate orienting responses, adults, 18174
stimulus registration & cognitive processing load, heart rate deceleration & subsequent acceleration & phasic electrodermal responses, female 10–21 yr old gymnasts, 7718
Gambling [See Also Pathological Gambling]
choice strategies & betting patterns in Pennsylvania Daily Number game, adults, 28295
demographics & patterns of use, arcade gambling machine users, 41566
development of gambling behavior, children & adolescents, 36132
dissociativelike experiences & sensation seeking, 18–57 yr old social vs problem gamblers, 22721
event characteristics, perception & qualities of chance vs luck, college students, Netherlands, implications for gambling, 31869
experimental procedures, valuation & choice behavior under 4 different gambling structures, participants, Great Britain, 14387
gambling & video game playing behavior, 15–21 yr old offenders in youth custody center, 1803
gambling behavior before vs after winning lottery, 19 yr olds & older who won 1 million dollars or more, 1974 to present, 22407
gambling behavior, high school students, Canada, 4703
gambling experience & presentation of risk as probability of winning vs losing, gambling decisions, male vs female college students, 7413
gambling, 13–14 yr olds, England, 15173
gender & sensation seeking, gambling behavior, college students, 15560
hand held microcomputer, collection of physiological & subjective & behavioral data in valid gambling settings, adult players, 14731
intertrial interval & trial onset conditions, risk aversion in gambling, adults, 21325
legalized gambling & growth of state sponsored lotteries, 1980s, implications for compulsive gambling, 26215
limited vs unlimited stakes, motivational & cognitive activities, roulette players, 15526
lottery vs traditional incentive programs, productivity & cost effectiveness, auto mechanics, 17391
medical vs cognitive social learning models of gambling & gambling addictions, 1767
patterns of gambling behavior, patrons of bookmaking company, UK, 13983
psychological theory & communications in theory for risky choice & technological hazards & state lottery games, 15441
rating of distinctive psychosocial features & chance vs skill distinction of games, multidimensional gambling drive concept, college students, Netherlands, policy implications, 24486
self presentational view of gambling, 15521
sex & locus of control & illusion of control, gambling involvement, adults, Hong Kong, 25926
structure of orthodox consumer theory in economics, applications to gambling behavior, 1440
suicides at Atlantic City casinos, males, 1982–86, 33311
win frequency, irrational verbalizations while playing roulette, college students, Canada, 15434
work activities, professional horse race gamblers, 13889
Game Theory
biopolitical perspective & chess algorithms in analysis of Supreme Court decision making on constitutional issues, 39802
computer program for computing J. von Neumann & O. Morgenstern's characteristic function of cooperative n-person transferable utility games in normal form, 10544
escalatory bids & cooperation strategies, abstract auction game performance, competitive adversaries, 36412
evolutionary game theory analysis, breakdown of cooperation in Prisoner's Dilemma, 35057
expected salary, decision to leave school, middle vs working class male vs female 16 yr olds, UK, 6766
game theory & representation in payoff matrix, game involvement vs solution & termination in local vs global games, highly skilled chess players, 28173
hypergame analysis models, assessment of conflicts involving misperceptions, 11725
individual requests for money in group situations when payoff is dependent upon total collective request, group members, conference presentation, 32797
level of incentive pay discrimination, predictive power of game theory model, college students, 35065
mixed motive games & collapsing value distinctions & misperceptions of differences, strategic structure & social conflict, 18881
risk taking & information seeking, reassurance for reciprocal cooperation in public goods supergames, application of rational actor model, 36429
Games [See Also Chess, Childrens Recreational Games, Computer Games, Entrapment Games, Prisoners Dilemma Game, Simulation Games]
age & level of identity development, preferences for role structures of games, 2.5–15 yr olds & day care & elementary & high school teachers as Os, 25559

Bingo as suitable recreational activity, nursing home residents, 23680
communication networks, cooperative games, 22344
computer simulation of Commons game, psychology college students, 1368
cooperative game involving selection of power plant site, 4th & 6th formers, UK, 31036
descriptive & inquiry task performance related to game playing, disadvantaged vs middle class male 4th vs 8th graders, 4657
development of taxonomy of all ordinal 2 x 2 games, 4962
empathy training game based on learning by feedback, college students, 1383
game involvement level & personality correlates, college student games clubs members, 39948
group cognition & belief systems & policy preference, thinking & decision making in oil policy game, government officials, Norway, 22226
group oriented game, attitude change, confused elderly, 9260
individualized good behavior game, type & frequency of behavior, severely behaviorally disturbed adolescent students, 27728
"jail break" or "catch" game, mathematics instruction, elementary school students, Northern Ireland, 41247
mixed motive games & collapsing value distinctions & misperceptions of differences, strategic structure & social conflict, 18881
ordinal equivalence & properties of power indices in simple games, 190
perceptions of coach's game vs practice behaviors, 11–14 yr old soccer players & their coaches & trained coders, 11533
positive or negative or neutral induced mood vs reward, intrinsic interest & motivation & mood after attractive game, 4–5.7 yr olds, 29123
Protestant work ethic beliefs, prediction of outcome in Prisoner's Dilemma game & game strategies, 16–18 yr olds, 36402
rating of distinctive psychosocial features & chance vs skill distinction of games, multidimensional gambling drive concept, college students, Netherlands, policy implications, 24486
sociocultural factors & competition in games, female elementary school students, 36138
subliminal oedipal vs nonoedipal competitive stimuli, dart throwing performance, males, replication, 17742
type classification of decision games using natural criteria, 17873
views on fantasy role playing games, adolescents & parents, 39682

Gamma Aminobutyric Acid

activation of 5-HT like & GABA receptors in dorsal raphe nucleus, social interaction & punished responding, rats, 18349
acute vs chronic unilateral GABA infusion into nucleus basalis, maze turning behavior & brain gliosis & acetylcholinesterase activity, rats, 4510
amnesia induced by detention in hazardous compartment &/ vs electrical stimulation & cyclohexamide, GABAergic activation & blockade induced retention & reproduction of passive avoidance CR, mice, 25122
baclofen, plasma growth hormone response, chronic schizophrenic 45–69 yr old males, 22604
baclofen vs oxazepam vs diazepam vs haloperidol treatment, benzodiazepine receptor binding & extinction of conflict behavior, male rats, 4393
benzodiazepine receptor antagonist Ro 15-1788 & level of GABAergic activity induced by progabide vs isoniazid, hypothalamic self stimulation, male rats, 21753
bilateral injection of GABA in substantia nigra, stereotyped sniffing & analgesia, male rats, 14813
brain & CSF GABA levels, schizophrenic 15–78 yr olds, implications for etiology of tardive dyskinesia, 26146
carbachol vs GABA vs muscimol with vs without bicuculline vs atropine in caudate nucleus, apomorphine induced stereotyped rearing behavior, rats, 4341
chronic diazepam with vs without Ro15-1788, tolerance to GABAergic sensitivity & anticonvulsant effects, male rats, 4369
CSF GABA, Alzheimer patients & their spouses, 33615
CSF GABA levels & GABA antagonist treatment & oculomotor control in saccade & antisaccade paradigm, psychiatric patients with vs without tardive dyskinesia, 40156
diazepam vs pentobarbital vs phenobarbital, conditioned suppression of drinking, female rats pretreated with aminooxyacetic acid, animal model of anxiety, 32243
dihydroergosine, mouse killing measuring aggressiveness & raphe nuclei & hypothalamus 5-HT & olfactory bulb GABA, male rats, 35849
ethanol & imidazobenzodiazepine RO15-4513, molecular interactions & GABA linked behavioral & biochemical actions, animals, literature review, 18457
ethanolamine-o-sulfate or gamma vinyl GABA, brain GABA & food & water intake & open field behavior & catalepsy & pain sensitivity & temperature, male rats, 25278
forced swimming with vs without GABA agonist vs antagonist pretreatment, endogenous GABA content in nucleus accumbens vs cortex vs brainstem, male rats, implications for depression, 4223
GABA binding sites in postmortem brain, 18–54 yr old depressed suicide victims, 22693
GABA levels after ejaculation, reduction in anxiety, male rats, 28644
GABA or other amino acids & high vs low protein diet, conditioned taste aversion & food intake, rats, 7924
GABA plasma & CSF & brain tissue levels, depressed patients, 19131
GABA receptor dysfunction, action of antidepressants, diabetic male rats, 28906
GABA related drugs SL 75102 vs THIP with vs without lorazepam, behavioral response under FI schedule of food presentation, male squirrel monkeys, 7935
GABA vs taurine vs muscimol, antagonization of intracranial renin vs angiotensin II induced water vs salt intake & BP, male rats, 4307
GABAergic mechanisms, effects of naloxone & naltrexone on memory consolidation, mice, 39260
GABAergic transmission in nucleus accumbens mediated by excitatory amino acids or picrotoxin, locomotor activity, rats, 25309
inescapable tailshock, GABA receptor mediated chloride ion uptake into isolated brain synaptoneurosomes & binding of agonist to brain benzodiazepine receptors, male rats, 39086
injection of haloperidol into accumbens vs GABA into subpallidal region vs procaine into mediodorsal thalamus, food hoarding, male rats, 4434
interactions between steroids & GABA receptors, genesis of personality traits & cognitive ability & mood & neuronal & affective disorders, rats & humans, 880
intrathecal strychnine or GABA bicuculline or nalozone or phentolamine or methysergide, thermal nociceptive & behavioral response to tactile stimulation, male rats, animal model of pain perception, 35919
long term flurazepam, brain GABA metabolism, male rats, 14865
maternal alcohol consumption, GABA levels in various brain regions, rat pups, 4405
morphology & distributions of GABA & neuropeptide immunoreactive cell populations in visual cortex, fetal monkeys assessed from 110–155 days postconception, 18102
muscimol bindings to GABA receptor in brain, pregnant vs postpartum female rats, implications for etiology of postpartum depression, 32237
N-valproyl GABA vs sodium valproate, bicuculline or ECS induced convulsions, male mice, 39169
postmortem GABA stimulation of benzodiazepine binding sites & glutamic acid decarbosylase activity, 16–57 yr old suicide victims, implications for role in depression, 19275
punishment, turnover rates of aspartate & glutamate & GABA in various brain regions, male rats, 32042

role of cholinergic vs GABAergic neuronal systems, cycloheximide dosage induced amnesia for passive avoidance training, male mice, 28938
role of GABA-benzodiazepine receptor complex in anxiety, 8591
role of hypothalamo-pituitary GABAergic systems in prolactin release, literature review, implications for drug therapy of psychosis, 39074
treatment mechanisms of beta carbolines with antagonist or partial inverse agonist properties at GABA benzodiazepine receptors, patients with senile dementia, 2528
valproic acid, GABAergic transmission in treatment of panic disorder, outpatients, 23440
Gamma Aminobutyric Acid Agonists
bicuculline vs muscimol injections into septum vs dorsal & median raphe nuclei, muricide, male rats, 11285
bicuculline with vs without pentobarbital or muscimol or triazolam, GABA receptor system & circadian rhythm of locomotor activity, SK/Nga vs C57BL/6 mice, 25210
chronic chlorpromazine vs cocaine, behavioral response to bilateral intranigral muscimol infusion, male rats, 7819
diazepam or muscimol, locomotor activity, Flinders Sensitive Line rats with increased sensitivity to anticholinesterase diispropylfluorophosphate, 25286
dopamine agonist apomorphine &/vs GABA agonist baclofen, exploratory behavior, male rats, 32302
dorsal vs ventral striatal muscimol vs picrotoxin with vs without dextroamphetamine pretreatment, rotational activity, male rats, 4390
ethanol with muscimol vs GABA antagonists, retention of passive avoidance behavior, male mice, 4330
excitatory amino acid antagonists vs GABA agonists vs anticonvulsants, motor coordination impairment, mice, 39297
flurazepam vs muscimol in substantia nigra pars reticulata, rotational behavior measuring benzodiazepine tolerance & GABAergic sensitivity, male rats, 921
forced swimming with vs without GABA agonist vs antagonist pretreatment, endogenous GABA content in nucleus accumbens vs cortex vs brainstem, male rats, implications for depression, 4223
GABA activity in baclofen treatment, 18–65 yr olds with panic disorder, 26939
GABA agonists, lateral hypothalamic self stimulation effects on reward vs motor performance, male rats, 14806
GABA receptor agonist vs GABA transaminase inhibitors, haloperidol induced dyskinesia, monkeys, 4311
GABA receptor agonists baclofen vs 4,5,6,7-tetrahydroisorazolo (5,4-c) pyrindin-3-01 vs antagonist bicuculline, penile reflexes & copulation, male rats, 4406
intrathecal GABA-B agonist baclofen into lumbosacral spinal cord, penile reflexes, male rats, 32158
muscimal microinjection dosage to median vs dorsal raphe nucleus vs caudal vs rostral ventral tegmental area vs pontine tegmentum, locomotor activity, male rats, 39421
muscimol & enkephalin analog into nucleus basalis magnocellularis, locomotor activity, rats, implications for role of cholinergic neurons, 11179
muscimol, dextroamphetamine induced locomotion & wall climbing & head raising & licking, 5–11 day old mice, 39406
muscimol in median raphe nucleus, induced hyperactivity & disinhibition of dopaminergic neurons, male rats, 14958
muscimol injections in median raphe nucleus, feeding & drinking & gnawing behavior, nondeprived rats, 35839
muscimol microinjection to substantia nigra pars reticulata, eye movements & neck muscle activity, male rats, 28962
muscimol microinjections into median vs dorsal raphe nuclei vs ventral tegmental area, food & water intake, male rats, 873
post training bicuculline methiodide vs muscimol in amygdala, retention of inhibitory avoidance response, male rats, 39253
semicarbazide with vs without muscimol to periaqueductal gray, conditioned place aversion or preference, male rats, 32183
sodium valproate, plasma prolactin, chronic schizophrenic 44–65 yr olds with vs without tardive dyskinesia, 19178
substance P vs muscimol injected into basal forebrain, inhibitory avoidance learning, male rats, 7897
Gamma Aminobutyric Acid Antagonists [See Also Picrotoxin]
benzodiazepine or GABA antagonists, anticonflict effects of diazepam or zopiclone or lormetazepam or flurazepam or phenobarbital in amygdala in water lick suppression test, male rats, 39392
bicuculine, signal detectability in lateral geniculate nucleus relay cells, tree shrew, 39322
bicuculline injection to principal prefrontal cortex, delayed response task performance & neuronal activity, monkeys, 25303
bicuculline vs picrotoxin microinjection to posterior hypothalamus, cardiorespiratory & locomotor activation, cats, 4506
bicuculline with vs without pentobarbital or muscimol or triazolam, GABA receptor system & circadian rhythm of locomotor activity, SK/Nga vs C57BL/6 mice, 25210
ethanol with muscimol vs GABA antagonists, retention of passive avoidance behavior, male mice, 4330
ethanolamine-o-sulfate or gamma vinyl GABA, brain GABA & food & water intake & open field behavior & catalepsy & pain sensitivity & temperature, male rats, 25278
forced swimming with vs without GABA agonist vs antagonist pretreatment, endogenous GABA content in nucleus accumbens vs cortex vs brainstem, male rats, implications for depression, 4223
GABA antagonists into magnocellular red nucleus, classical conditioning of nictitating membrane response, male rabbits, 11231
GABA receptor agonists baclofen vs 4,5,6,7-tetrahydroisorazolo (5,4-c) pyrindin-3-01 vs antagonist bicuculline, penile reflexes & copulation, male rats, 4406
microinjection of GABA antagonists into dorsal periaqueductal gray matter vs medial hypothalamus, flight behavior, detelencephalated male rats, 18245
microinjections of GABA antagonist bicuculline into inferior colliculus, escapelike defensive reaction, male rats, 21717
microiontophoretic bicuculline, ocular dominance in visual cortical neurons, cats reared with normal vs abnormal monocular visual experience, 28719
morphine into periaqueductal gray or medial hypothalamus, escape behavior induced by bicuculline infused into same brain sites, male rats, 25248
N-valproyl GABA vs sodium valproate, bicuculline or ECS induced convulsions, male mice, 39169
picrotoxin vs bicuculline vs 3-mercaptopropionic acid, passive avoidance & conditioned suppression, male mice, 28937
post training bicuculline methiodide vs muscimol in amygdala, retention of inhibitory avoidance response, male rats, 39253
posttraining GABAergic antagonists, retention of inhibitory avoidance & discrimination tasks, male mice, 25194
semicarbazide with vs without muscimol to periaqueductal gray, conditioned place aversion or preference, male rats, 32183
Ganglia [See Also Basal Ganglia]
alimentary electrical skin stimulation, conditioned defensive reflex & command neuronal activity in parietal ganglia, edible snails, 21682
Ganglion Blocking Drugs [See Chlorisondamine, Hexamethonium, Mecamylamine, Nicotine]
Ganglion Cells (Retina)
addition of rods, responsivity & sensitivity of dark adapted retinal ganglion cells, goldfish of different sizes, 4097
retinal noise & action potentials from single ganglion cells & visual sensitivity in dark adapted eyecup, frogs, 604
variance vs firing rate of light evoked retinal ganglion vs cortical cell responses, goldfish, 4119
Gangs (Juvenile) [See Juvenile Gangs]
Ganser Syndrome [See Factitious Disorders]

Gastrointestinal Disorders [See Also Colon Disorders, Constipation, Diarrhea, Fecal Incontinence, Gastrointestinal Ulcers, Ulcerative Colitis, Vomiting]
apparent late onset anorexia nervosa subsequently diagnosed as peptic ulcer & gastric outlet obstruction, 30 yr old Chinese housewife, case report, 40128
applied relaxation & situational analysis of pain onset, patients with non-ulcer dyspepsia, 19880
aspiration pneumonitis after ECT, 34 yr old female & 58 yr old male with gastroparesis & major depression, 23165
biofeedback & cognitive & relaxation training, stress reduction & self control & coping skills, patients with irritable bowel syndrome, 9453
Crohn's disease & its treatment, development of bulimia nervosa, female 16–17 yr olds, case reports, 37240
historical review of W. Beaumont's study of emotions & gastric responsivity, 16159
lithium chloride &/vs morphine, gastrointestinal illness & nausea induced analgesia, male rats, 7946
metoclopramide induced akathisia side effects, 46 yr old male with gastrointestinal reflux, case report, 2479
naloxone vs beta endorphin in central amygdala, cold restraint induced gastric pathology, male rats, 4259
neuroticism & other personality traits & alcohol dependency & related disabilities, upper gastrointestinal disease, male soldiers in endoscopy clinic vs hospital alcohol treatment unit, UK, 23078
nonpunitive confrontation without demand for abandonment of patient role, management of factitious gastrointestinal bleeding, 28 yr old female, case report, 9629
prevalence of anxiety disorders & etiologic role of stress, patients with gastrointestinal illness, 12355
sensitivity & specificity of General Health Questionnaire, detection of psychiatric comorbidity, 18–87 yr old gastroenterology patients, 38644
superior mesenteric artery syndrome presenting as anorexia nervosa-like illness, 16 yr old female, case report, 12427
underlying parasitic infection in abdominal pain & psychosocial stressors, 15 yr old male immigrant from South Africa, 40377
Gastrointestinal System [See Also Intestines, Stomach]
cholecystokinin-octapeptide, food intake & gastric emptying, nonobese males, conference presentation, 25274
gastric control & cholecystokinin & fenfluramine, satiety & food intake, patients with anorexia nervosa or bulimia, conference presentation, 30068
gastrostomy with vs without fundoplication, prevention of aspiration pneumonia, mentally retarded 1.5 mo to 58 yr olds, 37602
naloxone, time course of suppression of sham feeding, gastric fistulated male rats, 18360
pyloroplasty, liquid phase gastric emptying & cholecystokinin induced satiety, male rats, 35750
removal vs neutralization of pylorus, gastric outflow & food intake & eating & ruminating, ewes, 35755
rotation speed of optokinetic drum, perceived illusory self motion & motion sickness symptoms & gastric myoelectric activity, college students, 28711
Gastrointestinal Ulcers
activity stress ulcer, open field behavior, spontaneously hypertensive vs normotensive rats, 39187
apparent late onset anorexia nervosa subsequently diagnosed as peptic ulcer & gastric outlet obstruction, 30 yr old Chinese housewife, case report, 40128
bismuth intoxication, development of neuropsychiatric symptoms, male 41 yr old with previously healed duodenal ulcer, case report, 30531
buspirone dosage with vs without haloperidol vs apomorphine, formation of cold immobilization gastric stress ulcers, male rats, 28976
cardioception & personality measures, detection of alexithymia, adults with essential hypertension vs duodenal ulcers, conference presentation, 19629
common irrational beliefs, 18–71 yr olds with low back pain or peptic ulcers or migraine headaches, 2004
enriched environment with vs without female vs male partner & restraint stress, voluntary ethanol consumption & ulcer development, male rats, 4469
nature of manifest anxiety, patients with peptic ulcer vs neurosis vs outpatients, India, 37160
personality pattern, patients with relapse of duodenal ulcer treated with maintenance antisecretory drugs, 2505
personality profile, males with peptic ulcer, India, 37069
restraint stress, electrophysiological activity in central nucleus of amygdala & emotionality & stomach erosions, Roman vs Wistar rats, 11113
role of amygdala central nucleus in stress ulcer formation & coding of stressfulness of aversive stimuli & differentiation of stress susceptibility & emotionality & avoidance types, rats, 14760
signalled vs unsignalled tailshock, gastric contractility & lesions, rats, 21678
Type A behavior pattern, patients with myocardial infarction vs peptic ulcer vs cardiological problems vs circulatory disturbances vs digestive disorders, 9240
Gates MacGinitie Reading Tests
predictive validity of Boehm Test of Basic Concepts & Gates-MacGinitie Reading Tests, reading achievement, 1st graders, 3 yr followup, 10269
Gates Reading Readiness Tests [See Gates MacGinitie Reading Tests]
Gates Reading Test [See Gates MacGinitie Reading Tests]
Gay Liberation Movement [See Homosexual Liberation Movement]
Gazing [See Eye Fixation]
Gender Differences [See Human Sex Differences]
Gender Identity
ambiguous gender socialization & assignment & gender identity & 3rd sexual category, Sambia male pseudohermaphrodites with 5 alpha reductase deficiency, Papua New Guinea, 5664
biological sex & psychological gender, leadership behavior, college students, 11766
concordance for prenatal history & diagnosis & female sex assignment & masculinizing puberty, choice for vs against sex reassignment, 46XY hermaphroditic siblings, 9151
cross gender behavior & psychopathology, 5–12 yr old male psychiatric outpatients, implications for diagnosis of Gender Indentity Disorder of Childhood, 36541
death of father during infancy, sexual identity & role development, homosexual female analysand with writer's block & problematic love relations, 36777
early effeminate behavior, sexual preference outcome, male 6–16 yr olds & their families, 30 yr study, 36188
evolution & etiology & biopsychological process of homosexuality & gender identity, 1316
gender dysphoria & sexual responses to cross dressing, heterosexual males, implications for revision of diagnostic criteria, 4901
gender identity & social factors & surgical sex reassignment & adjustment, 16–42 yr olds with male pseudo-hermaphrodism who had been raised as females, Saudi Arabia, 9044
gender schema theory of biological & environmental gender differentiation & sex typing & androgyny, 29108
image of father in depth psychology & role in formation of gender identity in his offspring, implications for incest, 32528
model of gender dysphoria for classification of transsexualism as syndrome vs symptom, conference presentation, 1583
periodic table model of gender transpositions & biobehavioral masculinization & defeminization, 36357
psychoanalysis, intense hypochondriacal reaction & gender conflict, 43 yr old male, case report, 33853
psychoanalysis, understanding process of gender identity formation, female analysand, 40670
psychoanalytic theory of ego splitting & normal vs pathological formation of gender identity, clients, 40503
psychoanalytic treatment, 11 yr old male with bisexual conflict, case report, 16427

psychobiography of W. Whitman & gender bipolarity & creativity as sexual metaphor in his poetry, 15001
psychodiagnosis & hormonal or sex reassignment & individual &/or group therapy & gender identity issues, transsexual clients, 30188
regression therapy with hypnosis, hermaphroditic 32 yr old raised as female who later assumed male identity, case report, conference presentation, 16371
sex reassignment surgery, treatment satisfaction & adjustment to new gender role, transsexual 19–69 yr olds, Netherlands, 27064
sex role vs gender identity, concepts of masculinity & femininity, 29425
thought organization & object representation assessed by Rorschach Test, male 5–12 yr olds with gender identity disorder, 22656
utility & factor structure of MMPI Gender Dysphoria scale, primary gender dysphoric males who were scheduled for or had completed gender reassignment surgery vs secondary gender dysphoric patients, 21130
General Anesthetics [See Also Thiopental]
nitrous oxide & oxygen atmosphere, memory impairment assessed by covert association & word completion vs overt recall tests, 18–33 yr olds, 21714
spatiotemporal orientation & concentration & visual memory before vs after elective surgery with general anesthesia, middle aged vs elderly patients, 2648
General Aptitude Test Battery
clinical utility of Career Ability Placement Survey vs General Aptitude Test Battery, assessment of vocational aptitude, 14–50 yr olds with psychiatric disabilities, 36528
discrepancies between aptitude levels required for jobs as derived from government estimates vs General Aptitude Test Battery norms, vocational decision making, counselors, 41022
legal objections by US Department of Justice, race normed General Aptitude Test Battery score use in government sponsored employment referral programs, commentary, 24313
General Practitioners
assessment & treatment decision making regarding depressed patients, trainee general practitioners vs psychiatrists, 6637
attitudes toward epilepsy, general practitioners, England, 9026
beliefs about diabetes & its management, hospital doctors vs general practitioners, 16733
brief smoking cessation intervention by general practitioners with vs without support from smokers' clinic, general practitioners & their 16 yr old & older patients, 16986
communication in consultation with general practitioner, understanding of doctor's instructions & advice, patients, 23530
communication style & sensitivity to psychological aspects of medical complaints, general practitioners, 23544
cotherapy in health care system with "stuck" families, general practitioners & psychiatrists, Norway, 5999
diagnostic typology type, consistent application in primary care psychodiagnosis, senior general practitioners, 22564
educational program on aspects of depressive disorders, general practitioners, Sweden, 34517
establishment of ease of access walk in service, referrals to ambulatory psychiatric service, general practitioners, 20108
evaluation of educational programs on prevention & treatment of depression, general practitioners, Sweden, 3001
experiences with & strategies for treatment of opiate abusing patients, general practitioners, 9888
extent of patient information & instruction & education in general practice, doctor patient interactions, doctors & patients, Netherlands, 6280
group teaching, improvement in psychiatric interviewing skills, general practitioners, 30891
knowledge about chronic bronchitis & emphysema, patient compliance enhancing activities, male primary care practitioners, 20058
motivation & quantity of nicotine chewing gum used, success in general practitioner administered smoking cessation program, male vs female adult smokers, 41068
opportunities & dangers of working with general practitioners, psychiatrists, 20380
outcomes, treatment by specialist mental health professionals vs general practitioners, meta analysis, 20041
patient's information preferences & satisfaction & physician's perceptions of patient preference, 13–80 yr old patients & their general practitioners, 12977
perceptions of work role, general practitioners, England & Wales, 9933
referral of patients to psychiatry & other mental health specialists, general practitioners, literature review, 27095
use of antidepressant drugs & kinds of patients treated, general practitioners, literature review, 40809
Generalization (Cognitive) [See Cognitive Generalization]
Generalization (Learning) [See Also Response Generalization, Stimulus Generalization]
attribution & learned helplessness theories, skill generalization, implications for music therapy, 12588
augmentative & alternative communication systems, acquisition & generalization of communication skills, severely disabled children & adults, 13180
behavioral approach to language generalization, children, 36100
behavioral parent training in 2 home settings, generalization to 3rd home setting, mothers of autistic 3.8–5.3 yr old males, 19872
CATCH social skills training program, skill development & generalization & self perception, mildly mentally retarded 13.1–15.8 yr olds, Australia, 34743
category structure & generalizability of short term memory skills for dinner orders, male waiter, 7447
causal attributions heuristics, superstitious vs rationalistic analysis based generalization of procedures, college students, 14458
changes in knowledge & control of language patterns during acquisition, generalization, children, implications for language disorders or mental retardation or psychosis, 36527
chronological account of Pavlovian conceptualization of reinforcement & extinction & formulation of generalization & differentiation of conditioned reflexes, 38996
conditioned discrimination task, equivalence class formation in language development, normal preschoolers vs mentally retarded children with vs without speech, 40323
conditioned taste aversion to sodium saccharin vs quinine hydrochloride, generalization to sucrose or other flavors, male rats, 10922
cross generalization of learned taste aversions & chorda tympani neural response patterns, hamsters, 38975
cues-pause-point training with generalization assessments, use of signed labels in question answering, moderately & mildly mentally retarded male 18 & 20 yr olds, 12784
decision rules for facilitating skill generalization, profoundly & severely mentally retarded 6.8–20.6 yr old students, 17266
definitions of language generalization in language disorder literature, 36951
delayed identity matching to sample, generalization to novel stimuli, mentally retarded adolescents with IQ less than 40, 22855
different CS, transfer of positive contextual control, male rats, 17958
discrimination & generalization ability & difference limen & SES, borderline mentally retarded 13–15 yr olds, 8947
discrimination of anxiogenic betacarboline FG 7142, generalization to footshock vs novelty stimulus, male rats, 18370
emergence of generalized vs specific sample comparison control in identity matching & oddity, 4.6–7.9 yr olds, 25530
generalization of learned coo sound discrimination to novel natural vs synthetic vocalizations & role of acoustic features, Japanese macaques, 18018

generalization of learned ethanol aversion to single or compound taste solutions, rats with lesions of gustatory neocortex or olfactory bulb, 7810
generalization of learned social skills to nonresource room settings, learning disabled 1st–5th graders, 20571
generalization of problem solving strategies, mentally retarded, literature review, 22841
generalization of within clinic correct articulation through self monitoring to nontreatment environment, 2nd–4th graders, 16683
generalization to alcohol of learned aversions to sucrose &/vs quinine & hydrochloric acid, rats, 426
generalized case training procedure, telephone usage, learning & generalization, 17–21 yr old severely mentally retarded special education students, 27697
generalized training procedure, information requesting behavior & conversation, 46–63 yr olds with chronic Broca's aphasia, 37587
home safety skills training from mother, generalization to 5 yr old brother, 8 yr old male, 16509
individualized curricular sequencing, acquisition & generalization of skills, 2.9 & 3.2 yr old males attending school for developmentally delayed & multiply handicapped students, 10171
induced incorrect generalizations, learning laws of reflection of light, high school students, India, 27619
inducing & correcting overgeneralization errors in foreign language teaching method, learning exceptions to grammatical rules, college students in French course, 13513
instruction on extension component within self care routine, generalization to other components or same components of another routine, severely retarded 10–12 yr olds, 16483
learning & retention & generalization & language ability & computer assisted instruction, mentally retarded, implications for teaching & computer software, 10178
learning strategies program using tutorial & team teaching, generalization of special education skills in mainstream classes & independence & achievement, learning disabled 9th & 10th graders, 34753
learning transfer & learning by example for novel tool uses & biology information, 3–5 yr olds, 8001
linguistic information & basic vs superordinate level categories, inferences about internal structure of objects & generalization of newly learned information, preschoolers vs 2nd graders, 4601
maintenance & generalization following problem solving strategy training, 24–31 yr olds with closed head injuries, 23713
mastery of high risk sport skill, generalization of self efficacy & reduction of psychophysiological anxiety response to lab stressors, 18–25 yr old males, 13974
modeling & contingent praise of play behavior by mother, generalized imitation in motor responses during play, male 10 mo olds & their mothers, 15102
overt activity with vs without feedback in active &/vs passive training conditions, generalization of speaking skills, 5.4–7.3 yr olds, Canada, 11423
presence of preschool peer tutor, generalized responding on 2 academic tasks, 3.4 & 4 yr old students, 10071
productive phonological knowledge & generalization learning, role of linguistic analysis & experimental design, commentary reply, 26421
productive phonological knowledge, generalization learning, children with articulation disorders, commentary, 26419
receptive & expressive matrix training with known vs unknown word combinations, recombinative generalization, severely mentally retarded 7.4 vs 9.3 vs 18.9 yr olds, 27035
reinforcement probability using 1 vs 2 schedules, persistence of learned behavior & generalization of persistence & extinction in dual task performance, college students, 28338
reinforcement, response force conditioning & generalization across behaviors, commentary, 38718
role playing procedure & generalization effects in training program for cafeteria use, moderately to severely mentally retarded adults, 30775
self evaluation training, generalization of classroom rules & work behaviors across settings, 9–11 yr old emotionally disturbed students, 34717
self perceptions of coping self efficacy, therapeutic generalization, agoraphobic 27–69 yr olds, 30399
short term parent training program, generalization of parenting skills to play situations & maternal teaching behavior, 21–31 yr old mothers of 15–34 mo olds with developmental disabilities, 33920
simultaneous sound position training, generalization, kindergartners with residual articulation problems, 37590
social skills training with vs without self monitored videotape feedback, interactions with peers & conversation with novel partner, severely & trainable & educable mentally retarded 23–63 yr olds, 27269
special education emphasizing generalizable skills with specific feedback & contingent based instruction, analogical reasoning, 1–8 yr olds with learning or behavior disorders, 27716
stimulus & reinforcer fading procedure, acquisition & generalization of unsupervised responses, profoundly mentally retarded 20 yr old male, 2409
stimulus control & positive & negative reinforcement, generalization of toileting skills, hydrocephalic 9 yr old male, 9447
stimulus variation, generalization performance, trainable mentally retarded 75–120 mo olds, 27738
stress inoculation therapy, reduction in aggressive behavior & generalization to day school setting, behaviorally disordered 6–14 yr old males, 16500
structural transformations & optimal conditions, skill acquisition & generalization, 15067
study processing, free recall of picture names & generalization in picture identification, college students, implications for concept formation & memory systems theories, 24878
summed similarity decision rule in exemplar based generalization model, classification learning & recognition memory & typicality judgments, 14466
summer session college level introductory psychology course, knowledge gain & educational & career plans, gifted 7th–10th graders, 6 & 18 mo followup, 27718
tactile prompts, task performance & generalization to novel tasks, deaf & blind & moderately to severely mentally retarded 19 yr old female, 30371
teaching strategy using easy vs difficult examples, generalization of liquid pouring ability to untrained pitchers & receptacles, profoundly mentally retarded 9–19 yr olds, 38199
training, acquisition & generalization of labeling & data entry skills, moderately mentally retarded 18–25 yr olds, 20266
training in mass vs volume vs weight conservation, acquisition & generalization to mass vs violence vs weight, 5 yr olds, 15097
training in verbal label responding, generalization to maladaptive speech correction, severely or moderately mentally retarded 13–40 yr olds, 20034
training method, development of equivalence relations & auditory stimulus control in discrimination task, mentally retarded 11.3–23.7 yr olds, 5553
training to discriminate circles vs ellipses, generalization to more difficult tasks, 2.0–2.2 yr olds, 25529
underlying knowledge & familiar vs novel processes, language generalization, children, implications for speech or language disorders, 36956
undesirable competing responses, generalization of adaptive skills, 26 yr old female with severe mental retardation, 26901
unimodal tactual word recognition training &/vs tactual speech perception aids with vs without amplified audition, generalization to novel speech stimuli, profoundly hearing impaired 5–11 yr olds, 30800
universal law of generalization, single learning trial with novel stimulus, commentary & reply, 28320

videotaped exemplars from regular education classroom & practice, question asking in mathematics, learning disabled 4th graders, 31212
visual & auditory cues, generalization of visual matching, bottlenosed dolphin, 28420
visual discrimination learning & generalization, pigeons, 7558
visual flicker rate continuum, dimensional stimulus control, pigeons, 31921
Generalization (Response) [See Response Generalization]
Generalization (Stimulus) [See Stimulus Generalization]
Generation Gap
acceptance of cultural values & social norms & extent & meaningfulness of intergenerational interaction & marihuana use, college students vs their parents or guardians, 18699
Genes
associations with alcoholism & sibling linkages on phenotypes for various polymorphic marker loci, families with depression spectrum disorders, 15599
gene mode of inheritance, families of Tourette syndrome patients, 16201
genetic linkage of DNA polymorphisms on chromosome 5, families with multiple schizophrenic members, England & Iceland, 22639
genotypes deduced from polymorphic alleles of gastrin releasing peptide vs neuropeptide Y vs somatostatin vs substance P, patients with affective disorder vs schizophrenia, conference presentation, 1581
lack of genetic linkage of polymorphism markers on chromosome 5, family with multiple schizophrenic members, Sweden, 22575
location of gene encoding beta subunit of S100 protein on chromosome 21, implications for neurologic disturbances in Down's syndrome, 5532
long term selection for geotaxis, low line stable equilibrium for positive geotaxis & evolution of new coadaptation among genes, drosophila, 597
use & informativeness for linkage studies of protein polymorphic loci detectable through 2 dimensional electrophoresis, humans & mice, conference presentation, 591
Genetic Counseling
attitudes toward & beliefs about genetic counseling & birth defects, highly orthodox Jewish families of Down's syndrome or oral cleft 1–10 yr olds, Israel, 6277
correlates of satisfaction with professional client encounters, genetic counselors, 6636
prior reproductive attitudes & expectations for counseling, understanding & interpretation of genetic counseling about child's birth defects, mothers, 40874
social impact & cultural meaning of amniocentesis, genetic technicians & counselors & patients, 20081
Genetic Disorders [See Also Albinism, Autosome Disorders, Chromosome Disorders, Downs Syndrome, Hemophilia, Klinefelters Syndrome, Phenylketonuria, Sex Chromosome Disorders, Sex Linked Hereditary Disorders, Trisomy, Trisomy 21, Turners Syndrome]
attitude toward screening for beta thalassaemia in children, Asian Muslim parents of school age children intending to arrange marriages, UK, 37017
brain acetylcholinesterase activity, patients with dominantly inherited olivopontocerebellar atrophy, 9109
cognitive phenotype of inherited reading & spelling disabilities, 2–53 yr old extended family members, 8934
development of Health Orientation Scale, measurement of emotional reactions to sickle cell trait & screening, carriers vs noncarriers before vs after counseling, 24668
diagnosis & treatment of genetic abnormalities in mental retardation, 36913
dietary restrictions, participation in Passover meal or reception of Communion, 5–71 yr olds with Celiac-Sprue disease with different religious affiliations, 1961
familial syndrome of infantile optic atrophy & movement disorder & spastic paraplegia, children & adolescents & adults, 2–19 yr followup, 37002
intelligence & cognitive processes & learning difficulties & clinical findings, 4.3–18.7 yr olds with neurofibromatosis vs normal 4.7–20.9 yr old siblings, 12525
magnetic resonance imaging abnormalities & clinical characteristics, 9 mo to 18 yr olds with neurofibromatosis, 33507
postpartum psychosis, 27 yr old Ashkenazic Jewish female with GM2 gangliosidosis, case report, 19560
proposed pseudoautosomal locus of genetic predisposition to psychiatric disorders, 26768
pseudoarylsulfatase A deficiency, 14 yr old psychiatrically disturbed male, case report, 37111
risk of major depression, 1st degree adult relatives of patients with delusional depression, implications for genetic inheritence, Greece, 19160
satisfying heterosexual relationship, genetic females reared as males with adrenocortical hyperplasia & male with anorchia, 12523
spontaneous mutation vs genetic engineering & animal models of muscular dystrophy & other neurogenetic disorders, mice, 5660
Genetic Dominance
additive model of genetic dominance, assessment of sibling correlation for extraversion, dizygotic vs monozygotic twins, 590
single dominant gene model for transmission of schizophrenia, commentary with reply included, 33127
Genetics [See Also Related Terms]
adverse reactions to neuroleptic therapy, length of psychiatric hospitalization, schizophrenic patients with depressed vs schizophrenic parent, 23387
age, memory & learning deficits in passive avoidance & open field behavior, senescence accelerated vs resistant mice, 21481
alexithymia, adult males at high vs moderate vs low genetic risk for alcoholism, 1872
animal parent characteristics, judgment of genetic transmission to offspring, 4–7 yr olds vs adults, 32447
application of molecular genetics to neuropsychiatric disorders, literature review, 37101
artificial selection & genetic variation for territorial success, male Drosophila melanogaster, 14653
attitudes toward nature vs nurture controversy regarding intelligence, college students, Israel, 18076
autosomal & heterosomal factors, behavioral components & body & testes weight, heterogeneous line of mice developed from cross between unrelated inbred strains, 602
background factors & biological variables in research on genetic liability for schizophrenia, conference presentation, 1585
behavioral genetic models, IQ correlation & variance, fathers & sons, commentary, 14657
behavioral reactivity vs immobility & genetic & developmental factors, mediation of aggressive behavior, mice, 14651
between vs within family factor analysis, assessment of cognitive abilities & general intelligence, adolescent or older sibling pairs of European vs Japanese descent, Hawaii, 1466
biologic & genetic markers, patients with Alzheimer's disease, 12505
biological correlates & genetic bases & psychopathology of psychoticism in personality, conference presentation, 36505
biometrical genetic analysis of handedness, male vs female 8–80 yr old twins, England, 593
biopsychosocial model of alcoholism, 36901
birth complications & size of brain limbic structures, families with at least 2 schizophrenic siblings, 15662
chromosome effects & interactions over 600 generations, lines of Drosophila melanogaster selected divergently for geotaxis, 596
clinical phenomenology & nosology & diagnosis & patterns of transmission of depression, 8538
computer program, identification of misconceptions in genetics problem solving, college education majors, 27536

concordance for schizophrenia & discordance for severity of disorder, monozygotic female quadruplets, implications of followup study, 29600
critical survey of genetic involvement in schizophrenia, Belgium, commentary, 15797
CSF choline levels & acetylcholinesterase, familial vs nonfamilial Alzheimer's disease patients, 12428
definition & characteristics of norm-of-reaction vs reaction range terms, description of phenotype expression of genotype in animal research, 399
demography & psychiatric morbidity & motor consequences of long term neuroleptics, siblings born to father with family history of schizophrenia & mother with affective disorder resulting in suicide, 19254
design considerations for linkage studies using recombinant DNA markers, patients with affective or other psychiatric disorders, conference presentation, 1625
developmental vs genetic factors, ontogeny of song, birds, 25 commentaries & reply included, 24985
differential behavioral salience of geographic song variations & syntax, adult male swamp sparrow from populations with differing gene frequencies, 14647
DNA probes & gene mapping for manic depression & schizophrenia, 29509
dominant & polygenic transmission of schizophrenic inheritance, families of schizophrenic patients, 1586
duration of stimuli precluding eye movements, color identification, female carriers of color blindness vs males with normal color vision, 29892
engineering genetic mutations, learning & storage in memory, drosophila, 4060
environment & genetics, occupational status & educational attainment & IQ, twin pairs born in 1931–35 vs 1944–60, 35575
environment &/vs heredity, interest in music profession & performance in or out of school & receiving honors for music, young adult twins, 35564
environmental & genetic determinants in development of intelligence & personality & psychopathology, 25402
environmental & genetic factors, preference for odors of male mice with +/+ t-complex genotype, female house mice, 18073
environmental factors in cultural genetic epistemology, expansion of Piaget's theory, 18513
epigenetic rules, learnability of culture & developmental theories & language acquisition, 25394
estimates of heritability of mental traits, 29421
etiologic hypotheses & risk factors & genetic background, patients with Alzheimer's disease, conference presentation, 12325
etiology & physiological characteristics of Rubinstein-Taybi syndrome, 17 yr old male & 18 yr old female, case reports, Italy, 33492
evolutionary theory of r/K reproductive strategies & sexual characterisitics, personality & sexual behavior, Asians vs Whites vs Blacks, commentary reply, 32747
evolutionary theory of r/K reproductive strategies & sexual characteristics, personality & sexual behavior, Asians vs Whites vs Blacks, commentary, 32739
evolutionary theory of r/K reproductive strategies & sexual characteristics, personality & sexual behavior, Blacks vs Asians vs Whites, commentary reply, 32748
evolutionary theory of r/K reproductive strategies & sexual characteristics, personality & sexual behavior, Blacks vs Whites vs Asians, commentary, 32740
exact population genetic vs inclusive fitness models of kin selection, evolution of altruism, 7632
eye tracking dysfunctions, schizophrenic offspring of discordant twins, 1611
familial distribution of schizophrenia, Iceland, 5239
familial transmission, substance abuse, patients admitted to inpatient chemical dependency center, 29772
familiality of avoidant & dependent & borderline & flamboyant cluster & anxious cluster DSM-III personality disorders, patients with panic disorder or other Axis I diagnoses, 22623
family & medical history & morbidity risk, 1st vs 2nd degree relatives of 54–91 yr old patients with dementia of Alzheimer type, conference presentation, 12452
family handedness & college major, mental rotation task performance, male vs female college students, 35339
family history & HLA-DR antigens, possible genetic link between multiple sclerosis & affective disorders, multiple sclerosis patients with vs without bipolar vs unipolar disorder, 23042
family history of psychiatric disorders, patients with social phobia vs panic disorder, 5310
family history of psychosis, visual EP latencies, medicated schizophrenic males, 22638
food deprivation, brain levels of monoamines & their metabolites, lean vs genetically obese rats, conference presentation, 25148
FR size, ethanol reinforced behavior rates, ALKO alcohol accepting rats, 39379
frequency of Alzheimer's & other CNS diseases in relatives, patients with multiple myeloma, 37035
genetic & cultural factors, cross cultural emotional expression, 369
genetic & environmental factors, IQ distributions, fathers & sons, commentary reply, 14659
genetic & environmental factors, neuroticism & extraversion & impulsivity & monotony avoidance, monozygotic or dizygotic twins reared apart vs together, 15203
genetic & environmental factors, susceptibility for subtypes of alcohol abuse, adoptees of alcoholic vs nonalcoholic biological vs adoptive parents, conference presentation, 1860
genetic & environmental influences, intelligence & speed of cognitive processing, 8–18 yr old dizygotic twins, 8020
genetic & environmental influences of cognitive & temperament measures, 2 yr old adoptive vs nonadoptive siblings, 4732
genetic & environmental influences, phonological vs orthographic coding, 7.7–22.9 yr olds with vs without reading disabilities, conference presentation, 33418
genetic & social factors, alcoholism, 10–16 yr old males with alcoholic vs nonalcoholic fathers, 36–41 yr followup, 12245
genetic & social learning & other theories, development of aggression & altruism, 8154
genetic ability to taste phenylthiourea/6-n-propylthiouracil, perceived bitterness of sodium benzoate vs potassium chloride vs potassium benzoate, adults, 24703
genetic component of major affective disorders, literature review, 26129
genetic components of schizophrenia & bipolar affective disorder & alcoholism & panic disorder, 29461
genetic determinants, apomorphine induced climbing & locomotor activity, mice, 7831
genetic determinants of symptoms of panic vs neuroticism, same sex twins, Australia, 15729
genetic factors, etiology of Alzheimer's disease, literature review, 33559
genetic factors in etiology & biological vulnerability & heterogeneity, patients with psychiatric disorders, conference presentation, 1678
genetic factors in etiology of anorexia nervosa, adult female twin pairs, conference presentation, 29969
genetic factors in psychopharmacology of psychoactive drugs, humans & animals, implications for substance abuse, conference presentation, 894
genetic factors, job satisfaction, monozygotic twins reared apart, implications for heritability of job characteristic preferences, 25020
genetic factors, music ability, conference presentation, 32899
genetic heritability of alcoholism & its comorbidity with affective & antisocial personality disorders, 36865
genetic heterogeneity & personality traits & classification of alcoholism, adopted adult offspring of alcoholics, Sweden & US, 29753
genetic influences, learning disabilities & Tourette syndrome & developmental dyslexia, literature review, 11894

genetic influences, perceptions of childhood family environment, adult identical vs fraternal twins reared apart vs together, 1232
genetic influences, spatial ability, 8 yr old & older members of 4 generations of extended kin, 36090
genetic link between male color patterns & female mating preferences, 2 guppy populations, 4062
genetic linkage analysis of catecholamines through tyrosine hydroxylase activity, patients with manic depression, conference presentation, 1650
genetic linkage analysis using minisatellite mapping procedure, patients with manic depression, conference presentation, 1609
genetic linkage, families with stuttering & bipolar illnesses, 25984
genetic linkage of DNA polymorphisms on chromosome 5, families with multiple schizophrenic members, England & Iceland, 22639
genetic marker loci, affective disorder, members of unrelated multiplex families with bipolar proband, 8741
genetic mechanism & role of environment in inheritance of color preferences, Japanese quail chicks, 18071
genetic mechanisms underlying territorial behavior & motivation, desert spider strains, 35544
genetic obesity, circadian patterns of feeding & drinking, male mice, 14652
genetic odors, discrimination between nestmate & nonnestmate sisters & aunts & nieces & cousins, 18066
genetic pathways mediating aggressiveness, male vs female mice, 18070
genetic predisposition & temperament & neurochemistry & neuropsychological effects & defenses, relapse, alcoholic patients, 26344
genetic preference, foraging behavior for high protein vs high energy content of food, Drosophila melanogaster larvae, 581
genetic relatedness &/or environmental factors, odor discrimination of human infant twins, dogs, 32023
genetic similarity & intelligence, mate selection, adults, 1319
genetic similarity, mate selection & sexual interaction, couples, 21476
genetic similarity vs kin selection theory, commentary reply, 39073
genetic transmission & linkage in pervasive developmental disorder, development of Tourette disorder & hyperlexia preceding improvement in adaptive behavior, brother & sister, 29438
genetic variability, behavior during optimal vs stressful environments, drosophila vs rodents vs humans, literature review, conference presentation, 14655
genetic variability for olfactory responses, Drosophila melanogaster from heterogeneous vs homogeneous environments, 35563
genetic variability in sexual behavior, Drosophila melanogaster, 14634
genetic variations in physical fitness & motor training, development of individual differences in motor performance, young & adult animals, 14648
genetic vs environmental contributions, IQ change, adopted vs biological 3–14 yr olds, 10 yr followup, application of path model, 39545
genetic vs environmental factors, general & technical comprehension & arithmetic skills abilities, 18–19 yr old male twins Army recruits, 1950–54, Norway, 13955
genetic vs environmental factors in GSR & heart rate & auditory EP, orienting reaction, monozygotic vs dizygotic twins, 4064
genetic vs environmental influences, development of psychopathology, siblings, 5316
genetic vs environmental influences, rate of peeping behavior & defecation & movement, domestic chicks, 4052
genetic vs environmental influences, specific cognitive abilities, adopted children at ages 3 & 4 & their parents or guardians, longitudinal study, 7998
genetic vs environmental perspective, changes in intelligence & academic aptitude, 4059
genetic vs environmental transmission of cognitive abilities, adopted vs nonadopted 4 yr olds & their biological & adoptive parents, test of conditional path model of assortative mating, 36079
genetic vs environmental variance on MMPI factors, 14–34 yr old same sex twins, 1117
genetics & frustration-aggression, group propensity for violence, commentary, 36225
genetics & personality traits, willingness to drive drunk, 18–34 yr old twins, 28579
genetics & physiological & personality markers, high alcoholism risk, males, literature review, 22812
genetics & prevalence of depression & mania & bipolar disorder, conference presentation, 19175
genetics & psychometrics, animal model of minority group test bias in maze learning, rats, 14126
genetics & stress, coronary morbidity & mortality, conference presentation, 30070
genetics, downward IQ shift similarity, 7–20 yr old male siblings with Duchenne progressive muscular dystrophy, 26597
genetics, ethanol self administration, long vs short sleep mice, 21473
genetics, IQ test differences, Hispanic children, commentary, 21987
genetics, mental & cognitive abilities, biological & adoptive parents & their children assessed from age 1–7 yrs, 25456
genetics of intellectual abilities & personality & psychopathology, literature review, 11004
handling by E, vocalization rate, inbred vs hybrid vs wild mice, construction of genetic threshold model, 18068
heredity, motor activity circadian rhythm, mice, 35565
heritability & rearing environment, kin recognition, sweat bees, 18067
heritability of conditioning of proboscis extension reflex, honeybees, 587
heritability of pupal height, Drosophilia melanogaster progeny of crosses between high vs low pupating males vs females, 586
historical model of alcoholism as hereditary illness, implications for treatment & prevention & social policy, 29759
immune responsiveness to viral pathogens & genetic predisposition, etiology of schizophrenia, 15758
inclusion of environmental factors in models of genetic segregation & linkage, psychiatric patients, conference presentation, 1584
inheritance, dispersal tendencies, female spruce grouse & offspring, 1965–85, Canada, 561
inheritance of open field behavior & locomotion, paradise fishes, 14650
interactionism & Piaget's genetic epistemology, 38558
item genetic analysis of Eysenck Personality Questionnaire measuring genetic structure of personality, 18 yr old & older monozygotic vs dizygotic male vs female twins, Australia, 31715
Japanese inbreeding depression WISC scores, genetic differences in intelligence, Black vs White 5–16.5 yr olds, 39569
Jewish vs other ethnic background & incidence of familial autism, commentary, 33048
kin recognition & nepotism, competition in production of queens & division of labor, honey bees from biochemically distinct subfamilies, 35571
lack of genetic linkage of polymorphism markers on chromosome 5, family with multiple schizophrenic members, Sweden, 22575
life events & proband characteristics & familial aggregation of depression, 1st degree relatives of probands with recent onset depression, conference presentation, 1656
linkage analysis, families with depression spectrum disease, 40198
linkage between genetic markers & affective disorder, nuclear families from 25 pedigrees, 22554
LISREL, maximum likelihood estimates in fitting genetic models, twin data, 28580
LISREL model, effects of social homogamy & cultural inheritance on resemblance, twins & their parents, 28575

LISREL model, resemblances in sports participation & heart rate, 14–20 yr old twins & their parents, 28572
LISREL, testing of model of phenotypic means & covariances, twin data, 28574
LISREL, testing of univariate & bivariate & multivariate genetic models, cross sectional twin data, 28167
localization of dominant genes producing predisposition to bipolar disorder & other functional psychoses, commentary, 1661
long term selection for geotaxis, low line stable equilibrium for positive geotaxis & evolution of new coadaptation among genes, drosophila, 597
marital status or marriage-like relationship & genotype, alcohol consumption, female monozygotic vs dizygotic twins, Australia, 29327
maternal behavior during preweaning period, BP of genetically identical cross breed pups, hypertensive & Wistar-Kyoto rat dams & 1st filial generation pups, 25022
mental disorders in 1st degree relatives, 24–49 yr olds with schizophrenia vs schizoaffective disorder vs manic depression, Italy, 40141
methodological advances in & applications of molecular genetic linkage research, psychiatric patients, conference presentation, 1592
methodology & design criteria for genetics research, patients with bipolar affective illness, conference presentation, 1591
mode of inheritance via family history, 18–55 yr olds with manic depressive psychosis, India, 26118
molecular & genetic & biochemical findings, pathogenesis of Alzheimer's disease, 37168
molecular genetics & understanding of organic & functional psychoses such as Alzheimer's disease & manic depression, 40153
molecular genetics technology for correction of defects vs selection of traits, ethical problems in psychiatry, 34170
morbidity risk for psychiatric disorders, relatives of patients with affective or schizophrenic disorders, literature review, 1659
multidimensional models & sociocultural & familial & genetic & psychological factors, bulimia, literature review, 36973
multivariate genetic analysis of variation in hippocampal structure & open field exploration of novel stimuli, male inbred mouse strains, 28595
neurochemical & neurophysiological factors associated with inheritance, family members with schizophrenia, conference presentation, 1579
neurochemical imbalance as basis for alcoholism as neuropsychogenetic disease, 22777
new environment, spontaneous wheel running, male rats genetically selected for high vs low locomotor activity levels, 4061
occurrence & etiology & neurological aspects, prognosis of learning disabilities, 33399
oligogenic/exorphin model of idiopathic schizophrenia, 29528
orthomolecular genetic family background of nutritional or allergic pathology, etiology & treatment & prevention of physical & mental disorders, 11896
parent offspring adoption path model, analysis of genetic & home environment effects on IQ, adopted children assessed from 1–4 yrs of age, 15107
paths for inheritance of alcoholism, adopted children of alcoholics, Sweden, commentary reply, 22782
paths for inheritance of alcoholism, adopted children of alcoholics, Sweden, commentary, 22805
perinatal complications vs family history of psychiatric illness, schizophrenic vs schizoaffective vs bipolar outpatients, 36687
phenotyping with debrisoquin & mephenytoin, assessment of genetic differences in amitriptyline metabolism & clinical response, patients with endogenous depression, 26934
phylogenetic development of neural systems of learning ability, animals, conference presentation, 589
platelet membrane fluidity, Cu,Zn superoxide dismutase activity as indicator of genetic structure, patients with Alzheimer's disease, 33673
polymorphic DNA markers, hereditary studies of psychiatric illnesses, 19014
prevalence & family history & age of onset, 1st degree relatives & spouses of patients with primary major depressive disorder, conference presentation, 1684
prevalence of psychiatric disorders in 1st vs 2nd degree adult relatives, 6–12 yr olds with major depression vs nonaffective psychiatric disorders, 33160
prevalence of schizophrenic illness, biological vs adoptive relatives of schizophrenic adoptees, 1924–48, Denmark, 15705
prevalence of unipolar depression & REM latency, 1st degree adult relatives of unipolar depressed probands, 26077
problems in psychiatric diagnostic criteria & practices & applications to genetic research, family members with psychiatric disorders, conference presentation, 1725
psychiatric genetics & diagnostic classification of experimental data, family members & twins with schizophrenia vs affective disorders, conference presentation, 1748
psychosocial & demographic & genetic factors, cross spouse BP correlations, 21–83 yr old married couples from hypertension prone families, 22898
public & pedagogical resistance to racism & determinism in eugenics, 1900–47, 14041
r-selected vs K-selected approach to reproduction rate & offspring care, victimful criminal behavior, 12119
race & genetics, heritable behavior traits, Asians vs Blacks vs Whites, 21477
race & genetics, heritable behavior traits, Asians vs Blacks vs Whites, commentary reply, 21478
race & genetics, heritable behavior traits, Asians vs Blacks vs Whites, commentary, 21482
race & parental history of hypertension, cardiovascular response to cold face stimulus & mental arithmetic task, female 18–22 yr old Black vs White college students, 28669
rearing history, control of mating preferences, mice of same vs different major histocompatibility complex genes, 18064
relation of features to familial illness, cocaine abuse, national hotline callers, 19388
relationship to & familial presence of other psychiatric disorders, patients with anxiety disorders, 12086
research in genetics & virology & immunology related to schizophrenia, 22528
research on genetics of infantile autism, 12065
retrovirus transposon hypothesis of etiology through genetic rearrangement, patients with functional psychoses, conference presentation, 1575
sampling issues & use of multipoint mapping in genetic linkage studies, patients with psychiatric disorders, conference presentation, 1710
season of birth & family history, White schizophrenic patients & their parents & siblings, 8546
secular trends in intelligence test scores, identical vs fraternal male twin pairs, Norway, 15550
selection leading to culture revision traits at individual level & likely to be maladaptive cultural information, fitness reducing behavior, implications for socialization, 25686
selective breeding, genetic vs state influence on density of platelet 3H-imipramine binding sites, rats, 35567
selectively bred high vs low swim induced analgesia, ability to escape electric footshock, mice, 14779
sex chromosomes & psychosis, commentary & commentary reply, 40175
similarities in cardiovascular response to mental arithmetic & isometric hand-grip, 41–70 yr old spouses & their 14–35 yr old offspring, 32080
simple X-linked genetic model, analysis of sex differences in task performance, 14226
social & life history correlates, evolution of kin recognition mechanisms, ground squirrels, 18074
sociobiology & genetic similarity vs kin selection theory, commentary reply, 39071

sociodemographic & genetic & psychosocial factors, teenage drinking & early vs late drinking onset, female vs male 20–30 yr old monozygotic twins, Australia, 25825
sociopolitical attitudes & demographic characteristics, heredity attributions for intelligence, high school & college students, Sweden vs US vs Australia, replication, 32517
soft selection sampling bias, correlations in behavior genetics, twins, 35229
solving classical genetics problems requiring pedigree analysis using think aloud interview technique, college & graduate students & biology & genetics faculty, implications for classroom instruction, 17204
sporadic vs familial classification, detection of etiological heterogeneity in schizophrenia & major depression, families, 26109
stability of genetic determination of social & antisocial & neurotic behavior & speech & IQ & achievement & body size, 2.5 yr old male twins, 7 yr study, 25395
statistical model for assessing genetic vs environmental causes of continuity & changes using longitudinal twin study design, 7230
stepparent vs genetic parent offspring relations, rural families, Trinidad, 21471
symptoms & premorbid adjustment & onset age, monozygotic twins concordant vs discordant for schizophrenia, implications for genetics, 5193
transient tic disorder, 19 yr old female & 35 yr old male from families with Gilles de la Tourette disorder, 22973
tyrosine hydroxylase gene restriction fragment length polymorphisms, probands with bipolar affective disorder, 29658
univariate genetic analysis of variation in hippocampal structure & open field exploration of novel stimuli, inbred mouse strains, 28596
upright posture & cold & mental stress, cardiovascular responsiveness, male research workers with family history of hypertension, conference presentation, 2125
use & informativeness for linkage studies of protein polymorphic loci detectable through 2 dimensional electrophoresis, humans & mice, conference presentation, 591
validity of questionnaire method, determination of twin zygosity, 7–16 yr old same sex twins, Czechoslovakia, 18072
ventilation, courtship & mating, outbred vs inbred lines of Drosophila pseudoobscura, 491
within pair EEG similarity, twins reared apart, 14658
2-locus genetic model, analysis of female monogamy & selection of & altruistic behavior toward kin, animals, 14610
2-threshold multifactorial model of familial transmission of schizophrenia & related schizoid & paranoid & psychotic disorders, psychiatric patients, conference presentation, 8589
5q11-q13 region of chromosome 5, autosomal dominant gene marker for schizophrenia, schizophrenic families, Scotland, 40179
Geniculate Bodies (Thalamus)
acquisition & retention of CR to tone paired with footshock, multiunit activity in hippocampus & medial geniculate body, rats, 10902
bicuculine, signal detectability in lateral geniculate nucleus relay cells, tree shrew, 39322
binocular competitive interactions, layer formation in lateral geniculate nucleus, 7642
development of W & Y cells in C layer of lateral geniculate nucleus, monocularly deprived cats, 25145
impulse noise effects, cochlear microphonics & EPs from inferior colliculus & medical geniculate nucleus, rabbits, conference presentation, 18090
lateral geniculate lesions, circadian activity rhythms, hamsters, 35752
lesions of suprachiasmatic vs lateral geniculate nuclei vs adjacent areas, wheel running activity, male hamsters, 18264
medial geniculate body & amplitude modulated auditory stimuli, CRs, rats, 21511
reinforced visual pattern discrimination, behavior & dorsal lateral geniculate body activity, female cats, 39082
Genital Disorders [See Also Amenorrhea, Dysmenorrhea, Endocrine Sexual Disorders, Gynecological Disorders, Hermaphroditism, Hypogonadism, Infertility, Klinefelters Syndrome, Menstrual Disorders, Turners Syndrome]
congenital genital hypoplasia & central &/or peripheral CNS & learning impairments, female neonates, case reports, long term followup, 5736
consultations with endocrinologists & gynecologists & psychoanalysts, physical & psychosexual adjustment, adolescent females with diseased or malformed genital tract, France, 12999
Genital Herpes [See Herpes Genitalis]
Genitalia (Female) [See Female Genitalia]
Genitalia (Male) [See Male Genitalia]
Geniuses [See Gifted]
Genocide [See Also Holocaust]
cultural influence of Nazi ideology, genocide support, psychoanalysts, Germany, conference presentation, 38027
psychological impact of confronting death & murder during Holocaust between ages 2 & 12, Jewish adults, 25688
publication of findings on massacres at Sabra & Shatila, attitudes & dogmatism & ascription of responsibility to leaders, college students, Israel, 15368
Genotypes
active & passive avoidance & conditioned freezing acquisition & retention, male rats with vasopressin deficiency vs heterozygous for diabetes insipidus, 4185
application of an inferential algorithm for hypothesis validation of test battery data for personality assessment & use of MMPI phenotypic & TAT genotypic data, 24547
definition & characteristics of norm-of-reaction vs reaction range terms, description of phenotype expression of genotype in animal research, 399
D2 dopamine receptor agonist LY 171555 dosages, defensive behavior, C57BL/6 vs DBA/2 mice, conference presentation, 32168
eating & drinking & exploratory behavior patterns, halothane positive vs negative vs gene carrying pigs, implications for management of porcine stress syndrome, 39057
ethyl acetate, larval olfactory responses, wild type strains of Drosophila melanogaster with variant X chromosomes, 35570
evolutionary perspective on carriers of schizophrenia genotype & their difficulties with social relationships, 22503
genotype of parents &/vs littermates, preferences for odor cues of males without deleterious t mutations, wild female house mice, 35569
genotypic similarity, communal nesting & home range overlap, female vs male house mice, 4067
lead exposure, chronic activity, male mice genetically selected for differences in brain weight or from heterogeneous stock, 35796
LISREL model, effects of age & sex & genotype on self reported drunkenness after alcohol challenge dose, twins, Australia, 28581
perinatal cyproterone treatment, mesotelencephalic tyrosin hydroxylase activity & behavior, orchiectomized mice of 2 highly inbred strains, 25318
preferences to mate with self vs nonself H-2 haplotype females, inbred male mice, 11000
prolonged experience with victory vs defeat, formation & manipulation of aggressive & submissive behavior, male CBA/Lac vs C57BL/6J mice, 21475
Genuineness [See Sincerity]
Geographic Regions [See Geography]
Geographical Mobility
attitudes & behavioral intent & behavior, prediction of job transfer decision, employees & spouses, 1978–1984, 13763
coping strategies for stress of relocation, young children, application to school counseling, 31295
coping with health problems & hospitalization & relocation to retirement apartments, 57–90 yr olds, 36206
correlates of work vs nonwork stress & satisfaction in adjustment to overseas environment, 19–56 yr old employees &

Army & Air Force personnel living temporarily in foreign country, 17399
demographic & attitudinal variables, 18–89 yr olds who moved vs stayed prior to Three Mile Island restart, 41509
demographic & family composition & life events & behavior characteristics & residential instability, 12–18 yr old psychiatric inpatients, 34317
differential educational standards & grades & student satisfaction & responses of suburban students & teachers, low income Black 6–18 yr old students moving into White middle income suburbs, 20560
economic well being & amount of & satisfaction with control over lives, perceived stress, male vs female members of families who recently relocated, 29383
employment related geographic relocation, vulnerability to stress related diseases, nontraditional families, implications for EAPs, 1485
geographic mobility, psychiatric disturbances & mental health, children of professional & executive level migrants, literature review, 29551
individual vs organizational interests & management strategy of transfer & relocation, managers & spouses, 34958
life experiences, job satisfaction, mobile vs stable workers on large scale construction projects, 6926
lifestyle & demographic & psychosocial factors, degree of interest in relocating to retirement community, retired 60 yr olds & older, 39711
overseas assignment location preferences assessed using evaluation criteria, managers, Japan, 24339
perceptions of organizational norms & personal values, community participation & personnel transfers, middle level managers, 6886
residential relocation & social support, self concept & depression, 6th–8th graders, 32499
sex & previous mobility experience, psychological disturbance & cognitive failure on transition from high school to college, college freshmen in residence halls, 17215
social & geographic mobility, hypertension, Black adults, 36979
Geography
age, political tolerance & sexism & racism & social attitudes, adults from North vs South, 1970s vs 1980s, 4873
annual return to region of interest, geographic memory, 44–92 yr olds, 1148
changing slides of geographic locations, discrimination learning, homing vs nonhoming pigeons, 35482
community characteristics & availability of facilities, rate of involuntary psychiatric admissions, adult patients, Canada, 23673
demographics, distribution of third factor WISC-R deficits, standardization sample of 6.5–16.5 yr olds, 17550
expertise, contour map reading & recall, skilled vs unskilled college students, 3852
generation of own notes with vs without teacher provided outline vs copying teacher notes, performance on test of course content, high school geography students, Nigeria, 20525
geographic & source biases in network TV news, 1982–84, 39431
geographic variation in seasonality of suicides, Italy, 19307
geographical location & gender & drug using peers, prediction of drug usage, 10th graders, 1091
geography & historical cultural development, emergence of psychology in Rocky Mountain region, 16th–19th century, 10
homicide rates, Whites & Blacks & other races, 1980, US states & regions, 29726
importance of location of residential school, maladjusted 12–15 yr olds, Scotland, 24118
nest site selection in different geographic habitats, American Oystercatchers, 39038
personal vs geopolitical boundaries, Israel, 15361
proximity, social contact with adult children, elderly, 1983, Canada, 8172
racial vs regional vs educational factors, interstate variation in Army Alpha Intelligence Test scores, Black vs White adult males, 1917, 3069
regional differences in alcohol drinking patterns & problems & attitudes & contexts, females vs males 14 yrs old & older, 11713
regional differences in mortality rate, adults who died of dementia or Alzheimer's disease or senile degeneration of brain, Australia, 33555
right temporal lobectomy for glioblastoma removal, cognitive & verbal & visuospatial ability & preserved intelligence & geographical memory, 75 yr old female, case report, 16694
sociodemographic variables, adults who committed suicide at distances far from their homes, 1980–85, Switzerland, 8823
soil & diet with low selenium & calcium & high memory content & industrialization & low sunshine exposure, geographical distribution of schizophrenia, 11951
Geomagnetism [See Magnetism]
Geometry [See Mathematics]
Geriatric Patients
accuracy of geriatric functional score scale, assessment of physical & cognitive & motivational functioning, 68–98 yr olds, Canada, 10614
antecedents & types & consequences & absolute vs base rates of nurse directed assaults, geriatric vs nongeriatric psychiatric inpatients, 40960
antidepressant drug studies, geriatric patients, literature review, 9569
antidepressant drug therapy, efficacy & side effects, patients over 55 yrs old, 1964–86, literature review, 19949
assessment of level of functioning, prognosis & diagnosis, geriatric patients, conference presentation, 29449
attitudes about prognosis & functional status & limited medical care, physicians, 2608
attitudes toward behavior problems of geriatric residents in long term care facilities, registered & licensed practical geriatric nurses, 30716
attitudes toward hospital based respite program, 54–87 yr old female family caregivers vs 60–95 yr old male veterans, 2790
attitudes toward respite care for ill elderly relatives, caregiver families, 37805
behavioral analysis of labor cost, management of independent vs dependent continent vs incontinent nursing home patients aged 65 yrs old & older, nursing staff, 16893
behavioral intervention, urinary incontinence, 65–93 yr old inpatients, 6387
behavioral vs cognitive therapy, geriatric patients with insomnia, 3 & 12 mo followup, 9287
benefits of Project Pup pet facilitated therapy program, nursing home residents & volunteers & staff, 13168
case mix model based on needs for care or resource use, health care delivery, nursing home residents, 30705
changes in psychiatric diagnosis types & admission rates, elderly psychiatric patients, 1955 vs 1988, Denmark, 22646
characteristics of successful foster care, caregivers of geriatric patients, 2588
choice vs coercion in discharge planning process, hospitalized elderly patients, 13108
clinical & psychological assessment & computer tomography, detection of cerebral ventricular enlargement & cognitive dysfunction, elderly patients with late paraphrenia, England, 12028
clinical utility & completeness of existing O-rated multidimensional functional assessment instruments, geropsychiatric patients, 7060
clinical utility of DST, differentiation of dementia vs depression, psychogeriatric patients, 33176
communication training, relatives & friends of institutionalized elderly, 23692
Comprehensive Periodic Assessment Form, documentation of rehabilitation progress, geriatric patients, conference presentation, 37874
computers, rehabilitation, hospitalized elderly, 13192

construct validity of Community Competence Scale structured interview vs Scale of Competency in Independent Living Skills rating scale, geriatric patients with suspected dementia, 38663
contingent tangible reinforcement, physical & verbal aggressive behavior, 69 yr old institutionalized male patient, 4 mo followup, 2438
current status of knowledge regarding physical restraint, elderly, literature review, 27051
degree & type of psychological distress, geriatric medical patients, 3–30 day study, 27223
demographic & clinical profile, 60 yr olds & older admitted to general hospital inpatient psychiatry unit, 1979–84, 27190
demographic & medical & social characteristics, refusal of hospitalization, patients 65 yrs old & older, conference presentation, 13094
demographic characteristics & disorder & treatment disposition, 65 yr olds& older evaluated at psychiatric emergency service, 13093
demographic characteristics & interpersonal relationships, 60–120 yr olds in nursing home vs psychiatric hospital vs outpatient treatment, Kuwait, 9283
dependency & behavioral problems & mental impairment, residents of psychogeriatric hospital & nursing home, UK, 34307
detection of depression by primary health care providers, elderly medical inpatients, 5764
diagnoses & presenting problems & mortality rate & causes of death, 49–63 yr old psychogeriatric patients, 15 yr followup, 40046
differential diagnosis & nonpharmacologic interventions including education & approach to sedative-hypnotic drug therapy, physicians treating aged sleep disorder patients, 16604
discontinuation of tricyclic antidepressant or neuroleptic or antiparkinsonian medication, withdrawal symptoms & hematemesis, 66 & 76 & 79 yr olds, case reports, 23418
drug induced psychosis & depression, elderly patients, literature review, 9593
drug therapy, agitated elderly dementia patients, 20009
early social work diagnosis & intervention, meeting of DRG goals, hospitalized 65–92 yr olds, 23658
elderly patient's hip fracture or dementia or stroke & need for physical assistance, demands placed & experience of burden, family caregivers, literature review, 9659
emergency housing program providing beds in private homes, homeless impaired 53–91 yr olds, 1 yr followup, 37718
ethical conduct of dementia research & need for consent auditor, aged nursing home patients, 6580
ethical conflict over autonomy in long term care, frail elderly, 13100
ethical issues in deinstitutionalization & relocation of long term hospitalized elderly clients, psychologists in psychiatric hospital interdisciplinary team, 9780
etiology & diagnosis of reversible dementia, geriatric patients, England, 12348
factors predictive of cognitive disturbance, institutionalized vs hospitalized 66–99 yr olds, 20207
FIRO-B, understanding & treating difficult nursing home patients, 56 yr old with end stage liver disease, case report, 34336
fluoxetine vs tricyclic antidepressants, side effects & efficacy, geriatric outpatients with depression, conference presentation, 19945
forgetting & assessment factors in medication nonadherence & use of computer assisted instruction in medication recall training, elderly patients, 23420
formation of ethical perspective toward geriatric patients, young physicians, 13394
frequency & characteristics of aggressive & hostile behavior, 69–94 yr old psychogeriatric inpatients, Sweden, treatment implications, 20197
frequency of use of restraints in chronic care hospitals & nursing homes, 65 yr olds & older, Canada, 40996
functional assessments of geriatric inpatients, diagnostic & therapeutic & patient education recommendations & clinical assessments, primary care physicians, 27229
geriatric day care in community hospital, complex medical & social needs, frail 50–99 yr olds, conference presentation, 37807
health care & hospital utilization patterns, aged nursing home vs community dwelling residents assessed 4 yrs before death, 9796
home help service, length of hospital stay & well being, 65–99 yr old outpatients with impaired mobility, Wales, 6460
immobility & associated risk factors of contractures & severe dementia & poor vision & hip/leg fractures, 58–104 yr old nonambulatory nursing home residents, 2118
improvement strategies, quality of life in long term care institutions, elderly, 9824
incidence & onset of & factors associated with confusion, hospitalized 60 yr olds & older, 30728
incidence of injuries resulting in hospitalization, elderly nursing home residents vs community dwellers, Canada, 13149
indications for use & dosages prescribed for neuroleptic medication, geriatric nursing home patients, 40957
infrared scanning system, nighttime falls on psychogeriatric unit, 2776
insight & reminiscence in group psychotherapy, survivorship skills for discharge, 56–82 yr old hospitalized rehabilitation patients, 30719
integrity promoting nursing, psychological & biological changes, 72–101 yr old nursing home patients with dementia, 40953
interdisciplinary age specific approach, psychiatric care, geriatric patients at medical center, 9766
intermediate care general facility service delivery, mentally retarded geriatric patients, 27234
interprofessional agreement of ratings on self care skills & mental health status & social interaction, elderly Black nursing home residents & nurses & social workers, 6464
involvement in home care of elderly patients, physicians, 16728
learning resource package, assessment & intervention for elderly clients with drug treatment compliance difficulties, community health nurses, 23361
levels of psychotropic drug prescription, geriatric institutions, Italy, 30725
medical decision making factors, allocation of scarce resources vs decision to withhold treatment, 35 & 75 yr old debilitated patients in acute or long term care settings, 9826
multidisciplinary treatment approach, 68 yr old male dementia patient & his caregiver wife, case report, 19677
music in relaxation & art groups, institutionalized elderly, 6429
need for affectionate touch & "Hugging Week" program, nursing home residents & family & staff, 34337
neuroleptic malignant syndrome, elderly patients, 30401
noise making behavior, elderly long term care residents, 9808
noncompliance with prescription drug regimens, geriatric patients, 30472
nurses' perceptions of & adjustment, 64–81 yr old difficult patients, 6400
nursing interim care program, transition from inpatient milieu to outpatient followup clinic, elderly psychiatric patients, 30672
occupational therapy & psychosocial groups, hospitalized geriatric psychiatric patients, 30799
participant vs filmed coping peer modeling, whirlpool bath avoidance, 68–81 yr olds in geriatric nursing home, 6396
participation in health care, geriatric patients, implications for nursing, 27085
patient affective responses to & nurse attitudes toward physical restraint, 60–81 yr olds in tertiary care hospital & their primary nurses, 9819
physician encounter time with patient, internists vs cardiologist vs general & family practitioners & patients 45–64 vs 65–74 vs 75 yrs old & older, 2638

planning & problems associated with hurricane evacuation, nursing home patients, 37802
policy issues in use of restraints & alternate care & management techniques, geriatric patients in hospitals & nursing homes, 16890
predictors of length of hospital stay & nursing home admission & 6 mo mortality & other outcomes, patients 70 yrs old & older admitted to acute care unit, 20195
predisposing factors & consequences, incidence of acute confusional state, 65–96 yr old patients after femoral neck fracture surgery, 12969
prevalence of depression, 66–98 yr olds admitted to geriatric hospital unit, 29612
previous mental illness & exposure to stress & leisure habits, aggressive vs physically nonaggressive vs verbally agitated behavior, 70–99 yr old nursing home residents, 40958
psychiatric liaison referrals, inpatients 65 yrs old & older, England, 6266
psychogeriatric consultation in reception centers, patient evaluation & formulating diagnosis & treatment, elderly patients with decreased emotional or social autonomy, Canada, 20204
psychogeriatric hospital consultation, elderly patients, Italy, 6 yr study, 40963
psychological distress, geriatric vs middle aged medical inpatients, 12987
psychological dysfunction & physical health, geriatric medical patients, 12475
quality of care & cost of foster care program, frail elderly patients, 13046
quantitative vs qualitative aspects of evaluation of patients' presentation & mood & responses, elderly patients, 29460
reactions to & dealing with death of elderly patients in psychotherapy, psychotherapists, 30266
reliability of Functional Assessment Inventory, discrimination of service setting, elderly in mental health facility vs nursing home vs visiting nurse service vs senior center, 28124
relocation to new facility, physical & cognitive & psychosocial functioning, 48–98 yr old nursing home residents, 40952
reminiscing, anxiety & depression & self esteem & coping ability & self identity, 62 & 63 yr old male medical patients, implications for nursing, 6378
respite care program, caregivers of elderly patients with Alzheimer's disease or stroke or other chronic disorders, 20115
role of psychologist in long term care geriatric rehabilitation milieu, elderly with multiple chronic impairments, 34373
satisfaction with clinical encounters, internal medicine residents vs geriatric patients, 12946
self report data on incidence of elderly patient abuse, nursing home staff, 37814
service provision & treatment outcome, interdisciplinary inpatient assessment center, 60–96 yr old clients presenting with confusion, Scotland, 20103
sexual needs & freedom vs societal response & perspectives, geriatric patients in long term care institutions, implications for policy changes, 34281
social support networks, 55–95 yr old patients in long term care facilities, 2832
special units, nursing home patients with senile dementia of Alzheimer's type, 23679
specialized vs nonspecialized psychiatric service delivery, elderly, UK, 30624
standard vs simplified vs storybook formats of informed consent information on high or low risk medical procedures, decision making ability, elderly in long term care facility, 13159
stimulus enhancement techniques, reduction of inappropriate behavior, 69–76 yr old inpatients with dementia, 30379
strengths & weaknesses of cognitive impairment screening tests, elderly, 35077
suggestions for communicative strategies, hearing impaired elderly patients in extended care facilities, 34297
"theraplay", tyrannical & withdrawn behavior, 92 yr old female in residential care, case report, 30250
touch in craft session, nursing home residents 65 yrs old or older, 30792
traditional vs music & dance based reality orientation therapies, geriatric patients with mild to severe confusion & disorientation & memory loss, 6386
validation group therapy, coping with unresolved conflict & emotional adjustment, disoriented patients 80 yrs old & older, 9380
views on problems of confusion & depression & wanting to return home, nursing home staff vs elderly residents, 37772
wearing uniforms vs street clothes, identification of hospital nursing staff, elderly patients, 2830
yield of home visit assessment program, 53–93 yr old patients, 27076

Geriatric Psychotherapy

Adlerian approaches in geriatric psychotherapy, elderly widow, 30305
brief psychotherapy from self psychology perspective, elderly outpatients, 23207
brief psychotherapy from self psychology perspective, elderly outpatients, commentary, 23210
development & evaluation of strengths oriented treatment program & multidisciplinary inpatient geropsychiatry program, geriatric patients, 34314
efficacy of cognitive vs behavioral vs brief psychodynamic therapy, depressed elderly with vs without personality disorders, 23240
efficacy of short term psychotherapy, depressed elderly with vs without personality disorders, commentary, 23208
liaison referrals to hospital Department of Psychiatry for Elderly, patients 65 yrs old & older, 1984–85, UK, 16850
personal construct therapy, promotion of independence & psychological & physical & behavioral dimensions of independence, 60–93 yr olds, 33870
reactions to & dealing with death of elderly patients in psychotherapy, psychotherapists, 30266
therapist's overt expression of feelings, course of depression, 71 yr old male with history of hospitalization for depression, case report, countertransference implications, 30290
time limited psychotherapy with developmental framework, elderly patients, 23199

Geriatrics

adult day care as alternative to institutionalization, geriatric patients, 20150
attitudes toward & knowledge of psychotropic drugs, 19–70 yr old gerontological nurses, New Zealand, 20369
attitudes toward field of psychogeriatrics, practitioners, England, 13293
autonomy & surrogacy & public policy, ethical clinical decision making in geriatrics, 23486
client characteristics & treatment & treatment outcome, 65–91 yr olds in geriatric psychiatric unit, Australia, 23656
correlation of Lubben Social Network Scale with health indicators & life satisfaction, assessment of social networks in health care settings, noninstitutionalized senior citizens, 21106
development & evaluation of strengths oriented treatment program & multidisciplinary inpatient geropsychiatry program, geriatric patients, 34314
development of training manual for geriatric education in family practice program, medical residents & geriatric patients, 6606
DST in psychodiagnosis & patient management & understanding of aging process & dementia & depression, geriatric patients, 26106
establishment of geropsychiatry unit in long term care nursing home, psychiatric patients, 6408
fields of educational gerontology & geriatric medicine & biological & psychological concepts related to aging, 36198
geriatric psychiatry, Australia, 33748
geriatric psychiatry training in psychiatry residency programs, Canada, 30861

gerontological training in community setting, self esteem & job satisfaction & problem solving skills & client-worker relations, paraprofessionals, 13376
guidelines for the development & refinement of new & existing geropsychiatry fellowship programs, 27398
history & current activities of geriatric psychiatry research & treatment, Scotland, 16794
home care services & other sites for training in geriatrics, family practice residents, 17052
increase in elderly population, admissions to psychiatric department with unchanged bed capacity, 1974–84, Scotland, 2768
inpatient geriatric consultative teams, maintenance of functional abilities in elderly, faculty physicians & nurses & social workers & others in geriatric institutions, 27225
interdisciplinary behavioral geriatrics in long term care, treatment compliance, severely disabled 64 yr old male with aphasia, case report, 34320
issues & role problems in community mental health clinics, geriatric workers, 13065
knowledge & perceptions of & diagnostic practices for geriatric depression, medical residents, implications for medical education, 38016
liaison referrals to hospital Department of Psychiatry for Elderly, patients 65 yrs old & older, 1984–85, UK, 16850
need for randomized clinical trials for evaluation of effectiveness of psychogeriatric services, 6295
physical & psychological & social developmental changes, health promotion strategies & communication with elderly clients, health care providers, 23490
private practice geriatric care management, social workers, 6358
promotion of gerontology/geriatrics as specialty in occupational therapy, 30787
public policy issues & malpractice, implications for geriatrics & older patients, 37636
recruitment & training & qualifications for geriatric health outreach, volunteer workers in Black inner city community, 13043
resource exchange network in geriatrics, 9633
summary of papers presented at 3rd Congress of International Psychogeriatric Association, 1987, 11872
use of ECT in geriatric psychiatry, 55–89 yr olds with depression, UK, 33677
Germany [See Also East Germany, West Germany]
adaptation of German Psychoanalytic Society to Nazi Party, Jewish vs non-Jewish psychoanalysts, 9931
attitudes & motivations & adaptation during Nazi occupation, psychoanalysts, Germany, 9923
awareness of Nazi crimes, state of debate in German Psychoanalytic Association, Germany, 9926
cognitive development, children, German speaking countries, literature review, 39574
comments on issues of psychoanalysis & Nazi Germany, 1985, West Germany, International Psychoanalytic Association Congress, 12702
concept of apocalypse in psychopathology & Nazi Holocaust, 8686
cultural influence of Nazi ideology, genocide support, psychoanalysts, Germany, conference presentation, 38027
Freud's attitude toward his Germanic background during Nazi period, Germany, 9935
history & determinants of historiography of psychology, Germany, literature review, 10515
history of childhood & parent child interaction in autobiographies, 1740–1820, Germany, conference presentation, 967
history of psychoanalysis under National Socialism, Germany, 35044
interactionist & social behaviorist models, analysis of national renewal & antisemitism & political continuity in Nazi movement, Germany, 22230
measures taken against mental patients during Third Reich, Germany, 19011
post WWII psychoanalysis tradition, impact on Nuclear Age, Germany, 35051
prosecution for & practice of sodomy, 18th century, Prussia, 29318
psychoanalysis under National Socialism, impact on Nuclear Age, Germany, commentary, conference presentation, 38002
racial biology & social psychology in early post-WWI psychohistory & military analyses of German national character & psychology, Germany, 4795
resolution to professional dilemma during Nazi regime, psychoanalysts, Germany, 9951
theoretical & historical positions of Deutsche Psychoanalytische Gesellschaft on transference & countertransference & neutrality, conference presentation, 30263
theoretical positions of Deutsche Psychoanalytische Gesellschaft on transference & countertransference & theories of H. Schultz-Hencke, commentary, 30211
theoretical positions of Deutsche Psychoanalytische Gesellschaft on transference & countertransference & theories of H. Schultz-Hencke, commentary, 30265
Gerontology
adult day care guide & manual, long term care providers & consumers & gerontology students, 27146
confidentiality & informed consent & other ethical issues in counseling, clients 65 yrs old & older, 13075
continuity theory of aging, 35979
decision making model for gerontological counseling, 85 yr old male, 20162
design & evaluation of continuing education program on needs & concerns of elderly, business & professional service providers, 41411
development & reliability & validity of Stokes/Gordon Stress Scale, assessment of stress & treatment planning, 65 yr olds & older, 3639
doctoral dissertations on gerontology, France, 1971–85, bibliography, 39704
educational gerontology as emerging field of study & practice, UK, 36196
educational gerontology research, elderly, Great Britain, 36217
field theory & dialectics, gerontology in higher education, 13472
fields of educational gerontology & geriatric medicine & biological & psychological concepts related to aging, 36198
francophone research in social gerontology, 1975–86, Canada, literature review, 39696
geragogy teaching theory, elderly, 23990
gerontologic studies of life satisfaction & morale & depression & dementia, elderly, implications for service delivery, 36524
gerontological issues & consultations & adaptations, religious order congregations & social workers, 6363
increased quantity & quality of research on racial & ethnic issues & minority researchers & participation in Gerontological Society of America, theories on psychology of aging, 29180
life review & personal renewal & theory & practice of gerontology, 32578
life satisfaction research on gerontology, implications for service providers, 34166
operant model of contingencies of dependent & independent behaviors, elderly, 4755
personnel & training needs in geriatric social work, 9986
philosophical & psychological issues in educational gerontology, 39715
physical limitations & consent forms & availability of test instruments & other methodological issues, gerontological nursing research, 37627
promotion of gerontology/geriatrics as specialty in occupational therapy, 30787
seminar in retailing about older shoppers & student attitudes, college students, 27528
social gerontology theories & leisure involvement, elderly, literature review, 1155
social survey of elderly home care needs as educational tool, college students in gerontology program, Australia, 31102

summary of papers presented at 3rd Congress of International Psychogeriatric Association, 1987, 11872
theories & process evaluation model of exercise adherence, elderly, 32568
topic & diploma type & institution & author's gender, doctoral dissertations on gerontology, France, 1971-85, 39703
trends in behavioral gerontology & therapy, 6067
Gestalt Psychology
appetite approach to interpersonal needs in context of Gestalt theory & practice, 21021
contact/withdrawal cycle in Gestalt concept of boundary disturbance, commentary, 22641
gestalt framework for analysis of achromatic transparency models, 10727
Gestalt psychology, reprint of H. Helson's 1925 article, 3518
Gestalt theory of & unhealthy boundary processes, 22647
Gestalt theory of cognitive restructuring & insight in information processing & problem solving, commentary, 24837
Gestalt theory of healthy & unhealthy boundary processes, commentary, 22679
history & methodology, discovery of Gestalt transportation principle in speed perception, J. F. Brown & W. Kohler, 35064
impact of M. Wertheimer's work at New School for Social Research on gestalt psychologists & theory, 1933–43, 17516
integration of parallel distributed processing approaches & Gestalt psychology, 38566
mathematics of holonomic theory of sensorimotor perception & neuropsychology of brain, 28604
meaning of "pragnanz" in Gestalt psychology, visual perceptual organization, 21226
meaning of "pragnanz" in Gestalt theory, description of perceptual organization for forms, 21209
metastability & Gestalt psychology in ethnology & primitive art & rites & myths & conversational logic, 29010
metatheoretical tenets & utility of Gestalt theory & similarity to parallel distributed processing model of perception, conference presentation, 14236
model of hierarchical schema integration within gestalt theoretic framework, assessment of acquisition & control of skilled motor action, 10717
phenomenological theory of music therapy based on concepts of Gestalt & transitional objects, 2169
proposed revision of Gestalt concept of boundary disturbance, commentary, 22525
rationalism vs direct realism in Gestalt psychology, 35058
self regulation in Gestalt concept of boundary disturbances, commentary, 22522
theories of W. Kohler from Gestalt psychology perspective, avoidance of false dichotomies, 35047
theory of size spacing constraints for dot grouping, 20–25 yr olds, 17808
Gestalt Therapy
assimilation of diagnosis & psychoanalytic perspectives into Gestalt theory & practice, clients with severe personality disorders, 23251
Gestalt & hypnotic therapies, 36 yr old female with weight control problem, case report, 9599
gestalt & system based family therapy, individual change, 37369
Gestalt therapy process, depressed 40 yr old single mother, 23167
historical perspectives of philosophy & science & religion, F. S. Perls's conceptualization of Gestalt therapy, 19767
I–Thou experience in Gestalt psychotherapeutic process, 23202
models of Gestalt group therapy, therapists 30–60 yrs old & older, 23265
training & evaluation of Gestalt therapy skills, 41132
Gestation [See Pregnancy]
Gestures
computational stages & processes underlying gestural vs speech production, commentary, 14972
computational stages & processes underlying gestural vs speech productions, commentary reply, 14984
cued speech system of handshapes as supplement to speechreading, cue reception & comprehension, hearing impaired & normal hearing persons, 23719
development of conceptual knowledge of conservation & mathematical equivalence measured by discordance between verbal & gestural explanations, 9–12 yr olds, 29086
emblematic gestures, recognition & interpretation of encoding intentions & certainty of interpretation & origin of gesture, adults, Israel, 25357
free play, verbalizations & communicative gestures & nonresponses, parents & their autistic vs language delayed 3–12.9 yr olds, 15725
gestural communication with conspecifics, 5–8 yr old chimpanzees, longitudinal study, 28556
iconicity of hand gestures with vs without speech, adult females, 7958
identification of emblematic gestures, kindergartners & 1st & 3rd graders, 25475
limb apraxia, production of spontaneous communicative gestures, male aphasic adults with left hemisphere lesions, 40365
methodology in measurement of touch & gesture emotional expression & requirement for 2 dimensional freedom of movement, commentary, 38945
performance & recognition of limb & oral gestures, speech disordered 4.5–7.1 yr olds with vs without verbal sequenced motion rate disorder, 29830
social context, attention directing gesture & language use, autistic vs developmentally language delayed 36–155 mo olds, 40030
Ghana
social & demographic correlates, timing of divorce, spouses, Ghana, 36263
Gifted
academic & social self concepts, gifted 12th graders, 10205
academic & social self efficacy, mainstreamed learning disabled or mildly mentally disabled or behavior disordered vs gifted vs nonhandicapped 3rd–5th graders, 10194
academic ability perceptions, gifted vs average 6th graders, New Zealand, 2 yr study, 24132
academic self concept & self esteem, gifted 7th–9th graders vs their siblings, 31198
academic self perception & motivation, gifted 4th & 7th graders, Canada, 34751
accelerated education options, bored & disinterested gifted students, 20640
analogy training with direct instruction vs inquiry approach & peer tutoring, performance on analogy & comprehension task, gifted vs nongifted 6th graders, 13639
antecedents & correlates of social self esteem & occupational confidence & life satisfaction, gifted & talented females assessed in 10th & 11th grades & 3.5 yrs postgraduation, longitudinal study, 25599
assessment & curriculum in & theoretical development of J. S. Renzulli's 3-ring conception of giftedness, commentary reply, 34773
attitudes toward & knowledge of science, gifted 3rd vs 7th vs 11th graders, 24077
attitudes toward school, gifted 4th–9th graders, 34745
background & training & concerns & suggestions for improvement, educators of gifted students, 34724
background characteristics, children who scored 700–800 on mathematics portion of SAT before age 13 yrs, 21984
barriers to vs benefits of early admission to elementary school, gifted preschoolers, 34771
Bayley Scales of Infant Development, prediction of intellectual giftedness measured by WISC-R IQ & walking & speech development, children followed from birth to 7.5 yrs old, 38665
beliefs about vs actual classroom instructional communication, teachers of gifted 4–6th graders, 20622
change in SAT performance, gifted adolescents in academic summer residential program, 31188

characteristics & needs, vocationally talented high school students, 34677
characteristics & teaching success, teachers of gifted vs regular students, 34566
characteristics of & impediments to recognition, gifted clients with disabilities, implications for rehabilitation counseling, 36550
class climate scales, evaluation of inservice program to enrich classroom instruction of gifted students, 3rd–6th grade teachers, 3319
classroom discussion series, affective needs, gifted students, 31203
coding system, assessment of level of personality development, gifted children & adults, 32513
cognitive & affective outcomes of educational program, gifted 3rd–4th graders, 38235
cognitive & psychosocial development, 14 yr old male with BS degree, 29041
cognitive & social & emotional profiles, extremely gifted children under age 4 yrs, 29038
cognitive style & control, divergent production, gifted 4th–6th graders, 18550
comprehensive guidance & counseling plan, gifted students, 31213
conceptions of intellectual genius, 29089
concurrent validity of Leadership Skills Inventory vs teachers' ratings, gifted 6th–7th graders, 6822
construction & reliability & validity & factor structure of Student Stress Inventory & cross validation of Maslach Burnout Inventory, gifted 10–17 yr old students, 31258
contributions to education of gifted females & life of L. S. Hollingworth, 31230
creation & characteristics & solution of fictitious moral dilemma, female vs male gifted 15–16 yr olds, 21998
cultural configuration & individual emulation in development of genius, China, 840 B.C.–1979, 1473
cultural milieu, gifted females, 29030
Culture Fair Intelligence Test vs Standard Progressive Matrices vs California Achievement Test scores, identification of giftedness, rural culturally diverse 3rd–8th graders, 31283
curriculum decision making, gifted young children, 24177
defensibility & affordability & quality concerns of mandating educational programs for gifted students, 27682
definition & identification & characteristics & intervention, gifted/learning disabled students, 41349
demographic & psychosocial & classroom environment factors, stress & burnout levels, gifted & talented 5th–9th graders, 13626
development & implementation of Richardson Study recommendations in Pyramid Project of gifted education programs, 34720
development of potential for ethical concern in gifted education, implications for curriculum & teaching methods, 34767
diagnosis of giftedness, children, implications for counseling & education, 39633
diagnostic & counseling issues, musically gifted children, implications for educational policy & school counseling, conference presentation, 24162
double mentoring, gifted students, 31197
earliest recollections as counseling technique, school social adjustment, gifted & talented 8–11 yr olds, 34777
early literacy experiences & spelling practices, 4th–8th grade national spelling bee finalists & their parents, 32427
educational & curriculum expectations & program planning preferences, parents of gifted preschoolers, 34721
educational computer modes for word processing & practice & creating & advances in computer assisted instruction, gifted students, 38239
educational placement & teaching recommendations, teachers & their gifted students with learning disabilities, 34748
educators' explanation of giftedness, attitudes, parents, 31227
educators' explanation of giftedness, attitudes, parents, commentary, 31231
emotional & social adjustment, gifted children, 22024
employment & task time & free time & family conflicts, gifted vs nongifted 9th–12th graders, 32471
enaction theory & enrichment triad model, educational enrichment, gifted students, 34738
enrichment program, creative productivity & learning behavior & self esteem, gifted learning disabled 4th–5th graders, 24119
enrichment program in heterogeneous classroom, gifted 1st graders, 34712
evaluation & efficacy of foster care programs, exceptional & special needs children, 6310
executive control of reading comprehension, gifted 12 yr old male, Canada, conference presentation, 21982
expectations & motivation & satisfaction & performance, gifted high school students in residential academic program, 10176
experience with gifted students & number of yrs teaching, teaching styles, elementary vs secondary vs kindergarten teachers of gifted students, 34573
external & internal barriers to achievement, gifted females, bibliography, 29386
factor analysis of science attitude survey, gifted 6th–10th graders, 20716
factor analysis of WISC-R performance, simultaneous & successive cognitive processes, gifted & learning disabled Navajo elementary school students, 24169
factor structure of 4th edition of Stanford Binet Intelligence Scale, gifted 4th–6th graders, 7145
family environments, underachieving gifted 1st–11th graders, 24058
feelings toward gifted label, gifted 4th–12th graders, 34737
free study vs mnemonic conditions, acquisition & transfer of learning strategies, gifted vs nongifted 5th–6th graders, 10228
general intelligence & RT on semantic verification test, academically gifted children & adolescents & their siblings, 25478
Gifted Student Screening Scale & IQ scores, 1st–10th graders, 34839
giftedness as goal of education, 34772
giftedness, self concept & perception of others' attitudes toward self, 15–17 yr old gifted & talented students, 25606
goals & procedures of college studies program, gifted precollege students, 34754
goals for elementary school gifted programs, leaders in gifted education & administrators & teachers & parents, 24155
group dynamics intervention, self esteem & group cohesion & problem solving skills, gifted & talented 14–17 yr olds & retired 60 yr olds & older in summer program, 34801
H. Gardner's theory of multiple intelligence, gifted education, 34758
hemispheric learning style, effect of creativity training, gifted adolescents, 11352
history of research & practice, giftedness & visual arts, 31194
ideal/actual & public/actual self concept, adjustment to education services, gifted 4th–8th graders, 34741
identification & encouragement, mathematically gifted 3rd graders, 34796
identification & screening process, program for gifted, 5th & 6th graders, 34713
identification, gifted learning disabled students, 27691
identification of artistic ability, art education programs, gifted students, 41317
implications & potential dangers of increased attention to achievements & potential, gifted females, implications for sex bias research, 29417
individual differences in problem solving strategies, 10–11.6 yr old gifted vs learning disabled vs average students, Canada, 34789
individual psychology perspective on developmental issues & needs, gifted or problem children, 21872
induced cognitive stressor, skin temperature change & recovery time, gifted vs nongifted 7th–9th graders, Canada, 25412
information processing & planning functions & intelligence, gifted students who had completed 7th grade, 17270

instruction in self directed thinking, gifted students, 34726
intelligence, special abilities, mentally handicapped & autistic idiot savants, 15996
IQ, behavior problems & psychopathology, gifted 12–16 yr olds, 25588
IQ, personality adjustment, gifted 7–11 yr olds, 13634
issues in counseling, gifted females, implications for counselors & psychotherapists, 30184
justification of need for legislative policy mandating educational programs for gifted & talented children, 27729
label of gifted child as learning disabled or physically handicapped, recommendations for referral & placement in gifted programs, public school teachers, 34759
labeling & other issues, families with gifted children, implications for gifted education, 32630
lack of leadership training & moral education in gifted curriculum, implications for teaching methods, 34752
lack of representation in educational programs for gifted, Black students, literature review, 27664
leadership development in teacher education & summer youth programs, gifted middle & high school & college education students, 34554
leadership skills program, average to superior 6th–11th graders, 34744
life goals, activity participation & health & psychological well being, gifted 65–75 yr olds who participated in L. M. Terman's 1925 research study, 4763
life stage model of career counseling, gifted females, 20735
low income, SAT scores, gifted students, 27742
masculine & feminine & androgynous self perceptions, changes in occupational interests & competencies & preferences, gifted & talented females assessed in 10th & 11th grades, counseling implications, 27695
mathematics program, gifted elementary school students, 34761
mediation & perceptions of TV viewing, parents of gifted 4th graders, 32345
mental aptitude & age, epistemological beliefs, gifted 12–15 yr olds, 1056
mentor program, personal & academic & career development, gifted 16–21 yr olds, 38188
metacognitive knowledge & attributional beliefs & metamemory recall in sort task, gifted vs average 5th & 7th graders, West Germany, implications for causal modeling analyses, 39541
methods for identifying giftedness & talent, American Indian students, 10278
model program to increase involvement in science, gifted 1st–9th grade females, 31219
modified quota system, identification of giftedness, culturally different & colored & low income schoolchildren, 34826
move from IQ to creativity & multitalent measurement, gifted, educational implications, 41376
nature & affects & causes of sex differences in mathematical reasoning ability, intellectually talented 12–13 yr olds, 42 commentaries included, 18545
needs of & national agenda for strengthening gifted student programs, 10191
nonverbal reasoning ability & creativity & academic achievement, gifted minority 1st–8th graders, 25449
norms from 1981 vs 1986, identification of giftedness from Standard Progressive Matrices scores, disadvantaged 3rd–8th graders, 31329
obedience & status quo vs open debate of ethical issues, gifted education, 34775
parent education component of gifted teacher training institute, rural & low income parents of gifted 4.2–8.7 yr olds, 38234
participation in gifted education Revolving Door Identification Model, creative productivity & self efficacy, 7th–8th graders, 27736
participation in L. S. Hollingworth's intensive enrichment program, gifted students, 40 yr followup, 31233
patterns of self image & esteem, talented vs normal freshmen & sophomore high school students, 39692
perceived cognitive & physical & social & self worth competence, gifted 5th–7th graders in full vs part time segregated programs, 27676
perceived locus of control, gifted vs nongifted 6th–9th graders, 31199
perception of home environment, 8–14 yr old gifted students vs their parents, 25603
perception of own artistic talent & family background & school & other environmental factors, 13–17 yr old summer arts institute students, 24133
perceptions of types of giftedness, college education students vs teachers, 24151
personal growth principles of J. Bruner, facilitation of psychosocial adjustment & self actualization, gifted & talented students, implications for school counseling, 27679
personality characteristics, career education, gifted students, 38213
personality dimensions, gifted adolescents, literature review, 22045
personality factors & family environment & sibling relations, gifted children & their parents, literature review, 29129
precocious development & nurturance, gifted infants & toddlers & preschoolers, literature review, 25403
precocious reading ability, children, literature review, 21954
problem finding behavior, selection of factors from structure of intellect model, gifted high school students, 6796
problem solving strategies on balance scale & inclined plane tasks, gifted vs average vs trainable or educable mentally retarded 7.11–14.17 yr old students, 22842
problems & promising practices, identification, disadvantaged gifted students, 27724
program considerations, gifted Native American students, 34723
program for exploration of arts & sciences in depth from cognitive & social & affective perspectives, students in residential high school for excellence, Israel, 34798
program for increasing awareness of women's issues, self concept, bright & gifted 10–18 yr old females, 34765
program to enhance thinking skills, cognitive & creative functioning, identified vs nonidentified potentially gifted Head Start children, 27701
psychosocial aspects of underachievement, gifted students, literature review, 3269
public policy issues, education, gifted & talented students, 27722
questioning about cultural reflections in art, gifted students, 31223
reliability & validity & fairness of Raven's Progressive Matrices, identification of giftedness, schoolchildren, 34824
research on development of giftedness, 25387
rural environment, special education provision, gifted students, 27735
Scamper technique, creative thinking & anxiety, intellectually gifted junior high school students, 27714
scores on WISC-R & Woodcock Johnson Tests of Achievement, moderately handicapped or gifted 6–16 yr olds in special classes, 27750
selection & application of TV literacy material, gifted students, 31184
self contained vs integrated class, self vs peer rated social competence & feelings about school, gifted 5th–10th graders, 31177
self esteem & ability to do independent study, gifted 1st–6th graders, implications for educational program, 34787
sense of self efficacy as creative producer, initiation of independent investigations, gifted 4th–8th graders, 36173
sex & area of science achievement, attitudes toward scientific research, gifted high school students, 10235
sex & cerebral dominance & IQ, gifted 6th–8th graders, 31225
similarity between Stanford Binet Intelligence Test & British Ability Scales & WISC-R, gifted 9.5–12.6 yr olds, 21109
social acceptance & adjustment in high school, gifted 15–17 yr olds, 20541
social relations & intimacy, students who entered college at age 14 yrs or younger, longitudinal study, 24159

special education program, reading comprehension & vocabulary & self esteem, rural academically advanced 5th-6th graders, 38185
Stanford-Binet Fourth Edition vs Form L-M scores, beginning 3rd graders classified as gifted, 38286
Stanford Binet Intelligence Scale 4th edition vs Stanford Binet L-M Scale, identification of giftedness, 3-4.7 yr olds, 34818
summer session college level introductory psychology course, knowledge gain & educational & career plans, gifted 7th-10th graders, 6 & 18 mo followup, 27718
systems analysis of family functionality & environment & achievement satisfaction, families with achieving vs underachieving gifted 13-15 yr old males, 27690
taxonomy of educational & psychosocial characteristics, identification of needs & behaviors & attitudes & home & school support, gifted & talented students, 27670
teaching enrichment activities to prepare for gifted & advanced academic curricula, public schools, minority students with low SES, 38229
teaching model, futuristic problem solving, gifted elementary & secondary students, 34760
teaching of methodologies of disciplines, gifted students, 34780
test scores on WISC-R vs Stanford Binet Intelligence Scale-4th edition, gifted 7.7-15.8 yr old students, 31304
theory development in gifted education, 34718
time limits & phrasing of directions, SAT scores, gifted 8th-10th grade males vs females, 38257
tools of thought in development of integrated literature & arts & sciences curriculum, creative & gifted students, 34776
trends in leadership education, gifted students, 34732
university & school district consortium for gifted education, knowledge & attitudes, educational personnel, 34779
use of term "acceleration" for educational intervention, bored gifted students, commentary & replies included, 20591
use of term gifted, child personality adjustment & family environment, parents of 7-11 yr olds enrolled in program for gifted children, 36117
verbal & learning abilities & elaborative vs base sentences, central & secondary word encoding & recall, learning disabled vs mildly retarded vs average vs gifted children, 33425
whole language perspective, development of reading & writing curricula, gifted students, 34735
workshops, knowledge level & school relations & advocacy, parents of gifted children, 34795

Gilles de la Tourette Disorder

aggression & hostility & depression & obsessionality, patients with Gilles de la Tourette syndrome, 5771
amelioration following acute akinesia during lorazepam withdrawal, 47 yr old male with Tourette's syndrome, case report, 30535
arousal & sleep polygraphic findings, 28 yr old male with Gilles de la Tourette syndrome, Italy, case report, 30087
attention to tones with vs without motor response to deviant tones, auditory EPs, 17-43 yr olds with Tourette's syndrome, 23069
behavior disorder & attention deficits, 6-12.9 yr old males with Gilles de la Tourette Disorder, 2135
biochemistry & symptoms & neuropathology & drug therapy, Tourette's syndrome, literature review, 30024
bipolar symptomatology & response to lithium carbonate, 8 & 12 & 13 yr old males with attention deficit disorder & hyperactivity & Gilles de la Tourette syndrome, case report, 37078
clinical & neurochemical correlates, 7-45 yr old patients with Gilles de la Tourette Disorder, 2105
comorbidity with other disorders & drug & family history, response to lithium, school age males with Tourette's disorder, implications for bipolar depression, 30467
contingent negative variation, adults with Gilles de la Tourette syndrome, 12524
CSF dynorphin A immunoreactivity in striatal fibers projecting to globus pallidus, patients with Tourette's syndrome, 22982
cue controlled relaxation technique, Gilles de la Tourette syndrome, severely mentally handicapped 13 yr old female, case report, 37465
diagnostic criteria & etiology of Tourette syndrome, 12329
educational problems & school personnel knowledge & satisfaction with education, students or former students with Tourette's syndrome, 31228
entities associated with neurotransmitter disturbances, development of tics & other Tourette syndrome symptoms, 12330
factors influencing choice of pharmacological & psychoeducational treatment, children & adolescents with Tourette's syndrome, 30466
family & marital life & alcohol & drug usage & professional counseling, Tourette's syndrome patients & their families, Canada, 29973
frequency & disruptiveness of vocal & motor tics & behavior & sleep problems & personal & social functioning, Tourette's syndrome patients over 3 yrs old, Canada, 29886
gene mode of inheritance, families of Tourette syndrome patients, 16201
genetic influences, learning disabilities & Tourette syndrome & developmental dyslexia, literature review, 11894
genetic transmission & linkage in pervasive developmental disorder, development of Tourette disorder & hyperlexia preceding improvement in adaptive behavior, brother & sister, 29438
haloperidol, function of hypothalamic pituitary gonadal axis & gonadotropin release, 8-70 yr old males with Tourette's syndrome, 30507
history & etiology & diagnosis & psychotherapeutic management in partial hospital, 18 yr old male with Gilles de la Tourette syndrome, 2800
history of stimulant & antihistamine usage & hospitalization & school placement & physician type & care satisfaction, 3-60 yr olds & older with Tourette's syndrome, Canada, 30195
hypnotherapy, 16 yr old male with Tourette's syndrome, 6 mo followup, case report, 37582
hypotheses on causes of Tourette syndrome, 12484
im haloperidol decanoate, 23 yr old male with Tourette's syndrome refractory to oral haloperidol, case report, 9499
imipramine, panic attacks & school avoidance, 9 yr old male with Tourette's syndrome, case report, 2543
indications for & side effects of haloperidol or pimozide or fluphenazine or clonidine or clonazepam, tics, children with Tourette syndrome, 12848
maintenance clonidine, salivary amylase concentration & total amylase & salivary volume, 7-13 yr olds with Tourette's syndrome vs attention deficit disorder, 6127
marihuana, 15 & 17 & 39 yr old males with Tourette's syndrome, case reports, 23449
neurosurgical stereotactic treatment, 5-11 yr olds with Gilles de la Tourette syndrome, conference presentation, 30570
nicotine & cannabinoids, enhancement of neuroleptic drug therapy, patients with Tourette's syndrome or dystonia or other motor disorders, literature review, 40788
nifedipine & haloperidol, 9 yr old male with Gilles de la Tourette's syndrome, case report, 37469
obsessive compulsive disorder & symptoms, 8-13 yr olds with Tourette's disorder, 5653
oculomotor control measured by saccadic eye movements & fixation & smooth pursuit, 8-15 yr olds with Gilles de la Tourette syndrome, Netherlands, 16031
perception of parental behavior & mother's self concept & family adaptability & illness severity, emotional adjustment, 7-15 yr olds with Tourette's syndrome, 29919
piquindone, 18-54 yr old patients with Tourette's syndrome, 2553
prevalence of schizophrenia, male vs female children & 7 & 9 yr old males with co-occurring Tourette's syndrome, 29983
prevalence of Tourette's syndrome, 5-18 yr olds, 5595

psychological interventions, children with Tourette syndrome, 12694
research on Gilles de la Tourette syndrome, literature review, 30067
selective D-1 dopamine receptor agonist SKF 39393, motor & cognitive processes, 24–77 yr olds with Huntington's disease or Tourette's syndrome or tardive dyskinesia or torsion dystonia, 33477
self hypnosis with habit reversal & response prevention, 7–12 yr old males with Tourette's disorder, 23480
sensory tics, 7 & 36 yr old females & 34 yr old male with Tourette syndrome-590 14, 37085
speech & language & voice disorders including mutational falsetto, 14 & 26 yr old males with Tourette's syndrome, 29984
stimulant drugs, manifestation & severity of tics, children with attention deficit disorder & Tourette syndrome, 12860
successive increasing neuroleptic dosage vs cholinolytic coma vs pimozide, 6–18 yr olds with form of Tourette's syndrome, 27000
symptom profiles & personal characteristics, 3–31 yr olds with Tourette's syndrome, 29880
symptoms of attention deficit/hyperactivity disorder, learning disabilities, children with Tourette's syndrome, 12454
temporal stability of plasma MHPG levels, 7–46 yr olds with Tourette's syndrome, 16210
temporary haloperidol withdrawal during therapy, symptom types & severity, 9–15 yr olds with Tourette's syndrome, 30439
tiapride, cognitive performances, 7–18 yr olds with multiple tics or Gilles de la Tourette syndrome, 16558
Tourette like symptoms after herpes encephalitis, 19 yr old female patient with anorexia, case report, 16250
Tourettism & late onset of dementia, 66 yr old female, England, 12511
transient tic disorder, 19 yr old female & 35 yr old male from families with Gilles de la Tourette disorder, 22973
type of medication used & symptom severity & mental health, patients over 3 yrs old with Tourette's syndrome, Canada, 30440
Girls [See Human Females]
Glands [See Also Adrenal Glands, Endocrine Glands, Gonads, Hypothalamo Hypophyseal System, Ovaries, Pancreas, Parathyroid Glands, Pineal Body, Pituitary Gland, Salivary Glands, Testes, Thyroid Gland]
detection of & response to male flank gland odors, female hamsters, 28396
Dufour's gland secretion, aggressive behavior & colony founding & invasion, queens & workers of obligatory slave making ants & their host species, 18047
preference for urine odor of castrated &/or preputialectomized males, female mice, 28776
removal of preputial glands, sexual attractiveness to males, anesthetized vs unanesthetized estrous female rats, 805
timostimolina, immune functions, 31–35 yr olds with agoraphobia & deficits in nonspecific immunity & immunocompetent cell frequency, 40757
Globulins [See Also Antibodies, Immunoglobulins]
carbohydrate deficient transferin in serum, diagnosis of early stages of alcoholism, 15–16 yr old females, 26358
phosphoglycerate kinase activity in muscle & hemosylate, mentally retarded 11 yr old male with recurrent myoglobinuria precipitated after generalized tonic clonic convulsion, case report, 36942
serum & CSF levels of microglobulin, neurologically symptomatic vs symptom free 20–55 yr olds with HIV infection, 26480
Globus Pallidus
backward masking in visual number recognition tasks, neuronal responses & EPs in thalamic nuclei & striatopallidal system, Parkinson's disease patients, 19551
CSF dynorphin A immunoreactivity in striatal fibers projecting to globus pallidus, patients with Tourette's syndrome, 22982
dopamine vs dopamine agonist microinjections to nucleus accumbens vs picrotoxin vs naloxone, subcommissural ventral palladium neuron firing rate, rats, implications for Parkinson's disease, 39427
electrical stimulation of striatum vs globus pallidus, local cerebral glucose utilization & behavior, male rats, 4268
lesions of substantia innominata & ventral & dorsal globus pallidus, visual discrimination acquisition & performance & reversal, male rats, 39214
motor dominance & volumetric asymmetry of globus pallidus in normal brains, postmortem 26 wks gestation through 86 yr olds, 4113
visual threshold recognition task, thalamic & pallidal neuronal responses, 34–58 yr olds with Parkinson's disease, 33469
Glucagon
lesions of vagal afferent terminals at area postrema & subsequent nucleus of solitary tract, glucagon induced suppression of feeding, 14800
Glucocorticoids [See Also Dexamethasone]
dexamethasone, glucocorticoid receptors & brain development, 7 day old rats, 14 mo followup, 28804
dexamethasone, mitogen induced lymphocyte proliferation & glucocorticoid sensitivity, depressed vs nondepressed psychiatric patients who were DST suppressors vs nonsuppressors, 19159
glucocorticoids including dexamethasone & cortisol, attenuation of conditioned taste aversions using toxins, male rats, 21804
handling during infancy, hippocampus concentration of glucocorticoid receptors & adrenocortical axis & developmental effects, male rats, 4131
long term tetrahydrocannabinol, hippocampal structure & glucocorticoid & plasma corticosterone & ACTH levels, male rats, 8 mo study, 4402
lymphocyte glucocorticoid receptor sites, 31–64 yr olds recovered from major depression, 5225
ventromedial hypothalamus lesions & glucocorticoids, hyperphagia & obesity, rats, literature review, 7762
Glucose [See Also Blood Sugar]
aging & brain glucose utilization assessed through PET & 2-deoxyglucose markers, patients with Alzheimer's disease or dementia or Down's syndrome, 22448
angiotensin II &/vs sinoaortic baroreceptor denervation, drinking & glucose utilization in subfornical organ & pituitary neural lobe, male rats, 35709
application of positron emission tomography to study of regional brain function & glucose metabolism, schizophrenic patients, 8752
cerebral glucose metabolic rates, nondepressed 23–61 yr olds with obsessive compulsive disorder, 15626
classical conditioning of nictitating response, dorsal cochlear nucleus uptake of radioactive glucose, rabbits, 7654
cocaine, cerebral glucose utilization, rats, 32267
concentration of ethanol vs glucose in prior schedule induced polydipsia, preference for ethanol vs glucose concentrations, rats, 25316
cortical glucose metabolic rate correlates & hemispheric specialization of abstract reasoning & attention, adult males, 14674
day vs night 2-deoxy-D-glucose injection, food intake, rats, 32295
dosage of lithium chloride vs 2-deoxy-D-glucose, taste aversion & increased vs decreased feeding & drinking, rats, 18466
electrical stimulation of striatum vs globus pallidus, local cerebral glucose utilization & behavior, male rats, 4268
epinephrine & glucose, age related memory impairments, rodents & humans, literature review, 21742
exposure to stressful white noise levels vs relative silence, local cerebral glucose utilization, male rats with bilateral 6-OHDA lesions of locus coeruleus, 39224
food deprivation, glucose utilization in central amygdala & hypothalamus, lean vs fatty male rats, 25149
glucose metabolic activity in visual cortex, 26–58 yr olds blind before age 4, 9232

glucose metabolism & neuropsychological assessment, dementia, 47 yr old male with Down's syndrome, 8950
glucose-physostigmine injections, scopolamine induced tremors & locomotor activity, 6 wk old mice, 21820
glucose with vs without insulin, REM sleep time, rats, 4475
hydration, sham drinking of glucose solutions, rats with esophageal fistulas & gastric cannulas, 7770
insulin levels in plasma & CSF during 24 hour fast & refeeding, male rats during glucose infusion, 21600
insulin vs 2-deoxy-D-glucose, food intake & plasma glucose, male mice, 18315
intragastric water preload, glucose sham drinking, rats with esophageal fistulas, 7769
isolation time & motor activity & arousal induced changes in forebrain deoxyglucose uptake, male zebra finches, 7639
lateralization of temporal lobe glucose metabolic rate, patients with chronic schizophrenia, 36577
local cerebral glucose metabolism, 53 yr old male with pure alexia secondary to acute cerebral infarction, case report, 9196
low dose naltrexone & intragastric glucose load, allesthesia & sucrose solution preference & ingestion & hunger, 20–25 yr olds, 35858
low glycemic diet, antisocial behavior, male 11.8–18.4 yr old offenders in residential treatment center, 41101
low vs high fat diet & peritoneal vs 4th ventricular 5-thio-d-glucose with vs without methyl palmoxirate, food intake, male rats, 7927
mean cortical gray matter & regional cerebral metabolic rates for glucose, adults with childhood onset obsessive compulsive disorder, 36702
movement & novelty of visual display, 2-deoxyglucose uptake in visual cortex, male rats, 28615
normal vs decreased EEG alpha background, parietal lobe function & glucose metabolism, 50–70 yr olds with Alzheimer's disease, 9194
PCP, regional brain glucose metabolism in diencephalic & telencephalic regions, implications for animal model of schizophrenia, 11283
po glucose, plasma hormone & metabolite levels & attitudes toward sweets, female bulimia patients, 19492
postnatal classical conditioning of odor to maternal contact like tactile stimulus, odor preferences & olfactory bulb uptake of 2-deoxyglucose during normal vs E controlled respiration, rat pups, 21555
posttraining glucose injection dosage, retention of learned operant barpressing response measuring memory, male mice, 25269
prefrontal cortex glucose metabolism, 20–74 yr olds with unipolar vs bipolar vs bipolar manic depression vs obsessive compulsive disorder with vs without depression, 26021
prevalence & presenting symptoms & distinguishing psychological characteristics, adults with favorable mood response to caffeine & refined sucrose free diet, 16298
psychotropic drug, glucose metabolism in lenticular & caudate nuclei & thalamus assessed by positron emission tomography, schizophrenic patients, 8704
regional brain glucose metabolism, drug free schizophrenic patients, 1741
regional brain glucose metabolism, schizophrenic patients, 1740
regional cerebral blood flow & oxygen & glucose consumption, 21–53 yr old autistic males, 26095
regional cerebral glucose metabolism & integrity of cerebral structure, 19–23 yr old identical twin sets with psychotic episodes, 33029
regional cerebral glucose metabolism during auditory discrimination, nondepressed patients with obsessive compulsive disorder, 36667
regional cerebral glucose metabolism in parietal & frontal lobes & cognitive ability & memory, mildly to severely demented Alzheimer's disease patients, 22946
role of lateral hypothalamic glucose sensitive & insensitive neurons in internal & external information processing during barpress feeding, monkeys, conference presentation, 14687
saccharin &/vs differential concentrations of glucose & sucrose & maltose, lick rate as measure of feedback effects & utility of rate vs volume as measure of ingestive behavior, male rats, 28409
saccharin, brain deoxyglucose uptake, diet induced obesity prone vs resistant male rats, 39347
saccharin vs almond vs glucose solution, food intake & preference, male rats, 35727
saccharin vs aspartame vs acesulfame-K vs glucose, hunger & desire to eat & food & nutrient intake, 19–25 yr olds, 14928
sc nicotine, local cerebral glucose utilization, rats, 4414
sex & age at dementia onset, cerebral glucose metabolism, patients with Alzheimer's disease with onset before vs after 65 yrs, 37154
shock aversive conditioning vs conditioned fear, regional cerebral glucose utilization, male rats, 4082
tomography determined regional brain glucose metabolism, alcoholic 36–58 yr old males, Sweden, 19398
2-deoxy-D-glucose vs lithium chloride, conditioned taste aversion to saccharin solution, rats vs hamsters, 21731

Glutamic Acid
chronic haloperidol, altered responsivity to quisqualic acid & glutamic acid diethyl ester, female mice, 35815
chronic methylmercuric chloride, brain somatostatin & CNS glutamic acid decarboxylase & spastic/dyskinetic syndrome & visual deficits, rats, 14915
glutamate injections into cuneiform area, behavioral responses, rats, 18398
glutamate receptor activity, schizophrenic patients, 12018
ketocyclazocine, diurnal pattern & regulation of food intake, mice treated neonatally with monosodium glutamate, 4418
prenatal ethanol exposure, hippocampal 3H glutamate binding, 45 day old rats, 7845
punishment, turnover rates of aspartate & glutamate & GABA in various brain regions, male rats, 32042

Glycine
glycolic acid vs glycine vs tryptophan, feed intake & hypothalamic 5-HT & 5-HIAA, chicks, 35880
intrathecal strychnine or GABA bicuculline or nalozone or phentolamine or methysergide, thermal nociceptive & behavioral response to tactile stimulation, male rats, animal model of pain perception, 35919
milacemide, MAO inhibitory properties, rats, implications for treatment of epilepsy, 32299

Glycogen
feeding induced brown adipose tissue thermogenesis or glycogen, feeding behavior, male rats, 35651

Goals [See Also Educational Objectives, Organizational Objectives]
achievement goals & means & structure of cognitions, male vs female 10th & 12th graders & college students, India, 8210
acknowledgement & goal setting in counseling intervention, stress reduction & transition & coping & resumption of work role, clients with midcareer disabilities, 23729
age & sex & assigned cooperative vs individualistic goals, cooperative & competitive behavior with peers during play, 6–13 yr olds, 1121
age & sex & relationship & goals in interpersonal conflicts, classification of resolution strategies using bilateral vs unilateral direct vs indirect 2 dimensional model, college students, 36419
application of patient psychotherapy plan formulations, assessment of therapeutic change & development of outcome measures for plan attainment, psychotherapists & patients, 23234
assigned goal & reward, brainstorming performance, college students, replication, 14388
assigned goal & reward, brainstorming performance, college students, replication, erratum, 28302
boredom as failure to develop meaningful life goals, psychotherapy clients, 12644

brief behavioral treatment with abstinence vs controlled drinking goals, alcohol consumption & projected blood alcohol peaks, adult problem drinkers, 3 mo & 3.5 yr followups, 16959
cognitive mediation theory of self efficacy & performance & individual goals, college students, 1 wk study, 10786
cognitive strategy training & goal specification, perceived pain intensity & tolerance latency, college students, clinical implications, 31773
competitive vs cooperative vs mastery goals with vs without feedback, basketball shooting & skill performance, male college recreational basketball players, 24480
conservation goal setting & daily electronic & monthly external feedback, natural gas energy use, single family household members, Netherlands, 41513
conversion of affective goal statements into operational instructional products, personnel training performance, 24331
criterion aggregation in self esteem & goal setting, task performance, college students, implications for personality research in organizations, 34918
demographic characteristics & interests & goals, 1st & 2nd yr school psychology doctoral students, training implications, 41191
development of Self Development Project List-90, measurement of positive goal attainment, psychiatric patients & help seeking clients in psychotherapy, 28062
efforts to achieve classroom goals & standards for performance & academic achievement, high school students, 34665
enhancement expectancy, performance aspirations & minimal goals statements, college students, 29387
etiology in family conflict vs school vs search for goal, school refusal as failure to recognize life space, high school students, Japan, 13576
goal & insulting behavior by target, influence tactics, female vs male college students, test of 3 theoretical frameworks, 15450
Goal Attainment Scaling, evaluation of effectiveness of individual habilitation plans, severely or profoundly mentally retarded clients of state residential institutions, 13092
goal level & specificity, performance level & variability on RT & idea generation tasks, college students, 24901
goal orientations & learning strategies, cognitive engagement in science classroom activities, 5th–6th graders, 17194
goal perspectives & competitive sport involvement & behavioral intensity & persistence, male vs female college students participating in intramural team sports, 10486
goal publicness & origin & individual achievement need & locus of control, commitment to different academic goals, college students, 20515
goal setting & content for out-of-school learning activities, 9th–12th graders, 31146
goal setting & feedback, discrimination learning, mentally retarded vs nonretarded 3–5.5 yr olds, 5537
goal setting & monetary incentives, self efficacy & performance, telephone soliciters, 20764
goal setting, motivation enhancement & sport performance, college students, 13986
goal setting training program, basketball free throw performance & perceptions of success & self efficacy, college students, 20987
goal setting training program, perceived ability & competitive cognitions & performance, collegiate swimmers, 41568
goal setting with vs without team building intervention, productivity & profitability, silver miners, 15 mo study, 17352
goal specificity & task complexity, basketball skill development, college students, 31495
goal vs reward interdependence, achievement in cooperative learning situations, 10th graders in mainstream social studies class including learning disabled & isolated students, 17274
goals & structure of psychotherapy supervision traineeship program, Canada, 30959
goals for 6–10 yr olds participating in recreational basketball program, coaches, 41580
health behavior & intentions, staying healthy & attainment of other goals, adults, 32852
hierarchical model of rehabilitation goals, quality of life, disabled persons, 9850
hierarchy of goals & actions for joining secret club, retrieval of temporally ordered actions, college students, 299
individual & group goal setting, literature review, organizational implications, 27941
induced happy vs sad moods, goal setting & performance on digit substitution task, preschoolers, 28353
interaction goals & target characteristics of negative expectancies, expectancy confirmation process, male college students, 4993
internal vs external attributions of success or failure in future attainment of goals set for 1 wk to life span & role of emotions, college & graduate students, 15562
life goals & values, high school seniors & 1st yr college students, 1976 vs 1986, 18648
life goals, activity participation & health & psychological well being, gifted 65–75 yr olds who participated in L. M. Terman's 1925 research study, 4763
life planning counseling model, career & educational & marriage & family goals, Black high school students, 20689
long &/vs short term vs no specific goal, physical endurance performance, 4th–6th graders, 11361
meaningful life experiences & purpose, institutionalized vs noninstitutionalized 70–96 yr olds, conference presentation, 27185
measurement of explicit & implicit goal conflict in daily activities & psychiatric symptoms, college students & adults, 11838
mixed motives of communication & accumulation of information, group vs individual goal conflict, centralized vs decentralized communication networks, 4945
monetary incentive, goal choice & commitment & task performance, high school & college students, 4720
motivation & goal orientation & perceived value & choice of deep vs surface level study strategies for reading expository text, 8th graders, commentary, 31114
motivation & goal orientation & perceived value & choice of deep vs surface level study strategies for reading expository text, 8th graders, commentary, 31130
motivation & goal orientation, perceived value & choice of deep vs surface level study strategies for reading expository text, 8th graders, 31135
objectives of routing information systems in psychiatry, Great Britain, conference presentation, 5861
organization & programs & goals of interdisciplinary collaborative research on etiology & treatment of alcohol dependence, 5503
overt vs covert verbalization & goal specificity search, acquisition of procedural knowledge in problem solving, college students, 31900
perceived goal difficulty & locus of control, self vs supervisors' ratings of performance, registered nurses, 27391
perceived performance norm, effect of assigned goals on personnel goals & task performance, college students, 1402
perception of control, priorities & progress in school adjustment, college freshmen, 24085
performance feedback with vs without goal setting using behavior observation vs graphic rating appraisal instruments, work satisfaction & organizational commitment, airport employees, Israel, 31357
person centered group therapy, positive goal attainment & symptoms & group climate & personality change, mental health professionals & graduate students, 37375
personal incentives & self perception & goals, prediction of present & future exercise behavior, 50–81 yr olds, 8174
personal incentives for exercise & self perception & congruency between exercise program & self goals, prediction of life satisfaction, 50–81 yr olds, test of personal investment theory, 29428
personal projects & support vs hindrance from significant persons, psychological distress & well being, college students, 1470

positive & negative personal work goals, taxonomy of work outcomes, adult employees, implications for organizational behavior theory, 41473
positive vs negative feedback sign & credibility, goal setting & performance of listing task, college students, 35387
primary & secondary goals, interpersonal influence messages, college students, 32777
prior knowledge & crowding & congruence of S's & other's goals, question asking in unfamiliar setting, 17–21 yr olds in college placement center, 32780
proactive vs reactive goals & locus of control, strategies for managing interpersonal conflict, male vs female college students, 36397
productivity measurement & enhancement system with group feedback & goal setting & incentives, productivity, employees, 27871
protagonist goals, storyhood & liking of plan based stories, 1st & 3rd & 5th graders vs college students, 25390
rationale & methods for incorporation of goal statements into occupational therapy, 27291
relationship between goal & assessment of competencies vs monetary incentives, perceived goal utility & satisfaction, Type A vs Type B college students, support for self appraisal model, 18952
self monitoring with vs without assigned goal setting & feedback, productivity, 24–62 yr old clinicians in rural mental health center, 17022
self perception of ability & achievement goals & attribution & learned helplessness & attribution training, elementary school children, 38045
self set vs assigned goal & feedback, goal commitment & subsequent goal setting & task performance prediction, college students, 3879
simulation gaming in business course, strategic management goal setting skills, college students, 17179
situation & goal characteristics, ratings of expected self vs other behaviors, college students, 36446
social orientation & instrumentality, prediction of self reported values & accomplishments & competencies & goals, male high school students applying for college fellowship, 8072
stock market prediction as novel task with multiple alternative strategies, performance enhancing effects of specific difficult goals, college students, 17839
stories with irrelevancies that do vs do not affect goal accomplishment, immediate vs delayed story recall vs recognition, preschoolers vs 1st graders, 4609
strong interpersonal bonds & goal properties, effort & persistence & satisfaction in working toward self set goals, college students, 8373
summary of argumentative text & goal of information memorization vs preparation for support of opinion, text interpretation, high school students, 15058
task difficulty & delay & interruption, goal attractiveness, male college students, 24897
task interdependence & goal setting, intrinsic motivation, managers, 10362
treatment accessibility & group functions & goals & role of leader in group therapy, older alcoholic clients, 27342
treatment goals, evaluation of bereavement followup, 33718
Type A vs intermediate vs Type B behavior patterns & task label, goal setting & certainty & performance, college students, 29427
validity & reliability of goal attainment scaling & semantic differential, counseling implications, 10580
value of status attained &/vs domestic nurturant goals, male vs female college students, 1969–84, 8297

God Concepts
American revolution, oedipal resolution with men's relinquishment of emotional dependence on mother love vs ideological belief in self government & conceptions of man & God, 1286
consciousness & God, 10886
gender issues in relation to God & Christ & humanity, 39743
internal locus of control & belief in God control, intrinsic religious motivation & coping & life purpose, Black Baptist 18–68 yr olds, 18749
perceived parental traits, God concepts, college students, 8075
religiousness of home atmosphere & self religiousness & belief in God & ritual observance, GPA, college students, 34670

Gonadotropic Hormones [See Also Luteinizing Hormone, Prolactin]
chlorpromazine &/or trihexyphenidyl, pituitary gonadal axis, males with paranoid schizophrenia, 16624
fluctuations in gonadal & adrenal steroid hormones across life span, mood & behavior correlates, males & females, literature review, 25103
gonadotropin releasing hormone & exposure to estrous mare, sexual behavior, pony geldings with vs without testosterone replacement, 32244
gonadotropin releasing hormone, sexual behavior during late pregnancy & postpartum period & plasma dihydrotestosterone & progesterone levels, female rats, 32185
haloperidol, function of hypothalamic pituitary gonadal axis & gonadotropin release, 8–70 yr old males with Tourette's syndrome, 30507
LH-releasing hormone, LH & FSH levels, bulimic vs restricting vs bulimic anorexic 15–30 yr olds with amenorrhea or oligomenorrhea, 9106
neonatal castration of males or sc testosterone in females, morphological development of pars compacta & scent marking & gonadotropin secretion, male vs female gerbils, 770
odor discrimination of urine from outbred estrous/proestrous vs diestrous/metestrous vs ovariectomized females vs intact vs castrated males, male rats, 11066
pituitary & gonadal hormones, nocturnal penile tumescence during sleep, physically healthy males with hypoactive sexual desire, 12494
sulphatoxymelatonin excretion & gonadatrophin status during weight gain, female patients with anorexia nervosa, 5581

Gonadotropin [See Gonadotropic Hormones]

Gonads [See Also Ovaries, Testes]
gonadal & adrenal steroids including progesterone, brain & spleen sigma receptor binding, male guinea pigs, implications for psychosis & immune functions, 7687
pineal gland & gonads & photoperiod, intrasex agonistic behavior, female golden hamsters, 21639

Goodenough Harris Draw A Person Test
Draw-a-Man test performance, urban Black 5–12 yr olds, 1938 vs 1988, South Africa, implications for academic achievement, 36168

Goodness of Fit
assessment of goodness of fit for factor analysis models, 14194
calculation of squared correlation coefficient, fit of random monotonic data to algebraic models, 10685
confirmatory factor analysis of 4 vs 2 or 3 factor models of Stanford Binet Intelligence Scale 4th Edition, goodness of fit to subtest intercorrelations for standardized age groups, 2–23 yr olds, 35224
dimensional structure & goodness of fit of factor models of WAIS-R, Anglo vs Mexican Americans, 17671
distributional properties of standardized residual, Rasch model calibration at item & person fit indices, 7264
factor analysis & degree of fit of model of M. R. Hammen et al of effective functioning in foreign culture, North American 19–57 yr olds who lived in foreign country, replication & extension, 21091
goodness of fit indices, assessment of parsimony & disconfirmability, structural equation models, 28179
LISREL, maximum likelihood estimates in fitting genetic models, twin data, 28580
maternal & child & environmental support factors, care giving involvement, mothers of handicapped infants, test of goodness of fit concept, 5787

orthogonal procrustes rotation procedure, best least squares fit with hypothesized target factor matrix, commentary, 31741
sample size & estimation method & model specification, goodness of fit assessments in structural equation models, 38703
sample size, goodness of fit indicators in confirmatory factor analysis, 14212
self rated temperament, fit with parental vs peer ethnotheories & relation to adolescent adjustment & psychosocial functioning, adolescents & parents & peers, 29159
small sample difference ratio statistical procedures, assessment of goodness of fit to uniform distribution & independence of contingency table cells, 17659
Gossip
anxiety & uncertainty & credulity, rumor transmission, college students, 8359
personal anxiety & general uncertainty & credulity & topical importance rumor generation & transmission, 4941
Gough Adjective Check List
correlation of Japanese versions of Bem Sex Role Inventory & Personal Attributes Questionnaire & Adjective Checklist, measurement of psychological androgyny, male vs female college students, Japan, 17559
Government
background of organization development study of team building in local governments, 1987–88, Poland, conference presentation, 31428
culturally sensitive approach to tribal governance issue management, Native American tribal leaders, 22130
newspaper coverage of community issues, public concern & evaluations of local government services, 15 yr olds & older, 36325
political beliefs & demographic characteristics & economic experiences & parental influences, economic beliefs & knowledge of government spending, 16–20 yr olds, England, 1083
Government Agencies
clinical & research facilities & goals of National Institute on Alcohol Abuse & Alcohol Abuse & Alcoholism Intramural Research Program, 12270
development & assessment & applications of strategic choice approach, decision making, government agencies, 1259
domestic violence policies & increased arrests, urban police departments, 11639
expenditures & revenues, state mental health agencies, 1981–85, 13041
frequency of admissions & discharges from & quality of care in federal vs nonfederal hospital psychiatric units, mentally ill patients, 1970–80, 2854
history & organization & role of National Institute on Drug Abuse, 19389
key aspects of multifaceted state & local collaboration in development of community based mental health system, 30643
knowledge utilization & transfer & other conditions & factors, effective collaboration between state & local mental health organizations, 30667
model of internal organizational evaluation & subsequent change advocacy, evaluation staff of Federal Bureau of Investigation, 10416
negotiation derived performance contracting system between state agency & community mental health centers, 30641
network of government & private agencies for assistance in entering & continuing in regular school system, visually impaired children, Canada, conference presentation, 31205
role of psychology in National Institute on Drug Abuse programs, prevention of AIDS, iv drug abusers, 12612
services purchased from facilities, directors of state vocational rehabilitation agencies, 16906
Government Bureaucracy [See Government]
Government Personnel [See Also Law Enforcement Personnel, Military Personnel, Parole Officers, Police Personnel, Prison Personnel, Probation Officers]
adjustments to environmental change, public personnel managers, 1974–88, literature review, 38372
attitudes toward knowledge claims of diviners, 20 yr old & older civil servants, Nigeria, implications for social change, 32618
attitudes toward work environment & military employers, civilian vs military technical employees, 2 yr followup, 41517
behavioral management system of nonmonetary rewards & feedback, productivity, city government employees, 3394
compulsive gambling as handicapping condition in Federal Civil Service Employment Law, 26294
conjunction of national holidays with birth date, self perception, government personnel vs clergy, 25871
content & source & direction of face to face interactions & communication with peers & superiors in workplace, 22–68 yr old police radio dispatchers, 6915
cost benefit EAP evaluation, government agency, 24385
ethnographic analysis of ideology & myth, interests of staff in relation to organization, public relations personnel in state bureaucracy, 24374
job & life social support, job & life stress & burnout, 18–70 yr old government employees, 20848
job & personal characteristics, attractiveness of & interest in sacrifice for promotion, federal agency employees & 1st line supervisors, 17382
job satisfaction & educational background & occupational burnout, Hispanic vs non Hispanic county human service workers, 38429
models of EAP evaluation, government providers, Canada, 24413
motivations & decision to report wrongdoing anonymously internally vs externally, federal employees, 10405
new performance appraisal system, acceptance of extent of use in different departments, county government employees, 27858
perceived power of male vs female managers, male vs female government employees, test of gender congruency theory by P. Johnson, 27901
Performance Management & Recognition System pay for performance principles, organizational performance, managers in federal government, 24329
personality factors & mental health history & disaster characteristics, posttraumatic morbidity, firefighters exposed to bushfire disaster, Australia, 29596
productivity gainsharing experiment, productivity, federal government employees, 24328
requirement to sign memo with information on safety belt regulation & use of dashboard sticker reminders, safety belt use, state employees, 13759
role of Personnel Psychology Centre of Public Service Commission, government personnel selection under merit standard, Canada, 6876
self management training, self efficacy & job attendance, unionized state government employees, 6 mo followup & replication, 34874
sex & ethnicity & other demographics & Civil Service grade, time allocated to & perceived difficulty of general administrative vs supervisory tasks, state government middle level managers, 20808
situational components & affective states & behavioral responses related to job insecurity, government employees, Israel, 13860
worksite health promotion program, health habits, wives of fire fighters, 3447
worksite health promotion project, health practices, government employees, 3427
Government Policy Making [See Also Abortion Laws, Drug Laws, Foreign Policy Making, Gun Control Laws, Laws, Legislative Processes, Marihuana Laws]
analysis of Florida's statutory guidelines for children's mental health & substance abuse services, 36320
application of prevention & treatment research & policy & poorly structured & coordinated mental health care financing system & treatment services, children, 9717
attitudes toward important government policies, presidential candidate preferences & voting behavior, survey respondents, 1968 & 1980 & 1984, 1272

attitudes toward medical social issues including preventive medicine & doctor patient relationship & government role, 1st yr medical vs other graduate students, Australia, 13327
attitudes toward national family policies including income transfer & child care & social service programs, family policy experts vs family service professionals vs community residents, 22184
attitudes toward social control policies against drug abuse prior to their actual implementation, college students, Australia, conference presentation, 11648
authority of government & ethical & confidentiality & legal issues, research programs & medical decision & policy making, adolescents with & at risk for AIDS, conference presentation, 37650
characteristics & other factors, voting in school bond referenda, 65 yr olds & older, 1969 to present, 39698
cognitive learning process & social role of schooling, implications for educational policy, 17097
consensual & nonempirical symbolic validation of educational innovations, acceptability & legitimacy of state mandated high stakes testing programs, 31235
consistency & continuity in child care policy, 20135
constitutional issues in state regulation or restriction of noncoital reproduction, implications for surrogate arrangements, 18829
contribution of housing to policy making, frail elderly, UK, 32588
contribution of traditional community & Western missionaries & government to education, blind students, Nigeria, 24174
critique of ageist social policy involving age cutoff in use of expensive medical technology & advocacy of person tailored care, 30619
current status of state early childhood intervention policies, directors of P. L. 98-199 state plan grants & supervisors of state education agencies, 10214
defensibility & affordability & quality concerns of mandating educational programs for gifted students, 27682
demographic characteristics & independent living & rehabilitation & intervention & family involvement & leadership issues in public policy making, blind elerly, 23492
deregulation of health care industry, practice & role of nonphysician health professionals, 34476
development & assessment & applications of strategic choice approach, decision making, government agencies, 1259
development & clinical treatment of drug abuse & public policy, 16951
discrepancies between aptitude levels required for jobs as derived from government estimates vs General Aptitude Test Battery norms, vocational decision making, counselors, 41022
disparity between public perception of health & factual estimates of environmental risks, industrial & public policies, conference presentation, 24430
distribution of consumption vs social science preventive models, alcohol consumption & related problems, 1986–87, Israel, 26360
domestic violence policies & increased arrests, urban police departments, 11639
economic instability & unemployment, health & social policy, Europe, 24299
effect on opiate policy, overprescribing physicians & members of drug subculture, Great Britain, 12213
effectiveness of laws & policy, deterrence of DWI, literature review, 15365
ethics & state regulation similar to adoption procedures in surrogate arrangements, 18834
federal agency involvement & social policy development, social service programs, children & families, 25779
federal initiatives regarding epidemiological & clinical & basic research, 18–40 yr olds with dual diagnosis of substance abuse & mental illness, 29248
federal policy & role in provision & financing of mental health services & research funding & training, children, 9682
federal social policies based on interdependence, infants & preschoolers & their families, 36321
government & workplace policies, day care & leave & work schedules & other child related issues, parents, 27967
government funding for special education at state & local levels, 13649
government policy for illicit drug use & AIDS, 40060
government policy on drug misuse & AIDS prevention, Great Britain, 16958
government policy, psychiatric diagnosis & treatment duration, mentally ill patients, 1975–82, Brazil, 15334
government power & authority & incentives, decision making for sterilization, rural couples, India, 2633
government programs for distributing drug use equipment & preventive education, spread of HIV infection, iv drug users, UK, 2949
government response to HIV epidemic, 12531
group cognition & belief systems & policy preference, thinking & decision making in oil policy game, government officials, Norway, 22226
helping system & publicity campaign & prophylactic distribution & exchange program, controlled needle sharing & AIDS prevention, iv drug users, Netherlands, 2901
history & policies & attitudes toward mental health services, New Zealand, 34246
human services agencies, quality cf life, mentally retarded or developmentally disabled elderly, 23528
humanistic psychology approach to political policies & criminal restitution, 22258
impact of family violence research on criminal justice policy concerning wife assault, 22700
indicators of states' observance of legal rights, mentally ill patients, 11637
influence in special education policy & theory, educational psychologists, England, 13625
intergenerational policy movement to overcome social isolation & social problems & to address federal budget priorities, 39721
intergenerational programs & approaches to public policy, 40901
involvement in organized advocacy or political opposition to local policies, elderly, 36211
involvement in state legislative decision making, community psychologists, 15374
involvement of psychiatry in formulation & implementation of public policy, 12621
justification of need for legislative policy mandating educational programs for gifted & talented children, 27729
learning disabilities, children, implications for social policy & education, 26372
legal & political controversy surrounding report of Attorney General's Commission on Pornography, implications for psychologists, commentary, 29305
legalized gambling & growth of state sponsored lotteries, 1980s, implications for compulsive gambling, 26215
legislation & social policy, mandating reform of professional practices, infants & young children with handicapping conditions, 25778
legislative & policy issues regarding services & universal access to health care & need for greater emphasis on prevention & early detection & treatment, disabled persons, 6479
level of dependence & role status & governmental policy, deinstitutionalized chronically mentally ill, 37731
local vs national policy for prevention of alcohol problems, UK, 32693
management of local government opposition to community residential care facilities for mentally ill, 40899
mental health needs & current federal programs & policies & treatment delivery systems & development of cost effective treatment & prevention, children, 9693
mental illness & imprisonment, adults seeking social services, Great Britain, implications for social policy of community care for psychiatric patients, 6352

multidimensionality of patriotic & nationalistic attitudes, nuclear policy opinions, high school & college students & building contractors, 39826
myths & erroneous assumptions in accounts of community care policy development, mentally ill patients, England & Wales, 40894
national health & mental health policy, India, implications for treatment & prevention & health promotion, conference presentation, 37231
national policy on aging & changes in family caregiving & social roles, elderly females, 37617
national strategies for suicide prevention services & education, Netherlands vs Canada vs US, implications for national task forces, 27110
need for awareness of policy trends & future changes in health care delivery, psychologists, 16297
need for cooperation between aging & developmental disabilities service delivery organizations & impact of federal & state policies, 23500
operational strategies for prevention of negative certification decisions, Medicaid participants, 9663
organizational development, understanding of race relations & improvement of intergroup relationships & formation of social policy, US & UK, 38415
parliamentary procedures & social service agencies & preventive measures, battered females & their children, Sweden, 22712
partnership between aging & developmental disabilities human service agencies, quality of operation & provision of intervention & advocacy services, elderly, 23524
paternalism & anti-smoking policy, Finland, 29326
payment to informal vs formal home caregiver, attitudes toward & quality of care for elderly, health care staff & policy officials & family members, 27063
perceived deficit in national security & social differentiation, economic allocation for more security simulating nuclear arms race, college students, 25876
personal vs public official views on pornography, C. E. Koop vs social scientists participating in Surgeon General's workshop, commentary, 29298
politics of disability & government policies, negative effects of impairment, 27280
positron emission tomography & verification of brain pathology in violent behavior, adult males, implications for law & public policy, 8853
prereferral intervention practices, state directors of special education, 17252
psychiatric service utilization before vs after reform, adults, Italy, 27100
psychoanalytically based views of J. Katz on nature of human relationships & implications for law & medicine & public policy, 16721
public policies & transmission of HIV, iv drug using adults, 36824
public policy & effectiveness of professional self regulation, school psychologists, 38063
public policy issues & malpractice, implications for geriatrics & older patients, 37636
public policy issues, education, gifted & talented students, 27722
public policy issues in mental health & aging, 9700
public policy on drugs & drug abuse, 15965
public policy regarding TV, children, 25784
public support for mutual & verifiable nuclear freeze, adult residents, 15372
ramifications of eligibility reviews on Social Security Disability Insurance, mentally disabled beneficiaries, 1980, 8604
reduction in funding to universities & Research Councils, psychiatric research, Great Britain, 5112
research limitations & public policy making, sexually abused children, 33285
role of intergenerational programs in public policy implementation, elderly, 40911
role of psychology in promoting public policy & civil rights, homosexuals, 32719
role of state legislators in development of public mental health policy, 40932
self interest, attitudes toward smoking restrictions & cigarette taxes, smoking vs nonsmoking community residents, 32752
social policy, compulsory treatment of drug addiction, US & West Germany, 23774
socioeconomic impact assessment & management & role in context of National Environmental Policy Act of 1969, social & behavioral scientists, 38487
sociopolitical language in formulation of mental health policy, Canada, 2669
state & federal legislation & advocacy, services & resources, disabled Native Americans, 27276
state monopoly systems, prevention of alcohol related problems, developing countries, 36847
status of & needs for research in learning disabilities as reported by & recommendations of Interagency Committee on Learning Disabilities, policy implications, 19455
statutory responsibilities of public & private sector in provision of mental health services, implications for poor & uninsured clients, 40914
subjective burden, need for national caregiving policies, caregivers of ill or disabled family members, 23143
termination of subsidized methadone maintenance with vs without transfer to private program, outcome & societal costs, patients, 2.5 yr followup, implications for public policy, 41055
theories of attachment to caregiver & wariness of strangers & exploratory competence, applied & public policy, infants, 39608
underutilization of program evaluation methods & cultural factors, decision making, policy makers, Africa, 8199
utility of neurobehavioral tests, setting of limits for exposure to industrial solvents with neurotoxic properties, literature review, 5617
2 yr limit on public funding of methadone maintenance treatment, erosionary therapeutic relationship & client adaptation & risk of AIDS, methadone maintenance clients, 27336

Government Programs [See Also Medicare, Peace Corps, Project Head Start, Social Security, Welfare Services (Government)]
academic & community & state mental health program collaboration, 2676
benefit-cost analysis of government supported competitive employment program, mentally retarded, commentary, 34351
collaborative relationship between community mental health centers & state & college departments, conference presentation, 2714
community relations approach, state wide mental health program development, elderly chronically mentally ill & high risk adolescents, 20111
concept & usefulness of client satisfaction measurement in program evaluation, clients participating in government residential rehabilitation program, Canada, 6303
congressional reauthorization of federal family violence & child abuse prevention & treatment programs, 11640
evolution of Federal Bureau of Prisons Mental Health Program, 1930–85, 9914
failure of government sponsored obstetrics training courses, Mayan midwives, Mexico, 6 commentaries included, 34483
mental health needs & current federal programs & policies & treatment delivery systems & development of cost effective treatment & prevention, children, 9693
model of system dynamics, organizational evolution & interunit dynamics of VA psychiatric service, 13051
need for national program, adjustment to economic changes, displaced blue collar workers, US, 24292
subsidized vs private vs unregulated child care services, family functioning, families with child under 5 yrs old, 20123
transition from specialized to generic system with general programs, blind or visually handicapped, Norway, conference presentation, 13201

Gradepoint Average [See Academic Achievement]

Grading (Educational)
attitudes & understandings & attributions about school grading, 4th–11th graders, 6750
class seating arrangement & grades earned in art appreciation course, college students, 27655
content & construct & criterion validity & intersupervisor reliability of University of Western Ontario Clinical Grading System, assessment of practicum performance, speech language pathology students, 3593
disagreement among holistic essay scores, 10th grade English teachers, 27797
equi-percentile scaling vs linear scaling prior to grading vs grading without scaling, grades on history & physics examinations of General Certificate of Secondary Education, test candidates, 27781
factor structure of S. Harter's self report scale of intrinsic vs extrinsic classroom motivation, 4th graders receiving numerical vs descriptive academic evaluation, Yugoslavia, 34822
feedback vs grading purpose & participant preconception & rating level, acceptance of peer evaluations, college students, implications for management, 38357
grades & achievement test scores, 6–12 yr olds from divorced families, 5 yr study, 38148
grades vs standardized test scores indicating mathematics achievement, females vs males, 24048
handwritten vs word processed English language & literature essays, grading, secondary school teachers, 24250
inclusion vs exclusion vs correction for guessing scoring procedures, reliability & validity indices & grade categories for multiple choice test items, graduate students, 10275
interpretations of grade equivalents vs percentiles vs deviation IQs, diagnostic decision, school psychologists, implications for overidentification of learning disabilities, 27785
numerical vs descriptive academic evaluation system, intrinsic vs extrinsic academic motivation, male vs female 4th graders, Yugoslavia, 1 yr followup, 34664
paradigm for assessment of student learning using computer screen display time for graded text, elementary school teachers, 6809
perceived purposes of & traits measured by college grades, college faculty vs parents vs corporate personnel directors, 20522
prior knowledge & student sex & social class & physical attractiveness, bias in assessment of written work, examiners, 13684
reliability & validity of clinical grading of procedures, dental students, 23847
strict vs lenient grading scales, test performance, college students with high vs low SAT scores, 24046
student gender & family type & past school performance, evaluation of performance, elementary school teachers, Israel, 6658
task structure & grading & ability grouping, self perceived math ability, 5th–6th graders, 17227
Graduate Degrees [See Educational Degrees]
Graduate Education [See Also Clinical Psychology Grad Training, Dental Education, Graduate Psychology Education, Medical Education, Psychiatric Training]
approach to applicant selection for master's & doctoral programs in marriage & family therapy, 30863
beliefs & understandings & interaction with guiding philosophy of Masters of Education program, learning & teaching practices, female 2nd grade teachers, 41194
content of behavior therapy courses offered in graduate schools of social work, 23907
cross cultural orientation programs, assistance in completion of thesis or dissertation, graduate students, US, 27764
design of person oriented experiential learning course in graduate counselor education, graduate counseling practicum students, 27464
doctoral research & management development, 41432
evaluation of doctoral programs in Speech Communication, members of Speech Communication Association, 1987, 20461
evaluation of educational quality of master's degree programs in speech communications, members of Speech Communication Association, 1988, 20490
fear of failure & exams & future & loss of expertise & identity & powerlessness during retraining, college professor as student in graduate program, 13585
graduate art therapy program in professional art school, 34520
graduate program in creative arts therapy, 34463
graduate training in law vs medicine vs psychology vs chemistry, reasoning & transfer, graduate students, commentary, 41224
graduate training in law vs medicine vs psychology vs chemistry, reasoning, graduate students, commentary, 41235
importance of cross cultural courses in graduate education, professional rehabilitation counselors, 27470
integration of psychological understandings about learning processes, teaching practices, professors of law in consultation with faculty psychiatrist, 17177
narrative vs research case studies in art therapy graduate education, 38020
narrative vs research case studies in art therapy graduate education, commentary with reply included, 37988
nursing program for assessment & treatment of family violence, graduate students, 6623
proposal for early joint training, doctoral candidates in medicine & dentistry & psychology & nursing & social work, 34491
sex of dissertation advisor, rate of publication after graduation, male vs female psychologists vs biologists, commentary, 30936
sex of dissertation advisor, rate of publication after graduation, male vs female psychologists vs biologists, commentary reply, 30945
sex of dissertation advisor, rate of publication after graduation, psychologists vs biologists, commentary, 30958
survey of academic courses & programs in biofeedback training, 1986–87, US & Canada, 31075
trends in creative arts therapy programs at master's level, 34495
university Board of Regents summer program, preparation for graduate education, Black students, 41240
Graduate Psychology Education [See Also Clinical Psychology Grad Training]
author's experiences in teaching Freudian psychoanalytic concepts in psychohistory, graduate students, 17067
bicultural perspective & Maori dimension, postgraduate training in clinical & educational & community psychology, New Zealand, 6579
Canadian Psychological Association's new code of ethics as instructional tool for ethics education & decision making, graduate psychology students, 9943
conferences on models of education & core curriculum & postdoctoral training, psychologists, 17035
conflict between acquisition of skills & development of person of psychologist in graduate education, 37967
content of graduate programs in educational psychology, 17050
counseling psychology training emphases, directors of APA approved counseling programs, 1971 vs 1986, 13407
current status & future training/educational & evaluation possibilities, school psychologists, 17118
curriculum revisions & self study alternative, model of graduate course on family patterns & substance abuse, marriage & family therapists, commentary, 27460
demographic & motivation factors in decision to begin graduate training & perception of roles & goals & expectations, 1st yr doctoral students in APA approved counseling psychology programs, 6634
demographic profile & self image & satisfaction & perceptions of psychology & student–supervisor relationships, doctoral students of psychology, India, 23900
development & current status of school psychology program at state university, 9967

differential curricula & BA vs BS degree offerings in undergraduate psychology departments, admission to graduate school, commentary, 34612
doctoral entry level requirements in school psychology, conference presentation, 27522
doctoral vs master's level issue in social psychology education, commentary, 27495
experiences teaching in graduate counseling program under Fulbright Act, counseling psychologist, 1982–83, Turkey, 13415
experiences teaching undergraduate & graduate psychology under Fulbright Act, counseling psychologist, Zambia, 13346
faculty composition & linkages among top ranked doctoral programs in psychology, 27383
financial status, PhD level psychology graduate students, 1966–67 vs 1976–77 vs 1986–87, 17039
graduate course on systemic treatment of substance abuse, marriage & family therapists, 27420
holarchic theory of personality & behavior adjustment paradigm as training tool, school based psychologists, 23954
issues in doctoral entry level training for private vs public sector school psychology practice, conference presentation, 27491
issues in entry level training for school psychology education, conference presentation, 27492
issues in entry level training for school psychology education, conference presentation, 27511
logotherapy course based on social learning theory, value system behavior change, psychology graduate students, conference presentation, 3025
minority status, type & amount of information received from clinical or counseling or school psychology programs, prospective doctoral level students, 34552
most commonly attended training & internship programs & postdoctoral training experiences, psychologist members of Society of Pediatric Psychology, 30915
movement toward doctoral entry level training in school psychology, conference presentation, 27487
National Conference on Internship Training in Psychology, internships in school psychology, 17109
need for mandatory & model of postdoctoral education & training, health psychologists, 3052
nonpsychological diversity of university based doctoral programs in professional psychology, 30923
organizational & programatic issues in operating psychology training clinics, 13344
perceptions of criteria for tenure & promotion in PhD programs in psychology, department chairs & program heads, 27436
policy statement on core requirements & policies for internship issued by National Conference on Internship Training in Psychology, 17013
preferred preparations & strategies for enhancement of graduate school applications for clinical vs counseling vs school psychology programs, 23834
preparation as classroom teachers & supervisors in applied & research setting, psychology graduate students, US vs Canada, 6615
professional training program in educational psychology, UK, 30993
rationale & objectives & course method & evaluation of teaching ethical principles of psychology, 6618
standards for curriculum & needed skills & attitudes & professional school vs university based training, National Council of Schools of Professional Psychology conference, 17018
sufficiency of master's level education & continuing education, school psychologists, conference presentation, 27519
teaching alternate research paradigms in graduate counseling psychology, 27425
teaching importance of accuracy in research, experimental psychology, graduate students, 30876
thesis & dissertation supervisory system, performance, graduate psychology students, 30890
training & accreditation in counseling psychology, 17062
training & research & textbooks in educational psychology, 1910–25, 17024
training in consultation interview skills, school psychology graduate students, replication & extension, 38055
trends & educational training in family psychology, 2363
undergraduate & graduate psychology education based on applications to self & psychology, conference presentation, 27404
use of MMPI in counseling psychology training, directors of APA approved counseling programs, 34543

Graduate Record Examination
factor structure of GRE, visually impaired vs physically handicapped vs nonhandicapped college students, 3333
predictive validity of GRE, failed preliminary examinations & composite as measure of academic success, clinical psychology graduate students, 23832
reading & study techniques for GRE subject tests, 10299

Graduate Schools
development & principles of university school psychology program, 41203

Graduate Students
aspects of journal entries over course of academic term, speech-language pathology graduate students, 27397
attitudes toward university counselors & counseling services, US vs Taiwanese graduate students, US, 20690
cognitive development & undergraduate education, graduate education & professional practice & achievements, MSW graduate students with BA vs BSW degrees, 41127
cognitive psychology research & consultation problem solving, novice school psychology students vs expert school psychologists, training implications, 38304
consultation problem solving, novice school psychology students vs expert school psychologists, training implications, commentary, 38276
demographic & personal & personality factors, persisters vs nonpersisters in graduate level nontraditional liberal education program, 6756
demographic characteristics & interests & goals, 1st & 2nd yr school psychology doctoral students, training implications, 41191
experiences with & responses to sexual harassment by faculty, graduate students, 22731
financial status, PhD level psychology graduate students, 1966–67 vs 1976–77 vs 1986–87, 17039
joint research program based on written agreement & explicit student learning tasks, gerontological research, college faculty & graduate level social work students, 13388
knowledge of history of psychology before taking course, college & graduate students, 30901
Machiavellianism, strategy of power attainment, college freshmen vs upperclassmen vs graduate psychology students, 13584
mentor characteristics, female faculty members & graduate students, 6643
organizational & interactional dilemmas, disengagement, graduate student spouses, clinical implications, 16460
perceptions of reporting forms used in clinical training, speech-language pathology graduate students, 27386
placement planning model to match students with practicum settings & practicum's role, professional education, MSW students, 30869
preservice psychiatric rehabilitation training, graduate students, 23836
thesis & dissertation assistance at counseling center, graduate students, 31250
thesis & dissertation supervisory system, performance, graduate psychology students, 30890
time series trend & randomness & graphic presentation, judgmental forecast & confidence interval, MBA students, 24826

Grammar [See Also Morphology (Language), Phonology, Semantics, Syntax, Transformational Generative Grammar]
artificial intelligence system, grammar & spelling instruction, 10–15 yr olds, Netherlands, 10089
attributed grammar pattern recognition system for classifying brain stem auditory EPs, 28591

comprehension of complement clauses, educable mentally retarded 7–16 yr olds vs nonretarded 5 yr olds vs 5th–6th grade vs high school students, Greece, 29816
computational models using connectionist algorithm by D. Rumelhart, cue vs rule based learning of gender & number & case paradigm for German definite article, 39548
deductive parsing models of language knowledge use, 35953
differentiation vs enrichment strategy, rating of relative grammaticality of isolated repeated sentences, college students, Japan, 35957
early spontaneous use of "from" & "by" & "with" to mark oblique agents, 2–6 yr olds, followup study, 39501
G. H. Mead's grammatical models of self, 11813
gender bias in language & adoption of use of gender-neutral pronoun, 21–66 yr old members of National Organization of Women vs psychology vs English & medical graduate students vs faculty, 22273
grammar with cross sentential cues to phrase structure, syntax & language learning, college students, 39437
grammatical category shifts of lambic vs trochaic nouns vs verbs, college students, 14981
grammatical class & contextual factors, naming task performance, 69 yr old male with pure anomia, case report, 16270
grammatical judgments of alphabetically written numeral forms, 18–77 yr olds with aphasia, 5562
grammatical marker frequency & dialect, language structure learning, young adults, 363
grammatical semantic abilities, patients with dementia of Alzheimer type, 37155
implicit grammar learning task vs explicit matching task performance, psychiatric inpatients, 19041
intervention strategies, spelling & punctuation & grammar skills, learning disabled college students, 20653
licensing structure parsing computational model, 35946
MacWrite word processing program, grammatical additions & omissions & substitutions in personal correspondence, hearing impaired female adult, 37252
modified mnemonic keyword method, learning of German noun meaning & grammatical gender, French speaking college students, Canada, 31039
patterns of omissions & substitutions of grammatical morphemes in spontaneous speech, agrammatic & aphasic 21–68 yr olds, 37106
phonological & morphological & syntactic errors, 3.3 & 5.9 yr olds vs adults, 39575
psychological reality & internalized grammar & psychological equivalent to simplicity metric, German past participles, commentary reply, 7968
reference profiles of grammatical development in Language Assessment Remediation & Screening Procedure & factors affecting reliability, children, commmentary, implications for language impairment, 21085
repeated presentation of ungrammatical sentences, grammaticality judgments, college students, 31857
repetition of sentences isolated vs embedded in context, grammaticality judgment, college students, Japan, 7964
script structure assessed by additive tree & interproposition distance, perceived separation induced by punctuation marks, college students, 14976
speech shadowing techniques & rate of presentation & grammatical acceptability of sentences, language processing & reading ability, 2nd–8th graders with good vs poor reading ability, 18583
story grammar instruction, reading comprehension, 8–10 yr olds with dysphonetic & dyseidetic dyslexia, 34763
structure & semantics & scope & purpose of problem statements in policy formulation & negotiation, 22254
task action grammar model using mental representation of task languages, prediction of learnability for lexical computer command language structures, adults, 24425
text structure & story grammar & oral recall of text passage, 18.5–25 yr old college students with learning disabilities, 34705
verb control information use in initial analysis of sentences, generalized phrase structure vs government & binding style grammar systems, commentary, 11331
word order vs grammatical markers in opaque partial vs mixed description, indicator of semantic relations, college students, Japan, 32325
2 succession judgments of grammaticality of sentence without repetition of sentence, judgment criterion, college students, 4535

Grammar Schools [See Elementary Schools]

Grandchildren
geographical proximity & sex congruence, frequency & desire to share activities, 3rd–5th graders & their grandparents, 29169
intent & amount & depth & honesty of self disclosure, interpersonal solidarity, grandparents & their 12 yr old & older grandchildren, 36275
interaction with grandchildren before vs after marital breakdown of child's parents, 40–79 yr old grandmothers, 4841
intergenerational gender, grandchild grandparent relationship, 18–23 yr olds, 22179
parental caregiving burden, children's relationship with parents & grandparents, families with grandparent with Alzheimer's disease, 37004
parental or grandparental exposure to extreme & prolonged stress of Nazi persecution, behavior & psychosocial adjustment & school performance, grandchildren of Holocaust survivors, 8847
patterns of association & helping & levels of affect in relations with grandchild, 65–94 yr old grandfathers, 4842
perceptions of grandparent & family environment & elderly, 8–18 yr olds with grandparent with Alzheimer's disease, 26466
responsibility toward & emotional ties with grandparents, college students, 32644
treatment & self help group exposure, codependence characteristics, 22–52 yr old children & grandchildren of alcoholics, 30833

Grandparents
changing family role & learning needs, grandparents, implications for educational support, 1240
demographic characteristics & custody arrangement, participation in group therapy, 40–80 yr old grandparent guardians, 19846
geographic proximity & other factors, interaction with grandchild following adult child's separation or divorce, grandmothers, implications for service delivery, Canada, 1215
geographical proximity & sex congruence, frequency & desire to share activities, 3rd–5th graders & their grandparents, 29169
intent & amount & depth & honesty of self disclosure, interpersonal solidarity, grandparents & their 12 yr old & older grandchildren, 36275
interaction with grandchildren before vs after marital breakdown of child's parents, 40–79 yr old grandmothers, 4841
intergenerational gender, grandchild grandparent relationship, 18–23 yr olds, 22179
parental caregiving burden, children's relationship with parents & grandparents, families with grandparent with Alzheimer's disease, 37004
patterns of association & helping & levels of affect in relations with grandchild, 65–94 yr old grandfathers, 4842
perceptions of grandparent & family environment & elderly, 8–18 yr olds with grandparent with Alzheimer's disease, 26466
presence of maternal grandmother, independent & adaptive responses in novel environment, 2 yr olds, 25648
psychosocial integration & life review & dimensions of meaning in grandparenthood, elderly, 32572
rationale & format & curriculum of practical education program, sharing feelings & listening & personal development & intergenerational relations, grandparents, 15250
rationale & program format for training to improve intergenerational skills, grandparents, 11562
responsibility toward & emotional ties with grandparents, college students, 32644

role & activities in family, Hispanic grandparents, implications for occupational therapy, 32665
roles & characteristics depicted in children's storybooks, grandparents, 11342
status & role during divorce of their children, grandmothers, 3.3 yr study, 8179
support group, adjustment, grandparents & extended family of children with delayed development or mental retardation, 19842
Graphical Displays
acquisition of spatial information derived from maps, 4–7 yr olds, 15126
age, processing & short term memory of color & contour & patterns of computer digitized pictures, 1st–5th graders, 25492
alternative procedure for graphing correlation coefficients, 28186
characteristics of graphs of single S data, visual analysis of interrater agreement in evaluation of client performance change, rehabilitation therapists, 14120
cognitive demands of information abstraction, utility of various graphic representations of data, college students, 31467
cognitive processing of map learning, instructional implications, 10814
color & graphics & animation, computer assisted learning tutorial lesson effectiveness, 9th–12th graders, 27529
computer applications for graphical & statistical analysis of variations in music performance, conference presentation, 35261
computer bar graph vs object display, integration task, college students, 38482
computer generated 3-dimensional graphics, analysis of EEG data in neuropsychological hypothesis testing, conference presentation, 7693
computer program & simulated channel system, probabilistic thinking & understanding tree diagrams, 11–16 yr old students, 27559
computer software, understanding graphs of mathematical concepts, 7th–8th graders, 27597
computerized partially animated network representations, teaching & understanding of mathematical & geometrical deductive proofs, students, 23992
construction & implementation of graphic organizers & related testing formats, mainstreamed learning disabled or remedial secondary students, 34740
design of user adaptive computer graphics using artificial intelligence, 17428
educational zoo graphics, experiential learning, zoo visitors, 6996
feature matching approach, retrieval from pictorial databases, 24424
frequency of student data collection & graph trends, evaluation of academic performance & placement, teachers of moderately to profoundly handicapped students, replication, 34762
genogram & family therapy, assessment of family functioning, bulimic 22 yr old female, 6019
graph type & color vs monochromatic coding scheme, graph interpretation performance, adults, 3796
graphic analysis of association using useful association models approach, interpretation of association in cross classifications with ordered categories, 35234
graphic representation of signs, word identification skill development, prelingually deaf 6–8 yr old beginning readers, 41346
graphical interface, automatic programing system, 20899
learning of topographically identical verbal operant tact & mand repertoires using graphic symbols, 28 & 36 yr olds with Down's syndrome or profound mental retardation, 34366
logical reasoning patterns, construction of line graphs, 6th–12th graders, implications for Piagetian concrete operational structures & teaching, 41281
marital therapy flow chart, 9393
method of displaying information about disabilities using mental handicap register, mentally handicapped, 22861
multidimensional rating scale technique, evaluation of CRT formats for display of safety parameters, 26–44 yr old nuclear power plant operators, 6940

closure & movement of foster homes & smaller group homes, mentally retarded residents, 27125
Community Residences Information Services Program as planning model for development of group homes, 40887
daily living skills & interpersonal behavior, moderately mentally retarded 23–53 yr old male group home residents, 13059
development of guidelines to promote therapeutic environment in lodging homes, disabled elderly & deinstitutionalized psychiatric outpatients, Canada, 27103

ecological perspective & dimensions of social context of community housing programs, chronically mentally ill, literature review, 6308
environment, quality of life, blind in community living program, New Zealand, 40928
environmental dimensions of community group home programs, adolescent offenders, 23789
frequency of participation in leisure activities, severely retarded adults residing in group vs foster homes, 9670
functions & problems of board & care homes, chronically mentally ill patients in community, 41000
hospital ward vs hostel vs group vs parental home residence, quality of care & functioning & daily routines, mentally retarded adults, UK, 6442
involvement in community based activities & health & social services, severely mentally retarded adult residents of community foster group homes, 16779
mental health needs & treatment effectiveness, males & females 12 yrs old & older in group homes vs residential treatment centers, Canada, 16820
occupational stress, direct & indirect service personnel in group homes for adolescent offenders & mentally handicapped, Canada, 23818
opinions about service system & impact on life & recommended changes, adolescents in group care settings, Canada, 37702
qualifications of therapists & maladaptive behavior & restrictive procedures in behavior management services in community group homes, mentally retarded residents, 37821
rehabilitation in group home active community environment, mentally retarded 51–78 yr old females, Wales, 23599
setting & programs & goals & characteristics of group home, autistic adolescents, Netherlands, 30741
staff interaction & client activity, severely or profoundly mentally retarded adults in small community houses, 2 yr followup, 13054
Supportive Housing Coalition, program proposals & policies for community housing & intervention strategies for service delivery & legislative advocacy, chronically mentally ill, Canada, 6349
type & characteristics & program goals & outcome assessment of community housing programs, chronically mentally ill, literature review, Canada, 6326

Group Instruction

classroom group socialization, social interaction with peers, developmentally delayed or autistic or emotionally disturbed or normal 3.7–5.6 yr olds in Head Start, 20576
combined group instruction & peer tutoring in mastery based companion reading program, implications for inservice teacher training & parental involvement, 31072
computer assisted system analysis, interaction in problem based learning groups, teachers & students in medical school, 20388
computer based group work, English education, primary & middle school students, 31044
cooperative learning & peer tutoring & group & interactive vs traditional teaching methods, students with learning disabilities, 41338
cooperative learning & peer tutoring & reciprocal teaching group instruction methods in mainstreaming, social skills & classroom integration, mildly mentally handicapped students, 24135
cooperative learning, mainstreamed mildly handicapped students, 31214
evaluation of effectiveness of multi-component group approach, social skills, 5th graders, 30366
experiences with & perceptions of benefits gained from group work, high school students & teachers, 3114
functions & effectiveness of & role in classroom ability vs peer work groups, teachers, 17128
general psychology course utilizing written instructional objectives & small interpersonal groups, college students, 23967
group based mastery learning programs, meta analysis, 13483
group education about psychopharmacology, patients in psychiatric day hospital, 20178
group incidental training in work setting, use of social amenities, mentally retarded 22–66 yr olds, 6498
group instructional arrangements in mainstream vs special education classrooms, mentally retarded vs learning disabled vs emotionally disturbed vs nonhandicapped elementary school students, 17296
group work in secondary school curriculum, 31076
implementation of cooperative learning in mathematics instruction & curriculum, elementary school students, 41254
individual instruction vs same & mixed sex dyadic & triadic group instruction, social interactions & LOGO learning & problem solving, 4th graders, 10062
individual vs dyad microcomputer vs workbook assisted instruction, achievement scores & attitudes toward computer instruction, 3rd–6th graders, 10087
individualized instruction in group or group instruction or peer tutoring, autistic students, literature review, 20634
instructional processes strategies in team training, Naval Gunfire Support Department, implications & recommendations for future applications, 31482
networked computer environment for communication & data collection & analysis, earth science curriculum for small group activities, 6th graders, 41242
peer interaction, learning with computers, students, literature review, 10104
rewards & mixed vs uniform ability groups, individual vs cooperative computer assisted instruction, junior high school students, 13520
social factors & characteristics of intensity controlled dance exercise class, exercise adherence, moderately overweight 35–58 yr old females, 5864
special education group service delivery model, 3.1–4.8 yr old preschoolers with severe phonological disorders, 31216
teacher questioning involving unison vs individual ordered responding, sight word acquisition in homogeneous instructional groups, educably mentally retarded vs learning disabled 6.9–11.0 yr olds, 20485
teaching methods for group work, teachers, England, implications for educational psychologists, 41216
time limited intensive fire evacuation skills group training, institutionalized mentally retarded 25–64 yr olds, 3 & 6 mo followup, 34324

Group Participation

action vs state orientation, leadership abilities & participation in group activities, college students, 13566
cognitive models of skill acquisition in group supervision environments, counselor trainees, 20377
conversational participation during disputes in group decision, reading disabled 1st–2nd graders, 33404
demographic & social support characteristics & infant health, participation & retention in support group for mental health prevention, parents of ill & premature neonates, 37385
discourse strategies & characteristics, involvement in conversation, college students, 32800
group discussion & intergroup interaction, ingroup biases of secure & insecure members, male high school students, New Zealand, 1110
group evaluation, social loafing, college students, theoretical implications, 32784
group participation rate & liking ratings, 5 person groups of males, 11744
group sex composition, patterns of individual participation, White male vs female college students, implications for 6 models of participation in status differentiated groups, 4978
group singing, trust & cooperation, 22–41 yr old males, Israel, 22318
reasons for joining neighborhood gangs & expectations & experiences, junior high & high school students, 1798
school based discussion program, group interaction & alternative to class discussion, normal hearing & profoundly hearing impaired 6th graders, 24124
self esteem, direct vs indirect self enhancement in group involvement, college students, 1385

self evaluation with objective standard, social loafing, college students, 11739
sex & age & SES & body size & visibility & 1st to speak & amount of participation in 1st minute, total participation rate in small group discussion, adults, 8332
sex & knowledge of success, satisfaction with group participation, college students, Japan, 18895
utility of Piers Harris Self Concept Scale, prediction of nonverbal self confidence & participation in small group discussion & extracurricular activities, high school students, 17564
workgroup membership, perceptions of equity & referent choice in comparisons for compensation & job complexity & supervisory behavior & security, employees, 13828
workshop on professional participation at decision making & problem solving meetings, psychologists, 2997
Group Performance
ability & motivation, team effectiveness, 3-man military teams, Israel, 20929
antecedents & level of team cohesion, economic performance, college students playing business game, 8371
belief that outputs would be pooled or evaluated, performance, college students asked to generate as many vs most creative uses possible for object, 15417
charismatic vs structuring vs considerate leader & low vs high productivity coworkers, performance & adjustment & satisfaction & role conflict in group task, college students, Canada, 27885
classroom group maturity, collective behaviors & affective reactions & performance, college students, 13582
communication competency model of group leadership & performance, 36390
effectiveness in performing important decisional functions, decision making performance, college students in groups, 15430
expectancy valence model & motivation, group task performance, college students, 8355
exploratory questions, group problem solving performance, students, 18900
group cohesion & productivity, work groups, 9 mo study, 31356
group composition & Type A vs Type B leadership, actual vs perceived group performance, college students, 25861
group evaluation, social loafing, college students, theoretical implications, 32784
group facilitation skills & managerial effectiveness, work group productivity, managers, 10372
group technology & structure, prediction of work group performance, bank managers, 27921
individual & group goal setting, literature review, organizational implications, 27941
interaction behaviors facilitating or interfering with group's performance, college seniors & graduate students working cooperatively on complex intellective tasks, 18906
interaction opportunities in cooperative games with good vs poor performing retarded children, attitudes toward mildly mentally retarded peers, 7–12 yr olds, 8928
O. Kohler & social loafing theory & Ringelmann effect, small group task performance, 36432
organizational structure & cognition, jazz musician ensemble, 39454
previous flight experience as crew, interpersonal speech communication openness & information exchange & validation & roles during simulation, flight crews, 31332
public knowledge of lap time, individual vs relay swimming performance, intercollegiate swimmers, 28000
scattergrams, representation & analysis of group differences in dual task performance, 21178
status & sex biased activity vs ability, task group performance, male vs female 3–8 yr olds, 11476
task based vs interpersonal attraction group cohesion, paper folding performance & interaction, college students, 18910
task focused self disclosure, group cohesiveness & commitment to task & group productivity, college students, implications for organizational development, 29336
task orientation & Machiavellianism, team success on management game, 25–65 yr old managers, 41436
task oriented vs social group, group cohesion & group performance, college students, 29341
uncertainty & threat, centralization of group structure & communication & performance, college students, 22319
use of performance consequences & monitors & focus on team coordination, effective supervision, skippers of sailboat crews in regatta, application of operant model, 34903
Group Problem Solving [See Also Brainstorming]
accountability & shared responsibility, cognitive effort in judgment task, college students, 8369
concept mapping using statement representation & interpretation, development of structured conceptual framework for project or program planning or evaluation, groups, 29357
cooperative game involving selection of power plant site, 4th & 6th formers, UK, 31036
exploratory questions, group problem solving performance, students, 18900
group cohesiveness, performance of disjunctive group task, college students, implications for construct multidimensionality, 4984
group consensus processes, solutions for cognitive bias tasks, college students, test of social decision scheme theory, 11758
group decision & problem solving, social interaction, autistic 58–137 mo olds & their siblings, 33891
group dynamics & leadership & writing skills, collaborative writing & problem solving, 4th–5th graders working in groups of 4, 18658
group mental imagery, creative thinking & problem solving, educational personnel, 23952
independent conditions vs communication vs total model, satisfaction & productivity measures in group problem solving, college students, 11741
individual instruction vs same & mixed sex dyadic & triadic group instruction, social interactions & LOGO learning & problem solving, 4th graders, 10062
interactive knowledge based system, group problem solving, educational & management & expert systems applications, 20900
model of group problem solving behavior & evaluation of effectiveness of quality circle programs, 6888
political decision making framework, cognitive processes in dealing with mythical government's large budget deficit, experts vs novices in 3-person groups, conference presentation, 32724
positive vs negative feedback & high or low task activity, judgments of same-sex followers, male college students appointed or elected as leaders in group problem solving task, 18877
problem based learning, preclinical curriculum, 1st yr medical students, 7 yr study, 27474
resources & conflict management & decision scheme, group problem solving, managers & graduate management students, 4946
search vs no-search condition, complex problem solving, college & graduate students in groups, implications for executives' decision making, 4971
verbal interaction & problem solving behavior, 9–10 yr olds in high & average academic ability groups performing computer assisted problem solving task, 31127
workshop on professional participation at decision making & problem solving meetings, psychologists, 2997
written test vs videotape measures of cognitive & social cognitive characteristics, problem solving performance, 14–70 yr olds alone vs in groups, 29359
Group Psychotherapy [See Also Encounter Group Therapy, Marathon Group Therapy, Therapeutic Community]
action groups vs social skills training, child guidance clinic outpatients, 23578
advantages & problems of 3 types of group psychotherapy structure & processes & perceptions of staff role, 16–18 yr old long term inpatients with personality disorders or psychosis or depression, 23268

age appropriate group support, bereavement following death of parent, 3–17 yr olds, 12751
aims of group work & hospital inpatient program for management of anorexia nervosa, disturbed adolescents, 2787
alcoholism treatment group with focus on sex role behaviors, alcoholic males, 37936
alternative techniques in group therapy, 10–19 yr old sex offenders, 33918
analytic group psychotherapy, unconscious ego ideal issues, clients, 19839
applicaton of Aristotle's causal notions to group analysis, 2351
art & movement group therapy, chemically dependent 20–54 yr olds, 37918
attitudes & experiences of menarche & menstruation & sexuality, female 19–50 yr old psychiatric patients in expressive group therapy vs graduate students & professionals, 12728
behavioral group training vs individual meetings with general practitioner, anxiety & benzodiazepine dosage reduction, adult clients, 16455
behavioral group treatment, obesity, 29–72 yr olds, Australia, conference presentation, 16488
benefits & problems of heterogeneous psychotherapy groups, chronically physically ill & physically healthy but emotionally disturbed children & adolescents, 30342
bereavement group psychotherapy, acute grief over family death, college students, 10251
bereavement group psychotherapy, acute grief over family death, college students, reprint, 27751
bidirectional parallel process & ego syntonic learning system in group psychotherapy training program, trainees & supervisory staff, 17051
brief crisis vs long term group psychotherapy, self esteem & symptomatology & group climate, adult patients, 6022
brief diagnostic group treatment, sexually abused 9–10 yr old males, 23267
brief group psychotherapy, clients with genital herpes, 23264
brief group psychotherapy, retired 49–83 yr olds, 37406
challenges in cross cultural application of person centered group work, South Africa, dialog with C. Rogers, 9399
change processes in group psychotherapy, 23266
characteristic processes & therapeutic strategies in homogenous group, depressed outpatients, 2379
Christian approach to group psychotherapy, adult clients with interpersonal relationship problems, 26870
closed model of short term inpatient group psychotherapy, conference presentation, 9759
cognitive behavioral group approach, bingeing episodes & eating attitudes & depression & anxiety, females with bulimia nervosa, 3 & 6 mo followup, 9389
cognitive behavioral group therapy, dating anxiety, heterosexual males, 16453
cognitive humanistic social learning model, social group work, 23618
cognitive restructuring group therapy, coping & distress & anxiety & symptom recurrence, patients with genital herpes, 12752
cohesion in brief inpatient group psychotherapy, therapeutic work of separation, hospitalized psychiatric patients, 37776
coleader termination from long term therapy group, issues & conflicts in group process, alcoholic clients, 23775
competitive group jigsaw puzzle assembly, group process education, social work students, 23815
complete vs partial cognitive vs comprehensive distancing group psychotherapy, depression & dysfunctional attitudes, depressed 22–64 yr old females, 2 mo followup, 33950
conceptual & empirical perspective on group psychotherapy casualties, patients, 2350
contextual & process similarities & differences in group & family therapy, 23269
cotherapy in psychodynamic group psychotherapy training, 20342
couples group, recovering alcoholic persons or gamblers & their spouses, 2357
couples psychotherapy group, 28–70 yr old alcoholic & nonalcoholic spouses, 16 mo followup, 16953
dealing with cognitive & affective behavior patterns brought into group therapy, alcoholic clients, 37891
demographic characteristics & custody arrangement, participation in group therapy, 40–80 yr old grandparent guardians, 19846
description of preoedipal personality & resistance in group therapy, 33927
development of foundation group work course, social work students, 23880
developmental group therapist training model, students, 20418
disappearance of existing psychiatric problems in group therapy, patients in hospital psychiatric wards, 6423
drug vs group therapy, patients with bulimia, conference presentation, 30159
dynamic & expressive approach to brief inpatient group psychotherapy, schizophrenic inpatients, implications for therapist recognition of appropriate techniques, 16458
dynamics of group therapy, adult significant others of survivors of child sexual abuse, 9384
effectiveness of family member involvement in group therapy, abstinence, heroin addicted clients in therapeutic community, 2 yr followup, 20278
establishment of group occupational therapy program in acute psychiatric admission ward, psychiatric inpatients, 6433
ethical issues of appropriateness of courses in group process involving self disclosure, graduate psychology students, Canada, 13312
evaluation of group therapy program for family violence, social functioning & cessation of violence, 23–52 yr old male abusers, 30333
evaluation of intensive short term group treatment program, self esteem & locus of control & trust & alienation, sexually or physically abused female inmates, 27377
factors associated with group treatment dropout, literature review, 9382
factors in poetry selection for poetry reading therapy group, severely disturbed psychiatric patients in aftercare program, 12759
factors involved in establishment & advantages of group psychotherapy, children, 2378
family sculpting in group setting, enrichment of intimate relationships, college students, 31288
family violence & social work group models, literature review, 30352
field trips, social group work education, college students, 23870
formation & evolution & process of psychotherapy group, 29–63 yr old outpatients with chronic medical illnesses, 3 yr study, 9420
Garren-Edwards Behavior Modification Program & group therapy, morbidly obese patients, 19728
goals & intake procedures & processes of short term self esteem strategic group psychotherapy & training & supervision issues, outpatients, 23275
goals & process of medical psychiatric ward psychotherapy group, 18–82 yr olds, 27244
goals & strategies of sibling therapy & relation to group & family therapy, 23277
grief work in group therapy, mothers of 6 mo to 3.5 yr old retarded children, 6014
group analytic practices, family therapy, 19835
group approach, perfectionism, college students, 31248
group art therapy, 5–8 yr olds in crisis hospitalized in psychiatric unit, 5913
group behavioral treatment with relaxation & operant activities, chronic pain patients, 20 mo followup, 16451
group cohesiveness & empathy & self disclosure & acceptance & trust, adult personal growth vs DWI vs psychotherapy groups, 30354
group conflicts & role functions & role of leader, couples in group therapy, 23270

group dependence & mutual respect & physical contact in aftercare group therapy, chemically dependent 15–21 yr olds, 2.5 yr followup, 27330
group dependence as narcissistic reinforcement in long term group crisis management, alcoholic & drug dependent patients, 27303
group discussions & communication strategies, self persuasion & self care regimen compliance, diabetic inpatients, 2376
group field instruction model, 31–49 yr old female social work graduate students, 23855
group intervention based on prevention schemes, adolescent Vietnamese refugees, US, 9421
group music therapy technique, severely mentally ill prisoners, 13279
group norms, outcomes in spousal bereavement groups, widows & widowers, 33916
group process model for services & training, natural parents of adolescents in out of home placement, 37391
group process, troubled 16 yr olds in psychiatric hospital, 2762
group psychotherapy & therapeutic community, psychotic adolescents, 33915
group psychotherapy, adult former hostages of terrorists, Denmark, 16466
group psychotherapy, anorexia nervosa patients, 19869
group psychotherapy, elderly, 30339
group psychotherapy for feeling identification & communication skills & anger management, child vs parent vs teacher ratings of problem behavior, 7–14 yr olds with recently divorced parents, 6005
group psychotherapy, heterogeneous short term psychiatric inpatients, 37815
group psychotherapy in long term psychiatric setting, low vs medium vs high functioning inpatients who were priests or vowed religious, 19845
group psychotherapy, individual psychotherapy, 38 yr old female experiencing anxiety & stress, case report, 19672
group psychotherapy, pathological gamblers, 23292
group psychotherapy, pregnant 20–30 yr olds & older on methadone maintenance, 19848
group psychotherapy, shame & guilt & restoration of self respect, clients, 2339
group psychotherapy, social skills, learning disabled adolescents, 19855
group psychotherapy vs coping skill training, 30355
group psychotherapy vs occupational therapy, 22–69 yr old psychotic vs borderline male inpatients, 33892
group social skills training, female 24–43 yr old municipal health system clients, Denmark, 9410
group social skills vs problem solving training vs cognitive restructuring vs unstructured therapy, perception & explanation of change, shy or socially anxious clients, 30236
group themes & dynamics & therapist's role, couples in which one member of each couple has cancer, 23274

self help & structured group therapy, violence & threats of violence, male spouse or partner abusers, 6 mo followup, 33694
self help group therapy & self control, abused & abusing parents, 2.5 yr study, conference presentation, 30324
self perception vs group member vs therapeutic team's perception of changes in group therapy, anorexic vs bulimic patients, 30359
self psychology approach in long term group therapy, schizophrenic inpatients, 23661
self vs objectively rated empathy as social perception of feelings & personality, group psychotherapy patients with neurosis vs borderline disorders vs psychosis, 12746
short term group therapy & social skills training, depressed or withdrawn adolescents, literature review, 33900
single S ABAB & multiple baseline research designs for group psychotherapy outcome studies, 40705
Social Skills Game in occupational group therapy, group interaction, 19–75 yr old inpatients with major depression, 34313
social work group treatment, coping with sudden & violent death of classmate, school age children, 30338
strategic interpersonal behavioral patterns in group therapy setting, male sexually abused preschoolers, 2391
stress inoculation vs assertion training vs supportive psychotherapy & information group therapy, adult female rape victims, 6037
structure & operation of couples therapy group, heterosexual cohabiting & married couples, 6026

structured behaviorally oriented group treatment, bulimic 21–26 yr old females, conference presentation, 16446
structures & exercises within group context of group psychotherapy, 37384
support group for discussion of psychosocial issues including treatment & dying & emotional demands on therapist, AIDS patients with Kaposi's sarcoma, 26837
support group to meet individual & institutional & social & psychological & safety needs, prisoners with AIDS or AIDS Related Complex, 34436
systematized model for dream analysis in group therapy, 19862
systems model of short-term open-ended group therapy in hospital setting, conference presentation, 9754
systems theory approach to group therapy, chemically dependent 12–18 yr olds, 27301
team video self portraits approach to group psychotherapy, adolescent & adult psychiatric & suicidal patients, 33894
techniques & theme considerations for bereavement groups, members whose spouses had died from cancer, 19868
therapeutic techniques, communication & behavior & language & skill development, preschool aged child abuse victims in group setting, 16456
therapist role & psychoanalytic techniques in group therapy, resolution of resistances to intimacy, group leaders & members, 2371
therapy group interactional focus, perceptions of helpful events, psychiatric patient participants in inpatient vs outpatient group psychotherapy, 40698
time therapy technique, group therapy patients, 2372
training in empirical group work practice, social work students, 23890
treatment accessibility & group functions & goals & role of leader in group therapy, older alcoholic clients, 27342
treatment contracts in long term psychotherapy groups, alcoholic outpatients, 23759
utility of group integration of process & conjoint family therapy technique, 23289
videotaping techniques in group therapy, 7–14 yr old emotionally disturbed & acting out children of alcoholic parents, 2907
W. R. Bion's group dynamic theory & pairing & fight or flight responses, patients in group therapy, 33911
written vignette as aid in teaching & evaluation, group psychotherapist trainees, 38029

Group Size

altitude determined group size & composition, intergroup interactions, lone male & 1 & 2 & multimale groups of mountain baboons, 10933
comparison dimensions & group size, intergroup discrimination, college students, 36417
discussion of previously shared vs unshared information, college students in 3 vs 6 person groups, 32796
flock size & food dispersion, foraging & feeding rates, red crossbills, 17965
food intake rate & foraging behavior, sparrows in different flock sizes, 31966
food quantity & predation hazard, group size, squirrels, 537
group size & conversation, visual scanning behavior, college students eating in cafeteria, comparison with animal vigilance behavior, 25891
group size & individual vs group housing, activity level & aggression & food intake & weight gain, weanling pigs, 4043
group size & reproductive condition & group membership change measuring social organization, wild marmoset groups, 18040
group size, group spatial structure & sexual composition, Anthias squamipinnis, 563
group size, time spent feeding & vigilance, eastern grey kangaroos, 31988
group size, trust in social dilemmas, college students, 11755
group vs individual monetary incentives & group size, individual performance on assembly task, college students, implications for promotion of employee productivity, 29355
helping behavior toward pregnant vs nonpregnant vs facially disfigured female who was alone vs with male vs female companion, male vs female college students, 8367
high &/vs low expert audience members & audience size, auditory task performance anxiety, college students, test of impact averaging vs summation hypotheses, 25886
human handling & flock size & E. coli challenge, body weight & food intake, female chicks, 4227
interrelations between group size & leadership behavior & subordinate satisfaction, adults, meta analysis, 41466
Markovian decision model for foraging group size, daily food returns, lions, commentary, 3999
predation risk, group size & escape behavior during foraging, teals, 7615
recall & recognition estimates of social network size for neighborhoods & relatives, adults, 15448
resource abundance & territory & group size & territory sharing behavior, Caribbean striped parrotfish, 28464
sequential vs package agenda & majority vs unanimous decision rule & power balance, negotiation outcomes, college students in 3 person groups, 32789
sex & age & SES & body size & visibility & 1st to speak & amount of participation in 1st minute, total participation rate in small group discussion, adults, 8332
sex, size & composition of groups, chimpanzees, 2 yr study, 25019
shoal size & presence of experienced shoal members, foraging on novel food, naive minnows, 7606
social network size & prevalence of strangers & density of close relationships, expressions of happiness, 18 yr olds & older, 4950
unequal resources & relative group size, intergroup competition for public goods, college students in small groups, Israel, 25852

Group Structure

ability & motivation, team effectiveness, 3-man military teams, Israel, 20929
adoption of judge role, cognitive deficits associated with token status as only male or female in group interaction, college students, 25855
advantages & problems of 3 types of group psychotherapy structure & processes & perceptions of staff role, 16–18 yr old long term inpatients with personality disorders or psychosis or depression, 23268
aims & process & problems in operating self development groups within structured management development program, senior & middle managers, 31372
amount of group structure & importance of performing group behaviors & ownership of group functioning & perceived group cohesion, college students participating in self help groups, 20678
assigned social status & status distribution in small group, subsequent individual anagram performance & self reported mood, 4th–6th graders, 29139
benefits & problems of heterogeneous psychotherapy groups, chronically physically ill & physically healthy but emotionally disturbed children & adolescents, 30342
component analysis scores computed on basis of aggregate sample, consumer behavior research implications, 41535
duration & structuredness & composition, treatment outcome, personal learning & change counseling groups, meta analysis, 12772
group & leader related & organizational constructs, group & organizational commitment, university military cadets organized in horizontal groups, 38508
group composition & Type A vs Type B leadership, actual vs perceived group performance, college students, 25861
group membership, progresses underlying formation of group stereotypes, college students, 25885
group sex composition, patterns of individual participation, White male vs female college students, implications for 6 models of participation in status differentiated groups, 4978
group sex composition, perceptions of female instructors, college students, 24093

group size, group spatial structure & sexual composition, Anthias squamipinnis, 563
group structure & member expectations, attraction to & satisfaction with group, college & graduate students in group counseling course, 33888
group technology & structure, prediction of work group performance, bank managers, 27921
leadership in reading consensus, 9 yr olds grouped with 7 vs 11 yr olds, 18698
leadership style & role of guides & counselors & problem solvers in groups, 8363
litter composition of postweaning groups, contact & noncontact agonistic behavior & growth rates, weanling pigs, 3980
occupational therapy group format, interaction patterns, community mental health center clients, 34360
population demography, group structure, wedge capped capuchin monkeys, Venezuela, 10 yr study, 10980
project vs parallel group structure, social interaction & affective responses, 62–83 yr olds, 4776
sex, size & composition of groups, chimpanzees, 2 yr study, 25019
structure & process of planning occupational therapy group, 34352
uncertainty & threat, centralization of group structure & communication & performance, college students, 22319
Group Testing
group administration of Stanford Achievement Test, screening for placement in special education, 1st–6th graders, 10309
group testing technique, right sided advantage for speech perception, adults, 39124
group vs individual administration of Piagetian tasks, assessment of cognitive development, 6th–10th graders, Pakistan, 38648
individual vs group intelligence tests, measurement of mental retardation, prisoners, 26306
validity & reliability & internal consistency of metamemory battery, assessment of organization & memory skills & capacity, 3rd vs 5th graders, 7069
Group Therapy [See Group Psychotherapy]
Groups (Organizations) [See Organizations]
Groups (Social) [See Social Groups]
Grown Children [See Adult Offspring]
Growth [See Development]
Growth Centers [See Human Potential Movement]
Growth Hormone [See Somatotropin]
GSR (Electrophysiology) [See Galvanic Skin Response]
Guardianship
conservatorship provisions of California Civil Commitment Statute, gravely disabled patients, 1297
demographic characteristics & custody arrangement, participation in group therapy, 40–80 yr old grandparent guardians, 19846
guardianship as method of treatment, mentally ill, England, 40941
incidence & demographics, persons in need of legal guardian, 1530
issues & recommendations in legal guardianship for mentally disabled & aged patients, 22243
judicial decision making on guardianship, elderly, 11652
legal guardianship & rehabilitation goals, head injured persons, ethical implications, 27251
Guatemala
prevalence of pregnancy & contraceptive use & sexual attitudes & behaviors, male vs female 13–19 yr olds, Guatemala, implications for prevention, 39598
psychosocial consequences of war & considerations in planning therapeutic interventions, children, Nicaragua & Guatemala & El Salvador, 29467
Guessing
amphetamine, 2-choice guessing task performance, adults & marmosets, 14925
correction for guessing formula scoring & test difficulty, test performance, examinees, 10241
correction for guessing instructions & formula vs number right scoring, multiple choice test taking strategies, college students, 10554
feedback sequence, guessing task response tendencies, college students, 7418
frequency analysis of 1st & 2nd digits in random number guessing, college students in calculus course, application of 1st digit phenomenon or Benford's law, 10790
misleading postevent information acceptance vs memory impairment vs guessing, creation of new memories & memory of original event, 24881
reward vs penalty directions & anxiety level, guessing behavior on multiple choice tests, 5th graders, 31259
Guest Workers [See Foreign Workers]
Guidance (Educational) [See Educational Counseling]
Guidance (Occupational) [See Occupational Guidance]
Guidance Counseling [See School Counseling]
Guided Daydreams [See Directed Reverie Therapy]
Guided Fantasy [See Directed Reverie Therapy]
Guilt
analysis of meaning in psychotherapeutic dialog, cognitive & emotional conflict & shame, female anorexic 19 yr old, commentary, 37358
antireligious humanistic values in empirical analyses of religiosity & self esteem & self acceptance & guilt & sin & grace scales, college students, 8232
belief in sin & grace & anxiety & neuroticism & locus of control & self efficacy & depression, college students, 22442
boundary & ethical issues in counseling, exploration of shame, chemically dependent clients & their families, 2933
choice of guilt or innocence condition & estimates of polygraph effectiveness, actual polygraph accuracy, college students, 4990
cognitive behavior therapies, guilt, adult females, Western industrialized societies, 9345
cognitive variables including number of known cases of unwanted pregnancy & sexual guilt, contraceptive behavior, sexually active college students, 36366
conceptions of blame, implications for rational emotive therapy, 1411
definition & processes & treatment of shame & guilt, alcoholic clients & their families, 2937
development of & intervention strategies for shame, school age children of alcoholic parents, 2931
eclectic treatment model, shame & intimacy & sexuality, 16336
embarrassment vs shame as perceived failings in own persona vs failure to meet shared objective standards, implications for identity & expectations, 25895
Eysenck Personality Questionnaire correlates & reported guilt & shame, male vs female college students & their mothers vs fathers, 25735
factorial validity of revised Gudjonsson Blame Attribution Inventory, convicted criminals, 24596
feeling vs being as distinguishing emotion vs nonemotions, psycholinguistic analysis of words "abandoned" & "guilty", 35403
feelings of knowing & performance on guilty knowledge polygraph test, college students with genuine vs simulated amnesia, 38872
feelings of shame, unemployed adult males, England, implications for minor affective disturbances, 34855
group psychotherapy, shame & guilt & restoration of self respect, clients, 2339
guilt & belief in sin & grace, self awareness & empathy & depression, college students, 22443
guilt & redemption rituals at Vietnam Veteran's Memorial, 17448
guilt & trait anxiety & intrusive thoughts & impulses & self rated dysphoria, college students, 32889
healing of shame through forgiveness, alcoholic families, 2911
hostility & guilt, depressed patients, 19119
individual or group therapy, shame & guilt, alcoholic females, 2914

irrational beliefs & religiosity, disposition to feel guilt, Catholic vs Protestant vs Jewish vs nonaffiliated 22–80 yr olds, 29200
irrational unconscious guilt, psychopathology & resistance & transference in psychotherapy, 26763
meaning & structure of guilt, adults, implications for Freudian theory, 18942
microanalysis of psychotherapeutic dialog, cognitive emotional conflict & shame & family relations, female anorexic 19 yr old, 37350
parental blaming & acquisition of guilt & shame in normal childhood development, 10 yr old females, 4752
perceived expectations of other & self expectations & willingness to lie & guilt, 18–21 yr old college students interacting with parents vs employer, 11782
psychoanalytic concepts of guilt & shame, implications for psychotherapy, conference presentation, 23187
psychotherapeutic crisis intervention, interpretation of unconscious pathogenic beliefs & guilt, adult females, 26802
psychotherapeutic techniques of healing internalized shame, alcoholic clients & their adult children, 2910
psychotherapeutic techniques of treating shame & guilt, adult children of alcoholic parents, 2938
real vs ideal self, conscience guilt, 24–38 yr old seminary students & their spouses, 29392
reliability & validity of Internalized Shame Scale, chemically dependent 14–63 yr olds, 71
role of unconscious guilt in psychopathology & psychotherapy & research methodology, commentary, 26177
role of unconscious guilt in psychopathology & psychotherapy, commentary, 26100
role of unconscious guilt in psychopathology & psychotherapy, commentary reply, 26035
role of unconscious guilt in psychopathology & psychotherapy, commentary reply, 26201
routine medical examination as trigger for obsessive compulsive disorder, female in mid 20s with guilt from 3 previous abortions, case report, 33124
sex & sexual attitudes & experience & guilt, sexual fantasy patterns, college students, 18840
sex guilt & sexual experience & religiosity, content & explicitness of written sexual fantasies, male vs female college students, 29289
shame & boundary issues & dissociation, shame recovery model, chemically dependent or abusive or incestuous families, 1498
shame & embarrassment, 5–13 yr olds, Iran vs Japan, 11485
shame & guilt & narcissism & depression, male vs female college students, 36504
shame & guilt, implications for psychoanalysis, 37328
shame & guilt in psychotherapy supervision, clinical trainees, 20341
shame in human development & relationships in E. Wharton's "The Mother's Recompense", 21866
social status, shame, Swahili, Kenya, 4816
stigmatization & feelings of shame, prisoners' wives, 9911
taxonomy & assessment & treatment of guilt, combat veterans, 33145
theories of & therapeutic approaches to guilt & shame in psychotherapy, 12632
unconscious guilt, motivation for incestuous activity with 14 yr old stepdaughter, 43 yr old male in intensive psychotherapy, case report, 26825
validity of Mosher Guilt Scales, adult alcoholic males voluntarily in treatment, 3576
12 stages of Alcoholics Anonymous, shame & guilt & alcoholism, 2940

Gun Control Laws
gun control laws & gun ownership, suicide & homicide rates, US, 12147
handgun control laws & church attendance, suicide & homicide rates, 1980, 1813
handgun control laws, suicide rates, 5432
handgun regulations, assault & other crime & homicide rates, urban communities, 1980–86, US vs Canada, 22759
type of gun control legislation, firearm assaults, communities, 15343

Gustatory Perception [See Taste Perception]

Gymnastic Therapy [See Recreation Therapy]

Gynecological Disorders [See Also Amenorrhea, Dysmenorrhea, Menstrual Disorders]
affective disorder, adult females with vs without endometriosis, 26672
guided imagery & music, females with uterine fibroid tumors, case reports, 2221
gynecological complaint & psychological distress & psychiatric diagnosis, females who were 1st time attenders at gynecological outpatient clinic, 9199
heavy alcohol drinking & psychoactive drug use, female gynecological outpatients, 12487
leukorrhoea, report of psychosomatic symptoms, 15–45 yr old females, India, 5600
manic depression, female severely mentally retarded 34 yr old with polycystic ovary disease, case report, 40326
psychiatric liaison program, consultation rates & detection & treatment of minor psychiatric disorders, patients in gynecologic oncology unit, conference presentation, 37804
psychosomatic & sexuality aspects in assessment & treatment, female patients with chronic pelvic pain, 9147
reliability & validity & factor analysis of Sexual Arousability Index, sexually active 22–65 yr old females with vs without gynecologic disease, 4 & 8 & 12 mo followup, 24564
symptom pattern & education & social support & credible authority, model of uncertainty in illness, females with gynecological cancer, 5731

Gynecology
interaction with female practitioner during gynecological exams & contraceptive counseling, affective responses, female college students & faculty & staff, 16750
interview schedules & self rated scales, measurement of depression, obstetric & gynecological patients, 6238
pediatrician's role in gynecologic care, institutionalized disabled adolescent females, 37783
psychiatric consultation liaison services to hospital obstetrics & gynecology department, Canada, 13156
stress coping style & interpersonal factors, medical & psychological outcomes of gynecological exams & procedures, patients, educational implications, 20072

Gyrus Cinguli
electric vs ibotenic acid bilateral lesions of anterior vs posterior cingulate cortex, maze learning, male mice, 4293
neocortex & cingulate cortex ablations, tongue protrusion to obtain food, 1 day old vs adult female rats, 39239
neuronal responses of cingulate cortex during vestibular & optokinetic nystagmus, rabbits, 4193
stress &/or cingulotomy, plasma beta endorphin & corticosterone & cholesterol & triglyceride levels, male rats, 25140

Habitat Selection [See Territoriality]

Habits [See Also Hair Pulling, Nail Biting, Thumbsucking, Tobacco Smoking]
coping & change processes & self reported outcomes of New Year's resolutions regarding addictive & other behaviors, 16–75 yr olds, 6 mo study, 37449
diagnostic classification of pathological habit disorder, treatment implications, 22729
drug use motives & preferences & patterns & psychopathology, 28–58 yr old male drug abuse inpatients, treatment implications, 15941
habits & locomotion & home range size & social & mating behavior, voles, 7620
integration of biological & social & habitual & reflective processes, concept of habit, commentary, 1169
reported preferred method of studying new textbook chapter for comprehension, college students, 3209
self administered drugs vs habits vs environmental effects, triggering or increased frequency or intensity of panic attacks, patients with panic disorder, 1691
symbolic interactionist vs G. H. Mead's theory of habit, emotion & self consciousness, 8412
visual discrimination learning with 24 hr intertrial interval measuring noncognitive habit formation, rhesus monkeys

with bilateral inferior temporal cortical area vs amygdala & hippocampus lesions, 4297

Habituation

acoustic startle stimuli, initial startle reactivity & within session habituation, Maudsley MR/Har vs MNRA/Har rats, 24923
addiction model of eating disorders, rapid habituation & sensation seeking & overconsumption, restrained eaters, 33550
aversion conditioning to vinegar with vs without sucrose distractor, habituation of neophobia, male rats, 3931
behavioral dissociation of dishabituation & sensitization & inhibition, Aplysia, 10914
brief auditory tones vs ritual evoking object, habituation of skin conductance & arousal & anxiety, patients with obsessive compulsive ritualization, 5264
chemical or tactile stimulation, orienting reflex & habituation, rat fetuses, 11128
diazepam vs alprazolam with vs without handling habituation, avoidance acquisition, male rats, 32163
diazepam vs benzodiazepine inverse agonist FG-7142 vs antagonist RO 15-1788, latency to feed in home cage vs novel environment with vs without environment preexposure, food deprived rats, 21716
drugs acting on 5-HT-1 vs 5-HT-2 receptors, habituation of tactile startle responses, rats, 32203
dual process drug habituation model using signal & dosage & frequency parameters, morphine analgesic tolerance, male rats, 7840
early infancy recognition memory & habituation vs standardized tests, IQ prediction, children, commentary, 35158
elated vs depressed mood, physiological responses & habituation to phobic stimuli, spider phobic 18–40 yr old females, 5283
electrical stimulation of hypothalamus "rewarding" areas, habituation to cold, male mice, 35741
evocation & habituation of EP & autonomic components of orienting responses & preliminary process theory, commentary, 28670
exploration & habituation, Purkinje cell degeneration mutant mice, 25050
exploration of & habituation to novel stimuli, rats vs hamsters vs gerbils, 10977
exposure 1 vs 10 times daily to novel environment vs restraint stressors, LH & prolactin responses & habituation, male rats, 726
eyeblink eliciting taps to glabella, habituation & response amplitude, 1 day vs 18–35 yr olds, 15057
female dummy presentation in solitary vs rival conditions, courtship & territorial aggression, male sticklebacks, 4034
fighting ability &/vs habituation, incidence of fighting & tendency to initiate fights, pigs in pairs of same vs different weight, 10983
habituation & dishabituation & retention of flexion reflex, small vs normal birth weight 55–65 day olds, 29977
habituation & familiarization process & reactions to novelty, infants, commentary, 32377
habituation & information processing & attention, infants, commentary, 32442
habituation & information processing, infants, commentary, 32387
habituation & information processing, infants, commentary, 32443
habituation & maternal encouragement of attention, prediction of language & play & representational competence development, 5 mo olds, 8 mo followup, 32361
habituation & operant visual fixation, infants, commentary reply, 32415
habituation & responses to new vs familiar stimuli, infants, commentary, 32417
habituation & responsiveness to visual novelty, estimates of intelligence, infants, commentary, 32396
habituation & visual fixation & cognitive ability & development of information processing ability, infants, commentary, 29100
habituation of auditory EP, interimpulse interval EEG, normal 18–62 yr olds vs 17–52 yr olds with endogenous depression, 26125
habituation of auditory EPs, medicated vs unmedicated schizophrenic patients, 8637
habituation of auditory P300, college students, 32045
habituation of vestibular nystagmus, 19–21 yr old military student pilots, 38793
habituation of visual fixation, infants, commentary, 32438
habituation paradigm with operant conditioning procedure, measurement of conspecific call recognition advantage, zebra finches vs budgerigars, 14547
habituation period prior to apomorphine or dextroamphetamine, horizontal & vertical activity, male rats, 4426
habituation rate & visual fixation variations & cognitive abilities, infants, 32414
habituation to artificial crab mixture, olfactory responses to & discrimination of artificial crab & mullet & oyster & shrimp mixtures, spiny lobsters, 28390
individual differences & stability & developmental change in ontogeny of visual habituation, lower vs middle to upper class 3–7 mo olds, France vs US, 18551
information processing & habituation & fixation times, infants, commentary, 32437
information processing during habituation & visual fixation as operant conditioning, infants, commentary, 32428
information processing vs operant model for habituation, infants, commentary, 32390
intelligence & cognitive encoding speed & habituation, infants, commentary, 32393
interrupted white noise, habituation in EEG power, 16–39 yr olds with acute schizophrenia, 33171
intrasession context manipulations, long term habituation of orienting response, 16–40 yr olds, 21618
listening to cry of other infants, timing & duration of responsive cry reflecting habituation, neonates in maternity ward, 11507
long vs short term habituation of acoustic startle reflex, metabolic activity of auditory system, male rats, 39094
loud tones during oral presentation of story, habituation of skin conductance response, 12–61 yr old monozygotic vs dizygotic male vs female twins reared together vs apart, 4125
low vs high dosages of benzodiazepine receptor inverse agonists, passive avoidance & habituation, male rats, 11219
mild vs intense restraint stress, plasma corticosterone level habituation, male rats, 11125
noncompliance with exposure therapy & homework practice, 27 yr old female with persistent obsessive compulsive rituals, case report, 26882
novel stimulation, evocation & habituation of EP & autonomic components of orienting responses, college students, 719
periaqueductal gray lesions or preexposure or extinction, long term habituation of acoustic startle response, rats, 14782
phobic stimulation, maintenance of within session habituation of cardiac response & electrodermal activity, 16–49 yr olds with phobia, 1695
photic stimuli with fixed interstimulus duration, habituation patterns of optically evoked blink reflexes, mentally retarded 22–43 yr olds, 22845
prediction of IQ by attention habituation to novel stimuli, construction of intelligence continuity theories, infants, 36060
predictive validity of information processing measures of habituation in early infancy, individual differences & stability in mental development & intelligence, infants, 35096
psychometric characteristics of habituation & processing of stimulus information, infants, 32378
psychophysiological & developmental perspectives of habituation, infants, commentary, 32457
rearing conditions, development of visual fixation & habituation, 3 mo olds, 5 mo study, 36072
reinforcement in operant habituation paradigm, infants, commentary, 32412

reliability & validity of visual fixation & habituation & later cognitive ability, infants, commentary, 32420
repeated exposure to novel environment allowing seizure habituation, development of ambulation & rearing behaviors, seizure prone gerbils, implications for arousal, 24950
repeated stimuli & varied stimulus intensity & frequency & dishabituation attempts, flash EP peak N160 amplitudes, male rats, 35589
repeated target presentation & interblock intervals & knowledge of session end & target & nontarget reversals, habituation of N100 & N200 & P300 components of auditory EP, college students, 35609
repetitive acoustic stimulation, latency & amplitude of blink EMG acoustic startle response measuring habituation & sensitization, 18–24 yr olds, 35322
resistance to habituation of orienting reaction elicited by repetitive auditory stimulus, chronic alcoholic adults, 8913
retention of orienting reaction habituation, 16–66 yr olds wth multiple sclerosis, 33631
selective attention during dichotic listening, habituation to unattended stimuli as measured by conductance, female college students, 14673
signaler reliability & referent similarity, habituation transfer across call types, vervet monkeys, 3911
similarity & presentation of distractor flavor before vs after target flavor, habituation of neophobia to novel flavors, rats, 3932
spatial dimension & category width, anticipation & habituation errors in spatial localization, college students, 7310
spatial frequency of checkerboard pattern, habituation, 2 vs 3 mo olds, 15044
stimulation, stability of adrenocortical response measures of salivary & plasma cortisol & behavior state, healthy neonates, 32351
stimulus intensity & interstimulus interval & habituation, components of long latency auditory EPs, college students, 4142
stimulus-response vs comparator habituation theories, commentary, 38931
stimulus-response vs comparator habituation theories, commentary reply, 38909
stressor intensity, initial corticosterone stress response & habituation, handled vs prone vs supine restrained male rats, 11123
systematic habituation/dishabituation to cold, male mice, 28738
tail shock, inhibition & dishabituation, juvenile Aplysia, 28749
task difficulty & caffeine vs sensation seeking, activation & habituation of electrodermal orienting reflex, college students, 25100
task relevant vs neutral stimuli, habituation of visual single trial event related potentials & skin conductance orienting response, college students, 3738
thiamine injection, motor & habituation deficits induced by chronic dietary thiamine deficiency & ip purithiamine, rats, implications for animal models of Wernicke Korsakoff syndrome, 750
trials to electrodermal habituation scores based on 2 vs 3 no response trials, male college students, implications for comparisons with other studies, 25116
6-OHDA induced lesions of dorsal noradrenergic bundle, plasma corticosterone & spatial alternation learning & extinction & habituation to novelty, male rats, 18269

Hair
aggressiveness & timidity & sociability & locomotor activity with haired litter mates, genetically hairless mice, 4012
beard growth & testicular volume, depressed male adults, 26157
biomedical vs cultural constructs of abnormality, females with idiopathic hirsutism, US, 16078
cross cultural intervention, adult Polish female with beliefs of hexed hair, case report, 16290
function of whiskers in discrimination of sandpaper roughness, binocularly occluded rats, 28417
hair color of attractive female, attributed personality characteristics & intelligence, male vs female college students, 32827
handedness & eye & hair color & sex, disfluency severity, 7–57 yr old stutterers, implications for hypopigmentation & testosterone etiological factors, 29828

Hair Loss [See Alopecia]

Hair Pulling
aversion therapy, indirect treatment of trichotillomania, 39 mo old male who engaged in thumbsucking & hair pulling, case report, 33968
electrical aversion therapy, compulsive hair pulling, 29 yr old female, case report, 6069

Haiti
emotional distress & narrative explanatory models of somatically experienced disorder "move san", pregnant females & nursing mothers, Haiti, implications for medical anthropology, 5632

Halfway Houses
extent of community integration, adults with severe mental handicap living in staffed residential setting, 16915
objectives & context & sample & timing & content of surveys, assessment of attitudes toward community psychiatric halfway houses, residents, 27104
residential psychosocial rehabilitation program & program supported independent living, clients with psychiatric disabilities, 41040

Hallucinations [See Also Auditory Hallucinations, Drug Induced Hallucinations, Visual Hallucinations]
case histories & diagnoses, adult inpatients with organically based hallucinatory-delusional psychoses, followup, 5137
classification of disturbances in reality awareness, neurotic adults with negative hallucinations, 40199
contingent exercise program, overt hallucinatory behavior, 60 yr old male with chronic schizophrenia, case report, 12773
delusions vs hallucinations, cognitive ideational vs sensory perceptual awareness levels, 36557
grief & hallucinations of deceased & family dynamics, 9–14 yr olds after death of family member, 19038
hallucinations & delusions & psychotic features, patients with unipolar vs bipolar affective disorders, 36564
hallucinations, 7.6–18.3 yr old former psychiatric inpatients, 4 yr followup, 1578
hallucinatory perception of own body image, 43 yr old female with epilepsy & mental handicaps, case report, 26373
nightmare recall & flashbacks, male Vietnam veterans with PTSD, conference presentation, 5333
platelet MAO activity, schizophrenic patients with vs without paranoia or hallucinations, meta analysis, 5370
pre-therapy & empathic techniques, hallucinating schizophrenic or mentally retarded male clients, 23221
propranolol & maprotiline, delirium & hallucinations, 43 yr old male with anxiety & negative affect, case report, 12910
single dissociative flashback as PTSD symptom, 66 yr old male combat veteran, case report, 11921
sociodemographic profile & clinical variables, paranoid 29–75 yr olds with vs without hallucinations, India, 19198
spontaneous dreams & hallucinations in grief & mourning experience, 24 & 28 & 50 yr old Navajo females, 25699
subliminal visual stimulation, dreams & images & hallucinations, adults, conference presentation, 3884
unvivid attributes of imagery, differentiation of vivid images from hallucinations or eidetic images, 28365

Hallucinogenic Drugs [See Also Bufotenine, Lysergic Acid Diethylamide, Mescaline, Phencyclidine, Psilocybin]
behavioral & neurotoxic effects of drug "ecstasy", recreational users, 22301
healing functions of drug rituals involving ayahuasca, traditional tribes, Amazonia, 37470
historical & contemporary patterns of use & abuse of psychoactive natural substances, 8875
iv L-tryptophan, 5-HT function & serum prolactin level & mood responses, 3,4-methylenedioxymethamphetamine using 22–47 yr olds, 19386

large dosages of naloxone, plasma prolactin & psychopharmacology, 21–35 yr old male opiate & hallucinogenic drug abusers, 19367
LSD & related hallucinogens, myoclonic jumping behavior, male guinea pigs, 35785
methylsergide, methylenedioxymethamphetamine vs amphetamine induced hyperactivity, male rats, 4366
rank order binding affinities & potencies of SKF-10047 vs PCP vs PCP analogs, drug discrimination & maze perseveration, male rats, 35854
short term 3,4-methylenedioxymethamphetamine, brain serotonin terminal destruction & CSF & regional brain 5-HIAA & serotonin & behavior, male monkeys, 39324
spiperone vs chlorpromazine vs clozapine vs haloperidol vs sulpiridex, reversal of effects of phenethylamine hallucinogenic in locus coeruleus, rats, 32274
subjective effects of 3,4-methylenedioxymethamphetamine, college students who were recreational users, 33384
1-(3,4-methylenedioxyphenyl)-2-aminopropane analogs, generalization following amphetamine vs racemic 1-(2,5-dimethoxy-4-methylphenyl)-2-aminopropane discrimination training, male rats, 4364
3,4-methylenedioxyamphetamine & 3,4-methylenedioxymethamphetamine vs LSD & mescaline, discrimination, male rats, 18295
3,4-methylenedioxymethamphetamine, threshold for intracranial self stimulation reward, male rats, 7865
4-bromo-2,5-dimethoxyamphetamine with vs without 5-HT antagonist pretreatment, operant behavior, squirrel monkeys, 4429
4-bromo-2,5-dimethyoxyphenylamine, hallucinogenic properties & serotonin receptor affinity & stimulus generalization, male rats, implications for potential abuse, 14851
Hallucinosis [See Also Alcoholic Hallucinosis, Delirium Tremens, Korsakoffs Psychosis]
Bonnet syndrome, 86 yr old male with blindness due to bilateral eye disease & posterior parasagittal meningioma, case report, 40487
Halo Effect
direct vs indirect information about prior job performance, subsequent performance ratings, college students, 3378
halo effect as unitary concept, commentary reply, 31537
halo vs summary construct model, country image & product familiarity & evaluation of Japanese vs Korean vs American TV sets & automobiles, consumers, US, 35004
leniency level, halo effect on convergent & divergent validity of measures of construct, hypothetical raters, 28152
Haloperidol
age differences & po vs ip vs icv haloperidol vs perphenazine, sensitivity to drug effect, male rats, 28819
apomorphine &/or haloperidol or domperidone, penile reflexes & seminal emission, male rats, 25284
apomorphine vs haloperidol, maternal pup searching behavior, lactating female mice, 11316
aspirin, haloperidol vs prostaglandin F2a induced cataleptic behavior, male mice, implications for dopaminergic system, 4448
bromocriptine, haloperidol induced hypoglycemia, 78–79 yr old diabetic males, Sweden, 12851
bromocriptine vs haloperidol vs physostigmine vs benztropine, tardive dyskinesia, 19–65 yr olds with schizophrenia or schizoaffective or affective or attention deficit disorder, 16590
cerulein with vs without haloperidol, threshold of hypothalamic defensive attack, cats, 18381
chlordiazepoxide vs imipramine vs haloperidol, maternal aggression, postpartum female mice, 32306
chronic haloperidol, altered responsivity to quisqualic acid & glutamic acid diethyl ester, female mice, 35815
chronic haloperidol, density of D2 dopamine receptors in medial prefrontal cortex, rats, implications for schizophrenia, 11267
chronic haloperidol, reversible perforated postsynaptic densities in caudate nucleus vs nucleus accumbens, male rats, implications for drug tolerance & drug therapy, 39361
chronic haloperidol treatment, amygdaloid seizure generation, cats, 28920
chronic haloperidol vs fluphenzine followed by withdrawal, oral movements, rats, animal model of tardive dyskinesia, 4481
chronic haloperidol vs SCH 23390, role of D1 vs D2 receptors in extrapyramidal syndrome, male monkeys, 39266
chronic low dose haloperidol, gradual effects on exploratory open field behavior, rats, animal model for delayed onset of neuroleptic effects, 21775
chronic trihexyphenidyl vs carbamazepine with vs without haloperidol, regional brain substance P, male rats, implications for affective disorders & extrapyramidal side effects, 11276
clonazepam & haloperidol, schizophrenia, 20–60 yr olds, 2442
clozapine vs haloperidol, dopamine transmission in amygdaloid complex, rats, 819
combined low dose haloperidol & carbamazepine, acute schizophrenic patients, 2468
concurrent benztropine & haloperidol, behavioral hypersensitivity & dopamine metabolism & receptor proliferation, male rats, 7834
continuous vs discontinuous administration of haloperidol, behavioral symptoms, autistic 2.3–7.9 yr olds, 26997
debrisoquin &/vs haloperidol, central vs peripheral plasma HVA concentration, schizophrenic males, implications for dopamine, 34012
dopamine blockade & clinical response to haloperidol, male schizophrenic inpatients, 37580
dopamine vs fluphenazine vs haloperidol, neuronal activity in prefrontal cortex during spatial short term memory task, monkeys, 11297
dopaminergic system dysfunction in basal ganglia & role of biogenic amines & haloperidol treatment, language impaired 6–46 yr olds with pervasive developmental disorder & motor & phonic tics, 29833
dose of haloperidol, stereotypic behavior & gross motor activity & reinforcement contingencies, moderately to profoundly mentally retarded 12.8–35 yr olds, 23352
D1 agonist SK&F 38393 vs D2 agonist LY171555 with vs without chronic haloperidol or fluphenazine pretreatment, oral movements, female rats, 18324
ECS, increase of plasma & red blood cell haloperidol, female rats, 28750
efficacy & side effects of individualized vs standardized dosages of haloperidol, acute schizophrenic patients, 9537
electrical stimulation of substantia nigra pars compacta & haloperidol, head turning & circling, cats, implications for mechanisms of attentional shift, 28724
escalated dosage of haloperidol, development of neuroleptic malignant syndrome & subsequent death, 84 yr old male with agitation & dementia, case report, 23435
GABA receptor agonist vs GABA transaminase inhibitors, haloperidol induced dyskinesia, monkeys, 4311
gepirone vs ipsapirone, haloperidol vs alpha-methyl-p-tyrosine induced serum prolactin secretion, male rats, 35871
haloperidol & amphetamine, mesolimbic dopamine concentrations & locomotor activity in open field, male rats, 18380
haloperidol & apomorphine, ethanol self reinforcement, male rats, 4456
haloperidol & caerulein, amphetamine induced hyperlocomotion & stereotypy, male rats, 28932
haloperidol & carbamazepine, drowsiness & slurred speech, 37 yr old female with cerebral palsy & bipolar disorder, case report, 2452
haloperidol & fluoxetine, extrapyramidal symptoms, 39 yr old female with bipolar disorder, case report, 27016
haloperidol & reduced haloperidol concentrations in plasma & red blood cells, chronic schizophrenic 18–34 yr olds, 34055
haloperidol, acetylcholinesterase in lumbar CSF, schizophrenic patients, 19957

haloperidol, adult patients with schizophrenia or paraphrenia or schizoaffective psychosis, 1 yr study, conference presentation, 2547
haloperidol before or after access to milk, milk intake & tolerance to anorexigenic effect, rats, 39423
haloperidol, chlorpromazine induced bluish-grey skin discoloration, chronic psychiatric patients, 27018
haloperidol, CNS cholinergic marker enzymes acetylcholinesterase & choline acetyltransferase, rats, implications for pathophysiology & treatment of schizophrenia, 7883
haloperidol, cognitive shifting & motor task performance, adults with idiopathic spasmodic torticollis, 37480
haloperidol decanoate vs fluphenazine decanoate, psychotic symptoms, 40 yr old Black male with schizophrenia & hypertension & end stage renal disease, case report, 23445
haloperidol, development of cardiac arrhythmia, female 56 yr old attempting suicide, case report, 37473
haloperidol, discrimination learning & maladaptive behavior, autistic 2.0–7.6 yr olds, 40743
haloperidol dosage, catalepsy & dopamine & DOPAC concentration in frontal cortex & nucleus accumbens & striatum & serum estradiol, female rats during estrus, 868
haloperidol dosage, catalepsy measuring drug sensitivity, male vs female Sprague-Dawley vs Long-Evans rats, implications for animal model of dystonia, 28818
haloperidol dosage, HVA in prefrontal cortex & striatum, rats, implications for treating schizophrenic patients, 18304
haloperidol dosage levels, serum haloperidol concentrations & clinical response, chronic treatment resistant schizophrenic patients, 26940
haloperidol dose levels, symbol digit substitution task performance & prolactin levels, adult males, 35848
haloperidol drug holiday, serum concentrations & mental status & neuroleptic induced movement disorders, schizophrenic males, 37537
haloperidol, function of hypothalamic pituitary gonadal axis & gonadotropin release, 8–70 yr old males with Tourette's syndrome, 30507
haloperidol induced neuroleptic malignant syndrome & its recurrence after amantadine withdrawal, 75 yr old male with senile dementia & delusions & aggressive behavior, case report, 37512
haloperidol, latent inhibition of conditioned emotional responses, rats, 4334
haloperidol, partial reinforcement extinction effect, rats, implications for neuroleptic action on reinforcement, 14847
haloperidol pretreatment, conditioned place preferences induced by iv vs ip cocaine, male rats, 912
haloperidol, priapism, schizophrenic 47 yr old male, 6172
haloperidol, prolactin response, 21–40 yr old females in follicular vs luteal phase of menstrual cycle vs males, 35770
haloperidol, response reinstating effects of food reward during extinction, rats, 32213
haloperidol, reward value of lateral hypothalamic stimulation in place conditioning, rats, 7786
haloperidol, schedule induced activity & feeding & foraging, male rats, 18425
haloperidol, schizophrenic adults, conference presentation, 2470
haloperidol serum concentrations, therapeutic response, schizophrenic patients, 12897
haloperidol, subjective & physiologic response to iv cocaine, 28–41 yr olds with cocaine abuse, 34102
haloperidol vs apomorphine, DRL responding, male vs female rats, 4501
haloperidol vs carbamazepine, organic brain syndrome, 21 yr old male with previous severe head injury, case report, 9490
haloperidol vs clozapine, hypothermia associated with amelioration, schizophrenic patients, 34038
haloperidol vs clozapine vs thioridazine, dextroamphetamine induced stereotyped behavior, male rats, 32300
haloperidol vs dextroamphetamine, latent inhibition of locomotor response, handled vs nonhandled male rats, implications for attention deficit disorder, 11217
haloperidol vs medial forebrain bundle electrical stimulation vs behavioral activation, striatal extracellular dopamine metabolites measured by dialysis perfusion, male rats, 39191
haloperidol vs perphenazine at neuroleptic steady state, plasma HUA & MHPG & treatment response, psychotic 16–65 yr olds, 33997
haloperidol vs phenoxybenzamine vs propranolol vs atropine, ACTH induced delay of extinction of active avoidance, rats, 32149
haloperidol vs pipothiazine palmitate, 18–45 yr olds with acute schizophrenia, Brazil, 6117
haloperidol vs placebo prior to methylphenidate vs placebo, performance of vigilance tasks, hyperactive 5.3–10.2 yr old males with attention deficit disorder, implications for dopaminergic action, 23422
haloperidol vs 6-OHDA induced lesions of nucleus accumbens vs benzodiazepines, diazepam induced place preference, rats, 28735
haloperidol with vs without apomorphine into caudate nucleus, switching motor patterns, male cats, 11225
haloperidol with vs without carbamazepine, drug interactions, adults with manic or schizomanic psychoses, 37531
haloperidol withdrawal, CSF norepinephrine & relapse, schizophrenic males, 40810
im haloperidol decanoate, 23 yr old male with Tourette's syndrome refractory to oral haloperidol, case report, 9499
im haloperidol vs chlorpromazine, management & treatment, acutely disturbed adult psychotic inpatients, 12824
im lorazepam vs haloperidol, disruptive behavior, psychotic inpatients, conference presentation, 27004
imipramine or chlorpromazine or haloperidol, sodium & calcium & potassium ion channel currents in cultured neuroblastoma cells, mice, 25279
injection of haloperidol into accumbens vs GABA into subpallidal region vs procaine into mediodorsal thalamus, food hoarding, male rats, 4434
intercaudate injections of haloperidol & apomorphine, motor expressions characteristic of substantia nigra reticulata &/or superior colliculus, cats, 848
isofloxythepin vs haloperidol, acute attack of schizophrenic psychoses & paranoid states, psychiatric patients, conference presentation, 2539
isofloxythepin vs haloperidol, adults with schizophrenia or paraphrenia or schizoaffective psychosis, conference presentation, 2545
iv haloperidol & lorazepam, delirium, medically ill patients, conference presentation, 26925
iv haloperidol, agitated delirium secondary to bilateral occipital cerebral infarctions, 45 yr old female cancer patient, case report, 12853
levodopa with benserazide, rebound of response rates for VI hypothalamic self stimulation following withdrawal of chronic haloperidol, male rats, 14929
lithium & haloperidol, depressive vs nondepressive schizophrenic patients, 19977
long term haloperidol with vs without phenothiazines, urinary calcium metabolism & hydroxyproline & alkaline phosphatase & vitamin D-3 metabolites, schizophrenic 18–57 yr olds, 12867
low dose bromocriptine & haloperidol, schizophrenic adults, 26952
low vs high doses of risperidone vs haloperidol, vertical & horizontal & stationary motor movements, male rats, 14900
MK-801 dosage, haloperidol induced catalepsy, male rats, implications for drug therapy of Parkinson's disease, 39388
naloxone, interaction of haloperidol & cocaine with endogenous opioids in ventral tegmental electrical self stimulation, male rats, 14949
nifedipine & haloperidol, 9 yr old male with Gilles de la Tourette's syndrome, case report, 37469
oral ascorbic acid, serum haloperidol & hydroxyhaloperidol, males with chronic undifferentiated schizophrenia, 34109
phenelzine & haloperidol induced catatonia, depressed 81 yr old female, case report, 16573

plasma haloperidol & its reduced metabolite, clinical outcome, schizophrenic inpatients, 19920
plasma haloperidol levels, prediction of clinical response, schizophrenic adults, Spain, 37561
plasma HVA levels, schizophrenic inpatients before & during haloperidol treatment, implications for subtypes of schizophrenia based on dopamine hypersensitivity, 9498
pretreatment with fixed dosage haloperidol, iv cocaine self administration behavior, male rats, 35886
Pro-Leu-Gly, tolerance to cataleptic effects of haloperidol, mice, 891
psychopharmacology of risperidone vs ritanserin vs haloperidol, rats & dogs, implications for schizophrenia therapy, 4386
quinine administered in tonic water, haloperidol induced muscle stiffness & dystonia, 24 yr old male, case report, 34062
radiation exposure & prostaglandins vs indomethacin, haloperidol induced catalepsy, male rats, 4244
repeated haloperidol & dosage level, activity level in open field vs dark compartment entry tests measuring environmental operant conditioning, male rats, 11193
response to lithium vs rapid vs delayed vs nonbeneficial response to haloperidol, nosology of psychotic disorders, patients with schizophrenia or schizophreniform disorder or major depression or mania, 26075
scopolamine &/vs haloperidol, amnesia in radial maze performance, trained female rats, implications for acetylcholine & dopamine interaction, 4427
serum haloperidol & prolactin concentrations, White vs American born vs foreign born Asian males, 14887
serum haloperidol concentration, clinical response, acutely decompensated schizophrenic inpatients, implications for therapeutic plateau, 16582
shock intensity & haloperidol vs chlorpromazine vs morphine, 1 way conditioned avoidance procedure, rats, 25150
single oral haloperidol dose, pharmacokinetics & reduced haloperidol, smoking vs nonsmoking Black vs White 18–50 yr old males, 32253
social interactions, haloperidol induced catalepsy, male rats, 21796
spiroperidol with vs without haloperidol, ontogenetic changes in 3H-spiroperidol binding sites in brain, 1–16 day old chicks, 35855
stress induced grooming & haloperidol induced catalepsy, spontaneously diabetic rats, dopamine function implications, conference presentation, 7749
systemic vs intrastriatal injections of haloperidol vs apomorphine, open field grooming & feeding & locomotion, male rats, 828
temporary haloperidol withdrawal during therapy, symptom types & severity, 9–15 yr olds with Tourette's syndrome, 30439
theophylline, haloperidol induced catalepsy, rats, implications for patients on neuroleptic drugs, 18300
tolerance to high dose of haloperidol, 73 yr old male with paranoid schizophrenia, case report, 2495
TSH response to TRH & therapeutic responses to lithium vs haloperidol, acutely psychotic 17–44 yr olds, 16538
5-HT class receptor agonists vs antagonists, haloperidol induced dyskinesias, male squirrel monkeys, 35845
Halstead Reitan Test Battery [See Neuropsychological Assessment]
Hand (Anatomy)
age & handedness & hand function & slow speech development & family dysgraphia history, 5.6–15.1 yr olds with motor vs spelling dysgraphia & academic underachievement, 37115
amplitude & duration of movement cycles in hand operation of joystick in continuous to-and-fro motion, college students, 3697
anxiety & field dependence, individual differences in frequency of body focused irrelevant hand movements during tasks, 5th graders, implications for information processing, 39464
arm position, hand pinch grips in standing & sitting positions, 20–26 yr old males, implications for dentist working conditions, 41485
bimanual coordination & symmetry vs asymmetry of movement in manipulation of objects, 7–24 mo olds, 39518
body postural adustment necessitated by food presentation on land vs water, hand preference in reaching for food, ruffed lemurs, 477
body vs device centered vibratory stimuli to fingers of left vs right hand, RT for spontaneous coding of tactile motor space using anatomical reference frame, adults, 21193
clasping of hands, individual differences in hemispheric asymmetries, adults, 21516
clockwise vs anticlockwise stimulus response pairings & preference for left vs right hand, RT, college students, 38741
computer technology, incidence of repetitive strain injury of hands or arms, female office workers, Australia, 16128
coordinated hand & finger movements, electrical activity of neurons in magnocellular red nucleus forelimb zone, monkeys, conference presentation, 4109
giant hand phenomenon spatial disorientation during flight & resulting accidents, pilots, 20723
grip type & hand preference in prehension, capuchins vs squirrel monkeys, 10940
hand & foot & eye preferences, 16–43 yr old male naval recruits, 4080
hands as motors in series forming kinematic chain, model of favored intermanual division of labor for skilled activities, 7292
integration of sensory information in development of manual pointing, 4–12 yr olds, 21989
intermanual transfer & palm rotation, tactile recognition of mirror images, 6 yr olds, 32405
left vs right handgrip force, left vs right handed males vs females entering elementary school, West Germany, 2 yr study, 39539
model using relative hand proficiency, prediction of probability for hand preference, 39129
neurophysiology of attention & reaching & grasping, animals, 21570
parallel & mirror movements & relative velocity, bimanual coordination, 5 vs 7 vs 9 yr olds, 1004
pathological asymmetry of hands & feet, 8.5–12 yr olds with developmental apraxia, 29975
priming of hand shape, judged feasibility & consequences of manual interaction with objects, college students, 28213
right vs left vs no hand suppression & presentation of hand movements, reproduction & memory span, right handed college students, 38720
rotational configuration & mass distribution of weighted rod, length perception of hand related haptic subsystem, college students, 17738
same & different hand finger pairings, 2 choice RT, college students, 21200
self regulation method of self control, hand surface temperature & permeation of warmth, trained vs beginner adults, implications for psychotherapy & biofeedback, 35670
size & height & orientation of electrical connector & grip type & glove use, maximum hand grip torque, male vs female adults, implications for aircraft maintenance, 17716
time of grasp & contact & adjustment of hand opening to target size during approach, 5–6 vs 9–13 mo olds vs adults, 11447
visual &/vs kinesthetic target location knowledge, target touching accuracy using kinesthetic cues, college students, 38738
visual feedback, interhemispheric interaction during bimanual motor coordination task, 10–14 yr old right handed dyslexic males, 22848
writing style & hand posture rated by self vs examiner, left handed male vs female college students, Sweden, 14244
Handedness
absolute auditory sensitivity & dichotic listening task performance of left vs right ear, left vs right handed male college students, implications for cerebral dominance, 4095

age & sex & education & lateral preference, preferred vs nonpreferred hand performance on neuropsychological motor tasks, adults, 669
age distributions of handedness, 6–94 yr olds, Japan, 18589
age, hand preferences during routine feeding, captive black lemurs, 17992
age, overflow movement norms, right vs left vs mixed handed 7–10 yr old females, implications for assessment of cognitive & behavioral & motor disturbances, 30104
atypical handedness, schizophrenic patients, 19114
bilateral brain dysfunction during motor activation, right handed schizophrenic adults with negative symptomatology, 5215
biometrical genetic analysis of handedness, male vs female 8–80 yr old twins, England, 593
crossed aprosodia & double crossed agraphia after left hemisphere infarction, strongly right handed 59 yr old male & 78 yr old female, case reports, 30073
cued dichotic listening task measuring language lateralization, left vs right handed vs bilingual vs learning disabled 6.1–13.6 yr olds, 5548
degree of handedness, preferred ear for telephone use, left vs right handed college students, 4166
demographic & personal characteristics & eye dominance & directional bias measured by visuomotor drawing task, left vs right handed 11–72 yr olds, 36009
development of direction & degree of handedness, 3–9 yr olds, 2 yr longitudinal study, 4624
developmental changes in handedness & reading ability, French speaking 5 yr olds, Switzerland, 4 yr study, 29058
dichotic listening & visual half field tests, hemispheric asymmetry, right vs left handed 15.5–16.9 yr olds with dyslexia, 33411
displacement of reference points on mouth during spontaneous vs posed smiles, left vs right handed adults, 21572
etiology of high incidece of left or mixed handedness, dyslexics & homosexual males, commentary, 4900
evolution of right handedness & left cerebral representation, humans vs other primates, 35584
family handedness & college major, mental rotation task performance, male vs female college students, 35339
fine motor skills & visual & visuospatial performance, right vs left vs mixed handed 54–76 mo olds, 32444
footedness or handedness in removal of sticky tape from nose, pigeons or tamed parrots or college students, 4105
hand & foot & eye & ear preference, 4–6 yr olds, 15091
hand & foot & eye preferences, 16–43 yr old male naval recruits, 4080
hand laterality, similarity perception in tactile shape recognition, college students, 25065
hand preference & ability & hemispheric specialization, monkeys, 18091
hand preference & immune function, prevalence of personal or family history of developmental disorders, male vs female 65–91 yr olds, 18991
hand preference & skill & performance on Raven Progressive Matrices & other standardized intelligence measures, male vs female 5.1–11.9 yr olds, England, 39455
hand preference development, males vs females assessed at ages 18 & 24 & 30 mo, 18544
hand preference for writing & other activities, college students, Sweden, 25052
hand preference for writing, monozygotic vs dizygotic twins with proband suffering from functional psychosis, replication, 26123
hand preference stability, language expression & reception, males vs females assessed at 18 & 24 & 30 mo old, 18543
hand preference, 15–70 yr olds, UK, 25034
hand preferences, 24 mo olds who had high risk perinatal birth status due to premature birth &/or respiratory distress or asphyxia, 2007
hand use during visually directed reaching task, familially right vs left handed male vs female 3–52 wk olds, longitudinal study, 987
hand use in tasks involving bimanual cooperation, right handed adult stutterers, 36960
handedness & bimanual coordination, gorillas, 18092
handedness & cerebral hemispheric asymmetry, schizophrenic inpatients with vs without persistent tardive dyskinesia, conference presentation, 36562
handedness & correlated lateralized functions, right ear advantage in verbal dichotic listening, adults, 11012
handedness & eye & hair color & sex, disfluency severity, 7–57 yr old stutterers, implications for hypopigmentation & testosterone etiological factors, 29828
handedness & intelligence & cerebral dominance in science learning, male vs female 11th–12th graders & science college students, 8017
handedness & lateral attention & experimental instructions in dichotic listening procedure, CV syllable discrimination, male vs female college students, 39100
handedness & manual specialization during experimental tasks, male baboons, 21422
handedness & relative birth weight, IQ, monozygotic twin children, implications for role of prenatal pathology, 36086
handedness, aesthetic preferences for photographs with focus to left vs right of center, college students, 24852
handedness, perceptual asymmetries for cartoon vs real faces, college students, 21515
handedness, speed & problem solving strategies on computerized neurophysiological tasks, female vs male high school students, Sweden, 4617
handedness, stuttering adults, 26431
handedness, verbal ability, primary school students, Greece, 39554
hands as motors in series forming kinematic chain, model of favored intermanual division of labor for skilled activities, 7292
haptic identification of letters with left vs right hand, right handed college students, 7656
hemispheric laterality & handedness, cockpit learning & performance & flight disadvantage in cockpits designed for right handers, military aviators, literature review, 38500
horizontal lines across midpoint vs to right vs left, error in line bisection using left vs right hand, left vs right handed 4–8 yr olds, Australia, 4578
intelligence, identical female twins concordant vs discordant for handedness, 588
interference cerebral lateralization task performance, male vs female left vs right handed 16–60 yr olds, 7666
interresponse intervals during rapid repetitive finger tapping with right vs left hand, right handed males, 10701
irrelevant letters surrounding target letter, speed of right vs left hand keypress responses in focused attention tasks, college students, 214
kind of sport & sex differences & handedness & complexity of exercise & direction of turns during physical exercise, child & adult athletes, Poland, 20996
knowledge of E's interest in handedness & familial sinistrality, dichotic syllable perception & bilateral object naming task performance, college students, implications for experimental design, 11055
lateralized motor vs tactile vs visual task performance measuring interhemispheric transfer, left vs right handed male vs female 19–48 yr olds, 4143
lateralized word & bargraph recognition task, visual field asymmetries correlation, left vs right handed college students, conference presentation, 35580
learning disorders & handedness, patients with systemic lupus erythematosus & their 1st degree relatives, 22976
left shift in handedness, homosexual vs heterosexual males, 646
left vs right handgrip force, left vs right handed males vs females entering elementary school, West Germany, 2 yr study, 39539
model using relative hand proficiency, prediction of probability for hand preference, 39129
monaural music, affective responses, right vs left handed college students, 35317
musical & spatial & verbal abilities & dichotic & dichaptic performance, right vs left handed 9–14 yr old males vs females, West Germany, 4 yr study, 18571

neuropsychologically assessed cerebral organization, left handed 51 yr old with left middle cerebral artery infarct, case report, 2148
noise & stimulus response compatibility, simple RT vs controlled movement speed using dominant vs nondominant hand, college students, England, 28223
parental handedness, hand use preferences for reaching & object manipulations, 6–13 mo olds, 15082
pathologic left handed mirror writing & movements during bimanual coordination, 59 yr old male with extensive right anterior ischemic infarction, case report, 1977
paw preference & mitogen induced T lymphocyte proliferation, mice, 14767
peg board lateral location & hand used, peg movement & resting times in adductive & abductive movements measuring initiation & control, college students, 14234
positional judgments of horizontal vs vertical dimensions, right vs left handed vs ambidextrous college students, 14242
prenatal stress & pregnancy complications, child's handedness, mothers & their 2 yr old children, 23044
prevalence of left vs right handedness, professional cricket batsmen & bowlers vs tennis players vs soccer goalkeepers, 41583
reading & language & mathematics & spelling achievement & study skills, mixed handed 3rd–4th graders, 41278
reliability & factor structure of handedness inventory, adults, 111
right sided neglect, reversed hemispheric specialization of attention capacity, left handed diabetic 49 yr old female with acute left frontal cortical & subcortical infarct, case report, 37013
right vs left hand preferences in joy stick manipulation & RT, monkeys & chimpanzees, 21514
sequential rhyme judgment task with word matching & short term memory demands, left vs right hemisphere EPs, left vs right handed young adults, 35579
sex & hand preference, simultaneous vs consecutive discrimination of lifted weight, left vs right handed college students, 4079
sex & handedness, cerebral lateralization of cognitive ability & language development, 11–82 yr old mildly to profoundly mentally retarded, implications for model of pathological left handedness, 36925
sex & handedness, cognitive strategies & spatial ability, college students, 28289
sex & handedness, laterality in visuospatial & verbal task performance, adults, 18118
sex & handedness, mirror tracing random forms, adults, 652
sex & handedness, tongue rolling ability, college students, 25036
sex & lesion location, handedness, 16–65 yr olds with cerebral arteriovenous malformation, 36970
sex & race & age & educational level & occupational & marital status & religion, handedness, urban 18–80 yr olds, 4118
sex, neuropsychological skill & strategy, left vs right handed 17–20 yr olds, 39543
sex, right handed reaching preference, 5–12 mo olds, 960
sex role & hand preferences, book carrying style, male vs female 17–24 yr olds, 11674
single nostril olfactory stimulation, odor similarity judgments, male vs female left vs right handed adults, Canada, 35597
spatial & temporal frequency of visual stimulation, steady state EPs measuring hemispheric lateralization, left vs right handed 24–39 yr olds, 32048
spatial abilities, originally left handed 17–35 yr olds forced to become right handed, 18078
stimulus orientation & rotation, RT in haptic identification of letters using left vs right hand, college students, 39099
syllable vs melody recognition in dichotic listening task & handedness of self vs family, auditory laterality & cognitive ability, college students, implications for brain organization theories, 4083
temporal stability & test reliability of Purdue Pegboard & use of right vs left hand, assessment of finger dexterity, adults, implications for neuropsychological assessment, 7170
unfamiliar music during concurrent finger tapping, cerebral lateralization, left handed college students, 32037
variations in mental processing tendencies assessed by K-ABC, circle drawing directionality, right vs left handed 5–12.5 yr olds, 1019
verbal vs spatial visual stimuli presented to left vs right visual field, stimuli reproduction by writing vs drawing using left vs right hand & cortical EPs, college students, 14707
voluntary control of unilateral vs bilateral emotional facial expressions measuring lateral dominance, left vs right handed 14–52 yr olds, 18131
writing style & hand posture rated by self vs examiner, left handed male vs female college students, Sweden, 14244

Handicapped [See Also Adventitiously Handicapped, Amputees, Aurally Handicapped, Autistic Children, Blind, Brain Damaged, Congenitally Handicapped, Deaf, Educable Mentally Retarded, Emotionally Disturbed, Health Impaired, Idiot Savants, Institutionalized Mentally Retarded, Mentally Retarded, Minimally Brain Damaged, Multiply Handicapped, Partially Hearing Impaired, Partially Sighted, Physically Handicapped, Profoundly Mentally Retarded, Severely Mentally Retarded, Slow Learners, Speech Handicapped, Trainable Mentally Retarded, Visually Handicapped]

Handwriting [See Also Cursive Writing, Handwriting Legibility, Printing (Handwriting)]

affective expression in handwritten responses to film based on alexithymia study, corpus callosotomy patients, 19239
allographic writing disorder, 48 yr old dysgraphic male with left hemisphere damage, case report, 40386
character practice, pen slips in rapid repeated writing of similar kanji or kana characters, college students, verification of recency hypothesis, 35258
concepts of reading & writing, low literate prisoners vs noninstitutionalized adults, 32312
E. Fromm's view on neurosis expressed as writer's cramp, 26 yr old male, commentary, conference presentation, 12708
graphology, occupational success prediction, graphologists & 19–27 yr old bank employees & successful professionals, Israel, commentary, 6878
handwriting analysis in personnel selection, 13786
handwriting analysis, personnel selection & placement & training, 20752
handwritten vs word processed English language & literature essays, grading, secondary school teachers, 24250
interpersonal object relations in psychoanalysis, neurosis expressed as writer's cramp, 26 yr old male, commentary, conference presentation, 12652
left parietal lesion of vascular etiology, accuracy & temporal characteristics of handwriting, 54 yr old right handed male, case report, 40477
narcissism, signature embellishments, male vs female college students, 5030
neurological & psychosocial & demographic correlates, interictal hypergraphia, epilepsy patients, 5665
pathologic left handed mirror writing & movements during bimanual coordination, 59 yr old male with extensive right anterior ischemic infarction, case report, 1977
reinforcement by direct vs implicit contingent rewards, handwriting, 20–28 yr olds, Australia, 35266
self evaluation training, handwriting deficits, mentally retarded 10–13 yr olds, 19721
validity of graphoanalysis, commentary reply, 25903
value of Diagnostic and Remediation of Handwriting test, children & brain injured adults, 24220
word processing program vs pen & paper, attitudes toward writing, 7th graders, 27636
writing style & hand posture rated by self vs examiner, left handed male vs female college students, Sweden, 14244

Handwriting Legibility

computer & software as composition aid, children with dysphoria experiencing school failure, 36591
validity of Handwriting Scale from Test of Written Language, assessment of general legibility, learning disabled 4th–6th graders, 38266

Happiness

attribution of mood & preference for happy vs unhappy companions, depressed vs nondepressed college students, 36430
birth order & sex, happiness with health & marriage & family & in-laws & friends & religion & finances & security & employment & life in general, adults, 18768
consequences of happiness, psychologists vs 19th century utilitarian philosophers, 18984
decline of morale & happiness, married or single females, 1972–87, 29288
elation vs depression inducing imagery, facial muscle activity & growth & carryover of mood states, adult females, 720
hope & satisfaction & happiness, college students, US vs Canada, 5081
income & health & social interaction, happiness at preretirement vs postretirement, elderly husbands vs wives, 10 yr study, 8195
induced happy vs sad moods, goal setting & performance on digit substitution task, preschoolers, 28353
multidimensional scaling analysis, concept of happiness, 19–90 yr olds vs 26–89 yr old Catholic nuns, 18981
multiple discrepancies theory, measurement of demographic characteristics & life satisfaction & happiness & well being, 18–55 yr olds, Netherlands, 36502
number of categories, happiness ratings in social judgment, college students, 1415
prestructured diary of everyday life experiences, assessment of relationship happiness, 20–35 yr old spouses & couples living together, 32646
relationship between M. W. Fordyce happiness model & R. Williams et al model of lifestyle effectiveness, college students, 6768

reliability & validity of Happiness Measures index of emotional well being & global health, literature review, 17580
remarriage, health & satisfaction & happiness & disability & employment status, 58–63 yr olds, 10 yr study, 32559
social network size & prevalence of strangers & density of close relationships, expressions of happiness, 18 yr olds & older, 4950
social vs intrapersonal comparisons, happiness ratings, college students, 18931
stages in development of happiness barrier, families, Norway, 4854
subjective control, happiness in daily experience, 9th graders through 88 yr olds, 39642
Haptic Perception [See Cutaneous Sense]
Hashish
J. J. Moreau de Tours's work on hashish & development of modern psychopharmacology, conference presentation, 37533
reasons for discontinuing marihuana or hashish use, 18–27 yr old athletes, central Europe, 8874
Hate
Love/Hate Checklist, assessment of parents' actions toward one another, college students from divorced vs intact families, 22203
treatment considerations & resistance, patients who hate psychotherapist, 30233
utility & reliability & validity of Love/Hate Checklist, assessment of parents' actions toward one another, college students, 21121
Hawaii
"acting" or group resistance to teachers at beginning of school yr, low income preschool through 3rd graders, Hawaii, 13563
counseling, learning & adjustment to school, elementary school students, Hawaii, 38297
frequency of & attitudes of parents & close friends toward within vs across ethnic group dating, college students from 5 racial or ethnic groups, Hawaii, 25808
research on impact of psychotherapy on health care utilization & costs, Medicaid users, Hawaii, conference presentation, 5938
sex & ethnicity, judgment of normal & problem alcohol use & actual consumption, Hawaiian vs Filipino vs Japanese vs Chinese vs Caucasian college students, Hawaii, 25823
sibling caretaking & peer assistance, cultural effects on classroom learning, Native Hawaiian K–3rd graders, 24071
2nd vs 3rd generation, ethnic identity, 31–55 yr old Japanese American males, Hawaii, 25701
Hazards
age, perception of hazards on road, 18–61 yr old drivers, 24274
aircraft chemical hazards & first aid for exposure, military aeromedical personnel, 20928
development & reliability & validity of Environmental Appraisal Inventory, assessment of threat to self & environment posed by & perceived control over environmental hazards, adults, 31664
factor analysis of societal risk perceptions, college students, Norway vs Hungary vs US, replications, 32622
industrial threat & anxiety, secure vs accepting vs defensive vs vigilant response, residents of heavily industrialized area, 17445
probabilistic risk assessment, decisions about technological hazards & accident analysis, conference presentation, 34849
product familiarity & hazard type & written warnings with vs without symbols, noticing vs recalling vs complying with warning & perceived hazards, college students, 6981
psychological effects of exposure to dangerous chemicals, firefighters, 38322
risk judgments & personal concern & trust in technical experts, information seeking as adaptation to water contamination hazard, community residents, longitudinal study, conference presentation, 34978
sex & demographic & political & religious characteristics, concern over dangers of technology, adults in agricultural or suburban or high technology areas, 24437
statistical model of attendance analysis & prediction of hazard rate, underground coal miners, 10347
willingness to pay more for hazard & fatality risk reduction related to use of automobiles vs aviation vs chemicals vs other products, college students & adults, 27826
Head (Anatomy)
age & sex, spontaneous head positions following E holding of head in lateral & midline positions, 2–12 wk olds, longitudinal study, 996
anterior fontanel closure, physical & psychomotor development, 2–16 wk olds, longitudinal study, 15088
behavioral preservation in spatial head orientations for water seeking, water deprived male rats with unilateral vs bilateral anteromedial cortex lesions, 4301
head & hand & stimulus position, RT & spatial stimulus response compatibility, female college students, 35265
hypogravity vs hypergravity & upright vs tilted body position, ocular torsion & counterrolling & motion sickness, males considered motion sickness resistant, 14753
lateral neglect in head movement water seeking task, water deprived male rats with unilateral vs bilateral superior colliculus lesions, 4302
local X-ray irradiation to head followed by meclophenoxate, inhibition of motor activity & vigilance, female rats, 766
local X-ray irradiation to head followed by pyritinol, behavioral & cognitive disorders, rats, 765
local X-ray irradiation to head, jumping avoidance & brain monoamines & suprarenal catecholamines, female rats, 767
moving random dot pattern, eye & head & body movements & slow phase gaze velocity, unrestrained cats, 25091
quiet-alert vs active-awake vs crying state, spontaneous head orientation after forced midline vs lateral position, 2–12 wk olds, longitudinal study, 997
sex & head circumference, interaural time differences, infants assessed between ages 8 & 22 wks vs 3–6 yr olds vs 27–54 yr olds, implications for sound localization, 993
spontaneous head positions, infants assessed between ages 1 & 36 wks, longitudinal study, 976
stepwise lateral tilts of body & head & trunk, blind pointing, adults, 17732
visual target movement with different head or size motion, compensation in motion perception, Os, 7351
Head Banging
diagnosis & therapeutic nursery school environment & involvement of mother in analytic treatment, 2.5 yr old male with severe temper tantrums & head banging behavior, case report, 16393
nocturnal head banging, depressed & borderline 18 yr old female, case report, 23050
visual screening duration & constant release, self injury & screaming & generalization, 56 yr old institutionalized developmentally disabled female, 34287
water mist punishment, reduction of head hitting, 10 yr old multiply handicapped visually impaired male, 40719
Head Injuries [See Also Brain Concussion]
adjustment, patients with severe head injuries & their families, 2–7 yr followup, 26453
alprazolam, dangerously aggressive behavior, 34 yr old male with head trauma, case report, 23386
amitriptyline, headache, patients with depression after minor closed head injury, 9573
assessment & treatment of metacognitive & executive & communication impairments, children & adults with severe head injuries, 23739
assessment of cognitive communicative impairment, 35 yr old male with severe closed head injury, implications for cognitive rehabilitation, 23052
assessment techniques, families of traumatic brain injury patients, 21034
asymmetrical auditory EP, differential diagnosis of functional vs organic posttraumatic syndrome, 16 yr old male with head trauma, case report, 19723

behavior management, community reintegration, brain injured patients, 16919
behavior management programs in residential rehabilitation center, head injury patients, 2871
beliefs regarding posttraumatic or postconcussional syndrome & treatment, neurosurgeons & neuropsychologists, replication, 3028
burden, families of brain injured patients, literature review, 22988
California Verbal Learning Test performance, head injured vs neurologically normal males, 16055
California Verbal Learning Test word recognition profiles, differentiation of consolidation vs encoding retrieval deficits in verbal memory, males with severe blunt head injuries, 33497
career opportunities & personal characteristics, prospective head injury rehabilitation counselors in training, 9978
case management practices & head injury rehabilitation programs, 9840
cerebral vasculature & hemorrhage, post mortem brains of ex-boxers with dementia pugilistica, 33455
changes in personality & social behavior & physical capabilities, independent living, brain injured male 17–45 yr olds, conference presentation, 9129
clinical data & EEG, 6.5–14.5 yr olds with transient global amnesia induced by mild head trauma in childhood, 19646
clinically relevant neurological features of visual system, literature review, implications for head injured patients with visual deficits & their treatment, 40525
cognitive & psychological deficits & clinical issues in psychotherapy, head injured patients, 9318
cognitive communicative & physical & behavioral & emotional problems, reentering head injured students, implications for teaching strategies, 24121
cognitive map for diagnosis & treatment of interpersonal deficits in inpatient setting, 19 & 30 yr old males with head trauma, 2867
cognitive recovery & psychological adjustment, 18 yr old female with closed head injury, 37153
cognitive reeducation tutorial program, adaptive & cognitive functioning, head injured 4.0–10.9 yr olds, 10208
cognitive rehabilitation & neuropsychological counseling in private practice, patients with mild to moderate cognitive impairments, 2171
cognitive rehabilitation outcome, head injured patients, literature review, 13219
cognitive rehabilitation using drug therapy or biofeedback or cognitive behavioral therapies, posttraumatic headache symptoms, patients with minor head injury, 9831
coma duration, memory & intelligence test performance, head injured adults, 23071
comprehension of impaired communication of head injured 18 yr old female, parent vs speech therapists, 12370
computer assisted vs noncomputerized cognitive rehabilitation, severely closed-head-injured patients, 16904
concept & model & techniques of behavior management, head injured patients in acute care rehabilitation facilities, 16920
construct validity of Wechsler Memory Scale-Revised, assessment of attention & concentration, adults who had head injuries at least 1 yr earlier, 28075
continuous recognition memory, 13–19 yr olds with closed head injuries, 40415
coping behavior, families of brain injured patients, 16206
covert vs overt memory access for face recognition & recall of associated semantic information, adult male with severe closed head injury & resulting prosopagnosia, 12539
development & evaluation of effectiveness of cognitive rehabilitation programs, head injured patients, 30797
development & valproate treatment of chronic bipolar disorder, 47 & 61 yr old females with closed head injuries, case reports, 6183
development of Capgras syndrome after minor head trauma, female 81 yr old, case report, 29864
development of mania & neuropsychological findings, 19 & 55 yr old males with head injuries, case reports, 16188
disproportionate memory impairment with relatively preserved intellectual functioning, 18–30 yr olds with closed head injury, 22985
drug therapy evaluation protocol, brain injured patients, 23461
drug type, aggressive behavior, patients with traumatic brain injury, 9514
education & cognitive stimulation & stress management training & individual counseling & group discussion & physical activity, recovery, mild head injury patients in day treatment, 9799
educational needs & recommendations for successful educational & vocational programs, head injured high school & postsecondary students, 10226
EEG during verbal & visuospatial cognitive performance, patients with closed head injuries, 33619
effectiveness of token economies, head injured patients, 16475
effortful free recall vs automatic judgment of relative frequency of nouns, 21–37 yr olds with severe closed head injury, implications for cognitive strategies, 12437
emerging issues in cognitive rehabilitation, head injured clients & their relatives, implications for private practice psychotherapy, 30786
emotional adjustment, patients with minor head injury, 9165
employment status pre-injury & at time of injury & correlates of employment reentry, head injured 15–55 yr olds, 1 & 12 mo followup, implications for vocational rehabilitation, 9056
encoding & retrieval processes, learning disabled vs head injured young adults, 22475
episodic & semantic memory of events prior to vs after trauma, patients with moderate head injuries, 1 yr followup, 9008
EPs during auditory oddball task, adults with closed head injury, 12486
ethnographic study of life experiences & social support networks & family relations & community reintegration following rehabilitation, head injured 17–41 yr olds, implications for occupational therapy, 33571
evaluation & drug selection & monitoring & outcome assessment for use of psychopharmacologic drugs, head injured patients, 9556
evaluation & rehabilitation of diplopia, head injured patients, 41042
evaluation of computer mediated program for remediation of attentional deficits in speed of information processing, severely head injured 17–38 yr olds, 16929
executive function skill limitations & cognitive rehabilitation, traumatically brain injured clients, 23727
experimental design & methods, assessment of rehabilitation outcome, patients with traumatic head injury, 27275
factors in work adjustment & facilitation of client directed vocational planning, head injured adults, 13216
family counseling, family relations, head injured patients with cognitive communicative disorder & their family members, 23262
family functioning, parents & spouses of head injured patients, 23081
family intervention, brain injured patients, 23287
family reaction to behavioral changes & family vs individual therapy, male 10–18 yr olds with severe head injuries & their families, 2358
family reactions & relations, rehabilitation, head injured family members with cognitive communication impairments, 13185
fluoxetine, depressed head injured adults, 40754
forgetting & perceived attention, outpatients with brain injuries with vs without coma & their family members, 26576
haloperidol vs carbamazepine, organic brain syndrome, 21 yr old male with previous severe head injury, case report, 9490
Halstead Reitan Neuropsychological Test Battery, neuropsychological assessment, 42 yr old male with head injuries, 5716

head injury, fantastic confabulations, 46 & 50 yr old males with Korsakoff's syndrome & 50 yr old male with posttraumatic amnesia, 19606
holistic cognitive & interpersonal & vocational neuropsychological rehabilitation program, employment & vocational adjustment, head injured 18–55 yr olds, 3 yr followup, 9832
implementation of augmentative & alternative communication systems based on changing needs & skills of client & support & training for family, 13 yr old head injured female, case report, 6486
individual placement supported employment program, brain injured adults, 23737
injury to left frontoparietal area, early onset schizophrenia, 14 yr old male, case report, 19590
intensive motor exercise training, 22–23 yr olds with brain trauma, 34346
judgments of occurrence frequency for visual stimuli, 18–49 yr olds with closed head injury vs healthy 55–85 yr olds, 9219
lithium carbonate & carbamazepine, 22 yr old female with traumatic brain injury & resulting bipolar disorder, case report, 2541
Luria Nebraska Neuropsychological Battery, assessment of higher cognitive & associated motor & sensory deficits, brain injured patients, 12398
mainstreaming & special programs & combination models in public school education, head injured students, 3294
maintenance & generalization following problem solving strategy training, 24–31 yr olds with closed head injuries, 23713
mania following head injury, 33 yr old male with genetic predisposition to schizophrenia, case report, 9241
manic symptoms during early recovery, 19–60 yr olds with head injuries, 37141
mode of presentation, recall of narrative information, head injured 18–45 yr olds, 29844
modifications to Sickness Impact Profile, assessment of psychosocial dysfunction, head injuried vs general trauma patients, conference presentation, 35196
music based rehabilitation model, head trauma patients, 13207
nature & causes & assessment & management strategies & classification of behavior disorders after severe head injury, 16068
neurobehavioral assessment & classification & evaluation, mild head injury, children vs elderly, 9127
neurobehavioral sequelae, head injured patients with persistent vs prior alcohol abuse, 16220
neurobehavioral systems approach to assessment & treatment of cognitive communicative impairments, closed head injury patients, 13223
neurological functioning, head injured 15–45 yr olds, 6 yr study, 26655
neurophysical & cognitive & personality changes, patients with closed head injury, 23007
neuropsychological assessment & behavior therapy, head trauma rehabilitation, 38 & 40 yr old males with head injuries, implications for behavioral neuropsychology model, 6480
neuropsychological assessment, mildly head injured adults, 7167
neuropsychological assessment of severity of brain injury, head injured patients, 12337
neuropsychological assessment, rehabilitation planning, patients with traumatic brain injuries, 6473
neuropsychological evaluation of cognitive ability, vocational rehabilitation, adults with head injuries, 6483
neuropsychological functioning & computed tomography results, head injured patients with vs without visual field defects, 5818
neuropsychological functioning & symptoms, 10 yr old male with minor head injury induced Ganser syndrome, case report, 8 yr followup, 33457
neuropsychological test results, interdisciplinary cognitive rehabilitation, adults with head injuries, 6499
obsessive compulsive neurosis, 26 yr old male with head injury, case report, 26476
onset of symptoms following head injury, 16 & 17 yr old males with Kleine-Levin syndrome treated with lithium carbonate, case reports, 5830
patient's age, prediction of effects of mild head injury, neuropsychologists, implications for misapplication of Kennard Principle, 9075
perils of token economies, head injured patients, 16526
pharmacology & accepted indications & use of antipsychotic drugs, brain injured patients, 9496
postconcussive syndrome vs PTSD as neurobehavioral sequelae, patients with minor head injury, implications for rehabilitation, 9024
practice periods, daily productivity over 5 day period, 18–47 yr old vocational evaluation clients with mental retardation or mental disorders or head injury, 13181
prior alcohol abuse, head injury recovery, 18–60 yr old head injury survivors, 26645
problems resulting from closed head injuries, college students, 31190
prognosis, 6–16 yr olds with serious closed head injury & subsequent mesencephalic vs diencephalo-mesencephalic coma, 2 yr followups, 9171
program for teaching problem solving strategy in self care skills & safety, 21–30 yr olds with closed head injuries, 37847
psychiatric comorbidities, hospital length of stay & charges, adult patients with traumatic head & spinal cord injuries, 13125
psychoactive drug treatments, traumatic brain damaged patients with behavior disorders, 9501
psychological sequelae & family stress & rehabilitation & pathophysiology & psychosocial adjustment, patients with closed head injuries, 16168
reactions to childhood head trauma, family, 23074
recognition memory, head injured 15–50 yr olds during vs recovery from posttraumatic amnesia, 2051
rehabilitation, subtle cognitive communication deficits, 35 yr old traumatically head injured male, 13210
rehabilitation with transdisciplinary team in functional training environment, cognitive & social & physical functioning, traumatically brain injured adults, 9849
reliability & validity of Work Performance Assessment, vocational training/placement vs work adjustment clients with severe head injuries, 24616
reliability of factor structure of WAIS-R, head injured adult males vs previously tested disordered adults, 21058
research activities & resources related to traumatic brain injury, 9095
research priorities in transition from hospital to community settings, 14–21 yr olds with head trauma, 2677
revised formula for length of retrograde amnesia, college students with head injuries, 26467
Rey Auditory Verbal Learning & Rey-Osterrieth Complex Figure Design performance, 18–85 yr olds with Alzheimer's disease vs closed head injury, 29865
risk of depression or anxiety, adults with mild head injuries, 12495
role in rehabilitation of head injured patients, relatives, 23723
selective agnosia for nonverbal sounds & music, 28 yr old head injured female with posttraumatic auditory agnosia, case report, 37087
self paced instruction in computer terminology & commands & program writing, computer operation & learning retention, 21–49 yr olds with closed head injury vs memory disorder, 5649
self report assessment of emotional disorder, head injured 16–60 yr olds, 5689
self vs informant reported premorbid personality as measured by 2 rating scales, head injured 16–64 yr olds, 12373
sensory stimulation therapy by occupational therapists, severely head injured 22 yr old male in coma, 9845
severe temporal lobe injury, onset of obsessive compulsive disorder, 17 yr old male, case report, 22563

social & cognitive functioning & personality change following head injury, literature review, 5650
social adjustment & social support & other factors, 15 yr olds & older with traumatic head injuries, implications for social work, Canada, 37057
social competence & information processing skills, males with severe closed head injury more than 18 mo previously, 37031
social outcome 0–4 yrs after head injury, patients 16–64 yrs old at injury, 12372
social role valorization community reentry model, independent living services & community education, head injured patients, 9836
social skills approach to cognitive communicative rehabilitation, community reentry, patients with head injuries, 23722
social support networks, early or late recovery, 12–60 yr olds with severe head injuries & their 21–64 yr old significant others, 26554
specialized vocational rehabilitation program & supported community job placement, head injured 24–29 yr olds, 9841
speech pathology evaluation, articulation & language problems or voice & stuttering problems, patients with stroke or tumor or head injury, implications for speech therapy, 12461
stress & coping behavior, caregivers of patients with traumatic head injuries, literature review, 40409
structured memory remediation, head injured adults with mild to moderate neuropsychological impairments, 9858
supported work model of competitive employment, job placement & retention, 26 yr old male with traumatic brain injury, 9863
symptoms & onset of posttraumatic psychoses, brain injured patients, Belgium, 1–10 yr followups, 9031
therapeutic retraining strategies, iconic memory, traumatically brain injured adolescents & adults, 41045
Therapeutic Work Program, assessment & development of prevocational skills, adults with head injuries, 41037
training in list recall & face name associations, adults with histories of closed head injury & amnesia, 2875
types of cognitive communicative impairments & rehabilitation options in acute trauma center, patients with traumatic brain injury, 23730
use of neuropsychological evaluation in vocational rehabilitation, brain injured patients, 41025
validity & utility of WAIS-R & WISC-R short forms, measurment of intellectual ability, 12–20 yr olds with closed head injuries, 21136
validity of psychometric assessment, patients with head injuries, India, 33567
validity of short forms of WAIS-R, head injured 16–69 yr olds, conference presentation, 28127
visual deficit, driving performance, traumatically brain injured patients, rehabilitation implications, 40510
visual EP pattern abnormalities & disability, severe traumatically brain injured 3.8–8.1 yr olds, 40486
visual vestibular systems neurophysiological interaction, literature review, implications for therapeutic use of vestibular stimulation for visual problems due to head injury, 41020
vocational evaluation of work potential, head injured adults, 13179
1-desamino-8-D-arginine-vasopressin, memory & information processing, 18–60 yr olds recovering from minor head injury, 34024
Head Start [See Project Head Start]
Headache [See Also Migraine Headache, Muscle Contraction Headache]
age & sex & hypnotizability, behavioral treatment outcome, 6–17 yr olds with migraine vs tension vs mixed headaches, 37460
amitriptyline, headache, patients with depression after minor closed head injury, 9573
amplitude of psychogalvanic reflex, migraine & tension headache patients, 22905
behavioral relaxation training, 29 yr old male with chronic headaches & developmental disabilities, 30385
biofeedback & relaxation/imagery techniques, 4–20 yr olds with chronic headache, 6111
causal attributions, coping behavior, adults with chronic headache, 5694
cognitive rehabilitation using drug therapy or biofeedback or cognitive behavioral therapies, posttraumatic headache symptoms, patients with minor head injury, 9831
demographic & psychological testing & headache history information, prediction of early termination from self regulatory treatment program, chronic headache patients, 30374
family characteristics, preschool children with recurrent headaches &/or stomachaches, 16236
length of baseline in biofeedback &/or relaxation training research & clinical practice, 18–67 yr olds with tension &/ vs migraine headaches, 16476
life events & distress & pain persistence, hospitalized 18–59 yr olds with organic vs nonorganic headache vs low back pain, 5679
life events & stress & headache & task performance & vigilance task, frontalis EMG, tension headache prone college students, implications for disregulation model of tension headache, 37061
methysergide, development of hallucinations & anxiety & depersonalization, 29 yr old male with vascular headaches, case report, 2566
moods & headaches & physical symptoms throughout menstrual cycle, females with PMS, 5727
multidimensional scaling of intensity & affect scales of B. Tursky's pain profile, 17–50 yr olds with vs without headache, 35165
personality & bioelectric level & platelet MAO activity, 18–58 yr old patients with headache vs insomnia vs dystonia, 22878
progressive relaxation therapy, 20–35 yr olds with tension headache, conference presentation, 37454
relaxation therapy, symptoms & compliance, 12–17 yr olds with chronic headaches, 23351
relaxation therapy with vs without cognitive behavior therapy, 17–41 yr olds with tension headaches, 6108
relaxation training vs attention control vs problem discussion & personal characteristics, prediction of treatment outcome, 16–18 yr olds with recurrent headaches, 9279
reliability & validity & differential diagnostic utility of Children's Psychosomatic Symptom Checklist, 11–17 yr olds with vs without headaches, 21146
reliability of MMPI profiles, classification of chronic headache types, headache patients, replication, 9032
role of psychiatrist in training physicians to make emergency evaluation, patients with headaches, conference presentation, 23499
similarities & differences in hypnosis vs biofeedback & relaxation & cognitive behavior therapy, headache, literature review, 2580
Health [See Also Community Mental Health, Holistic Health, Mental Health, Public Health]
age & sex & income & work & smoking status, self ratings of health, 17–88 yr olds, UK, support for social representation & multiple discrepancies models, 11900
age, cluster analysis of health & psychosocial functioning, adult male vs female multiple sclerosis outpatients, 12540
age, expectancies & desire for control over health, 18–91 yr old healthy residents & patients, 2126
anger expression, life stress & physical health, Black adults, 15495
application of medical anthropology to understanding & improving health & adaptation, winter-over Navy personnel, Antarctica, 31485
assessment of quality of life & health status & functional status in clinical research, conference presentation, 36510
assessment of school health & health concerns & utilization of health services & lifestyle, 13–17 yr olds & parents & teachers & counselors & clergy, implications for school nursing, 8125

attribution & coping & equity & loneliness & social comparison theories, health professional practice & social support theory & health, 32902
attrition rate in study of health consequences of company closedown, 16–72 yr old employed vs unemployed shipyard workers, Denmark, 1983 vs 1984 vs 1985, 27942
beliefs & practices regarding quality of mother's milk, health of child, Maithil females, India & Nepal, 18798
bereavement, morbidity & mortality, 16214
body composition, self perception of health & fitness, male vs female indoor sports participants, UK, 38530
brief psychotherapeutic disclosure of past traumatic events, immune functioning & health care visits, adults, commentary, 5970
brief psychotherapeutic disclosure of past traumatic events, immune functioning & health care visits, adults, commentary reply, 5974
career orientations, satisfaction & well being & occupational stress, police officers, Canada, 10384
changes in health & family cohesion & functional activities & psychological well being, 79–96 yr old bereaved mothers, 4770
characteristics & reliability & validity of health measures in nursing research, 10641
cigarette smoking & alcohol drinking discordance & health condition, 47–87 yr old monozygotic vs dizygotic like-sex pairs of twins reared apart vs together, Japan, 22291
cognition & health status & age, depression, adult alcoholic males in treatment unit, 1878
cognitive appraisal, life event stress & physical & mental health & coping, adults, 25916
cognitive development & sex role socialization theories, prediction of age & gender differences in severity of & vulnerability to health problems, 1st & 4th & 6th graders, 8530
competence in social & academic functioning & psychological well being, self assessed physical health, 7th & 9th & 11th graders, 1103
contact with AIDS patients, physical & mental health, health care workers, safety implications, 16701
coping humor & perceived control & irrational beliefs & positive vs negative stressful events, mental & physical health, college students, 32833
coping responses, life satisfaction & physical health status, 56–95 yr old females, 4771
coping style & cognitive hardiness, physical & psychological health status, 22–64 yr old professional employees, 36488
coping with health problems & hospitalization & relocation to retirement apartments, 57–90 yr olds, 36206
corporate characteristics & worksite health promotion programs, Fortune 500 companies, 3422
cultural factors, health & malnutrition & body size & food intake & eating behaviors, comments on D. Seckler's "small but healthy" hypothesis, 32615
daily symptoms & preventive health practices recorded in diary, 62–94 yr olds, 8191
daily worries & anxiety & coping strategies in financial & health & social areas, elderly, implications for therapists, 32560
death & disease patterns & health status, American Indians & Native Alaskans from birth to 14 yrs old, prevention implications, 22468
demographic characteristics & health knowledge & health status & behavior as measure of health education needs, 65–74 yr olds, Finland, 4777
demographic characteristics & health status & service utilization & social support networks, elderly seasonal migrants from Canada to Florida, 15252
depression & poor health as antecedents & consequences of cocaine use, adolescents, 4 yr followup, 29750
development of self assessment scale of quality of life & health & well being, elderly patients with severe heart failure, 3650
economic & health service & other factors, relationship between maternal education & health survivorship, children, developing countries, 25980
employment & empty nest status & cohort membership, well being, 40–59 yr old females, 1957 vs 1976, sex role implications, 39940
employment loss, well being, male vs female fish plant workers, Canada, 17339
environment & self esteem & beliefs about others & risk taking behaviors, health, adolescents, 39625
environmental aesthetics of Rocky Mountain region, psychological & physical health, 3455
evaluation of worksite health promotion programs, cost-benefit vs cost-effectiveness analysis & use as organizational tool & role of evaluator & methodology, 3434
events as environmental demands vs self initiated desires, physical & mental well being, college students, 22427
exercise & self perceived fitness & hardiness & stress, college students, 32898
exercise, mediation of stress induced health deterioration, female 7th & 8th graders, 15019
explanatory style for causes of bad & good events, prediction of physical illness & future health & longevity, college students, 2030
extraversion & introversion & psychoticism & health status, smokers vs nonsmokers, 36383

waking medical & sleep & psychological status, healthy elderly with sleep disordered breathing, 1 yr followup, 40359
war & life experiences & response styles & mother's depression & children's health, mothers & their 5–7 yr olds, Lebanon, 33020
work experience factors, physical & mental health, females, prevention implications, 17380
work satisfaction & health & stress attitudes, psychiatric nurses in short vs long stay departments, Netherlands, 13363
work setting & job characteristics, health status & somatic complaints & physician visits & disability days, 25–65 yr old males vs females, Israel, 34943
worksite health promotion program, health habits, wives of fire fighters, 3447
worksite health promotion project, health practices, government employees, 3427

Health Attitudes

activity centered health education program, health beliefs & behavior, 4th vs 5th vs 6th graders, 10043
age & social class & health behavior & knowledge of breast cancer, female 15–76 yr olds attending breast screening unit vs medical patients, UK, 12997

age, expectancies & desire for control over health, 18–91 yr old healthy residents & patients, 2126
alcoholism treatment utilization, perceived treatment effectiveness & severity of symptoms & cues to action, alcoholic adults, 6507
attitudes & behaviors toward risk of coronary heart disease, 17–60 yr old moderate to heavy smokers vs nonsmokers, 36985
attitudes toward & concern about health & health related behaviors, male vs female 7–12 yr olds, 8102
beliefs & experiences & attitudes, families with child with celiac disease vs obesity, 5690
components of illness cognitions & health locus of control beliefs & propensity to visit doctor, college students & their parents, 32873
concept of flow in health & illness & physiology, patients, Rwanda, 26656
construct validity of measure of value on health, assessment of health behavior, 7th–12th graders, 38599
coping humor & perceived control & irrational beliefs & positive vs negative stressful events, mental & physical health, college students, 32833
demographic & family & child characteristics, development of health attitudes & illness orientation, 6–7 vs 11–12 yr olds, 11493
demographic characteristics & health behavior change interest & attitudes, cardiovascular disease prevention knowledge, 25–74 yr old cable TV subscribers vs nonsubscribers, 12385
demographic variables & health issues & concerns of public school districts with vs without health promotion programs, superintendents, 10046
disparity between public perception of health & factual estimates of environmental risks, industrial & public policies, conference presentation, 24430
education course, disease knowledge & exercise & illness attitude & treatment compliance, 56–89 yr old low income osteoarthritis patients, 37595
etiological beliefs & drug treatment compliance, White vs West Indian hypertensive 35–55 yr olds, England, 26987
explanations of physical illness as caused by contagion or contamination or immanent justice, 4.5–5.5 yr olds vs 1st & 3rd graders, 12500
health & illness beliefs, adult patients visiting general practitioner vs homeopath, 9622
health & self efficacy beliefs & prior hospitalization & participation in health education program, self management behavior, 7–17 yr olds with chronic asthma, 1 yr followup, 5602
health attitudes, adult medical vs healthy psychiatric inpatients, implications for hypochondriacal attitudes, 5199
health belief & theory of reasoned action models & psychosocial factors, prediction of drug therapy compliance, 16–79 yr old females with uncomplicated urinary tract infections, 16623
health-belief-model based clinical & telephone intervention, treatment or referral compliance, hospital emergency department patients, 30740
health beliefs & attitudes toward & adherence to regimen prescriptions, 25–69 yr old diabetic American Indians, 2632
health beliefs & practices & understanding of AIDS, 27–68 yr old Black females, 40399
health beliefs & preference for physician compliance-gaining message strategies, Black vs Hispanic vs Asian 19–68 yr olds, 16741
health beliefs due to breast self examination classes, health behavior, adult females, 6227
health cognitions & marital factors & anxiety & depression & social support adaptations, middle aged males with myocardial infarction & their wives, 3 yr study, 16258
health conceptions & status & behaviors, adults with chronic cardiovascular disease, 5702
health conditions & self perceived health & retirement, 65 yr olds & older, 25661
health locus of control & perception of severity of illness, 16–65 yr old hospitalized patients with alcoholic vs nonalcoholic liver disease, 12226
health locus of control & self esteem & health status, health promoting lifestyle activities, 35–65 yr old females, 25906
health locus of control beliefs, knowledge of disease etiology & treatment & prevention, healthy children vs 5–16 yr olds with seizure disorders vs orthopedic conditions, 12490
health locus of control, female prisoners, 34431
health locus of control, physical activity participation patterns, college students, 32847
health perceptions & health care utilization, 17–88 yr old primary care patients, conference presentation, 37609
health related attitudes & promoting behavior & self perception & efficacy, adult health fair attenders vs nonattending grocery shoppers, 16768
health values & locus of control & self efficacy, smoking relapse, ex-smokers who had quit through formal vs self treatment, 6567
health within illness concept, implications for nursing practice, 40037
illness attitudes & coping & formation of community cancer support group, cancer patients, 16772
importance of 24 different contributors toward overcoming alcoholism or depression or sexual problems or shyness, adults, 15574
individual differences in meaning & images of health, 18–45 yr old females, 25970
initial myocardial infarction or unstable angina, well being & functional status & body confidence & emotional response, adult cardiac patients, 33494
internal structure of health seeking behavior, adults, implications for research & clinical practice, 2170
knowledge & attitudes about schistosomiasis & Phytolacca dodecandra, adults, Zimbabwe, 33603
knowledge & beliefs & feelings about tuberculosis, Black 15–68 yr olds, South Africa, 40529
knowledge & health beliefs about AIDS, safe sex practices, college students, 30014
level of information & attitudes on AIDS, juvenile offenders vs trainee prison officers vs drug abusers vs college students, 33607
locus of control & fitness values & success expectations, performance in fitness class, 18–24 yr old female college students, 6727
model of health evaluation & medical care system utilization, male vs female low & middle income elderly, 16740
peer substance use & health beliefs & sex & religion, personal drug use, 7th graders in rural environments, 8916
perceived believability of warning label information in cigarette advertising, smoking vs nonsmoking business students, 17463
perceived consequences of drinking caffeinated beverages, college students who consume vs abstain from caffeine, implications for health education, 4932
perceived health status & locus of control & demographic variables, healthy lifestyle, 55–93 yr olds, 36215
perceived susceptibility & seriousness & benefits & barriers & health motivation & control & cues, intent & frequency & proficiency of breast self examination, adult females, 20046
perceived wellness, life satisfaction, senior center participants & retired teachers, 32577
perception of health & abilities & life satisfaction, 80–96 yr olds, 32567
perceptions of age & health & life satisfaction, 57–83 yr olds assessed on admission vs following discharge from geriatric psychiatric hospital, conference presentation, 16879
perceptions of health status & self efficacy & demographic characteristics, prediction of health promotive lifestyle, 20–60 yr old blue collar workers, 32913
perceptions of healthy vs unhealthy children, 6–13 yr olds, nursing implications, 1089
perceptions of stress, health & illness, White adults, 5125
personal control & health promotion, 32892

physical appearance & health beliefs, eating habits, adults, US vs West Germany, replications, 18946
positive changes with vs without negative changes in premenstrual period, females, 35685
prediction of smoking status & knowledge of health consequences of smoking, Black vs White adults, 29329
predictive validity of Krantz Health Opinion Survey, assessment of preferences for various medical treatment approaches, female college students, 31586
pregnancy & postpartum periods, perception of general health status, 19–67 yr old fathers, 39764
primary caretakers' health beliefs & behaviors, expected & actual medicine use for common health problems, 8–14 yr olds, 8078
prior medication compliance & health beliefs, intentions to comply with imagined tuberculosis regimen, college students, 16598
reliability & validity of Forms A & B of Multidimensional Health Locus of Control Scale, psychiatric hospital staff members with vs without back injuries, 72
school based health education with self determination of health issues & health enhancing activities, self esteem & health activities, 15–16 yr olds, Sweden, 31025
school health clinic for addressing concerns about health & health problems & pregnancy & developmental tasks, adolescents, 10286
self disclosure & anxiety & health worry, male veteran outpatients with somatic complaints, 9002
self efficacy & health attitudes, breast self examination, 60–95 yr old females, educational intervention implications, 12947
self vs physician assessment of health & somatization, Mexican American vs Puerto Rican vs Cuban 6 mo through 74 yr olds, 33460
smoking & drinking & exercise & diet behavior, attitudes toward health promotion publicity, adults, England, 40835
smoking & other health beliefs, outcome of smoking cessation program, smokers, 16995
social change & media, images of & attitudes toward death, individuals born before vs after advent of nuclear age, 8201
social support, health practices, active vs inactive 60–75 yr olds, 11548
sociocultural & familial & intrapsychic perspectives of health care belief systems, compliance, health care patients, 9657
traditional Korean medicine, US, 34177
Type A behavior, internal vs external health locus of control, Type A vs Type B college students, 25948
type of work & employment, participation in health lifestyles & self rated health, adult males, 32831
understanding of term health, 9–11 yr olds with mild to severe asthma, 37080
validity & factor structure of Multidimensional Health Locus of Control scales, 18–67 yr old psychiatric patients, 21142
validity of structuralist stage theory, concepts of illness, children, literature review, 40011
validity of 6 vs 2 level response format of Multidimensinal Health Locus of Control Scales, college students, 10618

Health Behavior

activity centered health education program, health beliefs & behavior, 4th vs 5th vs 6th graders, 10043
Adlerian approach to brief health promotion therapy, smokers, 30214
age & sex & years before retirement & satisfaction with health & occupation, health care education interests & preferences, 55–79 yr old university employees, 24400
age & sex, preventive health practices & behavior, 64–96 yr olds, 18722
age, health promoting lifestyles, 18–88 yr olds, 25410
age, personal health behavior, 20–64 yr olds, 8462
attitudes & behaviors toward risk of coronary heart disease, 17–60 yr old moderate to heavy smokers vs nonsmokers, 36985
attitudes toward & concern about health & health related behaviors, male vs female 7–12 yr olds, 8102
behavior & environmental strategies, dental health promotion, children, 23129
behavioral & personality characteristics, sportsmen with coronary heart disease & myocardial infarction, conference presentation, 2119
behavioral & psychological & demographic factors, physical fitness, adult males in US Navy, 10439
behavioral & psychosocial factors in cancer incidence & primary & secondary cancer prevention, 26489
behavioral intervention, AIDS risk activities, gay males, 8 mo followup, 26903
binge & chronic drinking & health behavior lifestyles, adult females, 1325
biomedical & psychological & social influences, drug taking regimens, elderly, 20000
biopsychosocial model of health care delivery system, health promotion & illness prevention, implications for social workers, 23152
causal model of positive health practices & self esteem & perceived social support, 15–21 yr olds, replication, 32552
choice of behavior to be measured & other methodological issues, construction of health behavior index to assess reduction of alcohol consumption & weight, 28146
compliance with US Dietary Guidelines, female vs male 14–18 yr olds, 7991
computer assisted vs tip sheet behavioral health counseling, behavior change in weight & exercise & smoking & diet, high school students, 20454
consolidation vs traditional primary health care clinics, health outcomes & suicidal ideation & behavior, 13–18 yr olds, 12 mo followup, 37614
construct validity of measure of value on health, assessment of health behavior, 7th–12th graders, 38599
coping styles & health behaviors, hypertensive vs normotensive patients seeking treatment for acute medical problems, 30027
D. Orem's model of health promotion & self care, health behavior, 12–20 yr olds, implications for nursing, 27049
daily symptoms & preventive health practices recorded in diary, 62–94 yr olds, 8191
defensive living as basis for health & fitness, 11803
demographic characteristics & health knowledge & health status & behavior as measure of health education needs, 65–74 yr olds, Finland, 4777
demographic characteristics & holistic health & self care practices & philosophy, members of holistic care associations, 2654
development of self efficacy scales, health related diet & exercise behaviors, college students & staff, 21131
educational & motivational components of health promotion competitions, 2589
effectiveness of education & incentives program, seat belt utlization, employees, 17389
entrance & adherence to structured physical fitness programs, healthy 65–91 yr old females, 18717
ethnicity & social networks & SES, personal health practices & lifestyle risk behaviors, adults, 1500
evolution of field of medical sociology & relation to health behavior & mental health from life course perspective, 1428
exercise related cognitions & intentions & feelings & self schemata, self reported exercise behavior, college students, 11820
folk medicine practices, Hispanic females, 18760
frequency of maladaptive health related behaviors & teacher ratings of conduct problems, 8–12 yr old children of chronic low back pain vs diabetic patients, 1526
health action model, personal & social factors leading to drug experimentation & translation of intentions into health actions, implications for drug education, 6562
health behavior & intentions, staying healthy & attainment of other goals, adults, 32852
health behavior, 65–74 yr olds, Finland, 18727
health beliefs & practices & understanding of AIDS, 27–68 yr old Black females, 40399

health beliefs due to breast self examination classes, health behavior, adult females, 6227
health care delivery system & social status, health lifestyle, adults, US vs West Germany, 12957
health conceptions & status & behaviors, adults with chronic cardiovascular disease, 5702
health education & rational emotive behavior modification, coping behavior, asthmatic patients, 6092
health locus of control & self esteem & health status, health promoting lifestyle activities, 35–65 yr old females, 25906
health perception & experience of chronic disease, symptom recognition & reporting, elderly, implications for clinicians, 12438
health problems & behavior, college students, Finland, 30111
health promotion program, health behavior & status & risk taking & service utilization, elderly, 2 yr followup, 34163

perception of procedural difficulty, referral of patients to physical therapists, physicians, implications for physical therapist role expansion, 20398
perception of psychological characteristics of patients with strong vs weak will to live & rating of activities used to strengthen will to live, nurses & physicians, 34484
perception of work environment, sources of stress & job dissatisfaction, hospital nurses, 37986
perceptions & preferences of resident participation in health care decisions, nursing home residents vs primary nurse caregivers, 13164
perceptions of autonomy & job satisfaction relative to role performance during physician strike vs normal work conditions, nurses, 13304
perceptions of discharge prospects for mentally handicapped hospital patients, nurses, 9820
perceptions of equity & occupational stress & employee commitment, hospital staff members, 17402
perceptions of family therapy, psychiatric journal reviews, 1955–70, 20372
perceptions of interaction over course of treatment, patients with Parkinson's disease & their doctors, 30607
perceptions of patient behaviors felt to interfere with adolescent dental care, professional satisfaction, male vs female dentists, 27406

perceptions of personality traits of child & adult stutterers, speech language pathologists, 37998
perceptions of work & coping strategies, nurses on infant intensive care unit, implications for psychiatric consultation, 37965
perceptions of work environment in special care baby unit vs children's orthopedic ward, general hospital staff, 37823
perceptions of workplace injustice, stress, hospital doctors & nurses, 13903
performed vs refused vasectomy & popularity & attitudinal change toward delayed physical & psychological sequelae, physicians & family planning clinic staff, 27092
person environment congruence, perception of social climate of work environment, staff vs managerial nurses, 30902
personality type according to J. L. Holland's typology, job satisfaction, caregivers working with retirees & youth awaiting foster home placement, 20346
point-in-time & point-of-view antecedent cues, perception of impact of life events on students, teachers & mental health workers, 41208
popularity of assessment instruments, psychology professionals, 20374
preference for & ranking of activity groups, psychiatric patients vs staff of partial hospitalization day program, 2821
preferences for policies & services in group living facilities, staff vs elderly residents in nursing home or residential care or congregate apartment facilities, 27186
psychiatric liaison, psychiatry attitudes & consultation rate & psychosocial documentation, internal medicine interns & senior residents, 30944
ratings of adaptive functioning of 4–13 yr old psychiatric inpatients, parents vs clinicians, 19025
ratings of outcome expectations & professional acceptability & patient demand & personal experience, choice of drug, physicians, 27403
ratings of statements about psychosocial factors in excessive drinking by unemployed senior citizens vs general population, alcohol intervention workers, 5498
reaction to death of patient by natural causes & stages of bereavement, hospital staff members, 23866
receptivity to & feasibility of patient education service, 18–49 yr old patients & private practice primary care physicians, 23502
requirements for successful clinical performance & trait ratings of medical students, supervising doctor, 13290
responses to state elder abuse reporting statutes, physicians, 37971
responses to suicide of psychiatric inpatients, hospital staff, West Germany, conference presentation, 2857
risk preferences & hospital admission rates, emergency room physicians, 3032
roles in treatment process & attitudes toward one another, mental health staff & family members of psychiatric patients, 2759
satisfaction with clinical encounters, internal medicine residents vs geriatric patients, 12946
scale construction, measurement of attitudes toward obesity & obese patients, female 21–55 yr old hospital nurses, 38587
scores on Community Mental Health Ideology Scale, executive directors of community mental health centers, 6342
security & signaling & function of circulation & public areas, environmental satisfaction, private hospital personnel, Mexico, conference presentation, 20199
self injurious behavior severity & type of intervention & setting, perceived treatment acceptability for mentally retarded children vs adults, 19–56 yr old facility staff, 26921
self vs client perception of competence & acceptance of expanded role in primary health care delivery, nurses & clients, Nigeria, 34175
shared values & hospital type, job satisfaction & productivity, staff & head nurses & top managers & clinical experts, 37993
smoking ban, patient related problems & staff & patient perceptions, medical & nursing staff & psychiatric hospital patients, 30764
sources of resistance to support group, senior house officers & residents, 23854
space use & attitudes toward parental visiting, staff of neonatal intensive care unit, 20168
suspected case of Munchausen's syndrome by proxy in hospitalized infant, emotional reactions & attitudes toward parents of other patients, pediatric hospital nurses, 27392
training for & involvement with & attitudes toward reading assessment & intervention with reading disabled students, school psychologists, 17105
use of & attitudes toward marihuana & cocaine & cigarettes & LSD & barbiturates & amphetamines, 4th yr medical students, 20349
view of differences in healthy vs seriously ill children's conceptualization of death, pediatricians & parents, 12527
view of personalities & mental health & professional status of psychiatrists, psychiatrists & nonpsychiatric doctors, 20353
views on problems of confusion & depression & wanting to return home, nursing home staff vs elderly residents, 37772
work stress, attitudes toward suicide attempters, emergency room vs emergency ward vs intensive care unit staff, Finland, 41159
Health Psychology [See Health Care Psychology]
Health Screening [See Physical Examination]
Health Service Utilization [See Health Care Utilization]
Hearing Acuity [See Auditory Acuity]
Hearing Aids
adjustment of contralateral routing of acoustic signals aid, patients with unilateral severe hearing impairment, 19676
adjustment of high vs low frequency hearing aid outputs with vs without compression of input range, speech awareness, 11–16 yr olds with prelingually sensorineural hearing loss, 5846
attitudes toward hearing aid used by child, improvement in speech & language behavior, parents of deaf 2.7–11 yr olds, 16928
attitudes toward peers wearing visible hearing aids, high school students, 30086
auditory perception of speech prosody & consonants with vs without lipreading, profoundly deaf female 21–59 yr old users of House/3M single channel cochlear implant, 27293
aural rehabilitation program &/vs information about individual cognitive style, perception of hearing handicap, 30–90 yr old hearing aid candidates, 37869
cochlear implant, use of assistive communication & alerting devices, 42–69 yr old males with profound adventitious sensorineural hearing loss, 2048
dynamic range reduction by peak clipping vs single channel compression using hearing aid, phoneme perception, hearing impaired 13–18 yr olds, 12378
feasibility of single S design, study of continuous discourse teaching skills with vs without assistive listening device, normal hearing 20–30 yr old females, 35072
hearing aid evaluation, qualitative characteristics of Japanese monosyllable confusion, hearing impaired 15–87 yr olds, Japan, 37059
hearing aids with vs without compression, perception of nonsense CVC words, hearing impaired 13–18 yr olds, 29915
increase in low frequency & decrease in high frequency hearing aid gain, auditory-visual speech discrimination, 6–14 yr olds with severe hearing impairment, 30577
learning & signal to noise ratio enhancing equipment & educational management strategies, speech language pathologists working with mainstreamed hearing impaired elementary school students, 31204
linguistic approach to audiologic counseling, hearing impaired 18 yr old female who rejected hearing aids, 37866
magnetic field evoked by stimulation through cochlear prosthesis, 68 yr old postlingually deaf female, 37056
single channel speech compression using hearing aid, phoneme perception, hearing impaired 13–18 yr olds, 12377
speech perception abilities, profoundly hearing impaired children & adolescents with cochlear implants vs tactile vs hearing aids, longitudinal study, 37865

speech reading training & hearing aids, aurally handicapped children, 2887
wearing of nonfunctioning hearing aid, hearing sensitivity, otologically normal 4–6 yr olds, 6274
Hearing Disorders
academic achievement & auditory & speech & behavior difficulties, children with unilateral sensorineural hearing loss, conference presentation, 29860
academic achievement & auditory performance, 6–20 yr olds with unilateral sensorineural hearing loss developed before 12 yrs, Italy, conference presentation, 29873
age & noise vs quiet vs reverberation, vowel identification, 22–80 yr olds with normal hearing vs mild vs moderate hearing loss, 16182
age of intervention & program intensity & parent instruction, linguistic & social development, 3–5 yr olds with severe & profound hearing losses, 3–4 yr study, 13654
aging with vs without presbycusis, acoustic startle response thresholds, C57BL/6J vs CBA/J mice, 28582
amikacin induced sensorineural hearing loss, frequency discrimination ability, male chinchillas, 32272
attitudes toward peers wearing visible hearing aids, high school students, 30086
auditory brainstem EPs, assessment of retrocochlear involvement, 25–51 yr old males with permanent noise induced hearing loss, 8979
auditory evoked responses & psychoacoustic functioning, 23 & 60 yr old males with bilateral lesions of auditory cortex, case reports, 2070
auditory only vs auditory visual administration method, reliability of Test of Auditory Comprehension of Language, 11 yr olds with moderate sensorineural hearing losses, 35181
central auditory processing model using specific brain area functions, diagnosis & treatment of central auditory processing disorder, children, application of A. Luria's theory, 5635
cochlear implant, use of assistive communication & alerting devices, 42–69 yr old males with profound adventitious sensorineural hearing loss, 2048
deficits in ability to understand speech in quiet vs background noise, 19–74 yr olds with moderate unilateral or bilateral cochlear hearing loss, 40407
detection of modulation phase change in auditory stimulation & auditory EPs, measurement of frequency resolution, patients with neurosensory deafness, 19631
dietary restriction until midlife, late life presbyacusis & life span, CBA/J mice, 21672
discrimination of species specific vocalizations filtered to simulate vs amplified to compensate for cortical hearing loss, Japanese macaques with vs without bilateral superior temporal gyrus lesions, 28768
early hearing impairment, development, children, developing countries, 29980
electrically stimulated auditory sensations & speech perception & language skills, prelingual vs postlingual cochlear implant patients, 20095
emotional aspects of otological symptoms, literature review, 19537
extent of self assessed hearing loss, 70–80 yr olds, Sweden, 10 yr longitudinal study, 2109
hearing & middle ear function, 8 mo to 22 yr olds with Down's syndrome, conference presentation, 29799
hearing & verbal cognitive abilities, preterm 4–36 mo olds prone to otitis media with effusion, implications for speech & language assessment & medical intervention, 16195
hearing aid evaluation, qualitative characteristics of Japanese monosyllable confusion, hearing impaired 15–87 yr olds, Japan, 37059
hearing impairment as predictor of cognitive decline, 62–89 yr olds with dementia, longitudinal study, conference presentation, 23022
hearing loss caused by irradiation of head & neck regions, humans & animals, literature review, 37672
hearing loss, institutionalized moderately or profoundly mentally retarded adults, 15977
intensity vs duration of exposure to high sound levels, constant hearing loss, gerbils, 14768
knowledge of hearing disorders & attitudes toward mainstreaming & hearing impaired children, classroom teachers, 10212
masker frequency, above normal masking, 18–46 yr olds with sensorineural hearing loss, 16082
middle ear surgery, masking level difference for interaural time & amplitude cues, 17–57 yr olds, 9627
model of sensorineural hearing loss using quiet or masked thresholds, noise masked normal hearing adults, 16109
musical hallucinations & depression & acquired hearing loss, 70 & 65 yr old females, case reports, implications for treatment, 5091
noise induced hearing loss, acoustic reflex amplitudes, adults, New Zealand, 9083
perceptual motor performance & hearing impairment, orchestral musicians, 9238
permanent hearing loss induced by intense tone, time constants of evoked response forward masking functions, chinchillas, 32093
prevalence of hearing loss & relationship to aging, institutionalized mentally handicapped 15–92 yr olds, 8932
prevalence of hearing or speech or language disorders, 8.5–12.5 yr olds with learning disabilities, 19416
progress through educational system & societal prejudices, female student with cerebral palsy & hearing impairment, Australia & England, case report, 17250
self & family demographic characteristics & educational treatment parameters, prediction of speech production performance, hearing impaired 7–16 yr olds, Israel, 27745
SES & ear disease & hearing loss & vision problems, Black 6 mo to 11 yr olds, 29917
simultaneous pure tone masking in frequency region of normal hearing vs hearing loss, temporal effects in signal detection, 61–67 yr olds with high frequency hearing loss, 22881
spectral noise levels & perceived vocal effort, severely to profoundly hearing impaired 6–11 yr olds, therapeutic implications, 30106
speech assessment, hearing impaired children & youth, 8974
speech intelligibility, hearing impaired Kannada speaking 11–22 yr olds, India, 16205
stimulation frequency, auditory perception & thresholds, 10–43 yr olds with severe sensorineural hearing loss at low frequencies & normal hearing at other frequencies, 16155
stimulus duration, absolute thresholds & temporal integration, 20–62 yr olds with normal hearing vs sensorineural hearing loss, 12390
validity & reliability of chirp train streaming test, assessment of auditory selectivity & listening & impairment etiology, hearing impaired 12–91 yr olds, 9216
Hearing Impaired (Partially) [See Partially Hearing Impaired]
Hearing Measures [See Speech and Hearing Measures]
Heart [See Also Heart Valves, Heart Ventricles]
adaptation to stages & personality factors & previous experience with illness & social support, emotional adjustment to cardiac transplantation, cardiac patients, 6253
meanings & role of heart in psyche, 30 yr old male analysand with preoccupation of dying of heart attack, case report, 30243
Heart Attacks [See Heart Disorders]
Heart Disorders [See Also Angina Pectoris, Arrhythmias (Heart), Bradycardia, Myocardial Infarctions, Tachycardia]
age & stress & chronic heart disease, plasma testosterone, hamsters, 21658
ambivalence & psychiatric symptoms, cardiac transplantation candidates, 34162
attitudes & behaviors toward risk of coronary heart disease, 17–60 yr old moderate to heavy smokers vs nonsmokers, 36985
behavioral & personality characteristics, sportsmen with coronary heart disease & myocardial infarction, conference presentation, 2119
belief systems, social work practice, 34 yr old male recovering from heart attack, 30697

cardiopulmonary arrest & resulting stagnant hypoxia, neuropsychological status & visual integrative deficits, adult female, 16232
cerebral anoxia, hypomania & secondary affective disorder, 32 yr old male survivor of cardiac arrest, case report, 26555
cognitive & interpersonal & environmental factors, adherence to heart healthy diets, literature review, 16282
cognitive behavioral interventions, Type A behavior, 37–63 yr old coronary patients, 1 yr followup, conference presentation, 19910
cyclic antidepressants, depressed patients with cardiac conduction abnormalities, 27014
death anxiety, male vs female heart attack patients, 2043
development & field test of self management education program, 62–87 yr old heart disease patients, 12777
development of self assessment scale of quality of life & health & well being, elderly patients with severe heart failure, 3650
EEG & self reported neurotic symptoms, 23–29 yr old medical students vs 51–64 yr old cardiologic patients, implications for validity of self ratings, 9138
environmental stress & psychophysiologic reactivity, ischemic heart disease, literature review, 5695
epinephrine infusion vs bicycle exercise, myocardial oxygen consumption & ischemia, coronary artery disease patients, 16239
factor structure of Jalowiec Coping Scale, 29–70 yr old spouses of cardiac surgery patients, 38682
functional cardiac disorder & mitral valve prolapse & hyperventilation & panic disorder & their relationship to anxiety, treatment implications, conference presentation, 16117
hardiness & ego strength as components of resilience & role of optimism & health denial in coping, patients with terminal or cardiac illness or congenital disability, case reports, 9036
illness attitudes & psychological distress, patients with mild heart failure during pharmacological trial of captopril, 16597
life satisfaction & physical & psychological & employment status, adult male cardiac rehabilitation patients, West Germany, 1 yr followup, 27287
lifestyle & psychosocial risk factors & Type A behavior, employed or retired females with coronary heart disease, conference presentation, 19549
mitral valve prolapse & panic disorder, literature review, 5720
mitral valve prolapse assessed by echocardiogram, adult patients with panic disorder or agoraphobia with panic attacks, 5211
mitral valve prolapse, patients with anxiety disorders, 8581
mitral valve prolapse, patients with social phobia, Saudi Arabia, 5171
old medical records & premature closure, failure to diagnose atherosclerotic dementia, elderly male cardiac bypass patient, case report, 30094
patient's sex & diagnosis of cancer or heart attack, perceptions of seriously ill patients, college students, 22941
perceived quality of life & self efficacy 5 yrs after heart attack, 40–60 yr old male patients & their wives, 16259
personality & stress & smoking & other variables & behavior therapy as prevention tool, patients with cancer or coronary heart disease, 40718
psychological symptom differences, patients with panic disorder vs agoraphobia with panic attacks vs mitral valve prolapse syndrome, conference presentation, 16136
psychosocial factors, epidemiology of coronary heart disease, females, 33512
rational emotive therapy, perception of illness & treatment & coping strategies for emotional distress, adults with coronary heart disease, 2293
Type A vs Type B behavior, mortality rate, 39–59 yr old male patients with coronary heart disease, commentary, 1991
Type A vs Type B behavior, mortality rate, 39–59 yr old male patients with coronary heart disease, 2100
utility of multidisciplinary approach, 63 yr old female Polish immigrant with cardiac & pulmonary disease who refused treatment, case report, 2593

Heart Rate

ability to judge simultaneity of heartbeats & tactile &/vs visual or auditory exteroceptive vs interoceptive stimuli, males vs females, 18187
acquisition & partial reinforcement extinction, heart rate & skin conductance, college students, 39160
adult's angry behavior, behavioral & physiological & verbal responses, 4–5 yr olds, replication, 36126
aerobic fitness, heart rate during psychological stress, 18–35 yr old males, 21622
aerobic vs relaxation training, heart rate & BP & psychological stress, college students with high life event stressors, 30170
age & presence of anesthetized lactating dam, fear response measured by heart rate in unfamiliar environment, 16–60 day old rats, 25003
alcohol, experience & administration of noise to competitor & mood & cardiac & electrodermal activity, male vs female adults, 7827
alcohol mixed with flavored drink, heart rate CR, 18–38 yr old social drinkers, 32235
allocation of attention, heart rate & BP, Type A vs Type B male college students, 25105
anticipation of electric shock & intelligence test, pulse rate & finger pulse volume & skin resistance, male 17–30 yr old aerobic exercisers, 716
anticipatory stress, skin conductance & heart rate changes, college students, 21621
anxiety provoking vs novel verbal stimuli, short latency cardiac & electrodermal responses, 18–45 yr old obsessional patients with cognitive rituals, 33040
approach by mother vs stranger & cardiac vagal tone measured by heart rate variability, facial emotional expressivity, male vs female 5 vs 10 mo olds, 39677
auditory prepulses, modulation of blink & cardiac components of acoustic startle reflex, 15 mo olds, 29023
auditory stimulation during stereotyped body rocking behavior, orienting & tonic cardiac activity, profoundly mentally retarded males, 22857
auditory stimuli of constant & varying intensity, skin conductance responsivity & heart rate orienting, schizophrenic 20–65 yr olds vs healthy 21–70 yr olds, Sweden, 29610
aversion conditioning, baroreflex control of heart rate, dogs, 21602
behavior & season & individual identity, heart rate, domestic ewes, 446
behavioral challenge using test & video game, serum cholesterol & triglycerides & BP reactivity & heart rate acceleration, male 28–69 yr olds with mild hypertension, 5682
behaviorally induced heart rate reactivity & atherosclerosis, female cynomolgus monkeys, 39183
bicuculline vs picrotoxin microinjection to posterior hypothalamus, cardiorespiratory & locomotor activation, cats, 4506
bilateral lesions of amygdala, olfactory heart rate conditioning, infant rats, 39232
body tilt position within sagittal plane, odor identification performance & nasal airflow resistance & heart rate & BP, adults, 4187
breed & rearing conditions, activity & heart & respiratory rates, Salers vs Friesian cattle in novel enclosure, 39039
bright fluorescent light, heart rate & oral temperature changes, 20 & 27 yr olds females with seasonal affective disorder, 19701
caffeine & arithmetic stress, BP & heart rate, Chinese 19–52 yr old males with vs without family history of hypertension, replication, 854
caffeine withdrawal, signalled RT in motor performance & heart rate, heavy caffeine users vs nonusers, 4467
cerebral dominance & repeated trials, performance on & validity of heart beat tracking measure using keypresses synchronized to heart beats, male vs female college students, 4177

cigarette smoking &/vs caffeine, BP & heart rate reactions to stress, college students, 28902
cigarette smoking, resting EEG & visual EPs & photic driving & heart rate, adult habitual cigarette smokers, 4918
closed skill fine vs open skill gross motor activities, heart rate, profoundly retarded multiply handicapped 7–10 yr old males, 26401
cocaine &/vs ethanol, heart rate & BP, 21–45 yr old males, 32196
cognitions & heart rate during normal daily activity, 22–37 yr olds with panic disorder, 29567
competitive timed mental arithmetic stressor, heart rate, college students, Australia, 32087
components of Type A behavior, laboratory vs field cardiovascular reactivity, Type A vs Type B 23–56 yr old males, 39163
computerized ability based vs standard mental arithmetic task, heart rate & reactivity, male college students, 722
concentration during relaxed training vs high arousal competition, heart rate patterns, highly skilled 22–58 yr old miniature golf players, implications for attention, 39158
conditional vs instrumental vs neutral reflex stimulus, heart rate, patients with anxiety neurosis, 5323
conditioned heart rate to olfactory stimulation, rat pups, 3959
conditioned signal for shock, respiration amplitude & rate & heart rate, cats & kittens, implications for fear research, 7799
conspecific vocalizations & acoustic stimuli, cardiac response, young chimpanzees & orangutans, 28641
construction & testing of microcomputer controlled bicycle ergometer apparatus, heart rate maintenance for psychophysiological research, male 30–35 yr olds, 35674
disjunctive reaction task, cardiac deceleration & pupillary response, male 21–27 yr old college students, Netherlands, 28696
diurnal rhythms of scent marking & serum testosterone & heart rate, male Mongolian gerbils, 692
drug related cues, heart rate & skin resistance & desire for & difficulty resisting drugs, adult cigarette or heroin current vs former users vs nonusers, 12241
easy vs difficult vs impossible noise avoidance task, anticipatory heart rate & systolic & diastolic BP, male college students, 32091
emotionality, heart & respiration rate & behaviors, yearling horses, 11074
emotionally charged human voice, heart rhythm, chimpanzees, 32024
exercise, cardiac activity & self reported arousal, adult males, 14729
exercise with self vs external focus, physiological & psychological responses, male vs female college students, 7748
experimental cocaine self administration, heart rate & diastolic BP & drug effects, 31 & 32 & 35 yr old males, 25218
exposure to male quail or dog or human, heart rate & activity level, nervous vs normal strains of male vs female pointer dogs, 4189
exposure to visual depth situations, heart rate, infant Japanese monkeys, implications for visual depth discrimination, 24927
extinction of differential heart rate classical conditioning to tone, rabbits with bilateral auditory vs visual cortex lesions, 28785
extraversion vs neuroticism vs emotional control, heart rate recovery following stress, college students, 11100
films with vivid images vs descriptions of effects of nuclear explosions, facial EMG & heart rate & attitude change, college students, 28698
frequency & intensity of octave band noises & high vs low heart rate variability, accelerative vs decelerative cardiac responses & leg movements, 37–40 wk old fetuses, 29035
grooming & heart rate, female pigtail macaque, 35644
handling & im reserpine, heart rate & emotionality, yearling horses, 11271
heart rate & catecholamine levels during shifts with vs without fire calls as indicators of work stress, male firefighters, Singapore, 6919
heart rate & heart rate variability, depressed vs nondepressed coronary artery disease patients undergoing elective cardiac catheterization, 12350
heart rate & movement, 38–39 wk old fetuses of nulliparous vs multiparous females, 39478
heart rate & skin conductance & neck EMG & other physiological responses, 18–45 yr old females with severe premenstrual symptoms, 40517
heart rate index, identification of sodium lactate induced panic, patients, 1599
heart rate reactivity, heart rate & systolic & diastolic BP, 25–45 yr old nonsmoking females in laboratory vs natural environments, implications for development of hypertension, 30127
heart rate vs eyeblink conditioning model systems of associative learning, acquisition functions, rabbits, 24957
heartbeat, left vs right handed keytapping, right handed males, 3711
hostility, BP & heart rate & risk of coronary heart disease, college students, 30129
hypoxia due to acute umbilical cord occlusion, activity level & heart rate, rat fetuses, 21667
imipramine, dose related heart rate & BP response to standing & orthostatic reflex, male patients, implications for postural hypotension, 18396
imipramine with vs without exposure therapy, heart rate & skin conductance, 21–55 yr olds with agoraphobia with panic attacks, implications for heart rate as measure of emotional arousal, 9298
individual differences in heart rate responses to intermittent noise, sensitive vs moderately vs poorly sensitive females, 11080
infusion of D-alanine-methionine-enkephalinamide with vs without naltrexone into rostral region of 4th cerebral ventricle, acquisition of classically conditioned heart rate, rats, 21750
ingestion of milk from natural vs foster mother vs cannula, BP & heart rate, rat pups from hypertensive vs normotensive strains, 21592
interpersonal influence attempt as coping strategy for increasing monetary reward probability, systolic & diastolic BP & heart rate, college students, 18167
interstimulus interval in signaled vs unsignaled choice RT task, cardiac cycle time, adults, model of vagal excitation in attention demanding tasks, 4207
intranasal cocaine dosage with vs without serial learning task, heart rate & BP, male 21–38 yr olds with history of cocaine use, 28854
isometric handgrip & treadmill exercises, BP & heart rate, anorexic vs bulimic 14–25 yr old females, 5623
judgment of simultaneity of heartbeats & auditory stimuli presented at various intervals following R wave, college students, 18176
laboratory induced vs workday vs home stress, BP & heart rate, normotensive 20–50 yr olds, implications for assessment of cardiovascular disease, 28697
lactate, panic & anxiety & heart rate & other symptoms, 18–45 yr olds with panic disorder, 29491
length of sleep deprivation, oral temperature & heart rate & subjective activation, adults, 14755
lesions of auditory cortex, differential heart rate conditioning with acoustic stimuli, rabbits, 21703
LISREL model, resemblances in sports participation & heart rate, 14–20 yr old twins & their parents, 28572
locus of control & self efficacy & motivation & coping style & lifestyle & background variables, prediction of ability to control heart rate, college students, 7742
low vs high effort bicycle pedaling, EKG & pulse pressure & heart rate modulation of EEG & EOG & fixed foreperiod RT, male college students, 712
marihuana or cocaine use, palpitations, 18–44 yr olds, 1 yr followup, 40301

measures of heart rate & basal & spontaneous skin conductance, college students with extreme scores on Extraversion & Neuroticism scales of Eysenck Personality Inventory, 18179
medial vs lateral knife cuts to mediodorsal nucleus of thalamus, learned heart rate, rabbits, 39210
mental arithmetic, heart rate & BP, Black vs White male, 11088
mental arithmetic task performance, BP & heart rate & skin conductance, Black vs White 34–55 yr old normotensive males, 28688
mental arithmetic vs video game vs upper vs lower body exercise tasks, heart rate & oxygen consumption & BP, 16–28 yr old males, Great Britain, 7745
mental load vs rest, heart rate & psychasthenia & emotional strain, neurotic adults, conference presentation, 19105
metabolic demands & order of tasks, intertask consistency of heart rate response to pairs of active psychological challenges, 7744
methoxamine as UCS in cardiovascular classical conditioning, BP & bradycardia & heart rate, rabbits, 11228
methylphenidate dosage, heart rate, 6–12 yr olds with attention deficit disorder with hyperactivity, 9534
miniature telemetry system, long term recording of heart rate, treeshrews & other small mammals, 14064
moclobemide, po & iv tyramine induced changes in BP & heart rate, 20–26 yr old healthy males, implications for drug treatment of depression, 39419
motor preparation & stimulus anticipation in delayed buttonpress timing task, heart rate & slow brain potentials, 17–35 yr olds, 613
negative tilt as UCS, classical conditioning of heart rate deceleration, humans, literature review, implications for therapeutic applications of biofeedback, 32082
nonnutritive sucking, heart rate, preterm infants, 4569
occupational stress with vs without caffeine, BP & heart rate & blood volume, telemarketing employees, 32198
paired & random training in conditioning apparatus vs novel test chamber, heart rate, conditioned vs pseudoconditioned rats, 10909
parasagittal knife cuts lateral to thalamic nucleus severing prefrontal cortex afferents & efferents, classical conditioning of eyeblink & heart rate, female rabbits, 25164
parasympathetic vs sympathetic autonomic nervous system, negative tilt UCS for heart rate interbeat interval UCR, dogs with bilateral vagotomy, 32133
patterns of heart rate variability at 6 mo old & younger & temperament & behavioral development, 26 & 52 wk olds, 1 yr study, 39470
pentobarbital as CS & amphetamine as UCS, heart rate conditioning, rats, 28954
performance of stressful verbal task with vs without arithmetic demand, heart rate, 18–40 yr old males, 18177
personality & noise sensitivity & attitudes, annoyance & heart rate after noise exposure, college students, 18192
phase of cardiac cycle, perception of brief visual stimuli, conference presentation, 222
phobic stimulation, maintenance of within session habituation of cardiac response & electrodermal activity, 16–49 yr olds with phobia, 1695
physical activity level & chronic vs acute exercise, heart rate & cognitive & somatic state anxiety responses to psychosocial stressor, 18–27 yr old females, 21609
physiological correlates of emotional reactivity & individual differences in temperament, neonates, 14 mo study, 29028
physiological model for genesis of heartbeats, measurement of cardiac activity over real time, 4195
placebo vs marihuana cigarette, task elicited physiological responses, adult male marihuana users, 18298
product vs nonproduct oriented activity, heart rate & time spent on task, female college students, implications for occupational therapy, 39165
propranolol hydrochloride or atropine sulfate, heart rate response to RT vs sustained handgrip tasks, college students, implications for psychological stress vs physical exertion, 25111
propranolol vs methylscopolamine during exposure to phobic slides, habituation of GSR & heart rate, adults with phobia, 846
psychological vs exercise stressor vs cold pressor test, heart rate & BP & other cardiovascular measures, Type A vs Type B adults, 18172
rapid vs slow rocking, cardiac & behavioral responses, 1 vs 3 mo olds, 4621
reactive lack of control as Type A personality component, heart rate when deprived of work, females, conference presentation, 18186
real vs imagined stressful situation, heart rate & self reported anxiety, male vs female college students, 10863
relaxation vs mental arithmetic task vs cold pressor test, BP & cardiac interbeat interval measuring baroreceptor reflex, female nurses & paramedical staff, 35684
relevant vs irrelevant stimuli, heart rate, high vs low anxious & defensive 10–21 yr old elite female gymnasts, 6998
repeated ingestion of alcoholic vs nonalcoholic beverages in different environments, conditioned heart rate & skin temperature, adult social drinkers, 7918
repeated morphine, tolerance or sensitization to heart rate effects, male rats, 32281
rest & psychological stress, awareness of heart rate & changes, male college students, 28692
resting state vs video game playing, heart rate & respiration & metabolic activity & moderating role of neuroticism & Type A behavior, hypertensive vs normotensive males, conference presentation, 9197
RT & mental arithmetic & cold pressor tasks, cardiac output & forearm blood flow, male college students, 698
RT task, heart rate & systolic BP changes, 19–26 yr old males, test of motor preparation hypotheses, 18198
running endurance test & verbal encouragement with vs without pacer prompter, heart rate, moderately mentally retarded 10–12 vs 13 yr olds & older, 12314
season & weather & predation, diurnal heart rate patterns, wild rabbits, 14716
self focused attention, heart beat perception, 19–33 yr old females, 7746
sensation seeking & stimulus intensity, auditory & visual EPs & heart rate, male college students, 8480
serial subtraction vs mirror image tracing vs isometric exercise stressors, BP & heart rate response, parents vs their 6–18 yr old children vs siblings, 14764
sex & age, stress induced changes in BP & heart rate, 7–62 yr olds, 963
sex & body composition, perceived cardiac activity, 18–35 yr olds, 14743
shock avoidance during aversive video game task, heart rate & digital blood volume pulse & BP habituation, male college students, 7737
signal value vs vigilance, electrodermal & heart rate orienting responses, adults, 18174
single vs added purpose jumping activities, perceived exertion & heart rate & activity level & duration, 18–31 yr old females, extension & replication of occupational therapy research, 24705
skin conductance & heart rate, females with PMS, 5691
smoking, heart rate & skin temperature & pulse transit time, Type A vs Type B male college students, 28830
social isolation, tactile startle reactivity & nociception & resting heart rate & BP, male rats, 14727
spatial orientation of body, heart rate during water immersion sensory isolation, 18–27 yr olds, 25123
speed & numbers read aloud in mother's vs father's vs stranger's voice, voice discrimination measured by heart rate, 0–5 day olds, 21974
stimulus & response RT task timing during cardiac cycle, primary bradycardia & vagal inhibition, commentary, 11063
stimulus & response RT task timing during cardiac cycle, primary bradycardia & vagal inhibition, male college students, 11071

stimulus & response RT task timing during cardiac cycle, primary bradycardia & vagal inhibition, commentary reply, 11072
stimulus registration & cognitive processing load, heart rate deceleration & subsequent acceleration & phasic electrodermal responses, female 10–21 yr old gymnasts, 7718
stress, heart rate & BP, female 17–31 yr old smokers vs nonsmokers who do vs do not use oral contraceptives, implications for pathogenesis of coronary heart disease, conference presentation, 7721
stress inducing tasks, heart rate & BP measuring cardiovascular response consistency, female 17–28 vs 60–96 yr olds, Canada, 7720
stress level of video game playing, heart rate & BP, Black vs White 6–18 yr old males vs females, implications for development of cardiovascular disease, 7989
suggestibility & contingent vs noncontingent heart rate biofeedback, relaxation, college students, 21620
systolic & diastolic BP & heart rate during social interaction, high vs low cynically hostile male college students, 35683
trials with vs without vertical eye movements, EPs & event related heart rate & psychophysical judgments, college students, implications for biasing effect, 18199
validity of heart speedometer, measurement of relaxation level, 32–71 yr olds, 38576
verbal & nonverbal interaction with newborn infant, BP & heart rate, 18–41 yr old 1st time fathers, 39773
verbal vs visual interaction vs tactual contact, heart rate & BP, college students interacting with dogs, 21623
videotaped scenes of everyday events, heart rate & negative feelings & outcomes, hospitalized abused vs nonabused 7–15 yr olds, 33291
vigorous running, state anxiety & heart rate & alpha activity, adult male runners vs nonrunners, 25099
white noise during cardiac cycle, brain electrical alpha & baroreceptor activity during signal detection, college students & teachers, 725
white noise, heart rate, macaques raised with mothers & peers vs in isolation, 4186
2 vs 4 mg nicotine chewing gum vs cigarette smoking, vigilance & heart rate, male 18–26 yr old smokers, 32263
Heart Rate Affecting Drugs [See Caffeine, Epinephrine, Theophylline]
Heart Surgery
anxiety & depression & reports of cognitive deterioration after coronary artery bypass surgery, 37–71 yr olds, 40852
attitudes toward illness & social & emotional adjustment & personality traits, male 34–64 yr old preoperative coronary bypass patients, 23533
biopsychosocial variables, postoperative psychiatric complications & recovery, open heart surgery patients, Finland, 1 yr followup, 9648
coronary artery graft surgery, depression & anxiety & psychosocial & sexual functioning, 35–75 yr old patients, 23512
personality correlates, smoking behavior, male angiography or coronary artery bypass surgery patients, 12 mo followup, 8990
postcardiotomy delirium & other psychiatric symptoms after open heart surgery, 1963–87, meta analysis, 30612
preoperative anxiety, postoperative psychopathology, open heart surgery patients, implications for psychotherapeutic intervention, conference presentation, 12956
psychological & social adjustment, 32–75 yr old spouses of coronary artery bypass graft surgery patients, 12 mo followup, 40848
psychosocial & sexual adjustment & postoperative depression, coronary artery bypass patients, 3–12 mo followups, 9617
psychosocial factors, vocational reintegration, coronary artery bypass surgery patients, West Germany vs US, conference presentation, 20227
rehabilitation following coronary bypass surgery, males with coronary heart disease, Finland, 16711
social support from spouse & preoperative anxiety, postoperative recovery, 38–69 yr old unmarried vs married male coronary bypass patients, 34306
surgery for prolonged circulatory arrest with hypothermia & barbiturate protection, neuropsychological functioning, 66 yr old female, case report, 40853
tranquilizer use, males assessed before & after coronary bypass surgery, 30626
validity of Gortner Values in Choice of Treatment Inventory, assessment of values in choice of surgical treatment, coronary artery bypass or valve replacement surgery patients, 14122
Heart Transplants [See Organ Transplantation]
Heart Valves
mitral valve prolapse & panic disorder, literature review, 5720
mitral valve prolapse assessed by echocardiogram, adult patients with panic disorder or agoraphobia with panic attacks, 5211
Heart Ventricles
relaxation vs drug therapy, left ventricular mass & arterial BP & plasma norepinephrine measuring sympathetic nervous system tone, adults with primary hypertension, conference presentation, 37209
Heartbeat [See Heart Rate]
Heat Effects
carbon monoxide exposure & prior physical work in hot environment, cognitive task performance & metabolism, male 18–29 yr olds, 28703
chronic heat exposure, temporal distribution of sleep stages, 20–29 yr old males, 21650
delirium after heat exhaustion, 30 yr old male long distance runner, case report, 22538
formaldehyde & radiant heat exposure on face, perceived odor intensity & sensory irritation, 19–31 yr olds, Sweden, 32095
heat exposure & tail amputation, leverpressing & thermoregulation, intracranial self stimulating rats, 7761
heat increase, violent behavior, literature review, 36724
heating & cooling exposures in Finnish sauna, autonomic functions & relaxation, 28–50 yr old males, 18243
hypnotic desensitization, heat adaptation at work site, recovered adult burn victims, 16680
induced elevation of body temperature during sleep interruption, structure in 3rd & 4th sleep cycles, 19–36 yr olds, 28702
naloxone, detection & pain thresholds & tolerance for electrical vs thermal stimulation, healthy 19–33 yr olds, 18449
noxious ischemia, aversive conditioning & thalamic neuronal responses to graded thermal stimulation of tail, male rats, 14758
noxious vs innocuous thermal stimuli applied to abdomen or contralateral foot, perceived intensity of 1st & 2nd pain evoked by electrical pulses to ankle, 22–45 yr old males, 18257
prenatal heat & restraint stress, aggression & reproduction & spontaneous parental behavior & nest building & lactation performance, female mice, 747
thermoregulation disrupted by propranolol hydrochloride & heat reinforcement, autoshaped keypecking performance, chicks, 24937
timing of passive body heating, delta sleep onset, 20–32 yr olds, 21631
visual analog vs verbal descriptor scales, measurement of intensity or unpleasantness of painful & near painful heat stimuli, 21–26 yr olds, 38729
5 vs 20 mg/kg morphine in warm vs cold environment, core temperature & locomotor activity & oxygen consumption, rats, 28876
Hedonism
factor models of hedonic level & emotional intensity, 8473
Heels (Anatomy) [See Feet (Anatomy)]
Height (Body) [See Body Height]
Helicopters
visual scene detail & field of view & dynamic seat cuing design feature in vertical takeoff & landing simulator, helicopter shipboard landing performance, Navy pilots, 31486

Helium
hyperbaric helium exposure, ethanol induced depression of locomotor activity, male mice, implications for alcohol tolerance & dependence, 21673
Help Seeking Behavior
age & sex & hypothetical impersonal vs interpersonal problem with peer vs parent, choice of familiar vs expert adult vs peer for advice, 8–17 yr olds, 4748
AIDS information seeking behavior, inpatients in drug & alcohol rehabilitation, 34395
background & abuse & help seeking characteristics, Anglo vs Black vs Hispanic battered female shelter residents, 12129
clinical & demographic & psychosocial factors, help seeking & health care utilization, depressed females, 9258
demographic & treatment variables, help seeking behavior at university counseling center, Black students at predominantly White university, 10312
ethical principles of autonomy & beneficence, decision making & implementation concerning health & human services for elderly at risk populations, health care professionals, 26713
feeding issues & feeding practices & infant age, use & type of help, 17 yr old & older mothers, 32663
foot-in-the-door vs door-in-the-face compliance manipulation, spontaneous vs asked-for helping, college students, 18869
formal & informal academic help seeking behavior, college students, 13581
help seeking & health care outreach & linkage building, reduction of risk for drug & alcohol dependency, elderly, 16985
help seeking from same vs opposite sex person, shy vs not shy college students, 25905
informal & professional help seeking behavior & insurance coverage, Blacks, 20074
motivational interviewing based Drinker's Check-up, health screening & treatment selection & client self assessment & help seeking, adult problem drinkers, 16979
need for academic assistance & help seeking, college students, 3190
pain reports, effect of diagnostic & treatment uncertainties on medical requests, patients in walk in clinic vs general medical practice, 12962
patterns of physical & sexual abuse & help seeking behavior, male vs female college students in dating relationships, 36806
perceived quality of care & satisfaction with medical services, frequent primary care users, Chile, 20086
perception of needing help with alcohol or drug use related problems, junior & senior high school students, 36854
position in social structure, consensus in perception of individual similarity & advice seeking & agreement patterns, employees in university administration office, 6905
prior experience & structure of interpersonal network, choice of social ties in help seeking for practical vs emotional problems, college students, 11761
recipient need & anticipated reciprocity, prosocial exchange, 12–16 yr olds, India, 8120
role of kinship & folk medicine, intrafamily help patterns, Native American vs Appalachian vs Afro American vs Mexican American families, 2657
sex, use of college counseling services, college students, Australia, implications for service design & counseling models, 17323
type of problem, willingness to seek help from school counselor, high school students, 31280
use of health & human services & social relations & help received from others, cognitively impaired vs nonimpaired elderly, 9621
Helping Behavior [See Assistance (Social Behavior)]
Helplessness (Learned) [See Learned Helplessness]
Hematologic Disorders [See Blood and Lymphatic Disorders]
Hematoma
left medial thalamic hematoma, severe anterograde amnesia with normal short term memory, Black 69 yr old male, case report, 29879
pure alexia without hemianopia or color anomia, male 69 yr old with occipital lobe hematoma, case report, 26557
Hemianopia
random words presented to left vs right visual hemifield, long latency visual EPs measuring blindsight, female 25–39 yr olds with homonymous hemianopia, 2121
2 dimensional pattern vs 3 dimensional object visual discrimination, hemispherectomized adults, 2098
Hemiopia [See Hemianopia]
Hemiplegia
hemispherectomy, EEG & intelligence, 6 yr old male with left hemiplegia, case report, 9661
MacKinnon splint, grasp skills, 2.5 & 4.5 & 7.5 yr olds with cerebral palsy & spastic hemiplegia, 20049
monocular eye sighting preferences, hemiplegic 3.6–12.8 vs 33–81 yr olds, 12363
neurophysiology & muscle weakness, patients with hemiparesis following stroke, implications for occupational therapy, 36975
perceived control, adaptation to & coping with physical disability & prediction of recovery, 50–85 yr olds with hemiplagia due to stroke vs wrist fractures, 30050
persistent denial of hemiplegia, 89 yr old female with infarct of right hemisphere subcortical lesions, case report, 2022
visual target pointing accuracy & RT & movement time using left vs right hand, 2.9–12.8 yr olds with unilateral vs bilateral brain damage & hemiplegia, 33479
Hemispherectomy
early dominant hemispherectomy, language development, brain damaged children, support for cerebral plasticity of function & equipotentiality, literature review, 16748
hemispherectomy, EEG & intelligence, 6 yr old male with left hemiplegia, case report, 9661
lateralization of language & memory functions after long recovery, 34 & 45 yr olds with infantile brain damage & left hemispherectomy at age 17–18, 16–28 yr followup, 16190
localization & interaction of spheres & streams of consciousness, patients with commissurotomy, literature review, 808
removal of left cerebral hemisphere as neonate vs adult, depth perception, cats, 39223
Hemispheric Specialization [See Cerebral Dominance]
Hemodialysis
adjustment & children's reactions & emotional well being, chronic dialysis patients & their 8–17 yr olds, Israel, 12993
age & sex & duration & modality of treatment, quality of life & medical & psychological & social adaptation, chronic dialysis patients, 13015
anxiety & depression & somatization & hostility, uremic female chronic hemodialysis patients with vs without hyperprolactemia, Italy, 34147
biopsychosocial approach to psychotherapeutic treatment, fluid noncompliance, 45 & 52 yr old male hemodialysis patients, 12714
dialysis, impact on psychosocial status, 19–81 yr olds with end stage renal disease & their families, 37637
dialysis, olfactory identification & discrimination & response bias, 17–68 yr olds with renal failure, 37610
engagement in activities & marital adjustment, dietary compliance, chronic hemodialysis patients & their spouses, 13004
medical treatment decision making capacity, 72 yr old female hemodialysis patient with depressive symptoms, case report, 23509
Millon Behavioral Health Inventory scores, welfare & satisfaction with & adjustment to dialysis, renal disease patients undergoing treatment at home vs in hospital, 16771
minor & major depression, patients with end stage renal disease treated with hemodialysis, 40843
nurse patient interactions, compliance with dietary regimen, hemodialysis patients, 2642
nursing interventions, emotional responses, 9–15 yr olds undergoing peritoneal &/or hemodialysis, 2635
personality factors & social support, treatment compliance, hemodialysis patients, 13008

social support, disease outcome, under 45 vs 45–65 vs over 65 yr old end stage renal disease patients on home dialysis, 12953
treatment related physiological vs psychosocial stressors & length of time on hemodialysis, coping methods, 18–86 yr old patients, replication, 16719
Hemophilia
behavioral treatment, adherence to factor replacement therapy, 10–16 yr olds with hemophilia, 4.5 mo followup, 12787
cyberphysiologic or self regulatory skills using biofeedback or imagery, immune system & white cell functioning & pain during treatment, children with migraine or cancer or hemophilia, 26914
demographic & psychosocial characteristics, patients with hemophilia, 1978 vs 1983, implications for treatment planning & role of risk for AIDS, 40419
disease severity, educational functioning, male 8–19 yr olds with hemophilia, implications for remedial needs, 30135
divisions of labor in management of illness & child development, 7–13 yr old hemophiliac males & their parents & siblings, 5 yr longitudinal study, 6260
EEG, hemophiliac patients in stages 1–5 of Walter Reed classification system for HIV infection, 19604
evaluation of bruising as basis for suspecting accident vs child abuse or neglect, hemophiliac 11 & 44 mo olds, case reports, 15856
federal program for HIV prevention through comprehensive care, patients with hemophilia A, 12989
hemorrhage into joint producing acute pain vs repeated bleeding & resulting chronic arthritic pain, pain perception, English vs French speaking 18–73 yr olds with hemophilia, Canada, 1980
patient personality traits & parental childrearing attitudes & practices, 5–19 yr old hemophiliac males & their parents, 6 yr followup, 33594
Hemorrhage [See Also Cerebral Hemorrhage, Hematoma]
hemorrhage into joint producing acute pain vs repeated bleeding & resulting chronic arthritic pain, pain perception, English vs French speaking 18–73 yr olds with hemophilia, Canada, 1980
nonpunitive confrontation without demand for abandonment of patient role, management of factitious gastrointestinal bleeding, 28 yr old female, case report, 9629
Hemp (Cannabis) [See Cannabis]
Hepatic Disorders [See Liver Disorders]
Hepatitis [See Also Toxic Hepatitis]
cost effectiveness of screening for hepatitis for only marker anti-HBc, institutionalized mentally retarded clients, 6374
Hereditary Disorders [See Genetic Disorders]
Heredity [See Genetics]
Hermaphroditism
ambiguous gender socialization & assignment & gender identity & 3rd sexual category, Sambia male pseudohermaphrodites with 5 alpha reductase deficiency, Papua New Guinea, 5664
concordance for prenatal history & diagnosis & female sex assignment & masculinizing puberty, choice for vs against sex reassignment, 46XY hermaphroditic siblings, 9151
gender allocation & mating behavior, hermaphroditic reef fish Serranus fasciatus, 540
gender identity & social factors & surgical sex reassignment & adjustment, 16–42 yr olds with male pseudo-hermaphrodism who had been raised as females, Saudi Arabia, 9044
psychotherapeutic models & styles, 26 yr old schizophrenic female & hermaphroditic siblings, commentary, 23238
regression therapy with hypnosis, hermaphroditic 32 yr old raised as female who later assumed male identity, case report, conference presentation, 16371
social & hormonal influences, sexual behavior, male vs female vs female pseudohermaphroditic rhesus monkeys, 7612
Heroin
amphetamine vs morphine into nucleus accumbens, extinguished self administration of heroin, rats, 14942
heroin conditioned auditory stimuli, cerebral functional activity, male rats trained to self administer vs receive yoked infusions of heroin, 18461
linear regression analysis, progressive ratio performance maintained by buprenorphine vs heroin vs methadone, male Macaque monkeys, 14902
microinjection of methyl naltrexone into nucleus accumbens or periaqueductal gray, heroin self administration, male rats, 18311
naloxone or clonidine or pimozide, heroin induced conditioned place preference, rats, 39313
neuropsychological performance after detoxification treatment, adult heroin addicts, 5494
nicotine & heroin vs mecamylamine vs naltrexone, food reinforced FI response, male rats, 18310
patterns of nondependent heroin use, literature review, 15926
pimozide & previous dosage level, iv self administration of cocaine or heroin, rats, 39303
sc buprenorphine vs diprenorphine vs heroin, tolerance development to induced suppression of food maintained responding, male macaques, 18378
Heroin Addiction
behavior & development patterns, children up to age 6 yrs born to heroin or methadone addicted mothers, 22798
benzodiazepine addiction as complication to heroin addiction rehabilitation, commentary, 41067
characteristics, adults with heroin inhalation vs injection addiction, 22793
clonidine vs chlordiazepoxide & chlorpromazine, heroin withdrawal symptoms, 16–43 yr old males, India, 20292
conditioning factors related to dependence & relapse, heroin addicted vs alcoholic patients, 15944
demographic characteristics & history of drug abuse & treatment outcomes, 15–34 yr old heroin addicts, Spain, 1 yr followup, 20313
EEG sleep patterns before & after recovery from abstinence syndrome, maternally heroin addicted neonates, 4–5 wk followup, Italy, 8908
effectiveness of family member involvement in group therapy, abstinence, heroin addicted clients in therapeutic community, 2 yr followup, 20278
employment, criminality, heroin addicted adults, 8877
epidemiology of heroin misuse, 1969 vs 1985, England, 12259
explanations & attributions for drug use, self esteem & abstinence from drug usage, adult heroin users, Scotland, 8871
factors & characteristics, relapse, hospital treated heroin addicted & alcohol dependent adults, 12–20 yr study, prevention implications, 23779
family & individual background & neurotic & antisocial traits, 12–20 yr old male heroin addicts vs their siblings & parents, India, 19363
family ties, heroin addicted 23–65 yr old applicants to drug treatment program, 15905
group psychotherapy, pregnant 20–30 yr olds & older on methadone maintenance, 19848
guanfacine, withdrawal symptoms, heroin addicted 17–31 yr olds, Spain, 2947
heroin abuse, delinquency & crime, 15–25 yr olds, England, 1863
heroin dependence & impact of anti-opium laws, South Asia, 19362
HIV infection, change in needle sharing & sexual behavior, iv heroin addicted adults, 1 yr followup, 8912
methadone maintenance, heroin addicted White vs Hispanic male vs female adults, 23763
methadone maintenance, heroin addiction, literature review, 23767
methadone maintenance programs, reduction in risk of AIDS, heroin addicted males, 20275
methadone maintenance treatment, psychological symptoms, adult heroin addicted patients, 1 yr followup, 9871

methadone vs clonidine vs guanfacine dosages & schedule, prediction of detoxification success vs failure, heroin addicted adults, 20312
misconceptions among health professionals & public about & utility of methadone maintenance treatment, heroin addicts with vs without concurrent psychiatric disorders or pregnancy, 23787
naloxone, withdrawal symptoms, heroin addicted inpatients, 9898
naltrexone & clonidine, heroin withdrawal, commentary, 37495
negative movement responses in Rorschach protocols, indication of mental deterioration or psychotic personality traits, short vs long term heroin users, 26324
nonnarcotic drug abuse & criminal activity, heroin addicted males attending methadone maintenance treatment centers, 20305
patterns of alcohol & heroin use, Anglo vs Chicano males addicted to heroin & in drug free or methadone maintenance programs, 37876
perceptions of parental rearing practices, high school students vs heroin addicted adults, conference presentation, 22776
personality traits, cocaine vs heroin addicted males, 1866
prevention & treatment programs & modifications in government policy, heroin abuse, Netherlands, 2955
psychological & physical states & readiness to seek help & transition to injecting drugs, heroin sniffers, 26323
public policy & methadone use, heroin addiction, 6555
quality of maternal vs paternal parenting during early childhood, alcoholic vs heroin addicted adults, Australia, 40272
self perception, hospitalized heroin addicted 17–28 yr olds, 40307
short term inpatient drug rehabilitation, functional ego states, heroin addicted males, 6512
sociological context of heroin addiction & role of methadone maintenance treatment, 16939
transdermal clonidine patches, detoxification, 22–45 yr old heroin addicts in outpatient treatment, 34414
typology of heroin addiction as traumatic vs neurotic vs transitional vs sociopathic & family therapy technique effectiveness, heroin addicted 16–33 yr olds, 16945
utility & client attitudes toward nutritional supplements SAAVE & tropamine, heroin addicted male & marihuana abusing female, 23762

Herpes Genitalis

brief group psychotherapy, clients with genital herpes, 23264
cognitive restructuring group therapy, coping & distress & anxiety & symptom recurrence, patients with genital herpes, 12752
dating & sexual behaviors & coping strategies & emotional responses, college students with genital herpes, 37107
emotional distress & stress & health locus of control & social support, genital herpes espisode frequency & severity & duration, 18–39 yr olds with recurrent genital herpes, 40453
pesonality correlates, genital herpes clinical sequelae, adult males in support group, 16102
psychological & immunological predictors of genital herpes recurrence, 18–69 yr olds, 33564
psychosocial & sociocultural aspects, clients with genital herpes, social work implications, 27157
stress & social support, recurrence of genital herpes simplex virus lesions, 20–46 yr olds, 9224
Type A behavior, adults with genital herpes, 12429

Herpes Simplex

chaining discrete activities with linking phrases, development of personal hygiene, 29 yr old male with herpes simplex encephalitis, case report, 30783
defective recognition of familiar people as semantic memory impairment following herpes simplex encephalitis, adult male, 40414
hypnosis, 27–62 yr olds with postherpetic neuralgia, case reports, 23466
neonatal herpes simplex Type 1 infection, hyperactivity & avoidance & spatial learning, mice, 18208
neuropsychological impairment in naming & semantic memory & neuroanatomical changes, 23 & 47 yr olds with herpes simplex encephalitis, 23024
selectively preserved memory & learning ability for perceptual skills & word priming, 55 yr old male with amnesia following herpes encephalitis, case report, 16122
temporal lobe damage in herpes simplex viral encephalitis, language dysfunction & memory deficits & aggressive behavior, male 14 yr old, case report, 40410
Tourette like symptoms after herpes encephalitis, 19 yr old female patient with anorexia, case report, 16250

Heterogeneity of Variance [See Variance Homogeneity]

Heterosexual Interaction [See Male Female Relations]

Heterosexuality

alcohol & drug use patterns, urban 24–54 yr old heterosexual vs homosexual males, 15408
body satisfaction & disordered eating & exercise, heterosexual vs homosexual males, 40500
circumplex model of cohesion & adaptability, lesbian vs heterosexual couples, extension of D. H. Olson's research, 25821
desire for homosexual orientation, 24 yr old ego dystonic heterosexual male, case report, 11694
estrogen & androgen level during brain differentiation & estrogen feedback, neuroendocrine responses & sexual orientation & sex role behavior, heterosexuals vs homosexuals vs transsexuals, 4093
fear of contracting or belief of having contracted AIDS, heterosexual patients with wide range of psychopathology, case reports, 29478
form of heterosexuality with fluid object relations & underlying structure resembling perversions, male & female adults in psychoanalysis, conference presentation, 30246
function of college bars as setting for heterosexual contact, college students, 36367
gender roles & intimacy & homophobia & relationships & treatment considerations, same sex vs heterosexual couples, 1302
heterosexual vs homosexual orientation, perception of ideal male or female or self, college students, 36345
homophobia as developmental task, heterosexuals & homosexuals, 1307
homosexuality in psychotherapy, heterosexual & homosexual males, 2279
leisure time & sexual activity & attitudes, homosexual vs heterosexual males vs females, East Germany, 8312
misrepresentation to Supreme Court by APA of material on sexual experiences of homosexual vs heterosexual males, 22261
obsessions about having AIDS as expression of conflict or self punishment, low risk heterosexual depressed 20–34 yr olds, case reports, 8560
own & perceived attitudes of general public toward AIDS related issues, heterosexual vs homosexual physicians, 2062
parental physical abuse, sexual orientation, heterosexual vs gay male college students, 40230
questionnaire measure of sexual interest & classification of sexual dysfunction, heterosexual patients & their partners, 30044
sex & sexual orientation & attitudes toward sexual behavior, sexual activity, 18–76 yr olds, 36350
sex & sexual orientation, physical attractiveness judgments, adults, 36338
sex role orientation, homosexual & heterosexual 25–40 yr olds, 11685
sex role self schema, psychological adjustment, heterosexual vs homosexual male vs female couples, 1311
sexual orientation & mental disorders, adult homosexual vs heterosexual males, 1676
social & cognitive learning, socialization of homosexuality & heterosexuality in transition from childhood & adolescence to adulthood, Sambia males, Papua New Guinea, 32469
socialization of homosexuality & heterosexuality in transition from childhood & adolescence to adulthood, Sambia males, Papua New Guinea, commentary, 32500

use of nitrite inhalants, heterosexual substance abusing vs homosexual male adults, 1981–84 vs 1986–87, implications for AIDS risk, 12240
use of sexual language in interpersonal contexts, heterosexual vs homosexual males vs females, 36370
Heterozygotic Twins
additive model of genetic dominance, assessment of sibling correlation for extraversion, dizygotic vs monozygotic twins, 590
autism & cognitive disorder & perinatal stress, 2–23 yr old monozygotic vs dizygotic twins & triplets with vs without autistic twin members, Denmark & Finland & Iceland & Norway & Sweden, 33189
behavioral deviance, 13 yr old monozygotic & dizygotic twins, England, 22762
cigarette smoking & alcohol drinking discordance & health condition, 47–87 yr old monozygotic vs dizygotic like-sex pairs of twins reared apart vs together, Japan, 22291
frequency of engagement in & emotional response to mood related events, adult monozygotic vs same sex dizygotic twins, 38950
hand preference for writing, monozygotic vs dizygotic twins with proband suffering from functional psychosis, replication, 26123
item genetic analysis of Eysenck Personality Questionnaire measuring genetic structure of personality, 18 yr old & older monozygotic vs dizygotic male vs female twins, Australia, 31715
limitations of ratio of concordance rates, monozygotic & dizygotic twins with psychiatric disorders, 33085
loud tones during oral presentation of story, habituation of skin conductance response, 12–61 yr old monozygotic vs dizygotic male vs female twins reared together vs apart, 4125
marital status or marriage-like relationship & genotype, alcohol consumption, female monozygotic vs dizygotic twins, Australia, 29327
personality differences & smoking behavior, adult male monozygotic vs dizygotic twins discordant for smoking vs individual twins, 1337
reading & symbol processing & sequential memory measuring cognitive ability, reading disabled 8–18 yr old monozygotic & dizygotic twins, 5541
RT & short & long term memory performance & IQ, 15–57 yr old monozygotic vs dizygotic twins, 35576
sociodemographic & genetic & psychosocial factors, teenage drinking & early vs late drinking onset, female vs male 20–30 yr old monozygotic twins, Australia, 25825
Heuristic Modeling
computer simulation & algorithmic vs heuristic problem solving, Einstellung effect & water jar problems, college & junior high school students, 25488
decision support system & heuristic interactive approach, discrete multiple criteria problem solving, errata, 24830
exemplar based system for heuristic classification & inductive reasoning & deductive problem solving, machine learning, 17421
gain analysis as formulation of heuristic rules for evolutionary changes & coordination with psychological processes, inventions including sewing needle & assembly line, 38329
heuristic method, placement of labels in computer generated scatterplots, commentary, 17690
heuristic model of comparative analysis of factors influencing mathematics & reading achievement, students, US vs Japan vs Peru vs Morocco vs China, commentary, 20524
heuristic model of employment & family environments, well being & life satisfaction, 31420
integrative framework using cognitive knowledge representation & associative networks & judgmental heuristics, option generation for evaluation in formal decision analysis, 24823
KEKADA computer program, modeling of heuristics used by H. Krebs applied to scientific experimentation, 14060
knowledge acquisition tool without certainty factors, differential diagnosis, 15571
negative-positive-neutral logics & relations & model of generic system for cognitive map development & decision analysis, 35237
RETRO expert system using heuristic models & analysis of past games, retrograde analysis chess problem solving, 13906
salience of angle & velocity information & distal mass ratio of object, heuristic model of judgment of mass of 2 objects involved in collision, adults, 31786
Hexamethonium
chlorisondamine & hexamethonium pretreatment, corticotropin releasing factor induced alterations in grooming & locomotion & eating, rats, 28814
hexamethonium during & after chronic nicotine, feeding & rearing & grooming & resting behavior, female rats, 21770
nicotine with vs without mecacylamine vs hexamethonium, recall in delayed matching task, monkeys, implications for memory impairment model & neural receptors, 11212
Hibernation
homing to hibernation & home ranges, long term memory, snails, 35523
withdrawn state & periodicity in hibernation, mammals, animal models of seasonal affective disorder, 18164
Hidden Figures Test
power of Hidden Figures Test, assessment of selective attention for visuoperceptual cues, 51–78 yr olds with Alzheimer type dementia, 21072
High Risk Populations [See At Risk Populations]
High School Diplomas [See Educational Degrees]
High School Equivalency [See Adult Education]
High School Graduates
academic achievement, productivity & wages & learning incentives & relation to employment tests, high school students & graduates, 24310
transition from high school to adult educational & vocational & psychosocial roles, mildly learning handicapped 18–19 yr olds, 1 yr study, 19470
High School Students
academic achievement, Eskimo 9th graders with history of severe otitis media & related hearing loss, 31200
academic achievement, productivity & wages & learning incentives & relation to employment tests, high school students & graduates, 24310
affective attitude toward personal future & long term goal valuation, motivation to study & academic performance, 17–19 yr old male high school students, 17205
after school activity programs, elementary through high school students, 6685
analogical reasoning ability & mastery of LOGO computer programing language, high school students in programing course, 3181
approaches to teaching social studies, high school teachers & students, Australia, implications for teachers & curriculum developers & evaluators, 20456
arithmetic problem solving, learning disabled 10–21 yr old secondary students, 20580
artificial intelligence introduction including machine thought & expert system building & rule induction, experiences & attitudes, 6th form students, England, 27537
attitudes toward individualized examinations, 15–18 yr old secondary students, India, 3307
attitudes toward mathematics, male vs female high school students, India, 41303
attitudes toward physically handicapped peers, 14 yr old high school students in schools with vs without mainstreaming, England, 13631
behavior in school environment, academic achievement, high school students, literature review, 38144
behavioral objectives, achievement & retention, 10th graders with high vs medium vs low GPA in social studies classrooms, Jordan, 20535
behavioral techniques, management of classroom behavioral difficulties, low social status male 3rd yr secondary school students, Wales, 31037

career maturity & scholastic aptitude & ability to make career choices for self vs others, Black vs White male vs female 9th graders, 17241
categorical stability, learning disabled or educable mentally retarded or emotionally disturbed or speech impaired 10th–12th graders, longitudinal study, 41353
change in SAT performance, gifted adolescents in academic summer residential program, 31188
characteristics & needs, vocationally talented high school students, 34677
classification & degree of seriousness & practice of cheating, 10th–12th graders, 38174
cognitive behavioral techniques in school counseling setting, 15 yr old male student with history of aggressive & oppositional behavior, case report, 6823
cognitive preferences & background & science achievement, 12th graders, Israel, 6742
competency testing vs specific standards for Individualized Education Plan, graduation requirements, handicapped high school students, 24201
computer assisted instruction, expository writing, high school seniors, 31081
computer based drill vs voluntary flashcard strategies, word number pairs learning, 10th graders, 27587
computer programing courses for 2 yrs, mathematical & reasoning ability & cognitive skills & understanding of programing, high school students, implications for learning transfer, 3136
computer software tools, comprehension of natural phenomenon in physical sciences, high school students, 31041
conceptual framework for understanding alienation & commitment, urban high school students & teachers, implications for policy, 31155
construct & criterion validity of planning & simultaneous & successive cognitive processing tasks, assessment of academic achievement, 2nd vs 6th vs 10th graders, 3328
construction & factor analysis & reliability & validity of scale, awareness & use of higher order cognitive processes in problem solving, Black & Hispanic 7th–11th graders, 24211
control opportunities &/vs instructional support, writing task engagement, 11th graders, 38125
cooperative game involving selection of power plant site, 4th & 6th formers, UK, 31036
coping strategies & differences among schools, adjustment to desegregation, Black & Puerto Rican high school students in voluntary busing program, 38175
course selections during summer intervention program & career plans, talented minority 10th & 11th graders considering careers in medicine, 31099
covariance & mean structure models, analysis of stress, primary & secondary school teachers, Finland, 1 yr study, 34576
critical incident technique, classification of problems & counseling response, high school counselors, 27798
cultural activities & SES, educational aspirations, 10th graders in public vs private vs Catholic school, Australia, 34685
curriculum based techniques for vocational evaluation, handicapped & disadvantaged high school students, 13665
curriculum design, critical thinking skills & moral development, high school students, 10088
design & implementation of vocational preparation programs, employment following graduation, mentally retarded high school students, 20607
development & validity of attitude to industry scale, 16–19 yr old science students, England, 27802
difficulty & familiarity of task content, performance on word problems requiring proportional reasoning vs computations, 9th graders, implications for teaching, 3204
directed inquiry approach, learning science process skills & scientific problem solving, 9th–10th grade biology students, 34596
drug education program using videotapes & life skills approach, drug attitudes, high school students, England, 6683
educational mainstreaming & "regular education initiative" in secondary education, learning disabled students, 27707
educational needs & recommendations for successful educational & vocational programs, head injured high school & postsecondary students, 10226
efforts to achieve classroom goals & standards for performance & academic achievement, high school students, 34665
English & mathematics achievement intercorrelations, Chinese speaking male secondary students, Macao, 6 yr study, 20534
English curriculum, moral reasoning development, 10th graders, Canada, 34595
etiology in family conflict vs school vs search for goal, school refusal as failure to recognize life space, high school students, Japan, 13576
experience vs prereading instruction, factual & inferential comprehension of narrative text describing soccer game, 5th & 9th graders, 17161
factor analysis of School Motivation Analysis Test, variance in conscious & unconscious primary drives & acquired interests, high school students, Australia, 24214
factor structure & invariance across gender & validity of Self Description Questionnaire III, general vs school vs English vs mathematical self concept, 11th–12th graders, 7077
factorial validity of Study Attitudes & Methods Survey, 10th & 11th graders vs college students, 20660
family contributions, success of school based drug prevention programs, adolescents, 27557
family systems theory & methods, chronic school failure, 14–16 yr old males, 23283
gender differences in computing, high school students, Great Britain, 6679
goals & procedures of college studies program, gifted precollege students, 34754
grade & sex & academic interest area, bulimic behavior, White vs Black vs Hispanic or Oriental high school vs college students, 5673
group cohesion, starters vs nonstarters from high school vs college football teams, 10149
group counseling in school, family or developmental problems, secondary school students & physically disabled special education students, 3302
guidelines to establish on site unit, secondary students with behavior problems, England, 3254
HIV related beliefs & knowledge & behaviors, 13–18 yr old high school students, implications for health education programs in schools, 40344
humor in teaching, learning, 11th–12th graders, Israel, 38136
implementation & effectiveness of city wide peer counseling training program, high school students, Canada, 17300
increased academic standards & extended number & length of school days, dropout rate, high school students, 31183
increased academic standards, dropout rate, high school students with non-English speaking background, 31182
individual & school factors, choice of interracial friendships, Black vs White 10th & 12th graders, 31161
instructional cues & educational status, insightful solution of geometry problem, high school vs college students, 31093
interpretations of & strategies & teacher requirements for written text analyses, high school students, 31085
Junior Theme research project as rite of passage, self report of experiences & emotional states, high school students, 10156
knowledge & misconceptions about constructs in BASIC programing language, development of high level cognitive skills, high school students taking computer programing, 3200
knowledge of research findings in developmental psychology textbooks, high school & college students, 31107
leadership skills program, average to superior 6th–11th graders, 34744
life planning counseling model, career & educational & marriage & family goals, Black high school students, 20689
locus of control, academic achievement, high school students, India, 38154

logic & science topic instruction, knowledge of BP problems, 9th–11th graders, 31061
low vs average vs high achievement status, learning & cognitive strategy usage, Black male vs female 10th graders, 13532
mathematical skills, 9th graders & college students, 31126
motivation for schoolwork, mildly learning handicapped vs regular education high school students, 1 yr study, 38223
motivations for career as physician, Black vs White high achieving high school students, 41307
national criteria for art & design & assessment objectives, secondary school students, England, 41385
natural science vs commerce vs social science field of study, attitudes toward different social groups, high school vs college students, Canada, 41293
nonacademic activities, learning disabled or mildly retarded vs regular education 10th–12th graders, 24172
norms for Spatial Relations & Numerical Ability & Mechanical & Abstract Reasoning subtests of DAT career planning program, engineers vs trainees vs high school students, India, 41379
on-campus university support program, postsecondary choices & options, learning disabled college bound high school students, 27769
parental & traditional factors, occupational preferences, high school seniors, Nigeria, 3219
peer reactions to pronunciation of /w/ for /r/, high school sophomores, clinical implications, 38180
perceived causes of embarrassment in school, high school students, 10158
perceived interference with school work vs approval of work by significant adults, employment intensity, college bound high school students, 17243
perceived locus of control, gifted vs nongifted 6th–9th graders, 31199
perceptions of compulsory career guidance programs, 11th graders, 10320
perceptions of guidance services received vs desired, Black vs White high school students, South Africa, 13727
placement in mainstream vs special education classes as labeling, self perceptions & perceived attitudes of others toward self, 14–21 yr olds in vocational high school, 17288
population distribution of scientific creativity, high school science students, India, 41269
predictive validity of group decision making theory, classroom decision making during scientific inquiry simulation, 9th & 10th graders, Canada, 34672
preferred classroom environment & learning strategies, 12–17 yr old students, Australia, 20549
preventive curriculum, alcohol drinking habits, high school students, Israel, 6717
prior knowledge & computerized text reading with vs without questions & explanation of value of requiring vs optional text review, learning, high school students, 31090
program for exploration of arts & sciences in depth from cognitive & social & affective perspectives, students in residential high school for excellence, Israel, 34798
qualitative research approach, understanding of complexity of ethnicity, high school students, 24106
questions requiring vs not requiring decisions vs informational statements, recall of chemistry test reading, high school chemistry students, 3149
race vs meaning of attending college, college plans, Black vs White male high school seniors, 41287
role in high school suicide prevention & intervention & postvention programs, mental health consultants, 3329
roles & responsibilities for transition & vocational planning & social skills training for handicapped students, secondary school counselors, 6835
satisfaction with guidance services, ethnic minority & majority college bound high school students, 1973–86, 27775
scholastic achievement & SES & demographic & language factors, dropout rate, Hispanic vs Black vs White high school students, 34680
school based emergency intervention, stress reactions to peer suicide, high school students, 41377
school environment & intrapsychic forces, aggression in school, adolescent students, 3216
school environment preferences, 13–16 yr old secondary school students, England, 13560
school size, school social climate & diversity of academic offerings & dropout rate, high school students, 10162
school violence, 9th & 11th graders, Israel, 24098
secondary school behavior, predictability of career behaviors, Ss followed from high school to age 27 yrs, 34864
self concept & academic achievement, Black vs White 10th graders, 27615
self concept & esteem, vocational self estimates, Cree & Salteaux Indian high school students, Canada, implications for vocational guidance, 27787
self reported reasons for trouble making behaviors, 9th graders in group care residential schools, Israel, 1751
sex & courses taken, mathematics achievement scores on New York State Regents Exam, 9th–11th graders, 3206
sex & grade level & availability of computer in home or school, computer anxiety, 5th & 12th graders, 17210
sex & mathematical ability & verbal intelligence & technical family background, attitudes toward craft & design & technology studies, high school students, 27653
sex, intentions to take computer courses & self efficacy expectations in & past experience with computer use, secondary school students, Australia, 3249
sex, mathematics & English achievement, 6th–12th graders, 6 yr study, 17206
sex role orientation, high school students & their teachers, 7 Carribean states, 34696
sexual segregation due to self selection & SES, school students, France, implications for counseling, 41292
single sex vs coeducational Catholic high school, achievement & attitudes & behavior & sex differences, high school students, followup study, 31064
social conditions, retention vs dropping out of school, Chicano high school students, 24087
sociopsychological & school & demographic factors, dropout behavior, Chicano vs Cuban vs Puerto Rican vs non-Hispanic White high school students, 34701
strategies & guidelines for measuring group counseling outcomes, 10th–12th graders, 10249
stress & family background & school activities & attitudes toward school, homeless hotel children in 7th–9th grades, 41296
structure of secondary education & proposed changes in curriculum & dual secondary school examinations, high school students, Netherlands, conference presentation, 27792
student attitudes & inhibiting class cutting, high school students, 41289
student characteristics, attitudes toward & participation in school & school activities, 11th–12th graders, 41297
student characteristics, career counseling strategies & activities, high school students, 3327
study skills & nonverbal problem solving, high school students, Spain, 24080
subjective meaning of success, high vs low achieving Chinese 14–17 yr old females, Hong Kong, 24059
suicide awareness educational program, knowledge of & attitudes toward suicide & coping skills & helping behaviors & hopelessness, high school students, 10 wk followup, 24025
suicide prevention efforts in school, high school students, 3301
teacher student relationship, academic achievement in secondary schools, adolescents, 3183
teaching of title & main topic & subtopic & detail selection & format, outlining achievement as reading study skill, learning disabled male 15–17 yr olds, 41313
teaching using phases of learning cycle method, physics attitudes & achievement, 11th–12th grade physics students, test of theory by R. Karplus & H. D. Thier, 3156
verbal vs mathematical computer program reading vs problem analysis, male vs female 8th vs 11th graders, 10110

vocational & transition oriented services, 7th–12th grade special education students, 24144
High School Teachers
accuracy & level of comfort with use of modes of instructional evaluation, senior high school teachers & administrators, 38258
approaches to teaching social studies, high school teachers & students, Australia, implications for teachers & curriculum developers & evaluators, 20456
assignment by school & organization & promotion of student participation in curricular & extracurricular activities, male vs female secondary school teachers, India, 3083
burnout, secondary school teacher coaches, 17121
conceptual framework for understanding alienation & commitment, urban high school students & teachers, implications for policy, 31155
disagreement among holistic essay scores, 10th grade English teachers, 27797
experience with & attitudes toward mainstreaming & job satisfaction, elementary & middle or junior high & high school teachers, 27504
extraversion introversion & neuroticism & self consciousness, prediction of occupational stress & coping strategies, secondary school teachers, 34574
holistic treatment, stress, middle & high school teachers, 30141
humor & self disclosure & narrative teaching behaviors, award winning vs nonaward winning high school vs college teachers, 20439
inservice education, teaching of higher order thinking skills, middle & high school teachers, 34560
motivation & perceived need deficiencies, secondary school teachers vs industrial vs governmental vs retail workers, implications for school system administration policies, 27512
perceived organizational structure & role ambiguity & locus of control & job stress, secondary teachers, 17101
perceived stress & personality characteristics & coping strategies, 25–59 yr old primary & secondary school teachers, Finland, 30997
primary organizational identification & perceived organizational climate, general vs special education high school teachers, 13451
proportion problem solving & teaching strategies, secondary school mathematics teachers, 6652
responses to Brainard Occupational Preference Inventory-Form A, 24–44 yr old male high school teachers, India vs US, 23933
responses to disruptive student behavior, beginning elementary vs secondary school teachers, 34693
sex & age & teaching experience & educational background & perceived competence, attitudes toward teaching students with handicaps, high school physical education teachers, 13662
sex role orientation, high school students & their teachers, 7 Carribean states, 34696
standards & expectations for classroom behavior, regular vs special education high school teachers, 20441
student rated aspects of teaching effectiveness & teacher attitudes toward students, high school students & their teachers, 13592
teacher experience & education & attitudes, selection of instructional strategies, mainstream elementary & secondary school teachers, 27668
variables of stress & teaching effectiveness, primary or secondary or special education teachers, 31019
High Schools
development of consultancy role, systems changes in high schools, educational psychologist, 3067
development of 4 category typology, evaluation of high school dropout prevention programs, 38106
extracurricular activity participation in secondary school, development, adolescents, literature review, 10152
guidelines for special issues training sessions in secondary school peer counseling programs, counselors, 31265
high school psychology & natural science courses, performance in college introductory psychology course, college students, 24042
high school size & demographic factors & extracurricular activities, extracurricular participation, college seniors, 38161
identification & rank of importance of learning strategy components for high school programs, experts in learning strategies & study skills, 38134
moral elements in reforms of secondary urban vs suburban schools, academic achievement & discipline & racial integration & differentiation & intelligibility, school administrators vs teachers, 38050
perceived role & function, school counselors in junior vs senior vs combined junior senior high schools, 27524
Higher Education [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Dental Education, Graduate Education, Graduate Psychology Education, Medical Education, Medical Internship, Medical Residency, Postgraduate Training, Psychiatric Training, Undergraduate Education]
aging & cohort & environmental effects, role performance & productivity, college faculty, 6661
college adjustment & enrollment trends in historically Black vs White higher learning institutions, Black college students, implications for role of parents, 17236
field theory & dialectics, gerontology in higher education, 13472
need for recognition & cultivation of creativity, higher education students, 41250
organizational climate in technical vs nontechnical educational organizations, male university teachers, India, 38046
participative management in higher education, 13454
roles & services to college professors & administrators & students, school psychologists, 3091
Highway Safety
advance stop lines & signs, rate of near collisions at intersection, motorists & pedestrians, Canada, 13930
age, perception of hazards on road, 18–61 yr old drivers, 24274
applications of visual & perception research to design of traffic environments, conference presentation, 6965
awareness sessions & compliance pledge cards, auto seat belt use, white vs blue collar industrial employees, 17329
behavioral techniques, seat belt use & other protective behaviors, motor vehicle passengers, 19913
descriptions of dangerous alcohol & nonalcohol related driving situations, 16–19 yr old drivers, 1779
education program including counseling by pediatricians & audiovisual material & pamphlets & home visits, use of automobile safety devices, 1–17 yr olds served by HMO pediatric department, 40831
effectiveness of single vs multiple class session in substance abuse & traffic safety course, persons convicted of DUI, 37921
enhanced traffic enforcement, stoplight compliance, cyclists, 6857
frequency & reasons for riding with drinking drivers, predriving riders less than 15 yrs old, implications for use of social learning theory in prevention, 1075
marihuana, driving & accidents & safety, 8793
NEWSART & NEWLIL digital filters, real time binomial weighted spectral analysis using personal computers, implications for EEG & automobile steering movements applications, 38695
nonconsecutive sleeper berth use & other risk factors, tractor trailer crashes associated with driver fatality & property damage, truck drivers, 17328
role of prescription & over-the-counter & illicit drugs in traffic violations & accidents, proposal for coordinated study & intervention, Australia, 12268
simulation game with role playing & behavior modeling, attitudes & behavior & learning transfer regarding traffic safety, 5 yr olds, Canada, 19712

state implementation of legislation requiring child passenger safety devices, compliance rates, drivers with child passengers, 11664
use of safety belt, perceived safety & risky driving behavior, college students, implications for risk compensation theory, 6856
values & beliefs & attitudes toward safety belt use, adult vs adolescent drivers, conference presentation, 25577
Hinduism
belief in Hindu doctrine of predestination, lower caste heads of households, India, implications for social change programs, 36250
Hindi vs Urdu language & prefixed vs nonprefixed words, sentential use of words in 2 languages, bilingual Hindu & Muslim 16–17 yr old females, 11367
Hindu philosophy of detachment vs dissociation from life experiences, body & mind & psyche, conference presentation, 18761
humanistic psychology perspective on self actualization vs Buddhist & Hindu perspective on self realization, implications for counseling, 37746
neurophysiology & endocrine correlates of trances, 12–50 yr old participants in Thaipusam festival, Malaysia, 21610
observation & understanding of concepts of body & external world & self & interpersonal relationships, Indian Hindu visitor, US, 22158
patterns of prolonged deprivation, Muslim vs Hindu 15–20 yr olds, India, 18637
psychobiology & training techniques for trances, participants in Thaipusam festival, Malaysia, 21336
religious beliefs, life satisfaction, Buddhist Tibetan refugees vs native Hindus, India, 11578
role & validity issues of Hindu & Buddhist psychologies & relation to identity & motivation & consciousness states & psychopathology, implications for Western psychotherapy, 30319
Sanskritic repression & projection, psychogenetic explanations of transformations in Buddhist vs Hindu pantheons, Sri Lanka, 11590
Hippies [See Subculture (Anthropological)]
Hippocampal Commissure [See Fornix]
Hippocampus
acquisition & retention & reversal & extinction of spatial discrimination in radial maze, cholinergic uptake in hippocampus vs magnocellular forebrain, mice, 18169
acquisition & retention of CR to tone paired with footshock, multiunit activity in hippocampus & medial geniculate body, rats, 10902
acquisition of conditioned eyeblink response, reduction of after hyperpolarization response in hippocampal neurons following intracellular electrical stimulation, male rabbits, 18086
acquisition of spatial memory & homeward orientation response, pigeons with hippocampal lesion with vs without induced anosmia, 4282
age & sex, performance on neuropsychological tests sensitive to hippocampal damage, alcoholic adults, 1921
age related alterations of septo-hippocampal neurons, passive avoidance & spontaneous alternation performances, 24–26 mo old male rats, 35610
aging, spatial memory & hippocampal formation, rodents & humans, literature review, 21485
alpha flupentixol, response latency & extinction of pretrained place or cue spatial navigation swimming tasks, decorticate vs hippocampectomized female rats, 35915
altered hippocampal opioid peptide function, maze learning & memory processes, rats, 11223
amphetamine vs physostigmine, maze performance, female rats with lesions of medial fimbria vs dorsal fornix & with vs without intrahippocampal fetal septal cell transplants, 18206
antipsychotic drugs, hippocampus & striatum dopamine receptor binding & antagonism of apomorphine induced climbing, male rats & mice, implications for extrapyramidal side effects, 11184
aspartame, amygdala & hippocampal kindled seizures, male rats, 35784
bilateral cortical ablations in principal sulcus vs fornix transection, spatial vs visual discrimination learning, monkeys, 28766
bilateral hippocampal aspiration, memory for food caches, black capped chickadees, 28782
bilateral lesions as intact hippocampal formation, A not B & object retrieval performance & memory, monkeys, implications for cognitive development, 39212
bilateral pyriform lobe with bilateral hippocampal lesions vs dorsal & ventral hippocampal lesions, septal vs amygdala kindling, male rats, 11161
cell assembly theory, hippocampal amnesia for recent vs older memories, 30029
central vs peripheral injections of muscarinic cholinolytics, hippocampal & neocortical EEGs, male rabbits & cats, 39308
choline uptake & decline in hippocampal formation, spatial learning deficits, 4 vs 22–24 mo old male rats, 14672
chronic lithium, seizure threshold for amygdala vs hippocampus kindling, cats, 21789
chronic morphine treatment & withdrawal, adrenergic receptor density & electrophysiological responsiveness to isoproterenol in hippocampus, male rats, 35864
colchicine destruction of dentate gyrus cells, retention of radial maze task & sensitivity to cholinergic drugs, rats, 28740
colchicine in dentate gyrus with vs without gangliosides GM1 or AGF2, working vs reference memory impairment, male rats, 32189
computer model of hippocampal lesions using aggregate prediction hypothesis, classically conditioned nictitating membrane response, rabbits, 4299
conditional spatial response task, activity of hippocampal formation neurons, male rhesus monkeys, 32041
cyclic vs stable exposure to ethanol during postnatal brain growth spurt, activity level & responsiveness to bethanechol measuring hippocampal muscarinic cholinergic receptors, rats, 39337
decline in protein FI phosphorylation in hippocampus, 5 vs 11 vs 25 mo old rats, 14661
delayed recognition tasks to remember & recognize words or faces seen short time before, hippocampus & amygdala neural encoding, epileptic patients with medial temporal lobe lesions, 12410
delayed spontaneous alternation & 8-arm maze performance, heterogeneous vs inbred mouse strains with vs without neuronal transplantation of noradrenaline or acetylcholine, 35572
density & distribution of muscarinic cholinergic receptors & pyramidal cells in hippocampus, patients with Alzheimer's disease, 12474
detectability analysis of visual memory performance data, hippocampectomized monkeys, 11163
development of hippocampal glucocorticoid & mineralocorticoid receptor binding, rat pups, 18132
dietary restriction, radial maze learning & lipofuscin pigment deposition in hippocampus & frontal cortex, mice, 741
dorsal hippocampal formation vs medial septal lesions, processing of episodic item information on spatial location, male rats, 11148
EEG afterdischarge patterns in hippocampal formation & avoidance response performance, kindled cats, 35738
electrical kindling, EEG hippocampal interictal spikes, rats, animal model of epilepsy, 25158
electrical stimulation of hippocampal, verbal intrusions during memory testing, adult epilepsy surgery candidates, 9123
embryonic hippocampus vs astrocyte transplants, recovery from forced choice alteration task deficits produced by kainate lesions of CA3 pyramidal cells, male rats, 11149
escapable vs inescapable low intensity shock, long term potentiation in hippocampus, rats, 35740

fetal hippocampal cell suspension injection to hippocampus, colchicine induced hypermotility & spatial learning, rats, 21674
fimbria lesions, acquisition of working & reference memory in complex spatial discrimination task, rats, 39237
frontal cortex & hippocampal norepinephrine depletion, acquisition & reversal of taste & tactile discrimination, rats, 28771
glutamyl aspartate, long term memory & glutamate binding on hippocampal membranes, male mice, 7928
GM1 ganglioside, behavioral & morphological changes induced by colchicine into dental gyrus, rats, 28985
handling during infancy, hippocampus concentration of glucocorticoid receptors & adrenocortical axis & developmental effects, male rats, 4131
heritable variation in size of intrapyramidal & infrapyramidal mossy fiber terminal field of hippocampus, water maze learning, highly & partially inbred mice strains, 7683
hippocampal & neocortical synapses, critical period for long term potentiation, rat pups, 28632
hippocampal damage, control of internal clock's criterion, rats, 11154
hippocampal density of binding sites for excitatory amino acids, 76–97 yr old females with Alzheimer's type dementia, 16208
hippocampal formation impairment, age related memory disorders, rats, literature review, 21501
hippocampal involvement in acquisition of spatial water maze, 43 mouse strains, 4156
hippocampal kindled epileptic focus & afterdischarges & seizures, memory retrieval & avoidance response, male cats, 39202
hippocampal kindling vs epileptic focus vs complex partial vs secondarily generalized tonic closure seizures, avoidance learning, cats, 39208
hippocampal lesions, data based & expectancy based memory, male rats, 11147
hippocampal lesions, latent inhibition of associability of footshock & neutral tone, male rats, 800
hippocampal lesions vs scopolamine injections, active & passive maze performance, male rats, 25135
hippocampal manipulations, simulations by attentional associative model of classically conditioned nictitating membrane response, rabbits, 39234
hippocampal neurobiological mechanisms, age related memory dysfunction, rats, literature review, 21525
hippocampal neuronal activity, location specific discharge, rats, 39091
hippocampal noradrenergic innervation lesions, behavioral response to antidepressant drugs in learned helplessness conditions, male rats, 762
hippocampectomy, feature positive visual vs auditory discrimination, rabbits, 803
hippocampus & amygdala & caudate nucleus, locomotor stimulating effect of corticotropin releasing factor, mice, 35612
hippocampus, behavior & memory & learning, animals, 25057
hippocampus, spatial learning & memory, rats, 4073
hypothesis of patterns of neural connectivity in cortico-hippocampal interaction in mammalian brains, implications for theta rhythm & learning & memory, 39108
ibotenic acid lesions of hippocampus, concurrent conditional discrimination with vs without trace interval, rats, 32131
immunoreactivity & synaptic terminal density in hippocampal complex & entorhinal cortex in postmortem tissue, 70–93 yr olds with Alzheimer's disease, 33539
in vivo modulation of septo-hippocampal cholinergic activity, acquisition of spatial discrimination & working memory on radial maze, C57BL/6 mice, 39218
intragastric infusion of low dose ethanol, frontocortical & hippocampal EEG, alcohol preferring vs nonpreferring rats, 14906
intrahippocampal colchicine, incentive contrast & radial maze performance, rats, 28764
intrahippocampal injection, elimination of granular cells & EPs & deterioration of conditioned avoidance reflex, male rats, 35760
intrahippocampal isoproterenol vs methoxamine, activity & exploration, male rats, 32202
intrahippocampal n-methyl-d-aspartate receptor antagonist, synaptic plasticity & learning, rats, 28929
lesions of entorhinal cortex & subiculum vs hippocampectomy, complex radial maze task acquisition, rats, 28756
lesions of hippocampal formation vs parietal cortex, memory for spatial locations of short or long lists of items, male rats, 21697
lesions of medial vs lateral hippocampal perforant pathway, exploration of novel objects & environments, male rats, 4294
lesions of median raphe nucleus & chronic desipramine administration, serotonin & motor behavior, male rats given intrahippocampal clonidine injection, 11160
long term performance in water maze conditional spatial alternation, male rats with large bilateral retrohippocampal lesions, 28767
long term tetrahydrocannabinol, hippocampal structure & glucocorticoid & plasma corticosterone & ACTH levels, male rats, 8 mo study, 4402
low level lead acetate during gestation vs ibotenic acid induced neuronal lesions in dorsal hippocampus, radial arm maze performance, rats, 754
low level unilateral electrical stimulation of dentate gyrus, performance of spatial vs working memory water maze tasks, rats, 7797
mapping of & processes in information coding by complex spike neurons in hippocampus, animals, 18088
memory deficits characteristic of unilateral hippocampus lesions, 25 yr old female with left fornix lesion, case report, 19640
memory performance during neuropsychological testing, 29 & 31 yr olds with subclinical hippocampal seizures, 40368
MK-801 binding with PCP sites, learning impairment & hippocampal damage, male rats, 39380
morphine into hippocampus, conditioned place preference, rats, 14831
Morris navigation task with visible platform & later substitution with invisible platform, place learning, lesioned vs control rats, 11170
multivariate genetic analysis of variation in hippocampal structure & open field exploration of novel stimuli, male inbred mouse strains, 28595
N-methyl-D-aspartate receptors in hippocampus & neocortex, errors in maze retention, rats, 39122
neural tissue transplants following hippocampal or cerebral cortex injuries, behavioral recovery, rats, 14792
neuropsychological assessment of temporohippocampal & frontohippocampal dysfunctions & learning & memory deficits, patients with remitting schizophrenia vs affective disorders, conference presentation, 1601
norepinephrine vs 5-HT, firing rate of hippocampal pyramidal neurons, 3–30 mo old male rats, 7825
novel olfactory stimuli with vs without atropine, immobility related hippocampal type 2 theta activity & nuchal muscle EMG, male rats, 28936
opportunity to nipple shift during suckling, weight & volume of hippocampus, rat pups, 14668
paradoxical sleep deprivation, neuronal excitability measured by EPs in CA1 region & fascia dentata, male rats, 25126
partial lesion of dorsal hippocampal afferents & GM/1 ganglioside, 2 way avoidance, male rats, 14773
performance of T-maze spatial delayed nonmatching to sample task assessing dispositional vs representational memory, rats with electrolytic hippocampal ablations, 7815
phase of theta-rhythm in medial perforant pathway during application of tatanic electrical stimulation, induction of long term potentiation in dentate gyrus, rats, 4275
pilocarpine & hippocampal lesions, visuospatial learning impairment, marmosets, 14770
posterior cerebral artery occlusion, hippocampal damage & visual recognition performance, monkeys, 28752

postsession subseizure stimulation of anterodorsal vs posteroventral hippocampus, retention of behavioral task, male mice, 4277
posttraining ethylcholine aziridinium, working memory of radial arm maze vs simple discrimination task, male rats, implications for septohippocampal cholinergic function, 18306
prenatal ethanol exposure, hippocampal plasticity, adult rats, 7921
prenatal ethanol exposure, hippocampal 3H glutamate binding, 45 day old rats, 7845
prenatal vs neonatal phenobarbital, CNS & liver zinc & iron levels & hippocampal behaviors, mice, 895
presentation of reinforced previously classically acquired odor CS, electrical activity in olfactory bulb & cortex, rabbits, 7640
raphe cells grafted into hippocampus, spatial learning ability, serotonin depleted rats, 28728
relationship of reciprocal interaction model for sleep cycle oscillation to attentional model of hippocampal function, animals, 14677
restraint stress, synthesis of norepinephrine & dopamine in hippocampus & striatum, 3 vs 27 mo old male rats, 7634
role of hippocampus in memory & relationship with superior colliculus, commentary & reply included, 21558
septohippocampal vs innominate cortical cholinergic system lesions, learning & memory, rats, implications for memory disorders, conference presentation, 39229
severe vs moderate ischemia inducing pyramidal or hippocampal neuronal loss, memory loss on T maze discrimination learning, rats, 772
sex & complex vs isolated rearing environment, dendritic structure of hippocampal CA3 neurons, rats, 25044
spatial memory performance, 56–82 yr olds with Alzheimer's disease vs rats with medial septum vs dorsal hippocampal formation vs nucleus basalis lesions, 29985
theory of simple vs configural associative process of hippocampal formation in learning & memory & amnesia, humans & animals, 38933
transient forebrain ischemia, hippocampal functioning & working memory in maze task, male rats, 11135
transplantation of fetal septal tissue in hippocampus, reversal of phenobarbital induced behavioral birth defects, mice, 21706
trichloroethylene exposure in utero, myelinated fibers in stratum lacunosum moleculare, rat pups, 39325
unilateral temporal lobectomy, recall of spatial location, 15–41 yr old inpatients, implications for role of hippocampus, 30089
univariate genetic analysis of variation in hippocampal structure & open field exploration of novel stimuli, inbred mouse strains, 28596
water deprivation, EEG assessed hippocampal responsiveness & behavior during acquisition of nictitating membrane conditioning, rabbits, 21628

Hips
causal attributions for accident & recovery & future accidents, 59–85 yr old hip fracture patients, 2784
impaired vision & incidence of hip fracture, elderly, 10 yr study, 40397
mental deterioration & walking ability, schizophrenic 51–84 yr olds with hip fractures, 6 mo & 1 yr followups, conference presentation, 26206
social support, recovery of function after hip fracture, middle aged to very old hospitalized patients, 6 mo followup, 19499
standing & sitting positions, hip joint mobility & spinal angles, human females, implications for human factors engineering, 38469

Hiring [See Personnel Selection]

Hispanics [See Also Mexican Americans]
academic achievement & perceptions of instruction, Black & Hispanic 4th & 6th graders, 31143
acculturation & counseling style, perceptions of counselor attributes & willingness to seek treatment, Hispanic college students, 19809
acculturation, attitudes toward appropriate drinking, Hispanic adults, 1326
acculturation, attitudinal familism, Hispanics with different national origins vs Whites, 8228
adverse impact & unfairness & bias of psychological screening tests, personnel selection, Hispanic vs Anglo peace officer candidates, meta analysis, 38348
age & marital status & diagnosis, inpatient mental health services utilization, Hispanic males vs females, 2840
AIDS risk attitudes & reduction, Black & Hispanic females, 12455
alcohol drinking patterns, Hispanic adolescents, literature review, 8879
attitudes toward & access to & use of health care, Cuban immigrants vs native born Americans 60 yrs old & older, 34189
attitudes toward & severity & frequency of wife abuse, Hispanic vs Anglo American females in battered women's shelters, 1845
availability & accessibility of medical care & health status & health care needs, Hispanics, implications for social workers, 37613
child centered group play sessions & gender differences, self control & free play & sociometric ratings, bilingual Puerto Rican 3–6 yr olds, 30316
cigarette & marihuana & alcohol use during pregnancy, Hispanic vs non-Hispanic White adolescent mothers, 19379
client characteristics, participation in outpatient treatment, alcoholic Black vs Puerto Rican adults, social work implications, 34391
clinical presentations of "nervios", El Salvadoran refugee mental health center clients, 11970
cognitive & linguistic & scholastic development, bilingual Hispanic children, US, commentary reply, 21942
community ethnic configuration & social status, language proficiency & usage & attitudes, Hispanics over 13 yrs old, 25458
community program for substance abuse & drunk driving prevention, behavioral intentions & attitudes toward alcohol & marihuana & pill use vs actual behaviors, Hispanic 7th–9th graders, 2906
comprehensive assessment & treatment of language disorders, Spanish speaking children, implications for selection & training of personnel, 9606
conceptual framework for community psychiatric consultations, racial & class tensions, police & Black & Puerto Rican ghetto residents, 13063
consideration of psychosocial stress, psychotherapy, Latina immigrants, 2327
content analysis of Hispanic cultural themes in lyrics of popular salsa music, 21865
cultural differences in perceived self efficacy to avoid cigarette smoking & addiction, Hispanic vs White smokers, 36379
cultural factors in communication problems with Hispanic parents, teachers, 41202
cultural interpretation of "attacks of nerves", Hispanic adults, 40109
cultural meanings, social interaction & support, female Puerto Rican 60–84 yr olds, 19 mo study, 36213
culture change, sociocultural & gender related problems, Puerto Rican females, US, implications for community psychology, 1304
culture specific alcohol abuse intervention, Hispanic adolescents, 9873
demographic & economic realities of intergenerational families, Hispanic elderly, 39788
depressive disorders & symptomatology, Hispanic 17–64 yr old males vs females, Puerto Rico, 1568
design & implementation of patient education programs, Hispanic Americans, 37679
diagnosis & health care, Vietnamese & Latin American refugees, Netherlands, 34159
discriminative validity of minority version of Tell Me a Story test, 5–14 yr old Hispanic vs Black psychiatric outpatients vs normal students, 10575

drinking patterns & alcohol problems & attitudes toward drinking, Puerto Ricans vs Cuban vs Mexican Americans, US, 15903
ethnic & linguistic bias, psychodiagnosis & mental health service delivery, Hispanic clients, commentary, 16799
ethnic & linguistic bias, psychodiagnosis & mental health service delivery, Hispanic clients, commentary, 16800
ethnic differences, prognostic outcome of anorexia nervosa, 12–24 yr old White vs Hispanic patients, 19531
ethnographic field study of formal intake process in private school for deaf, deaf Hispanic 3–6 yr olds, 17249
experience with & attitudes about corporal punishment, Anglo vs Hispanic high school students, implications for attitudinal subculture, 1143
family & work, mental health, Hispanic female professionals, 3405
family effectiveness training, prevention of adolescent drug abuse & behavior problems, Hispanic families of at risk 6–12 yr olds, 6 mo followup, 23291
family therapy, Spanish heritage immigrant families in cultural transition, 6002
folk medicine practices, Hispanic females, 18760
formation of sex role constructs about nontraditional vocations, Anglo & Hispanic K–5th graders, 11509
genetics, IQ test differences, Hispanic children, commentary, 21987
health needs & status & long term community health care, Hispanic elderly, 37697
hemisphericity & creativity, above average 2nd–8th grade low income Hispanics who completed program to improve self esteem & strengthen learning & thinking skills, 29079
home environment, high vs low achieving Puerto Rican 5th–6th graders, 20527
incidence & prevention of AIDS & risk factors for HIV infection, Black & Hispanic adolescents, 40584
incidence of PTSD, 17 yr old Central American refugee, 15724
influences on decision to target Hispanic markets, consumer packaged goods marketers, 24451
instruments for assessment of communication & language skills, Spanish speaking children, 7050
interpretation & methodological issues in E. C. Trautman's research on suicidal fit, Puerto Rican adolescents & adults, US, implications for mental health programs & research, 22774
IQ & vocabulary & testing, bilingual Hispanic children, US, commentary, 21992
IQ scores, Hispanics vs Anglos, commentary, 22414
IQ test scores & underachievement, Hispanic children, commentary, 21928
issues in cross cultural social work supervision, Asian & Hispanic supervisees, 38021
job satisfaction & educational background & occupational burnout, Hispanic vs non Hispanic county human service workers, 38429
language background & literacy, Hispanic vs Black vs White 21–25 yr olds, 35960
leadership skills & perceptions of leadership, teachers & male vs female Hispanic vs Anglo 3rd & 6th graders from high vs low equity schools, 13588
limited English proficiency, individualized education plans & use of native language or ESL instruction, Hispanic 2nd–5th graders with learning disabilities, 34766
MADRE parent education program, prevention of child abuse & neglect, Hispanic 17–55 yr old mothers at risk for abusive or neglectful behavior toward their children, 16793
major research themes including psychometrics & acculturation & language issus, Hispanic Journal of Behavioral Sciences, 1979–88, 30866
mental health program, Latin America political refugees in exile, Belgium, 34203
modeling group psychotherapy using culturally relevant heroes & heroines, pride in ethnic heritage & self esteem, Puerto Rican 11–14 yr olds with academic & behavior problems, 12734
multidimensional functional capacity, 55–89 yr old Hispanic immigrants, 32554
natural support systems, stress & emotional & family & substance abuse problems, Puerto Rican adults, 1495
observational analysis of gang members & aspects of individuality & identification & self presentation in social talk, poor Puerto Rican females, 1770
participation in vocational rehabilitation programs & treatment outcomes, Hispanic vs White vs Black blind & visually impaired adults, 1985–87, 27294
peer counseling program, contact with counseling center, Black & Hispanic college students, 31294
perceptions of roles & responsibilities & availability as placement resources for foster care, Hispanic godparents, 18808
placement in classes for learning disabled, Hispanic students with limited English proficiency, reprint, 10217
portrayal in TV commercials, Blacks vs Hispanics, 38526
poverty, self concept & mental & physical health, Hispanic females, 8208
prevalence of psychiatric disorders, non-Hispanic White vs Hispanic adults with high vs low acculturation, conference presentation, 22453
prior intergroup relations & individual cognitions, intergroup anxiety, Hispanic vs Asian vs Caucasian college students, 39915
provision of mental health services, Spanish speaking mentally handicapped persons with mental health problems, Spain vs US vs Chile vs Mexico, 16813
psychological impact of migration, Latin American females, implications for psychotherapy, 2264
psychological stress & substance abuse, Hispanic adolescents, prevention research implications, 22824
psychometric characteristics & utility of McCarthy Scales of Children's Abilities, Puerto Rican & Mexican American children, literature review, 17651
psychosocial stressors, coping, Mexican & Central American immigrants, US, 22149
PTSD & symptoms of depression & anxiety & somatization & generalized distress, immigrants from Central America & Mexico vs native born Mexican Americans vs Anglos, 40079
readability of Spanish language instructions provided with condoms, implications for AIDS prevention among Hispanics, 23529
reading strategies, Hispanic bilingual vs English monolingual 3rd–5th graders, 27622
reliability & utility of Center for Epidemiological Studies Depression Scale, elderly Puerto Ricans, 116
research & program development for prevention of HIV infection, Hispanic females, 19476
role & activities in family, Hispanic grandparents, implications for occupational therapy, 32665
santeria religious system belief in spirit possession, diagnosis & treatment, mentally ill Cuban American 32–70 yr olds, 19044
scholastic achievement & SES & demographic & language factors, dropout rate, Hispanic vs Black vs White high school students, 34680
school related attitudes, child's achievement, Puerto Rican mothers of 5th–6th graders, conference presentation, 6730
self vs physician assessment of health & somatization, Mexican American vs Puerto Rican vs Cuban 6 mo through 74 yr olds, 33460
sex, career choices, Anglo vs Hispanic vs other minority 4th–5th graders, 36131
sex roles & perceptions of femininity & masculinity, Hispanic females, literature review, 1323
social & economic & political factors, mental health, Hispanic females, literature review, implications for policy making & service delivery, 2663
social conditions, retention vs dropping out of school, Chicano high school students, 24087
social identity & intimacy, uncertainty reduction in interethnic relationships, White & Hispanic adults, 15427
social science record, Hispanic females, US & Puerto Rico, bibliography, 1175

social service use, elderly Cuban Americans, conference presentation, 34190
social values, alcoholism prevention, Hispanic adolescents, 8878
sociocultural conflict with traditional family relationships & roles, 13–14 yr old depressed Hispanic females, 33190
sociocultural factors, feminist therapy, 28 & 30 yr old Hispanic females, 2251
sociocultural factors, quality of life in long term care setting, Hispanic geriatric patients, 23659
sociopsychological & school & demographic factors, dropout behavior, Chicano vs Cuban vs Puerto Rican vs non-Hispanic White high school students, 34701
strategic structural systems approach, Hispanic adolescent drug abusers & their families, 6560
strategies for AIDS prevention, Black or Hispanic males at risk, 12603
symptom scales of Diagnostic Interview Schedule, Hispanic vs Anglo 18–64 yr olds, Puerto Rico & US, 24558
tolerant vs intolerant reactions to gang violence & community relationships & cultural & social order, Hispanic community residents & gang members, 1801
translations of PPVT-R into Castillian Spanish & noun process, Puerto Rican & Mexican American children, commentary, 21045
type & level of employment represented by J. L. Holland's typology, Hispanic males vs females 16 yrs old & older, 24356
underachievement & IQ test scores, Hispanic children, US, commentary, 21938
unemployment, family & economic & occupational stress, female Latino 27–64 yr olds, 22280
validity & reliability & norms of Suinn Mathematics Anxiety Rating Scale Elementary Form, Hispanic 4th–6th graders, 24260
written & pictorial & verbal instructions in native language, compliance with child's antibiotic treatment, 20–30 yr old Hispanic mothers with children with acute otitis media, 37565

Histamine
central histamine receptors, swimming despair, mice, animal model of depression, 7671
Compound 48/80, mast cell histamine levels & pain perception & morphine induced analgesia, male rats, 18283
histamine & its antagonists, discriminative & reinforcing & psychomotor & schedule controlled & drinking & avoidance & aggressive behavior & sleep, humans & animals, literature review, 7938
histamine, drinking, adult vs weanling rats, 32284
histamine induced attack, P300 EP & memory, adolescents with migraine, 19511
histamine infusion in suprachiasmatic nucleus, food intake during dark vs light period, male rats, 21761
histamine or prostaglandin-E-1 or isoproterenol, cyclic adenosine monophosphate responses in polymorphonuclear leukocytes, males with schizophrenia vs major depression, 29565

Histidine
antihistamines vs histidine, food intake, male rats, 25280

History [See Also History of Psychology]
abuse, infants, 19th century, Australia, conference presentation, 5466
activities of British Psycho-Analytical Society during WWII, conference presentation, 24524
activities of International Psychoanalytical Association during WWII, Europe, conference presentation, 24528
advances in childrearing practices & child abandonment in historical perspective, development of famous writers & scientists, 1600–1987, application of L. DeMause's evolution of childhood, 1209
age & educational level, masturbation & nocturnal emission frequency, males, 19th vs 20th centuries, 11678
American revolution, oedipal resolution with men's relinquishment of emotional dependence on mother love vs ideological belief in self government & conceptions of man & God, 1286
attitudes toward & definitions of & prosecution for sodomy & bestiality, 1740–1850, England, 29300
attitudes toward & perception of sexuality of elderly, Middle Ages, Europe, 29285
behavioral theory of social structure using problematic interpretation of history & social theory, commentary, 36226
Bernardino of Siena's perspective of development of sodomite persona, 15th century, Italy, 29310
biographical & cognitive & neuropsychological & biological characteristics as evidence of developmental reading disability, historically famous adult males, 12275
career strategies & contributions to psychological testing & intelligence & instruction of T. G. Thurstone, 1926–80, 23916
childrearing advice in Ladies Home Journal, parents of infants, 1900–05, 22200
concept of bulimia in medical reference books, 1700s to present, 5796
critical historical antecedents of ethical standards for rehabilitation counseling, 2869
deinstitutionalization & community attitudes, state hospital superintendent, 19th vs 20th century, 27115
delinquent behavior & survival strategies, homeless urban adolescents, 1800's, implications for evolution of adolescence, 19329
depiction of male homosexuality in court records & ideological writing, Renaissance & Enlightenment Europe, commentary, 29301
development of child psychiatry, 19th century, Great Britain, 16323
development of Freud's work against background of late 19th century Austrian & German political & cultural & social history, 35053
diagnosis & hypnotic treatment by general practitioner A. Despine, child with multiple personality disorders, 1836, France, 16662
differential item functioning on US history items from National Assessment of Educational Progress, female vs male 11th graders from different racial & ethnic backgrounds, 34846
disconfirmation of belief that womb wandered & caused globus hystericus in ancient Egyptian papyri, 40146
E. Kraepelin's contribution to description & classification of psychoses, commentary, 26024
early writings describing psychotic symptoms, validity of E. Hare's contention that schizophrenia is recent disease, commentary, 40161
English translation of T. Mayer's pioneering experimental work on visual acuity, 10748
evolution of English language & development of FORTRAN computer language, 21840
evolution of teaching approaches & development of historical thinking, elementary school students, England, 17165
factionalization & possible rapprochement of separate schools in contemporary psychiatry, 21012
fate of psychoanalytic society during WWII, Hungary, 35046
frequency of representation of animals in paintings & on coins, 500 BC to 20th century, 7969
gender ideologies, history of etiology & diagnosis & treatment of nervous disorders, females, 11929
generational effects & life course & collective memory, recall of world events & changes over past 50 yrs, adults, 39723
geography & historical cultural development, emergence of psychology in Rocky Mountain region, 16th–19th century, 10
historical & medical concepts of neurasthenia, nervous complaints, residents of fishing village, Newfoundland, 11937
historical & metatheoretical contexts for rationalist vs empirical traditions in behavioral medicine, 2205
historical & philosophical perspectives on normalization of handicapped, 26715
historical & psychological aspects of asylums in G. A. Tucker's "Lunacy in Many Lands", 13129
historical background & clinical & demographic features of alexithymia, 1535

historical changes in & cross cultural research on depression, 5324
historical consistency of diagnostic criteria, psychiatric clinic patients with paranoid diagnoses, 1878–1977, Germany, 8630
historical context of Black racial identity formation, implications for counseling, commentary, 37744
historical critique of family violence social work, 30692
historical development of experimental paradigm in psychic research, 3506
historical overview of psychology's linkage with military structure in research in personnel selection & classification & training & human factors, 17450
historical overview of role of electricity in treatment, psychiatric patients, 19th century, Great Britain, 16279
historical perspective of competency to stand trial & psychiatric hospitalization as social control, mentally ill offenders, 39847
historical perspective on competency to stand trial & psychiatric hospitalization as social control, mentally ill offenders, commentary, 39854
historical perspectives of philosophy & science & religion, F. S. Perls's conceptualization of Gestalt therapy, 19767
historical review of society's changed perception of values of childhood & motherhood from 1st century to present, 32678
history & achievements of psychiatry, Australia, 33689
history & context of Women's Committee of Division of Counseling Psychology of APA, 38007
history & Cuban missile crisis, implications for foreign affair security policy & decision making, 36219
history & development & status of National Association of School Psychologists, 34565
history & development of & changing disciplines in psychiatry, Great Britain, 19719
history & evolution of first modern psychiatric day hospital, Canada, conference presentation, 30736
history & future of cooperative & communicative professional interactions, National Association of School Psychologists & APA Division 16, 1969–89, 34555
history & ideological background, melancholia vs depression & bipolar disorder, 19th century, 19055
history & policies & attitudes toward mental health services, New Zealand, 34246
history & present status of psychiatry, China, 2240
history & psychodynamic action of psychopharmacologic drugs & "target symptom" vs "antipsychotic" approach to psychopharmacologic therapy, conference presentation, 37562
history & utility of postmortem photography, implications for counseling parents of deceased children, 20159
history behind stereoscopic invention, 14067
history of & educational issues in speechreading, deaf, 23714
history of & factors involved in success of training school & contributions to mental retardation field, school teachers, 1888–1949, 10185
history of care & treatment & mental health reform movements, mentally ill, 6333
history of child & adolescent psychiatry, 23141
history of children's services delivery & influence of National Association of School Psychologists, 34804
history of classification of anxiety disorder & reclassification of panic disorder as separate diagnostic entity in DSM-III, 12089
history of Committee on Problems of Drug Dependence, 1929–89, 40292
history of community mental health & deinstitutionalization movement, chronically mentally disordered patients, 30649
history of community planning & childrearing, 22208
history of computer applications, psychophysiological research, 14738
history of consultation liaison psychiatry, conference presentation, 40585
history of deterrence theory & crime & contemporary approaches to study of deterrence, 26217
history of epidemiology of mental illness & social psychiatry, 9 commentaries included, 15777
history of government & private educational & rehabilitation services & psychoeducational research, blind & visually handicapped children, India, 24191
history of group psychotherapy, 1931–42, 30332
history of group techniques & modalities, psychiatric occupational therapy in hospitals, 34327
history of journal "Psychological Research/Psychologische Forschung", 17523
history of laws related to mental hospitals, India, 37818
history of neuroleptics & introduction of chlorpromazine & related research on tardive dyskinesia, conference presentation, 37491
history of police functions, Canada, policy & social change implications, 15350

models for hospice & home care, victims of AIDS or AIDS related complex, 16734
occupational therapy program & continuity from home care to community setting, autonomy, 71 yr old female with history of Parkinson's disease, case report, 40900
outcome of home oxygen therapy, infants with bronchopulmonary dysplasia, 34185
payment to informal vs formal home caregiver, attitudes toward & quality of care for elderly, health care staff & policy officials & family members, 27063
personal characteristics & dependency & exchange relationships & external stress & social isolation, abuse & neglect by caregivers, 60 yr olds & older in domestic setting, 37624
prevalence of disabilities & technicalization & medicalization of care, elderly, implications for home care, 23548
process of family caregiving & coping with negative choices, caregivers for elderly relatives with Alzheimer's disease, 34198
quality of care in long stay hospital vs home setting, profoundly mentally retarded children, 16278
satisfaction & performance & quality of care, home health care workers in worker owned agency, 37670

social support, disease outcome, under 45 vs 45–65 vs over 65 yr old end stage renal disease patients on home dialysis, 12953
social survey of elderly home care needs as educational tool, college students in gerontology program, Australia, 31102
social work services as part of home health care, elderly, 13084
stress & effect of respite services, family members providing full time home care to frail 62–98 yr old relatives, 20068
structure & definitions & quality assurance in home care industry, 30609
subjective burden, social service utilization & perception of caregiving relationship, family caregivers of elderly, 23614
terminal medical treatment using home & ambulatory & palliative care, AIDS patients, 27068
training in operant methods, behavior management of impaired elderly in home setting, family member caregivers, 6263
treatment issues in home based pediatrics, occupational therapists, 6243
typology of relationships between formal home health & personal care services & informal kin caregivers, frail elderly, 34174
volunteer information provider program, rural family caregivers, 9688

Home Environment

alcoholism vs depression, family life & development of alcoholism in children, families, 29765
architectural barriers & environmental design of home, family adjustment & coping, families with handicapped child with severe mobility problems, 19559
assessment of mental status & daily living skills, cognitively impaired elderly patients in own homes, 5238
assistance with daily activities & housing conditions & adjustments & financial position & activity limitations, households headed by elderly, 5 yr study, 15251
behavior problems, 6.5–15 yr olds living with their mentally ill parent vs with alternative families, 22644
behavioral techniques, modification of home cleanliness, families adjudicated for child neglect, 2439
benefits of & criteria & guide for hospital discharge & parent training, children at home on low flow oxygen therapy, nursing implications, 2636
child environment relationships, educable mentally retarded 7–12 yr olds & their families, Japan vs US, 8942
child noncompliance & oppositional & complaining behavior & parental instruction giving & maternal aversiveness, families of 2.4–7 yr olds with conduct disorders, 33343
community interventions in home safety skill instruction, children & parents, 6330
conflict resolution styles, male vs female managers in work vs home situations, sex role implications, 41427
continuity & discontinuity between home & school environments, preschoolers, 24022
continuity between home & day care & interactions with mothers & childcare workers, social development, 2.7–4.5 yr olds, 18671
contributions of environmental psychology to research on residential thermal comfort, literature review, 13938
crowding & attitudes toward & perceptions of residential environment, preschoolers & their 25–45 yr old parents, 22065
detached dwellings vs multi-story apartments vs crowded residential houses, loneliness & achievement orientation & morals & religion, males vs females, India, 31472
dietary quality & family environment & locus of control, mothers, 1226
early family environment & SES, personality, adult identical twins reared apart, Sweden, longitudinal study, 15146
environmental design technology, home living, persons over 85 yrs old, 11546
essential requirements for cognitive & physical & social home environment, development, young children, 18505
European educational tradition of home & community, implications for American education, 38177
evaluation of home based family centered foster care prevention program, families where child abuse or neglect has occurred, 9383
experience of home environment, physically handicapped 6–12 yr olds, 23011
expressed emotion responses in family members, risk of acute episodes, schizophrenic patients discharged to care of family, literature review, 11950
familial security & environment & social relations, identity development, male vs female 18–21 yr olds, 18663
family demographics & parental literacy & expectations & teaching practices & home environment, reading & mathematics achievement, 6–12 yr olds & their parents, Peru, 20501
family environment & perceived personality stress, classroom cognitive & social climate, college teachers & their students, 6646
family environment, vulnerability to cult involvement, families with offspring in cults, 22144
family environments, underachieving gifted 1st–11th graders, 24058
family history & environment, prevalence of opioid dependence & alcoholism, male chronic opioid users, 22 yr study, 36856
family relations & environmental & structure & demographics, alienation, 9th graders, implications for school intervention, 15153
family social status & parental achievement orientation, cognitive performance & perceived family environment & educational & occupational aspirations, 11 yr olds, Australia, 5 yr followup, 11412
genetic & environmental influences of cognitive & temperament measures, 2 yr old adoptive vs nonadoptive siblings, 4732
genetic vs environmental influences, specific cognitive abilities, adopted children at ages 3 & 4 & their parents or guardians, longitudinal study, 7998
health care & hospital utilization patterns, aged nursing home vs community dwelling residents assessed 4 yrs before death, 9796
home & classroom environment, metamemory & learning & achievement, 1st & 3rd graders, India, 13540
home & parental & school factors, academic achievement, infant school students, 31113
home & social environments, 6–17 yr olds with vs without alcoholic parents, conference presentation, 15953
home background & personal attributes, reading ability & academic performance, students from classes II or III or IV of senior secondary school, India, 38145
home based family & individual intervention, social skills & family relations, hyperactive 13 yr old male with social skill problems, 23253
home employment program, long term psychiatric patients, 41029
home environment & abuse histories & context of offense, sexually abused daughters from conservative Christian homes, 12127
home environment & behavior, identification of family lifestyle clusters, families with severely mentally retarded children with mean age of 66 mo, 12300
home environment & laterality of cognitive function, 4.2–6.5 yr old early readers vs nonreaders, 8062
home environment & maternal psychiatric symptoms, prevalence of child's behavior problems, 36–48 mo olds & their mothers, Ireland, 11891
home environment & perceived relationship with parents & friends who smoke & school commitment, adolescents, 18678
home environment, cognitive & social & emotional development, 4.9–5.7 yr olds born with medical complications, longitudinal study, 12414
home environment, high vs low achieving Puerto Rican 5th–6th graders, 20527
home environments at 6 mo vs 2 vs 10 yrs, achievement test scores & classroom behavior, 10 & 11 yr olds, test of models of environmental action, 6725

Home Observation for Measurement of the Environment Inventory, assessment of parental responsiveness & family factors & child health & development, families of infants & toddlers, 31568
home safety skills training from mother, generalization to 5 yr old brother, 8 yr old male, 16509
home sleep monitoring using Oxford Medilog system & automatic sleep stage analysis, first night effect, 21–34 yr olds, 21596
home vs hospital birth, satisfaction & interaction with infant & feelings of control, 1st time mothers assessed during pregnancy vs 3 days vs 1 vs 3 mo postpartum, 6401
household composition & parental expectations, academic achievement, Black vs White 1st graders, 27633
household crowding, activity & social behavior at crowded day care center, 21–51 mo olds, South Africa, 25614
integrated ego psychology & systems theory in social casework, 18 yr old mother & her at risk 2.5 yr old in unstable home environment, 37331
intellectual ability & school attitudes & family environment, reading performance, 11 yr olds, Australia, 25491
living alone vs with husband vs unrelated persons vs children/relatives vs parents vs heading households, health, 18–55 yr old females, 5015
maternal role & perception of child & language environment & development, mothers & their language delayed infants & preschoolers, England, 22871
maternal vs paternal Type A behavior, Type A behavior, 12 vs 15 vs 18 yr old sons vs daughters, Finland, 4696
olfactory & thermotactile home stimuli, fear in response to unfamiliar environment, rat pups, 18239
parent offspring adoption path model, analysis of genetic & home environment effects on IQ, adopted children assessed from 1–4 yrs of age, 15107
parental discipline & opinions of peers & family turmoil, aggression & delinquency, 12–17 yr old delinquents, 5385
participative & humanistic alternatives to controlled discipline in home & school, mental & physical health, children, 25591
patient characteristics, discharge to level III vs IV nursing home vs community based vs independent living arrangements, deinstitutionalized mentally ill 60–74 yr olds, 20143
Pediatric Review & Observation of Children's Environmental Support & Stimulation, assessment of parent child relations & home environment during health visits, 2–18 mo olds & their mothers, 14104
perceived family environment, depression & anxiety & self esteem, 7th–8th graders, 4667
perception of home environment, 8–14 yr old gifted students vs their parents, 25603
physical & mental & functional health, elderly females living alone vs with others, 15583
physical home environment, temperament, 12 mo olds & their mothers, 32545
polysomnographic telemetry sleep recording in home vs laboratory environment, 21–42 yr olds, 28664
preferences in size & shape & color & complexity & texture & lighting in environment, 39–54 vs 55–74 mo olds, 4585
prenatal & postnatal home visits, home environment & mother child interaction, low SES mothers & their infants, Canada, 37707
prenatal exposure to marihuana & alcohol & cigarettes, home environment & motor & mental & language development, 12 & 24 mo olds, 18514
reactions to frustration in home vs school environments & interpersonal relationships, 10th graders, India, 36115
rearing conditions, development of visual fixation & habituation, 3 mo olds, 5 mo study, 36072
reasons for choice of home schooling, 18 mo study, 6716
refrigerator design guidelines, independent elderly females with physical disabilities, 41496
relocation to age segregated apartment, perceived stress & coping strategies & meaning of home & satisfaction, elderly, Canada, 8193
resident choice & control, adjustment & well being & service use & community integration, elderly in nursing homes vs residential care facilities vs congregate apartments, 34333
rhythmic movement coordinated vs rote recitation procedure, retention of picture matches, working class Black 5–6 vs 8–9 yr olds from homes with high vs low stimulation, 11376
self concept & drinking problems, college students raised in homes where alcohol is abused, 36880
self perception & family environment, risk of psychopathology, 14–16 yr olds, 22461
sex, judgment of mental health in house & work environment, clinical psychologists, 27444
sex roles & experience of working at home, self employed adults, conference presentation, 20843
sibling variables & family environment & ability level, educational & occupational aspirations, 16 yr olds from Anglo-Australian vs Greek vs Southern Italian families, Australia, 8128
social & person & body centered processes linking person to home environment, 68–90 yr olds, 32583
social cognition & persuasion training, promotion of energy conservation during home audit program, home energy auditors, 27976
social participation, interior design of home entertainment areas, MBA students, 15538
social status & family environment, educational & occupational aspirations & attainments, students surveyed at 11 & 16 & 21 yrs old, Australia, 6736
spatial knowledge of home environment, 6 & 10 yr olds, 21929
stress & family environment, families in which daughter was sexually abused by natal father vs stepfather, 36754
stressful life events & social support & family structure & living arrangements, psychological well being, urban Black mothers, 10 yr followup, 32684
systems analysis of family functionality & environment & achievement satisfaction, families with achieving vs underachieving gifted 13–15 yr old males, 27690
taxonomy of educational & psychosocial characteristics, identification of needs & behaviors & attitudes & home & school support, gifted & talented students, 27670
time since separation & home environment, prediction of social adjustment to divorce, 8–11 yr old female vs male children of parents separated 1 yr or longer, 29134
type of & attitudes toward housing, depression, 23–34 yr old wives, England, 11919
use & evaluation of places inside & outside of home, male vs female middle class suburban 8–18 yr olds, 18531
verbal & social interaction & caregiving behavior in home, toddler development, Embu infants observed from 15 or 18 to 30 mo old, Kenya, 11358
within residence vs neighborhood or community density, risk of psychopathology, inpatients in urban psychiatric facilities, 12006
work socialization, 7 mo to 18 yr old children of families with home as workplace, 11456

Home Visiting Programs

case manager home visitor model, health care delivery, low income families with handicapped &/or developmentally delayed or at risk children, 40937
concept mapping, analysis & comparison of planning process for implementation of family based home service program, 30653
criteria & process & importance of home assessment, social service delivery, at risk 4 mo old females & their mothers & families, 37760
depression & home support & subsequent institutionalization, elderly with dementia, 30599
design & implementation of home visitor intervention program, 13–17 yr old mothers & their children, conference presentation, 6351
development & implementation of home based orientation & mobility program, blind & visually impaired infants & toddlers & their parents, 20125

early parent education & support in New Parents as Teachers home visiting program, child intellectual & language & social development, new parents & their infants, 3 yr study, 40859
educational status, 3–11 yr olds who had participated in home based preschool educational program for developmentally delayed, mainstreaming implications, 13613
evaluation of Mother Child Home Program, 24 mo olds, Bermuda, commentary reply, 23582
home based family preservation program, out of home placement, status offending youths, 23799
home based infant parent psychotherapy, mother infant relationship, 27 yr old female with severe postpartum depression & her 4 mo old daughter, case report, 2361
home based task centered prevention program, reduction of child abuse, 14–38 yr old pregnant females & new mothers, 37685
home care services & other sites for training in geriatrics, family practice residents, 17052
in home behavioral systems family therapy, juvenile delinquents, conference presentation, 23797
in home child abuse prevention services, out of home placement & costs & family functioning, children in families referred by child protective services, 1 yr followup, 6048
Pediatric Review & Observation of Children's Environmental Support & Stimulation, assessment of parent child relations & home environment during health visits, 2–18 mo olds & their mothers, 14104
place of residence & SES & early breast vs bottle feeding duration, parents & their infants using home visiting or child health clinic programs, 30625
prenatal & postnatal home visits, home environment & mother child interaction, low SES mothers & their infants, Canada, 37707
psychological & educational & recreational services in home environment, blind or visually handicapped children & their families, Peru, 24142
psychosocial concerns, 17–27 yr olds with advanced cystic fibrosis in nurse home visiting program, 3 yr study, 6225
regularly planned home visits, engagement in & attitudes toward parent training, involuntary 18–56 yr old abusive & neglective protective service clients, 34202
role of home visits in private practice, clinical social workers, 2751
therapist training model, home based interventions with families at risk for foster placement of children, 6640
training curriculum development, quality of care & support & self esteem & retention, home health care aides working with patients with Alzheimer's disease, 41128
training, home based family therapy for juvenile delinquents, paraprofessionals, 23841
Verbal Interaction Project's Mother–Child Home Program, prevention of educational disadvantage, 24 mo olds, Bermuda, commentary, 23577
volunteer social support for family & infant stimulation, college student volunteers & parents with severely multiply handicapped infant with genetic defects, 2718
weekly home visits by paraprofessionals during pregnancy & infant's 1st year & parent group meetings, pregnancy outcome & well vs sick child clinic visits, mothers & their infants, 30575
yield of home visit assessment program, 53–93 yr old patients, 27076

Homebound

structured life review therapeutic intervention, life satisfaction & psychological well being, homebound elderly, 5867

Homeless

age & ethnicity & veteran status & length/chronicity of homelessness, prevalence of specific mental disorders, urban homeless 18–69 yr olds, 19006
basic needs, homeless adults, implications for health services, 30600
Bridge Over Troubled Waters agency, methods for street survival & assistance with effects of street life, homeless & runaway adolescents & those involved in prostitution, 27134
case of J. Brown on involuntary medication & hospitalization of homeless mentally ill living on streets, 37775
characteristics & abuse, adolescents at crisis shelters for homeless & runaways, 33340
characteristics & causes of homelessness & its impact on children, families, implications for government housing policy, 25727
closing of psychiatric hospitals, increase in crime, homeless mentally ill, 6384
community mental health centers, homeless & chronically mentally ill persons, 2665
current attitudes & policies & causes of & solutions to homelessness, literature review, implications for service delivery system, 22119
definition of homeless, psychiatric patients, 19215
deinstitutionalization & psychiatric disability, homelessness, psychiatric patients discharged from state hospital, 3 mo followup, 9673
deinstitutionalization & rights & needs, patterns & causes of homelessness following psychiatric hospital discharge, homeless mentally ill, 23638
delinquent behavior & survival strategies, homeless urban adolescents, 1800's, implications for evolution of adolescence, 19329
demographic characteristics & employment variables, homeless adults in voluntary day program, implications for service needs, 41024
demographic characteristics & types & seriousness of criminal offenses, homeless adults, 1783
developmental stages & prevention programs, street children, Latin America, 37714
discharge from urban state mental hospital, homelessness, chronic mentally ill adults, 6 mo study, 9672
economic conditions vs psychiatric disability, homelessness, 5223
emergency housing program providing beds in private homes, homeless impaired 53–91 yr olds, 1 yr followup, 37718
etiology & prevalence & treatment of physical illnesses & handicaps, 50 yr old & older male street vs nonstreet dwelling skid row males, 12357
expressions of despair & betrayal by ideology & rhetoric, homeless person, 11573
family background & self concept & friendships, homeless 13–20 yr olds, Netherlands, prevention implications, 25651
homelessness & service needs, psychiatric patients discharged from state hospitals, 20106
homelessness, mentally ill patients discharged from hospital, 26023
incidence & prevalence of mental illness, homeless, literature review, implications for policy & adult foster care, 26169
intelligence & emotional & neurological functioning & life style & peer groups & coping skills, homeless street 7–16 yr old males, Colombia, 29683
involvement in criminal justice system, homeless chronically mentally ill patients discharged from acute care, 20163
issues in education, homeless children, 38039
leaving child welfare system, vulnerability to drug abuse & transiency & unemployment, homeless 14–24 yr olds vs those in care of welfare system, Canada, 27135
lifestyles & adjustment patterns, street children, Colombia, 21997
mental health care service delivery, homeless mentally ill, 6 mo study, 37686
methodology to determine incidence of mental illness, homeless, commentary, 8757
money management services, outcomes, mentally ill homeless, 1 yr analysis, 37763
multifaceted employment intervention program, homeless 16–20 yr olds, 16778
mutual aid groups in drop-in center, transient & homeless females, 34255
nature & extent & causes & location of homelessness & access to housing & community support, adolescents in 2 different towns, 1979–82, England, 25757

nature & extent & causes of homelessness, adolescents, Ireland, implications for community services, 25596
needs & survival skills, 50–80 yr old homeless males, 4758
on site community support team, homeless mentally ill females, 34204
play behaviors, survival & preparation for adulthood, street children 5–17 yrs old, Colombia, 18700
posthospital adjustment & process of homelessness, mentally ill patients, implications for community reintegration, 37687
prevalence & severity of alcoholism in inner city, household vs homeless 18–70 yr olds, 15935
previous use of mental health services, physical health & finances & nutrition & hygiene & victimization & social relations & needs & health care utilization, homeless adults, 9685
problems in epidemiological sampling & measurement of mental disorders, homeless adults, 33196
program for increased access to short term psychiatric hospitalization, care utilization & diagnoses, homeless mentally ill, 9756
psychiatric nursing, chronically mentally ill at risk for homelessness, 23491
psychological distress, homeless 18–78 yr olds, implications for service delivery, 34152
psychosis or alcoholism or depression or organic mental disease, street dwelling vs nonstreet dwelling homeless 50–80 yr old males, 11869
residential instability & homelessness, 20–65 yr old aftercare patients with chronic mental illness, 1 yr followup, 27111
residential treatment program vs standard postdischarge care, homeless chronic mentally ill patients, 1 yr study, 2204
resiliency, homeless children, implications for research on mental health prevention planning, 39651
sampling methodology & design & data collection, Skid Row homeless adults, 7026
self help & social group work in soup kitchen, street people, 34216
services, severely mentally disabled homeless & emergency food & shelter providers, 23600
social background & health problems & residential experience, homeless, 22486
social group work, development of social support networks, homeless mentally ill, 34264
special education & other issues & problems, homeless handicapped children, 41343
stress & family background & school activities & attitudes toward school, homeless hotel children in 7th–9th grades, 41296
systemic abuse & neglect, runaway behavior & homelessness, adolescents, conference presentation, 1810
university & government collaboration in intervention research & programs, runaway & homeless youths, 34239
Homemaking [See Household Management]
Homeostasis
contemporary stress in disruption-avoidance-adaptation model of dream function, 21338
iv hypertonic NaCl solutions of varying concentrations, water intake when given immediate vs delayed water access & plasma osmolality & sodium concentration, hens, 4267
norepinephrine & circulating hormones & nutrients, food intake & medication by neural receptors in hypothalamus & energy homeostasis, rats, literature review, 14884
restricted nocturnal sleep with vs without nap, recovery & homeostatic changes in NREM sleep, female adults, 25147
water to food ratio & isoproterenol or polyethylene glycol, water intake & homeostasis, Fischer vs Sprague Dawley rats, 7776
Homework
affirmation approach, compliance with counseling homework, student clients, 6826
cheating rate on study guide assignments, college students, 24091
daily supplemental homework assignments, acquisition of basic math & spelling skills, 8.5–10.5 yr old elementary level students with learning disabilities, 31224
homework attitudes & time spent & family help, elementary school students, China vs Japan vs Taiwan vs US, 34674
verbal vs written behavioral prescriptions, compliance with therapeutic homework assignments, adult patients, 23315
Homicide [See Also Genocide, Infanticide]
age, murder victimization, females vs males from infancy to adulthood, 5433
alcohol & drug abuse & other factors, homicide rates, female vs male homicide defendants 15 yrs old & older, 1959–83, Denmark, 8796
alcohol drinking, victims of homicide, 1972–84, 40265
assessment of adaptive behavior & malingering, competence to waive rights & possible mental retardation, Native American murder & child abuse defendant, case report, conference presentation, 15330
biopsychosocial characteristics, juvenile murderers vs violent vs nonviolent incarcerated delinquents, 19305
birth rate & proportion of females in labor market & gross national product, suicide & homicide rates, industrialized nations, 8812
characteristics & treatment with psychotherapy vs behavior therapy, homicidal 14–16 yr old males with conduct disorder, 20331
combination of cocaine & nonprescription cold medicine, homicidal psychosis, male 27 yr old, case report, 36895
court appearance, psychopathology & personality & anxiety, 18 yr old male on trial for fratricide, case report, 27366
court brief requesting execution be waived, mentally retarded male convicted of 1st degree murder, 22222
delusion of physical transformation into wolf, violence leading to death of guest, 28 yr old male, case report, 36727
demographic & psychiatric & psychodynamic variables, adult male homicide defendants with vs without motive, 15854
demographic & social characteristics & relationship to victim, 19–45 yr old females arrested for killing other females, conference presentation, 15848
demographic & social characteristics of homicide, 3–14 yr old perpetrators & their victims, conference presentation, 36753
demographic & social characteristics, patterns of killing, 16–82 yr old females arrested for homicide, 1982–83, 8794
demographic & social characteristics, 16–39 yr old parents or parental figures arrested for killing their under 6 yr old children or charges, 1982–86, 40223
demographic characteristics & MMPI profiles, males vs females convicted of murdering their domestic partners, 15857
denomination vs church attendance, prediction of suicide & homicide rates, 8814
determinants of lethal vs nonlethal violence, implications for control theory as research perspective, 5375
deterrent effect of executions on homicide, 1946–55, reanalysis of W. Graves's data, 33307
development of transference in therapy, 3.5 yr old male with homicidal wishes & self destructive fantasies, case report, 30314
early developmental exposure to toxic radiation, epidemiology of homicide & suicide, 15–20 yr olds, 29727
economic & demographic & law enforcement & punishment variables, criminal homicide arrest rate patterns, 65 yr old & older criminals, 1964–85, 19276
evolutionary social psychology models, prediction of association of genetic relationship & mitigation of homicide & violence risk, families, 22695
examination & treatment, psychotic 9 yr old male who intentionally killed his mother, case report, 15871
execution & homicide rates, US, 5476
external vs internal stress & restraint, suicide vs homicide, test of A. F. Henry & J. F. Short's hypothesis, 5453
fluoridated drinking water & suicide & homicide rates, 1814
forensic interview & psychologists' evaluations, confessed murderer & rapist, case report, 25763
frequency of homicide related intrusive phenomena & avoidance of homicide cues, family services of homicide victims, application of learning theory model of posttraumatic responses, 40200

full & part time participation of married females in labor force, suicide & homicide rates, 19337
General Social Survey of acquaintance networks, estimates of sex & race & age & regional breakdown of homicide on AIDS victims, 40447
gun control laws & gun ownership, suicide & homicide rates, US, 12147
handgun control laws & church attendance, suicide & homicide rates, 1980, 1813
handgun regulations, assault & other crime & homicide rates, urban communities, 1980–86, US vs Canada, 22759
homicide rates at beginning of month, 1985, 26261
homicide rates, Whites & Blacks & other races, 1980, US states & regions, 29726
homicide rates, 1970–80, 18 countries, support for critical mass hypothesis, 33305
intrusive fantasy life, serial sexual murderers, 36793
legal & extralegal resources for abused women, female vs male perpetrated homicide rates, 1976–79 vs 1980–84, 36736
medical testimony on PMS & dysmenorrhea & temporary insanity, not guilty verdict in murder trial of M. Harris, 1865, case report, 18833
MMPI profile subgroups, eligibility for work release program, incarcerated male homicide offenders, 9913
MMPI profiles, 12–19 yr olds charged with homicide vs larceny, 15828
motivations & crime circumstances & victim & offender characteristics, females who killed infant vs older child vs spouse vs other person, Canada, 15888
murder & suicide, female victim & cohabitating 67 yr old male with Alzheimer's disease, 30000
national vs international character, suicide & homicide rates, industrial workers, 8813
outreach & counseling program, symptoms of PTSD & coping behavior, families of homicide victims, 34225
parental loss through murder or suicide, overanxious & dysthymic & conduct disorders, 0–12 yr olds, 19314
peer support program, women in prison for murder of child, 34427
personal characteristics & mental impairments, filicidal males, 5380
personality traits, 21–31 yr old murderers & other criminals, India, 22758
prevention of homicide & other intentional injuries, Blacks, 29713
psychiatric intervention, 4–12 yr olds surviving after father killed mother, case reports, commentary, 40641
psychoanalytic & sociopolitical analyses of mass murder perpetrated by Nazis, 1938–45, 29719
psychodynamic construct for theoretical & clinical understanding of violent & homicidal behavior, patients with borderline or psychotic or psychopathic disorders, 1520
psychological changes & grief & coping with violent death, families & significant others of homicide victims, 29734
psychological evaluation of battered females accused of homicide or assault, mental health professionals as expert witnesses, 9953
psychopathological characteristics, 17–54 yr old females who committed matricide vs patricide, 26227
psychosocial sequelae & traumatic stress & PTSD symptoms, parents whose offspring have been murdered, 33161
PTSD & crisis intervention & other treatment & placement issues, 1.5–14 yr olds whose fathers killed their mothers, England & Wales, 26688
research on use of capital punishment in homicide cases, 1275
selection of defendants for psychiatric examination in hospitals vs clinics, cases of homicide, 1959–83 Denmark, 1788
SES & stress induced by Atlanta youth murders, intellectual & identity formation & competence & behavior problems, Black 3–9 yr olds, 11360
sex & color of questionnaire & verdict, emotional responses to murder or rape, college students, 22770
sex & marital status & victim's race & blood alcohol content & homicide location & mode of killing, nonjustifiable homicides, family members, 12141
social context & cultural evolution theory of violence & individual motives of protagonists, variation in homicide rates, implications for Darwinian psychology, 26224
socioeconomic variables, suicide & homicide rates, 15861
spatial autocorrelation of suicide & homicide rates, 33302
statewide church attendance rates vs other sociodemographic characteristics, suicide & homicide rates, 1816
subjective perception of external stress factors, homicide & robbery rates, Israel, 22722
suicide & homicide rates, White vs non-White males vs females, 1978–84, US vs South Africa, 33308
summary of book "The Man Who Killed a Child" on psychodynamic processes of splitting & projective identification, 12201
time series analysis of economic indexes & lynchings, Blacks vs Whites, southern US, commentary, 1184
traffic fatalities & alcohol consumption associated with homicide & suicide rates, 26258
tritiated imipramine binding sites in frontal cortex of left vs right hemispheres, homicide victims with vs without psychiatric diagnoses, 15663
use of anabolic steroids, 32 yr old male bodybuilder who murdered his wife when drunk, case report, 29754
violence during sleep from confusion on sudden awakening vs sleepwalking vs dream content, male 17–34 yr olds charged with murder, implications for adjudication, 5413

Homographs
homograph vs nonhomograph words with correct vs incorrect lexical stress, word recognition & speeds of response to target phonemes, college students, 14991
threatening vs neutral homophones, interpretative bias & skin conductance response, recovered vs currently anxious patients, 19169

Homonyms
homophones, RT to lexical decision task, college students, 3833

Homophobia [See Homosexuality (Attitudes Toward)]

Homosexual Liberation Movement
essentialist & constructionist vs sociosexual specialization definitions of gay & lesbian studies, 15395

Homosexuality [See Also Bisexuality, Lesbianism, Male Homosexuality]

content analysis of homosexual pornography, 1970–84, 32731
counselor's role in AIDS education in school & sexual orientation & homosexuality, adolescents, 34833
cross cultural aspects of homosexuality & mental health, literature review, 11696
cultural factors, development of cults of young male body & homosexual love, ancient Greece, 32735
desire for homosexual orientation, 24 yr old ego dystonic heterosexual male, case report, 11694
educational & other strategies for prevention of sexual transmission of AIDS, homosexual & other at risk adolescents, 2639
estrogen & androgen level during brain differentiation & estrogen feedback, neuroendocrine responses & sexual orientation & sex role behavior, heterosexuals vs homosexuals vs transsexuals, 4093
etiology & treatment, alcohol dependency, bisexual & homosexual females & males, 16987
evolution & etiology & biopsychological process of homosexuality & gender identity, 1316
family dynamics, homosexual adolescents & their parents, 1204
family systems in psychotherapy, same sex couples & their children, 2322

feasibility study of applying computer conferencing to research on homosexuality & variant sexuality, 22268
features of homoeroticism, commentary, 40178
gender roles & intimacy & homophobia & relationships & treatment considerations, same sex vs heterosexual couples, 1302
heterosexual vs homosexual orientation, perception of ideal male or female or self, college students, 36345
historical & psychosocial & cross cultural forms of homosexuality, 1308
historical overview of concept of homosexual panic & relation to diagnostic utility & homophobia, 20 & 22 & 25 yr old males, 15378
homophobia & psychopathology, homosexual patients, 12066
homophobia as developmental task, heterosexuals & homosexuals, 1307
ideal typical model of homosexual identity formation, 39684
incidence of completed & attempted suicides, homosexual males & females, Australia, 12101
mental health & legal & social standing & psychotherapy issues, homosexuals, Eastern Europe, 11677
methods for teaching about homosexuality, literature review, 3172
misrepresentation to Supreme Court by APA of material on sexual experiences of homosexual vs heterosexual males, 22261
MMPI measures, prevalence estimates of homosexuality, Black vs White cocaine & opiate & polydrug addicts, 1867
model of development of homosexuality, adolescents, 1120
need to learn from gay community's response to AIDS, Blacks, 37218
neurotic symptoms & homophobia & transference, homosexual patients & therapists, 12639
own & perceived attitudes of general public toward AIDS related issues, heterosexual vs homosexual physicians, 2062
peer support group, issues of family & peer relations, homosexual 15–19 yr olds, 2395
psychosocial factors, drug & alcohol abuse, homosexuals, implications for intervention & research, 37899
reconsideration of condemnation of homosexuality & finding meaning & sensitivity to needs of AIDS patients, pastoral counselors in hospital setting, 27155
role of psychology in promoting public policy & civil rights, homosexuals, 32719
sex & sexual orientation & attitudes toward sexual behavior, sexual activity, 18–76 yr olds, 36350
sex & sexual orientation, physical attractiveness judgments, adults, 36338
sex role orientation, homosexual & heterosexual 25–40 yr olds, 11685
sex role self schema, psychological adjustment, heterosexual vs homosexual male vs female couples, 1311
stage model of homosexuality identity development, 1137

Homosexuality (Attitudes Toward)

age & academic performance & moral reasoning & traditional sex role attitudes, attitudes toward homosexuals, heterosexual college students, 15387
attitudes toward & definitions of & prosecution for sodomy & bestiality, 1740–1850, England, 29300
attitudes toward AIDS & homosexuality, patient care, physicians & nurses in health care facilities, 30964
attitudes toward extramarital relations & homosexuality & adolescent heterosexuality & AIDS, French speaking adults, Canada, 33509
attitudes toward gay equality rights, 1968–86, Canada, 22278
attitudes toward homosexuality, counselors & psychotherapists, post-1970, literature review, 18850
attitudes toward homosexuals & ethnic minorities, 22–62 yr old counseling students, conference presentation, 13377
attitudes toward homosexuals, knowledge of AIDS risk factors & transmission & acceptance of media communication, adults, 33192
attitudes toward male homosexuality, members of Gay Medical Association vs various homophile organizations, 29281
attitudes toward same vs opposite sex homosexuals, male vs female college students, 11705
Bernardino of Siena's perspective of development of sodomite persona, 15th century, Italy, 29310
characteristics & sexual orientation of hypothetical couple, perceived relationship satisfaction & love, heterosexual male vs female college students, 36369
conservative political ideology & fundamentalist religiosity & AIDS, attitudes toward & counseling services for homosexual clients, therapists, commentary, 23173
conservative political ideology & fundamentalist religiosity & AIDS, attitudes toward & counseling services for homosexual clients, therapists, 23224
construction & reliability & predictive validity of scale, measurement of beliefs about consequences of employing homosexuals, 21–72 yr old managers, 24632
demographic factors & family background & religious & political values, attitudes toward homosexuality, adults, England vs Spain vs West Germany, 8299
demographic variables & homophobia, fear & knowledge of AIDS & behavior change, college students, 40366
depiction of male homosexuality in court records & ideological writing, Renaissance & Enlightenment Europe, commentary, 29301
educational courses promoting tolerance for homosexuality, extent & duration of attitude changes & methodological problems in research, literature review, 38127
educational movie, knowledge & attitudes toward AIDS & attitudes toward homosexuality, college students, 29950
exposure to film with positive homosexual content, homophobia, heterosexual 20–25 yr old males, 22265
exposure to sexually explicit homoerotic material, aggressiveness & homophobia, heterosexual 19–21 yr old males, 22266
factors influencing hostility toward lesbians & gay males, development & validity of attitude scale, heterosexual male vs female college students, 36346
historical overview of concept of homosexual panic & relation to diagnostic utility & homophobia, 20 & 22 & 25 yr old males, 15378
homophobia & ethical issues in social work, lesbian mothers, 30688
homophobia & fear of AIDS & attitudes toward AIDS patients, 19–50 yr old medical & nursing paramedical students, 3047
homophobia & male homosexuals, literature review, 1301
homophobia & psychopathology, homosexual patients, 12066
homophobia as developmental task, heterosexuals & homosexuals, 1307
homophobia, counselor supervision in lesbian context, counselors & supervisors, 30870
issues in codependence & homophobia, gay & lesbian adults, treatment implications, 40100
Jung's attitudes toward homosexuality, 1309
knowledge about AIDS & attitudes toward homosexuality, college students, 16098
military experiences & attitudes toward homosexuality, homosexual vs heterosexual males, implications for morale & military recruiting policy, 6966
neurotic symptoms & homophobia & transference, homosexual patients & therapists, 12639
perceptions of parental attitudes, self esteem & comfort with homosexuality, gay & lesbian 14–23 yr olds, 39668
persecution & prosecution & sentencing of & attitudes toward sodomy, 18th century, Netherlands, 29320
persecution of sodomy, 1730–32, Netherlands, 29282
political & legal processes & attitudes toward sodomitical practices, 17th & 18th centuries, England, 29315
sex & homophobic context, treatment process, lesbian families, 23259
societal origins of & guidelines for overcoming bias against homosexual clients, social workers, 30961
Socratic love & Thomistic sodomy & homosexuality, 18th century, Europe, 29290
sodomy as secondary crime & rise of subcultures, 1600–1725, Dutch Republic, 29302
sodomy convictions & sexuality & sexual deviance, 16th century, Spain, 29307

stigmatization & cognitive & social & emotional isolation, homosexual male & female adolescents, 11498
theoretical considerations & homophobia in psychotherapy, homosexual males & females, 12710
Zeitgeist perception in ingroup vs outgroup minority influence, attitudes toward homosexuality, college students, 22262
Homovanillic Acid
age or pubertal status, CSF HVA & 5-HIAA & MHPG, 6.5–17.3 yr olds with obsessive compulsive vs conduct &/or attention deficit disorder, 11883
alternate day corticosteroid treatment, mood & plasma HVA, adult females with systemic lupus erythematsus, 19961
carbamazepine, serum HVA concentrations & psychosis, chronic schizophrenic males, 30454
challenge dose of apomorphine vs neuroleptic before vs after 3 wk neuroleptic drug therapy, plasma & urine HVA, schizophrenic 30–46 yr olds, 23368
chronic dexamethasone, MHPG & HVA & 5-HIAA concentrations in ventricular CSF, 5–72 yr old hydrocephalic patients, 16628
clinical & neurochemical correlates, 7–45 yr old patients with Gilles de la Tourette Disorder, 2105
clinical symptoms & CSF HVA & 5-HIAA & MHPG, depressed patients, 26139
CSF HVA to 5-HIAA ratio in serotonergic & dopaminergic neuronal systems, subjective memory disturbance, depressed patients, 5136
CSF levels of 5-HIAA & HVA, suicidal behavior, depressed patients, 5 yr followup, 40171
CSF levels of 5-HIAA & HVA, 26–72 yr olds with major affective disorder, 15812
CSF 5-HIAA & HVA, 49–72 yr olds with Alzheimer's dementia, 33222
debrisoquin &/vs haloperidol, central vs peripheral plasma HVA concentration, schizophrenic males, implications for dopamine, 34012
dextroamphetamine sulfate vs fenfluramine hydrochloride, renal clearance & plasma concentrations of HVA, 6–12 yr old males with attention deficit disorder, 37120
early morning neuroleptic dose, midday plasma HVA & cortisol, 18–45 yr olds with chronic or subchronic schizophrenia, 34013
ECT, HVA & MHPG & 5-HIAA concentrations, schizophrenic adults, 5850
emotionality, urinary HVA, male vs female 18–19 yr olds, 39161
fluphenazine, CSF somatostatin & HVA, schizophrenic patients, 30429
haloperidol dosage, HVA in prefrontal cortex & striatum, rats, implications for treating schizophrenic patients, 18304
haloperidol vs perphenazine at neuroleptic steady state, plasma HUA & MHPG & treatment response, psychotic 16–65 yr olds, 33997
injection of 12 antipsychotic drugs, dose response curves of HVA in prefrontal cortex & caudate, rats, 14827
plasma & urine HVA & prolactin & dopamine, autistic adults, 33132
plasma free vs conjugated HVA & clinical features & severity, schizophrenic 18–49 yr olds, implications for central dopaminergic activity, 40102
plasma HVA as marker of psychosis & neuroleptic response, schizophrenic patients, 34036
plasma HVA, depressed adults with vs without melancholia who were cortisol suppressors vs nonsuppressors, 8710
plasma HVA levels, schizophrenic inpatients before & during haloperidol treatment, implications for subtypes of schizophrenia based on dopamine hypersensitivity, 9498
seasonal fluctuations of CSF 5-HIAA & HVA & other monoamine metabolites & neuropeptides, normal adults, 7695
trifluoperazine, CSF & plasma HVA, schizophrenic adults, 16633
urinary free & conjugated HVA measuring dopamine metabolism, autistic vs mentally retarded 2.4–12 yr olds, 5100
ventricular brain ratio & structural changes & prefrontal cortical markings & atrophy & CSF HVA, adult schizophrenic vs medical patients, 33039
withdrawal from neuroleptic treatment, plasma HVA & MHPG levels, chronic schizophrenic 18–41 yr olds, 19965
Honesty
age, disclosure of facts vs internal events & recognition of conflicts with others vs internal divisions, 8th–12th graders, 1139
Compu-Scan preemployment screening device, assessment of potential for substance abuse & theft & other security violations, job applicants, 28130
factor analysis & item response theory analysis of London House Personnel Selection Inventory, measurement of employee honesty, applicants for retail sales jobs, 167
factor analysis of Reid Report, assessment of honesty, job applicants, 17573
Personnel Selection Inventory & preemployment integrity testing, turnover & termination & inventory shrinkage losses, applicants for home improvement stores, 3359
ratings of target absent vs present faces as honest vs dishonest, confidence judgments & recognition of faces, college students, 8399
validity & reliability of The Integrity Interview, preemployment screening for employee honesty by telephone, employees, 38619
Hong Kong
attitudes toward adultery & social conventions governing sexual behavior, Hong Kong, 8298
attitudes toward child care & discipline, college students, Hong Kong, implications for child abuse, 12183
attitudes toward persons with physical disabilities vs emotional disorders vs mental retardation, 11th & 12th graders, Hong Kong, implications for community rehabilitation, 25978
beliefs about events after death, 10–18 yr olds, Hong Kong, 32503
characteristics & history, schizophrenic patients who committed suicide, Hong Kong, 29695
childrearing expectations, professional vs low income nonprofessional parents of preschool & primary grade students, Hong Kong, 8270
clinical supervision, clinical psychology graduate students, Hong Kong, 9968
community psychology approach in War on Rape campaign, public education & victim services & legislation, Hong Kong, 9674
Confucian vs Taoist vs Christian traditions & sociocultural development, sexuality & love & marriage, Hong Kong, 8310
cultural factors, anorexic 16 & 23 & 31 yr olds, Hong Kong, 40450
demographic characteristics & cultural differences, suicide attempters, 1954 vs 1986, Hong Kong vs England, 40211
determinants of conflict avoidance, adults, Hong Kong vs US, 4965
development & expansion of mental health services & sociopolitical implications, Hong Kong, 1960 to present, 37711
factor structure of WISC-R vs Hong Kong-WISC, 7–13 yr olds, 17683
feminism & sociocultural & community psychology factors, development of 1st Women's Center, Hong Kong, 37695
immigration, paranoid & somatoform disorders, adult Chinese psychiatric inpatients, Hong Kong, 5095
individual psychological problems & family dynamics, 22 yr old female with anorexia nervosa, Hong Kong, case report, 33490
instrumental & terminal value preferences & validity of Rokeach Value Survey, male vs female college students, Hong Kong, 21101
international communication experiences & travel & living abroad, cognitive maps of international images, college students, US vs Japan vs Hong Kong, 29378
IQ, 9–10 yr olds, Hong Kong, 21965
mental health, 11–20 yr olds, Hong Kong, 29170

nature & process of clinical supervision, clinical psychology graduate students, Hong Kong, 10010
newspaper's political orientation, coverage of politically conflictual issues & compliance & political ideology, journalists, Hong Kong, 39803
nutritional status, mental ability, healthy Chinese 60 yr olds & older, Hong Kong, 29188
paired reading tutoring technique, learning ESOL & Chinese orthography, ethnic Chinese students, Hong Kong, 31104
patterns of psychological test use, clinical psychologists, Hong Kong, 41165
perceived social cost & norms & benefits of complaining, likelihood of consumer complaint, college students, Hong Kong, 10456
perceptions of personality & occupational characteristics of Chinese females based on English proficiency & physical attractiveness, college students, Hong Kong, commentary, 18916
psychological & sociocultural influences, illness behavior & treatment, medical students, Hong Kong, 32931
psychometric & dimensionality & adjustment correlates of Chinese version of J. B. Rotter's Internal External Locus of Control Scale, college students, Hong Kong, 21073
relevance ratings of intelligence test items, beliefs about & concept of intelligence, college students from English vs Chinese secondary schools, Hong Kong, 24084
reliability & factorial structure of State Trait Anxiety Inventory, 13–20 yr olds, Hong Kong, 31665
same vs mixed sex social interaction patterns, college students, US vs Hong Kong, conference presentation, 15449
sex & locus of control & illusion of control, gambling involvement, adults, Hong Kong, 25926
sex therapy, Chinese patients, Hong Kong, 30183
social identity theory, analysis of intergroup relations before vs after signing of Sino-British accord, British vs Chinese 15–16 yr olds, Hong Kong, 22128
social support & self worth, risk of developing psychosomatic symptoms, 70–109 yr olds, Hong Kong, 26520
sociodemographic aspects of suicide, 55 yr olds & older, 1983–86, Hong Kong, 12142
sociopolitical change, perceived vitality of Chinese & Western groups & their respective languages, college students, Hong Kong, 22118
Spearman's g mean IQ & space relations & perceptual speed & fluency, male vs female 6–15 yr olds, Hong Kong, 29073
status & authority in Chinese culture, clinical psychology supervision, Hong Kong, 9961
status & future direction of educational psychology, Hong Kong, 23919
tasks facing Hong Kong Psychological Society, conference presentation, 30970
types of rape & classification of rapists, rape counseling, Hong Kong, 8860
validity of Chinese translation of Rutter Parent Scale A2 & Rutter Teacher Scale B2, bilingual teaching hospital staff, Hong Kong, 14183
weather & day of week & place of residence, suicide attempts, under 15 through 65 yr olds & older, Hong Kong, 22689

Hopelessness
Attributional Style Questionnaire & learned helplessness & hopelessness theories of depression, counseling implications, 23610
clinical ratings of hopelessness, prediction of eventual suicide, patients with suicidal ideation, 26022
concretization of subjective experience of certain future, female 32 & 42 yr old analysands, 30315
correlates of hopelessness, 18–65 yr olds with major depression, 40108
degree of hopelessness, patients with major depression vs anxiety disorders vs mixed nonaffective nonanxiety disorders, 15628
depression & hopelessness & dysfunctional attitudes, suicidal ideation, psychiatric patients, 1683
development & internal consistency & construct validity of Miller Hope Scale, college students, 3608
hopefulness, 12.4–18.9 yr olds in substance abuse treatment vs with cancer, 5104
hopelessness & coping beliefs & depression & social desirability & approval, suicidal behavior, high school students & male juvenile delinquents, 40212
hopelessness & depression & suicidal intent, 12–18 yr old minority female suicide attempters vs disturbed nonattempters, 22752
hopelessness & low suicidal intent, hospitalized adult parasuicide patients, 8844
hopelessness & social desirability, suicidal manifestations, psychiatric patients with suicide ideation & male prison inmates, 40023
hopelessness as resistance, female analysands, 37326
hopelessness theory of clinical depression, 26014
internal consistency & factor structure of Hopelessness Scale, assessment of hopelessness & depression & health perceptions & suicidal ideation, depressed 58–82 yr olds, 3588
levels of hopelessness, risk for suicide & depression, 8 vs 12 vs 17 yr olds, 40028
negative life stress & social problem solving & self appraisal, hopelessness, college students, implications for suicide research, 19272
perceived family support & hopelessness & depression, classification of suicide attempts, 8–13 yr old psychiatric inpatients, 12093
prevalence of psychiatric disorder & depression & feelings of hopelessness before vs after onset of disorder, 17–78 yr olds with idiopathic spasmodic torticollis vs cervical spondylosis, 26530
psychopathology & hopelessness & self concepts, 7–17 yr olds with cystic fibrosis, 19541
reliability & validity & factor analysis of Hopelessness Scale for Children, prediction of suicidal intent, 12–17 yr olds who attempted suicide, 3637
religious beliefs & hope for release & coping, prisoners expecting release vs sentenced to life without parole, 27371
self sustaining process & hopefulness, 12.4–18.9 yr olds with cancer, 26517

Hormones [See Also Adrenal Cortex Hormones, Adrenal Medulla Hormones, Aldosterone, Androgens, Cholecystokinin, Corticosterone, Corticotropin, Epinephrine, Estradiol, Estrogens, Estrone, Glucagon, Gonadotropic Hormones, Hydrocortisone, Insulin, Luteinizing Hormone, Melatonin, Norepinephrine, Oxytocin, Parathyroid Hormone, Pituitary Hormones, Prednisolone, Progestational Hormones, Progesterone, Prolactin, Sex Hormones, Somatotropin, Testosterone, Thyroid Hormones, Thyrotropin, Thyroxine, Triiodothyronine, Vasopressin]
agendas for & methodological issues in research on role of hormones & other neuroendocrinological factors in psychosocial development & abnormal behavior, adolescents, 19311
atropine near sexually dimorphic area of hypothalamus, hormonally induced scent marking, castrated male gerbils, 11323
cold stress, metabolic rate & temperature & TSH & thyroxine & triiodothyronine & growth hormone & prolactin & cortisol responses, 19–50 yr olds with endogenous depression, 1550
computerized hormonal monitor, instruction geared to hormonal variability, students, 31086
continuous ip murine interleukin-1 alpha, eating & drinking & locomotor activity, male rats, 18408
DST, blood levels of cortisol & human growth hormone & prolactin & triiodothyronine & thyroxine & TSH, patients with major depression or other psychiatric disorders, 33091
ECT, neurophysin response & treatment outcome, depressed patients, 30190
endocrine changes during climacteric vs involution periods, 47–74 yr old females with major depression vs atypical or paranoid psychoses, 22603
endogenous hormonal & neuromodulatory systems activated by posttraining, retention & memory, literature review, 28686

etiologic hypotheses of impaired hormonal homeostasis, female with premenstrual changes in mood & behavior, 9071
examination stress, platelet peripheral benzodiazepine binding sites & plasma cortisol & growth hormone & prolactin, 28–34 yr old psychiatric residents, 32084
fluoxetine, cortical & prolactin & growth hormone & LH & FSH & testosterone levels & sleep EEG, healthy males, 28984
fluoxetine, secretion of antidiuretic hormone, depressed 75 yr old male veteran, case report, 26966
gastric implant, body weight & gastrointestinal hormones, chow vs cafeteria fed male rats, animal model of dietary obesity, 35717
hormonal & physiological abnormalities, patients with anxiety disorders, literature review, 19067
hormonal & physiological changes assessed during panic attacks, adults with panic disorder, 1567
hormonal basis of maternal behavior, rats, literature review, 7710
imipramine, circadian rhythm of cortisol & growth hormone & prolactin & melatonin secretion & phase delay in NREM/REM cycle, depressed 21–57 yr olds, 12869
life events & pubertal development & hormonal changes, depressive & aggressive affect, 10–14 yr old females, 22003
maternal behavioral control of electric shock during pregnancy, pituitary adrenal release of stress related hormones & analgesic responsiveness, rats, 4280
metyrapone pretreatment, ACTH response to corticotropin releasing hormone, depressed 29–68 yr old inpatients, conference presentation, 22665
morphine &/vs naloxone, vocalizations & other distress behavior following separation from mother & blood ACTH & prolactin & cortisol levels, infant rhesus monkeys, 865
nestboxes, vernal testosterone & LH & testicular size & reproductive behavior, male starlings, 683
neurophysiological & hormonal influences in cognitive development & differentiation, spatial ability & language representation & brain lateralization, males & females, 35363
oxaprotiline vs CGP 12103A, behavioral response to peer separation, rhesus monkeys, failure to support norepinephrine hypothesis of depression, 32246
physiological basis of maternal responsiveness during pregnancy & parturition & postpartum behavior, humans & animals, 32670
plasma hormone levels & platelet 5-HT uptake & adrenoreceptor density before vs after nomifensine, females with postpartum depression, 2453
plasma insulin-like growth factor I, patients with major depression, implications for hypothalamic-pituitary-somatotropic axis dysfunction, 26120
plasma sex & growth hormone levels & attitudes during pregnancy, postpartum behavior, primiparous 19–36 yr old mothers, 32636
plasma somatomedin-C & growth hormone, pubertal vs postpubertal 10–27 yr olds with anorexia nervosa, 22896
plumage characteristics & plasma testosterone & corticosterone & dominance, dark eyed juncos, 35511
po glucose, plasma hormone & metabolite levels & attitudes toward sweets, female bulimia patients, 19492
prenatal diethylstilbestrol, development of physical & psychological disorders, 2529
sexual behavior, sodium potassium adenosine triphosphatase in brain regions & serum hormone levels, male rats, 35657
somatostatin in neuropsychiatric disorders & as modulator of CNS, literature review, 37140
somatostatin vs SMS 201-995 infusion to intracranial subarachnoid space, neurotoxic effects including ataxia & dysmetria & bradykinesia, male monkeys, implications for Alzheimer's disease, 21768
somatostatin vs substance P analog dosage to 4th vs lateral cerebral ventricles, EEG & stereotyped behavior, male rats, 39307
sulpiride vs lithium, plasma prolactin & TSH & estrogen induced neurophysin, 25–71 yr olds with acute mania, 37487
transfer factor vs thymosin, immunological changes, schizophrenic 29–65 yr olds, 34045
TRH stimulation test results & REM latency & NREM sleep, male 20–56 yr olds with major depression, 19188

Hospice

applicability of transgenerational theory in hospice care, family caregivers, 16743
applications of psychological treatment in hospice & palliative & psychosocial oncology, implications for research & practice, 16709
appropriate death for patients & anticipatory grief for survivors & maintenance of morale for staff as goals of hospice care, 13010
attitudes toward terminal illness & primary caregivers, prospective hospice service use, 18–88 yr olds, 30604
consultation to hospice programs, psychologists, 17055
continuing care unit using patient directed multidisciplinary approach, AIDS patients, England, 27071
contribution of nursing research & practice to spiritual care research in hospice, 23483
contribution of sociology to social movement & organizational & psychosocial aspects of hospice care, 23497
death anxiety & attitudes toward prospective use of hospice services, 18–88 yr olds, 23521
effects of dying & death, physical & occupational therapists in hospice programs, 17058
emotional responses & interventions & hospice care, terminally ill children & adults, literature review, 9655
evolution of hospice care, needs satisfaction, gay males dying of AIDS, 16691
home care hospice program integrating AIDS & other medical patients, 27054
home vs hospice or hospital care, pain control & family anxiety & stress, terminally ill cancer patients & their caretakers, England, 34178
hospice awareness & discussion with terminally ill patients & attitudes toward hospice care, physicians, 12964
hospice caregiver assessment inventory, needs assessment, 39–86 yr old family caregivers of dying patients, 28085
life course perspective on & policy issues concerning hospices, terminally ill patients & their families, 2623
medical therapies & psychosocial care & disclosure of prognosis & staff relations & caregivers' involvement, hospital vs hospice care, US vs Great Britain, literature review, 40999
models for hospice & home care, victims of AIDS or AIDS related complex, 16734
music therapy, elderly hospice patients, 6229
need for mutual support groups, hospice staff, 37811
palliative care goals & services, dying children under age 16 yrs & their families, 30677
quality of death, terminally ill hospice vs nonhospice cancer patients, 2655
research trends & psychosocial assessment issues in hospice care & death & dying theory, 23495
spirituality & hospice care, implications for health care professionals, 6255
structure & operation of hospice program affiliated with teaching hospital, AIDS patients, Canada, 27067
time series methodology for evaluation of terminal care programs, 27056

Hospital Accreditation

accreditation or certification, quality of care, state psychiatric hospitals, 13112

Hospital Administration

administrative change from university governance to corporate management, psychiatric education & patient care, for profit hospital, conference presentation, 23690
administrative issues, psychiatric hospitalization, children & adolescents, 27196
changes in hospital administration & care, characteristics & needs of patients & families in acute care hospital, social work practice implications, 9805
computerization of clinical services in hospital department of psychiatry, 2810

involvement in administration of state hospital, feedback & communication, former patients & relatives & community mental health professionals, 13144
organizational & decision unit characteristics & board influence in not for profit community hospitals, 20205
survey of smoking policies, psychiatric hospitals, 6445
Hospital Admission [See Also Psychiatric Hospital Admission, Psychiatric Hospital Readmission]
age & sex & duration of stay, hospital admissions & discharges, mentally handicapped, 1971–73 vs 1977–79, Wales, 6441
AIDS testing at hospital admission as preventive measure, 13157
coerced vs voluntary admission to rehabilitation program, control over drinking & other outcome measures, hospitalized alcoholic males, 2 wk to 18 mo followups, 2956
delirium tremens diagnosis at 1st hospital admission, long term adjustment & social stability, alcoholic male patients, 6540
drinking patterns & injuries, emergency room admission patients, 6389
elicitation of alcohol drinking history via computer vs nurse vs psychiatrist during hospital screening interview, 16–60 yr old newly admitted patients, 37770
hospital admission pattern & treatment success, alcoholic or alcohol abusing patients, 1982–87, Ireland, 9870
hospital readmission rates, medical/surgical patients with vs without comorbid psychiatric disorder, 9769
indications for admission & treatment in general hospital inpatient unit, anorexia & bulimia patients, Canada, 6418
missed diagnosis of drug abuse, 18–65 yr old psychiatric inpatients, 34278
physical & mental health status & social support & hospital admission rate, elderly in public housing vs community residents, 9823
quality of alcohol histories taken by psychiatric registrars at teaching vs nonteaching hospitals, newly admitted patients, 37806
risk preferences & hospital admission rates, emergency room physicians, 3032
sociodemographic characteristics & mental disorder, male vs female general hospital psychiatric patients, Italy, 1986, 26056
stressors of repeated hospitalizations, mothers of physically disabled or multiply handicapped children, 37771
Hospital Attendants [See Attendants (Institutions)]
Hospital Discharge [See Also Psychiatric Hospital Discharge]
age & sex & duration of stay, hospital admissions & discharges, mentally handicapped, 1971–73 vs 1977–79, Wales, 6441
benefits of & criteria & guide for hospital discharge & parent training, children at home on low flow oxygen therapy, nursing implications, 2636
choice vs coercion in discharge planning process, hospitalized elderly patients, 13108
depressed mood & suicidal ideation & concomitant medical condition & inability to return to preadmission setting, length of stay, 59–87 yr olds admitted to psychiatric hospital, 37773
fatigue & emotional reactions during postpartum period, parents offered hospital discharge 24–48 hrs vs 6 days after birth, 9822
home help service, length of hospital stay & well being, 65–99 yr old outpatients with impaired mobility, Wales, 6460
interorganizational cooperation to link discharged inpatients to community support services, patients of hospital alcoholism unit, implications for case management & discharge planning, 6551
interorganizational cooperation to link discharged inpatients to community support services, alcohol rehabilitation, commentary, 6565
issues & risks involved in hospital discharge planning for brain injured patients, social workers, 27167
mailed questionnaires following release from hospital, response rate, 65–85 yr olds & older, Wales, 13161
perceptions of discharge prospects for mentally handicapped hospital patients, nurses, 9820
predictors of prognosis of posthospital vocational achievement behavior, adult depressive & other psychiatric inpatients, 1 yr followup, implications for vocational rehabilitation, 6382
psychosocial factors & differential rating on Older Americans Resource & Services interview, elderly medically disabled patients with outplacement problems at discharge from VA hospital, 9795
techniques for locating & interviewing after discharge from hospital, alcoholic males, 8 yr followup, 13254
temporal pattern of predischarge vs postdischarge stress, surgically treated cancer patients with vs without ostomies & their spouses, 12470
treatment & discharge planning, pathological gamblers, 23632
Hospital Environment
acute health care environment, hospital based social work practice, 9755
age appropriate emotional & developmental supportive hospital environment, 6 mo to 3 yr olds, 20177
anthropological perspective of hospital birth routines, 2597
cognitive developmentally enhancing environment, participation in day treatment center programing, clients, 2764
concentrations of female staff members, ward atmosphere, patients in secure wards in forensic hospitals, 27359
cooperation & unit management, professionals working in inpatient unit for disturbed families, England, 2757
design of activity room, satisfaction of recreational & emotional & developmental needs, hospitalized 12–16 yr olds, 9772
different hospital wards, occupational stress, nurses, New Zealand, 6592
environmental & developmental neonatology, psychological & biobehavioral well being, preterm infants, 30772
first vs last name use in psychiatric ward & milieu characteristics & relation to therapeutic community model, hospitalized psychiatric patients & staff members, 6383
home vs hospital birth, satisfaction & interaction with infant & feelings of control, 1st time mothers assessed during pregnancy vs 3 days vs 1 vs 3 mo postpartum, 6401
hospital environment, conception & inhibition of sexuality, 19–97 yr old males in long term care, 34292
hospital environment, development, hospitalized infants & toddlers, 6406
human design in psychiatric hospital planning & therapeutic processes, 6444
interhospital relocation, mortality rate, long stay psychiatric patients, 9797
length of stay in short stay units vs conventional hospital, adults admitted with psychiatric emergency, Canada, 30707
methodology for design & construction of psychiatric hospitals & influence of space perception on patient behavior, 6453
nonsmoking ward in psychiatric hospital, policy changes at other psychiatric facilities, 1 yr followup, 30755
organizational & functional principles in creation & maintenance of environmental milieu, psychiatric inpatients, 2853
organizational climate & supervisor & work group relations, prediction of perceived role ambiguity & occupational stress, hospital nurses, 23887
perceptions of work environment in special care baby unit vs children's orthopedic ward, general hospital staff, 37823
perceptions of workplace injustice, stress, hospital doctors & nurses, 13903
physical & psychological & emotional needs, pediatric hospital environment & design, children, 20187
psychiatric hospital demoralization as psychodynamic process, application of mathematical model, 34301
psychodynamics of psychiatric hospital ward, male chronic psychiatric patients & nursing staff, UK, 40965

psychodynamics of psychiatric hospital ward, male chronic psychiatric patients & nursing staff, UK, commentary, implications for psychiatric training, 40974
reduced ward space in intrahospital relocation, behavior, geriatric patients with moderate to severe organic brain syndrome or schizophrenia, 37798
responses to environment of & adults in inpatient pediatric burn care unit, 5–190 mo olds, 30768
satisfaction with ward physical & social characteristics & treatment, 23–84 yr old psychiatric patients in extended stay psychiatric hospital, England, 27222
security & signaling & function of circulation & public areas, environmental satisfaction, private hospital personnel, Mexico, conference presentation, 20199
sensory stimulation & other environmental factors in intensive care nurseries, developmental & physiological outcomes, premature infants, 20201
sleep wake & nap policies, average sleep onset latency & wake time after sleep onset & total sleep time, 30 yr old & older veterans on psychiatric wards, 40968
smoking ban, patient related problems & staff & patient perceptions, medical & nursing staff & psychiatric hospital patients, 30764
smoking ban, ward atmosphere, hospital psychiatric patients & staff, 23697
sociodemographic & family & clinical & hospital variables, prediction of psychiatric hospitalization outcome, 20–29 yr olds, conference presentation, 27202
space use & attitudes toward parental visiting, staff of neonatal intensive care unit, 20168
spatial organization of hospital wards for treatment of children vs in pre-1845 insane asylums vs for psychiatric patients in modern contexts, 6440
special units, nursing home patients with senile dementia of Alzheimer's type, 23679
therapeutic play environment & symbolic play, hospitalized handicapped 2–13 yr olds, 2779
treatment in open ward vs psychiatric intensive care unit, clinical improvement, patients with manic depression, 6390
type & number of patients treated in psychiatric unit vs chemical dependency unit vs general scatter beds, adults with mental or alcohol or drug disorders, 40979
use of anthropometric data in hospital environment design, independence & competence & control, 0–19 yr olds, 20193
use of hospital site visits as part of occupational health instruction, medical students, Israel, 41107
widespread idleness & need for activities & basic skills training & facilities, patients in public mental hospitals, 6454
within residence vs neighborhood or community density, risk of psychopathology, inpatients in urban psychiatric facilities, 12006

Hospital Programs [See Also Psychiatric Hospital Programs, Therapeutic Community]
activities & contacts & role as member of pediatric health care team, child care specialists in hospital setting, 37785
aims of group work & hospital inpatient program for management of anorexia nervosa, disturbed adolescents, 2787
application of cognitive disability & recapitulation of ontogenesis frames of reference, assessment of vocational readiness & development of vocational services model for partial hospitalization program, 9806
attitudes toward hospital based respite program, 54–87 yr old female family caregivers vs 60–95 yr old male veterans, 2790
attitudes toward hospital management alternatives based on DRGs, physicians, 27228
attitudes toward treatment in hospital child department, patients recovered from anorexia nervosa, 4–22 yr followup, 23642
automatic calendar, day & date recall as assessment of mental function, 46–80 yr old stroke inpatients, 16881
behavioral medicine programs in teaching hospitals, conference presentation, 16867
cardiac rehabilitation, sleep & arousal & relaxation & breathing methods & rest, patients with myocardial infarction, implications for occupational therapy, Great Britain, 30795
characteristics & insurance coverage of inpatient & outpatient treatment programs, patients with anorexia or bulimia or other eating disorders, 12591
client characteristics & help seeking behavior, alcoholic patients of community based agency vs hospital drug treatment unit, Scotland, 20273
client characteristics & treatment & treatment outcome, 65–91 yr olds in geriatric psychiatric unit, Australia, 23656
clinical & administrative restructuring of inpatient intervention program, drug abusing females, 27327
computer simulation model of patient flow in public hospital psychiatric emergency service, 9781
conjoint treatment, denials of payment, medical & psychiatric inpatients, 23651
control enhancement interventions, quality of life & psychological well being, frail elderly in long term care settings, 23696
cost analysis of decentralized local hospital psychiatric program, public hospital patients, 2841
cost effectiveness of family therapy oriented child psychiatry, hospitalized 1–16 yr olds with psychosomatic or somatic disorders & their families, 11–15 yr followup, Sweden, 16866
demographics & referral patterns & diagnoses, evaluation of hospital consultation–liaison psychiatry service, 14–88 yr old patients, 1984–85, 10 yr followup, 9762
dental treatment program in conjunction with medical center, developmentally disabled, 12948
development & organization & staff roles & patient characteristics of community hospital multidisciplinary psychiatric consultation liaison service, Canada, 13139
development of hospital play programs, Europe, 2793
disulfiram use at hospital based vs free standing alcoholism treatment centers, program directors, 20286
early social work diagnosis & intervention, meeting of DRG goals, hospitalized 65–92 yr olds, 23658
educational orientation to day hospital therapeutic milieu augmenting family & conjoint therapy, psychiatric patients & their families, 2849
educational videotape, treatment planning for 1–2 mo family oriented hospital program, borderline patients, 30744
evaluation of hospital teaching program for breast self examination, retention of knowledge & frequency & accuracy of examination, adult females, 9 mo followup, 23687
experience with discussion of resuscitation issue in hospital based home care program, 50 yr old & older patients & their family or friends or legal guardians, 27205
family based care system to enhance nursing home care, quality of life, relatives of elderly patients with Alzheimer's disease or other dementias, 23670
fiscal & service analysis, general hospital psychiatry department, Canada, 13121
formal support program, adaptation to transition from hospital to home care, mothers of high risk infants, 23482
group therapy, schizophrenic patients on short-term acute care unit, conference presentation, 9783
hospital based parent support group, parents of hospitalized children, 23700
hospital based primary prevention program, child abuse & neglect, mothers, 16896
hospital bereavement support program, survivors of spouses who died of cancer, Canada, 41005
hospital outreach community based health care, Kenya, 37779
hospital outreach program workers, enrollment in prenatal care, low income females, 30602
hospital PTSD treatment program, improvement stability & symptom relapse, male 35–44 yr old Vietnam combat veterans, 12–26 mo followup, 40992
hospital respite program, cognitive & functional status levels, 57–81 yr olds with Alzheimer's disease, 6449
incentive & commitment strategies for hospital based safety belt program, safety belt use, hospital employees, 13136

inpatient drug rehabilitation, chemically dependent adolescents, 37913
inpatient rehabilitation program, somatizing patients, Canada, 13123
inpatient treatment program, adults with dual diagnosis of drug addiction & affective disorder, conference presentation, 41006
inservice training & multidisciplinary approach, initial intervention with families with infants with Down's syndrome, hospital staff, 41139
integrated psychosomatic inpatient unit, West Germany, conference presentation, 16899
integration of state hospital & community based services, mentally ill patients, 9295
integrative model of simultaneous medical & psychiatric treatment & impact on staff, inpatients, 40973
interdisciplinary consultation liaison & ambulatory service at Yale University, psychiatrists & social workers & nurse specialists, conference presentation, 16878
interdisciplinary psychosomatic medicine unit, Canada, conference presentation, 16847
learning center providing for extensive &/or high technology health related activities for postdischarge functioning, oncology patients & their families & primary caregivers, 41008
liaison referrals to hospital Department of Psychiatry for Elderly, patients 65 yrs old & older, 1984–85, UK, 16850
Living with Asthma program of Children's Asthma Research Institute & Hospital & other self management programs & strategies, adults with asthma, 40961
medical-psychiatric units in general hospitals, conference presentation, 16859
medical psychotherapy in inpatient psychiatric setting, implications for psychiatrists, 13150
model child life program, stress & coping & adjustment & surgical recovery outcomes, 3–13 yr old hospitalized patients, 9828
occupational therapy enhancement of cardiac rehabilitation program, outpatients with heart disease, Great Britain, 30789
occupational therapy, inpatient treatment, patients with eating disorders, 6422
occupational therapy program development, medical & psychiatric patients, 30743
overview of research on client characteristics & rehabilitation & treatment delivery at drug dependence clinical research & treatment unit of general hospital, drug addicted inpatients, England, 20315
patterns of social work service delivery in acute care hospital, adult AIDS patients, 23674
perceptions of use of seclusion rooms, adult hospitalized nonsecluded psychiatric patients with vs without prior seclusion experience, 13166
pitfalls & pratfalls in general hospital consultation liaison psychiatry, 13146
post myocardial infarction education program, knowledge level, hospitalized coronary heart disease patients & spouses, 9763
priority ratings of maternal & infant postpartum teaching topics, 15–36 yr old mothers during puerperium hospital stay, nursing implications, 13103
program & client characteristics of treatment system based on minimal institutionalization, bed utilization, urban psychiatric patients, 20212
programing guidelines for partial hospitalization, chronically mentally ill 18–35 yr olds, 20196
psychiatric consultation activities & dual diagnoses, hospital patients with drug &/or alcohol problems, Canada, 13244
psychiatric consultation in hospital rheumatology unit, patients with systemic lupus erythematosus or rheumatic arthritis or fibrositis, Canada, 13102
psychiatric consultation liaison services to hospital obstetrics & gynecology department, Canada, 13156
psychiatric consultation, oncology hospital patients & their families, Canada, 13141
psychiatric liaison program, consultation rates & detection & treatment of minor psychiatric disorders, patients in gynecologic oncology unit, conference presentation, 37804
psychiatric liaison service on general hospital obstetric unit, postnatal depression, 21–38 yr old females, England, 37767
purpose & development & outcomes of cooperative care unit, acute care patients, 6465
quality of care in long stay hospital vs home setting, profoundly mentally retarded children, 16278
ranking of satisfaction & curative factors in music vs verbal inpatient group psychotherapy, short term adult inpatients, 20176
rational & irrational considerations in general hospital psychiatric service, 9793
residents' newsletter as therapeutic tool in nursing home facility, elderly, 34300
rituals in treatment program of residential adolescent psychiatric unit, Norway, 30708
role in assessment & management of & risks in caring for hospitalized psychiatrically disturbed mothers & their infants, psychiatric nurses, 34290
sex education course in adolescent treatment program, 15–18 yr old emotionally disturbed day patients, 27239
structure & operation of hospice program affiliated with teaching hospital, AIDS patients, Canada, 27067
systems model of short-term open-ended group therapy in hospital setting, conference presentation, 9754
theoretical issues & organization & functioning of hospital psychosomatic outpatient clinic, 17–58 yr old patients, East Germany, 2 yr followup, conference presentation, 16874
therapeutic recreation activities in nursing home setting, isolated residents, 34293
types & treatment applications of individualized social network planning, chronic psychiatric patients, 6241
Hospital Staff [See Medical Personnel]
Hospitalization [See Also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Psychiatric Hospital Admission, Psychiatric Hospital Readmission, Psychiatric Hospitalization]
age appropriate emotional & developmental supportive hospital environment, 6 mo to 3 yr olds, 20177
age, patterns of hospital service utilization, children given primary psychiatric diagnoses in short term general hospitals, 2858
anticipated vs actual benefits of hospitalization, 12–17 yr old surgical patients, 27241
body weight & decrease in norepinephrine levels during 1st 3 wks of hospitalization, patients with anorexia nervosa, 30745
causes & frequency of acute hospitalization & cause of death, 75–95 yr olds with dementia in long term care facility, 37831
changes in suicidal behavior & psychosocial functioning during hospitalization, 6–12 yr old psychiatric inpatients, conference presentation, 40994
cognitive & emotional factors & illness state & type of approach & instrumentation, research on psychosocial behavior, hospitalized adolescents, 20172
community based system of care, length of hospital stay & use of mental health services, long stay & long term psychiatric patients, 2 yr followup, Italy, 2666
demographic & medical & social characteristics, refusal of hospitalization, patients 65 yrs old & older, conference presentation, 13094
discrepancies in illness orientation & therapeutic goals & expectations & family involvement, family centered care, parents of children repeatedly hospitalized with chronic illnesses, 2836
effective inpatient alcoholism treatment, 30811
effectiveness & costs of inpatient vs outpatient detoxification program, adult males with mild to moderate alcohol withdrawal syndrome, 6 mo followup, 27318
family environment & hospitalization & coping skills as defined by DSM-III diagnosis, hypothalamic pituitary adrenal axis activity, adolescents, 20217

hospital based parent support group, parents of hospitalized children, 23700
hospitalization & client characteristics, resiliency, children, 9757
hospitalization & surgery, psychological responses, children, literature review, 16776
hospitalization, fears & negative behaviors & anxiety, urban vs rural 4–17 yr olds, 2852
hospitalization in pediatric ward induced regression to infancy, establishment of emotional mutuality, 6 & 10 yr old females & their mothers, case reports, Japan, conference presentation, 6463
hospitalization, physical growth & psychosocial development, nonorganic failure to thrive children, meta analysis, 16861
humor & play, coping with stress of illness & hospitalization, children, 37778
incidence of injuries resulting in hospitalization, elderly nursing home residents vs community dwellers, Canada, 13149
inpatient & outpatient treatment design, 25 yr old female with borderline personality disorder who attempted suicide, 30158
inpatient vs outpatient medical detoxification, alcoholic male veterans, conference presentation, 13250
interactive decision making model for when to forego hospitalization for elderly, patients & physicians & families, 27221
medical complications & length of hospitalization, intellectual & communication & motor development, low birth weight infants, 12980
mood & interpersonal behavior & other activities, 13–19 yr olds hospitalized after suicide attempt, 20215
neglect & family dysfunction, hospitalization, asthmatic children assessed by pediatric psychosocial personnel, 30715
number & length of hospitalizations during preschool yrs, reading & vocabulary & mathematics achievement & psychosocial development, children evaluated at ages 5 & 10 yrs, Great Britain, 2795
play therapy in acute pediatric care & inpatient admission & crisis management, abused children, 2765
presence of delirium & length of hospitalization, older adults, 13158
progress in physical abilities & activities of daily living, 36–88 yr olds admitted to stroke unit, 9 mo followup, 37800
sensitizor vs repressor coping styles, responses to hospital procedures, 4–10 yr olds hospitalized for minor surgery, 30727
stress & coping framework of R. Lazarus, management of hospitalization experience, male 13 yr old receiving corrective surgery for scoliosis, 13155
symptoms & etiological factors at 1st admission & relation to later compulsory treatment, alcoholic patients ordered into treatment, longitudinal studies, Sweden, 6509
timing of psychiatric consultation & coexisting depression, length of hospital stay, medical & surgical patients, implications for DRGs, 2754

Hospitalized Patients

activity sessions vs time spent on ward, engagement level, 71–89 yr old hospitalized demented patients, 9765
alcohol dependence prevalence, hospitalized patients, 40975
anxiety, parents who did vs did not room in with their hospitalized 3–8 yr olds, 27182
application of moral development theory to therapeutic intervention, adolescent gangs in treatment units, 30712
assaultive behavior measured by charts & ward journals vs official reports, male schizophrenic inpatients under 36 yrs old, 6392
attitudes toward student doctors' provision of health care, maternity patients, 13143
autobiographical scrapbook, coping with hospital experience, hospitalized 6–12 yr olds, 2838
average length of stay, medical psychiatric unit inpatients, 23704
case managed care for cost containment, premature discharge, hospitalized catastrophically ill male 24 yr old who had attempted suicide & who had excellent inpatient benefits, 41002
causal attributions for accident & recovery & future accidents, 59–85 yr old hip fracture patients, 2784
changes in hospital administration & care, characteristics & needs of patients & families in acute care hospital, social work practice implications, 9805
characteristics of & satisfaction with inpatient consultations & referrals, physicians & nurses & social workers at pediatric hospital, 20198
chart review of health service delivery & post hospitalization disposition, elderly inpatients with dementia, 20170
clinical & legal aspects of monitoring sexual behavior & assault, hospitalized psychiatric patients, 27209
clinical condition at admission & early improvement, psychiatric inpatients, 34319
cognitive object representations of family & treatment team members & friends & symptomatology, 15–23 yr old long term psychiatric inpatients, 29620
cognitive psychotherapy & milieu therapeutic processes, hospitalized psychiatric patients, Sweden, 40993
cohesion in brief inpatient group psychotherapy, therapeutic work of separation, hospitalized psychiatric patients, 37776
complications of individual psychotherapy, inpatients in general psychiatric hospital, 2824
computers, rehabilitation, hospitalized elderly, 13192
construction & reliability & validity of Child Consultation Rating Scale, assessment of psychopathology, 1–17 yr old hospitalized patients & their families, 35149
convergent & discriminant validity of Oucher self report, measurement of pain intensity, hospitalized 3–12 yr olds, 7071
countertransference during acute psychiatric hospitalization, adolescents, 2791
decompression treatment, secluded 20–38 yr old male psychiatric inpatients with aggression & self abuse & hoarding & hygiene decompensation, 23677
demographic & family composition & life events & behavior characteristics & residential instability, 12–18 yr old psychiatric inpatients, 34317
demographic characteristics & arrest rates, adult inpatients vs outpatients treated at community mental health center, 1975 vs 1983, 1–9 yr followup, 2686
demographic characteristics & memory & perceptions of seclusion treatment, hospitalized schizophrenic patients, conference presentation, 40972
demographic characteristics & somatoform diagnosis & reasons for & outcomes of psychiatric consultations, medical inpatients, followup study, 41004
denial, medical outcome during acute hospitalization, patients with angina, 30746
depression & denial & withdrawal in interactions with seriously ill hospitalized child, mothers, 30100
depression, 17–72 yr old medical & surgical inpatients, Greece, 33585
design of activity room, satisfaction of recreational & emotional & developmental needs, hospitalized 12–16 yr olds, 9772
detection & treatment of major depression, elderly medically ill hospitalized patients, 9789
development & construct validity of consumer satisfaction questionnaire, measurement of satisfaction with hospital environment & treatment, psychiatric inpatients, 35140
development & interrater reliability & factor analysis of rating scales to assess collaboration in milieu treatment & relations with staff, chronic hospitalized psychiatric patients, 17556
development & reliability & validity of Psychosocial Severity Index, inpatient social work cases, 7114
development of schema & checklist for interventions in consultation liaison psychiatry, 6414
diagnostic & demographic & psychosocial variables, suicide rate, 18–71 yr old psychiatric inpatients vs patients discharged within 1 yr, Switzerland, 33325

dynamic & expressive approach to brief inpatient group psychotherapy, schizophrenic inpatients, implications for therapist recognition of appropriate techniques, 16458
early social work diagnosis & intervention, meeting of DRG goals, hospitalized 65–92 yr olds, 23658
establishment of group occupational therapy program in acute psychiatric admission ward, psychiatric inpatients, 6433
ethical & legal issues in treatment, psychiatric inpatients with AIDS, 13169
ethical issues in deinstitutionalization & relocation of long term hospitalized elderly clients, psychologists in psychiatric hospital interdisciplinary team, 9780
etiology & manifestations of amedicus syndrome, hospitalized patients in group health care, 2855
etiology & symptoms & diagnosis & treatment of hyponatremia presenting as exacerbation of schizophrenia, 49 yr old female psychiatric inpatient, case report, 6432
factor analysis of St. Mary's Hospital Sleep Questionnaire, hospitalized adult rheumatic patients, 24615
factor structure of brief self report symptom checklist, acute psychiatric inpatients, 21112
factors in & management of violence in treatment unit, adolescent psychiatric inpatients, 2753
factors predictive of cognitive disturbance, institutionalized vs hospitalized 66–99 yr olds, 20207
family intervention with psychoeducation & regular treatment, male vs female inpatients with schizophrenia vs major affective disorder vs other diagnosis, 18 mo followup, 6043
fieldwork relationships on hospital AIDS ward, researcher & staff nurses & patients, 16880
frequency & characteristics of aggressive & hostile behavior, 69–94 yr old psychogeriatric inpatients, Sweden, treatment implications, 20197
frequency of admissions & discharges from & quality of care in federal vs nonfederal hospital psychiatric units, mentally ill patients, 1970–80, 2854
general systems concept analysis of health care services, hospitalized patients, 6461
group art therapy, 5–8 yr olds in crisis hospitalized in psychiatric unit, 5913
group dynamics in hospital unit setting, psychiatric inpatients, 2755
group psychotherapy, heterogeneous short term psychiatric inpatients, 37815
group psychotherapy in long term psychiatric setting, low vs medium vs high functioning inpatients who were priests or vowed religious, 19845
guidelines for response to psychiatric inpatients' threats against president, institutions, 20371
healing value of fairy tales, hospitalized children & adolescents, 2783
health problems & etiology of acute confusion, hospitalized 65–91 yr olds, Canada, 30069
hidden eating disorders, psychiatric inpatients, England, 29676
hospital environment, development, hospitalized infants & toddlers, 6406
"Hospitalization Week" program at university medical school, understanding needs & problems of hospitalized patients, medical students, Israel, 13303
hypnosis, distress & coping with life threatening illness & medical procedures & surgery & rehabilitation, hospitalized patients, 20219
identification & inpatient treatment model, substance abusing college students, 27354
identification of predictors of assault on inpatient psychiatric staff, assaultive vs nonassaultive patients, 23666
identification of risk factors associated with development of delirium, hospitalized 60 yr olds & older, 27220
illness & hospitalization & patient & environmental characteristics, depression, 18–59 yr old medical inpatients, 20084
incidence & onset of & factors associated with confusion, hospitalized 60 yr olds & older, 30728
incidence of & risk factors associated with & staff reactions to patient assault, hospitalized psychiatric patients & assaulted nurses, 23665
incidence of out of body experiences & frequency of dream recall, Black vs White hospitalized patients, 13137
incidence of panic disorder & panic attacks, psychiatrically hospitalized 7–12 yr olds with separation anxiety or depression or other disorder, 15609
individual & family & group psychotherapy, patients in psychiatric hospitals, 1975 & 1980–81, 2812
injuries from inpatient violence, nursing vs professional staff, 1 yr study, 27188
inpatient treatment, patients with dual diagnosis of chemical dependency & psychiatric disorder, 30851
inpatient vs outpatient status, polydrug prescription & dosages of psychotropic drugs, 24–85 yr olds with bipolar vs unipolar depression vs schizoaffective disorders, England, 40742
insight oriented group psychotherapy, 7–12 yr old psychiatric inpatients, 27226
institutional transference, hospitalized patients, 30747
integrated inpatient treatment & therapy program, females with severe anorexia nervosa, 2 yr followup, 37781
intensive inpatient psychiatric & rehabilitation program, young adults with chronic mental disorders & no response to traditional treatment, 37796
interactions with child life interns & nurses & parents, psychosocial adjustment, hospitalized 1.3–15.5 yr olds, 20174
interdisciplinary team approach to psychosocial care in pediatric unit, diabetic 11 yr old male & his family, 30759
issue specific systematic play intervention, emotional & developmental support, hospitalized 0.5–3 yr old patients & their families, 2788
issues involved in diagnosis & treatment, adolescent inpatients, 6430
legal issues & role in determining competency to consent, psychiatrists in general hospitals, Canada, 13124
legal issues in nongovernmental inpatient psychiatry in general & private hospitals, 2829
life skills training, communication & social interaction, male psychiatric inpatients, 1 yr followup, 2374
loneliness & regression & dreams & preoccupation with bowel function, hospitalized 65 yr olds & older with psychiatric disorders, 23698
male predominance & childhood & self injurious behavior, firesetters in prison or hospital, Ireland, 1827
medical psychotherapy in inpatient psychiatric setting, implications for psychiatrists, 13150
medical vs everyday language use in hospital environment, physicians & student nurses & hospital patients, 30714
mental health services, inpatients in metropolitan vs nonmetropolitan counties, 37829
milieu techniques in acute short term inpatient care, schizophrenic patients, conference presentation, 40978
missed diagnosis of drug abuse, 18–65 yr old psychiatric inpatients, 34278
model child life program, stress & coping & adjustment & surgical recovery outcomes, 3–13 yr old hospitalized patients, 9828
modified cost benefit analysis of hostel ward, long stay psychiatric patients, England, 2798
nature & management of splitting, hospitalized psychiatric patients, implications for staff education, 30731
nature experiences, fear & anxiety levels, hospitalized 4–17 yr olds, 6415
nonneuroleptics or low doses of low potency antipsychotics, rehospitalized psychiatric patients with history of neuroleptic malignant syndrome, implications for prevention, 40768
nonseclusion policy, violent incidents, hospitalized psychiatric patients, England, 27216

norms for Child Behavior Checklist, 6–16 yr old psychiatric inpatients, 17545
nurses' perceptions of & adjustment, 64–81 yr old difficult patients, 6400
opinion of value of work programs for hospitalized psychiatric patients & impact of legal decision, psychiatric hospital psychiatrists & rehabilitation specialists & patient advocates, 6381
parallel process during case conferences in inpatient psychiatric ward, 20 & 26 & 27 yr old male patients & therapists, 41003
patient characteristics, lack of access to community care, psychiatric patients hospitalized longer than therapeutically necessary, 2585
patient clinical problems & staff splitting & countertransference issues, female 36 yr old inpatient with conversion disorder, case report, 16868
patterns of psychiatric consultations & client characteristics, inpatients, Israel, 13151
patterns of social work service delivery in acute care hospital, adult AIDS patients, 23674
paygrade levels for active duty & previous psychotic condition, hospitalized 17–52 yr old enlisted Navy personnel with functional vs organic psychotic diagnoses, 34305
peer review process, treatment evaluation, professionals treating hospitalized patients, 40971
perceptions of families' needs, intensive care nurses vs families with hospitalized relative, 13107
perceptions of use of seclusion rooms, adult hospitalized nonsecluded psychiatric patients with vs without prior seclusion experience, 13166
philosophy of care, psychosocial & cognitive development & family function, 13–24 mo olds with congenital hypoventilation syndrome in intensive care unit, 37790
physical confinement vs time out, aggression, 18–53 yr old long term hospitalized psychiatric patients, 27200
play & symbolic expressive behavior, mastering developmental & critical experiences during hospitalization, children, implications for health care workers, 2823
play development & enhancing dramatic play & self development, hospitalized children, 2773
poetry writing group, 22–65 yr old psychiatric inpatients, 13117
policy issues in use of restraints & alternate care & management techniques, geriatric patients in hospitals & nursing homes, 16890
preadmission adaptive functioning, prognosis, adult general hospital psychotic patients, 2816
predictors of length of hospital stay & nursing home admission & 6 mo mortality & other outcomes, patients 70 yrs old & older admitted to acute care unit, 20195
preenlistment nonpsychotic condition & paygrade, diagnosis, 17–60 yr old enlisted Navy personnel hospitalized for personality or other mental disorder, implications for screening during recruitment, 33088
presence & communication of suffering, hospitalized children, 30613
presentation of dual diagnosis, 14–17 yr olds admitted to short term residential chemical dependency unit, 30846
prevalence & treatment of alcoholism, 28–71 yr old patients in internal medicine ward, Sweden, 16851
prevalence of alcohol problems & other psychiatric disorders, hospitalized patients, UK, 19351
prevalence of alcoholism, hospitalized medical patients, Spain, 6446
prevalence of benzodiazepine abuse & dependence, hospitalized psychiatric patients, West Germany, 40998
prevalence of depression, 66–98 yr olds admitted to geriatric hospital unit, 29612
prevalence of spouse abuse, 17–80 yr old male & female psychiatric inpatients, Canada, 27208
problems & interventions & training & clinical experience with alcoholic patients, medical surgical nurses, 2895
professional supervision for treatment termination, staff of psychiatric unit scheduled to be closed, 34291
promotion of self esteem, hospitalized adolescents, 2817
proposal for standardization of psychiatric consultation-liaison data, Netherlands, 27206
psychiatric comorbidity & length of hospital stay, medical patients, conference presentation, 27195
psychiatric consultation patterns & rates among medical specialties in general hospital, patients, Canada, 9801
psychiatric diagnosis & EEG & psychological test data & social history, violence, male forensic hospital patients, 27362
psychiatric hospital & outpatient care, children & adolescents, Sweden, 13138
psychiatric hospital treatment termination against permission, hospitalized psychiatric patients, UK, 34334
psychiatric liaison referrals, inpatients 65 yrs old & older, England, 6266
psychiatric patient suicide, therapeutic milieu, hospital nursing staff, 20189
Psychiatric Severity of Illness Index vs DRG criteria, determination of psychiatric case mix groups with respect to homogeneity of hospital stay & resource use, psychiatric patients, 27210
psychiatric symptoms & social disability & severity of psychiatric illness, psychiatric inpatients vs day patients, 34289
psychoanalytic approaches in hospital treatment, suicidally depressed 41 yr old male, 16862
psychodramatic techniques in brief psychotherapy, psychiatric & substance abuse inpatient groups, 30765
psychogeriatric hospital consultation, elderly patients, Italy, 6 yr study, 40963
psychological distress, geriatric vs middle aged medical inpatients, 12987
psychometric evaluation of Child Behavior Rating Form, assessment of behavioral & emotional symptoms, 6–12 yr old psychiatric inpatients, 10608
psychotherapeutic factors, inpatient vs outpatient therapy groups, implications for therapeutic techniques, 6024
psychotherapy vs milieu therapy vs vocational rehabilitation, psychosocial outcome, inpatients with schizophrenia, Norway, 2792
purpose & development & outcomes of cooperative care unit, acute care patients, 6465
ranking of satisfaction & curative factors in music vs verbal inpatient group psychotherapy, short term adult inpatients, 20176
rate & severity of assaults on staff & other patients, adult psychiatric inpatients, 27235
ratings of adaptive functioning of 4–13 yr old psychiatric inpatients, parents vs clinicians, 19025
rehabilitation potential, long stay psychiatric inpatients under 65 yrs old, Scotland, 40984
relevance of psychiatric research to clinical assessment & treatment, psychiatric inpatients, 2833
reliability & implementation of parental participation in care instrument, parents of hospitalized children, 76
revision & implementation & analysis of patient satisfaction questionnaire, assessment of nonphysician care & services, hospitalized patients, 21089
right to bonding, infants with HIV confined to hospitals due to abandonment by infected mothers, 40988
role in treatment of violent patients in general hospitals, psychiatrists, 23647
Rorschach correlates of treatment difficulty, hospitalized psychiatric patients, 30723
satisfaction with diabetes education program, 18–70 yr old inpatients vs outpatients, 20056
self vs parental reports of perceived changes in feelings & behavior, 5–17 yr old siblings of hospitalized children, 29900
sexual behavior policies, institutionalized adolescent psychiatric patients, 13163
simultaneous application of treatments with different theoretical bases, hospitalized psychiatric patients, Hungary, 30767

sleep onset latency & distress & self soothing bedtime behaviors, hospitalized 3–8 yr olds with non-rooming-in parents, 27245
stability of Wide Range Achievement Test scores, 9.1–17.8 yr old psychiatric inpatients, 22–440 day followup, 31256
stimulation, affective behavior & weight gain vs loss, hospitalized failure to thrive 3–16 mo olds, 2789
structured activities, appropriate & inappropriate behavior, 27–42 yr old male chronic psychiatric inpatients, 34341
style of attribution & coping behavior, adult hospitalized suicide attempters vs patients with depression, 2843
suggestions for initial general hospital psychiatric consultation interview, participation & rapport with therapist, clients, 30773
suicide by self starvation or treatment noncompliance, bedridden aged patients with major depression, clinical & legal implications, 36691
suicide, psychiatric inpatients, literature review, 23701
techniques in prevention & treatment of assaultive behavior, child & adolescent psychiatric patients in hospitals or residential care institutions, 23663
theoretical nursing model, prediction of violent behavior, hospitalized psychiatric patients, 30750
therapeutic management protocol, use of seclusion & restraint in psychiatric units, disruptive 16 yr old inpatient, 34303
therapeutic play environment & symbolic play, hospitalized handicapped 2–13 yr olds, 2779
treatment needs & outcomes, hospitalized adolescent psychiatric patients, 2-yr followup, 2826
validity & reliability of direct observations vs ratings of parent child interaction in neonatal intensive care unit, families of hospitalized infants, 2763
validity of Hospital Anxiety & Depression Rating Scale, 67–89 yr old psychiatric patients, 14129
validity of Missouri Inpatient Behavior Scale, assessment of symptom & behavior change, adult chronic psychiatric inpatients, 6 mo study, 10582
videotape recorded playback in psychiatric treatment, adult psychiatric inpatients, 13091
visiting & telephoning patterns, parents of hospitalized very low birth weight premature infants, 6 wk study, 40828
weight & symptoms & psychopathology & illness duration & treatment attitudes, inpatients vs outpatients with anorexia nervosa &/vs bulimia, Canada, 30742
6 wk inpatient vs outpatient alcoholism treatment vs single confrontational interview, recidivism, alcoholic patients, New Zealand, 6511

Hospitals [See Also Psychiatric Hospitals]
administrative change from university governance to corporate management, psychiatric education & patient care, for profit hospital, conference presentation, 23690
behavioral medicine in general hospital, medical & psychophysiological & psychosomatic problems, patients, 30733
bioethical dilemmas of empathy & treatment refusal & role of psychiatrist in chronic disease hospital, 70 yr old male with diabetes complications & 24 yr old quadriplegic male with respiratory problem, 13105
characteristic experiences & organizational tasks & structures & cultures of VA medical system, mental health professionals, 3046
community hospital & mental health agency service delivery, deinstitutionalization, mentally ill patients, conference presentation, 9709
determinants of general hospital emergency room visits for psychological problems, patients, India, 9751
development of measure of quality of life in continuing hospital care or nursing homes, nursing staff, 38649
DRG prospective payment system for Medicare hospitalization, perception of fiscal constraint & care services measuring organizational response, hospital chief executives & patients, 37784
economic & organizational characteristics of general hospitals vs patient needs, establishment of inpatient psychiatric units in teaching vs nonteaching hospitals, 30718
economic changes in health care provision & use, implications for psychological services in hospital setting, 6426
evaluation of psychiatric rehabilitation programs in community & hospital agencies, 1981–84, 9684
frequency of admissions & discharges from & quality of care in federal vs nonfederal hospital psychiatric units, mentally ill patients, 1970–80, 2854
frequency of use of restraints in chronic care hospitals & nursing homes, 65 yr olds & older, Canada, 40996
health-belief-model based clinical & telephone intervention, treatment or referral compliance, hospital emergency department patients, 30740
hospital based consultation liaison psychiatry research program, Canada, 13145
incidence of & physical symptoms associated with diagnoses of anxiety or panic disorder, patients in immediate care facilities, 6447
legal developments in medical credentialing to practice in hospital settings, mental health professionals, 34451
management & impact, hospital hostage incidents, staff, 23699
medical therapies & psychosocial care & disclosure of prognosis & staff relations & caregivers' involvement, hospital vs hospice care, US vs Great Britain, literature review, 40999
need for role development & marketing & managerial skills in hospitals as potential practice area, psychologists as business entrepreneurs, 30946
organizational & decision unit characteristics & board influence in not for profit community hospitals, 20205
place of presentation for & diagnosis & treatment of substance abuse, general psychiatric patients, 16863
policies & staffing & performance of general hospital based psychiatric acute observation unit, 20166
power, abuse by children & in hospitals & nursing homes, elderly, 34285
predictors of success in rehabilitation at Vermont State Hospital, disabled & chronically mentally ill patients, conference presentation, 6471
prescription patterns for diazepam & oxazepam at district hospitals vs regional medical catchment areas, Czechoslovakia, conference presentation, 2542
procedure for research on veridical perception during near death out-of-body experiences in hospital setting, 30738
psychotherapy & hypnotherapy, hospital phobia, 28 yr old female with somatoform & dependent personality disorder, case report, 37304
quality of evaluation & treatment by primary physicians in 2 clinics in military general hospitals, children with attention deficit disorder, 37791
reduced demand for inpatient services, corporate reorganization, 9776
restrictive worksite smoking policy, smoking related behaviors & attitudes & air quality, hospital employees, 6 & 12 mo followup, conference presentation, 27390
selection & training & development, medical psychiatry unit nursing staff, 30873
simulation model of DRG based prospective payment system for Medicare coverage of psychiatric care in general hospitals, 16860
somatic manifestations, adult depressive patients in rural inpatient vs outpatient vs mobile unit service, Greece, 5868
thanatologic setting & factors of burnout, hospital social workers, 34454
treatment & posttreatment followup at pediatric hospital vs Department of Social Services, sexually abused children & adolescents, Greece, conference presentation, 37233

Hostages
emotion vs problem focused coping instruction, adjustment to simuated abduction, adults with internal vs external locus of control, 5082
group psychotherapy, adult former hostages of terrorists, Denmark, 16466
management & impact, hospital hostage incidents, staff, 23699

terrorism, long term psychological & psychosomatic aftereffects, hostages & their families, Netherlands, 9 yr study, implications for preventive care, 40056

Hostility

aggression & hostility & depression & obsessionality, patients with Gilles de la Tourette syndrome, 5771

amount of helplessness training & information on probability of success, frustration & hostility & motivational involvement & task performance on unsolvable problems, college students, 28356

anger expression & hostility & general conversational skill in challenging vs nonchallenging interactions, Type A vs Type B male college students, 18905

anxiety & depression & hostility, mothers of preterm infants at discharge vs 9 mo old, 16044

anxiety & hostility levels, married vs unmarried females 24 hrs prior to vs 1 mo after having abortion, India, conference presentation, 37674

appreciation of hostile vs nonhostile humor, Type A vs Type B 41–80 yr olds with coronary heart disease vs college students, 22934

arousal of hostility, appreciation of humor & mood, female college students with internal vs external health locus of control, 1467

assessment of severity of anxiety & depression & somatization & anger/hostility, 24–60 yr olds with hypochondriasis vs family practice vs psychiatric outpatients, 26542

brief vs extended exposure to uncontrollable failure, hostile vs depressive self schemata responding & content recall, Type A vs Type B college students, 39975

childhood origins of Type A behavior & hostility & cardiovascular reactivity to stress, literature review, 7988

construct validity & inner structure of Cook Medley Hostility scale, assessment of cynicism & hostile aggression, male vs female college students, 24594

control of anger & hostility, Toraja, Indonesia, 4804

coronary prone behavior & hostility & other risk factors, acute myocardial infarction patients, 19653

CSF 5-HIAA concentrations & hostility, healthy adults, 11101

depressed mood & repression, expression of anger & overt hostility, female college students, 32856

exposure to Playboy vs Penthouse magazines, sexual vs hostile aggressive fantasies, male college students, 39874

factors influencing hostility toward lesbians & gay males, development & validity of attitude scale, heterosexual male vs female college students, 36346

frequency & characteristics of aggressive & hostile behavior, 69–94 yr old psychogeriatric inpatients, Sweden, treatment implications, 20197

frequency & intensity of nail biting & oral aggression & trait anxiety & intro- vs extrapunitive hostility, college students, Turkey, implications for oral personality, 11810

heritability of Cook & Medley Hostility Scale & Cynicism & Paranoid Alienation subscales, adult male monozygotic & dizygotic twins, implications for study of coronary heart disease, 3563

hostility & criminology, 18–65 yr old male schizophrenic patients, 19266

hostility & guilt, depressed patients, 19119

hostility & relation to choice of medical specialty, medical residents, India, 9956

hostility & social support & life stress, anger proneness & physiological reactivity during high vs low interpersonal conflict, male college students, implications for disease vulnerability, 29962

hostility as risk factor for mortality & ischemic heart disease, 40–59 yr old males, Finland, 16133

hostility, BP & heart rate & risk of coronary heart disease, college students, 30129

hostility, coronary heart disease & mortality, male college students, 33 yr followup, 37048

hostility of nonverbal communication, peer judged popularity, 5th–6th graders, 25624

hostility, smoking & alcohol consumption, Mexican Americans, 22298

intropunitiveness, responsiveness to cognitive intervention, parasuicidal inpatients, 26777

offense characteristics & response style, self reported hostility, male sexual offenders, 26243

peripheral arterial disease & hostility, 31–46 yr old male veterans, 40430

personality characteristics & attitudes assessed by MMPI, prediction of development of coronary heart disease, adult males, 30 yr study, 5707

predictive validity & item content of Cook-Medley Hostility Scale, assessment of adverse health outcomes & early mortality, adults, 28056

psychological correlates of Hostility scale of MMPI vs independent behavioral ratings of hostility, male 42–56 yr olds, 39983

reactions to & perceptions of prosocial vs hostile nonverbal behaviors with teacher vs nonteacher label, 9–17 yr old students, implications for teaching behavior, 31172

reliability of individual Rorschach cards & validity of A. Elizur's scoring method, assessment of hostility, depressed patients, India, 35130

resentments toward parents & home & college, male vs female college students, India, 3242

score norms of Hostility & Direction of Hostility Questionnaire, adult females, implications for test manual discrepancy, 7148

scores on MMPI with vs without correction for defensiveness, scores on other hostility measures, adults, implications for psychosomatic medicine research, 28050

separation anxiety & hostility & loneliness & developmental issues, alcoholism, adolescents, 8897

social support networks & type & level of stress, psychosocial correlates of cynical hostility at home & work, college students & married couples, 25959

stress & hostility in family environment, families of nonorganic failure to thrive infants, 5608

systolic & diastolic BP & heart rate during social interaction, high vs low cynically hostile male college students, 35683

therapeutic strategies following induced hostility, evaluation of & level of reward given to confederate, female college students, Italy, implications for therapeutic evaluation, 8382

threatening life events & hostility, self poisoning 17–35 yr olds with vs without depressive syndrome, 32941

trait hostility, health habits, college students, 8440

Type A behavior & hostility potential & parental hypertension, BP responses to cognitive & motor coordination & exercise stress, 6th–12th graders, 19569

Type A behavior pattern vs hostility, risk of coronary heart disease, literature review, 9030

validity of abbreviated reactive & neurotic hostility subscales of Buss-Durkee Hostility-Guilt Inventory & 4 other anger scales, parents of elementary school students, 31662

Hot Line Services

age & sex, utilization of community telephone service providing support & information & assistance, latchkey children, 2704

client characteristics & problems, callers to suicide hotline & other telephone counseling services, US vs West Germany, 40935

community mental health center based suicide prevention & intervention program & hotline, adolescents, 13053

expectations & evaluation of helpline services, callers 15 yrs old & older, 23617

expectations, effectiveness of telephone crisis line, callers & counselors, Yugoslavia, implications for suicide prevention, 2716

guidelines for caller support & crisis evaluation & intervention, nonprofessionals receiving suicidal phone calls, 6307

information & emotional support provided by Bright Beginnings Warmline, caregivers & parents of children from birth to 5 yrs old, 13022

investigation of protective service hot line & cases of child sexual abuse, 1 yr followup, 13042

nature & frequency of social vs stranger sexual assault, adolescent & adult callers to service for sexual assault victims, 1832
organization & implementation & initial experience of eating disorders hotline on college campus, 27758
peer counselor hotline, callers over age 60 yrs, 23579
perceptions of helpful behaviors of telephone volunteers, crisis center callers with interpersonal or emotional problems, 30679
psychosocial support agency & telephone service, coping with stress & family welfare, parents of multiple birth children, 34224
telephone crisis lines in suicide prevention & caller characteristics, callers & staff, US vs Yugoslavia, 27148
Household Management
age & sex & other factors, time spent in household activities, rural 6–17 yr olds, 1098
assistance with daily activities & housing conditions & adjustments & financial position & activity limitations, households headed by elderly, 5 yr study, 15251
behavioral techniques, modification of home cleanliness, families adjudicated for child neglect, 2439
division of labor in household & socialization to & significance of work, activity patterns, families with 6 yr olds, 4863
household management & child care & financial contribution & return to work following birth of 1st child, household division of labor, married females, England, 32 mo study, 39755
involuntary participation in family work, violence towards children, mothers & fathers, 26268
parenthood, gender division of housework & child care & employment, couples, England, 25745
perceived social norms & preferences for division of paid work vs housework vs child care between husband & wife, male vs female college students, Japan, 25812
personality & attitudinal factors, division of household labor & marital happiness, couples, Australia, 15275
political & theoretical & methodological issues in defining disability, females with rheumatoid arthritis in unpaid homemaker vs paid work roles, 19603
rural peasant vs capitalist vs proletarian households, gender dynamics & survival strategies, adults, Ecuador, 39878
sex & household & decision making & child care roles, 20–49 yr old 1st time parents, 18 mo study, 22174
sex, division of parenting & child household tasks, families with 9–11 yr olds, Australia, 36335
sex role attitudes, division of labor in housework & child care, families, Australia, 18772
sex roles & division of household tasks, couples 60 yrs old & older, Australia, implications for independent living & community care policies, 25666
sex, time spent on housework, rural vs urban full time employed couples, 1223
wives' part vs full time employment, involvement in housework & child care & quality of life & marital adjustment, husbands vs wives, 25739
Housewives
advertising as source of information, purchase decisions, housewives 60 yrs old & older, 24460
attitudes toward females' employment, Japanese vs American housewives, US, 31405
family & personal coping strategies, financial & family crisis adjustment, 25–60 yr old female displaced homemakers, 4834
learned helplessness, ability to enter work force, displaced homemakers, implications for employment counseling, 38347
perception of equality in work force & identification with other females, attitudes toward affirmative action, housewives vs female office workers vs professionals, Canada, 6933
sex & family roles, cultural construction & medicalization of "menopausal syndrome", middle class housewives, Japan, 5711
sociometry groups & role play, preparation for work force reentry, housewives, 20729
theory of work adjustment & pattern of reinforcers of homemaker occupation & psychological needs & job satisfaction, married females, 25756
Housework [See Household Management]
Housing
acceptance & eviction criteria for aged tenants, residential managers of apartment buildings & hotels, 18709
attitudes toward living arrangements, 65 yr olds & older, 1983, Canada, implications for research methodology, conference presentation, 39719
attitudes toward living in retirement facilities, 65 yr olds & older, 32581
characteristics & causes of homelessness & its impact on children, families, implications for government housing policy, 25727
concept & usefulness of client satisfaction measurement in program evaluation, clients participating in government residential rehabilitation program, Canada, 6303
construct validity of FIRO-B correlated with living group questionnaire, assessment of interpersonal preferences, male vs female college students, 10586
contribution of housing to policy making, frail elderly, UK, 32588
degree of power, residents of retirement homes, US vs England, 39708
demographic & neighborhood physical & social & crime characteristics & security measures & management effectiveness & previous victimization, fear of crime, residents of public housing project, 15877
detached dwellings vs multi-story apartments vs crowded residential houses, loneliness & achievement orientation & morals & religion, males vs females, India, 31472
development of housing, chronic mental patients, 23558
dynamics of helping behavior & neighborly assistance, 51–89 yr old tenants of congregate housing facility, 22103
ecological approach to housing, elderly, Canada, social policy implications, 39697
emergency housing program providing beds in private homes, homeless impaired 53–91 yr olds, 1 yr followup, 37718
ethnicity & foreignness & language used & religiosity, family values & transition to adulthood & independent living expectations, high school students, 29029
funding & other aspects of psychiatric hospital/mental health center continuing care housing system, chronically mentally ill deinstitutionalized outpatients, 20222
grief & involuntary rehousing, 50–80 yr olds, 25658
health status & quality of life, 65 yr old & older public housing residents living alone vs with another person, 1154
house fire, occupational disruption & adaptation to daily living routines, adult & 12 & 13 yr old victims, implications for occupational therapy, 30806
housing, AIDS victims, 16814
housing concerns & social support perceptions, mental health, 18–65 yr old psychiatric patients, 11945
housing facility type, activities, developmentally disabled mentally retarded 50 yr olds & older, Canada, 13017
independent living arrangements & eldercare, retired elderly & their families, 32576
intentions for postshelter living, female victims of domestic violence, 36743
life satisfaction, 65 yr olds & older living in high vs low self-determination nursing homes vs regular vs government subsidized low cost community housing, Canada, 41009
living & housing conditions, 40–50 yr olds with Down's syndrome, Denmark, 19418
living conditions, autonomy & competence, elderly, 32555
living in age segregated vs integrated communities, sexual interests & activities & liberal attitudes, elderly, 22110
locus of control & residential satisfaction, job & housing search, adults, Chile, 6855
multifaceted employment intervention program, homeless 16–20 yr olds, 16778

Mutual Self Help Program, sense of control & self esteem & social involvement, 52–90 yr olds living in senior residences, 20107
need for 2nd-stage housing as integral part of services, battered females, Canada, 27139
neighborhood satisfaction, residents of conventional homes vs mobile homes vs apartments, 4997
outcomes of short term crisis housing alternatives to psychiatric hospitalization, clients with severe & persistent mental illness, 4 mo followup, 30630
perceived desirability & friendliness & status of 6 architectural home styles, architects vs laypersons, 31476
perceived importance of specific criteria, adjudication of child physical residency in cases of joint custody or previous detrimental arrangements, family law circuit court judges, 39846
physical & mental health status & social support & hospital admission rate, elderly in public housing vs community residents, 9823
planned retirement housing preferences, homosexual females & males 55–64 yrs vs 65 yrs old & older, 1159
prevalence & risk factors of depression, construction of multivariate model for depression prediction, public housing residents 55 yrs old & older, 5156
previous experiences with pets & housing & health status, present pet ownership & attitudes toward & attachments to pet, 55–87 yr olds, 22092
provision of support services, landlords renting to mentally retarded tenants, 9859
psychiatric rehabilitation approach to normal housing with specialized supports, adults with psychiatric disability, implications for residential services, 13178
public housing vs suburban environments & crime & danger, parental attitudes & coping behavior, 19–65 yr old mothers, 22178
reasons for & concerns about joining continuing care retirement community, early vs recent vs future joiners under vs over 75 yrs old, 18714
residential & psychological well being, elderly, use of ecological model of aging & 2 factor theory of psychological well being, 32573
residential instability & homelessness, 20–65 yr old aftercare patients with chronic mental illness, 1 yr followup, 27111
satisfaction with housing & perceptions of ease of meeting neighbors & neighbor recognition, satisfaction with neighbors, spouses in married student housing, conference presentation, 20540
social interaction & alcohol use, 57–97 yr old residents of retirement communities, 18708
social psychological bases for ethnic discrimination in rental housing, French Quebec landlords, Canada, 39735
subjective belief value structures & housing attribute dimensions, residential preferences & choices, adults, Sweden, 8441
symbolic attributes affecting identity & personality, housing design, dwellers, France, 3454
transformation in sense of identity & metaphor of change in experience of dwelling in family's home, 27 yr old depressed female in psychotherapy, case report, 5952
type & characteristics & program goals & outcome assessment of community housing programs, chronically mentally ill, literature review, Canada, 6326
type of & attitudes toward housing, depression, 23–34 yr old wives, England, 11919
weather & day of week & place of residence, suicide attempts, under 15 through 65 yr olds & older, Hong Kong, 22689

Hue
abrupt visual onset vs stimulus luminance & hue, capturing attention, college students, 3735
chromaticity & luminance & spatial frequency of background stimuli, perceived color of afterimages from figure ground configurations of colored lights, Os with normal color vision, 7352
hue vs saturation vs brightness of color stimuli, dissimilarity judgment & spontaneous & instructed classification, college students, 7314
individual variability & long term drift in unique blue & yellow, male 34 & 45 yr olds, 16 mo study, 24753
saturation & lightness, spatial balance of color pairs, 17–31 yr olds, 21230

Human Biological Rhythms
abnormal diurnal weight gain, chronically psychotic adults, implications for metabolic marker of illness severity & risk of water intoxication, 19252
abnormal diurnal weight gain, chronically vs acutely psychotic patients vs normal adults, 36709
abnormal diurnal weight shifts, schizophrenic patients, 33206
acute temporal phase shift, symptoms of jet lag, adult males, 4188
affective & somatiform rhythmic patterns, patients with affective disorders, 8590
age & sex & type of job & evening or morning type, meal times, 17–60 yr olds, Italy, 5027
antidepressant medication, circadian cortisol patterns, adults with major affective disorder, 12917
assessment of role of sleepiness & circadian dysrhythmia & fatigue in transportation accidents, police policy implications, conference presentation, 24280
basic rest activity ultradian cycle in auditory vs visual RT during long performance, adults, 7283
body temperature pattern during work vs nonwork day, 26–32 vs 53–59 yr old male bus drivers, Netherlands, 27957
change in sleep times simulating night work, circadian rhythmicity, 18–21 yr olds, 11077
circadian &/or behavioral characteristics, long term tolerance to shiftwork, 22–48 yr old male workers with nervous vs digestive vs no complaints, 36519
circadian body temperature critical shifts & flight across 9 time zones, psychomotor & RT & cognitive ability, young adult males, 39138
circadian illumination exposure, 55–81 yr olds with vs without senile dementia of Alzheimer's type, implications for sleep disturbances, 1972
circadian placement of nap, alertness & visual RT & temperature cycles, sleep deprived 18–30 yr olds, 21636
circadian rhythm of catecholaminergic binding sites on blood cells & circulating catecholamines, healthy 23–38 yr olds, 18154
circadian rhythm of core temperature, abstinent depressive & nondepressive alcoholic adults, Japan, 8891
circadian rhythms & composition of meals & sleep activity patterns, 50–92 yr olds, 39144
circadian rhythms of body temperature & activation & well being, healthy 65–80 yr old females, 18726
circadian rhythms of body temperature & plasma TSH, bipolar inpatients in depressed state vs remission, 5334
circadian rhythms of melatonin & cortisol, 19–89 yr olds, 25407
circadian system & time perception, humans & animals, 39128
circadian temperature rhythm, sleep wake cycles, internally desynchronized adults, 28737
circadian temperature rhythms, menstrual cycle phase, healthy females, 18159
circadian timing system disturbance & phototherapy, sleep & affective disorders, 5611
circadian variations, judgment of acoustic stimulus intervals, graduate students, 35323
circadian variations, mood & cortisol rhythms, 26–69 yr olds with endogenous depression before vs after recovery, 1731
circaseptanary sleep biorhythms, patients with neurosis vs sleep disturbances vs drug withdrawal, conference presentation, 19034
clonidine & bright artificial light, nocturnal increases in plasma melatonin, 29–43 yr olds, 853
cognitive factors, night sleep & nap lengths & period of circadian temperature rhythm & sleep wake cycle, 23 yr old male in isolation protocol, 21588

corpulence category, daily energy consumption & distribution of food intake, obese vs nonobese 7–12 yr olds, France, 26443
diurnal & circannual variation in platelet 3H-imipramine binding, adults with bipolar vs unipolar affective disorder, 19050
diurnal changes in weight & serum sodium concentration, males with syndrome of psychosis & intermittent hyponatremia & polydipsia, 29666
diurnal rhythms in performance tests, 7–9 yr olds with vs without language disorders, 19473
diurnal variation in body temperature, visuospatial task peformance, male college students, India, 18157
diurnal variation of endogenous depression symptomatology, sleep deprived antidepressant treated vs untreated patients, 12076
diurnal variation, symptom severity of colds & influenza B, adults, 26641
diurnal variations in serum sodium plasma arginine vasopressin & urine osmolality, schizophrenic 31–49 yr olds with psychosis & intermittent hyponatremia & polydipsia, 33208
diurnal weight gain & water balance, hospitalized patients with mental retardation vs organic mental syndromes, implications for differential diagnosis of psychosis, 26411
endogenous diurnal rhythms of energic arousal, cognitive & social & mood functions & extraversion, 20–55 yr olds, 4211
extraversion & psychoticism & neuroticism & time of day, lemon juice induced salivation, 21–23 yr olds, Scotland, 18151
extraversion vs morningness, individual phase differences in circadian rhythms, college students, Yugoslavia, 4216
flight training deployment across 9 time zones, personality & sleep quality & patterns & circadian temperature rhythm adjustment, male Royal Norwegian Air Force volunteers, 39135
hematologic circadian rhythm, young adults vs elderly, 39147
high altitude, diurnal variations of acute mountain sickness & color vision & plasma cortisol & ACTH, 25–40 yr olds, 21661
imipramine, circadian rhythm of cortisol & growth hormone & prolactin & melatonin secretion & phase delay in NREM/REM cycle, depressed 21–57 yr olds, 12869
introversion vs extraversion, circadian rhythms in body temperature, shift workers in chemical plant, 14714
levels & phase delay in circadian rhythms of locomotor activity, 69–80 yr old inpatients with unipolar depression, 12073
light, resetting human circadian pacemaker, healthy male 18–24 yr olds, 39133
light therapy, abnormally phased circadian rhythms, patients with seasonal affective disorder, 19705
lithium, circadian rhythms of body temperature & REM sleep, 45 yr old male with bipolar depression, case report, 30418
longitudinal documentation of circadian rhythms, tolerance for shift work, male 24–40 yr olds, 39162
masking & heart rate & motor activity & performance, ultradian cyclicity during arousal, 28653
melatonin, regulation of prolactin circadian secretory rhythm, 18–41 yr olds with vs without pineal tumor, 33591
melatonin secretion & circadian rhythms, 14–57 yr olds with anorexia nervosa or obesity, 8997
mood disorders & their seasonal patterns, patterns of creativity & productivity, writers & artists, Great Britain, implications for treatment, 36612
morning vs afternoon samples of platelet imipramine binding sites, depressed 32–72 yr olds, 26076
napping & sleep wake behavior & work shifts, male steel workers, 18 mo followup, 28638
neurobiology & phototherapy, seasonal affective disorder, literature review, 19720
nighttime melatonin peaks, daytime melatonin response to single dose of tranylcypromine, healthy adults, 4450
nocturnal growth hormone secretion, 16–19 yr olds with major depression, 22580
nocturnal plasma melatonin, schizophrenic patients, 29530
pathogenesis of "nocturnal" & "diurnal" cerebral ischemic strokes, 35–69 yr olds with atherosclerosis &/or hypertensive disease, 19601
periodicity of delta activity or elapsed sleep time, NREM sleep reappearance, college students, 28647
personality correlates of diurnal orientation, 20–60 yr olds, 36493
pragmatic approach to masking & endogenous & exogenous components in circadian rhythm in body temperature & abrupt change in timing of sleep, adults, implications for shift work & jet lag, 28645
regression model with sinusoidal circadian variation & time since & during sleep, separation of circadian rhythms & masking effects associated with sleep wake cycle, 28187
repetition of morning vs afternoon vs evening exposure to rational vs emotional appeals in TV commercials, immediate vs delayed recall vs recognition, consumers, 35006
rhythmic nature of memory processes, implications for memory disorders, conference presentation, 38904
Rogers' principle of integrality, assessment of relationship between human biological rhythms & interaction with animals, adults & companion vs unknown dogs, replication, 11091
season, diurnal weight gain, patients with schizophrenia or organic personality syndrome, 29665
seasonal change, CSF monoamine metabolites, patients with schizophrenia vs schizoaffective vs minor vs major depressive vs hypomanic disorder, 19082
sensitivity of maintenance of wakefulness test vs repeated test of sustained wakefulness vs multiple sleep latency test & nap & time of night, assessment of physiological sleep & alertness, adults, 35194
shift work, subjective & behavioral & physiological sleepiness, literature review, implications for occupational hazards, 24355
similarity on peak circadian alertness, rapport, college roommates, 13561
sleep & activity & masking & light conditions, dim light melatonin onset & rhythm & circadian phase position assessment, 28654
sleep & body temperature & masking, adaptation to night & shift work, implications for experimental routines reducing masking effects, 28659
sleep deprivation & circadian factors, recovery sleep composition, 17 yr old female college students, England, 28739
sleepiness & circadian rhythms, motor vehicle accidents, literature review, 13760
sleepiness at different times of day, retrieval from semantic memory, college students, 3870
software for miniature continuous performance test using Tandy PC-8 computer, RTs for directed attention training in rehabilitation or measurement of circadian rhythm disturbances, 29876
south-north vs west-east vs east-west flight, wrist motor activity & subjective ratings of sleep, 24–54 yr old air crew members, 35645
sport psychology jet lag strategies, sport performance, athletes, 20974
subjective stress & catecholamine excretion during night rest, teachers assesed during autumn term, 10022
tasks of 10 min intervals, RT performance & bilateral ear canal temperature measuring ultradian rhythmicity, 18–34 yr olds, test of Basic Rest Activity Cycle, 11061
theoretical model of psychosocial factors & biological rhythm disturbances, assessment of etiology of depression, 11946
time constraints for activities, sleep & sleepiness & perceived day length, 44–81 yr olds, 21590
time of day & extraversion & self report arousal, attentional task performance, adults, 25941
time of day & practice & sex, mirror tracking performance, college students, 35262

time of day, kinetic values of active serotonin transport by platelets, unipolar vs bipolar vs schizophrenic adults, 40117
time of day of instruction, math & English achievement, 8th graders, 3182
time of day, pain & stress during childbirth, mothers, 39139
time of day, spatial ability, 18–24 yr old males, 17843
time of working vs leisure day, California Psychological Inventory scores, adults, 11086
triazolam dosages, daytime sleep & nocturnal performance in work shift, 20–45 yr olds, 32165
tricyclic antidepressants vs sleep deprivation, urinary cortisol & body temperature & heart rate in circadian rhythm, endogeneously depressed adults, 12581
types of constant routine or control days & mathematical modeling techniques to minimize masking & sleep wake cycle, circadian rhythms of body temperature & urinary excretion, 28658
ultradian rhythms in mobility, 20–22 yr olds, 25085
underlying circadian rhythms, subjective sleepiness ratings, 19–25 yr old males, 21589
urinary MHPG circadian rhythms, depressed 26–66 yr olds, 22659
validity of Morningness-Eveningness Questionnaire, personality & mood & psychophysiological correlates of circadian rhythms, 18–38 yr old male vs female college students, 31633
22.8 hr day, sleep & circadian rhythms of temperature & urinary excretion, adults, 4253
48 vs 72 hr sleep deprivation, visual task related perceptual distortions & hallucinations & circadian rhythms, 18–29 yr olds, 39168
72 hr sleep deprivation & time of day, perceived sleepiness & affect & motivation & cognitive difficulties & waking dreams, 22–32 yr olds, Israel, 39186
72 hr sleep deprivation, circadian rhythms & memory & search & pattern tracing task, adults, 35690
72 hrs sleep deprivation & working memory load, circadian rhythmicity of visual search performance, male college students, 21627

Human Channel Capacity
age, structural vs operational capacity in integrative spatial ability, young vs older adult males, 25517
attentional demand &/vs error cost responsibility, psychological stress, electronics firm shopfloor employees, UK, 27952
blocked vs randomized practice, access to information in working memory, college students, 24864
blocked vs randomized practice, access to working memory consistent with ACT theory of skill acquisition, commentary, 24857
blocked vs randomized practice, access to working memory, commentary reply, 24865
cognitive effort, memory, 38914
cognitive load, correction of & response rate after errors in display/memory search task, 8–12 yr olds with attention deficit disorder & hyperactivity, 12497
constant vs variable pattern condition of small dots & numerosity, pattern recognition vs subitizing, college students, 14317
deviation from expected game outcome & ranking of teams, frequency of cliches used in 4th quarter of college football games, sports announcers, implications for cognitive processing under stress, 21283
devotion of cognitive resources to behavioral self regulation, ability to characterize vs correct initial impression of target person's behavior, college students, 8387
double trade off curve dual task method for equating task performance & capacity & developing mental work load scales, college students, 17836
field independence, simultaneous processing, 3–5.9 yr olds, 11398
imagination vs perception, cognitive demand, college students, implications for imagery in therapy, 21266
information load & irrelevant information, automatic memory search interference, college students, 7472
mental load & emotional tension, physiological cardiac arrhythmia, high vs low reactive adults, 11090
parallel vs separate processing of consistent vs varied mapping tasks, RT & P300 response latency, college students, model of skill acquisition & automaticity, 24880
right vs left hemisphere task & increased mental load, arousal & RT as activation, college students, 28597
same or different input & output modality characteristics & varying information load, relationship between single & dual task RT performance, 18–40 yr olds, Australia, 38828
self rated tolerance for mental effort, performance on high demand cognitive task in quiet vs noise & task related perceptual measures, college students, Sweden, 24808
stimulus onset asynchrony & 2nd stimulus intensity, RT, college students, test of postponement model of dual task interference, 38846
stimulus registration & cognitive processing load, heart rate deceleration & subsequent acceleration & phasic electrodermal responses, female 10–21 yr old gymnasts, 7718
targeting & Stroop color identification tasks, performance using manual &/vs speech controls measuring attention time sharing vs asymmetric transfer, college students, 6955
task complexity, processing & holding functions of working memory, 19–24 vs 40–80 yr olds, 15094
text difficulty, cognitive capacity in reading, college students, 24821
use of secondary task paradigm in developmental studies of age differences in resource requirements for cognitive tasks, literature review, 32404
visual vs synthetic speech likelihood alarm displays, dual task monitoring performance & attention allocation & load, 15–23 yr olds, 6952
72 hrs sleep deprivation & working memory load, circadian rhythmicity of visual search performance, male college students, 21627

Human Courtship [See Also Social Dating]
extradyadic relations during courtship, college students, 36342
frequency of visits vs verbal communication vs daydreaming, needs & relationship satisfaction & intimacy, college students & young adults in long distance relationships, 13575
personality & social characteristics, behavioral attributions related to interpersonal flirtation, married vs single females vs males, 1354
value of competitive vs cooperative style in courtship, unmarried college students, sex role implications, 39871

Human Development [See Also Related Terms]
art as neotenizing influence in human development, 1082
biological & psychosocial risk & protective factors, adaptation & susceptibility to negative developmental outcomes, high risk children followed from birth to 32 yrs, 19035
components of human development, effective international development project planning & design & implementation, 36220
cross cultural research in sociohistorical approach to human development, US vs USSR, 957
culture, development & school performance, ethnic or minority groups, implications for social policy, 25400
Darwinian principles of adaptation & natural selection, psychohistorical evolution of psyche, commentaries & reply included, 39459
developmental issues in behavioral treatment interventions, diabetic females, 19891
environmental & genetic determinants in development of intelligence & personality & psychopathology, 25402
evolutionary & ontogenetic & neurophysiological viewpoints, development of empathy, humans vs primates, 18065
failure of A. Maslow's theory of self actualization as mythical interpretation of personal development, 5029
homophobia as developmental task, heterosexuals & homosexuals, 1307
integration of humanistic & interactionist theory, self development as process needing both symbolic & somatic feedback, 4746
integration of theoretical models of confluence of human development & environment, 39466

interpretive narrative vs mechanistic vs organismic models of human development, conference presentation, 21918
link between rural development & community psychology, implications for optimizing human development, India, 37722
metaphors of imprinting & metamorphosis & psychological development, understanding human development, 25393
multidimensional view of causality, ecology of human development, 21888
personal account of psychological transformation after defection from Siberia to Esalen, 11837
physical & psychic trauma in human development & maturation, 18520
principles of & genetic & biological & social factors in life span development from childhood to adult life, 21906
psychology of inner & outer space, implications for personal growth & spirituality, 36457
self actualization in study of human development, elderly, 18521
statistical model for assessing genetic vs environmental causes of continuity & changes using longitudinal twin study design, 7230
structural characteristics & causal interpretations in theory of developmental sensitive periods, humans & animals, 21877
workshop on human development, child & youth care, 23580
Human Factors Engineering
conventional vs alternating tread ship ladder, safety & comfort & performance, ROTC college students, 31484
correction of dimensional anthropometric design criteria for military aircraft cockpits, college students & Air Force pilots, 34987
CRT color phosphors, speed & accuracy of target search & color preference, 20–57 yr olds, 31463
engineering psychology & computer technology, design of visual displays & assessment of mental work load & training complex skills, literature review, 27825
entire network vs scrolling or hierarchically paged restricted window displays, computer generated network fault diagnosis performance, college students, 6946
ergonomics & informatics, 31470
generalizability of research in human factors & ergonomics, experimental design, 3449
glare & age related vision differences & sign visibility, ergonomics of motor vehicle headlighting, 10430
historical overview of psychology's linkage with military structure in research in personnel selection & classification & training & human factors, 17450
human factors engineering & design of automobile instrument panel displays, 41492
human factors, knowledge engineering methodology for expert systems, 6938
idiomatic English, factors affecting difficulty of translation of computer programs & applicability on other countries as human factors problems, 31468
instruction & voice commands for system control & annotation of documents, application of speech in human computer communication, 38484
instructional strategy & screen design & human factors, improvement in teaching ability of educational software, 17157
menu design in user-system interface, performance, college students, 10428
model kitchen design for independent living, visually impaired elderly, 13213
multidimensional rating scale technique, evaluation of CRT formats for display of safety parameters, 26–44 yr old nuclear power plant operators, 6940
numeric keypad configurations on touch screen, keying accuracy & speed, adult operators, 6943
office design & environment, discomfort & health & stress symptoms & vision & cyberphobia & radiation exposure, workers, implications for federal & state safety regulations, 13864
operator orientation, visual motor & control display & visual trunk directional compatibility in target acquisition task, male college students, 38485
psychological & human factors issues, design & prototyping & user acceptance of expert systems, 6942
psychophysical method of constants applied to 2 handed lifting, male 20–30 yr olds, 20886
refrigerator design guidelines, independent elderly females with physical disabilities, 41496
restricted vs unrestricted shelf opening clearances, maximum weight in lifting task, 17–40 yr olds, 20893
social & cultural & psychological influences during prolonged isolation in Antarctica, design & construction & operation of space stations & bases, 20895
standing & sitting positions, hip joint mobility & spinal angles, human females, implications for human factors engineering, 38469
user oriented product development of clothing fasteners, 63–93 yr old long term care patients, Sweden, 40589
user vs system control & molar vs molecular approach to design, stress effects of & performance on computerized job tasks, 20888
vehicles with centrally mounted auxiliary stoplights, rear end accident reduction & repair costs, drivers, New Zealand, 13921
visual imagery & software design, computer assisted instruction of graph interpretation, mathematics students, 23982
Human Females [See Also Adolescent Mothers, Battered Females, Daughters, Female Criminals, Female Delinquents, Housewives, Mothers, Sisters, Unwed Mothers, Widows, Wives, Working Women]
abnormal eating attitudes & weight & dieting, 23–37 yr old infertile anovulatory females, 22875
achievement motivation & competitiveness, females, literature review, 22399
adaptionist vs nonadaptive evolutionary view of human female genitalia, commentary, 35568
adjustment to military role, female soldiers, Israel, 34985
aerobic training, locus of control & self esteem & mood states, 18–36 yr old females, 28689
age & learned helplessness or egotism, postfailure performance, 3rd vs 7th vs 11th grade females, 36135
age & sex guilt & sexual experience, sexual fantasies in masturbation vs intercourse vs nonsexual situations, female college students, 11693
age & urban vs rural environment, attitude toward women's liberation movement, females 16–20 yrs old vs 40 yrs old & older, India, 4914
age & work experience, expectations of effective male vs female leadership, 19–53 yr old females, 8308
age, personal & social attitudes toward female vs male intoxication, 20–50 yr old alcoholic vs nonalcoholic females, 26334
aggressive behavior, females, 317 societies, 8212
aging & self concept, older females, therapy implications, 32566
AIDS & HIV related concerns, females, implications for clinical psychologists, 29891
AIDS education program, female 17–58 yr old Vietnamese refugees, 16714
AIDS risk attitudes & reduction, Black & Hispanic females, 12455
alcohol & sex of group exerting social influence, yielding to group pressure on line estimation task, 20–24 yr old females, 25232
alcohol abuse & disordered eating, female college students, 36533
alcohol availability, tobacco smoking, healthy female adults, conference presentation, 11716
alcohol drinking patterns & attitudes, females 16 yrs old & older, 8131
alcohol drinking patterns, adult immigrant vs later generation Mexican American females, 1328
alcohol drinking practices & depression symptoms, college nursing students, 11711
ambivalence toward women in etymological development of Chinese characters, implications for feminism, 21844
anxiety & depression, 17–66 yr old females with pelvic pain syndrome, 23048

aspects of group counseling, adult females molested as children, 33923
assertiveness training, lifestyle & social relations, 27–63 yr old females, 10 wk study, 26896
at risk for AIDS, Black females & their children, prevention & treatment implications, 33538
attitude & subjective norm, prediction of intention to enroll in elective high school physical science course, female 8th graders, test of reasoned action model, 17223
attitudes toward & use of sexually explicit materials, adult females, 11688
attitudes toward artificial insemination & surrogate motherhood & adoption registries & reunions, infertile females who have adopted or are in process of adopting, Canada, 26725
attitudes toward career & family choices, females training part time for medical professions, 13399
attitudes toward cat ownership, feelings of loneliness, elderly females living alone, 22089
attitudes toward drinking & smoking, 20–30 yr old females, Australia, 8315
attitudes toward female education, rural vs urban parents with school age daughters, Nigeria, 39744
attitudes toward pornography control, feminist vs fundamentalist females, 36337
attitudes toward women's familial roles, adult males vs females, 1977–85, US, 8305
attribution of social vs organizational blame for low numbers of females in public school administration, school administrators & female administrative aspirants & education students, 38048
autonomy within interpersonal connections, development, females, 29109
behavioral components, judgment of heterosexual social competence of females interacting with male, college student peers, 4964
behavioral management intervention, practice of breast self examination, 18–87 yr old females, 20057
behavioral symptoms & emotional dynamics, parents & their emotionally disturbed adopted 12–20 yr old daughters, Scotland, 12052
behavioral symptoms, females with thyroid disease, 33625
belief that leading men on justifies rape, risk of & guilt following verbal sexual coercion, female college students, 22736
beliefs & practices resulting in infanticide & murder & suicide & untimely death from inadequate midwifery, females, India, 32943
benefits of aging & relations with young females, elderly females in nonindustrial cultures, 36193
biomedical vs cultural constructs of abnormality, females with idiopathic hirsutism, US, 16078
body image & fat, 19–57 yr old females, 19488
body image satisfaction & dieting & sex role traits, urban Black females, 15551
body size estimation & satisfacton & feeling fat before vs after meals, 18–24 yr old females, 25965
body weight, body image satisfaction & self esteem & perceptions of significant others, adult Black females, 39937
bogus counselor's record including physical attractiveness & GPA & drinking patterns of female student, inferences about sexuality & personality, college students, 36438
breast vs pubic hair growth vs height, body image & peer relations & adjustment & perceptions of adult roles, 9–11 yr old females, 4556
campus alliance model, leadership development, female college students, 24108
carbon dioxide vs placebo inhalation, 21–45 yr old females with premenstrual dysphoria & without panic disorder, 33541
career & leadership development program, female administrators in higher education, 20438
career aspirations, married vs divorced vs single female reentry college students, 13583
career counseling, females successful in careers they dislike, 20731
characteristics & circumstances of reaction to arrest for drunk driving, females, 19391
characteristics of common symptom reporting, adult female spouse proxies, 36516
characteristics, 14–71 yr old female habitual self mutilators, 33267
child sexual abuse & juvenile prostitution, adult female former prostitutes, Canada, 1752
child sexual abuse, psychological functioning, adult females, 8826
childbearing behavior, pregnant females, Korea, longitudinal study, 18801
childhood experience of sexual abuse, prevalence & etiology of sexual dysfunction, adult females in therapy, Canada, 33551
childhood sexual abuse, development of alcoholism, adult females, 5504
circadian rhythms of body temperature & activation & well being, healthy 65–80 yr old females, 18726
clarification & application of E. Erickson's life cycle concept of ego integrity vs despair in old age, elderly females, 11558
class & ethnicity & sex, cause & meaning of "nerva", female 28 & 29 & 44 yr old Greek immigrants, Canada, 40095
clinical & administrative restructuring of inpatient intervention program, drug abusing females, 27327
cognitive & affective & behavioral responses to male vs female instructor during presentations on sex bias in counseling females vs gender neutral topic, college students, 10148
cognitive & behavioral characteristics of desperate/dependent vs solo pioneer polarities, single females, implications for cogitive behavior therapy, 8461
cognitive behavior therapies, guilt, adult females, Western industrialized societies, 9345
cognitive behavioral perspective on etiology & maintenance & treatment of anorexia nervosa & bulimia, adult females, implications for psychotherapists, 9315
cognitive distortions & treatment issues, impostor phenomenon, females, 2250
cognitive status & conceptualization of death & religious beliefs, 6–7 vs 9–10 yr old Muslim females, 25554
cognitive/behavioral theories & cognitive distortions as vulnerability factors, understanding of depression in females, commentary, 29641
cognitive/behavioral theories & self perpetuating statistical probability model, overdiagnosis of depression in females, commentary, 29652
cognitive/behavioral theories & sense of control in psychotherapy, understanding & treatment of depression in females, commentary, 29611
cognitive/behavioral theories, methodology & relevancy of findings & treatment of depression in females, commentary reply, 29655
cognitive/behavioral theories, understanding & description vs definition of depression in females using social context & feminist perspective, commentary, 29584
cognitive/behavioral theories, understanding of depression in females vs males & "fuzzy" nature of label & influence of employment & demographic groups, commentary, 29621
cognitive/behavioral theories, understanding of depression in females, commentary, 29519
cognitive/behavioral theories, understanding of depression in females, commentary, 29527
cognitive/behavioral theories, understanding of depression in females, commentary, 29549
cognitive/behavioral vs feminist theories, explanation for prevalence of depression, females, 29654
college experience participation in sex education class, autoerotic attitudes & practices, male vs female college students, 2 yr followup, 20460
college experiences, leadership capacities & skills, female college students, 24107
college experiences, sex role development, freshman vs senior female college students, 6758

competitive vs cooperative fitness training programs, physical fitness & self concept, 11–14 yr old females, Australia, 24006
compliance vs noncompliance with breast cancer screening program, female 40 yr olds & older HMO members, 16752
connotations of "girl" or "woman", job applicant choice, adults, 41409
consistent aerobic exercise, mental health, 20–50 yr old females, 28683
construct validity of Strong Interest Inventory Adventure scale, female college students, implications for career counseling, 78
construction & experience of illness & influence on daily life, 19–64 yr old females, longitudinal study, 33548
construction & reliability & validity of Pinney Sexual Satisfaction Inventory, female college students, 35175
consultations with endocrinologists & gynecologists & psychoanalysts, physical & psychosexual adjustment, adolescent females with diseased or malformed genital tract, France, 12999
content analysis of portrayal of women in TV commercials, 1972 vs 1986, 7949
contraception methods & use, 15–44 yr old females, Italy vs France vs Great Britain vs Spain vs West Germany, 25817
contributions to education of gifted females & life of L. S. Hollingworth, 31230
coping responses, life satisfaction & physical health status, 56–95 yr old females, 4771
correlates of seriousness of self destructive behavior or suicidal intent or attempt, development of risk prediction profile, female 18–42 yr old borderline inpatients, 15781
crisis intervention promotive service model, social competence & political empowerment, female victims of sexual violence, 16785
criterion related validity of Survey of Heterosocial Interactions for Females, White female college students, 7123
cross cultural anthropological studies of status, females, 1977–87, literature review, 18847
cultivation of leadership in other females, professional females in academic community, 23949
cultural influences & values, clothing choices & appearance, 28–32 yr old Mexican American females, 36242
cultural meanings, social interaction & support, female Puerto Rican 60–84 yr olds, 19 mo study, 36213
cultural milieu, gifted females, 29030
cultural norms & female sex role attitudes & stereotypes, preoccupation with thinness & pursuit of beauty, females, 29311
culture & reproductive technology & women's rights, 30568
culture change, sociocultural & gender related problems, Puerto Rican females, US, implications for community psychology, 1304
cyproterone acetate, 40 yr old hypersexual female, case report, 2506
dating behaviors & level of feminist identity, female college students, behavioral validation of Feminist Identity Scale, 38656
decline of morale & happiness, married or single females, 1972–87, 29288
definition of & claim to knowledge & concepts of learning, Black vs White working class female 25–50 yr olds in basic education programs, implications for feminism, 31170
definitional problems & retirement decisions & adaptation, females, 36191
demographic & academic & other characteristics & intended major in college, SAT-M scores, female college bound high school seniors, 20507
demographic & psychological characteristics & social functioning & relationship to victim, 13–47 yr old sexually abusive females, 12120
demographic & social characteristics, patterns of killing, 16–82 yr old females arrested for homicide, 1982–83, 8794
demographic characteristics & reproductive performance & bridewealth payments, married Kipsigia females, Kenya, 1940–73, 36286
demographic variables & sex role identity & attitudes & locus of control & achievement orientation & career choice reasons, female 17–25 yr old secretarial vs management students, Canada, 41405
dependence & denial, female partners of alcoholic males, 33396
dependency & sex equality & discrimination, retirement education, elderly females, Great Britain, 36205
depression & cortisol, employed vs unemployed blue collar females, Sweden, 26091
depression & fear & anxiety & problems in sexuality & interpersonal relationships, 18–66 yr old females who were sexually abused in childhood, 12130
depression & female stereotypes, 19–54 yr olds, analysis of gender role hypothesis, 29579
depressive symptomatology & course & consequences of alcohol problems, alcoholic females, 12272
development & reliability & validity & scoring of personal & social & religious & economic values scale, adult females, India, 38666
development & validity & reliability of life history index of adjustment, 42–45 yr old females, 31654
development & validity of work involvement measure correlated with lifestyle & family & work variables, college educated females, 28129
development of female student leaders, female college faculty, 23944
development of leadership potential of females in higher education, senior administrators, 23925
development of leadership potential through cocurricular activities & organizations, female college students, 24094
development of psychological boundaries, females, 29142
development of self reflection & ego identity measuring individuation, female 17–22 yr olds, 39670
developmental & psychodynamic framework & clinical manifestations, achievement inhibition & success phobia, females, conference presentation, 29576
developmental function of transitional oedipal relationship, 27 yr old female, implications for psychoanalysis & gender development, 15199
developmental issues in behavioral treatment interventions, diabetic females, 19891

risk factors for & consequences & social epidemiology of smoking during pregnancy, adult females, Mexico, implications for prevention & health promotion programs in developing countries, 25829
risk model of physical & cognitive & social & emotional development & status in family, female 13–19 yr olds in distress, 39456
role & power of cultural rituals & their mobilization in family therapy, females, 9404
role characteristics of female behavior, stereotypic expectations, college students, 25804
role concerns & preferences for slimness & symptoms of eating problems, female college students, 5079
role in promotion of sex equity & nontraditional careers for females, employment counselors, 20739
role models & preference for male vs female coaches, female high school vs college basketball players, 15226
role of schools, gender status quo & patriarchy, Black & White female students at 2 Southern universities, 11582
role of stereotyped attitudes toward married females, perpetuation of inequality & sex role behavior, adults, Ireland, 39865
running or weightlifting, self concept, clinically depressed 18–35 yr old females, 1 & 7 & 12 mo followup, 26142
satisfaction in close relationships, adult females, literature review, implications for psychotherapy, 8372
score norms of Hostility & Direction of Hostility Questionnaire, adult females, implications for test manual discrepancy, 7148
score on MacAndrew alcoholism scale, styles of coping, female college students, 40306
self efficacy & health attitudes, breast self examination, 60–95 yr old females, educational intervention implications, 12947
self esteem & body weight, 14 & 16 yr old females, 29151
self esteem & mastery of life events & importance of & satisfaction with body image, 35–55 yr old females, 4719
self monitoring, facial cosmetic use, female college students, 8419
self reported risk factors & HIV serostatus, 18–45 yr old females attending family planning clinics, 16251
self sabotage, high achieving females, therapeutic implications, 29414
sense of personal entitlement in work & pay & marital & life satisfaction arenas, females vs males, 1314
SES & acculturation & religiosity, reproductive attitudes & behavior, Mexican American females, 1298
SES & demographic characteristics, female role perception, adult females, Bangladesh, 1310
SES & grades & age & sex role attitudes & marriage/family commitment, career commitment & occupational & educational aspirations & vocational certainty, female 8th–12th graders, Canada, 22028
SES & marital status & other demographic characteristics, abstinence & drinking behavior, Black vs White adult females, 18857
sex & birth order, attitudes toward female managers, banking managers, 41425
sex chromosome & hormonal anomalies & psychopathology & social functioning, female 18–40 yr olds with Turner syndrome, 29914
sex education sources & contracepive & reproductive knowledge, contraceptive use, 15–19 yr old Black females, 22058
sex role attitudes & personality correlates & demographic characteristics, female college students, India, 1313
sex role attitudes, 12–22 yr olds, Great Britain, 4684
sex role changes resulting from women's movement, risk of criminal victimization, females, 1840
sex role egalitarianism & sexual identity, female 19–90 yr olds who did vs did not identify with feminist beliefs, 22281
sex role orientation, depression, working vs nonworking married 25–45 yr old females, India, 36343
sex roles & perceptions of femininity & masculinity, Hispanic females, literature review, 1323
sex roles & role conflict, 15–19 yr old female athletes vs nonathletes, 15159
sex roles in career & educational opportunities, females, counseling implications, conference presentation, 15391
sex stereotype related mathematics attitudes, choice of math electives, female 11th–12th graders, 17233
sex stereotyped attitudes, reassignment & performance evaluations of females in sex atypical jobs, blue collar supervisors, 20770
sexual & contraceptive issues & unplanned pregnancies, 18–44 yr old divorced single females, 25810
sexual abuse in childhood, marital satisfaction & divorce potential, 17–40 yr old females, 29707
sexual abuse in therapy, older male helping professionals & younger female patients, 23157
sexual attitudes & behavior & contraceptive use, 18–36 yr old White females, 1940s vs 1980s, 11707
sexual conservatism or liberalism & proceptivity & rejection strategies, college females, Canada vs US, 36356

sexual experience level & number of partners, sexual satisfaction, female nurses, 11680
sexual function disturbances, diabetic females, literature review, 12471
sexual harassment experiences, fear of crime & victimization, 16–55 yr old females, 1805
sexual issues & therapeutic interaction, disabled female clients, 26692
sexual segregation due to self selection & SES, school students, France, implications for counseling, 41292
sexual socialization & behavior, 18–36 yr old college educated Black females, 15401
sexuality attitudes, arousal in response to & retention of contraceptive instruction, female college students, 4908
shelter in convents or Catholic homes or abbeys during Holocaust, self representation & identity formation, Jewish females, 25692
sleep related respiratory disturbance, demented elderly females, 16160
small group program, empowerment & self esteem, adolescent low income minority females, 34268
social & developmental & behavioral sexual factors & religious attendance, contraceptive risk taking, 15–20 yr old sexually active females, 25578
social & economic & political factors, mental health, Hispanic females, literature review, implications for policy making & service delivery, 2663
social & sexual interaction with female students, 27–70 yr old male faculty, 23935
social & sexual interactions & good vs misfortunes & actor achievement in dream content, 18–45 yr old females, Kenya vs US, conference presentation, 10874
social competence & problem behavior, learning disabled female 12–16 yr olds, 40330
social drinking & marihuana smoking & sexual activity, healthy adult females, 4912
social science record, Hispanic females, US & Puerto Rico, bibliography, 1175
social status, health & survival chances of offspring, adult females & their children, Africa & Asia, implications for primary health care policy, 7987
social status, politeness or formality of speech, females, Java, 25360
sociocultural & developmental pressures to control weight, prevalence of anorexia nervosa & bulimia, females, 37062
sociocultural & familial etiological factors & treatment model, bulimia & anorexia nervosa, female college freshmen, 9416
sociocultural factors & competition in games, female elementary school students, 36138
sociocultural factors, feminist therapy, 28 & 30 yr old Hispanic females, 2251
sociodemographic characteristics & satisfaction in major life domains, prediction of perceived global stress, Black vs White females, 18943
socioeconomic changes, traditional role of females, 35 yr old & younger daughters & their 55 yr old & older mothers, Saudi Arabia, 36330
sociopsychological & intrapsychic & clinical aspects, fear of failure, females, 2334
spontaneous dreams & hallucinations in grief & mourning experience, 24 & 28 & 50 yr old Navajo females, 25699
stability of sexual union, acceptance of contraceptive sterilization, adult females, Jamaica, 6223
stages of identity development, problem drinking, female college students, 8917
status & academic performance, independent vs dependent female college students in SEEK program, 20509
status as leaders in medicine & other fields, females, developmental implications, 1109
status as medical school applicants & students & residents & faculty, females, 17016
status in labor market & education system & traditional attitudes, males vs females, Iceland, implications for change, conference presentation, 15392
strategy for family therapy, female rape victims & their families, 6015
stress & mental & physical well being & self esteem & husband support & contribution to farm work & perceived role & financial stressors, farm wives, Netherlands, 36469
stress inducing tasks, heart rate & BP measuring cardiovascular response consistency, female 17–28 vs 60–96 yr olds, Canada, 7720
stressful life events, psychiatric morbidity, female Black 14–19 yr olds, 36515
substance abuse, elderly females, 29760
successful career attainment, middle aged females, Israel vs US, 34860
sugar taste reception, adults vs other mammals, 3705
suicidal ideation, 22–36 yr old females with AIDS or HIV infection, 29878
support groups in counseling intervention, self esteem, female 21–62 yr old graduate & undergraduate students, 19875
support networks & use of community services, elderly females with osteoporosis, 9178
temperament & adjustment, 19–53 yr old alcoholic females vs female incest victims with vs without history of alcoholism, 22686
testosterone & estradiol & progesterone & prolactin levels, sexual desire, female 27–39 yr olds with hypoactive sexual desire disorder, 40496
text vs computer program training, heterosexual interaction & conversational skills, shy adult females, 12770
therapeutic management, fear of success or fear of failure, female clients, 2316
therapist age & problem intimacy, client perceptions, 60–85 yr old females, 37306
timing of puberty & spatial ability & hemispheric specialization & personality & spatial activity, female college students, implications for problem solving strategies, 21900
traditional female role & psychiatric disorders, consideration of role in mental health service therapy, females, Italy, 2308
training personnel as change agents, development of management training program, female employees of insurance company, UK, 20801
transference & countertransference & role conflicts, female therapists, 23230
treatment needs, pregnant females with drinking problems, implications for prevention of fetal alcohol syndrome, 34376
trends affecting economic status, females, 1900–86, implications for employment counselors, 6864
type of instructional information intervention, frequency of breast self examination, 20–87 yr old females, 3 & 6 mo followup, 30596
unconscious experience of parental divorce as revealed in TAT response, 14–18 yr old females, 8123
unemployment, attempted suicide rates, 16–59 yr old females, England, 8802
unemployment, family & economic & occupational stress, female Latino 27–64 yr olds, 22280
unwanted or intrafamilial sexual experiences, eating disorders, female college students vs patients in therapy, 5596
use of coherence strategies in collaborative personal narratives in natural conversations, adolescent females, 25579
validity & reliability of Sexual Experience Scale of Derogatis Sexual Functioning Inventory, measurement of sexual behavior, 22–65 yr old females, 17557
validity of International Association for Evaluation of Educational Achievement Mathematics Achievement Test, female 6th–10th graders, Pakistan, 3331
validity of Superiority Scale & Goal Instability Scale, assessment of superior feelings & maturation & prediction of adjustment to college, female college students, 20702
verbal & nonverbal abstracting & problem solving abilities, adult alcoholic vs nonalcoholic females with vs without family history of alcoholism, 8919
victim characteristics in dating violence, female college students, 26234

women's independence movement, suicide rates, male vs female 15 yr olds & older, 1955–69 vs 1970–85, Portugal, 19284
work history & attitudes & economic status & health, decision to retire, Black vs White 62–66 yr old females, 18711
work values & sex role orientation, occupational choice, female graduate counseling students, 38336
working conditions & family characteristics, prediction of labor force exit vs employer change, employed 16–31 yr old females, 17392
worry as negative cognitive component of anxiety, females vs males, implications for females & treatment, 1713
writings of J. Bernard on work & family roles, females, 22285

Human Figures Drawing
age & artistic inclination, criteria used in similarity & preference judgments of human figure drawings, 4–13 yr olds, 1017
age, drawing development assessed by Goodenough Harris Draw A Person Test, 5–8 yr olds, 11439
correlations between Bender Gestalt Test & Draw A Person test drawings, seriously emotionally disturbed or behavior disordered 5–14 yr olds, 33290
distance placed between figures representing self & father & mother & friends using social schemata technique, high vs low aggressive 5th graders, Israel, 39662
Draw-a-Man test performance, urban Black 5–12 yr olds, 1938 vs 1988, South Africa, implications for academic achievement, 36168
human figure drawing as psychodiagnostic aid & indicator of treatment progress, autistic male 16 yr old first seen when 12 yrs old, case report, correction of previously printed article, 19718
Human Figure Drawing Test, screening for emotional disorders, 1st graders, Czechoslovakia, 3 yr followup, 3315
pain drawings & psychological state, adults with chronic pain, 22932
sex, human figure drawings & self esteem, 9–12 yr olds, 4668
sexual attitudes, sexual vs nonsexual anatomical features & length & width measurements in nude human figures drawing, college students, 5071
validity & reliability & standardization of revised version of Draw A Man Test for Indian Children, assessment of intellectual maturity, male vs female 2.5–15.5 yr olds, 10637
validity of Kinetic Family Drawings, personality assessment, 7–11 yr olds referred to community mental health center for learning & anxiety & attention & conduct disorders, 3638

Human Information Processes [See Cognitive Processes]

Human Information Storage
abstract letter identity code in visual processor during reading, lexical access, college students, 21286
access to occupations & names of familiar people, college staff & students, 17915
age & acoustic noise & task demands vs physiological arousal, memory retrieval, 19–24 vs 61–78 yr old males, 25477
age & experiential deprivation & color encoding/decoding, development of color competence, 4–8 yr olds, 11433
age & memory load & study time, comprehension of & memory for information on prescription labels, 18–80 yr olds, 37534
age & music experience, storage & retrieval of melody, 9–10 yr olds vs college students, 21312
age, encoding specificity, college students vs elderly, 22098
age, encoding strategies & reproduction & recall performance of complex figure, 20–84 yr olds, 39572
age, structural vs operational capacity in integrative spatial ability, young vs older adult males, 25517
aging & division of attention, processing & recall of relational & item specific information, 18–21 vs 65–83 yr olds, 22080
anticipation of immediate vs delayed testing, incidental learning of task instructions & encoding strategies, college students, 350
anxiety, storage & processing capacity of memory, college students, 10855
application of distributed associative memory models based on convolution & correlation as encoding & retrieval operations, 7274
application of information processing model of positive & negative cognition, cognitive balance & psychopathology, normal vs anxious vs depressed adults, meta analysis, 36686
articulatory suppression, short term recognition, college students, 21311
attentive encoding, analytic vs nonanalytic processing in recognition vs recall tasks, college students, 24858
attribute information quantity vs quality, measurement of decision effectiveness & information overload, MBA students, commentary reply, 41545
auditory vs visual presentation of priming test & type of elaborative processing, partial word identification & recognition memory, college students, 14443
automatic encoding processes, memory for spatial location information, adults, 14465
automatic visual & parallel spatial feature encoding in specialized modules, model of visual object perception, 10753
calibration of retrieval of information stored in memory vs reconstruction of information based in inferential reasoning, college students, Netherlands, 3872
California Verbal Learning Test word recognition profiles, differentiation of consolidation vs encoding retrieval deficits in verbal memory, males with severe blunt head injuries, 33497
category structure & generalizability of short term memory skills for dinner orders, male waiter, 7447
chronic accessibility of political constructs including candidates & issues & groups & parties, political information processing & model of voting behavior, voters, 36311
classification context of target word during encoding, recognition of category words, college students, 10839
coding & retention of psychomotor information, patients with Alzheimer's disease, 16062
coding deficits for phonological features of language, severe poor performance on verbal memory span tasks, learning disabled 4th–5th graders, 16005
cognitive ability & information processing, individual differences in skill acquisition, adults, 331
cognitive correlates of memory & intelligence, implications for process theory, 38903
cognitive science & psychology, literature review, 24820
color blend retrievals in color recognition tasks, college students, 14418
COMPsych system for collection & dissemination of information about psychology software, conference presentation, 37959
computerized file management program & social science activities, information processing & problem solving skills, 7th–12th graders, 10107
conceptual elaboration, retrieval access to episodic memory, 3rd vs 6th graders vs college students, 971
conceptualization of framework of memory research & functionalism & distributed storage, college students, Sweden, 3864
concrete vs abstract word learned in silence vs noise, memory performance tested by unexpected recognition vs recall tests, college students, implications for automatic process, 14439
confidence in recognition judgment, confidence in probability judgment in inference task, college students, 329
connectionist &/vs symbol processing models of cognition & learning, 7394
connectionist framework for modeling psychological processes & role in research on nature of information processing, 7417
connectionist model of retrieval processes in language production, analysis of phonological initial consonant misordering errors, 7957
context & surface form of words read aloud, degree of abstraction for perceptual encoding, college students, 38877

context, identification & encoding of disoriented objects, college students, 24712
contextual constraint & use of redundancies in information processing, verbal test recall, 18–47 yr olds, Denmark, replication, 28303
contribution of chronometric research paradigm to cognitive psychophysiology & use of EPs, knowledge of human information processing, 25060
coordinated ratio & TV advertising, information processing & memory & judgment, college students, 35001
copying vs visual study, reproduction of Rey Osterrieth Complex Figure, 10.7–13.7 yr olds, cognitive neuropsychological implications, 39584
cued recall using words, item search strategies & retrieval access, 3rd vs 6th graders vs college students, 4573
decision time & subjective probability & task difficulty, memory search during probability assessment, college students, UK, 3873
degree of encoding & semantic associative information, inference during reading, college students, 24832
delayed recognition tasks to remember & recognize words or faces seen short time before, hippocampus & amygdala neural encoding, epileptic patients with medial temporal lobe lesions, 12410
design & evaluation of computer aid, novel fault diagnosis in dynamic physical system & model of human information processing, engineering students, 20906
directed attention to words or category membership or initial letter of words in orienting task, encoding of occurrence frequency, college students, 7452
discrete vs continuous models of human information processing, 14395
display size & background texture, parallel vs serial processing in feature discrimination task, college students, 17761
elaboration of encoding, retention assessed by recognition vs free recall, male graduate students, India, 21301
elementary perceiver & memorizer vs interactive activation model, analysis of context effects in letter recognition, 35360
encoding & retrieval processes, learning disabled vs head injured young adults, 22475
encoding problems in nonstrategic memory task, elderly with dementia of Alzheimer's type, 29910
Encoding Specificity Principle & related Synergistic Ecphoric Model of Retrieval, cue processing in memory, 14453
exemplar based computer simulation of long term memory, storage & retrieval of specific experiences & reproduction of social priming & category accessibility effects, 14475
exemplar memory vs single layer parallel processing network storage retrieval models, base rate in category learning, college students, 31838
exercise, coding performance, elderly vs younger adults, 32450
explicit vs implicit retrieval of words vs pictures, college students, 24891
exposure to items under incidental vs prewarned memory conditions, memory for item occurrence frequency during cognitive language tasks, college students, 14442
fact vs problem oriented processing of acquisition vs test materials, spontaneous access in problem solving performance, college students, 3840
familiarity & lateralization of imagery processes, word recognition under intentional vs incidental memory instructions, college students, dual coding & discrete vs continuous processing implications, 24861
familiarity & number of elements & representation, recall of locations & names in maps & diagrams & encoding strategies, high school students, 28348
flunitrazepam & reversal by benzodiazepine antagonists Ro 15-1788 & Ro 15-3505, sleep & encoding & recall, healthy 20–32 yr old males, 32201
focused memory search of relevant vs irrelevant semantic cases, answering questions about complex facts, college students, Canada, 3868
future orientation & temporal coding efficiency, college students, 14415
gender stereotypes & attributes, encoding & response to gender related behaviors, college students, 25819
global & local information processing in memory system, college students, 38925
grouping effects in precategorical acoustic storage, 24869
hierarchy of goals & actions for joining secret club, retrieval of temporally ordered actions, college students, 299
hypnosis, recall of line drawings previously judged for pleasantness vs visual complexity, college students, 14489
icon use in computer display, assessment of document content in electronic retrieval task, implications for mnemonics & visual search, 7281
imagery vs verbal strategies, metaphor production & comprehension & memory, college students, 24818
imaginal or semantic elaboration strategies & free recall vs forced choice vs yes/no recognition tests, hypermnesia in recall vs recognition, college students, 14468
immediate vs delayed rereading of actual vs false advance organizer vs 1st paragraph of essay, recall, college students, implications for encoding & retrieval contexts, 3112
importance of semantic information in narrative, temporal load of computer assisted recall, college students vs 10–11 yr olds, 4636
information load & irrelevant information, automatic memory search interference, college students, 7472
information overload, digit span recall capacity, male 26–60 yr olds with alcohol dependency with vs without schizophrenia, 32987
information processing factors, cohesion of narrative retellings, 18–25 vs 26–55 vs 60–87 yr olds, 36076
information processing skill pattern subtypes assessment using factor analysis & multivariate classification, 9–10 yr old learning disabled readers, 12309
information processing under speeded conditions & personality correlates, paired associate learning, male college students, 10840
information technology, communication skills & information management, 25332
instruction in accuracy & automaticity of decoding skills, improvement in word recognition & comprehension skills, poor readers, 6705
instruction induced involuntary processing strategies during reading, comprehension, recall of narrative texts, 5th vs 7th vs 9th graders, 18609
instructions to memorize objects in room for intentional vs incidental learning, frame usage & object encoding in recognition memory, college students, Belgium, 21319
instructions to remember vs forget word, word recognition & lexical decision, college students, 17896
intact vs incomplete antonym pairs, memory generation effect measured by study time & word recognition & judgment cautiousness & RT, college students vs elderly, 38900
intelligence & cognitive encoding speed & habituation, infants, commentary, 32393
interaction & constraints between selective attention & memory storage, information processing, humans, 336
interpretation of impossible objects, development of spatial impressions, 14259
keeping of diaries with free vs ratee vs task based organization, organization in memory & accuracy of recall for employee performance incidents, college students, 20760
knowledge mobilization & schema activation techniques, memory & learning, 7th graders & college students, 38911
knowledge of problems & thresholds for stating retrieved answers, strategy choices in addition & subtraction & word identification, 1st graders, 4648
length of delay following semantic vs structural word judgments, word stem completion vs cued recall tests of word memory, 18–22 vs 57–75 yr olds, 15056
levels of processing vs distinctiveness of method of semantic encoding, word recognition, mildly mentally retarded adults, Canada, 12311
likability of target faces present vs absent in arrays, face memory & spontaneous personality processing, college students, 28335

limitations of linguistic performance models & connectionist models of cognitive processing, 7415
line drawings of nonsense forms & common objects, physical & name identity encoding speed, college students vs mentally retarded adults, 12298
localization of cognitive operations in human brain, 14695
lorazepam vs oxazepam & level of initial information processing, semantic information processing speed & retention of recognition task, 19–46 yr olds, 836
mapping of & processes in information coding by complex spike neurons in hippocampus, animals, 18088
massed vs spaced repetitions, encoding variability & recall & apparent frequency, college students, 14456
memorization of independent paragraphs & retrieval cues for complete vs partial reproduction, text recall measuring output interference, college students, 38938
memory & auditory store, attenuation of suffix effect, college students, 338
memory organization, 17–35 yr old autistic idiot savant mnemonists, England, 29609
memory search performance & duration of encoding & response processes, males with mild hypertension, 33587
memory set size, processing RT with described images, college students, 7438
methaqualone dosages, stimulus encoding in memory scanning task, male 21–32 yr olds, 28972
method for indexing visual features in visual field & role in spatial perception, 38744
misleading postevent information, memory for original event & its source, college students, 24895
mnemonic strategies, recall of main ideas of story, adults with temporal lobe seizures, 12473
mnemonic vs semantic processing vs repetitive learning strategy, multiple choice vs free recall vocabulary test performance, 30–60 yr old college students, 360
model of distributed storage in memory, 28336
model of interference & forgetting based on search of associative memory theory of long term memory, 10841
models of human information processing & memory, conference presentation, 38935
modular & explicit information processing theory of cognition, inferences about normal cognitive processing & neuropsychology from cognitive deficit research, commentary, 26012
mood congruent vs mood state dependent encoding & recall, speech anxious college students, 24700
motor vs imaginal encoding of attributive vs prepositional action phrases, free vs cued recall, college students, West Germany, 21292
motor vs visual imaginal encoding, verb pair learning, college students, 38883
movement related cortical EPs, early communication between neural stimulus evaluation & response systems, humans, 25029
multiple resources model of task sharing within & between hemispheres, implications for human factors, 17861
naturalistic contexts, verbatim recognition & recall & accuracy of quotations, newspaper reporters & writers, implications for memory for prose, 38905
negative vs positive & length of wh-questions of prose, search processes & response RT, adults, test of J. R. Anderson's ACT theory, 28310
nonsense pictures with names emphasizing semantic aspects, storage vs retrieval problems & memory trace structure in recall task, school age learning disabled vs skilled readers, 19463
number encoding & mathematical operation strategies & execution efficiency, addition & subtraction response times, 5th graders with reading vs math learning problems, 24049
number matching task, obligatory activation of arithmetic facts, college students, 346
number of conceptual codes by prime & semantic overlap of accessed codes, Stroop interference, college students, 21287
other category exemplars vs neutral vs correct priming, retrieval of category members, college students, 14403
parallel distributed processing model using neural network vs traditional symbolic models using rule based processes, simulation of human cognition & information processing, 24842
passive avoidance training as model of cellular events in memory formation & synthesis of fucoglycoproteins in memory storage, chicks, 35631
perceived vs imagined fast vs slow tempos of familiar songs, college students, 24784
phonological awareness & coding in lexical access & working memory, 4–5 yr old prereaders, 1054
phonological vs graphic vs semantic encoding strategies, word recognition & sentence level processing, native vs nonnative speakers of Chinese Mandarin, 10789
positive vs negative characterization before vs after presentation of behavioral incidents, encoding & recall of congruent vs incongruent information, female college students, 1407
positive vs negative cue words, latency & specificity of autobiographical memory retrieval, adults who had recently attempted suicide, 19334
positron emission tomographic measurement of activity related regional cerebral blood flow changes & identification of active brain regions during auditory & visual word processing, adults, 11045
preferential representations in cognitive categorization, knowledge acquisition, humans, 21288
preprobe delay, set size effect in memory search task, college students, 14428
primed word recognition & emotional experiences & situational knowledge, organization of emotional concepts in memory, 19–60 yr olds, 35395
priming effects & dissociations in explicit vs implicit memory, college students, 24883
principle language & experience level & language & nature of verbal task, recall, bilingual teachers & college students, Canada, implications for dual coding theory, 17877
prior wakefulness vs sleep & testing immediately vs 20 min after awakening, generation of specified category instances measuring memory consolidation vs retrieval, female college students, 38936
probe & missing digit references tasks concurrently presented with distracting tasks, interference, college students, implications for multiple resource theory of short term memory, 17894
processing & retrieval of speechread information, normal hearing infants & adults, 21940
processing difficulty in encoding related & unrelated words, cued recall, 2nd vs 4th vs 5th graders vs college students, 25413
processing of trait words, category accessibility & implicit & explicit memory, college students, 21318
processing of words & pictures ignored in selection attention task, 18–32 yr olds, 362
provision of original information sequence after incorrect detail memory on earlier test, retrieval or original witness memory & validity of confidence ratings, college students, 14454
psychology course on use of computer concepts & techniques in study of mental phenomena conference presentation, 38075
question form & case studies, search of semantic cases, college students, 38932
reading vs listening to passage & activated schema perspective at time of encoding vs testing, free recall vs sentence verification test performance, college students, 344
recall & recognition processes in Yogadarsana's doctrine of memory, 19–22 yr old male college students, India, 337
recall of random vs meaningful chess positions, strong vs weak male chess players, 348
recall of similar sounding word, retrieval of intended word, college students, 24879
recognition vs cued vs free recall encoding instructions & retrieval test sequence, recognition failure of recallable words using free vs cued recall test, 17–21 yr olds, Sweden, 28341

reliability of retrieving script information from memory, college students, 334
repetition & lag & codability, procedural & semantic & episodic memory, 19–32 vs 63–80 yr olds, test of ternary memory theory, 18595
retention interval, representation of map in memory, college students, 14450
retrieval cues, recall of names of famous faces, college students, England, 17890
retrieval strategies & effort, recall of name in tip of tongue states, 59–81 yr olds, 39705
retrospective & prospective coding strategies, memory performance for spatial locations or lists of information, male rats vs college students, 14452
reversed standard temporal order of events, suggestibility effect on memory of visual scene, college students as eyewitnesses, 28330
rhyming & letter switching generation tasks, relative & absolute frequency judgment & memory, college students, 7450
RT & accuracy of visual selection & memory search task & EPs, 18–24 vs 65–75 yr olds, 25442
sabeluzole, serial learning & retrieval of nonsense syllables, adults, 21726
sabeluzole, short vs long term memory retrieval, 40–58 vs 50–64 yr olds, 4498
scale-space-coded images, category scaling in impairment, adults, 35341
schema paradigm in perception, 28193
schematic face encoding difficulty & concurrent tapping rate, face recognition measuring asymmetrical interference effects, male college students, 39123
selective attention & visual field, semantic encoding of parafoveally presented words, adults, 21269
self concept & schemata & social processes, implications for assessment & treatment, 34267
self generated vs read words & encoding & retrieval conditions, intentional learning task performance, patients with dementia of Alzheimer type, 29911
semantic encoding of pictures & words, brain damaged 65 yr old female, 5594
semantic mediated priming, lexical decision, college students, implications for spreading activation theories of retrieval, 21309
semantic priming, initial encoding of briefly presented pictures, college students, 38922
semantic repetition, free recalling of words in French or English, bilingual adults, dual coding theory implications, 7471
semantic retrieval vs strong output cues, word associative encoding & retrieval, patients with Alzheimer's disease vs Huntington's chorea, 12401
single & competing test & WAIS-R scores, assessment of intelligence & retrieval, college students, 3829
single letter vs redundant multiletter displays & attention prefocusing, speed of letter detection, college students, 3811
sleep deprivation & knowledge of results, perceptual encoding in choice reaction task, adults, 763
social context-personality index vs size difference vs criterion shift explanation, presentation order effect in person retrieval to social vs personality cues, college students, 7439
spaced practice, implicit memory performance, college students, France, 28337
specific behaviors vs trait concepts, person memory & judgment, application of theories model, 15483
spoken vs visual words vs images of objects vs abstract figures, encoding of frequency of occurrence, aphasic 18–78 yr olds, 19652
spread of category level feature encoding, free recall of words & memory development, 2nd vs 6th vs 11th graders, Canada, 18553
stages of semantic processing in picture identification, brain damaged male, 5675
Stroop interference in judgments about remembered stimuli, college students, commentary, 38915
structure and retrieval of self relevant information in memory, college students, implications for role in social interaction, 21294
subject retrieval & source expertise & likability, opinions & recall of beliefs & behaviors about message position & arguments, college students, 7486
target words with rhyming vs semantic associative context words & retrieval cue type, retention, college students, 7435
task difficulty, processing & recall of structured vs unstructured word lists in pleasantness rating vs sorting task, college students, 351
testing limits methodology in instruction & practice in acquisition of mnemonic skill, serial word recall & cognitive plasticity, 19–29 vs 65–83 yr olds, 21959
time correct information provided & motivation & encoding of response, recall hindsight bias, college students, West Germany, 17891
time course for retrieval of similarity vs relational information in sentence matching task, adults, 28339
TRACE model of speech perception, perceptual compensation for coarticulatory influences of one speech sound on another, college students, 7374
transfer specific paired associate learning, proactive interference in long term word list retention measuring item vs relational information encoding, college students, 38875
value of overt & covert encoding & rehearsal study behaviors, learning of expository text, college students, 17191
verbal & learning abilities & elaborative vs base sentences, central & secondary word encoding & recall, learning disabled vs mildly retarded vs average vs gifted children, 33425
verbal encoding of novel referents, language impaired school age children, 8965
verbatim encoding vs construction of mental models, learning & recall of spatial descriptions, 3rd graders vs college students, 28334
weakly related context & target word pairs, recognition using related vs unrelated distractor words & cued recall, college students, 14427
word characteristics recalled in tip of tongue phenomenon in English vs Polish, college students, Poland, 333
word fragments of adjacent vs dispersed letters in syllabic vs nonsyllabic clusters with semantic cues, retrieval of whole word in crossword puzzle paradigm, college students, Israel, 3853
word primes, identification of single & multiletter codes, college students, implications for word perception, 301
word prototypicality & list organization, semantic memory information encoding using proactive inhibition, institutionalized mentally retarded patients, 1948
word recognition & intuitive similarity & cognitive structure & experiences of mood & emotions & action readiness & situational knowledge, mental representation of emotion, commentary, 35406
word self descriptiveness judgments vs autobiographical word retrieval, self reference memory encoding & retrieval, college students, 31886
words coded as synonyms vs translations vs copies, incidental recall, Spanish-English early vs late onset bilingual college students, 3871
words from ordered vs unordered sets, stimulus classification & cued recall, 2nd vs 5th graders vs college students, 4574
words vs consonant arrays with vs without advance knowledge, memory vs visual scan strategy, college students, replication, 38901
written instructions & post test expectations vs mnemonic vs paraphrase conditions, recall of instructions in writing vs during task performance, college students vs 10th graders, 10120
1st language orthographic structure, phonological coding strategies in 2nd language cognitive processing, educated adult Arabic vs English vs Japanese vs Spanish speakers, 38836

Human Males [See Also Adolescent Fathers, Brothers, Fathers, Husbands, Male Criminals, Male Delinquents, Sons, Widowers]
adherence to societal beliefs regarding drinking behavior & alcohol & alcoholism, male college students, implications for development & prevention of problem drinking, 18859
adherence to traditional gender role, counseling help seeking attitudes & behavior, male college students, 36340
adjustment to divorce, males, 32628
adolescent adjustment & prediction of alcoholism & personality disorder, sons of alcoholic males, 33 yr study, conference presentation, 15919
adoption, sexual & identity conflicts, 22 yr old male with anorexia nervosa, case report, 40403
age & education & nuclear vs extended family structure, attitudes toward female's roles, adult males, Libya, 22260
age & educational level, masturbation & nocturnal emission frequency, males, 19th vs 20th centuries, 11678
age at presentation for assessment & childhood femininity, etiology of transsexualism, asexual or bisexual or heterosexual vs homosexual males, 11676
age, sex role orientation, married male Air Force personnel, 10438
aging & chronic illness, sexual dysfunction, 65–75 yr old & older male veterans, 12468
alcohol & drug use patterns, urban 24–54 yr old heterosexual vs homosexual males, 15408
alcohol expectancy, drinking habits & frequency of physical aggression, male college students, 39889
alcoholism treatment group with focus on sex role behaviors, alcoholic males, 37936
antecedent brother hypothesis, determination of probability of male birth, commentary reply, 21474
aspects of sexual development including myths & sex roles & socialization & homosexuality & fatherhood, adolescent males, literature review, 15150
atenolol vs metoprolol vs pindolol vs propranolol, physiological & subjective sexual arousal & serum sex hormones, adult males, 11292
attitudes toward chronic unemployment, self image & self perceived insecurity & depression & withdrawal, unemployed adult males from 4 occupational categories, 10333
attitudes toward females & self reported similarity to female managers following successful vs unsuccessful outcomes, male college students, 8386
attitudes toward smoking & drinking & smoking patterns, males, Scotland, 4930
audiotaped narrations of consenting sex vs sexual & physical assault with vs without alcohol, penile circumference response, high vs low IQ adult male rapists, 22772
background & demographic characteristics & prediction of alcohol consumption during 1st mo of pledgeship, male college fraternity pledges, 22289
beard growth & testicular volume, depressed male adults, 26157
beer & wine consumption, self rated aggression, male college students, 11710
beer intoxication & frustration, physical aggression, 18–31 yr old males, 18856
behavior disorder & attention deficits, 6–12.9 yr old males with Gilles de la Tourette Disorder, 2135
behavior problems, 3–8 yr old sexually abused vs conduct disordered males, 8791
belief in Zilbergeld's myths, sexual dysfunction, 22–65 yr old males, 29854
biographical & cognitive & neuropsychological & biological characteristics as evidence of developmental reading disability, historically famous adult males, 12275
brief diagnostic group treatment, sexually abused 9–10 yr old males, 23267
cardiovascular disorders & sexual dysfunction, human males, conference presentation, 29893
causes of underrepresentation in college, Black males, 20543
childhood sexual victimization, male college students, implications for term definition & methodological issues in epidemiological research, 12124
circulating plasma testosterone, aggressive behavior, 15–17 yr old males, 11512
communion, mitigation of agency & isolation & individualism, 17–19 yr old males, 25558
compulsiveness & identity confusion & relationship problems, 19–38 yr old males sexually abused as children, treatment implications, 15835
conceptual model using scripting perspective & subjective expected utility theory, development & expression of sexuality & heterosexual masculinity, adolescent males, literature review, 15190
contraceptive danazol, sexuality & sexual functioning, males, 12931
coronary prone behavior, occurrence of life events, 35–54 yr old males, 25927
correlates of condom use & other contraceptive & sexual behaviors, urban 17–21 yr old males, implications for male responsibility, 15205
correlates of condom use at 1st & most recent intercourse, sexually active Black vs non-Black male 17–21 yr olds, 36167
counseling & psychotherapy services, male college students, 13738
criminogenic background, satisfactory social adjustment, 8–10 yr old males, England, 22–24 yr study, 12122
degree of violent socialization, severity of violent behavior, male spouse batterers, 15827
desire for homosexual orientation, 24 yr old ego dystonic heterosexual male, case report, 11694
development & reliability & validity of Men's Adult Life Experiences Inventory, assessment of developmental concerns of middle age, White males & 25–58 yr old fathers, 31582
development & reliability of Male Social-Sexual Effectiveness Scale, male college students, 38653
developmental model for integrated interventions, males who batter their wives, application of L. Kohlberg's theory of moral development, 2185
developmental programs to assess & serve special needs, male college students, 13722
developmental stages & gender role consciousness, male college students, 11501
developmental tasks & delinquent behavior, 11–18 yr old males, 11527
dexamethasone induced suppression of cortisol & prolactin, adult males with psychosexual dysfunctions, 2113
distress & sexual functioning profiles assessed by Derogatis Sexual Functioning Inventory, transvestite vs married heterosexual males, 8786
dominance bonding & social alliance in sociability group, males, 8296
dyscalculia & right left orientation & dysgraphia & finger agnosia & constructional dyspraxia, 8 yr old male with Fragile X syndrome, case report, 2014
ego ideal development in childhood, pleasurable involvement with members of both sexes, males, 18694
erotic material depicted in film vs slides vs spoken vs written text vs fantasy, penile circumference & subjective sexual arousal, 18–52 yr old males, 8301
etiology & prevalence & treatment of physical illnesses & handicaps, 50 yr old & older male street vs nonstreet dwelling skid row males, 12357
etiology & risk factors, male vs female patients with anorexia nervosa or bulimia, literature review, 40507
evaluation of group therapy program for family violence, social functioning & cessation of violence, 23–52 yr old male abusers, 30333
excessive daytime somnolence & sleep related hypoxic events, cognitive functioning, 41–52 yr old habitually snoring males, 26657
explicit vs implicit bloodletting simulations of menstruation, males, Oceanic vs Western societies, 8211
exposure to film with positive homosexual content, homophobia, heterosexual 20–25 yr old males, 22265

exposure to sexually explicit homoerotic material, aggressiveness & homophobia, heterosexual 19–21 yr old males, 22266
facial decoding skill & level of antisociality, sexually stimulating effect of viewing photographs of distressed females in bondage, male college students, 11686
factor structure of Child Behavior Checklist scores, male 6–11 yr olds, 21158
father representation & deidealization, adolescent development, males, 36112
feelings of shame, unemployed adult males, England, implications for minor affective disturbances, 34855
female surrogate assisted sex therapy, sexual function disturbances, males, 1970–80, 12561
feminist perspectives on gender consciousness, modification of male breadwinner norm, male steelworkers & their spouses, Canada, 39872
friendship patterns & interactional skills, female noninstitutionalized elderly, 36202
gender specific characteristics & attitudes, frequency & nature of therapist client interactions, males with & without offspring, 9358
generosity, 4.5–4.9 yr old males, 8145
history & attitudes toward various types of violent behaviors, marriage & family & demographic & psychosocial characteristics, males violent towards family &/vs nonfamily targets, 15886
hostility as risk factor for mortality & ischemic heart disease, 40–59 yr old males, Finland, 16133
image of males & sex roles in popular music, Brazil, conference presentation, 18499
immediate & long term responses to sexual assault, males 16–82 yrs old at time of attack, UK, 36779
immunoreactive theory, selective affliction with neurodevelopmental & psychiatric disorders, males, commentary, 22446
incidence of & reasons for participation in unwanted sexual activity, male vs female college students, 11691
individual difference factors, prediction of laboratory aggression against male & female targets, males, implications for sexual aggression, 26267
intellectual & social development, 14 yr old male with Klinefelter's syndrome, case report, 8951
iv drug use & heterosexual transmission of AIDS in Black community, Black males, implications for education & prevention, 16037
job stress & time constraints & family strengths & structure & social networks, role evaluations, 21–63 yr old married police officers, 25717
latent transient primary hypothyroidism or low T3 syndrome with elevated serum TSH, 24 yr old male & 15–20 yr old females with anorexia nervosa, case reports, 26577
leadership roles in college student personnel services, males, 13693
lifetime prevalence of psychiatric disorders, males with AIDS or AIDS related complex or HIV positive & asymptomatic or homosexual males seronegative to HIV, 8986
living & dealing with neurotic males, females, implications for rational emotive therapy principles, 8427
marital quality, immunity & distress & loneliness & illness, married vs separated or divorced males, 11619
masculinity & self esteem & self acceptance, 19–65 yr old male professionals vs college students vs clients, 18967
memory search performance & duration of encoding & response processes, males with mild hypertension, 33587
methods of prostitution & street behavioral patterns & social characteristics, 12–25 yr old male prostitutes, 5451
MMPI profiles, adult males who exhibited violent behavior in relationships, 8799
MMPI profiles, Native vs Mexican vs Caucasian American alcoholic males, 8921
modeling & guided practice in comprehensive testicular self examination cancer education program, male college students, 30623
mysteriousness & emotional reactions & relations with females, adult males, implications for research & sexology, 22270
naturalistic behavior of male genital exposure, female victims of indecent exposure, 12110
nature of & role of symbolism & ritual in & norms & attitudes about & control of deviance in sport subculture, male rugby players, 17500
needs & role of student services, subpopulations of male college students, 13564
nocturnal penile tumescence, males with organic erectile dysfunction vs depression, 22490
onset & presentation, 23–46 yr old females vs 11–16 yr old males with atypical anorexia nervosa, 40498
parental education, pregnancy resolution preferences & beliefs & intentions, Black vs White male high school students, 36153
patterns of interpersonal behavior, male batterers, 33236
perceived levels of competitiveness & combativeness & efforts to gain control in courtship, male college students, 36440
perceived sex role stereotyping & role strain in contact with community vs colleagues vs patients, 22–79 yr old male nurses, 13323
perceptions of their fathers, alcoholic 22–74 yr old males, 22813
performance related vs neutral distraction, sexual arousal, 23–54 yr old sexually functional vs dysfunctional males, 40345
personality characteristics, attitudes toward & incidence of use of force in sexual experiences & likelihood to rape, male college students, 33334
personality traits & saliva testosterone, male college students, 7719
pictures of males with vs without beards, perceived masculinity, college students, 39917
pipeline assessment, accuracy of self reported use of cigarettes & smokeless tobacco, rural 7th–8th grade males, 11465
play skills, 4–6 yr old males with vs without sensory integrative dysfunction, occupational therapy implications, 33481
power motivation, evaluation of high vs low status person, male college students, 32804
predictive index using sociodemographic variables, drinking behavior, alcoholic adult males in treatment program, 6531
predictive variables in development of aggression & violent behavior, 8–32 yr old males, England, longitudinal study, 39618
prevalence of fragile X syndrome & other chromosomal abnormalities, mentally retarded 5–20 yr old males, San Marino, 22837
prevalence of history of childhood physical abuse & psychological profile & patterns of alcohol abuse, alcoholic male veterans, 12266
previous exposure to prosocial & angry interactions between adults, reactions to anger & arousal & emotional responses & aggression toward peers, aggressive vs nonaggressive male 1st–3rd graders, 29144
prostitution by choice, male adolescents, 40210
pseudocyesis accidentally induced by hypnosis & continued by autohypnosis & reversed by informal suggestion, 40 yr old male treated by hypnotherapy for smoking cessation, case report, 27028
psychodynamic cognitive model of intrapsychic process for group treatment of family violence, male abusers, 30349
psychodynamics of enlistment choice & hypermasculinity, 20–44 yr old gender dysphoric servicemen meeting DSM-III criteria for transsexualism, 18837
psychological & demographic variables, completion vs dropout from violence treatment program, 19–53 yr old male spouse or female partner abusers, 16292
psychological characteristics, males with psychogenic vs organic impotence, 2103
psychological characteristics, 18–35 yr old males who had been sexually abused as children or sexually assaulted as

young adults, treatment implications, conference presentation, 40250
psychometric evaluation, 50–70 yr old males with organic &/vs psychogenic sexual complaints, conference presentation, 12382
psychosexual behavior & client characteristics, adolescent males attending public health contraceptive service, 34153
psychosis or alcoholism or depression or organic mental disease, street dwelling vs nonstreet dwelling homeless 50–80 yr old males, 11869
psychosocial development, attainment of personal authority in family, 30–49 yr old male employees, 4830
psychosocial factors, alcohol consumption, 22–33 yr old males, Czechoslovakia, 22296
reasons for underreporting of child sexual abuse, male victims, 40253
reassessment of career decisions & personal life structures, 38–49 yr old male middle managers, 31363
relationship between Bem Sex Role Inventory & British Attitudes Toward Women Scale & Hypermasculinity Inventory, male 18–35 yr olds, England, 38584
relationship enhancement counseling, interpersonal & communication skills, 18–63 yr old wife abusers, 2387
reliability & validity of Sexual Interaction Inventory, assessment of sexual satisfaction, couples in which 29–68 yr old males had secondary erectile dysfunction, 17606
resolution of conflicting psychoanalytic vs gender vs social solidarity interpretations of initiation rites, Afikpo males, Nigeria, 18755
scores on MMPI Scales as indicator of character pathology, 17–64 yr old males, 8856
search for DNA markers, autistic 13 & 17 yr old males with fragile X syndrome, case reports, 15802
self actualization profiles, 17–44 yr old male able-bodied vs elite athletes with cerebral palsy, 5785
sensitivity & specificity of phallometric test for pedophilia & hebephilia, 18–55 yr old males accused of sexual offenses against male &/vs female minors vs female adults, 26236
SES & health status, male 15–64 yr olds, Canada, 25920
sex hormone levels in blood & saliva, spatial & verbal abilities & field dependence, 20–30 yr old males, West Germany, 676
sex role, consistency of aggressive & assertive & submissive behavior, 15–17 yr old males, 25616
sexual dysfunction, cocaine & alcohol abusing males, neurochemical implications, conference presentation, 15910
sexual frequency & satisfaction & quality & interest & ability 6–18 mo after accident, males with cerebrovascular accidents vs fractured hip or leg, 16083
sexual interest in children & responses to questions theoretically relevant to pedophilia, male college students, 36735
sexual victimization by males & young females, 14–24 yr old males, 22756
sexual victimization, male children, literature review, conference presentation, 5469
sexuality awareness program, at risk 12–18 yr old males, 37741
social judgments about male vs female victims of heterosexual or homosexual rape, college students, 12190
social learning theory based structured group intervention, emotional expressiveness, 30–50 yr old males, counseling implications, 33924
social network structure & mobilization of instrumental & expressive support over time, unemployed males, England & Wales, 11740
social orientation & instrumentality, prediction of self reported values & accomplishments & competencies & goals, male high school students applying for college fellowship, 8072
socioeconomic background & race & demographic & employment characteristics, males in female vs male concentrated occupations, 38339
specific components in etiology & assessment & treatment of sexual dysfunctions, males, 9104
speculations on social psychology of drinking & driving, male 18–24 yr olds, conference presentation, 26345
strategies for AIDS prevention, Black or Hispanic males at risk, 12603
sugar taste reception, adults vs other mammals, 3705
surgery on genital or perineal areas, exacerbation of psychiatric symptoms & psychodynamics, 37–56 yr old males with severe personality disorders, 6275
symbolic interactionism & critical theory in clinical interventions, male batterers & female victims, 16825
symptoms of depression & anxiety, unemployed 25–56 yr old males, 26061
task analyzed masturbation instruction, institutionalized profoundly mentally retarded 29 yr old male, 2802
taste detection thresholds, noninstitutionalized 18–25 vs 63–88 vs institutionalized 61–92 yr old males, 9814
theme of Oedipal crisis in young male & war in films "Hope and Glory" & "Empire of the Sun" & "Radio Days", 29018
traditional vs nontraditional attitudes toward females, response to different approaches of female initiation of dating relationship, male college students, therapy implications, 18846
treatment approaches, male sex offenders, literature review, 34429
Type A behavior & pressor response to stress, 30–65 yr old males, 12394
type of work & employment, participation in health lifestyles & self rated health, adult males, 32831
underlying motives for sexually aggressive behavior, male college students, 8303
use of Markov model to determine influence of physically demanding work & impaired health on ability to delay retirement, elderly males, 17 yr study, policy implications, 41396
use of power & avoidance in intimate social relationships & endorsement of stereotypes about male sexuality, male vs female college students, 22347
victimization issues, male victims of child sexual abuse, 1763
work & social & sexual interactions & life roles, self perception of masculine vs feminine vs androgynous roles, males, 4904
X chromosome defects, autistic 4–17 yr old males, 15655

Human Mate Selection

assortative mating in schizophrenia & risk to offspring, mates of schizophrenic females, Denmark, longitudinal study, conference presentation, 8690
assortative mating vs convergence for IQ & personality traits, spouses, Great Britain, 36284
cognitive ability & education & personality traits, mate selection, couples, 15306
demands for adherence to caste system, newspaper advertisements for marriage partners, adults, India, 8215
demographic characteristics & reproductive performance & bridewealth payments, married Kipsigia females, Kenya, 1940–73, 36286
familiarization with photographs of individuals, choice of potential mate, college students, 32683
family myths & mate selection & premarital behavior, implications for marital & family therapy, 33947
genetic similarity & intelligence, mate selection, adults, 1319
genetic similarity, mate selection & sexual interaction, couples, 21476
genetic vs environmental transmission of cognitive abilities, adopted vs nonadopted 4 yr olds & their biological & adoptive parents, test of conditional path model of assortative mating, 36079
mate retention tactics, college students, US, 15422
mate selection & guarding & agonistic interactions, adult males vs females, Trinidad, 1305
mate selection traits, Malaysian vs US college students, US, 8260
mating & marriage patterns & choice, British & Dutch & German & Italian & Greek & Yugoslav immigrants, 1947–82, Australia, 18776
personal preference regarding IQ & extraversion & neuroticism vs social & educational & geographical propinquity, mate selection, husband & wife pairs, England, 15301

physical attractiveness & SES in mate selection criteria, male vs female medical students, 39938
sex, male preferences, 17–28.7 yr olds, 33 countries, commentaries & reply included, 32627
Human Migration [See Also Refugees]
Corporate Spouse Relocation Program in University Career Development & Placement department, career & educational counseling & employment support, spouses of prospective employees, 41402
demographic & socioeconomic variables & intraregional migration in 5 southwest states, Mexican Americans, 36252
demographic characteristics & health status & service utilization & social support networks, elderly seasonal migrants from Canada to Florida, 15252
educational level & employment status & voluntary vs involuntary relocation, stress & perceived satisfaction with well being & control & marital relations, 22–51 yr old mothers, 11623
expected effects of job related move on employment opportunities of tied spouse, college students, implications for dual career couples, 38326
factors influencing well being & quality of life in retirement, Zulu migrant workers returning to rural lifestyle, South Africa, 29184
forced relocation, social & emotional adjustment & coping behavior, Ashkenazi vs Sephardi Jews, Israel, 8230
identity maintenance vs cultural adaptation, personal identity development, intercultural migrants, implications for Canadian policy making, 22126
integration while living in English speaking country & readjustment to Japan & English & Japanese language competence, parents & their 6–17 yr old children, Japan, 21883
logistic regression analysis of factors in migration & job satisfaction, Filipino contract workers & domestic servants, Hong Kong, 6911
magnet school plan using primarily voluntary transfers vs mandatory reassignment, school desegregation & White flight, 31074
medical & psychological effects of threat of compulsory relocation due to dam construction, 18–99 yr old American Indians, 22148
migration & employment of females, conjugal relations & balance of domestic power, Yemeni Jewish 35–55 yr old females & their husbands, Israel, conference presentation, 25729
migration & wage labor, domestic status in household, Haitian or Colombian or Portuguese or Greek female immigrants, Canada, conference presentation, 25743
migration, health & mental health & locus of control & self esteem & knowledge of community health services, 12–18 yr olds, 6 mo followup, 39477
migration problems & adjustment process, 20–33 yr old Hong Kong females, Canada, 25696
patterns of migration & psychological & psychosocial adjustment, migrants, conference presentation, 22138
role changes & childrearing practices, Greek migrant mothers, West Germany & Greece, 15286
sex differences, migratory behaviors & work patterns & conjugal relations, 15 yr old & older Mexican immigrants, US & Mexico, 1181
stress & psychopathology, children of Latin American diplomatic or military professionals, 18987
Human Potential Movement [See Also Assertiveness Training, Consciousness Raising Groups, Encounter Group Therapy, Gestalt Therapy, Human Relations Training, Sensitivity Training, Transactional Analysis]
duration & structuredness & composition, treatment outcome, personal learning & change counseling groups, meta analysis, 12772
manipulation strategies in self transformation intuition training, development of ESP, participants, 23306
personal growth group, self actualization, female gymnasts, 6057
personal growth group with vs without 4 wk structured learning time interval in middle vs end of group, self esteem & group interaction & verbal participation, college students, 40712
valence & structure & replication of feedback, reception of information & personality change & group cohesion, college students participating in personal growth groups, conference presentation, 9433
vedic science & quantum field theory model of unified field of pure consciousness & creative thinking, 22430
Human Relations Training
assertiveness workshop in verbal & nonverbal interaction, implications for educational psychology, 3093
group relations training workshop, educational psychology trainees, implications for professional practice, 3088
human relations camp experience program, promotion of intergroup contact & racial tolerance, high school students, 19873
need for training in interpersonal emotional support & group interaction skills, entire crew vs physicians of space stations, 34875
preventive relationship enhancement training by paraprofessional counselors, expressive self disclosure & empathic understanding skills, college roommates, 27816
therapy & encounter & T-group design principles, creativity, adults, 23310
trainer articulation & legitimation & connections, learning, psychology graduate students in experiential small groups, 12769
training in family crisis intervention & community & human relations by mental health consultants, police officers, 17343
Human Rights [See Also Civil Rights, Client Rights, Equal Education]
categorical distinction of mental health vs abnormality, accordance of social rights & judgment of human & civil rights infractions for groups & individuals, adults, 32990
claim rights vs moral rights & policies structured on normalization principles, mentally retarded & disabled, Great Britain, 26385
emotional & psychological difficulties, male superachievers, implications for psychotherapy, 29448
empathy for victims of human rights violations & support for political action, college students, US vs Australia, 15337
justice constraints on liberal rights in social choice theory, 7242
legal implications of "right to die" & suicide right, 12203
right to medical & psychiatric treatment, prisoners, 41100
Human Sex Differences [See Also Sex Linked Developmental Differences]
ability to discriminate regular vs calorie reduced vs low alcohol beer, male vs female 21–28 yr old social beer drinkers, Australia, 1332
academic achievement & SES, attitudes toward manual work & family planning & casteism, male vs female high school students, India, 10163
academic examination stress, plasma levels of LH & testosterone, male vs female medical students, 11094
academic identity & race, formation of educational & occupational aspirations, male vs female White vs Black high school students, 8077
academic subject & achievement, academic self concept & causal attributions & perceptions of teacher feedback, male vs female 5th graders, 41299
accommodation in conversation, same vs mixed sex dyads of college students, 25346
accuracy of body image & stereotypic preference & aversion to & judgment of body types, male vs female 13–25 yr olds, 8085
achievement & intimacy dynamics & typical conflicts & defenses, high achieving males vs females, treatment implications, 29403
achievement goals & means & structure of cognitions, male vs female 10th & 12th graders & college students, India, 8210

actual & teacher perceived school satisfaction & commitment & relations with teachers, male vs female 4th–12th graders, Israel, 20542
acute alcohol intoxication, pharmacokinetics & mood, 21–34 yr old males vs females, 916
acute behavioral stress, lipid & lipoprotein & cardiovascular & neuroendocrine responses, male vs female 18–29 yr olds, 25114
adjustment of GPA for differential grading standards, predictive validity of high school grades & SAT & achievement test scores, college students, implications for sex & race, 27774
adolescent pubertal status & gender & status as family member, domains of family conflict, parents & adolescent child, conference report, 11514
aerobic vs anaerobic exercise, personality changes, male vs female college students, 7729
age & attention, dichotic listening, male vs female school age children, Sweden, 1 yr followup, 4575
age & education & sex, results of performance tests of intelligence, 20–59 yr olds, India, 39971
age & education level & sex, performance on & reliability of Selective Reminding Test of verbal learning, 16–70 yr olds, implications for neuropsychological assessment, 38660
age & ethnicity & sex & source of report & physical vs sexual abuse case substantiation, 12–17 yr olds, 12172
age & experience level & perceptions of own & others' driving ability & risk assessment, male vs female adult drivers, 31331
age & gender & geographical region, suicide rates, persons 15 yrs old & older, Canada, 8784
age & gender differences, degree of coordination in mother infant interaction, 3 & 6 & 9 mo olds & their mothers, 22215
age & hearing loss in decibels & balance proficiency, development of ball catching, male vs female deaf 3–14 yr olds, 12346
age & level of education & occupation, perceptions of mental illness, males vs females, Mexico, 1674
age & marital status & diagnosis, inpatient mental health services utilization, Hispanic males vs females, 2840
age & race & sex, factor structure of well being as assessed by Affect Balance Scale & Life Satisfaction Index A, 65 yr olds & older, 14132
age & sex & amount of contact with elderly, prediction of knowledge of physiological aging process, 17–70 yr old college students, Australia, implications for professional training, 4779
age & sex & average vs overweight body shape, attitudes & perceptions & practices toward obesity, 5–12 yr olds, Canada, 22981
age & sex & birth cohort, familial transmissibility, alcoholic psychiatric patients & convicted felons, 15952
age & sex & classroom environment & play props, play behavior, female vs male 3–5 yr old preschoolers, 24105
age & sex & diagnosis & mortality ratio, 10–70 yr old & older psychiatric patients, 1978–83, Israel, 32995
age & sex & dilemma type differences, relation between C. Gilligan's model of moral orientation & L. Kohlberg's models of oral stages & moral orientations, 5–63 y olds, 2 yr study, 21916
age & sex & distribution of practice & stimulus modality, short vs long term memory for auditory vs visual material, 12–20 yr olds, 18597
age & sex & drug use & emotionality, worries about nuclear war, 8th & 12th graders, 29132
age & sex & ethnic background, suicidal behavior, assaultive & violent 4–18 yr olds, 19274
age & sex & field dependence, perceived self consistency, 12–23 yr olds, 18662
age & sex & hypothetical impersonal vs interpersonal problem with peer vs parent, choice of familiar vs expert adult vs peer for advice, 8–17 yr olds, 4748
age & sex & job experience & education, level of confidence in investment decision making, shareholders & investors & security analysts & college business students, 31406
age & sex & labor market position, occupational commitment & mobility, adults, implications for vocational guidance, 38341
age & sex & length of course, types & levels of situational fears, Outward Bound students & their instructors, 24479
age & sex & marital status & educational level, rural vs urban depressive neurotic patients, India, 19251
age & sex & marital status, incidence of treated affective disorders, 15 yr olds & older, 1983–87, Italy, 36563
age & sex & referral source & presenting problem, community mental health clinic utilization, patients, Hawaii, 9669
age & sex & relationship & goals in interpersonal conflicts, classification of resolution strategies using bilateral vs unilateral direct vs indirect 2 dimensional model, college students, 36419
age & sex & religiosity, forgiveness & justice development, predominantly Catholic 9–36 yr olds, 32488
age & sex & SES, development of person concept during childhood & adolescence, 6–15 yr olds, India, 8088
age & sex & severity & hospitalization, immunity, 18–76 yr olds with major depressive disorder, 19216
age & sex & sex role orientation, attitudes toward menstruation, 18–23 vs 28–39 yr olds, 29283
age & sex & time of night, delta & REM sleep, healthy 6–16 yr olds, 25383
age & sex, auditory brain stem response to clicks, adults, 667
age & sex, characteristics & supportiveness of social networks, 50 yr olds & older, 15240
age & sex differences & low structure nondirective teaching method, verbal & physical aggression, 6–11 yr olds, 27634
age & sex differences, cognitive development, rural 2.5–6.4 yr olds, India, 25476
age & sex, DSM-III pathological personality cluster traits, 18–60 yr olds & older, 8703
age & sex, effect of cholinergic agonist RS 86 on REM & NREM sleep & mood, healthy 18–65 yr olds, 11290
age & sex, EPs, schizophrenic vs major depressive vs nonpatient 16–57 yr olds, 5235
age & sex, expressive behavior, 6–18 yr olds & their mothers vs their friends, 29155
age & sex, intensive computer keyboard training, 11–18 yr old students, Australia, 41225
age & sex, lie scales scores, elderly, Australia, 8192
age & sex, medical & nonmedical psychoactive drug use or abuse, White vs Black vs Hispanic adults, 36883
age & sex norms, Purdue Pegboard test of manual dexterity, 40–85 yr olds, 14070
age & sex of custodial parent, adjustment during custody/access disputes, female vs male 4–11 yr olds in separated or divorced families, 18650
age & sex of deceased children, intensity of grief, British Columbian parents vs Kung Bushwomen of high vs moderate vs low reproductive value, 39950
age & sex of parent & child & circumstances & patterns of mistreatment & report & substantiation rates, abused children, 1965–85, 15860
age & sex of protagonist & S, social evaluation of assertive behavior, adults, 25866
age & sex, pattern & expression of psychological stress, 14 & 16 yr olds, India, 4659
age & sex, pattern of psychiatric admissions, West Indian born vs British 15–64 yr olds, England, 30734
age & sex, performance & arousal during sustained attention task with no memory demand, 18–91 yr old males, 18719
age & sex, performance on neuropsychological tests sensitive to hippocampal damage, alcoholic adults, 1921
age & sex, preventive health practices & behavior, 64–96 yr olds, 18722
age & sex, report of dental anxiety & self efficacy relating to dental visits, 9–12 yr olds, 3 yr follwoup, 40850
age & sex, school related curiosity, 3rd & 5th & 7th graders from Catholic vs public schools, 27639
age & sex, school related self concept, 2nd–8th graders, Ghana, 10140
age & sex, situational vs chronic distress symptomatology, caregiving family members of dementia patients, 5574

age & sex, social behavior in dyadic play, 3–4 yr olds, 18647
age & sex, social control model of different forms of delinquency, middle & high school students, 36749
age & sex, symptoms of physical malfunctioning & depression scales' total scores, healthy 40–89 yr olds, 32558
age & sex, utilization of community telephone service providing support & information & assistance, latchkey children, 2704
age & sex, verbal aggression, preschoolers through 7th graders, 8136
age & sex, word associations, 15–69 yr olds, 32432
age & sex, Zung's Self-rating Depression Scale scores, 13–89 yr old psychiatric outpatients, 5221
age & social class & body weight, attitudes & behaviors symptomatic of anorexia nervosa & bulimia, male vs female 9th–12th graders, 37185
age & work experience, expectations of effective male vs female leadership, 19–53 yr old females, 8308
age at 1st experience of sexual arousal & feelings about sexuality, male vs female 12–54 yr olds, test of evolutionary model of sexual behavior, 11489
age, attitudes toward adultery, female vs male 22–83 yr olds, 18844
age, cluster analysis of health & psychosocial functioning, adult male vs female multiple sclerosis outpatients, 12540
age, communication apprehension, male vs female 5–11 yr olds, Puerto Rico vs mainland US, 36005
age, murder victimization, females vs males from infancy to adulthood, 5433
age of rater & ratee, performance evaluations of male vs female employees, male supervisors in professional accounting associations, 24343
age of transition from virginity & number of sexual partners of opposite sex & homosexual relations, male vs female college students, 39883
age, preference for same vs cross sex friends & social interaction & skill level, early vs late toddlers vs preschoolers, 8108
age vs sex related gait qualities of 5–70 yr olds, perception of happiness & powerfulness, college students, 5007
AGECAT computerized diagnosis procedure, detection of dementia & depression & neurosis, elderly males vs females in urban communities, US vs England, 15566
aggression, mental health treatment rates, male vs female adolescents, 5871
aging & sex & education, amount of autobiographical memory information retrieved on standardized instrument, 55 yr olds & older, 36192
agreement on childrearing values, style of interaction within marriage & with sons vs daughters, mothers vs fathers of 5 yr olds, 2 yr followup, 1214
alcohol & drug abuse, psychological & social & behavioral problems, male vs female 12 yr olds & older, 36882
alcohol drinking & alcoholism, suicide attempts, male vs female 16 yr olds & older, 32948
alcohol drinking behavior, female vs male Filipino Americans, 1331
alcohol drinking patterns & abuse & drunk driving & beliefs about drinking & drunk driving, male vs female high school students, 8866
alcohol drinking patterns, urban vs rural males vs females 18 yrs old & older, Spain, 36374
alcohol intoxication, power distribution in male–female decision interactions, adults, 14856
alcohol, psychological vs physiological sexual arousal, males vs females, literature review, 28835
alcohol related problems, male vs female alcohol rehabilitation patients, 12233
algebra competency & critical thinking skills, prediction of freshman & sophomore physics course performance, male vs female college students, 17193
alienation, attitudes toward parents, male vs female high school students, India, 18695
altruistic & social & material reasons for initiating & quitting volunteer work, elderly males vs females, implications for social work, 32579
ambiguity & sex, perceptual biasing effects of salient cognitions, college students, 32815
analysis of effect size & vote counting procedures in meta analytic studies, gender & science achievement, 31109
androgyny, supervisory & technical responsibility & salary & job satisfaction, male vs female engineers, 3424
angling socialization & sex, angling participation, Black vs White urban 6th–9th graders, 32484
anticipation of future encounter, question asking of same vs opposite sex partner on first meeting, college students, 1353
anxiety & verbal intelligence & ego stress & reassurance & sex, anagram performance, 9th graders, 21980
anxiety in medical situations, males vs females, 23535
assaults by male prisoners, male vs female correctional officers, 1981–82, 2977
assessment of coordination of perspective from 3-dimensional pictures, male vs female 6th graders & elementary teacher trainees, 8027
attitudes about consequences of aggression toward peers, aggressive vs nonaggressive male vs female 3rd–6th graders, 32473
attitudes about obese individuals & body weight & self perception & dieting behavior, female vs male college students, Australia vs US, 5084
attitudes toward & concern about health & health related behaviors, male vs female 7–12 yr olds, 8102
attitudes toward female education, rural vs urban parents with school age daughters, Nigeria, 39744
attitudes toward female roles, male vs female college students 18–24 vs 25 yrs old & older, 27642
attitudes toward mathematics, male vs female high school students, India, 41303
attitudes toward mothers vs fathers including perceptions of caring & protection, male vs female high school students, Australia, 32482
attitudes toward mothers working outside home, mothers vs fathers, US vs Brazil vs Philippines, 31437

client counselor agreement about client problems & effective treatment approaches, treatment outcomes, Black vs White vs Hispanic narcotic addicted males vs females, 6542
client problem type & counselor gender, counseling response mode, 29–52 yr old novice counselors, 37745
cognitive & affective & behavioral responses to male vs female instructor during presentations on sex bias in counseling females vs gender neutral topic, college students, 10148
cognitive development & sex role socialization theories, prediction of age & gender differences in severity of & vulnerability to health problems, 1st & 4th & 6th graders, 8530
cognitive developmental model of sexual behavior understanding, development of & associations between sexual attitudes & behavior, male vs female college students, Canada, 15168
cognitive training, spatial ability, male vs female 64–95 yr olds, 14 yr study, 8198
cognitive/behavioral theories & coping with problem solving & stress, understanding & differences in prevalence of depression, females vs males, commentary, 29606
cohort & sex & race & sociodemographic factors, smoking, substance abuse & truancy, high school seniors, 1976–85, 36728
color of rolling vs bouncing ball, color matched targeting precision in hitting ball, male vs female 6–20 yr olds, France, 4590
commitment to religious identity, participation in work force, males vs females, 1972–85, 25691
common problems & coping strategies, female vs male 14–17 yr olds, 32537
completed suicide, male vs female 14 yr olds & younger vs 15–19 yr olds, 1975–79 vs 1980–85, 22714
computer aptitude & attitudes & literacy, male vs female junior high school students with vs without learning disabilities, 13636
computer games using spatial skills, spatial ability measured by mental rotation test, male vs female 5th–9th graders, 8037
conceptions of rape, males vs females, 22747
conceptual approaches to studying gender in education, 11683
conflict resolution strategies & sex role stereotyping in written fantasy stories, female vs male 9–14 yr olds, 15204
conflict resolution styles, male vs female managers in work vs home situations, sex role implications, 41427
conservative vs sexually provocative female clothing styles, estimates of opposite sex first impressions, male vs female college students, 39920
construct type & sex role socialization, sex differences in vocational structure, college students, 31343
construct validity & inner structure of Cook Medley Hostility scale, assessment of cynicism & hostile aggression, male vs female college students, 24594
construct validity of Dutch Restrained Eating Scale, male vs female 19–60 yr olds, 10574
construction of Emotional Self Disclosure Scale, assessment of willingness to discuss specific emotions with different disclosure recipients, female vs male college students, 3636
content & affective evaluations of vivid personal vs pleasant vs unpleasant autobiographical memories, male vs female college students, 28346
continuities & consequences of childhood shyness, males vs females, 30 yr study, 8082
conversational interruptions, perceptions of power of male vs female interrupter, male vs female college students, 8370
cooperative vs individualistic vs competitive social value orientations, number of hours volunteered for worthy cause, male vs female college students, 25849
coping strategies for daily stressors, professional females vs male college students, 15508
coping style & Barron's Ego Strength Scale scores, male vs female college students, 22431
correlation of scores on Eysenck Personality Questionnaire dimensions & Bem's Masculinity & Femininity scales of revised Sex Role Inventory, male vs female college students, 11822
creation & characteristics & solution of fictitious moral dilemma, female vs male gifted 15–16 yr olds, 21998
criteria used in selection of course sections, male vs female college students, 10153
cross sex gender identity & spatial abilities, male vs female college students, 25932
cross sex vs androgynous vs undifferentiated sex role orientation, sex role conflict, male vs female workers, 29284
cultural background & sex, self reported touch avoidance, adults from US vs Mediterranean vs Near vs Far Eastern cultures, US, 25703
damaging effects of alcoholism, males vs females, 22785
death anxiety, male vs female Malaysian vs native or Western college students, Australia, 4813
deep interruptions in conversation by males vs females, normative expectations & ratings of appropriateness, male vs female college students, 32785
demographic characteristics & celibacy, never married 35 yr old males vs females born in 1946, UK, 15296

demographic characteristics & drinking patterns, adult male vs female problem drinkers in inpatient treatment vs recruited by newspaper for outpatient treatment, Norway, 6517
demographic characteristics, patterns of social & heavy drinking, male vs female Black vs White Hispanic vs non-Hispanic adults, 15931
dependency & sex equality & discrimination, retirement education, elderly females, Great Britain, 36205
depression & body image, male vs female 9th graders, 19202
depression & life stress & social support & family environment, male vs female 13–16 yr olds, 8593
depression & psychological distress, male vs female college students, Japan vs US, 29495
depressive disorders & symptomatology, Hispanic 17–64 yr old males vs females, Puerto Rico, 1568
detached dwellings vs multi-story apartments vs crowded residential houses, loneliness & achievement orientation & morals & religion, males vs females, India, 31472
development & validity of Suicide Attitude Vignette Experience scale, male vs female college students vs 57–86 yr olds, 38672
development of visual spatial ability & musical talent, male vs female adolescents, 3 yr study, 1013
dieting & maintaining existing body weight, eating related difficulties, male vs female college students, 12506
differential item functioning on US history items from National Assessment of Educational Progress, female vs male 11th graders from different racial & ethnic backgrounds, 34846
differentiation between friendly vs sexually interested behavior, male vs female college students, 5010
differentiation of induced sympathy vs distress through heart rate & facial expressions & self report indices, male vs female college students vs 3rd & 6th graders, 8091
differentiation of psychiatric symptomatology, adult males vs females, Spain, 32927
digit recall in dichotic listening task, evidence for lateralization, males vs females assessed at 5 vs 7 vs 9 yrs old, 8012
direct vs indirect hypnotic induction procedures vs suggestions, behavioral responses & self report experience, male vs female college students, 10876
distribution characteristics & sex & reliability & internal consistency of Group Embedded Figures Test, college business students, Canada, 24623
drawings of anorexic vs obese males vs females, perceived attractiveness & personality & other characteristics, male vs female 16–21 yr olds, England, 32811
dual task methodology, measurement of sex differences in intrahemispheric organization for language vs praxic functions, college students, 28612
dysthymia & psychosocial dependency & self esteem, male vs female 9.8–12.7 yr olds, Austria, conference presentation, 19092
E & group gender composition, evaluation of article written by male vs female job applicant, college students, 11770
E & self monitoring, perceived exertion during exercise, male vs female college students, 17489
easy vs hard auditory tasks, P300 amplitude & latency, male vs female college students with vs without history of parental alcoholism, 8911
ecological environment, color sense and spatial relations performance on Kohs Block Design Test, male vs female Auca Indians, Ecuador, implications for homology to neuropathological syndromes, 39111
ego identity status domains, male vs female college students, New Zealand, 2 yr followup, 8438
EMG norms for multiple regional muscle sites, male vs female college students, implications for biofeedback, 7670
emotional & physical characteristics & substance abuse, female vs male 15–19 yr olds who attempted suicide, Finland, 5 yr followup, 8809
emotionality, urinary HVA, male vs female 18–19 yr olds, 39161
empathy & sex & profession, burnout, 23–80 yr old nurses or social workers or teachers, 41177
employment loss, well being, male vs female fish plant workers, Canada, 17339
employment status & job & family demands & role overload, perception of personal control & mental health & symptoms, males vs females, 38444
employment status & type, etiological role of stressful life events, 20–49 yr old alcoholic males vs females, 15924
English vowels vs consonants vs meaningless vs meaningful 2–4 letter sequences, frequency judgments, male vs female adults who often vs rarely used English, India, 7956
epidemiology of agoraphobia vs social vs simple phobia, female vs male community residents, 19059
epidemiology of infantile autism, male vs female 5–9 yr olds, France, 22520
equilibrium, male vs female young adults, implications for occupational therapy, 3696
Es' expectancy of sex differences, performance on field dependence tests, male vs female college students, 36489
estimation of performance on WAIS subtests of male vs female 21 vs 71 yr old, male vs female college students, 15462
ethnic & sex differenes, narcotics addiction patterns, Chicano vs Anglo adults, 29738
ethnic origin & social class, superstitious beliefs, 12–16 yr old males vs females, Israel, 15232
ethnicity & age & sex, attitudes toward aging, adults, 11547
ethnicity & gender, personal qualities, elementary vs secondary teachers or trainees, 38057
experience with children & sex of parent & child, beliefs about pragmatic development, mothers vs fathers, 36266
expert report on hypothetical project with vs without devil's advocacy for questioning assumptions, commitment to failing project, males vs females, implications for management decision making, 17371
explanatory model for sex differences in cognitive ability, high school students, commentary on meta analysis, 39526
expression of psychopathology, schizophrenic 18–45 yr old males vs females, 11964
eye color & motor task performance, male vs female 6–12 yr olds, 39488
eye color & sex, accuracy in archery, 7th–8th graders vs adults, 36015
eye color of female model, perceived homophily & attractiveness & credibility, male vs female college students, 18918
eye contact during conversation with mother vs stranger, males vs females observed at 2 vs 4 yrs olds, 4637
Eysenck Personality Questionnaire correlates & reported guilt & shame, male vs female college students & their mothers vs fathers, 25735
facial attractiveness & sex, evaluation of & explanations for managerial performance, college students, 27873
facial prominence in popular magazines, male vs female adults, 1970–74 vs 1980–84, 11345
factor analysis of personality traits affecting motivation to approach vs avoid success, male vs female college students, 1474
factor analysis, taxonomy of psychophysiological functions, female vs male 18–26 yr old athletes, 14728
factor structure & invariance across gender & validity of Self Description Questionnaire III, general vs school vs English vs mathematical self concept, 11th–12th graders, 7077
factor structure of cigarette smoking motives assessed from survey data, males vs females, longitudinal study, 18860
factor structure of Fear Survey Schedule-III, male vs female college students, 7075
factor structure of Sensation Seeking Scale Form V vs Eysenck Personality Questionnaire vs Impulsiveness Questionnaire, males vs females, 7086
factor structure of short form of Children's Reports of Parental Behavior Inventory, assessment of perceived control & discipline, male vs female 5th–6th vs 9th–10th graders, 8116
factors in course subject choices, male vs female secondary school students, 10155

factors influencing hostility toward lesbians & gay males, development & validity of attitude scale, heterosexual male vs female college students, 36346
familial & social & personal & organization factors, job commitments in work organization dominated by male values, male vs female employees, 31431
familial security & environment & social relations, identity development, male vs female 18–21 yr olds, 18663
family handedness & college major, mental rotation task performance, male vs female college students, 35339
family history of alcoholism & affective symptomatology, alcohol consumption & neuropsychological test performance, alcoholic males vs females, 36890
family income level, cost benefit decisions with uncertain outcomes for hypothetical economic & achievement & social situations, male vs female college students, 11793
family process & structure & friendship support & sex differences, depressive affect & restraint, 6th graders, 29125
family SES & sex & occupational aspirations & personal characteristics & education, vocational choice & development, adult full time employees, 9 yr followup, 27845

sense of humor & coping styles, male vs female college students, 11846
sense of humor, attention in intentional learning of nonhumorous material & incidental learning of humorous material, college students, 38879
sense of humor, immunosuppressive effects of stress, college students, 14737
serial vs dual processing model of discourse & taxonomy of humor & wit, 7963
sex related attitudes toward humor, high school & college students, 25652
shop floor humor, masculinity & working class work relations, factory workers, 13837
social role & networks, workplace joke & humor patterns, 19–73 yr old employees, 34923
sociocultural aspects of humor & role in medicine & psychiatry, 23114
topic of satire, prior attitude & ability to perceive satirical theses & persuasion by satire, college students, 24815
tradition of humor at expense of handicapped persons & censorship & other methods of countering prejudice in schools, children, 20420
trends in research of humor development, children, 35991
use of humor in TV advertising, ad agency executives, US vs UK, 41563
use of humor, student attention & enjoyment & performance & classroom environment, teachers, 38072
use of humor within systematic desensitization model, client anxiety, pediatric dentists, Israel, 37448

Hungary

beginnings of experimental psychology, Hungary, 28024
dimensions of restrictive relative clause processing, college students, Hungary, 14390
ecological & psychosocial correlates of suicide, 15 yr olds & older, US vs Hungary, 40243
fate of psychoanalytic society during WWII, Hungary, 35046
overview of professional status & training in psychology & prevalent schools of thought & psychological problems, Hungary, 9994
reception of psychoanalysis, 1900–20, Hungary, 30227
retrospective psychiatric assessment, persons who committed suicide, Hungary, 8765
risk perception, 24–25 yr olds, Hungary vs US, 22364
social structure of socialist countries, pathological functioning of families, 30 yr old female in family therapy with husband & parents & in-laws, Hungary, 37387
standards & perspectives in psychotherapy training, Hungary, 6599
tardive dyskinesia after neuroleptic treatment, 23–70 yr old outpatients, Hungary, 7 yr followup, 34029

Hunger

chemostimulation of lip, responses of neurons, satiated vs hungry grape snails, 32029
functional analysis of dietary restraint, food consumption, 12 & 14 yr old females, 32501
high starch vs protein vs fat vs sucrose vs mixed content preloads, hunger & satiety & food preferences, normal weight nondieting females, 11084
high vs low calorie snack, food intake & hunger ratings after 1 hour, male 15–17 yr olds, implications for weight control, 39644
hunger & shoal size & predator presence, predator avoidance & foraging behavior, bluntnose minnows, 18024
imputing knowledge vs hunger to story character, 2.9–4.9 yr olds, implications for understanding of information transfer & mental states, 11420
iv methylamphetamine, mood elevation & hunger, depressed 23–74 yr olds, implications for monoamine theories of depression & appetite control, 26943

lesions of medial region of amygdala, aldosterone vs adrenalectomy vs sodium depletion induced salt hunger, rats, 21665
low dose naltrexone & intragastric glucose load, allesthesia & sucrose solution preference & ingestion & hunger, 20–25 yr olds, 35858
meal composition & estimated stomach contents & intermeal intervals & size & subjective hunger, adults, implications for satiating property of protein, 11067
motivation by hunger vs satiation, foveal vs parafoveal word recognition RT, college students, 7758
negative affect, dietary restraint or disinhibition or hunger, female college students, 21615
parent body weight & nestling hunger, prey choice, pied flycatchers, 515
perception of infant hunger & of milk supply, breast feeding mothers of infants, 32691
perceptivity & paraceptivity, gastric emptying & reported hunger & satiety, anorexic vs bulimic 18–40 yr olds, 33630
personality traits, restraint & disinhibition & hunger, college students, Chile, 8467
physiological & environmental & subjective determinants of self reported hunger & food intake, adults, conference presentation, 25084
placebos with suggestions of hunger vs fullness effects, eating behavior, unrestrained vs restrained female college students, 17920
propranolol & metipranolol & isoprenaline & salbutamol, water intake in conditions of hunger &/vs new environment, male rats, 922
slow release bean vs potato flakes, plasma glucose & hunger & satiety, adults, 688
thirst or hunger, concurrent chain pulling & leverpressing reinforced by sucrose solution or food pellets, rats, 10900
2-deoxy-D-glucose & methyl palmoxirate, hunger motivation & food intake, Syrian hamsters, 21767

Huntingtons Chorea

astrocyte density in caudate vs periventricular nucleus, postmortem brains of schizophrenic vs Huntington's chorea patients, 19027
cognitive impairment & striatal degeneration, 22–62 yr olds with Huntington's disease, 40351
cortical vs subcortical atrophy & neuropsychological deficits, adults with Huntington's disease, 23054
CSF concentrations of 5-HIAA & corticotropin releasing factor, adults with Huntington's disease with or without depression, 16141
depression preceding choreiform movements, differential diagnosis, family members with Huntington's Disease misdiagnosed as mental disorders, case report, 29961
differential characteristics, attitudes & beliefs & intentions to use predictive test presymptomatically or prenatally, adults at risk for Huntington's disease, 12459
differential diagnosis, 70 yr old female with late onset Huntington's disease coexisting with Alzheimer's disease, 5740
dissociation between choreoathetoid movements & cognitive impairment, 38 & 46 yr old females with early symptoms of Huntington's Disease, 33471
endocrinologic abnormalities, patients with Huntington's or Parkinson's disease or tardive dyskinesia, 9107
family systems perspectives on patient preselection & denial of symptom onset & suicide induction, 15–67 yr old members of families with Huntington's disease, implications for family therapy, 29986
Huntington's disease, literature review, 19592
intrusion errors in verbal recall & recognition, patients with Huntington's vs probable Alzheimer's disease, 16137
motor skill learning & verbal recognition span test performance, patients with Huntington's disease vs dementia of Alzheimer type vs amnesia, 12409
neuropsychological deficits, asymptomatic adults at risk for Huntington's disease, 16116
neuropsychological evaluation & genetic linkage test with positive result, depressive symptom severity, 24–56 yr olds at risk for Huntington's disease, 2069
positive clinical diagnosis of Huntington's disease, suicidal & depressive reaction, female in predictive testing program, counseling implications, 22977
prefrontal cortical blood flow during cognitive tasks vs rest, 25–61 yr olds with Huntington's disease, 2157
psychoeducational single & multiple family therapy, families with Huntington's disease, 23282
retrograde amnesia assessed using unaided vs cued recall of famous persons & current events, 29–82 yr olds with Huntington's vs Alzheimer's disease, 8992
saccade velocity & latency, patients with Huntington's disease with age of onset before vs after age 30 yrs, 5705
selective D-1 dopamine receptor agonist SKF 39393, motor & cognitive processes, 24–77 yr olds with Huntington's disease or Tourette's syndrome or tardive dyskinesia or torsion dystonia, 33477
semantic retrieval vs strong output cues, word associative encoding & retrieval, patients with Alzheimer's disease vs Huntington's chorea, 12401
severity of disease, short & long term memory storage, patients with Parkinson's vs Huntington's disease, 9190
single photon emission computed tomography imaging of cerebral blood flow markers, 27–86 yr olds with Huntington's disease, 23034
social & psychiatric problems, 25 yr old male with early onset Huntington's chorea, case report, 1967
somatosensory & visual & auditory EPs, 21–49 yr olds at risk for Huntington's disease vs hospitalized neurotic patients, 19003
tetrabenazine, monoamine transmitter depletion, patients with Huntington's disease, 16614
Wechsler Memory Scale, differential diagnosis of memory problems, patients with amnesia vs Alzheimer's disease vs Huntington's chorea, 12347

Husbands

adjustment to divorce, males, 32628
artificial vs normal insemination, psychological adjustment, infertile vs fertile husbands, 34142
attitudes toward wives' employment & depressive symptoms, 18–65 yr old married males, England, 22608
causation profiles, wife assaulters, literature review, 15837
cognitive behavioral skills training, violence recidivism, male spouse abusers, 1 yr followup, 16361
contexts & reasons for drinking, maritally violent husbands, 15842
coping styles & means of influence, 26–48 yr old husbands vs wives, 25749
early exposure to marital violence & child abuse in families-of-origin, wife assaulters vs maritally nonviolent males, 15826
factors influencing marital & career satisfaction, husbands vs wives in dual career couples, 32666
family dynamics of alcoholism, employed husbands & wives, 19355
family functioning & health & retirement & SES, morale, 60–69 yr old husbands vs wives, 15235
husband's educational level, attitudes toward wife returning to college & provision of support, 25–53 yr old couples, 25754
husbands' layoff & mental health history & demographic characteristics & social support, psychiatric symptoms, wives, 15756
husband's presence during delivery, anger & anxiety & dependency, 20–36 yr old females who had just given birth, Israel, 39776
income & health & social interaction, happiness at preretirement vs postretirement, elderly husbands vs wives, 10 yr study, 8195
initiation of psychotherapy, marital adjustment, husbands vs wives, 2335
interpersonal interactions & communication & consequences, infertile husbands vs wives, 16097
life stage & wage rate of primary job & work history, moonlighting, husbands, 34854
lumbar spinal pathology resulting in back pain, family & marital life, 35–50 yr old husbands & their families, 33519

marital adjustment & depression, retired married males, 29660
marital problems & relations, military vs civilian husbands vs wives, 10442
needs for power & spouse specific assertiveness, wife assaultive vs maritally conflicted but nonassaultive vs satisfactorily married males, 5388
predictive variables, spousal violence, married or cohabiting males, 12136
rationale for treatment & models of intervention, wife assaulters, 16319
sensation seeking & marital adjustment, 20–56 yr old husbands vs wives, 39766
social & psychological & behavioral correlates of sensing presence of deceased spouse, 65 yr old & older widows, 18802
spouse cognitive impairment & level of functioning, depression & participation in social or leisure activities, aged wives vs husbands, 30030
support groups, husbands of Alzheimer's disease patients, followup study, 30348
use of leisure with vs without spouse, marital satisfaction, husbands vs wives, 8268
wife's employment status, marital adjustment, husbands & wives, 4860
1st vs 2nd pregnancy, marital sexuality & happiness, husbands vs wives assessed before vs during vs after pregnancies, 18767
Hybrids (Biology)
spatial learning in Morris water task, first generation hybrids between DBA & C57BL mice, conference presentation, 21480
spectral components in courtship songs, male Drosophila simulans vs melanogaster vs their interspecific hybrid, 25017
Hydrocephaly
affective disorder & cognitive impairment, 59–75 yr olds with normal pressure hydrocephalus, conference presentation, 40483
alertness levels, 37–76 yr olds with normotensive hydrocephalus with vs without cortical atrophy, 22994
chronic dexamethasone, MHPG & HVA & 5-HIAA concentrations in ventricular CSF, 5–72 yr old hydrocephalic patients, 16628
normal pressure hydrocephalus after fall & 20 mo history of increasing confusion, 79 yr old female, case report, 12364
psychiatric manifestations of communicating hydrocephalus, 28 yr old deaf & mute male, case report, 22966
stimulus control & positive & negative reinforcement, generalization of toileting skills, hydrocephalic 9 yr old male, 9447
surgical extracranial shunting of CSF, cognitive functioning & tomographically assessed brain morphology & visual EPs, 37–82 yr olds with hydrocephalus, 23540
Hydrocortisone
acetyl-L-carnitine vs piracetam, plasma beta endorphin & cortisol measuring pituitary adrenocortical hyperactivity, 65–75 yr olds with dementia, 16606
ACTH & cortisol blood levels before vs after dexamethasone, bipolar vs unipolar depressed vs schizophrenic patients, 5162
ACTH or corticotropin releasing hormone stimulation, cortisol secretion & responsiveness of hypothalamic pituitary adrenocortical axis & limbic system, depressed patients, 40064
ACTH vs vasopressin vs cortisol, sensory perception & attention reflected in auditory EPs, 28590
adrenocortical stress reactivity & emotionality & quality of attachment, infants at 9 & 13 mo, 29032
afternoon prolactin & cortisol levels, 21–78 yr olds with unipolar vs bipolar depression, 5236
age & plasma dexamethasone & basal cortisol, DST results, depressed outpatients, 26016
age & sex & medication, cortisol & dexamethasone plasma concentrations, depressed adults, 36609
agitation vs delusions vs melancholia vs age vs illness severity vs weight loss, cortisol levels before vs after dexamethasone, unipolar major depressed adult inpatients, 5159
antidepressant medication, circadian cortisol patterns, adults with major affective disorder, 12917
antidepressants, pretreatment & posttreatment spontaneous & suppressed plasma cortisol levels, endogenously depressed 22–83 yr olds, implications for predicted value of response, 37486
anxiety, plasma & salivary cortisol concentrations in DST, psychiatric patients, 5103
apomorphine, plasma ACTH & beta endorphin & cortisol & growth hormone levels, healthy males, 35833
basal serum cortisol & DST & depression, inpatient male pathological gamblers, 26283
baseline & DST serum cortisol levels & symptom severity, adults with major depression, 22583
behavioral distress, adrenocortical activity, newborn infants, 7984
bingeing & vomiting, insulin & cortisol & prolactin & vasopressin secretion, bulimic females, 33560
brief vs prolonged neutral vs aversive stimuli, urinary cortisol & subjective anxiety, obsessive compulsive adult ritualizers, 5242
captopril for hypertension, mental status & blood cortisol, 50 & 58 yr olds with major depression, 30443
catecholamine & cortisol & thyroid hormone response to stressors, human Ss, implications for DST, 703
circadian rhythms of melatonin & cortisol, 19–89 yr olds, 25407
circadian variations, mood & cortisol rhythms, 26–69 yr olds with endogenous depression before vs after recovery, 1731
clonidine, plasma cortisol, adults with major depression vs panic disorder, conference presentation, 12918
competitive oral examination stress, plasma levels of prolactin & cortisol & POMC derived peptides, males, 11097
coping style & personality traits, individual differences in stress induced cortisol responses, adult males, 32077
cortisol & ACTH & dexamethasone concentrations, elderly patients with depression vs Alzheimer's disease, 5098
cortisol & activation of hypothalamic pituitary adrenal axis, sodium lactate induced panic, panic disordered adults with or without agoraphobia, 22556
cortisol & prolactin & human growth hormone levels, dyslexic 4th graders, 8930
cortisol, sensory processing reflected by auditory EPs, 22–39 yr old males, 35780
cortisol suppression index vs DST, detection of endogeneity & severity, male 31–66 yr olds with major depression, 1739
cortisol suppression index vs DST, patients with major vs minor depression, 8651
cortisol suppression index vs DST, 22–71 yr old patients with endogenous depression, 22596
cortisol suppression, norepinephrine & metabolites in CSF & plasma & urine, depressed patients, 8712
criterion values of plasma cortisol in DST, healthy 19–59 yr olds, 21823
CSF ACTH & cortisol levels, bulimic or anorexic 16–32 yr olds, 19522
depression & cortisol, employed vs unemployed blue collar females, Sweden, 26091
depression severity & maximum post DST plasma cortisol levels, depressed inpatients, 19174
dexamethasone, cortisol & ACTH levels, depressed 18–77 yr olds, Belgium, implications for predictive value of DST, 36639
dexamethasone, cortisol & prolactin responses to meals, females with bulimia, 12362
dexamethasone induced suppression of cortisol & prolactin, adult males with psychosexual dysfunctions, 2113
diazepam, ACTH & beta endorphin & cortisol levels following painful electrical stimulus, normal male adults, 18423
dl-fenfluramine, prolactin & growth hormone & cortisol, adults with depressive disorders, conference presentation, 40137

DST, plasma 11-deoxycortisol & cortisol, depressed or manic or schizophrenic patients, 8621
DST, sleep EEG & cortisol response, 11–20 yr olds with major & minor depression, 5141
DST vs cortisol suppression test, cortisol vs ACTH vs beta endorphin levels, depressed 31–64 yr olds, 1595
ECT, polysomnography & post-DST cortisol, 44–77 yr olds with major depression, 12586
effectiveness of defense assessment of emotional stress reactions & physiological & social functioning disruption & correlation with cortisol excretion, 11103
family environment & hospitalization & coping skills as defined by DSM-III diagnosis, hypothalamic pituitary adrenal axis activity, adolescents, 20217
fenfluramine, neuroendocrine response, depressed outpatients, 5146
fentanyl, neuroendocrine & behavioral responses & plasma cortisol level, healthy males, 21757
GSR & morning plasma cortisol & DST & nocturnal urinary cortisol, depressed inpatients who had vs had not attempted suicide, Sweden, 26193
high altitude, diurnal variations of acute mountain sickness & color vision & plasma cortisol & ACTH, 25–40 yr olds, 21661
human corticotropin releasing hormone, N-terminal proopiomelanocortin & ACTH & cortisol, depressed vs dysthymic 23–53 yr olds, 36634
impulsivity & aggression & urinary free cortisol output, 7–16 yr old males with attention deficit &/vs conduct disorder, 36768
iv sodium valproate, serum cortisol levels, healthy vs depressed 31–80 yr olds, 6112
levels of plasma norepinephrine & free MHPG & cortisol, 14–19 yr olds with major depressive disorders, diagnosis implications, 33035
m-chlorophenyl-piperazine, blood drug & cortisol levels indicating serotonin receptor hypersensitivity, patients with panic disorder vs major depression, 22568
maternal separation, plasma cortisol & vocalization, guinea pig pups, 18069
maternal separation, plasma cortisol & vocalizations, infant guinea pigs, 28489
melatonin & plasma cortisol levels, bulimic or anorexic 18–40 yr old females with vs without depression, 19544
methodological aspects of human corticotropin releasing factor stimulation test, ACTH & cortisol secretion, 21–35 yr old healthy males, 35661
mitogen stimulated lymphocyte proliferation as indicator of immune status & plasma levels of cortisol & ACTH & growth hormone & prolactin, 30–65 yr olds with major depression, 40087
moderate weight loss, overnight growth hormone & cortisol secretion, healthy 20–38 yr old females, implications for endocrine abnormalities in depression, 35642
mother infant separation with visual access or familiar conspecifics present, plasma cortisol & vocalizations & social interactions as coping responses, monkeys, literature review, 7704
muscarinic agonist RS 86, REM sleep & plasma cortisol, 21–50 yr olds with major depression, 1635
naltrexone, plasma cortisol, Alzheimer's disease patients, 6182
natural killer cell activity & plasma cortisol levels, females who had experienced or were anticipating death of husbands, 8507
nocturnal cortisol secretion, inpatients with Alzheimer's disease, 9025
nocturnal melatonin & cortisol during mania vs depression vs euthymia, female 29 yr old with bipolar disorder, case report, 33086
ovine corticotropin releasing factor, cortisol elevation, patients with bipolar or major depression, 5313
ovine corticotropin releasing hormone stimulation test before vs during recovery following drug therapy, pituitary & adrenocortical responsiveness, depressed 26–54 yr old outpatients, 9481
oxazepam vs dexamethasone, afternoon plasma cortisol & correlation with stress/distress, depressed 22–83 yr olds, Denmark, replication, 26045
physostigmine vs clonidine, dexamethasone suppression of cortisol release, 71–95 yr olds with Alzheimer's disease, 1987
plasma ACTH & depression & cortisol levels, hospitalized alcoholic 22–59 yr old males, 36857
plasma cortisol response to DST & blood & CSF & urine levels of cortisol, patients with major depression & hypersomnia or increased appetite, 19068
plasma dexamethasone & cortisol suppressibility, panic disorder patients, 5165
plasma levels of beta endorphin & cortisol & prolactin & growth hormone, 25–62 yr old endogenous vs nonendogenous depressive patients undergoing DST, Spain, diagnostic implications, 19103
plasma postdexamethasone cortisol, depressed patients with schizoaffective disorder vs delusional features, 22598
pre-DST vs post-DST cortisol corrected for plasma dexamethasone concentration, depressed 20–83 yr olds, conference presentation, 11928
prednisone, improvement of cognitive impairment due to cortisol deficiency, 79 yr old female in rehabilitation, case report, 26933
psychiatric symptoms & diurnal serum cortisol & melatonin & prolactin, 31–76 yr olds with primary hyperparathyroidism vs goiter before vs after adenoma removal, 16149
relaxation activation autoregulative method, saliva cortisol levels, adults, 714
REM sleep latency & plasma ACTH & cortisol, depressed patients with normal vs abnormal DST response, 8665
saliva cortisol level, 18–70 yr old inpatients with primary vs secondary depression vs nondepressive disorder, 1602
salivary cortisol & anxiety & personality traits & adherence to cardiac rehabilitation program, males under 60 yrs old with myocardial infarction, 37845
scopolamine, REM latency & sleep EEG & cortisol secretion, 19–45 yr old males, implications for depression, 28953
seasonal variations in cortisol levels before vs after DST, depressed adults, Netherlands, 19250
serotonin agonist MK-212, serum cortisol & prolactin secretion, males, 4417
serum & salivary cortisol concentrations before vs after dexamethasone administration, prepubertal school age children from child psychiatry services, 22512
serum sodium levels test, prediction of post-DST cortisol levels, hospitalized patients with unipolar major depression, 19157
short term abstention from alcohol, corticotropin releasing hormone induced ACTH & cortisol responses, alcohol dependent 20–53 yr olds, West Germany, 12235
sleep deprivation, plasma melatonin & cortisol, healthy 16–26 yr olds, 21663
sleep EEG & secretion of cortisol & growth hormone during depressive episode & clinical remission, 25–58 yr old males with endogenous depression, 36696
stimulation, stability of adrenocortical response measures of salivary & plasma cortisol & behavior state, healthy neonates, 32351
submaximal cosyntropin doses, cortisol levels, patients with melancholic vs nonmelancholic depression, 36556
suboptimal weight & depression, DST induced cortisol suppression, female bulimic 18–69 yr olds, 5754
surgical procedure, plasma cortisol & endorphin levels & behavior & aversion to human handler, sheep, 39215
synthetic ACTH after dexamethasone suppression of endogenous ACTH, plasma cortisol levels, 21–49 yr olds with major depression, 36582
synthetic human corticotropin releasing hormone, cortisol & ACTH responses, adults with major depression, 8644
synthetic human corticotropin releasing hormone, plasma levels of delta sleep inducing peptide vs ACTH vs cortisol, patients with major depression, 8645

total & free testosterone & estradiol & cortisol, 20–50 yr old depressed males, 8646
tricyclic antidepressants vs sleep deprivation, urinary cortisol & body temperature & heart rate in circadian rhythm, endogeneously depressed adults, 12581
TSH & cortisol plasma levels during sleep & sleep deprivation, female rapid cycling bipolar adult patients, 5322
urinary free cortisol & depressive symptoms & agoraphobia, adults with panic disorder, 11988
urinary free cortisol & plasma MHPG, drug free panic & agoraphobic adults, 5349
urinary free cortisol & relation to norepinephrine & metabolites, depressed patients, 5318
urinary free cortisol excretion, male alcoholic patients whose depression lifted vs remained after 4 wks of treatment, 20294
urinary free cortisol excretion, patients with psychotic vs nonpsychotic depression vs panic disorder with vs without agoraphobia vs depression, 36620
urinary norepinephrine to cortisol ratio, differential diagnosis, male inpatients with PTSD vs endogenous depression vs bipolar disorder vs paranoid vs undifferentiated schizophrenia, 5278
vasopressin, ACTH & cortisol response, depressed patients with normal vs abnormal DST responses, 8535
ventricle brain ratios & plasma cortisol levels, patients with bipolar affective disturbance, 5188
verapamil, cortisol & prolactin & growth hormone levels & psychopathology, bipolar patients, 9505
weight reducing diet, TRH stimulation of TSH & dexamethasone suppression of cortisol, male vs female adults, 4179

Hydrogen
concentration & characteristics of HCl & tartaric & lactic & acetic acids, perceived sourness & taste receptor processes, female college students, 204

Hydroxydopamine (6-)
amphetamine induced stereotyped behavior, plasma corticosterone measuring arousal, male rats with 6-OHDA lesions of caudate putamen vs nucleus accumbens, 25170
D1 & D2 dopamine agonists, rotational behavior, mice with unilateral 6-OHDA induced corpus striatum lesions, 7785
intrabulbar 6-OHDA depletion of norepinephrine & ethyl acetate concentration, odor detection, castrated vs intact male rats, 4235
medial hypothalamic lesions or icv 6-OHDA, food intake & obesity & self stimulation, rats, 28769
neonatal vs adult dopaminergic neuron lesions using 6-OHDA, functional interaction between purines & dopamine, adult rats, implications for Lesch-Nyhan syndrome, 4284
striatal 6-OHDA, reaction to tactile stimulation of vibrissae during or in absence of eating, female rats, conference presentation, 25233
6-OHDA & brief monocular deprivation, suppression of ocular dominance shift & visual cortex binocular cells & role of noradrenergic receptor system, dark reared cats, 39192
6-OHDA denervation of nigrostriatal pathway, apomorphine induced rotational behavior & striatal dopamine & metabolite concentrations, male rats, 25172
6-OHDA dopamine depletion, motor activity & performance on radial arm & swim mazes, male rats, implications for minimal brain dysfunction model, 28796
6-OHDA into nucleus accumbens vs olfactory tubercle vs medial prefrontal cortex, dextroamphetamine vs apomorphine induced locomotion, male rats, 25201
6-OHDA lesions of dopamine terminals of amygdala, amphetamine self administration & hyperactivity, male rats, 28760
6-OHDA lesions of nucleus accumbens, apomorphine self administration on progressive ratio schedule of reinforcement, male rats, 35719
6-OHDA to ventral lamina terminalis, angiotensin-II vs carbachol induced drinking & brain catecholamine & norepinephrine, male rats, 28836

Hydroxyindoleacetic Acid (5-)
age or pubertal status, CSF HVA & 5-HIAA & MHPG, 6.5–17.3 yr olds with obsessive compulsive vs conduct &/or attention deficit disorder, 11883
blood glucose nadir & CSF 5-HIAA, prediction of recidivism, male violent offenders vs impulsive arsonists, Finland, 3 yr followup, 40264
body weight, CSF 5-HIAA concentration, adult females with anorexia nervosa, 2033
chronic dexamethasone, MHPG & HVA & 5-HIAA concentrations in ventricular CSF, 5–72 yr old hydrocephalic patients, 16628
clinical symptoms & CSF HVA & 5-HIAA & MHPG, depressed patients, 26139
CSF concentrations of 5-HIAA & corticotropin releasing factor, adults with Huntington's disease with or without depression, 16141
CSF HVA to 5-HIAA ratio in serotonergic & dopaminergic neuronal systems, subjective memory disturbance, depressed patients, 5136
CSF levels of 5-HIAA & HVA, suicidal behavior, depressed patients, 5 yr followup, 40171
CSF levels of 5-HIAA & HVA, 26–72 yr olds with major affective disorder, 15812
CSF 5-HIAA & MHPG concentrations, lifetime history of suicide attempts, male violent offenders vs impulsive arsonists, Finland, 3 yr followup, 40263
CSF 5-HIAA & MHPG, suicide attempts, arsonists, reanalysis of data presented by M. Virkkunen et al, 33306
CSF 5-HIAA & suicidal behavior & depressive relapses suggesting serotonergic disorder, patients with endogenous depression, 26196
CSF 5-HIAA concentrations & hostility, healthy adults, 11101
ECT, HVA & MHPG & 5-HIAA concentrations, schizophrenic adults, 5850
food before vs after morning observation period, CSF tryptophan & 5-HIAA & social & individual behaviors, monkeys, 4222
para-chloroamphetamine, passive avoidance conditioning & frontal cortex 5-HT & 5-HIAA, male vs female rats, 28869
portacaval anastomosis, cyproheptadine induced impairment of avoidance learning & memory & 5-HIAA concentrations & turnover rate, rats, 18223
regional brain serotonin & 5-HIAA, rabbits dark reared from birth to 3 mo old, implications for vestibulo-ocular reflex development, 25117
seasonal fluctuations of CSF 5-HIAA & HVA & other monoamine metabolites & neuropeptides, normal adults, 7695
serotonin & 5-HIAA as biological markers in prediction of suicide, 26225

Hydroxylase Inhibitors
atropine with vs without parachlorophenylalanine, water maze performance measuring spatial memory & interaction of serotonergic & cholinergic neurotransmission, male rats, 25290

Hydroxylases
dexamethasone, beta hydroxylase activity, patients with major depression vs Cushing's disease, 5110
genetic linkage analysis of catecholamines through tyrosine hydroxylase activity, patients with manic depression, conference presentation, 1650
plasma dopamine-b-hydroxylase levels & noradrenergic functioning & diagnosis of undersocialized conduct disorder, emotionally disturbed male inpatients, 12049
plasma dopamine beta hydroxylase & personality traits, depressed adults with vs without melancholia, 8711
postmortem dopamine beta hydroxylase activity in locus ceruleus, brains of 26–75 yr olds with paranoid schizophrenia, 29540

Hydroxytryptamine (5-) [See Serotonin]
Hygiene [See Health]
Hyoscine [See Scopolamine]
Hyoscyamine (dl-) [See Atropine]
Hyperactivity [See Hyperkinesis]

Hyperglycemia
dose of insulin & propranolol, pulse & BP & blood glucose & epinephrine & norepinephrine & subjective symptoms, healthy adults, implications for use of beta blockers by diabetic patients, 32169
repressive coping & increased functional brain endorphin levels, immunocompetence & hyperglycemia, outpatients, 26533
Hyperkinesis
academic competence & social adjustment, 6.2–11.3 yr olds with learning disabilities vs behavior disorders with vs without hyperactivity, Israel, 20621
adjustment & antisocial behavior & substance abuse & continuing hyperactive symptoms, adults who had been hyperactive children, 15 yr followup, 19518
adolescent aggressiveness & hyperactivity assessed by motor restlessness & concentration difficulties, impulsivity, male 26–27 yr olds, 26433
amphetaminil vs methylphenidate vs clorotepin, motor activity & attention, hyperkinetic children, conference presentation, 2560
attention & memory & intelligence & impulsivity & visuomotor coordination & social maturity & spatial perception & organization, hyperkinetic 4–9 yr olds, India, 30045
attributions of compliance and noncompliance, parents of children with attention deficit disorder with hyperactivity, 37156
auditory arousal thresholds during sleep, male hyperkinetic 8–12 yr olds receiving vs free from pemoline or methylphenidate, 29881
auditory EPs, delinquency, hyperactive 6–12 yr olds followed between 14 & 20 yrs old, 2114
auditory EPs during 2 choice discrimination task, 6–7 yr old males with attention deficit disorder with hyperactivity, 19449
automatic vs effortful information processing on verbal memory tasks, 6–12 yr old males with attention deficit/hyperactivity disorder, 1925
biological factors in etiology of hyperactivity & attention deficit disorder & antisocial behavior, children, social work implications, 32953
bipolar symptomatology & response to lithium carbonate, 8 & 12 & 13 yr old males with attention deficit disorder & hyperactivity & Gilles de la Tourette syndrome, case report, 37078
childhood methylphenidate treatment for hyperactivity, final height attainment, male 16–23 yr olds, 11 yr followup, 19969
childhood risk for adolescent educational & conduct & mental health problems & substance abuse, 17 & 18 yr olds with childhood hyperactivity, longitudinal study, conference presentation, 9120
cognitive & academic skills training, academic achievement & cognitive performance & self esteem, male 7.4–12.3 yr olds with attention deficit disorder & hyperactivity receiving stimulant medication, 5837
cognitive load, correction of & response rate after errors in display/memory search task, 8–12 yr olds with attention deficit disorder & hyperactivity, 12497
compliance with stimulant drug treatment, teacher ratings of symptom severity, elementary & middle school students with hyperactivity & inattentiveness, 40798
conceptualizations & developmental features in diagnosis & course of illness & treatment strategies, children with hyperactivity &/or attention deficits, 26516
correspondence training, inattention & overactivity & noise, 6 & 9 yr old males with attention deficit disorder with hyperactivity, 33976
definition & diagnosis & research labeling issues, attention deficit disorder with or without hyperactivity, literature review, 30021
depression &/vs hyperactivity & family history of affective disorders & school behavior problems, 6–15.9 yr olds with developmental specific symbol language disabilities, 34792
desipramine, 7–11 yr old males with attention deficit hyperactivity disorder with tics, 23441
dextroamphetamine, conditioned emotional visceral responses & violent behavior & hyperkinesis, dogs & cats, animal model, 18312
dextroamphetamine vs evening primrose oil containing gamma linolenic acid, 6–12 yr old males with attention deficit hyperactivity disorder, 26929
diet rich in vs free from artificial additives, motor restlessness & disorganized behavior & misbehavior, 11–17 yr olds with learning disorders or hyperkinesis, 5102
distractibility, task efficiency, hyperactive 8.6–10.1 yr olds, Netherlands, 16253
dose of methylphenidate, maternal use of commands & child's compliance, 2.5–4 yr olds with attention deficit hyperactivity disorder & their mothers, 12825
doses of methylphenidate, operant key pressing behavior, 6–10 yr olds with attention deficit disorder with hyperactivity, 30431
duration of sustained attention, male 7–11 yr olds with attention deficit disorder & hyperactivity with vs without conduct disorder vs emotional disorder vs learning disability, 5781
electrodermal lability, effects of stimulus presentation rate & methylphenidate on prediction of paired associate learning, hyperactive male 8.2–12 yr olds, 5383
etiological relationship between & treatment of attention deficit disorder-hyperactivity & learning difficulties, literature review, 12297
etiology & clinical features & utility of methylphenidate &/vs other treatments, children with attention deficit disorder & hyperactivity, literature review, implications for social work, 16118
evaluation of methods used to diagnose attention deficit hyperactivity disorder, children, 40364
factor analysis of Conners Teacher Rating Scale, assessment of prevalence of attention deficit disorder with hyperactivity, recently immigrated Chinese American 1st–6th graders & their teachers, 14185
factor analysis of revised Conners' Teacher Behavior Rating Scale, learning disabled vs conduct disordered vs neurotic &/or attention deficit disordered 6–16 yr olds, replications, 10663
factor analysis of teacher ratings of symptoms, dimensions & types of attention deficit disorder, nonreferred K–5th graders, implications for DSM-III-R, 13720
family factors & subtypes & relation to conduct & affective & substance abuse disorders, attention deficit disorder with or without hyperactivity through life cycle, 26457
fenfluramine vs dextroamphetamine, hyperactivity, male 6–12 yr olds with attention deficit disorder, 26950
frontal lobe dysfunction measured by test performance, 7 yr olds & older with attention deficit hyperactivity disorder, 36974
generalized vs cross situational hyperkinesis, prediction of outcome & prevalence of school achievement & conduct problems, 7–13 yr olds, 3 & 6 yr followups, Sweden, 12396
haloperidol vs placebo prior to methylphenidate vs placebo, performance of vigilance tasks, hyperactive 5.3–10.2 yr old males with attention deficit disorder, implications for dopaminergic action, 23422
hyperactive & aggressive behavior, social acceptance & adjustment, male 1st–6th graders, 36791
identification & measurement of attention deficit problems, hyperactive children, literature review, 23018
imipramine dosage, neuropsychological & motor performance, children with attention deficit disorder & hyperactivity, 12865
IQ & visual motor integration & receptive & expressive language abilities & SES, preschool age males with hyperactivity with vs without language delay, Canada, 1958
knowledge of treatment effects & familiarity with children, behavioral ratings of 6–13 yr olds with attention deficit disorder with hyperactivity treated with placebo vs ritalin, naive vs staff raters, 40814
l-tryptophan, 9 & 12 yr old male with attention deficit/hyperactivity disorder & stimulant induced or aggravated tics, case report, 30419

locus of control, learning disabled 7–9 yr olds with attention deficit disorder & hyperactivity, 33426
MacArthur Network III software for collaborative research, measurement of attentional dysfunction associated with schizophrenia & attention deficit hyperactivity disorder, conference presentation, 36549
memory & metamemory trends & strategy usage, male 6–12 yr olds with attention deficit disorder with hyperactivity, 30122
methodological technique, measurement of correlation of hyperactivity & conduct disorders, 4–15 yr olds with mental disorders, 33014
methods available for assessment of hyperactivity, preschool age children, 30071
methylphenidate & background illumination, smooth pursuit eye movements, 8–12 yr olds with attention deficit disorder with hyperactivity, 26456
methylphenidate dosage, behavior regulation & impairment of reading, children with hyperkinesis or attention problems, implications for teachers, 2463
methylphenidate dosage, cognitive & academic & behavioral measures, 7–13.1 yr olds with attention deficit disorder with hyperactivity, 16554
methylphenidate dosage, cognitive & behavior performance, 7–13 yr olds with attention deficit disorder with hyperactivity & developmental reading disorder, 12873
methylphenidate dosage, reading achievement, hyperactive reading disabled 7–13 yr olds, 12903
methylphenidate, heart rate & BP, Black 12–14 yr old males with attention deficit hyperactivity disorder, implications for treatment monitoring with Black clients, 37484
methylphenidate, height & weight changes, hyperactive 6–12 yr olds, 2 yr study, 19968
methylphenidate hydrochloride, interpersonal learning, hyperkinetic 8–12 yr olds, 23356
methylphenidate, imipramine binding to platelets, 7–11 yr old males with attention deficit disorder & hyperactivity, 2564
methylphenidate, learning of complex visual relationships & school performance, 6–12 yr olds with attention deficit disorder with hyperactivity, 30528
methylphenidate, peer perceptions, 6.3–12.4 yr olds with attention deficit hyperactivity, 40813
methylphenidate, self paced paired associate learning, 7–12 yr olds with attention deficit disorder with hyperactivity, 37490
methylphenidate, striatal blood flow, 6–15 yr olds with attention deficit & hyperactive disorder with vs without other CNS dysfunction, 26981
methylphenidate, urinary catecholamine excretion & behavior, male 6–12 yr olds with attention deficit disorder & hyperkinesis, 6208
neurological & genetic factors & toxic reactions, etiology of attention deficit hyperactivity disorder, children, 8981
neuropharmacology of attention deficit hyperactivity disorder, children vs adults, 37581
neurotransmitter abnormalities & hyperactivity & aggression, 4–6 wk old male rats, animal model of acute phase of Borna disease, 26562
nonrelevant color stimulation, impulsivity & activity, hyperactive 2nd–3rd graders, 33432
nutrient intake & food sensitivities, behavior problems, preschool age hyperactive males, 33557
occurrence & overlap of symptoms, 8–18 yr old males with major depression vs attention deficit disorder with hyperactivity, implications for differential diagnosis, 22459
overactivity & distractibility & impulsivity, 5.6–16.8 yr olds with learning disabilities vs hyperactivity or attention deficit disorder, implications for diagnosis, 19612
peer related popularity & aggressiveness, 6.3–13.2 yr olds with attention deficit disorder with or without hyperactivity, erratum, 36983
pemoline, development of abnormal involuntary movements, hyperactive 6–12 yr old males, 34096
performance on Luria Nebraska Neuropsychological Battery Children's Revision, 8–12 yr olds with attention deficit disorder with vs without hyperactivity, implications for clinical utility of test, 26630
placebo vs methylphenidate, self evaluations of & attributions for task performance, 7.1–11.8 yr old males with attention deficit & hyperactivity, 40787
po tyrosine, 8–14 yr olds with attention deficit disorder & hyperactivity, 12847
premedication time on task & methylphenidate dosage, on task behavior, 6–11 yr olds with inattention & impulsivity & overreactivity, 27001
prevalence of attention deficit disorder with hyperactivity, 4–16 yr olds participating in community health study, Canada, 30102
prevalence of retardation or attention deficit disorder with vs without hyperactivity, adjudicated delinquent 6–17 yr olds, 36812
production deficiencies in elicited language vs spontaneous verbalizations, hyperactive 7.3–10.9 yr olds, 16268
ritalin dose, mother child interaction, hyperactive 3.7–10.1 yr olds, 33992
salicylate consumption, hyperactive behavior, 6 & 12 yr old males, replication, 30114
serum levels of CNS catecholamine regulating enzymes & aggressive & antisocial behavior & sensation seeking & impulsiveness & substance use, 21–23 yr old males with childhood history of hyperactivity, 16140
serum uric acid & hyperactivity, male vs female Cajun French preschoolers, 12331
service utilization & developmental & psychosocial correlates & family & household variables, 4–16 yr olds with attention deficit disorder with hyperactivity, Canada, 30101
sex differences, expression of symptomatology of attention deficit disorder with hyperactivity, 7.8–8.2 yr olds, 26522
short serial recall of verbal items, 7–12 yr old males with attention deficit disorder with hyperactivity vs reading disabilities, 11866
social skills training, autistic & mentally retarded 9 yr old male & 10 yr old female with hyperactivity, replication & extension, 33984
standardization & reliability of Gordon Diagnostic System behavior based measure, diagnosis of attention deficit disorder & hyperactivity, 4–16 yr olds, 7109
stimulant medication vs multimodality treatment, arrest & institutionalization rates, hyperactive 17 yr old males, longitudinal studies, 5898
stress & perception of child behavior problems, parents of male vs female 6–11 yr olds with attention deficit disorder with vs without hyperactivity, 5591
substance abuse, adolescents with attention deficit disorder & hyperkinesis, 16154
sustained attention deficit & vigilance, hyperactive 9.1–11.7 yr olds, Netherlands, 16252
symptoms of attention deficit/hyperactivity disorder, learning disabilities, children with Tourette's syndrome, 12454
Type A behavior & hyperactivity, 5.7–8.7 yr olds, 9177
urinary excretion of peptide containing complexes, attention deficit disordered 1–23 yr olds with vs without hyperactivity, 2021
validity of family history & personality & substance use/abuse correlates & factor structure of Hyperactivity/Minimal Brain Dysfunction questionnaire, social drinking college students, replication, 7177
Hyperparathyroidism [See Parathyroid Disorders]
Hyperphagia
causes of dietary hyperphagia & obesity, animals, 32111
development of hypersomnia & hyperphagia, 11 yr old female with mental deficiency & incontinentia pigmenti & multiple exostosis, case report, 33622
electrolytic lesions of ventromedial hypothalamus &/vs paraventricular nucleus, hyperphagia & weight gain, female rats, 11136
fluoxetine R- & S-enantiomers with vs without serotonin antagonists, food intake & serotonin uptake, hyperphagic male rats, 28995

hyperinsulinemia vs hypoglycemia vs other factors, sugar induced hyperphagia, humans & animals, conference presentation, 18215
increased eating, 73–81 yr olds with Alzheimer's disease, case reports, 26521
lesions to medial hypothalamus vs paraventricular nucleus with vs without cuts to ventrolateral pons & medulla, food intake & hyperphagia & body weight, female rats, 7811
macronutrient self selection diet vs chow & sucrose, hyperphagia & obesity, female rats, 21625
MIF-1, tailpinch stress induced eating, rats, animal model of hyperphagia, 39374
naloxone, food deprivation induced hyperphagia, broiler chicks, 11295
naloxone vs naloxonazine, antagonism of morphine vs ethylketocyclazocine vs dynorphin vs enkephalin induced hyperphagia, rats, 4419
naloxone vs picrotoxin, hyperphagia induced by diazepam or pentobarbital, male rats, 32257
preweaning nutrition, hyperphagia & weight gain during pregnancy, female primiparous mice reared in small vs medium vs large litters, 695
selective kappa agonist PD-117302, hyperphagia & food intake, obese vs lean male rats, implications for endogenous kappa opioid system, 28893
ventrolateral pontine cuts & damage to paraventricular efferent fibers, hyperphagia, female rats, 7812
ventromedial hypothalamus lesions & glucocorticoids, hyperphagia & obesity, rats, literature review, 7762
Hypersensitivity (Immunologic) [See Immunologic Disorders]
Hypersexuality
carbamazepine induced mania with hypersexuality, 9 yr old Black male with major depression & conduct disorder, case report, 26990
cyproterone acetate, 40 yr old hypersexual female, case report, 2506
levodopa induced hypersexuality, mood & physical disability & cognitions, 64 yr old male with Parkinson's disease, implications for frontal cortical disinhibition, 26962
model for understanding adolescent sexuality & sex as coping mechanism & prevention of pseudo hypersexuality, therapists & parents & educators, 15169
psychoanalytic & behaviors & multigenerational & structural/strategic systems theories of psychotherapy, married couple with husband with penile obsession & hypersexuality, 37297
Hypertension [See Also Essential Hypertension]
acoustic startle response, rats of genetically hypertensive vs normotensive vs mixed strains, 7713
activity stress ulcer, open field behavior, spontaneously hypertensive vs normotensive rats, 39187
acute vs chronic daily stress, norepinephrine levels in brain stem & hypothalamus, male borderline hypertensive rats, 35621
anger & anxiety & BP & risk factors for hypertension, Black vs White 15–17 yr olds, 33554
behavioral assessment & approaches, compliance with hypertension medication regimens, hypertensive 32 & 46 yr old males, 12783
behavioral challenge using test & video game, serum cholesterol & triglycerides & BP reactivity & heart rate acceleration, male 28–69 yr olds with mild hypertension, 5682
Brazelton Neonatal Behavioral Assessment profiles, infants born with persistent pulmonary hypertension, 16181
caffeine consumption, anxiety & hypertension & cancer & other health problems, implications for health promotion programs, 8329
captopril, major recurrent unipolar depression & hypertension, 41 yr old male, case report, 6143
classroom &/vs home based nutrition education program for hypertension prevention, participation rate & knowledge & use of salt, 3rd graders, conference presentation, 38100
color added to relevant letters for initial vs ending trials, spelling & selective attention, hyperactive 3rd–6th grade males, 33672
comprehensive national research & education effort, hypertension, conference presentation, 37058
coping skill building, BP & anxiety in response to stressful life stimuli, 42–68 yr old hypertensive Black males, 37418
coping styles & health behaviors, hypertensive vs normotensive patients seeking treatment for acute medical problems, 30027
cultural factors, knowledge about high blood pressure, hypertensive Ojibway adults, Canada, 5644
daily activities & social behavior, BP elevation, adults with borderline hypertension vs sustained essential hypertension, 33651
development & reliability & validity of life concerns checklist, measurement of response style & rates, hypertensive vs normotensive college students, 38601
dopaminergic drugs, open field activity, spontaneously hypertensive vs normotensive rats, 35906
drug withdrawal & progressive muscle relaxation vs thermal biofeedback, cardiovascular reactivity to psychological or cold pressor stress, hypertensive 23–65 yr olds, 2405
ECT, recurrent drug resistant unipolar depression, 70 yr old female with hypertension & cerebral aneurysms, 16287
efficacy of treatment & therapist & client characteristics, relaxation & stress reduction therapy & hypertension, conference presentation, 30387
etiological beliefs & drug treatment compliance, White vs West Indian hypertensive 35–55 yr olds, England, 26987
experienced vs personal vs family's expressed anger, resting systolic & diastolic BP & heart rate, hypertensive vs normotensive nonmedicated patients, 16090
exploration of novel object & fear tests & maze learning, Wistar-Kyoto normotensive vs spontaneously hypertensive rats, 3898
factors influencing hypertension attitudes & health screening utilization, Black vs White 18–90 yr olds, 20040
family therapy techniques, compliance with medical treatment, 61 yr old female with deteriorating neurologic function & 40 yr old hypertensive male, 6038
genetic & environmental influences of BP hyperreactivity to stress & prediction of hypertension & coronary heart disease, children, literature review, 12488
genetic hyperactivity &/vs hypertension, footshock induced elevation of plasma epinephrine & norepinephrine, rats from 4 related inbred strains, 21582
haloperidol decanoate vs fluphenazine decanoate, psychotic symptoms, 40 yr old Black male with schizophrenia & hypertension & end stage renal disease, case report, 23445
Halstead Reitan Neuropsychological Test Battery & Average Impairment Rating test performance, hypertensive 48–63 yr olds, 10 yr study, 29921
handling, open field behavior, male rats with hypertension induced by renal artery clip, 771
heart rate reactivity, heart rate & systolic & diastolic BP, 25–45 yr old nonsmoking females in laboratory vs natural environments, implications for development of hypertension, 30127
high sodium diet & stress & exercise, borderline hypertensive rats, animal model of environmentally induced hypertension, 7703
high vs low social pressure to reveal personal life concerns, disclosure & blood pressure, 17–42 yr old hypertensive male college students, 22910
hypertensinogenic stimuli, BP & heart rate & CNS organization, salt sensitive vs salt resistant rat strains, L. K. Dahl's animal model of hypertension, 7699
hypertensive reactions to over-the-counter decongestants, female 23–35 yr olds treated with MAO inhibitor phenelzine, 30452
hypnotic intervention, acute pregnancy associated hypertension, 24 yr old female, case report, 30548
ingestion of milk from natural vs foster mother vs cannula, BP & heart rate, rat pups from hypertensive vs normotensive strains, 21592
kappa opioid receptor agonist, food intake, food deprived spontaneously hypertensive male rats, 28805

management of hypotensive & hypertensive side effects of MAO inhibitors, 26 yr old female with bipolar illness, 2459
MAO inhibitors, hypertensive reactions, 19 yr old depressed bulimic female & 39 yr old female with major affective disorder, case reports, 6139
maternal behavior during preweaning period, offspring BP, hypertensive & Wistar-Kyoto rat mothers & pups, 25089
maternal behavior during preweaning period, BP of genetically identical cross breed pups, hypertensive & Wistar-Kyoto rat dams & 1st filial generation pups, 25022
maternal cross fostering, physical development & BP & open field behavior & sympathetic adrenal medullary responses to stressors, hypertensive vs normotensive rats from birth to 20 wks of age, 7697
memory search performance & duration of encoding & response processes, males with mild hypertension, 33587
methodological issues in evaluation of drug &/vs behavioral treatment, hypertension, literature review, 40579
metoprolol, task performance, 24–63 yr old males with mild to moderate hypertension, 34110
models of renovascular hypertension, renin angiotensin system & voluntary alcohol intake, male rats, 7700
National High Blood Pressure Education Program, trends in prevalence & public knowledge & behaviors, hypertensive patients, conference presentation, 37661
nicergoline, exploratory activity in holeboard, genetically hypertensive vs normotensive rats, conference presentation, 850
nonpharmacologic treatments including weight reduction & restriction of sodium & alcohol consumption, hypertensive patients, conference presentation, 37227
pathogenesis of "nocturnal" & "diurnal" cerebral ischemic strokes, 35–69 yr olds with atherosclerosis &/or hypertensive disease, 19601
personality traits & autogenic training with spa treatment, hypertension, 39–61 yr olds, Czechoslovakia, 23349
personality traits & mood state & general psychological distress, severity of disorder, hypertensive patients, Portugal, 40376
prazosin, exacerbation of cataplexy, 48 yr old female with narcolepsy beginning treatment for hypertension, case report, 40740
prediction of BP response to biofeedback assisted relaxation & development of hypertensive predictor profile, hypertensive 26–64 yr olds, 40731
preference for salted food, spontaneously hypertensive vs normotensive strains of male rats, implications for animal model of human salt intake, 21575
presence & severity of depression, elderly patients with isolated systolic hypertension, 12380
presentation as transient global amnesia, 53 yr old male with left thalamic hypertensive hemorrhage, case report, implications for diagnosis, 23008
prevalence & severity of sleep apnea, middle aged males with treated vs untreated hypertension with vs without erectile dysfunction, 40421
prevalence of depression & concomitant hypertension, psychiatric outpatients, 8502
prevalence of sexual dysfunction, 20 yr olds & older with hypertension, 2107
prevalence of sleep paralysis & panic attacks & disorder in hypertension, Black patients, 5584
propranolol vs atenolol, Type A behavior & cardiovascular reactivity to mental stress, 35–60 yr old hypertensive males, 26977
psychological & physiological variables, prediction of success in biofeedback & cognitive self management for control of diastolic BP, borderline hypertensive 31–54 yr olds, 6096
psychometric properties & concurrent & predictive validity of self report medication adherence measure, patients with essential hypertension, 24626
psychosocial & demographic & genetic factors, cross spouse BP correlations, 21–83 yr old married couples from hypertension prone families, 22898
psychosocial variables, hypertension, adults, literature review, 19624
race & parental history of hypertension, cardiovascular response to cold face stimulus & mental arithmetic task, female 18–22 yr old Black vs White college students, 28669
relaxation or biofeedback training or other behavioral interventions vs drug therapy, BP, hypertensive patients, meta analysis, conference presentation, 37230
relaxation vs drug therapy, left ventricular mass & arterial BP & plasma norepinephrine measuring sympathetic nervous system tone, adults with primary hypertension, conference presentation, 37209
research on characteristics & treatment of arterial hypertension, USSR, conference presentation, 37149
resting state vs video game playing, heart rate & respiration & metabolic activity & moderating role of neuroticism & Type A behavior, hypertensive vs normotensive males, conference presentation, 9197
salt vs psychosocial stimulation, essential hypertension, literature review, 5663
scientific rationale, primary prevention of hypertension, 23517
self monitoring & biofeedback & relaxation training vs drug therapy, hypertensive patients, 30162
sex & personality traits, hypertonic adolescents, West Germany, 9213
signal-shock interval & shock intensity, leverpress avoidance & escape, spontaneously hypertensive vs Wistar-Kyoto rats, 404
social & geographic mobility, hypertension, Black adults, 36979
state orientation & behavior after failure & coping strategies & personality, hypertensive males, conference presentation, 19651
sulpiride, development of acute hypertension, 76 yr old depressed female, case report, 40784
susceptibility to stress induced cardiovascular hyperactivity & essential hypertension, Black vs White adults, methodological implications, 16020
symptoms & mood & self estimation of systolic BP, medicated vs nonmedicated normotensive vs hypertensive patients, 16196
systolic vs diastolic BP & body mass & smoking & physical activity, male vs female 12–13 yr olds with hypertension vs normal BP, USSR, 8 yr study, conference presentation, 36964
thermal biofeedback & autogenic training, heart rate & BP reactivity to cold pressor & mental arithmetic, 21–60 yr old males with mild hypertension, US vs USSR, 19881
thermal biofeedback & progressive relaxation, 76 yr old female with hypertension, commentary, 2402
thermal biofeedback vs autogenic training vs self relaxation, BP, White male 21–61 yr olds with mild hypertension, US vs USSR, conference presentation, 37417
thermal biofeedback vs autogenic training vs self relaxation, M-mode echocardiograms, 27–57 yr old males with mild hypertension, 19899
tranylcypromine, development of spontaneous hypertensive reactions, 21–40 yr olds with major depression with vs without bulimia nervosa, case report, 30464
treatment for isolated systolic hypertension, cognitive status & depression, 60 yr olds & older, 1 yr followup, 23395
Type A behavior & hostility potential & parental hypertension, BP responses to cognitive & motor coordination & exercise stress, 6th–12th graders, 19569
upright posture & cold & mental stress, cardiovascular responsiveness, male research workers with family history of hypertension, conference presentation, 2125
validity of assumptions about principles of BP reactivity, hypertensive vs normotensive adults, 12367

Hyperthermia

disease induced fever & related behavior changes & anorexia & depression, organized & evolved behavioral strategy for combating viral & bacterial infections, humans & animals, 14720

fever & leukocytosis, 20–56 yr olds with bipolar affective disorder, case reports, 22579
fluoxetine, depressed 15 yr old female susceptible to malignant hyperthermia, case report, 30416
neuroleptic malignant syndrome & high fever, neuropathology including cerebellar degeneration, 32 yr old male with chronic schizophrenia & Klinefelter's syndrome, case report, 32956
neuroleptic malignant syndrome & prolonged fever, schizophrenic 42 yr old male, case report, 34052
repeated apomorphine, sensitization or tolerance shown by yawning & growth hormone release & nausea & hyperthermia, healthy males, implications for indices of dopaminergic function in schizophrenia, 7922
risk & incidence of malignant hyperthermia, 15–71 yr olds & their 1st degree relatives with history of ECT & drug therapy & neuroleptic malignant syndrome, 16572
Hyperthyroidism
hyperthyroidism & hypothyroidism associated with acute psychotic disorders, female 62 yr old & male 40 yr old, case reports, 37007
propranolol, endocrine & psychiatric & neuropsychological assessment, Graves' disease patients, 6 mo study, 6202
psychiatric & neuropsychological symptoms, patients with untreated Grave's disease, 2146
Hyperventilation
ambulant transcutaneous carbon dioxide monitoring during hyperventilation, patients with panic attacks, 11977
breathing into paper bag, alveolar carbon dioxide & physical symptoms after deliberate hyperventilation, healthy college students, 5909
construct validity of Anxiety Sensitivity Index, assessment of response to hyperventilation, college students, implications for anxiety disorders, commentary, 18965
differential diagnosis of hyperventilation vs asthma, treatment, adults, England, 36997
emphasis on exhaling & time pressure, hyperventilation as stress response, patients with hyperventilation syndrome, Netherlands, 23067
etiological role & differential diagnosis of hyperventilation, patients with panic & anxiety disorders, 1549
experience of panic attacks as hyperventilation without cognitive component & panic disorder symptoms, children, 5291
fear of fear hypothesis vs hyperventilation theory of panic disorder & agoraphobia, 1642
functional cardiac disorder & mitral valve prolapse & hyperventilation & panic disorder & their relationship to anxiety, treatment implications, conference presentation, 16117
hyperventilation, physiological & distress responses, adults with panic disorder vs infrequent panic attacks, 15629
hyperventilation provocation test, patients with panic disorder, 19116
hyperventilation related symptoms & Type A behavior, mental stress induced anxiety & acute psychosomatic complaints & plasma catecholamines & ACTH & cortisol & prolactin, healthy 20–29 yr old males, 14740
hyperventilation theory & probability model of panic disorder during sleep, implications for treatment, 22585
hyperventilation theory of relaxation induced anxiety & panic attacks, 33111
hypnosis, examination of trigger factors, patients with symptoms of hyperventilation syndrome, 6212
hypocapnia, delayed extinction to classical conditioned anxiety, 19–34 yr olds, 19644
inclusion of psychophysiological hyperventilation profile in assessment, breathing retraining & cognitive therapy, patients with anxiety or panic attacks or agoraphobia or somatic symptoms, 40620
lactate & hyperventilation, parasympathetic nervous system activity & panic attacks, normal 24–50 yr olds, 21641
muscle fatigue, hyperventilation syndrome patients, 12391
sodium lactate infusion, respiration & hyperventilation & panic, 19–51 yr olds with panic disorder, 19110
Hypnoanalysis [See Hypnotherapy]
Hypnosis [See Also Age Regression (Hypnotic), Autohypnosis]
analgesia vs relaxation hypnotic suggestion, ratings of intensity, unpleasantness of pain, adults, 35418
bimodality in distribution of hypnotizability scores & relation to hypnotic types & factor analysis, 28359
breathing rhythm & inhalation vs exhalation enhanced suggestion, vividness of mental imagery following hypnotic induction, college students, 28676
cautionary note on use of forensic hypnosis to refresh memory for specific past events, conference presentation, 39796
changes in theories of neurophysiology of hypnotic analgesia & reflex inhibition, conference presentation, 28606
circle touch test, assessment of tolerance for logical ambiguity under simulated vs induced hypnosis, college students differing in hypnotic susceptibility, 380
cognitive skill training, enhanced hypnotizability & responding during trance, college students, 24918
complications & risk factors of clinical & experimental hypnosis & prevention issues, clients with no prior history of similar problems, 1887 to present, literature review, 16672
confidence distortions & provisions of misleading information during vs after hypnosis, memory performance, literature review, 24917
construction of Archaic Involvement Measure, assessment of relational & rapport factors in hypnosis, college students, 38645
determination of reality vs suggestion of auditory stimulation, hypnotizable vs simulating college students, 28366
dichotic listening task prior to & after hypnosis, aural left vs right hemisphere function shift & relation to somatic relaxation assessed by heart & respiration & EMG, college students, replication, 25067
direct vs indirect hypnotic induction procedures vs suggestions, behavioral responses & self report experience, male vs female college students, 10876
effectiveness of hypnosis technique of centering for dramatic characterization, student actors, 24911
effects on recall by & guidelines for & ethical concerns in hypnotically obtained evidence, 29277
electrical deep brain stimulation, arousal from hypnosis, 30 yr old male with temporal lobe epilepsy, 9028
emotional involvement in offense, use of hypnosis, crime victims & witnesses, conference presentation, 29264
existing laws governing use of hypnosis by psychologists, executive officers of Boards of Psychology Examiners, US & Canada, 3045
experiences & effects of & behaviors induced by clinical vs stage hypnosis, college students, 6213
flotation restricted environmental stimulation technique vs progressive muscle relaxation, enhancement of hypnotizability, adults, 14487
forensic applications & admissibility of hypnotically enhanced testimony, 39851
forensic hypnosis misuse of suggestive interrogative technique, apparent secondary personality with false confession to shooting children & disallowance in court, adult female charged with crime, 1251
forensic use of hypnosis for testimony & treatment, witnesses & crime victims, 22252
historical overview of use of hypnosis as surgical anesthesia & analgesia, 2574
history & utility of mesmeric analgesia, surgical patients, with commentary, 2607
history of & policy on & limitations on utility of hypnosis in police investigations, Great Britain, 1260
hypnosis & clinical hypnotherapy articles published in scientific literature, 1966–85, 14490
hypnosis & relaxation induced analgesia, strength & unpleasantness dimension of pain evoked by electrical tooth pulp stimulation & cold pressor, college students, 9597
hypnosis & relaxation training, pain perception & role of cardiac activity in pain regulation, college students, West Germany, 37263
hypnosis, cognitive boundaries between visual & auditory & emotional sensations, college students, 35417

hypnosis, early recollections, college students with high vs low hypnotic susceptibility, 21330
hypnosis, examination anxiety, 12–17 yr old high school students, 10305
hypnosis, experimentally induced pain & distress tolerance & anxiety & endorphin & ACTH level, low vs high hypnotizable adults, 28362
hypnosis, eyewitness testimony & response to cross examination, adult witnesses & jurors, 32727
hypnosis, lateral asymmetry in visual detection task, right handed college students, 3886
hypnosis, lawn bowling capacity, 60 yr old female, case report, 7503
hypnosis, lying & lie detection & attitudes about lying, college students, 10882
hypnosis, recall of details of motor vehicle accident, adult female, clinical vs legal applications, 384
hypnosis, recall of line drawings previously judged for pleasantness vs visual complexity, college students, 14489
hypnosis, reduction of cold pressor pain, 6–12 yr olds, 40820
hypnosis to facilitate religious development, 21337
hypnotic alteration of somatosensory perception, amplitude of cortical EPs, high vs low hypnotizable adults, conference presentation, 32053
hypnotic imagery as self diagnostic tool, adults with various physical disorders, 2160
hypnotic induction & suggestions with vs without E present, behavior, high vs low hypnotizable college students, implications for degree of compliance with experimental demand, 28363
hypnotic induction, attention, low vs medium vs high hypnotic susceptibility college students, conference presentation, 10879
hypnotic memory & forensic use of hypnosis, conference presentation, 29265
hypnotic procedures, time estimation, college students, 10884
hypnotic relaxation to induce labor, females with postterm pregnancies, Israel, 2576
hypnotic suggestions & susceptibility, subjective feelings of nonvolition, college students, 24909
hypnotic susceptibility & depth, scoring methods & relaxation vs dissociation vs absorption components of hypnotic depth, college students, 28385
hypnotic susceptibility & question format & hypermnesia suggestions, free recall of short movie, college students, replication, 24915
hypnotic susceptibility &/vs imagery ability, recall of pictures, college students, 24910
hypnotic susceptibility directed forgetting during hypnosis vs normal consciousness state vs posthypnotic amnesia suggestion, adults, 17930
hypnotic vs cognitive suggestions vs placebo, experimental pain, high vs low hypnotizable 18–33 yr old college students, 38959
hypnotic vs waking analgesia & efficacy expectations, pain tolerance, college students, 3890
hypnotic vs waking instruction preceding exposure to misleading vs nonmisleading information, memory distortion, adults with high vs low hypnotic susceptibility, 28378
hypnotizability & absorption capacity, phenomenological experience intensities during hypnosis, college students, 7511
hypnotizability & hypnotic induction, covert self statements generated during persuasive communication, college students, 28367
imagery vividness & attitudes toward hypnosis & receptivity toward training, enhancement of hypnotic susceptibility by cognitive skill training, college students, 28361
impact of J. M. Charcot's involvement on metallotherapy & resultant development of hypnosis & relation to hysteria, 6214
issues in exclusion of testimony, formerly hypnotized witnesses, 15319
knowledge & beliefs about hypnosis, 7–11 yr olds, England, 36036
legal issues in & utility of forensic use of hypnosis to enhance recall, crime witnesses & victims, 1283
legislative status of practice of hypnosis in legal system & admissibility of hypnotic testimony, Australia, conference presentation, 29272
literal responses in hypnotic state, adults, 14488
low vs high hypnotizability with vs without amnesia posthypnotic suggestions, attitudes toward body, female adults, 28383
memory & mnemonic & concentration techniques & meditation & hypnosis as pedagogical practices, art education, 13519
misleading vs objective interrogation under hypnosis, free recall, college students, 10880
monetary reward for resistance, ability to voluntarily resist neutral suggestion, hypnotized college students & staff, 38952
mystical & diabolical experience & absorption & hypnotizability & psychopathology, 17–66 yr old female college students, Canada, 4814
myths of hypnosis in G. Du Maurier's "Trilby" & film, conference presentation, 948
occurrence of temporal vs topographic regression during hypnosis, 24916
passively vs actively worded analgesia suggestions delivered during hypnosis vs normal consciousness state, pain perception, college students, 17935
possibility of lying while in hypnosis, implications for forensic use of hypnosis, 14495
posthypnotic suggestion with vs without relaxation, competitive anxiety & performance, fencers, 10500
posthypnotically induced achievement & self esteem suggestions & hypnotic susceptibility, reading comprehension & vocabulary & speed, college students, 24912
problems with hypnosis in forensic context & evidence law of admissibility, conference presentation, 29268
progressive relaxation vs abdominal breathing vs hypnosis stress management techniques & hypnotic susceptibility, hypnoidal effects, nursing students, clinical implications, 28370
psychoendocrine theory of hypnosis induction, 386
psychophysiologic theory of hypnosis & other contributions to dynamic psychiatry, J. Braid, 9277
psychophysiological correlates, simulated vs real hypnosis, college students, 18181
recall of emotional events while awake vs under hypnosis, EEG density & hemispheric asymmetry, low vs high hypnotizable adult females, 31904
repeated agonistic confrontations, hypnotic effect of pentobarbital, resident & intruder male mice, 28946
scientific validity of & legal issues in use of forensic hypnosis, commentary, 1296
social expectancies & situational demands, hidden O responding under hypnosis with negative visual hallucination suggestions, college students, commentary & commentary reply included, 388
Stroop effect during hypnosis, adults with high vs low hypnotic susceptibility, 10881
structural effectors & chemical mediators & sites of action, elaboration of emotion, implications for hypnosis theory, 31903
suggestions vs instructions under varied attentional focus conditions, involuntary responses & thought content under hypnosis, hypnotic vs nonhypnotic college students, Canada, 7509
testimony by hypnotized witness, decision making, jurors & college student mock jurors, 25782
theoretical & methodological considerations in hypnotically induced mood research, 35411
use of hypnosis or nonhypnotic coercive tactics, alleged coercion for homosexual relations, male military officer & enlisted personnel, 1846
validity of forensic hypnosis, implications for British legal policy, 1266
visual information following suggestion of hypnotic blindness, behavioral responses & experiential reactions during decision task, hypnotizable vs unhypnotizable college students, 17927

Hypnotherapy [See Also Age Regression (Hypnotic)]
clenched fist as hypnobehavioral technique, phobias, 44 yr old male with fear of public speaking & 67 yr old female with fear of cats, case reports, 23155
cognitive behavioral approach to hypnosis, female with multiple personality disorder, 23470
cognitive behavioral treatment with vs without hypnosis, activity & pain intensity, male chronic pain patients, 30151
combined hypnosis & subliminal therapy & paradoxical intention, agoraphobic 27 & 33 yr old females, 27031
comparison of A. L. Lavoisier's epistemological ideal of chemistry to Freud's use of hypnosis & scientific technique in psychoanalysis, 16341
complications & risk factors of clinical & experimental hypnosis & prevention issues, clients with no prior history of similar problems, 1887 to present, literature review, 16672
cultural & emotional factors & preventive use of hypnotherapy, prenatal bonding & communication & prevention of prematurity, 35 & 38 yr old pregnant females, 2577
diagnosis & hypnotic treatment by general practitioner A. Despine, child with multiple personality disorders, 1836, France, 16662
diagnostic & therapeutic & forensic uses of hypnosis, commentaries included, 37585
dissociation in & hypnotic treatment of PTSD, male & female clients, 34131
eclectic hypnotherapeutic legacy of M. H. Erickson, 16665
ethogenic perspective & social factors, hypnotic pain reduction, 16670
ethogenic perspective & social factors, hypnotic pain reduction, commentary, 16679
ethogenic perspective & social factors, hypnotic pain reduction, commentary, 16676
ethogenic perspective & social factors, hypnotic pain reduction, commentary reply, 16671
etiology & diagnosis & hypnosis & relaxation treatment of anxiety neurosis, 31 yr old male & 58 yr old female, 20030
evaluation of effectiveness of hypnotherapy in alcohol rehabilitation, 37929
exclusion therapy with hypnosis & behavioral strategies, smoking cessation, adults, 1 & 3 mo followups, 9882
experiences & effects of & behaviors induced by clinical vs stage hypnosis, college students, 6213
explanation & hypnotic treatment of nail biting, 58 yr old female, case report, 12936
exploration of dreams & hypnoanalysis, relationship with husband, 34 yr old female, 34128
family hypnotherapy model, parents & 18 yr old son, 9595
forensic use of hypnosis for testimony & treatment, witnesses & crime victims, 22252
Gestalt & hypnotic therapies, 36 yr old female with weight control problem, case report, 9599
group hypnosis & instructions of personal control, ischemic pain threshold, college students, Italy, 16661
group hypnosis & psychic surgery, medical patients, Philippines, 16276
hypnoanalysis, emotionally disturbed 36 yr old female, case report, 12935
hypnosis & behavioral self management, weight control, obese females with high vs low hypnotizability, 3 mo followup, implications for experimental methodology, 37196
hypnosis & clinical hypnotherapy articles published in scientific literature, 1966–85, 14490
hypnosis & rational emotive therapy, irrational thinking & stress, high school teachers, 1 yr followup, 40819
hypnosis & self hypnosis, chronic atopic dermatitis & refocus on marital discord, female in early 30s, case report, 2573
hypnosis & systematic desensitization, unhappy love, clients, 5895
hypnosis as diagnostic aid in therapy, 44 yr old female with hysterical aphonia, case report, 2575
hypnosis, compliance with oral hygiene habit, college students, 16668
hypnosis, distress & coping with life threatening illness & medical procedures & surgery & rehabilitation, hospitalized patients, 20219
hypnosis during acute phase of posttraumatic adjustment, 27 yr old male who accidently killed pedestrian, 23478
hypnosis, examination of trigger factors, patients with symptoms of hyperventilation syndrome, 6212
hypnosis, examination stress coping & performance, 18–20 yr old Indian medical students, conference presentation, 30544
hypnosis, female 6 & 9 & 12 yr olds with dental anxiety, case reports, 23477
hypnosis, hypnagogic paramnesia, 28 yr old alcoholic female, case report, 30847
hypnosis in strategic family therapy, 13 yr old male with school phobia & 17 yr old obese female with depression, 2367
hypnosis, pain, burn patients, literature review, 30551
hypnosis, physical trauma & mother child communication in utero, adult female, case report, 30546
hypnosis, smoking cessation & dietary management, adult patients, 1847, 16664
hypnosis, stuttering as genetically predisposed disorder of speech motor control, literature review, 23465
hypnosis vs insight psychotherapy, 32 yr old schizoid male, case report, 30547
hypnosis, 27–62 yr olds with postherpetic neuralgia, case reports, 23466
hypnotherapy & concurrent denture structure, patient with hypersensitive gag reflex, 6211
hypnotherapy, accelerated learning process, conference presentation, 23479
hypnotherapy, acute vs chronic pain reduction, 20028
hypnotherapy, anorexic or bulimic patients, literature review, 20031
hypnotherapy, behavior problems, 10 & 14 yr old students, 41357
hypnotherapy, chemotherapy side effects, 9–64 yr old cancer patients, 12938
hypnotherapy, clients with monosympathetic phobia or complex agoraphobia, 16673
hypnotherapy, female 34 yr old with global amnesia & loss of sense of personal identity, case report, 40817
hypnotherapy, grief, spouses, 20032
hypnotherapy in child psychiatry, 16678
hypnotherapy, irritable bowel syndrome patients, 16681
hypnotherapy, marriage or relationship conflicts or terminal illness or suicide, clients, conference presentation, 23475
hypnotherapy, recovery of left arm function, female 66 yr old stroke patient, 40818
hypnotherapy, symptoms & coping, hospitalized cancer patients & families, 20029
hypnotherapy techniques, PTSD, 28–44 yr olds, 23469
hypnotherapy, vomiting & pain & sleep patterns, 6.5 yr old female with malignant astrocytoma of left brain hemisphere, case report, 30541
hypnotherapy vs trauma desensitization vs psychodynamic therapy, adults with pathological grief following major losses, Netherlands, 5876
hypnotherapy with age regression for treatment of anger, prison inmates, 34422
hypnotherapy, 16 yr old male with Tourette's syndrome, 6 mo followup, case report, 37582
hypnotherapy, 17 yr old female with temporomandibular joint disease, case report, 37583
hypnotherapy, 17–74 yr old females with urinary incontinence due to detrusor instability, 2 yr followup, 16663
hypnotherapy, 20 & 25 & 28 yr old female rape victims with PTSD, 16660
hypnotherapy, 39 yr old female with postpartum psychosis, 6215
hypnotherapy, 44 yr old female with nocturnal lagophthalmos, case report, 37584
hypnotic desensitization, heat adaptation at work site, recovered adult burn victims, 16680

hypnotic eating awareness training, weight control without restrained eating, obese patients, 27029
hypnotic imaginative involvement & behavioral distraction, pain & anxiety & stress during bone marrow aspirations, 3–6 vs 7–10 yr olds with leukemia, 16299
hypnotic intervention, acute pregnancy associated hypertension, 24 yr old female, case report, 30548
hypnotic strategies, patients with organic vs psychogenic low back pain, 2579
hypnotic suggestion, wart regression, 10–74 yr olds, 12937
hypnotic techniques in sex therapy, vaginismus & 22 yr unconsummated marriage, 46 yr old female, case report, 30543
hypnotic techniques, sexual dysfunction & sexual enrichment, 2578
hypnotic trance, alleviation of distress & pain & anxiety during bone marrow aspirations, 3–6.9 yr olds with leukemia, conference presentation, 6217
hypnotic treatment, asthma, 20027
hypnotic treatment, headache frequency & severity, migraine patients, 2572
indirect hypnotic suggestions, insomnia, male 44 yr old with generalized anxiety disorder, case report, 30540
induction defined as hypnosis vs relaxation & Ss' expectations & motivation, hypnotic response, patients with anxiety disorders, 16674
medical hypnoanalysis, personality change, 41 yr old man addicted female, case report, 9600
methods of regulation & role in assuring quality & professional mental health service through hypnotists' associations, executive members, 27416
paradoxical hypnotic intervention, 12 yr old male with school phobia, case report, 9598
permissive vs authoritative style of hypnotic suggestion presentation & locus of control, hypnotic responsiveness, college students, 16677
professional ethics in hypnotherapy, dentists & other medical personnel treating disorders outside their professional domain, 23468
professional ethics in hypnotherapy, dentists & other medical personnel treating disorders outside their professional domain, commentary, 23474
pseudocyesis accidentally induced by hypnosis & continued by autohypnosis & reversed by informal suggestion, 40 yr old male treated by hypnotherapy for smoking cessation, case report, 27028
psychobiosocial intervention including hypnosis & body awareness techniques, threatened premature labor & stress, pregnant females, conference presentation, 23516
psychotherapeutic & hypnotic techniques of M. H. Erickson, clients, 16667
psychotherapeutic needs, clients who claim UFO abduction experiences, implications for hypnotherapy & research, 30539
psychotherapy & hypnotherapy, hospital phobia, 28 yr old female with somatoform & dependent personality disorder, case report, 37304
R. Bandler's theatre techniques of mental imagery & dissociation, 47 yr old female with agoraphobia & 36 yr old male with social phobia & 29 yr old female with simple phobia, case reports, 30550
rapid induction analgesia based hypnotherapy, pain during dressing changes & wound debridement, 22–41 yr olds with severe burns, 30545
rehabilitation model of hypnotherapeutic approach, chronic pain patients, conference presentation, 16666
relaxation & hypnotically guided imagery in therapy, 32 yr old female with vaginismus, case report, 9596
research design & systematic desensitization & hypnosis, performance, 18 yr old amateur boxer, case report, 19690
short term hypnotherapy, 5 yr old female with postvoid urinary dribbling, case report, 27030
similarities & differences in hypnosis vs biofeedback & relaxation & cognitive behavior therapy, headache, literature review, 2580
single session hypnosis, smoking cessation, 21–58 yr old smokers, 4–48 wk followup, 6566
social psychological formulation of pain in hypnotic analgesia, commentary, 23467
social psychological formulation of pain reduction in hypnotic analgesia, commentary, 23476
standardized instruction in hypnosis vs active cognitive strategy, procedurally induced pain & anxiety, 5–18 yr old oncology patients, 30194
suggestive therapy in hypnosis, 60 yr old female with pain complaints, 9601
surrogate signaling & suggestion techniques in analytical hypnotherapy, depressed clients, conference presentation, 23473
techniques used in hypnotherapy, 60–72 yr olds with multiple personality disorder, 6216
theoretical & philosophical basis for & psychoanalytical principles of medical hypnoanalysis, 34130
theoretical rationale & suggestion classification for confusion technique in clinical hypnosis, 30542
theory of hypnosis as function of adaptive regression & transference, psychotic patients, 6218
theory on etiology & cure of schizophrenia, implications for medical hypnoanalysis, 33163
therapeutic imaginary leave-taking ritual under hypnosis, mourning, adult female, 9602
therapeutic suggestions made during general anesthesia, quality & duration of recovery from abdominal hysterectomy, patients, 27050
traditional Chinese massage therapy & clinical hypnotherapy, 23164
unexpected & unwanted & unpleasant aftereffects of hypnotherapy, 34129
unique psychotherapeutic & hypnotherapeutic style of M. H. Erickson, 16669
unique technical maneuvers in M. H. Erickson's hypnotherapeutic style, clients, 16659
use of hypnotic trance strategies in marital therapy, couple with long standing pattern of power struggles, 33933
5 step approach to ego enhancement in hypnotherapy, 37 & 42 & 68 yr olds, 30549

Hypnotic Drugs [See Also Amobarbital, Apomorphine, Barbital, Codeine, Flurazepam, Meprobamate, Methaqualone, Nitrazepam, Pentobarbital, Phenobarbital, Secobarbital, Thiopental, Triazolam]

brotizolam vs nitrazepam, 20–73 yr olds with insomnia, 27026
butoctamide hydrogen succinate vs nitrazepam, psychomotor performance & EEG & standing steadiness, male 19–32 yr olds, 32294
demographic & psychosocial predictors & prevalence of prescribed tranquilizer & hypnotic drug use, adults, UK, 40745
discontinuation of benzodiazepine hypnotics, rebound insomnia, insomniac patients vs poor sleepers vs normal adults, literature review, 34031
experimental design & other factors, effects of antihistamines & hypnotics & other drugs on work performance, 11280
flurazepam vs temazepam vs triazolam, plasma concentration & sedative intensity & performance impairment & memory, healthy 20–45 yr olds, 28861
gamma hydroxybutyrate, visual discrimination performance & EEG activity, rhesus monkeys, 893
hypnotic & anxiolytic drugs, insomnia & anxiety, elderly, literature review, 6158
hypnotic & side effects of sublingual lormetazepam, patients with sleep disorders, 9575
hypnotic benzodiazepines, insomnia, 6166
nonbenzodiazepine hypnotic zolpidem & dosage, sleep patterns & hypnotic activity, 21–35 yr old males, 28916
psychopharmacology of L-tryptophan & relation to serotonin, antidepressant & hypnotic action, literature review, 6119
rapidly eliminated brotizolam or midazolam, REM sleep after induced transient insomnia, healthy male 18–22 yr olds, 28942

sedative or hypnotic abuse, neuropsychological impairment & field dependence & clinical course, 25–67 yr olds, 4–6 yr followup, 40271
triazolam vs temazepam, immediate & delayed recall, insomniac adults, 6189
zipiclone vs nitrazepma, arousal level & muscle strength & psychomotor performance & memory tested 1 day after dosage, male college students, 887

Hypnotic Susceptibility

age & sex & hypnotizability, behavioral treatment outcome, 6–17 yr olds with migraine vs tension vs mixed headaches, 37460
bimodality in distribution of hypnotizability scores & relation to hypnotic types & factor analysis, 28359
Carleton skill training program, hypnotizability, commentary reply, 35422
clinical utility of Phenomenology of Consciousness Inventory, assessment of hypnoidal states during biofeedback, patients with insomnia or headaches, 35173
cognitive skill training, enhanced hypnotizability & responding during trance, college students, 24918
cognitive skill training, hypnotic susceptibility, adults, 9–30 mo followup, 10883
covert right vs left hemisphere mental tasks, bilateral parieto-occipital EEG, high vs low hypnotizable female college students, 616
determination of reality vs suggestion of auditory stimulation, hypnotizable vs simulating college students, 28366
extent of involvement in fantasy related activities in early childhood, hypnotizability, 6–18 yr old cancer patients vs healthy 6–12 yr olds, 26556
fantasy proneness, absorption & hypnotizability, college students, 39978
flotation restricted environmental stimulation technique vs progressive muscle relaxation, enhancement of hypnotizability, adults, 14487
high vs medium hypnotizability, disorganized clustering & posthynotic amnesia, 18–60 yr olds, 28371
hypnosis & behavioral self management, weight control, obese females with high vs low hypnotizability, 3 mo followup, implications for experimental methodology, 37196
hypnosis, experimentally induced pain & distress tolerance & anxiety & endorphin & ACTH level, low vs high hypnotizable adults, 28362
hypnotic alteration of somatosensory perception, amplitude of cortical EPs, high vs low hypnotizable adults, conference presentation, 32053
hypnotic induction & suggestions with vs without E present, behavior, high vs low hypnotizable college students, implications for degree of compliance with experimental demand, 28363
hypnotic induction, attention, low vs medium vs high hypnotic susceptibility college students, conference presentation, 10879
hypnotic instructions, P300 component of cortical EP amplitudes, adults, research & clinical implications, 14704
hypnotic suggestibility, confidence in false perceptions, college students, 10866
hypnotic suggestion vs active or passive participation in motions, imagery generation & involuntariness, highly hypnotic susceptible college students, 7508
hypnotic suggestions & susceptibility, subjective feelings of nonvolition, college students, 24909
hypnotic susceptibility & depth, scoring methods & relaxation vs dissociation vs absorption components of hypnotic depth, college students, 28385
hypnotic susceptibility & presence of visual geometric surrounds, frequency of apparent Necker cube reversals, college students, 21236
hypnotic susceptibility & question format & hypermnesia suggestions, free recall of short movie, college students, replication, 24915
hypnotic susceptibility &/vs imagery ability, recall of pictures, college students, 24910
hypnotic susceptibility directed forgetting during hypnosis vs normal consciousness state vs posthypnotic amnesia suggestion, adults, 17930
hypnotic susceptibility, phenomenological experience, college students, replication, 35416
hypnotic susceptibility, proofreading accuracy, college students, 14413
hypnotic vs cognitive suggestions vs placebo, experimental pain, high vs low hypnotizable 18–33 yr old college students, 38959
hypnotic vs waking instruction preceding exposure to misleading vs nonmisleading information, memory distortion, adults with high vs low hypnotic susceptibility, 28378
hypnotizability & absorption capacity, phenomenological experience intensities during hypnosis, college students, 7511
hypnotizability & exposure to music varying in imaginativeness, degree of description in music & imagery elaboration, college students, 28380
hypnotizability & hypnotic induction, covert self statements generated during persuasive communication, college students, 28367
imagery vividness & attitudes toward hypnosis & receptivity toward training, enhancement of hypnotic susceptibility by cognitive skill training, college students, 28361
induction defined as hypnosis vs relaxation & Ss' expectations & motivation, hypnotic response, patients with anxiety disorders, 16674
internal consistency & test retest reliability of Harvard Group Scale of Hypnotic Susceptibility Form A, college students & 26–64 yr olds, 3 wk vs 8–10 yr followup, Canada, 21090
learning set & type of material & number of list presentations & hypnotic susceptibility, hypnotic amnesia & seriation, college students, 7474
level of autonomy, hypnotic responsiveness & experience, college students, 38957
low vs high hypnotizability with vs without amnesia posthypnotic suggestion, attitudes toward body, female adults, 28383
monetary reward for resistance, ability to voluntarily resist neutral suggestion, hypnotized college students & staff, 38952
Newtonian perspective on measurement of hypnotic susceptibility, 381
permissive vs authoritative style of hypnotic suggestion presentation & locus of control, hypnotic responsiveness, college students, 16677
progressive relaxation vs abdominal breathing vs hypnosis stress management techniques & hypnotic susceptibility, hypnoidal effects, nursing students, clinical implications, 28370
question type & eye movements & hypnotic response, college students, failure to support neurolinguistic programing theory, 35420
recall of emotional events while awake vs under hypnosis, EEG density & hemispheric asymmetry, low vs high hypnotizable adult females, 31904
self predictions & interpretational set & imagery vividness, hypnotizability, college students, Canada, 17932
simulation & compliance & skill training, hypnotizability, commentary, 35414
situation specific attitudes & expectations & interpretation, responsiveness to hypnotizability & relationships between hypnotizability scales, college students, 38958
skill training with vs without faking, hypnotizability, 18–32 yr olds, 35421
social context & hypnotizability, assessment of behavior as goal directed action vs involuntary occurrence, 18–32 yr olds, 35423
stability of hypnotizability, adults, 25 yr followup, 17934
standardized vs individualized approaches, assessment of hypnotizability, college students, Netherlands, 28384
Stroop effect during hypnosis, adults with high vs low hypnotic susceptibility, 10881
suggestion for posthypnotic amnesia, item recall using Stanford Hypnotic Susceptibility Scale, high–low hypnotizable

Ss with vs without hidden O effect & duality in age regression, 387
suggestions vs instructions under varied attentional focus conditions, involuntary responses & thought content under hypnosis, hypnotic vs nonhypnotic college students, Canada, 7509
temperature biofeedback control & hypnotic ability, 8–15 yr olds, 8061
visual information following suggestion of hypnotic blindness, behavioral responses & experiential reactions during decision task, hypnotizable vs unhypnotizable college students, 17927
Hypnotists
methods of regulation & role in assuring quality & professional mental health service through hypnotists' associations, executive members, 27416
Hypochondriasis
assessment of severity of anxiety & depression & somatization & anger/hostility, 24–60 yr olds with hypochondriasis vs family practice vs psychiatric outpatients, 26542
behavioral psychotherapy, hypochondriasis or illness phobia patients, 6109
cognitive & educational therapy, hypochondriasis, 9246
correlates of hypochondriacal traits, adult medical inpatients, 12448
depression & anxiety & somatic symptoms & hypochondriacal attitudes, patients perceived by physicians as hypochondriacal, 9099
diagnosis & drug treatment, patients with monosymptomatic hypochondriacal psychosis, conference presentation, 15747
diagnosis & treatment of somatic symptom delusions & hypochondriacal psychosis, 28 yr old male with chronic renal failure, 19566
differential diagnosis & treatment, AIDS phobia & differentiation from hypochondriasis, 25–41 yr old males, 16410
etiology & treatment of delusional infestation of skin viewed as monosymptomatic hypochondriacal psychosis, conference presentation, 15763
exposure therapy, hypochondriacal concerns, agoraphobic outpatients, Italy, 9442
functional somatic symptoms & hypochondriasis, 19–65 yr old general practice patients, Sweden, 3 yr followup, 19594
hypochondriacal complaints, depressed elderly, 40126
hypochondriacal delusions, psychotic patients, 30 yr followup, 12034
hypochondriasis associated with depression, psychiatric inpatients, Kuwait, 26064
interrelationship of hypochondriacal & paranoid & depressive & suicidal symptoms, hospitalized psychiatric patients, Hong Kong, 15643
paranoid hypochondriacal vs other delusional diagnosis, course & outcome, psychotic patients with delusions, 5–39 yr followup, Norway, 12035
pimozide, monosymptomatic hypochondriacal psychosis, 39 yr old male with AIDS, case report, 30457
psychiatric assessment & cognitive behavioral treatment, patients with hypochondriasis or somatizing disorders referred to psychiatric clinic, 37060
rational emotive therapy, 30 yr old female with hypochondria & panic & depression, 2262
Hypoglycemia
blood sugar level changes, cognitive functioning & emotional states & somatic symptoms, adults with suspected hypoglycemia, 5808
bromocriptine, haloperidol induced hypoglycemia, 78–79 yr old diabetic males, Sweden, 12851
diagnosis & incidence of hypoglycemic delirium, patients attending psychiatric emergency service, 12388
glucose induced hypoglycemia, naloxone induced morphine withdrawal, morphine dependent rats, 18280
hyperinsulinemia vs hypoglycemia vs other factors, sugar induced hyperphagia, humans & animals, conference presentation, 18215
hypoglycemia & unconsciousness, hypoxia induced reversible brain cell damage measured by CSF adenylate kinase, 57 yr old female with insulinoma, case report, 26622
hypoglycemia induced by iv insulin & normalization, P300 cognitive EPs, normal volunteers, 18333
hypoglycemic coma, anorexic 41 yr old female, case report, 23049
insulin induced growth hormone response & magnitude of hypoglycemic response, unipolar or bipolar depressed patients, 5160
life threatening hypoglycemia associated with pneumonia, anorexic 26 & 28 yr old females, conference presentation, 16053
Hypogonadism [See Also Klinefelters Syndrome, Turners Syndrome]
continuous androgen treatment, erotosexual functions, hypergonadotropic vs hypogonadotropic hypogonadal males, 12863
memory & verbal & spatial lateralization & performance, male 17–32 yr olds with congenital idiopathic hypogonadotropic hypogonadism, 26458
Hypomania
ACTH vs prednisone, hypomanic & manic reactions, 20–60 yr old patients with multiple sclerosis, 19989
amitriptyline, hypomania, 36 yr old bisexual male with AIDS, case report, 23399
cerebral anoxia, hypomania & secondary affective disorder, 32 yr old male survivor of cardiac arrest, case report, 26555
hypomania following complex partial seizures, epileptic adult males, case reports, 5580
hypomanic personality disorder, literature review, with 4 commentaries, 11902
inappropriate placement in mental handicap hospital for hypomania at age 15, 66 yr old female, case report, diagnostic implications, 20173
neuroleptic malignant syndrome, male mildly mentally retarded 37 yr old with hypomania & recent hepatitis B infection, case report, 40337
Hypoparathyroidism [See Parathyroid Disorders]
Hypophysectomy
ketaconazole, hypophysectomized psychotically depressed 38 yr old female with hypercortisolemia & hypercortisoluria, case report, 12902
vasopressin analog desmopressin, 24 yr old female Marine sergeant with memory dysfunction following transsphenoidal resection of pituitary adenoma, 30428
Hypophysis Disorders [See Pituitary Disorders]
Hypopituitarism
detection of hypopituitarism following childbirth, 28 yr old female presenting with delirium, case report, India, 9102
Hypotension
amitriptyline dosage, cognitive performance & alertness & hypotension & tachycardia or bradycardia, male 20–40 yr olds, 837
chlorpromazine or thioridazine or trifluoperazine induced hypotension, 27 & 30 & 33 yr olds with postpartum psychosis, case reports, 26932
loxapine & lorazepam, stupor & respiratory rate & hypotension, 23 yr old male & 41 yr old female psychiatric patients, case reports, 33994
management of hypotensive & hypertensive side effects of MAO inhibitors, 26 yr old female with bipolar illness, 2459
single dose mianserin, postural hypotension, 19–37 vs 65–88 yr olds, commentary, 18284
sodium chloride, antidepressant induced orthostatic hypotension, female 18 & 20 & 44 yr old depressed patients, 19970
Hypothalamo Hypophyseal System
abnormalities of hypothalamic pituitary thyroid & hypothalamic pituitary adrenal axis in affective disorders, conference presentation, 40155
ACTH or corticotropin releasing hormone stimulation, cortisol secretion & responsiveness of hypothalamic pituitary adrenocortical axis & limbic system, depressed patients, 40064

administration & withdrawal of psychotropic medication, hypothalamic pituitary adrenal regulation, psychiatric patients, 9547
age, cellular immune status & hypothalamic pituitary axis, 32–67 yr old patients with major depression, 19084
cellular immune status & hypothalamic pituitary axis function, patients with major depression, 15657
DST measurement of hypothalamic pituitary adrenal axis activity, patients with depression & other psychiatric disorders, 19054
hypothalamic pituitary adrenal activation of corticotropin releasing hormone system, patients with panic disorder, 11962
hypothalamic pituitary adrenal axis activity, patients with panic disorder vs experiencing external stress, 11987
hypothalamic pituitary adrenal axis, stress induced ethanol consumption, hypophysectomized vs dexamethasone vs ACTH treated rats, 18226
hypothalamic pituitary adrenocortical axis activity, patients with major depression, 8730
imipramine or clomipramine or desipramine, hypothalamo pituitary adrenocortical activity, male rats, implications for DST diagnosis of affective disorders, 21812
immune cell status & hypothalamic pituitary axis, patients with major depression, 19083
logistic regression analysis, assessment of probability of endogenous depression in relation to hypothalamo pituitary adrenal cortical & thyroid variables, 22–71 yr olds, 26163
mitogen induced lymphocyte stimulation responses & hypothalamic pituitary adrenal axis, female 18–66 yr olds with major depression with or without melancholia vs minor depression, 26049
neonatal isolation, milk production & social dominance & reproductive maturation & socialization to humans & hypothalamo-hypophyseal-adrenal axis function, dairy cattle, 28466
opioid agonists & antagonists & peptides, hypothalamo pituitary adrenal functions & corticotropin & cortisol secretion, patients with depression vs Cushing's disease, literature review, 22498
pathophysiology of hypothalamic pituitary adrenal axis dysfunction, patients with major depression, literature review, 26105
role of hypothalamo-pituitary GABAergic systems in prolactin release, literature review, implications for drug therapy of psychosis, 39074
TRH & LH releasing hormones, LH & FSH & testosterone level responses, patients with major depressive disorder, Sweden, investigation of hypothalamic-pituitary-gonadal axis, 19248
ultrasonography of hypothalamic pituitary gonadal axis, female patients with anorexia nervosa, conference presentation, 30110

Hypothalamus [See Also Hypothalamo Hypophyseal System]
acute vs chronic immobilization stress, beta endorphin levels in anterior vs neurointermediary pituitary vs hypothalamus, castrated male rats with vs without testosterone treatment, 14756
aggression induced by electrical stimulation of hypothalamus, hindlimb & arterial BP, cats, implications for cholinergic muscarinic mechanisms, 18250
alpha & beta & gamma endorphin concentrations in hypothalamic tissue, post mortem schizophrenic patients, 5357
amphetamine injected into lateral hypothalamus, dopamine & norepinephrine & serotonin release & reuptake, rats, conference presentation, 25281
amphetamines & dosage, eating induced by lateral hypothalamic electrical stimulation, male rats, 18307
androstenedione or cholesterol, monoamine levels in hypothalamic & vocal control nuclei & vocalizations, castrated male zebra finches, 18285
animal model of stress, neuroendocrinology, females with functional hypothalamic amenorrhea, 33474
anterior preoptic nucleus lesions, mating call phonotaxis, female toads, 28781
antibody to nerve growth factor injection to cerebral lateral ventricle & estrogen-progesterone, testosterone induced defeminization & lordosis & hypothalamus morphology, ovariectomized rats, 25153
astrocyte density in caudate vs periventricular nucleus, postmortem brains of schizophrenic vs Huntington's chorea patients, 19027
atropine near sexually dimorphic area of hypothalamus, hormonally induced scent marking, castrated male gerbils, 11323
atropine sulphate microinfusion to midbrain central gray region, midbrain & hypothalamus electrical activity & attack behavior, cats, implications for muscarinic receptors, 11205
bicuculline vs picrotoxin microinjection to posterior hypothalamus, cardiorespiratory & locomotor activation, cats, 4506
bilateral lesions in sexually dimorphic nucleus of medial preoptic area, sexual behavior, testosterone treated female rats, 18273
bilateral microinjection of 5-HTP in lateral hypothalamus, response suppression, rats, animal model of depression, 4378
carbachol into anterior hypothalamic/preoptic area, vocalization & emotional aversive response, adult cats, 32166
castration, copulatory behavior & plasma testosterone levels & hypothalamic nuclear estrogen receptors, C57BL/6J vs DBA/2J vs B6D2F1 male mice, 793
cerulein with vs without haloperidol, threshold of hypothalamic defensive attack, cats, 18381
cholinergic agonists carbachol or oxotremorine microinjection into lateral ventricle or preoptic area, sexual behavior, male rats, 25241
cholinergic antagonist scopolamine &/or oxotremorine microinjection into lateral ventricle or preoptic area, sexual behavior, male rats, 25242
clonidine into paraventricular hypothalamus, food intake & carbohydrate preference, male rats with vs without 6-OHDA paraventricular hypothalamus lesions, 18238
continuous presence of pups, development of maternal behavior, inexperienced male vs female rats with lesion between preoptic area & septum, 25171
corticotropin releasing factor in periventricular hypothalamic nucleus, movement & grooming & norepinephrine induced feeding, male rats, 4399
cysteamine vs pantethine dosage, open field locomotion & rearing & grooming & defecation & hypothalamus dopamine & DOPAC & somatostatin induced behaviors, male rats, 39413
depolarization burst into anterior dorsal thalamus following hypothalamic stimulation, pulsatile profile of plasma corticosterone response, pigeons, 14778
dextro-fenfluramine, self stimulation at feeding site in lateral hypothalamus, rats, 39185
dextromphetamine, self stimulation of medial forebrain bundle lateral hypothalamus, male rats, 11298
dual progesterone in medial preoptic area or ventromedial hypothalamus or central gray, sexual receptivity, estrogen-primed female hamsters, 28979
dynorphin A (1–13) dosage to preoptic area with vs without naloxone, water & food intake, male rats, 39393
electrical brain stimulation, hypothalamus electrode locations for induced attack vs social grooming vs teeth chattering, male rats, 7788
electrical brain stimulation, hypothalamus electrode locations for induced locomotion & escape jumps, male rats, 7789
electrical brain stimulation of hypothalamic aggression area, social interaction, male rats, 14776
electrical self stimulation of lateral hypothalamus vs lateral vs medial septal nucleus, leverpressing & acquisition & reversal of spatial discrimination in Y maze, male mice, 21676
electrical stimulation of fastigial nucleus, lateral hypothalamic responses, adult male rats, implications for food intake, 39204

electrical stimulation of hypothalamic areas & associated emotional & open field behavioral reactions, somatosensory EPs, rabbits, 25159
electrical stimulation of hypothalamus "rewarding" areas, habituation to cold, male mice, 35741
electrical stimulation of lateral hypothalamic area, transition frequencies of behavior patterns, isolated lizards, 39205
electrical stimulation of lateral hypothalamus & ventral tegmentum, conduction velocity of medial forebrain bundle fibers mediating brain stimulation reward & stimulation induced feeding, male rats, 777
electrical stimulation of medial preoptic area of hypothalamus, penile responses, male rats, 21677
electrical stimulation of ventromedial hypothalamic nucleus vs medial preoptic area, proceptivity, female monkeys, 7787
electrolytic lesions of ventromedial hypothalamus &/vs paraventricular nucleus, hyperphagia & weight gain, female rats, 11136
estradiol benzoate, lordosis & medial basal hypothalamus cytosol progestin receptor binding, 4 day old male vs female rats, 7942
estrogen synthesis inhibitor & estrogen binding level in hypothalamus, vocal behavior, male zebra finches, 14951
ethanolamine-O-sulfate dosage & hyperosmotic & hypoglycemic challenges, food & water intake & body weight, female rats with bilateral lateral hypothalamus lesions, 35699
food competition, defensive vs testosterone dependent aggression, castrated male rats with medial hypothalamic vs sham lesions vs with testosterone vs sham implants, 11104
food deprivation, circulating glucose levels & paraventricular nucleus alpha 2 noradrenergic receptor sites, rats, conference presentation, 25127
food deprivation, glucose utilization in central amygdala & hypothalamus, lean vs fatty male rats, 25149
frequency of competing stimulus, choice of fixed pulse electrical stimulus of fixed pulse, male rats with central grey & hypothalamic electrodes, 782
GABA agonists, lateral hypothalamic self stimulation effects on reward vs motor performance, male rats, 14806
geniculo hypothalamic tract ablation, circadian wheel running rhythms during continuous illumination, male hamsters, 797
glycolic acid vs glycine vs tryptophan, feed intake & hypothalamic 5-HT & 5-HIAA, chicks, 35880
histamine infusion in suprachiasmatic nucleus, food intake during dark vs light period, male rats, 21761
horizontal vs parasagittal hypothalamic lesions & long vs short photoperiod, estrous cycle & uterus size, female hamsters, 35746
hypothalamic & preoptic neuron discharge during sleep waking changes, cats, conference presentation, 14688
hypothalamic self stimulation, neuronal activity in motor cortex, monkeys, 4269
hypothalamus infusion of scopolamine, sexual receptivity, female rats, 14874
icv histamine H1 vs H2 antagonists, hypothalamic histamine & feeding, rats, conference presentation, 25299
icv hypothalamic growth hormone releasing factor, food intake, male rats, conference presentation, 14945
icv morphine, approach & escape responses induced by lateral hypothalamic stimulation, male mice, 18203
